§ 41743. Airports not receiving sufficient service

(a) **SMALL COMMUNITY AIR SERVICE DEVELOPMENT PILOT PROGRAM.**—The Secretary of Transportation shall establish a pilot program that meets the requirements of this section for improving air carrier service to airports not receiving sufficient air carrier service.

(b) **APPLICATION REQUIRED.**—In order to participate in the program established under subsection (a), a community or consortium of communities shall submit an application to the Secretary in such form, at such time, and containing such information as the Secretary may require, including—

(1) an assessment of the need of the community or consortium for access, or improved access, to the national air transportation system; and

(2) an analysis of the application of the criteria in subsection (c) to that community or consortium.

(c) **CRITERIA FOR PARTICIPATION.**—In selecting communities, or consortia of communities, for participation in the program established under subsection (a), the Secretary shall apply the following criteria:

(1) **SIZE.**—For calendar year 1997, the airport serving the community or consortium was not larger than a small hub airport (as that term is defined in section 41731(a)(5)), and—

(A) had insufficient air carrier service; or
(B) had unreasonably high air fares.

(2) **CHARACTERISTICS.**—The airport presents characteristics, such as geographic diversity or unique circumstances, that will demonstrate the need for, and feasibility of, the program established under subsection (a).

(3) **STATE LIMIT.**—No more than four communities or consortia of communities, or a combination thereof, may be located in the same State.

(4) **OVERALL LIMIT.**—No more than 40 communities or consortia of communities, or a combination thereof, may be selected to participate in the program.

(5) **PRIORITIES.**—The Secretary shall give priority to communities or consortia of communities where—

(A) air fares are higher than the average air fares for all communities;

(B) the community or consortium will provide a portion of the cost of the activity to be assisted under the program from local sources other than airport revenues;

(C) the community or consortium has established, or will establish, a public-private partnership to facilitate air carrier service to the public; and

(D) the assistance will provide material benefits to a broad segment of the travelling public, including business, educational institutions, and other enterprises, whose access to the national air transportation system is limited.

(d) **TYPES OF ASSISTANCE.**—The Secretary may use amounts made available under this section—

(1) to provide assistance to an air carrier to subsidize service to and from an underserved airport for a period not to exceed 3 years;

(2) to provide assistance to an underserved airport to obtain service to and from the underserved airport; and

(3) to provide assistance to an underserved airport to implement such other measures as the Secretary, in consultation with such airport, considers appropriate to improve air service both in terms of the cost of such service to consumers and the availability of such service, including improving air service through marketing and promotion of air service and enhanced utilization of airport facilities.

(e) **AUTHORITY TO MAKE AGREEMENTS.**—

(1) **IN GENERAL.**—The Secretary may make agreements to provide assistance under this section.

(2) **AUTHORIZATION OF APPROPRIATIONS.**—There is authorized to be appropriated to the Secretary \$20,000,000 for fiscal year 2001 and \$27,500,000 for each of fiscal years 2002 and 2003 to carry out this section. Such sums shall remain available until expended.

(f) **ADDITIONAL ACTION.**—Under the pilot program established under subsection (a), the Secretary shall work with air carriers providing

service to participating communities and major air carriers (as defined in section 41716(a)(2)) serving large hub airports (as defined in section 41731(a)(3)) to facilitate joint-fare arrangements consistent with normal industry practice.

(g) DESIGNATION OF RESPONSIBLE OFFICIAL.—The Secretary shall designate an employee of the Department of Transportation—

(1) to function as a facilitator between small communities and air carriers;

(2) to carry out this section;

(3) to ensure that the Bureau of Transportation Statistics collects data on passenger information to assess the service needs of small communities;

(4) to work with and coordinate efforts with other Federal, State, and local agencies to increase the viability of service to small communities and the creation of aviation development zones; and

(5) to provide policy recommendations to the Secretary and Congress that will ensure that small communities have access to quality, affordable air transportation services.

(h) AIR SERVICE DEVELOPMENT ZONE.—The Secretary shall designate an airport in the program as an Air Service Development Zone and work with the community or consortium on means to attract business to the area surrounding the airport, to develop land use options for the area, and provide data, working with the Department of Commerce and other agencies.

(Added Pub. L. 106-181, title II, §203(a), Apr. 5, 2000, 114 Stat. 92.)

§ 41744. Preservation of basic essential air service at single carrier dominated hub airports

(a) IN GENERAL.—If the Secretary of Transportation determines that extraordinary circumstances jeopardize the reliable performance of essential air service under this subchapter from a subsidized essential air service community to and from an essential airport facility, the Secretary may require an air carrier that has more than 60 percent of the total annual enplanements at the essential airport facility to take action to enable another air carrier to provide reliable essential air service to that community. Actions required by the Secretary under this subsection may include interline agreements, ground services, subleasing of gates, and the provision of any other service or facility necessary for the performance of satisfactory essential air service to that community.

(b) ESSENTIAL AIRPORT FACILITY DEFINED.—In this section, the term “essential airport facility” means a large hub airport (as defined in section 41731) in the contiguous 48 States at which one air carrier has more than 60 percent of the total annual enplanements at that airport.

§ 41901. General authority

(a) TITLE 39.—The United States Postal Service may provide for the transportation of mail by aircraft in interstate air transportation under section 5402(d) and (f) of title 39.

(b) AUTHORITY TO PRESCRIBE PRICES.—Except as provided in section 5402 of title 39, on the initiative of the Secretary of Transportation or on petition by the Postal Service or an air carrier, the Secretary shall prescribe and publish—

(1) after notice and an opportunity for a hearing on the record, reasonable prices to be paid by the Postal Service for the transportation of mail by aircraft in foreign air transportation or between places in Alaska, the facilities used in and useful for the transportation of mail, and the services related to the transportation of mail for each carrier holding a certificate that authorizes that transportation;

(2) the methods used, whether by aircraft-mile, pound-mile, weight, space, or a combination of those or other methods, to determine the prices for each air carrier or class of air carriers; and

(3) the effective date of the prices.

(c) OTHER TRANSPORTATION.—In prescribing prices under subsection (b) of this section, the Secretary may include transportation other than by aircraft that is incidental to transportation of mail by aircraft or necessary because of emergency conditions related to aircraft operations.

(d) AUTHORITY TO PRESCRIBE DIFFERENT PRICES.—Considering conditions peculiar to transportation by aircraft and to particular air carriers or classes of air carriers, the Secretary may prescribe different prices under this section for different air carriers or classes of air carriers and for different classes of service. In prescribing a price for a carrier under this section, the Secretary shall consider, among other factors, the following:

(1) the condition that the carrier may hold and operate under a certificate authorizing the transportation of mail only by providing necessary and adequate facilities and service for the transportation of mail.

(2) standards related to the character and quality of service to be provided that are prescribed by or under law.

(e) STATEMENTS ON PRICES.—A petition for prescribing a reasonable price under this section must include a statement of the price the petitioner believes is reasonable.

(f) STATEMENTS ON REQUIRED SERVICES.—The Postal Service shall introduce as part of the record in every proceeding under this section a comprehensive statement of the services to be required of the air carrier and other information the Postal Service has that the Secretary considers material to the proceeding.

HISTORICAL AND REVISION NOTES—CONTINUED
 PUB. L. 103-272, §1(e)

Revised Section	Source (U.S. Code)	Source (Statutes at Large)
	49 App.:1553(c).	Oct. 4, 1984, Pub. L. 98-443, §4(c), 98 Stat. 1705; Sept. 30, 1988, Pub. L. 100-457, §346 (related to §4(c) of Civil Aeronautics Board Sunset Act of 1984), 102 Stat. 2155.

In this section, the word “prescribe” is substituted for “fix and determine” and “fixing and determining” for consistency in the revised title and with other titles of the United States Code. The word “reasonable” is substituted for “fair and reasonable” for consistency in the revised title and to eliminate an unnecessary word. See the revision notes following 49:10101.

Subsection (a) is substituted for 49 App.:1551(b)(1)(D) to make clear that the United States Postal Service derives its authority to provide for the transportation of mail by aircraft in interstate transportation from 39:5402(d) and (f). The text of 49 App.:1376(a) (1st sentence related to non-Alaska interstate and overseas air transportation less words between parentheses) is omitted as superseded by 39:5402(d).

In subsection (b), before clause (1), the words “Except as provided in section 5402 of title 39” are added for clarity. The words “from time to time” in 49 App.:1376(a) are omitted as surplus. The text of 49 App.:1376(a) (2d, last sentences) is omitted as executed. In clauses (1) and (2), the word “prices” is substituted for “rates of compensation” for consistency in this part. In clause (1), the words “an opportunity for a hearing on the record” are substituted for “hearing” for clarity and consistency with subsection (f) of this section. The words “to be paid by the Postal Service” are substituted for “The United States Postal Service shall make payments . . . of so much of the total compensation as is fixed and determined by the Board under this section without regard to clause (3) of subsection (b) of this section” in 49 App.:1376(c) to eliminate unnecessary words because the text of 49 App.:1376(b) (2d sentence words after 2d semicolon) is being omitted. See the revision notes for subsection (d) of this section. The words “out of appropriations for the transportation of mail by aircraft” are omitted as being superseded by chapters 20 and 24 of title 39, United States Code. The text of 49 App.:1376(c) (2d sentence) is omitted as expired because of 49 App.:1376(c) (last sentence). The text of 49 App.:1376(c) (last sentence) is omitted as executed. The words “and to make such rates effective from such date as it shall determine to be proper” in 49 App.:1376(a) are omitted because the power to determine when rates go into effect is included in the power to prescribe rates. The words “transportation of mail by aircraft in foreign air transportation or between places in Alaska” are substituted for “transportation of mail by aircraft” because 49 App.:1551(b)(1)(D) and (E) provides that transportation of mail in interstate or overseas air transportation (except transportation of mail between 2 places in Alaska) is transferred to the jurisdiction of the United States Postal Service leaving the balance of authority under 49 App.:1376(a) with the Secretary of Transportation.

In subsections (c), (d), and (f), reference to service provided by the Postal Service is omitted as obsolete because of 39:5402(d).

In subsection (c), the words “In prescribing prices under subsection (b) of this section, the Secretary” are added for clarity.

In subsection (d), the text of 49 App.:1376(b) (2d sentence words after 2d semicolon, 5th-7th sentences) and (d) is omitted as obsolete because under 49 App.:1376(c) and 1376a, payments by the Board under 49 App.:1376 were terminated. The text of 49 App.:1376(b) (3d, 4th sentences) is omitted as obsolete because it applies only to rates paid for service performed between October 24, 1978, and January 1, 1983. The text of 49 App.:1376(b) (last sentence) is omitted as executed.

Subsection (g) is substituted for 49 App.:1551(b)(3) and 1553(c) because the date on which the authority of the Secretary of Transportation to provide for the transportation of mail by aircraft expires is set out in 39:5402(f). The source provisions of 49 App.:1551(b)(3) providing for the transfer of that authority from the Secretary to the Postal Service are restated in section 5(k) of this bill.

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98-443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 731), as added by section 3(f) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98-443, 98 Stat. 1704). Section 1601(a)(8) provides that the authority under 49 App.:1371(l) and (m) and 1375(b)-(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 41107 and 41901-41903 of the revised title) ceases on January 1, 1999. Section 1601(b)(3) transfers the authority for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in title 39 section 3401.

§ 41902. Schedules for certain transportation of mail

(a) REQUIREMENT.—Except as provided in section 41906 of this title and section 5402 of title 39, an air carrier may transport mail by aircraft in

foreign air transportation or between places in Alaska only under a schedule designated or required to be established under subsection (c) of this section for the transportation of mail.

(b) STATEMENTS ON PLACES AND SCHEDULES.—Every air carrier shall file with the Secretary of Transportation and the United States Postal Service a statement showing—

(1) the places between which the carrier is authorized to provide foreign air transportation;

(2) the places between which the carrier is authorized to transport mail in Alaska;

(3) every schedule of aircraft regularly operated by the carrier between places described in clauses (1) and (2) of this subsection and every change in each schedule; and

(4) for each schedule, the places served by the carrier and the time of arrival at, and departure from, each place.

(c) DESIGNATING AND ADDITIONAL SCHEDULES.—The Postal Service may—

(1) designate any schedule of an air carrier filed under subsection (b)(3) of this section for the transportation of mail between the places between which the carrier is authorized by its certificate to transport mail; and

(2) require the carrier to establish additional schedules for the transportation of mail between those places.

(d) CHANGING SCHEDULES.—A schedule designated or required to be established for the transportation of mail under subsection (c) of this section may be changed only after 10 days' notice of the change is filed as provided in subsection (b)(3) of this section. The Postal Service may disapprove a proposed change in a schedule or amend or modify the schedule or proposed change.

(e) ORDERS.—An order of the Postal Service under this section may become effective only after 10 days after the order is issued. A person adversely affected by the order may appeal the order to the Secretary before the end of the 10-day period under regulations the Secretary prescribes. If the public convenience and necessity require, the Secretary may amend, modify, suspend, or cancel the order. Pending a decision about the order, the Secretary may postpone the effective date of the order.

(f) PROCEEDINGS PREFERENCES.—The Secretary shall give preference to a proceeding under this section over all other proceedings before the Secretary under this subpart.

In this chapter, the word “places” is substituted for “points” for consistency in the revised title. The words “United States Postal Service” and “Postal Service” are substituted for “Postmaster General” in sections 401, 405, and 406 of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 754, 760) because of sections 4(a) and 6(o) of the Postal Reorganization Act (Public Law 91-375, 84 Stat. 773, 783).

In subsection (a), the words “Except as provided in section 41906 of this title and section 5402 of title 39” are added because section 41906 of the revised title and 39:5402 contain exceptions to the provisions restated in this subsection. The words “transport mail by aircraft in foreign air transportation or between places in Alaska” are substituted for “transport mail” because 49 App.:1551(a)(4)(A) provides that 49 App.:1375(b) no longer applies to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska).

In subsection (b), before clause (1), the words “from time to time” are omitted as surplus. Clauses (1) and (2) are substituted for “to engage in air transportation” because 49 App.:1551(a)(4)(A) provides that 49 App.:1375(b) no longer applies to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska). In clause (4), the words “between places described in clauses (1) and (2) of this subsection and every change in each schedule” are substituted for “between such points” for clarity.

In subsection (c)(1), the words “any schedule of an air carrier filed under subsection (b)(3) of this section” are substituted for “any such schedule” for clarity.

In subsection (c)(2), the words “by order” are omitted as surplus.

In subsection (d), the word “alter” is omitted as being included in “amend, or modify”.

In subsection (e), the words “adversely affected” are substituted for “aggrieved” for consistency in the revised title. The words “appeal the order” are substituted for “apply . . . for a review of such order” for consistency in the revised title and with other titles of the United States Code. The words “The Board may review, and” are omitted as surplus. The words “amend, modify” are substituted for “amend, revise” for consistency in the revised title.

Subsection (f) is substituted for 49 App.:1375(b) (8th sentence) to reflect the transfer of functions of the Civil Aeronautics Board to the Secretary of Transportation.

Section 1601(a)(8) provides that the authority under 49 App.:1371(l) and (m) and 1375(b)-(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 41107 and 41901-41903 of the revised title) ceases on January 1, 1999. Section 1601(b)(3) transfers the authority for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.

AMENDMENTS

1999—Subsecs. (a), (b)(2) to (4). Pub. L. 106-31 repealed Pub. L. 103-272, §4(k). See 1994 Amendment notes below.

1994—Subsec. (a). Pub. L. 103-272, §4(k)(1), which directed the amendment of this section by substituting “foreign air transportation” for “foreign air transportation or between places in Alaska”, effective Jan. 1, 1999, was repealed by Pub. L. 106-31, §6003, effective Dec. 31, 1998.

Subsec. (b)(2) to (4). Pub. L. 103-272, §4(k)(3), as amended by Pub. L. 103-429, which directed the amendment of subsec. (b) by redesignating par. (3) as (2) and substituting “clause (1)” for “clauses (1) and (2)”, striking out former par. (2) which read as follows: “the places between which the carrier is authorized to transport mail in Alaska:”, and redesignating par. (4) as (3), effective Jan. 1, 1999, was repealed by Pub. L. 106-31, §6003, effective Dec. 31, 1998.

EFFECTIVE DATE OF 1999 AMENDMENT

Pub. L. 106-31, title VI, §6003, May 21, 1999, 113 Stat. 113, provided that the amendment made by section 6003 is effective Dec. 31, 1998.

EFFECTIVE DATE OF 1994 AMENDMENT

Section 7(a) of Pub. L. 103-429 provided in part that the amendment made by that section is effective July 5, 1994.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 41903 of this title.

§ 41903. Duty to provide certain transportation of mail

(a) AIR CARRIERS.—Subject to subsection (b) of this section, an air carrier authorized by its certificate to transport mail by aircraft in foreign air transportation or between places in Alaska shall—

(1) provide facilities and services necessary and adequate to provide that transportation; and

(2) transport mail between the places authorized in the certificate for transportation of mail when required, and under regulations prescribed, by the United States Postal Service.

(b) MAXIMUM MAIL LOAD.—The Secretary of Transportation may prescribe the maximum mail load for a schedule or for an aircraft or type of aircraft for the transportation of mail by aircraft in foreign air transportation or between places in Alaska. If the Postal Service tenders to an air carrier mail exceeding the maximum load for transportation by the carrier under a schedule designated or required to be established for the transportation of mail under section 41902(c) of this title, the carrier, as nearly in accordance with the schedule as the Secretary decides is possible, shall—

(1) provide facilities sufficient to transport the mail to the extent the Secretary decides the carrier reasonably is able to do so; and

(2) transport that mail.

In subsection (a), before clause (1), the words “Subject to subsection (b) of this section” are added for clarity because subsection (b) limits the effect of this section. The words “transport mail by aircraft in foreign air transportation or between places in Alaska” are substituted for “the transportation of mail” in 49 App.:1371(l) and “the transportation of mail by aircraft” in 49 App.:1375(d) because 49 App.:1551(a)(4)(A) provides that 49 App.:1371(l) and 1375(d) no longer apply to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska). Clause (2) is substituted for “shall transport mail whenever required by the United States Postal Service” in 49 App.:1371(l) and the text of 49 App.:1375(d) for clarity and to eliminate unnecessary words. The text of 49 App.:1371(l) (last sentence) is omitted as surplus because section 41901 of the revised title specifies how the rates of compensation are determined.

In subsection (b), before clause (1), the words “transportation of mail by aircraft in foreign air transportation or between places in Alaska” are added because 49 App.:1551(a)(4)(A) provides that 49 App.:1375(c) no longer applies to interstate or overseas air transportation of mail (except transportation of mail between 2 places in Alaska).

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98-443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 731), as added by section 3(f) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98-443, 98 Stat. 1704). Section 1601(a)(8) provides that the authority under 49 App.:1371(l) and (m) and 1375(b)-(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 41107 and 41901-41903 of the revised title) ceases on January 1, 1999. (a) and (b), effective Jan. 1, 1999, was repealed by Pub. L. 106-31, §6003, effective Dec. 31, 1998.

EFFECTIVE DATE OF 1999 AMENDMENT

Pub. L. 106-31, title VI, §6003, May 21, 1999, 113 Stat. 113, provided that the amendment made by section 6003 is effective Dec. 31, 1998.

§ 41904. Noncitizens transporting mail to or in foreign countries

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 41902 of this title.

§ 41907. Prices for foreign transportation of mail

(a) LIMITATIONS.—When air transportation is provided between the United States and a foreign country both by aircraft owned or operated

by an air carrier holding a certificate under chapter 411 of this title and by aircraft owned or operated by a foreign air carrier, the United States Postal Service may not pay to or for the account of the foreign air carrier a price for transporting mail by aircraft between the United States and the foreign country that the Postal Service believes will result (over a reasonable period determined by the Postal Service considering exchange fluctuations and other factors) in the foreign air carrier receiving a price for transporting the mail that is higher than the price—

(1) the government of a foreign country or foreign postal administration pays to air carriers for transporting mail of the foreign country by aircraft between the foreign country and the United States; or

(2) determined by the Postal Service to be comparable to the price the government of a foreign country or foreign postal administration pays to air carriers for transporting mail of the foreign country by aircraft between the foreign country and an intermediate country on the route of the air carrier between the foreign country and the United States.

(b) CHANGES.—The Secretary of Transportation shall act expeditiously on proposed changes in prices for transporting mail by aircraft in foreign air transportation. When prescribing those prices, the Secretary shall consider—

(1) the prices paid for transportation of mail under the Universal Postal Union Convention as ratified by the United States Government;

(2) the price-making elements used by the Universal Postal Union in prescribing its air-mail prices; and

(3) the competitive disadvantage to United States flag air carriers resulting from foreign air carriers receiving Universal Postal Union prices for transporting United States mail and national origin mail of their own countries.

§ 41908. Prices for transporting mail of foreign countries

(a) PRICE DETERMINATIONS.—The United States Postal Service shall determine the prices that an air carrier holding a certificate that author-

The Postal Service shall put those prices into effect under the postal convention regulating postal relations between the United States and the foreign country or as provided under this section.

(b) CHANGES.—The Postal Service may authorize an air carrier holding a certificate that authorizes foreign air transportation, under limitations the Postal Service prescribes, to change the prices the carrier charges a government of a foreign country or foreign postal administration for transporting mail of the foreign country in the foreign country or between the foreign country and another foreign country.

(c) COLLECTING COMPENSATION.—(1) When an air carrier holding a certificate that authorizes foreign air transportation transports mail of a foreign country—

(A) under an arrangement with a government of a foreign country or foreign postal administration made or approved under this section, the carrier must collect its compensation for the transportation from the foreign country under the arrangement; and

(B) without having an arrangement with a government of a foreign country or foreign postal administration consistent with this section, the compensation collected by the United States Government for the transportation shall be for the account of the air carrier.

(2) An air carrier holding a certificate that authorizes foreign air transportation is not entitled to receive compensation from both a government of a foreign country or foreign postal administration and the United States Government for transporting the same mail of the foreign country.

SUBCHAPTER III—WHISTLEBLOWER PROTECTION PROGRAM

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in section 46301 of this title.

§ 42121. Protection of employees providing air safety information

(a) DISCRIMINATION AGAINST AIRLINE EMPLOYEES.—No air carrier or contractor or subcontractor of an air carrier may discharge an employee or otherwise discriminate against an employee with respect to compensation, terms, conditions, or privileges of employment because the employee (or any person acting pursuant to a request of the employee)—

(1) provided, caused to be provided, or is about to provide (with any knowledge of the employer) or cause to be provided to the employer or Federal Government information relating to any violation or alleged violation of any order, regulation, or standard of the Federal Aviation Administration or any other provision of Federal law relating to air carrier safety under this subtitle or any other law of the United States;

(2) has filed, caused to be filed, or is about to file (with any knowledge of the employer) or cause to be filed a proceeding relating to any violation or alleged violation of any order, regulation, or standard of the Federal Aviation Administration or any other provision of Federal law relating to air carrier safety under this subtitle or any other law of the United States;

(3) testified or is about to testify in such a proceeding; or

(4) assisted or participated or is about to assist or participate in such a proceeding.

(b) DEPARTMENT OF LABOR COMPLAINT PROCEDURE.—

(1) FILING AND NOTIFICATION.—A person who believes that he or she has been discharged or otherwise discriminated against by any person in violation of subsection (a) may, not later than 90 days after the date on which such violation occurs, file (or have any person file on his or her behalf) a complaint with the Secretary of Labor alleging such discharge or discrimination. Upon receipt of such a complaint, the Secretary of Labor shall notify, in writing, the person named in the complaint and the Administrator of the Federal Aviation Administration of the filing of the complaint, of the allegations contained in the complaint, of the substance of evidence supporting the complaint, and of the opportunities that will be afforded to such person under paragraph (2).

(2) INVESTIGATION; PRELIMINARY ORDER.—

(A) IN GENERAL.—Not later than 60 days after the date of receipt of a complaint filed under paragraph (1) and after affording the person named in the complaint an opportunity to submit to the Secretary of Labor a written response to the complaint and an opportunity to meet with a representative of the Secretary to present statements from witnesses, the Secretary of Labor shall conduct an investigation and determine whether there is reasonable cause to believe that the complaint has merit and notify, in writing, the complainant and the person alleged to have committed a violation of subsection (a) of the Secretary’s findings. If the Secretary of Labor concludes that there is a reasonable cause to believe that a violation of subsection (a) has occurred, the Secretary shall accompany the Secretary’s findings with a preliminary order providing the relief prescribed by paragraph (3)(B). Not later than 30 days after the date of notification of findings under this paragraph, either the person alleged to have committed the violation or the complainant may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be conducted expeditiously. If a hearing is not requested in such 30-day period, the preliminary order shall be deemed a final order that is not subject to judicial review.

(B) REQUIREMENTS.—

(i) REQUIRED SHOWING BY COMPLAINANT.—The Secretary of Labor shall dismiss a complaint filed under this subsection and

shall not conduct an investigation otherwise required under subparagraph (A) unless the complainant makes a prima facie showing that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(ii) **SHOWING BY EMPLOYER.**—Notwithstanding a finding by the Secretary that the complainant has made the showing required under clause (i), no investigation otherwise required under subparagraph (A) shall be conducted if the employer demonstrates, by clear and convincing evidence, that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(iii) **CRITERIA FOR DETERMINATION BY SECRETARY.**—The Secretary may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(iv) **PROHIBITION.**—Relief may not be ordered under subparagraph (A) if the employer demonstrates by clear and convincing evidence that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(3) FINAL ORDER.—

(A) **DEADLINE FOR ISSUANCE; SETTLEMENT AGREEMENTS.**—Not later than 120 days after the date of conclusion of a hearing under paragraph (2), the Secretary of Labor shall issue a final order providing the relief prescribed by this paragraph or denying the complaint. At any time before issuance of a final order, a proceeding under this subsection may be terminated on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

(B) **REMEDY.**—If, in response to a complaint filed under paragraph (1), the Secretary of Labor determines that a violation of subsection (a) has occurred, the Secretary of Labor shall order the person who committed such violation to—

(i) take affirmative action to abate the violation;

(ii) reinstate the complainant to his or her former position together with the compensation (including back pay) and restore the terms, conditions, and privileges associated with his or her employment; and

(iii) provide compensatory damages to the complainant.

If such an order is issued under this paragraph, the Secretary of Labor, at the request of the complainant, shall assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses (including attorneys' and expert witness fees) reasonably incurred, as determined by the Secretary of Labor, by

the complainant for, or in connection with, the bringing the complaint upon which the order was issued.

(C) **FRIVOLOUS COMPLAINTS.**—If the Secretary of Labor finds that a complaint under paragraph (1) is frivolous or has been brought in bad faith, the Secretary of Labor may award to the prevailing employer a reasonable attorney's fee not exceeding \$1,000.

(4) REVIEW.—

(A) **APPEAL TO COURT OF APPEALS.**—Any person adversely affected or aggrieved by an order issued under paragraph (3) may obtain review of the order in the United States Court of Appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred or the circuit in which the complainant resided on the date of such violation. The petition for review must be filed not later than 60 days after the date of the issuance of the final order of the Secretary of Labor. Review shall conform to chapter 7 of title 5, United States Code. The commencement of proceedings under this subparagraph shall not, unless ordered by the court, operate as a stay of the order.

(B) **LIMITATION ON COLLATERAL ATTACK.**—An order of the Secretary of Labor with respect to which review could have been obtained under subparagraph (A) shall not be subject to judicial review in any criminal or other civil proceeding.

(5) **ENFORCEMENT OF ORDER BY SECRETARY OF LABOR.**—Whenever any person has failed to comply with an order issued under paragraph (3), the Secretary of Labor may file a civil action in the United States district court for the district in which the violation was found to occur to enforce such order. In actions brought under this paragraph, the district courts shall have jurisdiction to grant all appropriate relief including, but not limited to, injunctive relief and compensatory damages.

(6) ENFORCEMENT OF ORDER BY PARTIES.—

(A) **COMMENCEMENT OF ACTION.**—A person on whose behalf an order was issued under paragraph (3) may commence a civil action against the person to whom such order was issued to require compliance with such order. The appropriate United States district court shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to enforce such order.

(B) **ATTORNEY FEES.**—The court, in issuing any final order under this paragraph, may award costs of litigation (including reasonable attorney and expert witness fees) to any party whenever the court determines such award is appropriate.

(C) **MANDAMUS.**—Any nondiscretionary duty imposed by this section shall be enforceable in a mandamus proceeding brought under section 1361 of title 28, United States Code.

(D) **NONAPPLICABILITY TO DELIBERATE VIOLATIONS.**—Subsection (a) shall not apply with respect to an employee of an air carrier, contractor, or subcontractor who, acting without direction from such air carrier, contractor, or sub-

contractor (or such person’s agent), deliberately causes a violation of any requirement relating to air carrier safety under this subtitle or any other law of the United States.

(e) CONTRACTOR DEFINED.—In this section, the term “contractor” means a company that performs safety-sensitive functions by contract for an air carrier.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 44103, 44105, 44106, 46306 of this title.

§ 44103. Registration of aircraft

(a) GENERAL.—(1) On application of the owner of an aircraft that meets the requirements of section 44102 of this title, the Administrator of the Federal Aviation Administration shall—

- (A) register the aircraft; and
- (B) issue a certificate of registration to its owner.

(2) The Administrator may prescribe the extent to which an aircraft owned by the holder of a dealer’s certificate of registration issued under section 44104(2) of this title also is registered under this section.

(b) CONTROLLED SUBSTANCE VIOLATIONS.—(1) The Administrator may not issue an owner’s certificate of registration under subsection (a)(1) of this section to a person whose certificate is revoked under section 44106 of this title during the 5-year period beginning on the date of the revocation, except—

- (A) as provided in section 44106(e)(2) of this title; or
- (B) that the Administrator may issue the certificate to the person after the one-year period beginning on the date of the revocation if the Administrator decides that the aircraft otherwise meets the requirements of section 44102 of this title and that denial of a certificate for the 5-year period—
 - (i) would be excessive considering the nature of the offense or the act committed and the burden the denial places on the person; or
 - (ii) would not be in the public interest.

(2) A decision of the Administrator under paragraph (1)(B)(i) or (ii) of this subsection is within the discretion of the Administrator. That decision or failure to make a decision is not subject to administrative or judicial review.

(c) CERTIFICATES AS EVIDENCE.—A certificate of registration issued under this section is—

- (1) conclusive evidence of the nationality of an aircraft for international purposes, but not conclusive evidence in a proceeding under the laws of the United States; and

(2) not evidence of ownership of an aircraft in a proceeding in which ownership is or may be in issue.

(d) CERTIFICATES AVAILABLE FOR INSPECTION.—An operator of an aircraft shall make available for inspection a certificate of registration for the aircraft when requested by a United States Government, State, or local law enforcement officer.

The words “when the aircraft no longer meets” are substituted for “for any cause which renders the aircraft ineligible” for consistency.

§ 44106. Revocation of aircraft certificates for controlled substance violations

(a) DEFINITION.—In this section, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) REVOCATIONS.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking the certificate of registration for an aircraft issued to an owner under section 44103 of this title and any other certificate of registration that the owner of the aircraft holds under section 44103, if the Administrator finds that—

(A) the aircraft was used to carry out, or facilitate, an activity that is punishable by death or imprisonment for more than one year under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance); and

(B) the owner of the aircraft permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in clause (A) of this paragraph.

(2) An aircraft owner that is not an individual is deemed to have permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A) of this subsection only if a majority of the individuals who control the owner of the aircraft or who are involved in forming the major policy of the owner permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A).

(c) ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator shall—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator bases the proposed action; and

(2) provide the holder of the certificate an opportunity to answer the charges and state why the certificate should not be revoked.

(d) APPEALS.—(1) A person whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and a hearing on the record. In conducting the hearing, the Board is not bound by the findings of fact of the Administrator.

(2) When a person files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall dispose of the appeal not later than 60 days after notification by the Administrator under this paragraph.

(3) A person substantially affected by an order of the Board under this subsection may seek judicial review of the order under section 46110 of

this title. The Administrator shall be made a party to that judicial proceeding.

(e) ACQUITTAL.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, a certificate of registration under this section on the basis of an activity described in subsection (b)(1)(A) of this section if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked a certificate of registration of a person under this section because of an activity described in subsection (b)(1)(A) of this section, the Administrator shall reissue a certificate to the person if the person—

(A) subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; and

(B) otherwise meets the requirements of section 44102 of this title.

§ 44302. General authority

(a) INSURANCE AND REINSURANCE.—(1) Subject to subsection (b) of this section and section 44305(a) of this title, the Secretary of Transportation may provide insurance and reinsurance against loss or damage arising out of any risk from the operation of an American aircraft or foreign-flag aircraft—

- (B) between at least 2 places, all of which are outside the United States.

(2) An aircraft may be insured or reinsured for not more than its reasonable value as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry. Insurance or reinsurance may be provided only when the Secretary decides that the insurance cannot be obtained on reasonable terms from an insurance carrier.

(b) PRESIDENTIAL APPROVAL.—The Secretary may provide insurance or reinsurance under subsection (a) of this section only with the approval of the President. The President may approve the insurance or reinsurance only after deciding that the continued operation of the American aircraft or foreign-flag aircraft to be insured or reinsured is necessary to carry out the foreign policy of the United States Government.

(c) CONSULTATION.—The President may require the Secretary to consult with interested departments, agencies, and instrumentalities of the Government before providing insurance or reinsurance under this chapter.

(d) ADDITIONAL INSURANCE.—With the approval of the Secretary, a person having an insurable interest in an aircraft may insure with other underwriters in an amount that is more than the amount insured with the Secretary. However, the Secretary may not benefit from the additional insurance. This subsection does not pre-

(4) delegate to the Secretary of Transportation, in consultation with the Secretary of State, the authority vested in me by 49 U.S.C. 44306(b) for purposes of responding to the current crisis in Haiti.

The Secretary of Transportation is directed to bring this determination immediately to the attention of all air carriers within the meaning of 49 U.S.C. 40102(a)(2), and to arrange for its publication in the Federal Register.

HISTORICAL AND REVISION NOTES

Revised Section	Source (U.S. Code)	Source (Statutes at Large)
44303	49 App.:1533.	Aug. 23, 1958, Pub. L. 85-726, §1303, 72 Stat. 801; re-stated Nov. 9, 1977, Pub. L. 95-163, §3, 91 Stat. 1279.

In this section, before clause (1), the words “persons, property, or interest” are omitted as unnecessary. In clause (2), the word “property” is substituted for “Cargoes” and “air cargoes” for consistency in the revised title. In clause (2)(B) and (C), the words “its territories, or possessions” are omitted as unnecessary because of the definition of “United States” in section 40102(a) of the revised title. In clause (2)(C)(i), the word “contract” is substituted for “contracts of sale or purchase”, and the words “putting . . . on” are substituted for “is assumed by or falls upon”, to eliminate unnecessary words. In clause (2)(D), the word “place” is substituted for “point” for consistency in the revised title. In subclause (i), the words “a State or the District of Columbia” are substituted for “the United States” for clarity and consistency because the definition of “United States” in section 40102(a) of the revised title is too broad for the context of the clause. The definition in section 40102(a) includes territories and possession and would therefore overlap with subclauses (ii) and (iii). In subclause (iii), the words “2 places in the same territory or possession of the United States” are substituted for “any point in any such territory or possession and any other point in the same territory or possession” for clarity. In clauses (3) and (4), the word “individuals” is substituted for “persons” as being more appropriate. The words “captains” and “pilots” are omitted as being included in “officers and members of the crew”.

§ 44304. Reinsurance

(a) GENERAL AUTHORITY.—To the extent the Secretary of Transportation is authorized to provide insurance under this chapter, the Secretary may reinsure any part of the insurance provided by an insurance carrier. The Secretary may reinsure with, transfer to, or transfer back to, the carrier any insurance or reinsurance provided by the Secretary under this chapter.

(b) PREMIUM LEVELS.—The Secretary may provide reinsurance at premiums not less than, or obtain reinsurance at premiums not higher than, the premiums the Secretary establishes on similar risks or the premiums the insurance carrier charges for the insurance to be reinsured by the Secretary, whichever is most advantageous to the Secretary. However, the Secretary may make allowances to the insurance carrier for expenses incurred in providing services and facilities that the Secretary considers good business

practice, except for payments by the carrier for the stimulation or solicitation of insurance business.

The words “transfer to, or transfer back to” are substituted for “cede or retrocede to” for clarity.

In subsection (b), the word “same” is omitted as being included in “similar”. The words “on account of the cost of” are omitted as surplus. § 44305. Insuring United States Government property

(a) GENERAL.—With the approval of the President, a department, agency, or instrumentality of the United States Government may obtain—

- (1) insurance under this chapter, including insurance for risks from operating an aircraft in intrastate or interstate air commerce, but not including insurance on valuables subject to sections 1 and 2 of the Government Losses in Shipment Act (40 U.S.C. 721, 722); and
- (2) insurance for risks arising from providing goods or services directly related to and necessary for operating an aircraft covered by insurance obtained under clause (1) of this subsection if the aircraft is operated—

- (A) in carrying out a contract of the department, agency, or instrumentality; or
- (B) to transport military forces or materiel on behalf of the United States under an agreement between the Government and the government of a foreign country.

(b) PREMIUM WAIVERS AND INDEMNIFICATION.—With the approval required under subsection (a) of this section, the Secretary of Transportation may provide the insurance without premium at the request of the Secretary of Defense or the head of a department, agency, or instrumentality designated by the President when the Secretary of Defense or the designated head agrees to indemnify the Secretary of Transportation against all losses covered by the insurance. The Secretary of Defense and any designated head may make indemnity agreements with the Secretary of Transportation under this section. If such an agreement is countersigned by the President or the President’s designee, the agreement shall constitute, for purposes of section 44302(b), a determination that continuation of the aircraft operations to which the agreement applies is necessary to carry out the foreign policy of the United States.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 106, 40119, 44938, 48101 of this title.

§ 44502. General facilities and personnel authority

(a) GENERAL AUTHORITY.—(1) The Administrator of the Federal Aviation Administration may—

(A) acquire, establish, improve, operate, and maintain air navigation facilities; and

(B) provide facilities and personnel to regulate and protect air traffic.

(2) The cost of site preparation work associated with acquiring, establishing, or improving an air navigation facility under paragraph (1)(A) of this subsection shall be charged to amounts available for that purpose appropriated under section 48101(a) of this title. The Secretary of Transportation may make an agreement with an airport owner or sponsor (as defined in section 47102 of this title) so that the owner or sponsor will provide the work and be paid or reimbursed by the Secretary from the appropriated amounts.

(3) The Secretary of Transportation may authorize a department, agency, or instrumentality of the United States Government to carry out any duty or power under this subsection with the consent of the head of the department, agency, or instrumentality.

(4) PURCHASE OF INSTRUMENT LANDING SYSTEM.—

(A) ESTABLISHMENT OF PROGRAM.—The Secretary shall purchase precision approach instrument landing system equipment for installation at airports on an expedited basis.

(B) AUTHORIZATION.—No less than \$30,000,000 of the amounts appropriated under section 48101(a) for each of fiscal years 2000 through 2002 shall be used for the purpose of carrying out this paragraph, including acquisition under new or existing contracts, site preparation work, installation, and related expenditures.

(5) IMPROVEMENTS ON LEASED PROPERTIES.—The Administrator may make improvements to real property leased for no or nominal consideration for an air navigation facility, regardless of whether the cost of making the improvements exceeds the cost of leasing the real property, if—

(A) the improvements primarily benefit the Government;

(B) the improvements are essential for accomplishment of the mission of the Federal Aviation Administration; and

(C) the interest of the United States Government in the improvements is protected.

(b) CERTIFICATION OF NECESSITY.—Except for Government money expended under this part or for a military purpose, Government money may be expended to acquire, establish, construct, operate, repair, alter, or maintain an air navigation facility only if the Administrator of the Federal Aviation Administration certifies in writing that the facility is reasonably necessary for use in air commerce or for the national defense. An interested person may apply for a certificate for a facility to be acquired, established, constructed, operated, repaired, altered, or maintained by or for the person.

(c) ENSURING CONFORMITY WITH PLANS AND POLICIES.—(1) To ensure conformity with plans

and policies for, and allocation of, airspace by the Administrator of the Federal Aviation Administration under section 40103(b)(1) of this title, a military airport, military landing area, or missile or rocket site may be acquired, established, or constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator of the Federal Aviation Administration may advise the appropriate committees of Congress and interested departments, agencies, and instrumentalities of the Government on the effect of the acquisition, establishment, construction, or alteration on the use of airspace by aircraft. A disagreement between the Administrator of the Federal Aviation Administration and the Secretary of Defense or the Administrator of the National Aeronautics and Space Administration may be appealed to the President for a final decision.

(2) To ensure conformity, an airport or landing area not involving the expenditure of Government money may be established or constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator may provide advice on the effects of the establishment, construction, or alteration on the use of airspace by aircraft.

(d) PUBLIC USE AND EMERGENCY ASSISTANCE.—(1) The head of a department, agency, or instrumentality of the Government having jurisdiction over an air navigation facility owned or operated by the Government may provide, under regulations the head of the department, agency, or instrumentality prescribes, for public use of the facility.

(2) The head of a department, agency, or instrumentality of the Government having jurisdiction over an airport or emergency landing field owned or operated by the Government may provide, under regulations the head of the department, agency, or instrumentality prescribes, for assistance, and the sale of fuel, oil, equipment, and supplies, to an aircraft, but only when necessary, because of an emergency, to allow the aircraft to continue to the nearest airport operated by private enterprise. The head of the department, agency, or instrumentality shall provide for the assistance and sale at the prevailing local fair market value as determined by the head of the department, agency, or instrumentality. An amount that the head decides is equal to the cost of the assistance provided and the fuel, oil, equipment, and supplies sold shall be credited to the appropriation from which the cost was paid. The balance shall be credited to miscellaneous receipts.

(e) TRANSFERS OF INSTRUMENT LANDING SYSTEMS.—An airport may transfer, without consideration, to the Administrator of the Federal Aviation Administration an instrument landing system (and associated approach lighting equipment and runway visual range equipment) that conforms to performance specifications of the Administrator if a Government airport aid program, airport development aid program, or airport improvement project grant was used to assist in purchasing the system. The Administrator shall accept the system and operate and maintain it under criteria of the Administrator.

Pub. L. 103-260, title IV, §401, May 26, 1994, 108 Stat. 702, provided that:

“(a) IN GENERAL.—Notwithstanding the termination of the personnel demonstration project for certain Federal Aviation Administration employees on June 17, 1994, pursuant to section 4703 of title 5, United States Code, the Federal Aviation Administration, subject to subsection (d), shall continue to pay quarterly retention allowance payments in accordance with subsection (b) to those employees who are entitled to quarterly retention allowance payments under the demonstration project as of June 16, 1994.

“(b) COMPUTATION RULES.—

“(1) IN GENERAL.—The amount of each quarterly retention allowance payment to which an employee is entitled under subsection (a) shall be the amount of the last quarterly retention allowance payment paid to such employee under the personnel demonstration project prior to June 17, 1994, reduced by that portion of the amount of any increase in the employee’s annual rate of basic pay subsequent to June 17, 1994, from any source, which is allocable to the quarter for which the allowance is to be paid (or, if applicable, to that portion of the quarter for which the allowance is to be paid). “(1) the amount of such allowance is reduced to zero under subsection (b), or

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 44701, 44711, 45302, 45304, 46310, 47531 of this title.

§ 44703. Airman certificates

(a) GENERAL.—The Administrator of the Federal Aviation Administration shall issue an airman certificate to an individual when the Administrator finds, after investigation, that the individual is qualified for, and physically able to perform the duties related to, the position to be authorized by the certificate.

(b) CONTENTS.—(1) An airman certificate shall—

(A) be numbered and recorded by the Administrator of the Federal Aviation Administration;

(B) contain the name, address, and description of the individual to whom the certificate is issued;

(C) contain terms the Administrator decides are necessary to ensure safety in air commerce, including terms on the duration of the certificate, periodic or special examinations, and tests of physical fitness;

(D) specify the capacity in which the holder of the certificate may serve as an airman with respect to an aircraft; and

(E) designate the class the certificate covers.

(2) A certificate issued to a pilot serving in scheduled air transportation shall have the designation “airline transport pilot” of the appropriate class.

(c) PUBLIC INFORMATION.—

(1) IN GENERAL.—Subject to paragraph (2) and notwithstanding any other provision of law, the information contained in the records of contents of any airman certificate issued under this section that is limited to an air-

man’s name, address, and ratings held shall be made available to the public after the 120th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century.

(2) OPPORTUNITY TO WITHHOLD INFORMATION.—Before making any information concerning an airman available to the public under paragraph (1), the airman shall be given an opportunity to elect that the information not be made available to the public.

(3) DEVELOPMENT AND IMPLEMENTATION OF PROGRAM.—Not later than 60 days after the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, the Administrator shall develop and implement, in cooperation with representatives of the aviation industry, a one-time written notification to airmen to set forth the implications of making information concerning an airman available to the public under paragraph (1) and to carry out paragraph (2). The Administrator shall also provide such written notification to each individual who becomes an airman after such date of enactment.

(d) APPEALS.—(1) An individual whose application for the issuance or renewal of an airman certificate has been denied may appeal the denial to the National Transportation Safety Board, except if the individual holds a certificate that—

(A) is suspended at the time of denial; or

(B) was revoked within one year from the date of the denial.

(2) The Board shall conduct a hearing on the appeal at a place convenient to the place of residence or employment of the applicant. The Board is not bound by findings of fact of the Administrator of the Federal Aviation Administration but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law. At the end of the hearing, the Board shall decide whether the individual meets the applicable regulations and standards. The Administrator is bound by that decision.

(e) RESTRICTIONS AND PROHIBITIONS.—The Administrator of the Federal Aviation Administration may—

(1) restrict or prohibit issuing an airman certificate to an alien; or

(2) make issuing the certificate to an alien dependent on a reciprocal agreement with the government of a foreign country.

(f) CONTROLLED SUBSTANCE VIOLATIONS.—The Administrator of the Federal Aviation Administration may not issue an airman certificate to an individual whose certificate is revoked under section 44710 of this title except—

(1) when the Administrator decides that issuing the certificate will facilitate law enforcement efforts; and

(2) as provided in section 44710(e)(2) of this title.

(g) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration

shall make modifications in the system for issuing airman certificates necessary to make the system more effective in serving the needs of pilots and officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)). The modifications shall ensure positive and verifiable identification of each individual applying for or holding a certificate and shall address at least each of the following deficiencies in, and abuses of, the existing system:

(A) the use of fictitious names and addresses by applicants for those certificates.

(B) the use of stolen or fraudulent identification in applying for those certificates.

(C) the use by an applicant of a post office box or "mail drop" as a return address to evade identification of the applicant's address.

(D) the use of counterfeit and stolen airman certificates by pilots.

(E) the absence of information about physical characteristics of holders of those certificates.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

§ 44704. Type certificates, production certificates, and airworthiness certificates

(a) TYPE CERTIFICATES.—(1) The Administrator of the Federal Aviation Administration shall issue a type certificate for an aircraft, aircraft engine, or propeller, or for an appliance specified under paragraph (2)(A) of this subsection when the Administrator finds that the aircraft, aircraft engine, propeller, or appliance is properly designed and manufactured, performs properly, and meets the regulations and minimum standards prescribed under section 44701(a) of this title. On receiving an application for a type certificate, the Administrator shall investigate the application and may conduct a hearing. The Administrator shall make, or require the applicant to make, tests the Administrator considers necessary in the interest of safety.

(2) The Administrator may—

(A) specify in regulations those appliances that reasonably require a type certificate in the interest of safety;

(B) include in a type certificate terms required in the interest of safety; and

(C) record on the certificate a numerical specification of the essential factors related to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.

(b) SUPPLEMENTAL TYPE CERTIFICATES.—

(1) ISSUANCE.—The Administrator may issue a type certificate designated as a supplemental type certificate for a change to an aircraft, aircraft engine, propeller, or appliance.

(2) CONTENTS.—A supplemental type certificate issued under paragraph (1) shall consist of the change to the aircraft, aircraft engine, propeller, or appliance with respect to the previously issued type certificate for the aircraft, aircraft engine, propeller, or appliance.

(3) REQUIREMENT.—If the holder of a supplemental type certificate agrees to permit another person to use the certificate to modify an aircraft, aircraft engine, propeller, or appliance, the holder shall provide the other person with written evidence, in a form acceptable to the Administrator, of that agreement. A person may change an aircraft, aircraft engine, propeller, or appliance based on a supple-

(c) PRODUCTION CERTIFICATES.—The Administrator shall issue a production certificate authorizing the production of a duplicate of an aircraft, aircraft engine, propeller, or appliance for which a type certificate has been issued when the Administrator finds the duplicate will conform to the certificate. On receiving an application, the Administrator shall inspect, and may require testing of, a duplicate to ensure that it conforms to the requirements of the certificate. The Administrator may include in a production certificate terms required in the interest of safety.

(d) AIRWORTHINESS CERTIFICATES.—(1) The registered owner of an aircraft may apply to the Administrator for an airworthiness certificate for the aircraft. The Administrator shall issue an airworthiness certificate when the Administrator finds that the aircraft conforms to its type certificate and, after inspection, is in condition for safe operation. The Administrator shall register each airworthiness certificate and may include appropriate information in the certificate. The certificate number or other individual designation the Administrator requires shall be displayed on the aircraft. The Administrator may include in an airworthiness certificate terms required in the interest of safety.

(2) A person applying for the issuance or renewal of an airworthiness certificate for an aircraft for which ownership has not been recorded under section 44107 or 44110 of this title must submit with the application information related to the ownership of the aircraft the Administrator decides is necessary to identify each person having a property interest in the aircraft and the kind and extent of the interest.

§ 44709. Amendments, modifications, suspensions, and revocations of certificates

(a) REINSPECTION AND REEXAMINATION.—The Administrator of the Federal Aviation Administration may reinspect at any time a civil aircraft, aircraft engine, propeller, appliance, air navigation facility, or air agency, or reexamine an airman holding a certificate issued under section 44703 of this title.

(b) ACTIONS OF THE ADMINISTRATOR.—The Administrator may issue an order amending, modifying, suspending, or revoking—

(1) any part of a certificate issued under this chapter if—

(A) the Administrator decides after conducting a reinspection, reexamination, or other investigation that safety in air commerce or air transportation and the public interest require that action; or

(B) the holder of the certificate has violated an aircraft noise or sonic boom standard or regulation prescribed under section 44715(a) of this title; and

(2) an airman certificate when the holder of the certificate is convicted of violating section 13(a) of the Fish and Wildlife Act of 1956 (16 U.S.C. 742j–1(a)).

(c) ADVICE TO CERTIFICATE HOLDERS AND OPPORTUNITY TO ANSWER.—Before acting under subsection (b) of this section, the Administrator shall advise the holder of the certificate of the

charges or other reasons on which the Administrator relies for the proposed action. Except in an emergency, the Administrator shall provide the holder an opportunity to answer the charges and be heard why the certificate should not be amended, modified, suspended, or revoked.

(d) APPEALS.—(1) A person adversely affected by an order of the Administrator under this section may appeal the order to the National Transportation Safety Board. After notice and an opportunity for a hearing, the Board may amend, modify, or reverse the order when the Board finds—

(A) if the order was issued under subsection (b)(1)(A) of this section, that safety in air commerce or air transportation and the public interest do not require affirmation of the order; or

(B) if the order was issued under subsection (b)(1)(B) of this section—

(i) that control or abatement of aircraft noise or sonic boom and the public health and welfare do not require affirmation of the order; or

(ii) the order, as it is related to a violation of aircraft noise or sonic boom standards and regulations, is not consistent with safety in air commerce or air transportation.

(2) The Board may modify a suspension or revocation of a certificate to imposition of a civil penalty.

(3) When conducting a hearing under this subsection, the Board is not bound by findings of fact of the Administrator but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law.

(e) EFFECTIVENESS OF ORDERS PENDING APPEAL.—

(1) IN GENERAL.—When a person files an appeal with the Board under subsection (d), the order of the Administrator is stayed.

(2) EXCEPTION.—Notwithstanding paragraph (1), the order of the Administrator is effective immediately if the Administrator advises the Board that an emergency exists and safety in air commerce or air transportation requires the order to be effective immediately.

(3) REVIEW OF EMERGENCY ORDER.—A person affected by the immediate effectiveness of the Administrator's order under paragraph (2) may petition for a review by the Board, under procedures promulgated by the Board, of the Administrator's determination that an emergency exists. Any such review shall be requested not later than 48 hours after the order is received by the person. If the Board finds that an emergency does not exist that requires the immediate application of the order in the interest of safety in air commerce or air transportation, the order shall be stayed, notwithstanding paragraph (2). The Board shall dispose of a review request under this paragraph not later than 5 days after the date on which the request is filed.

(4) FINAL DISPOSITION.—The Board shall make a final disposition of an appeal under

subsection (d) not later than 60 days after the date on which the appeal is filed.

(f) JUDICIAL REVIEW.—A person substantially affected by an order of the Board under this section, or the Administrator when the Administrator decides that an order of the Board under this section will have a significant adverse impact on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

(A) an aircraft was used to commit, or facilitate the commission of, the offense; and

(B) the individual served as an airman, or was on the aircraft, in connection with committing, or facilitating the commission of, the offense.

(2) The Administrator shall issue an order revoking an airman certificate issued an individual under section 44703 of this title if the Administrator finds that—

(A) the individual knowingly carried out an activity punishable, under a law of the United

States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), by death or imprisonment for more than one year;

(B) an aircraft was used to carry out or facilitate the activity; and

(C) the individual served as an airman, or was on the aircraft, in connection with carrying out, or facilitating the carrying out of, the activity.

(3) The Administrator has no authority under paragraph (1) of this subsection to review whether an airman violated a law of the United States or a State related to a controlled substance.

(c) ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator must—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator relies for the proposed revocation; and

(2) provide the holder of the certificate an opportunity to answer the charges and be heard why the certificate should not be revoked.

(d) APPEALS.—(1) An individual whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and an opportunity for a hearing on the record. When conducting the hearing, the Board is not bound by findings of fact of the Administrator but shall be bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law.

(2) When an individual files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall make a final disposition of the appeal not later than 60 days after the Administrator so advises the Board.

(3) An individual substantially affected by an order of the Board under this subsection, or the Administrator when the Administrator decides that an order of the Board will have a significant adverse effect on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

(e) ACQUITTAL.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, an airman certificate under subsection (b)(2) of this section on the basis of an activity described in subsection (b)(2)(A) if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked an airman certificate under this section because of an activity described in subsection (b)(2)(A) of this section, the Administrator shall reissue a certificate to the individual if—

(A) the individual otherwise satisfies the requirements for a certificate under section 44703 of this title; and

(B)(i) the individual subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; or

(ii) the conviction on which a revocation under subsection (b)(1) of this section is based is reversed.

(f) **WAIVERS.**—The Administrator may waive the requirement of subsection (b) of this section that an airman certificate of an individual be revoked if—

(1) a law enforcement official of the United States Government or of a State requests a waiver; and

(2) the Administrator decides that the waiver will facilitate law enforcement efforts.

§ 44713. Inspection and maintenance

(a) GENERAL EQUIPMENT REQUIREMENTS.—An air carrier shall make, or cause to be made, any inspection, repair, or maintenance of equipment used in air transportation as required by this part or regulations prescribed or orders issued by the Administrator of the Federal Aviation Administration under this part. A person operating, inspecting, repairing, or maintaining the equipment shall comply with those requirements, regulations, and orders.

(b) DUTIES OF INSPECTORS.—The Administrator of the Federal Aviation Administration shall employ inspectors who shall—

(1) inspect aircraft, aircraft engines, propellers, and appliances designed for use in air transportation, during manufacture and when in use by an air carrier in air transportation, to enable the Administrator to decide whether the aircraft, aircraft engines, propellers, or appliances are in safe condition and maintained properly; and

(2) advise and cooperate with the air carrier during that inspection and maintenance.

(c) UNSAFE AIRCRAFT, ENGINES, PROPELLERS, AND APPLIANCES.—When an inspector decides that an aircraft, aircraft engine, propeller, or appliance is not in condition for safe operation, the inspector shall notify the air carrier in the form and way prescribed by the Administrator of the Federal Aviation Administration. For 5 days after the carrier is notified, the aircraft, engine, propeller, or appliance may not be used in air transportation or in a way that endangers air transportation unless the Administrator or the inspector decides the aircraft, engine, propeller, or appliance is in condition for safe operation.

(d) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for processing forms for major repairs or alterations to fuel tanks and fuel systems of aircraft not used to provide air transportation that are necessary to make the system more effective in serving the needs of users of the system, including officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)). The modifications shall address at least each of the following deficiencies in, and abuses of, the existing system:

(B) the excessive period of time required to receive the forms at the Airmen and Aircraft Registry of the Administration.

(C) the backlog of forms waiting for processing at the Registry.

(D) the lack of ready access by law enforcement officials to information contained on the forms.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

(e) AUTOMATED SURVEILLANCE TARGETING SYSTEMS.—

(2) DEADLINES FOR DEPLOYMENT.—

(A) INITIAL PHASE.—The initial phase of the operational deployment of the system developed under this subsection shall begin not later than December 31, 1997.

(B) FINAL PHASE.—The final phase of field deployment of the system developed under this subsection shall begin not later than December 31, 1999. By that date, all principal operations and maintenance inspectors of the Administration, and appropriate supervisors and analysts of the Administration shall have been provided access to the necessary information and resources to carry out the system.

(3) INTEGRATION OF INFORMATION.—In developing the system under this section, the Administration shall consider the near-term in-

This section is referred to in sections 44701, 44711, 45302, 46310, 47531 of this title.

§ 44715. Controlling aircraft noise and sonic boom

(a) STANDARDS AND REGULATIONS.—(1)(A) To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration, as he deems necessary, shall prescribe—

(i) standards to measure aircraft noise and sonic boom; and

(ii) regulations to control and abate aircraft noise and sonic boom.

(B) The Administrator, as the Administrator deems appropriate, shall provide for the participation of a representative of the Environmental Protection Agency on such advisory committees or associated working groups that advise the Administrator on matters related to the environmental effects of aircraft and aircraft engines.

(2) The Administrator of the Federal Aviation Administration may prescribe standards and regulations under this subsection only after consulting with the Administrator of the Environmental Protection Agency. The standards and regulations shall be applied when issuing, amending, modifying, suspending, or revoking a certificate authorized under this chapter.

(3) An original type certificate may be issued under section 44704(a) of this title for an aircraft for which substantial noise abatement can be achieved only after the Administrator of the Federal Aviation Administration prescribes standards and regulations under this section that apply to that aircraft.

(b) CONSIDERATIONS AND CONSULTATION.—When prescribing a standard or regulation under this section, the Administrator of the Federal Aviation Administration shall—

(1) consider relevant information related to aircraft noise and sonic boom;

(2) consult with appropriate departments, agencies, and instrumentalities of the United States Government and State and interstate authorities;

(3) consider whether the standard or regulation is consistent with the highest degree of safety in air transportation or air commerce in the public interest;

(4) consider whether the standard or regulation is economically reasonable, technologically practicable, and appropriate for the applicable aircraft, aircraft engine, appliance, or certificate; and

(5) consider the extent to which the standard or regulation will carry out the purposes of this section.

(c) PROPOSED REGULATIONS OF ADMINISTRATOR OF ENVIRONMENTAL PROTECTION AGENCY.—The Administrator of the Environmental Protection Agency shall submit to the Administrator of the Federal Aviation Administration proposed regulations to control and abate aircraft noise and sonic boom (including control and abatement through the use of the authority of the Administrator of the Federal Aviation Administration) that the Administrator of the Environmental Protection Agency considers necessary to protect the public health and welfare. The Administrator of the Federal Aviation Administration shall consider those proposed regulations and shall publish them in a notice of proposed regulations not later than 30 days after they are received. Not later than 60 days after publication, the Administrator of the Federal Aviation Administration shall begin a hearing at which interested persons are given an opportunity for oral and written presentations. Not later than 90 days after the hearing is completed and after consulting with the Administrator of the Environmental Protection Agency, the Administrator of the Federal Aviation Administration shall—

(1) prescribe regulations as provided by this section—

(A) substantially the same as the proposed regulations submitted by the Administrator of the Environmental Protection Agency; or

(B) that amend the proposed regulations; or

(2) publish in the Federal Register—

(A) a notice that no regulation is being prescribed in response to the proposed regulations of the Administrator of the Environmental Protection Agency;

(B) a detailed analysis of, and response to, all information the Administrator of the Environmental Protection Agency submitted with the proposed regulations; and

(C) a detailed explanation of why no regulation is being prescribed.

(d) CONSULTATION AND REPORTS.—(1) If the Administrator of the Environmental Protection Agency believes that the action of the Administrator of the Federal Aviation Administration

under subsection (c)(1)(B) or (2) of this section does not protect the public health and welfare from aircraft noise or sonic boom, consistent with the considerations in subsection (b) of this section, the Administrator of the Environmental Protection Agency shall consult with the Administrator of the Federal Aviation Administration and may request a report on the advisability of prescribing the regulation as originally proposed. The request, including a detailed statement of the information on which the request is based, shall be published in the Federal Register.

(2) The Administrator of the Federal Aviation Administration shall report to the Administrator of the Environmental Protection Agency within the time, if any, specified in the request. However, the time specified must be at least 90 days after the date of the request. The report shall—

(A) be accompanied by a detailed statement of the findings of the Administrator of the Federal Aviation Administration and the reasons for the findings;

(B) identify any statement related to an action under subsection (c) of this section filed under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C));

(C) specify whether and where that statement is available for public inspection; and

(D) be published in the Federal Register unless the request proposes specific action by the Administrator of the Federal Aviation Administration and the report indicates that action will be taken.

(e) SUPPLEMENTAL REPORTS.—The Administrator of the Environmental Protection Agency may request the Administrator of the Federal Aviation Administration to file a supplemental report if the report under subsection (d) of this section indicates that the proposed regulations under subsection (c) of this section, for which a statement under section 102(2)(C) of the Act (42 U.S.C. 4332(2)(C)) is not required, should not be prescribed. The supplemental report shall be published in the Federal Register within the time the Administrator of the Environmental Protection Agency specifies. However, the time specified must be at least 90 days after the date of the request. The supplemental report shall contain a comparison of the environmental effects, including those that cannot be avoided, of the action of the Administrator of the Federal Aviation Administration and the proposed regulations of the Administrator of the Environmental Protection Agency.

(f) EXEMPTIONS.—An exemption from a standard or regulation prescribed under this section may be granted only if, before granting the exemption, the Administrator of the Federal Aviation Administration consults with the Administrator of the Environmental Protection Agency. However, if the Administrator of the Federal Aviation Administration finds that safety in air transportation or air commerce requires an exemption before the Administrator of the Environmental Protection Agency can be consulted, the exemption may be granted. The Administrator of the Federal Aviation Administration shall consult with the Administrator of the En-

vironmental Protection Agency as soon as practicable after the exemption is granted.

(1) read as follows: “To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration shall prescribe—

“(A) standards to measure aircraft noise and sonic boom; and

“(B) regulations to control and abate aircraft noise and sonic boom.”

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104-264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 44701, 44709, 44711, 45302, 46310, 47531 of this title; title 42 sections 4903, 4911, 4913, 4915.

§ 44716. Collision avoidance systems

(a) DEVELOPMENT AND CERTIFICATION.—The Administrator of the Federal Aviation Administration shall—

(1) complete the development of the collision avoidance system known as TCAS-II so that TCAS-II can operate under visual and instrument flight rules and can be upgraded to the performance standards applicable to the collision avoidance system known as TCAS-III;

(2) develop and carry out a schedule for developing and certifying TCAS-II that will result in certification not later than June 30, 1989; and

(3) submit to Congress monthly reports on the progress being made in developing and certifying TCAS-II.

(b) INSTALLATION AND OPERATION.—The Administrator shall require by regulation that, not later than 30 months after the date certification is made under subsection (a)(2) of this section, TCAS-II be installed and operated on each civil aircraft that has a maximum passenger capacity of at least 31 seats and is used to provide air transportation of passengers, including intrastate air transportation of passengers. The Administrator may extend the deadline in this subsection for not more than 2 years if the Administrator finds the extension is necessary to promote—

(1) a safe and orderly transition to the operation of a fleet of civil aircraft described in this subsection equipped with TCAS-II; or

(2) other safety objectives.

(c) OPERATIONAL EVALUATION.—Not later than December 30, 1990, the Administrator shall es-

tablish a one-year program to collect and assess safety and operational information from civil aircraft equipped with TCAS-II for the operational evaluation of TCAS-II. The Administrator shall encourage foreign air carriers that operate civil aircraft equipped with TCAS-II to participate in the program.

(d) AMENDING SCHEDULE FOR WINDSHEAR EQUIPMENT.—The Administrator shall consider the feasibility and desirability of amending the schedule for installing airborne low-altitude windshear equipment to make the schedule compatible with the schedule for installing TCAS-II.

(e) DEADLINE FOR DEVELOPMENT AND CERTIFICATION.—(1) The Administrator shall complete developing and certifying TCAS-III as soon as possible.

(2) Necessary amounts may be appropriated from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to carry out this subsection.

(f) INSTALLING AND USING TRANSPONDERS.—The Administrator shall prescribe regulations requiring that, not later than December 30, 1990, operating transponders with automatic altitude reporting capability be installed and used for aircraft operating in designated terminal airspace where radar service is provided for separation of aircraft. The Administrator may provide for access to that airspace (except terminal control areas and airport radar service areas) by nonequipped aircraft if the Administrator finds the access will not interfere with the normal traffic flow.

(g) CARGO COLLISION AVOIDANCE SYSTEMS.—

(1) IN GENERAL.—The Administrator shall require by regulation that, no later than December 31, 2002, collision avoidance equipment be installed on each cargo aircraft with a maximum certificated takeoff weight in excess of 15,000 kilograms.

(2) EXTENSION OF DEADLINE.—The Administrator may extend the deadline established by paragraph (1) by not more than 2 years if the Administrator finds that the extension is needed to promote—

(A) a safe and orderly transition to the operation of a fleet of cargo aircraft equipped with collision avoidance equipment; or

(B) other safety or public interest objectives.

(3) COLLISION AVOIDANCE EQUIPMENT DEFINED.—In this subsection, the term “collision avoidance equipment” means equipment that provides protection from mid-air collisions using technology that provides—

(A) cockpit-based collision detection and conflict resolution guidance, including display of traffic; and

(B) a margin of safety of at least the same level as provided by the collision avoidance system known as TCAS-II.

§ 44717. Aging aircraft

(a) INSPECTIONS AND REVIEWS.—The Administrator of the Federal Aviation Administration shall prescribe regulations that ensure the continuing airworthiness of aging aircraft. The regulations prescribed under subsection (a) of this section—

(1) at least shall require the Administrator to make inspections, and review the maintenance and other records, of each aircraft an air carrier uses to provide air transportation that the Administrator decides may be necessary to enable the Administrator to decide whether the aircraft is in safe condition and maintained properly for operation in air transportation;

(2) at least shall require an air carrier to demonstrate to the Administrator, as part of the inspection, that maintenance of the aircraft’s age-sensitive parts and components has been adequate and timely enough to ensure the highest degree of safety;

(3) shall require the air carrier to make available to the Administrator the aircraft and any records about the aircraft that the Administrator requires to carry out a review; and

(4) shall establish procedures to be followed in carrying out an inspection.

(b) WHEN AND HOW INSPECTIONS AND REVIEWS SHALL BE CARRIED OUT.—(1) Inspections and reviews required under subsection (a)(1) of this section shall be carried out as part of each heavy maintenance check of the aircraft conducted after the 14th year in which the aircraft has been in service.

(2) a program—

(A) to provide inspectors and engineers of the Administration with training necessary to conduct auditing inspections of aircraft operated by air carriers for corrosion and metal fatigue; and

(B) to enhance participation of those inspectors and engineers in those inspections; and

(3) a program to ensure that air carriers demonstrate to the Administrator their commitment and technical competence to ensure the airworthiness of aircraft that the carriers operate.

(d) FOREIGN AIR TRANSPORTATION.—(1) The Administrator shall take all possible steps to encourage governments of foreign countries and relevant international organizations to develop standards and requirements for inspections and reviews that—

(A) will ensure the continuing airworthiness of aging aircraft used by foreign air carriers to provide foreign air transportation to and from the United States; and

(B) will provide passengers of those foreign air carriers with the same level of safety that will be provided passengers of air carriers by carrying out this section.

(2) Not later than September 30, 1994, the Administrator shall report to Congress on carrying out this subsection.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 106, 46301 of this title.

§ 44718. Structures interfering with air commerce

(a) NOTICE.—By regulation or by order when necessary, the Secretary of Transportation shall require a person to give adequate public notice, in the form and way the Secretary prescribes, of the construction, alteration, establishment, or expansion, or the proposed construction, alteration, establishment, or expansion, of a structure or sanitary landfill when the notice will promote—

- (1) safety in air commerce; and
- (2) the efficient use and preservation of the navigable airspace and of airport traffic capacity at public-use airports.

(b) STUDIES.—(1) Under regulations prescribed by the Secretary, if the Secretary decides that constructing or altering a structure may result in an obstruction of the navigable airspace or an interference with air navigation facilities and equipment or the navigable airspace, the Secretary shall conduct an aeronautical study to decide the extent of any adverse impact on the safe and efficient use of the airspace, facilities, or equipment. In conducting the study, the Secretary shall consider factors relevant to the efficient and effective use of the navigable airspace, including—

(A) the impact on arrival, departure, and en route procedures for aircraft operating under visual flight rules;

(B) the impact on arrival, departure, and en route procedures for aircraft operating under instrument flight rules;

(C) the impact on existing public-use airports and aeronautical facilities;

(D) the impact on planned public-use airports and aeronautical facilities; and

(E) the cumulative impact resulting from the proposed construction or alteration of a structure when combined with the impact of other existing or proposed structures.

(2) On completing the study, the Secretary shall issue a report disclosing completely the extent of the adverse impact on the safe and efficient use of the navigable airspace that the Secretary finds will result from constructing or altering the structure.

(c) BROADCAST APPLICATIONS AND TOWER STUDIES.—In carrying out laws related to a broadcast application and conducting an aeronautical study related to broadcast towers, the Administrator of the Federal Aviation Administration

and the Federal Communications Commission shall take action necessary to coordinate efficiently—

(1) the receipt and consideration of, and action on, the application; and

(2) the completion of any associated aeronautical study.

(d) LIMITATION ON CONSTRUCTION OF LANDFILLS.—

(1) IN GENERAL.—No person shall construct or establish a municipal solid waste landfill (as defined in section 258.2 of title 40, Code of Federal Regulations, as in effect on the date of the enactment of this subsection) that receives putrescible waste (as defined in section 257.3-8 of such title) within 6 miles of a public airport that has received grants under chapter 471 and is primarily served by general aviation aircraft and regularly scheduled flights of aircraft designed for 60 passengers or less unless the State aviation agency of the State in which the airport is located requests that the Administrator of the Federal Aviation Administration exempt the landfill from the application of this subsection and the Administrator determines that such exemption would have no adverse impact on aviation safety.

(2) LIMITATION ON APPLICABILITY.—Paragraph (1) shall not apply in the State of Alaska and shall not apply to the construction, establishment, expansion, or modification of, or to any other activity undertaken with respect to, a municipal solid waste landfill if the construction or establishment of the landfill was commenced on or before the date of the enactment of this subsection.

AMENDMENTS

2000—Subsec. (d). Pub. L. 106-181 amended heading and text of subsec. (d) generally. Prior to amendment, text read as follows: “For the purposes of enhancing aviation safety, in a case in which 2 landfills have been proposed to be constructed or established within 6 miles of a commercial service airport with fewer than 50,000 enplanements per year, no person shall construct or establish either landfill if an official of the Federal

Aviation Administration has stated in writing within the 3-year period ending on the date of the enactment of this subsection that 1 of the landfills would be incompatible with aircraft operations at the airport, unless the landfill is already active on such date of enactment or the airport operator agrees to the construction or establishment of the landfill.”

1996—Subsec. (d), Pub. L. 104-264 added subsec. (d).

EFFECTIVE DATE OF 2000 AMENDMENT

Amendment by Pub. L. 106-181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106-181, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104-264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. LANDFILLS INTERFERING WITH AIR COMMERCE

Pub. L. 106-181, title V, §503(a), Apr. 5, 2000, 114 Stat. 133, provided that: “Congress finds that—

“(1) collisions between aircraft and birds have resulted in fatal accidents;

“(2) bird strikes pose a special danger to smaller aircraft;

“(3) landfills near airports pose a potential hazard to aircraft operating there because they attract birds;

“(4) even if the landfill is not located in the approach path of the airport’s runway, it still poses a hazard because of the birds’ ability to fly away from the landfill and into the path of oncoming planes;

“(5) while certain mileage limits have the potential to be arbitrary, keeping landfills at least 6 miles away from an airport, especially an airport served by small planes, is an appropriate minimum requirement for aviation safety; and

“(6) closure of existing landfills (due to concerns about aviation safety) should be avoided because of the likely disruption to those who use and depend on such landfills.”

§ 44719. Standards for navigational aids

The Secretary of Transportation shall prescribe regulations on standards for installing navigational aids, including airport control towers. For each type of facility, the regulations shall consider at a minimum traffic density (number of aircraft operations without consideration of aircraft size), terrain and other obstacles to navigation, weather characteristics, passengers served, and potential aircraft operating efficiencies.

(b) PROMOTING SAFETY AND EFFICIENCY.—To promote safety and efficiency in air navigation to the highest possible degree, the Secretary shall—

(1) observe, measure, investigate, and study atmospheric phenomena, and maintain meteorological stations and offices, that are necessary or best suited for finding out in advance information about probable weather conditions;

(2) provide reports to the Administrator to persons engaged in civil aeronautics that are designated by the Administrator and to other persons designated by the Secretary in a way and with a frequency that best will result in safety in, and facilitating, air navigation;

(3) cooperate with persons engaged in air commerce in meteorological services, maintain reciprocal arrangements with those persons in carrying out this clause, and collect and distribute weather reports available from aircraft in flight;

(4) maintain and coordinate international exchanges of meteorological information required for the safety and efficiency of air navigation;

(5) in cooperation with other departments, agencies, and instrumentalities of the United States Government, meteorological services of foreign countries, and persons engaged in air commerce, participate in developing an international basic meteorological reporting network, including the establishment, operation, and maintenance of reporting stations on the high seas, in polar regions, and in foreign countries;

(6) coordinate meteorological requirements in the United States to maintain standard observations, to promote efficient use of facilities, and to avoid duplication of services unless the duplication tends to promote the safety and efficiency of air navigation; and

(7) promote and develop meteorological science and foster and support research projects in meteorology through the use of private and governmental research facilities and provide for publishing the results of the projects unless publication would not be in the public interest.

§ 44721. Aeronautical charts and related products and services

(a) PUBLICATION.—

(1) IN GENERAL.—The Administrator of the Federal Aviation Administration may arrange for the publication of aeronautical maps and charts necessary for the safe and efficient movement of aircraft in air navigation, using the facilities and assistance of departments, agencies, and instrumentalities of the United States Government as far as practicable.

(2) NAVIGATION ROUTES.—In carrying out paragraph (1), the Administrator shall update and arrange for the publication of clearly defined routes for navigating through a complex terminal airspace area and to and from an airport located in such an area, if the Administrator decides that publication of the routes would promote safety in air navigation. The routes shall be developed in consultation with pilots and other users of affected airports and shall be for the optional use of pilots operating under visual flight rules.

(b) INDEMNIFICATION.—The Government shall make an agreement to indemnify any person that publishes a map or chart for use in aeronautics from any part of a claim arising out of the depiction by the person on the map or chart of a defective or deficient flight procedure or airway if the flight procedure or airway was—

(1) prescribed by the Administrator;

(2) depicted accurately on the map or chart; and

(3) not obviously defective or deficient.

(c) AUTHORITY OF OFFICE OF AERONAUTICAL CHARTING AND CARTOGRAPHY.—Effective October 1, 2000, the Administrator is vested with and shall exercise the functions, powers, and duties of the Secretary of Commerce and other officers of the Department of Commerce that relate to the Office of Aeronautical Charting and Cartography to provide aeronautical charts and related products and services for the safe and efficient navigation of air commerce, under the following authorities:

(1) Sections 1 through 9 of the Act entitled “An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes”, approved August 6, 1947,¹ (33 U.S.C. 883a-883h).

(2) Section 6082 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (33 U.S.C. 883j).

(d) AUTHORITY.—In order that full public benefit may be derived from the dissemination of data resulting from activities under this section and of related data from other sources, the Administrator may—

(1) develop, process, disseminate and publish digital and analog data, information, compilations, and reports;

(2) compile, print, and disseminate aeronautical charts and related products and services of the United States and its territories and possessions;

(3) compile, print, and disseminate aeronautical charts and related products and services covering international airspace as are required primarily by United States civil aviation; and

(4) compile, print, and disseminate nonaeronautical navigational, transportation or public-safety-related products and services when in the best interests of the Government.

(e) CONTRACTS, COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.—

(1) CONTRACTS.—The Administrator is authorized to contract with qualified organizations for the performance of any part of the authorized functions of the Office of Aeronautical Charting and Cartography when the Administrator deems such procedure to be in the public interest and will not compromise public safety.

(2) COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.—The Administrator is authorized to enter into cooperative agreements, grants, reimbursable agreements, memoranda of understanding and other agreements, with a State, subdivision of a State, Federal agency, public or private organization, or individual, to carry out the purposes of this section.

(f) SPECIAL SERVICES AND PRODUCTS.—

(1) IN GENERAL.—The Administrator is authorized, at the request of a State, subdivision of a State, Federal agency, public or private organization, or individual, to conduct special services, including making special studies, or developing special publications or products on matters relating to navigation, transportation, or public safety.

¹ So in original. The comma probably should not appear.

(2) FEES.—The Administrator shall assess a fee for any special service provided under paragraph (1). A fee shall be not more than the actual or estimated full cost of the service. A fee may be reduced or waived for research organizations, educational organizations, or non-profit organizations, when the Administrator determines that reduction or waiver of the fee is in the best interest of the Government by furthering public safety.

(g) SALE AND DISSEMINATION OF AERONAUTICAL PRODUCTS.—

(1) IN GENERAL.—Aeronautical products created or maintained under the authority of this section shall be sold at prices established annually by the Administrator consistent with the following:

(A) MAXIMUM PRICE.—Subject to subparagraph (B), the price of an aeronautical product sold to the public shall be not more than necessary to recover all costs attributable to: (i) data base management and processing; (ii) compilation; (iii) printing or other types of reproduction; and (iv) dissemination of the product.

(B) ADJUSTMENT OF PRICE.—The Administrator shall adjust the price of an aeronautical product and service sold to the public as necessary to avoid any adverse impact on aviation safety attributable to the price specified under this paragraph.

(C) COSTS ATTRIBUTABLE TO ACQUISITION OF AERONAUTICAL DATA.—A price established under this paragraph may not include costs attributable to the acquisition of aeronautical data.

(D) CONTINUATION OF PRICES.—The price of any product created under subsection (d) may correspond to the price of a comparable product produced by a department of the United States Government as that price was in effect on September 30, 2000, and may remain in effect until modified by regulation under section 9701 of title 31, United States Code.

(2) PUBLICATION OF PRICES.—The Administrator shall publish annually the prices at which aeronautical products are sold to the public.

(3) DISTRIBUTION.—The Administrator may distribute aeronautical products and provide aeronautical services—

(A) without charge to each foreign government or international organization with which the Administrator or a Federal department or agency has an agreement for exchange of these products or services without cost;

(B) at prices the Administrator establishes, to the departments and officers of the United States requiring them for official use; and

(C) at reduced or no charge where, in the judgment of the Administrator, furnishing the aeronautical product or service to a recipient is a reasonable exchange for voluntary contribution of information by the recipient to the activities under this section.

(4) FEES.—The fees provided for in this subsection are for the purpose of reimbursing the

Government for the costs of creating, printing and disseminating aeronautical products and services under this section. The collection of fees authorized by this section does not alter or expand any duty or liability of the Government under existing law for the performance of functions for which fees are collected, nor does the collection of fees constitute an express or implied undertaking by the Government to perform any activity in a certain manner.

(5) CREDITING AMOUNTS RECEIVED.—Notwithstanding any other provision of law, amounts received for the sale of products created and services performed under this section shall be fully credited to the account of the Federal Aviation Administration that funded the provision of the products or services and shall remain available until expended.

(b) REVOCATION OF AIRMEN CERTIFICATES.—The Administrator shall issue an order revoking a certificate issued to an airman under section 44703 of this title if the Administrator finds that while acting as a pilot in command of an aircraft, the airman has permitted another individual to manipulate the controls of the aircraft in violation of subsection (a).

§ 44725. Life-limited aircraft parts

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require the safe disposition of life-limited parts removed from an aircraft. (1) The part may be segregated under circumstances that preclude its installation on an aircraft.

(2) The part may be permanently marked to indicate its used life status.

(3) The part may be destroyed in any manner calculated to prevent reinstallation in an aircraft.

(4) The part may be marked, if practicable, to include the recordation of hours, cycles, or other airworthiness information. If the parts are marked with cycles or hours of usage, that information must be updated every time the part is removed from service or when the part is retired from service.

(5) Any other method approved by the Administrator.

§ 44726. Denial and revocation of certificate for counterfeit parts violations

(a) DENIAL OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in paragraph (2) of this subsection and subsection (e)(2), the Administrator of the Federal Aviation Administration may not issue a certificate under this chapter to any person—

(A) convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) subject to a controlling or ownership interest of an individual convicted of such a violation.

(2) EXCEPTION.—Notwithstanding paragraph (1), the Administrator may issue a certificate under this chapter to a person described in paragraph (1) if issuance of the certificate will facilitate law enforcement efforts.

(b) REVOCATION OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in subsections (f) and (g), the Administrator shall issue an order revoking a certificate issued under this chapter if the Administrator finds that the holder of the certificate or an individual who has a controlling or ownership interest in the holder—

(A) was convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) knowingly, and with the intent to defraud, carried out or facilitated an activity punishable under a law described in paragraph (1)(A).

(2) NO AUTHORITY TO REVIEW VIOLATION.—In carrying out paragraph (1), the Administrator may not review whether a person violated a law described in paragraph (1)(A).

(c) NOTICE REQUIREMENT.—Before the Administrator revokes a certificate under subsection (b), the Administrator shall—

(B)(i) the former holder or the individual referred to in subsection (b)(1), is acquitted of all charges related to the violation on which the revocation was based; or

(ii) the conviction of the former holder or such individual of the violation on which the revocation was based is reversed.

(f) WAIVER.—The Administrator may waive revocation of a certificate under subsection (b) if—

(1) a law enforcement official of the United States Government requests a waiver; and

(2) the waiver will facilitate law enforcement efforts.

(g) AMENDMENT OF CERTIFICATE.—If the holder of a certificate issued under this chapter is other than an individual and the Administrator finds that—

(1) an individual who had a controlling or ownership interest in the holder committed a violation of a law for the violation of which a certificate may be revoked under this section or knowingly, and with intent to defraud, carried out or facilitated an activity punishable under such a law; and

(2) the holder satisfies the requirements for the certificate without regard to that individual,

then the Administrator may amend the certificate to impose a limitation that the certificate will not be valid if that individual has a controlling or ownership interest in the holder. A decision by the Administrator under this subsection is not reviewable by the Board.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 46301, 46316 of this title.

§ 44903. Air transportation security

(a) DEFINITION.—In this section, "law enforcement personnel" means individuals—

- (1) authorized to carry and use firearms;
- (2) vested with the degree of the police power of arrest the Administrator of the Federal Aviation Administration considers necessary to carry out this section; and
- (3) identifiable by appropriate indicia of authority.

(b) PROTECTION AGAINST VIOLENCE AND PIRACY.—The Administrator shall prescribe regulations to protect passengers and property on an aircraft operating in air transportation or intrastate air transportation against an act of criminal violence or aircraft piracy. When prescribing a regulation under this subsection, the Administrator shall—

- (1) consult with the Secretary of Transportation, the Attorney General, the heads of other departments, agencies, and instrumentalities of the United States Government, and State and local authorities;
- (2) consider whether a proposed regulation is consistent with—
 - (A) protecting passengers; and
 - (B) the public interest in promoting air transportation and intrastate air transportation;
- (3) to the maximum extent practicable, require a uniform procedure for searching and detaining passengers and property to ensure—
 - (A) their safety; and
 - (B) courteous and efficient treatment by an air carrier, an agent or employee of an air carrier, and Government, State, and local law enforcement personnel carrying out this section; and

(4) consider the extent to which a proposed regulation will carry out this section.

(c) SECURITY PROGRAMS.—(1) The Administrator shall prescribe regulations under subsection (b) of this section that require each operator of an airport regularly serving an air carrier holding a certificate issued by the Secretary of Transportation to establish an air transportation security program that provides a law enforcement presence and capability at each of those airports that is adequate to ensure the safety of passengers. The regulations shall authorize the operator to use the services of qualified State, local, and private law enforcement personnel. When the Administrator decides, after being notified by an operator in the form the Administrator prescribes, that not enough qualified State, local, and private law enforcement personnel are available to carry out subsection (b), the Administrator may authorize the operator to use, on a reimbursable basis, personnel employed by the Administrator, or by another department, agency, or instrumentality of the Government with the consent of the head of the department, agency, or instrumentality, to supplement State, local, and private law enforcement personnel. When deciding whether additional personnel are needed, the Administrator shall consider the number of passengers boarded at the airport, the extent of anticipated risk of criminal violence or aircraft piracy at the airport or to the air carrier aircraft operations at the airport, and the availability of qualified State or local law enforcement personnel at the airport.

(2)(A) The Administrator may approve a security program of an airport operator, or an amendment in an existing program, that incorporates a security program of an airport tenant (except an air carrier separately complying with part 108 or 129 of title 14, Code of Federal Regulations) having access to a secured area of the airport, if the program or amendment incorporates—

(i) the measures the tenant will use, within the tenant's leased areas or areas designated for the tenant's exclusive use under an agreement with the airport operator, to carry out the security requirements imposed by the Administrator on the airport operator under the access control system requirements of section 107.14 of title 14, Code of Federal Regulations, or under other requirements of part 107 of title 14; and

(ii) the methods the airport operator will use to monitor and audit the tenant's compliance with the security requirements and provides that the tenant will be required to pay monetary penalties to the airport operator if the tenant fails to carry out a security requirement under a contractual provision or requirement imposed by the airport operator.

(B) If the Administrator approves a program or amendment described in subparagraph (A) of this paragraph, the airport operator may not be found to be in violation of a requirement of this subsection or subsection (b) of this section when the airport operator demonstrates that the tenant or an employee, permittee, or invitee of the tenant is responsible for the violation and that

the airport operator has complied with all measures in its security program for securing compliance with its security program by the tenant.

(C) MANUAL PROCESS.—

(i) IN GENERAL.—The Administrator shall issue an amendment to air carrier security programs to require a manual process, at explosive detection system screen locations in airports where explosive detection equipment is underutilized, which will augment the Computer Assisted Passenger Prescreening System by randomly selecting additional checked bags for screening so that a minimum number of bags, as prescribed by the Administrator, are examined.

(ii) LIMITATION ON STATUTORY CONSTRUCTION.—Clause (i) shall not be construed to limit the ability of the Administrator to impose additional security measures on an air carrier or a foreign air carrier when a specific threat warrants such additional measures.

(iii) MAXIMUM USE OF EXPLOSIVE DETECTION EQUIPMENT.—In prescribing the minimum number of bags to be examined under clause (i), the Administrator shall seek to maximize the use of the explosive detection equipment.

(d) AUTHORIZING INDIVIDUALS TO CARRY FIREARMS AND MAKE ARRESTS.—With the approval of the Attorney General and the Secretary of State, the Secretary of Transportation may authorize an individual who carries out air transportation security duties—

(1) to carry firearms; and

(2) to make arrests without warrant for an offense against the United States committed in the presence of the individual or for a felony under the laws of the United States, if the individual reasonably believes the individual to be arrested has committed or is committing a felony.

(e) EXCLUSIVE RESPONSIBILITY OVER PASSENGER SAFETY.—The Administrator has the exclusive responsibility to direct law enforcement activity related to the safety of passengers on an aircraft involved in an offense under section 46502 of this title from the moment all external doors of the aircraft are closed following boarding until those doors are opened to allow passengers to leave the aircraft. When requested by the Administrator, other departments, agencies, and instrumentalities of the Government shall provide assistance necessary to carry out this subsection.

(f) GOVERNMENT AND INDUSTRY CONSORTIA.—The Administrator may establish at airports such consortia of government and aviation industry representatives as the Administrator may designate to provide advice on matters related to aviation security and safety. Such consortia shall not be considered Federal advisory committees for purposes of the Federal Advisory Committee Act (5 U.S.C. App.).

(g) IMPROVEMENT OF SECURED-AREA ACCESS CONTROL.—

(1) ENFORCEMENT.—

(A) ADMINISTRATOR TO PUBLISH SANCTIONS.—The Administrator shall publish in the Federal Register a list of sanctions for use as guidelines in the discipline of employees for infractions of airport access control

requirements. The guidelines shall incorporate a progressive disciplinary approach that relates proposed sanctions to the severity or recurring nature of the infraction and shall include measures such as remedial training, suspension from security-related duties, suspension from all duties without pay, and termination of employment.

(B) USE OF SANCTIONS.—Each airport operator, air carrier, and security screening company shall include the list of sanctions published by the Administrator in its security program. The security program shall include a process for taking prompt disciplinary action against an employee who commits an infraction of airport access control requirements.

(2) IMPROVEMENTS.—The Administrator shall—

(A) work with airport operators and air carriers to implement and strengthen existing controls to eliminate airport access control weaknesses by January 31, 2001;

(B) require airport operators and air carriers to develop and implement comprehensive and recurring training programs that teach employees their roles in airport security, the importance of their participation, how their performance will be evaluated, and what action will be taken if they fail to perform;

(C) require airport operators and air carriers to develop and implement programs that foster and reward compliance with airport access control requirements and discourage and penalize noncompliance in accordance with guidelines issued by the Administrator to measure employee compliance;

(D) assess and test for compliance with access control requirements, report findings, and assess penalties or take other appropriate enforcement actions when noncompliance is found;

(E) improve and better administer the Administrator's security database to ensure its efficiency, reliability, and usefulness for identification of systemic problems and allocation of resources;

(F) improve the execution of the Administrator's quality control program by January 31, 2001; and

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 106, 44914, 46301, 46316 of this title.

§ 44905. Information about threats to civil aviation

(a) PROVIDING INFORMATION.—Under guidelines the Secretary of Transportation prescribes, an air carrier, airport operator, ticket agent, or individual employed by an air carrier, airport operator, or ticket agent, receiving information (except a communication directed by the United States Government) about a threat to civil aviation shall provide the information promptly to the Secretary.

§ 44906. Foreign air carrier security programs

The Administrator of the Federal Aviation Administration shall continue in effect the requirement of section 129.25 of title 14, Code of Federal Regulations, that a foreign air carrier must adopt and use a security program approved by the Administrator. § 44907. Security standards at foreign airports

(a) ASSESSMENT.—(1) At intervals the Secretary of Transportation considers necessary, the Secretary shall assess the effectiveness of the security measures maintained at—

- (A) a foreign airport—
 - (i) served by an air carrier;
 - (ii) from which a foreign air carrier serves the United States; or
 - (iii) that poses a high risk of introducing danger to international air travel; and
- (B) other foreign airports the Secretary considers appropriate.

(2) The Secretary of Transportation shall conduct an assessment under paragraph (1) of this subsection—

- (A) in consultation with appropriate aeronautic authorities of the government of a foreign country concerned and each air carrier serving the foreign airport for which the Secretary is conducting the assessment;

(B) to establish the extent to which a foreign airport effectively maintains and carries out security measures; and

(C) by using a standard that will result in an analysis of the security measures at the airport based at least on the standards and appropriate recommended practices contained in Annex 17 to the Convention on International Civil Aviation in effect on the date of the assessment.

(3) Each report to Congress required under section 44938(b) of this title shall contain a summary of the assessments conducted under this subsection.

(b) CONSULTATION.—In carrying out subsection (a) of this section, the Secretary of Transportation shall consult with the Secretary of State—

(1) on the terrorist threat that exists in each country; and

(2) to establish which foreign airports are not under the de facto control of the government of the foreign country in which they are located and pose a high risk of introducing danger to international air travel.

(c) NOTIFYING FOREIGN AUTHORITIES.—When the Secretary of Transportation, after conducting an assessment under subsection (a) of this section, decides that an airport does not maintain and carry out effective security measures, the Secretary of Transportation, after advising the Secretary of State, shall notify the appropriate authorities of the government of the foreign country of the decision and recommend the steps necessary to bring the security measures in use at the airport up to the standard used by the Secretary of Transportation in making the assessment.

(d) ACTIONS WHEN AIRPORTS NOT MAINTAINING AND CARRYING OUT EFFECTIVE SECURITY MEASURES.—(1) When the Secretary of Transportation decides under this section that an airport does not maintain and carry out effective security measures—

(A) the Secretary of Transportation shall—

(i) publish the identity of the airport in the Federal Register;

(ii) have the identity of the airport posted and displayed prominently at all United States airports at which scheduled air carrier operations are provided regularly; and

(iii) notify the news media of the identity of the airport;

(B) each air carrier and foreign air carrier providing transportation between the United States and the airport shall provide written notice of the decision, on or with the ticket, to each passenger buying a ticket for transportation between the United States and the airport;

(C) notwithstanding section 40105(b) of this title, the Secretary of Transportation, after consulting with the appropriate aeronautic authorities of the foreign country concerned and each air carrier serving the airport and with the approval of the Secretary of State, may withhold, revoke, or prescribe conditions on the operating authority of an air carrier or foreign air carrier that uses that airport to provide foreign air transportation; and

(D) the President may prohibit an air carrier or foreign air carrier from providing transportation between the United States and any other foreign airport that is served by aircraft flying to or from the airport with respect to which a decision is made under this section.

(2)(A) Paragraph (1) of this subsection becomes effective—

(i) 90 days after the government of a foreign country is notified under subsection (c) of this section if the Secretary of Transportation finds that the government has not brought the security measures at the airport up to the standard the Secretary used in making an assessment under subsection (a) of this section; or

(ii) immediately on the decision of the Secretary of Transportation under subsection (c) of this section if the Secretary of Transportation decides, after consulting with the Secretary of State, that a condition exists that threatens the safety or security of passengers, aircraft, or crew traveling to or from the airport.

(B) The Secretary of Transportation immediately shall notify the Secretary of State of a decision under subparagraph (A)(ii) of this paragraph so that the Secretary of State may issue a travel advisory required under section 44908(a) of this title.

(3) The Secretary of Transportation promptly shall submit to Congress a report (and classified annex if necessary) on action taken under paragraph (1) or (2) of this subsection, including information on attempts made to obtain the cooperation of the government of a foreign country in meeting the standard the Secretary used in assessing the airport under subsection (a) of this section.

(4) An action required under paragraph (1)(A) and (B) of this subsection is no longer required only if the Secretary of Transportation, in consultation with the Secretary of State, decides that effective security measures are maintained and carried out at the airport. The Secretary of Transportation shall notify Congress when the action is no longer required to be taken.

(e) SUSPENSIONS.—Notwithstanding sections 40105(b) and 40106(b) of this title, the Secretary of Transportation, with the approval of the Secretary of State and without notice or a hearing, shall suspend the right of an air carrier or foreign air carrier to provide foreign air transportation, and the right of a person to operate aircraft in foreign air commerce, to or from a foreign airport when the Secretary of Transportation decides that—

(1) a condition exists that threatens the safety or security of passengers, aircraft, or crew traveling to or from that airport; and

(2) the public interest requires an immediate suspension of transportation between the United States and that airport.

(f) CONDITION OF CARRIER AUTHORITY.—This section is a condition to authority the Secretary of Transportation grants under this part to an air carrier or foreign air carrier.

§ 44908. Travel advisory and suspension of foreign assistance

(a) TRAVEL ADVISORIES.—On being notified by the Secretary of Transportation that the Secretary of Transportation has decided under section 44907(d)(2)(A)(ii) of this title that a condition exists that threatens the safety or security

of passengers, aircraft, or crew traveling to or from a foreign airport that the Secretary of Transportation has decided under section 44907 of this title does not maintain and carry out effective security measures, the Secretary of State—

- (1) immediately shall issue a travel advisory for that airport; and
- (2) shall publicize the advisory widely.

(b) SUSPENDING ASSISTANCE.—The President shall suspend assistance provided under the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) or the Arms Export Control Act (22 U.S.C. 2751 et seq.) to a country in which is located an airport with respect to which section 44907(d)(1) of this title becomes effective if the Secretary of State decides the country is a high terrorist threat country. The President may waive this subsection if the President decides, and reports to Congress, that the waiver is required because of national security interests or a humanitarian emergency.

retary of Transportation submits to Congress on transportation security and intelligence.

(4) The Administrator may—

(A) make grants to institutions of higher learning and other appropriate research facilities with demonstrated ability to carry out research described in paragraph (1) of this subsection, and fix the amounts and terms of the grants; and

(B) make cooperative agreements with governmental authorities the Administrator decides are appropriate.

(b) REVIEW OF THREATS.—(1) The Administrator shall complete an intensive review of threats to civil aviation, with particular focus on—

(A) explosive material that presents the most significant threat to civil aircraft;

§ 44913. Explosive detection

(a) DEPLOYMENT AND PURCHASE OF EQUIPMENT.—(1) A deployment or purchase of explosive detection equipment under section 108.7(b)(8) or 108.20 of title 14, Code of Federal Regulations, or similar regulation is required only if the Administrator of the Federal Aviation Administration certifies that the equipment alone, or as part of an integrated system, can detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Administrator shall base the certification on the results of tests conducted under protocols developed in consultation with expert scientists outside of the Administration.

Those tests shall be completed not later than April 16, 1992.

(2) Before completion of the tests described in paragraph (1) of this subsection, but not later than April 16, 1992, the Administrator may require deployment of explosive detection equipment described in paragraph (1) if the Administrator decides that deployment will enhance aviation security significantly. In making that decision, the Administrator shall consider factors such as the ability of the equipment alone, or as part of an integrated system, to detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Administrator shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives of a deployment decision made under this paragraph.

(3) Until such time as the Administrator determines that equipment certified under paragraph (1) is commercially available and has successfully completed operational testing as provided in paragraph (1), the Administrator shall facilitate the deployment of such approved commercially available explosive detection devices as the Administrator determines will enhance aviation security significantly. The Administrator shall require that equipment deployed under this paragraph be replaced by equipment certified under paragraph (1) when equipment certified under paragraph (1) becomes commercially available. The Administrator is authorized, based on operational considerations at individual airports, to waive the required installation of commercially available equipment under paragraph (1) in the interests of aviation security. The Administrator may permit the requirements of this paragraph to be met at airports by the deployment of dogs or other appropriate animals to supplement equipment for screening passengers, baggage, mail, or cargo for explosives or weapons.

(4) This subsection does not prohibit the Administrator from purchasing or deploying explosive detection equipment described in paragraph (1) of this subsection.

(b) GRANTS.—The Secretary of Transportation may provide grants to continue the Explosive Detection K-9 Team Training Program to detect explosives at airports and on aircraft.

In subsection (b), the text of 49 App.:1481 (4th sentence words after last comma) is omitted as obsolete. The words “National Transportation Safety Board” were substituted for “Board” in 49 App.:1481 (4th sentence) because 49 App.:1655(d) transferred all functions, duties, and powers of the Civil Aeronautics Board under titles VI and VII of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 775) to the Secretary of Transportation to be carried out through the former National Transportation Safety Board in the Department of Transportation. Title VI includes sections 602 and 609 [49 App.:1422, 1429], that provide for appeals to the Civil Aeronautics Board (subsequently transferred to the National Transportation Safety Board), and section 611(e) [49 App.:1431(e)], that provides for appeals to the National Transportation Safety Board. Under 49 App.:1902(a), the National Transportation Safety Board in the Department of Transportation was replaced by an independent National Transportation Safety Board outside the Department, and 49 App.:1903(a)(9)(A) gave the independent Board the authority to review appeals from actions of the Secretary under 49 App.:1422, 1429, and 1431(e).

In subsection (c), the words “vote and” are omitted as surplus.

In subsection (d), the words “officer or employee of the Administration” are substituted for “member” for clarity and consistency in the revised title and with other titles of the United States Code. The words “hearing or” are omitted as surplus. The words “referred to in subsection (a) of this section” are added for clarity.

§ 46103. Service of notice, process, and actions

(a) DESIGNATING AGENTS.—(1) Each air carrier and foreign air carrier shall designate an agent on whom service of notice and process in a proceeding before, and an action of, the Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may be made.

(2) The designation—

(A) shall be in writing and filed with the Secretary or Administrator; and

(B) may be changed in the same way as originally made.

(b) SERVICE.—(1) Service may be made—

(A) by personal service;

(B) on a designated agent; or

(C) by certified or registered mail to the person to be served or the designated agent of the person.

(2) The date of service made by certified or registered mail is the date of mailing.

(c) SERVING AGENTS.—Service on an agent designated under this section shall be made at the office or usual place of residence of the agent. If an air carrier or foreign air carrier does not have a designated agent, service may be made by posting the notice, process, or action in the office of the Secretary or Administrator.

§ 46104. Evidence

(a) GENERAL.—In conducting a hearing or investigation under this part, the Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may—

(1) subpoena witnesses and records related to a matter involved in the hearing or investigation from any place in the United States to the designated place of the hearing or investigation;

(2) administer oaths;

(3) examine witnesses; and

(4) receive evidence at a place in the United States the Secretary or Administrator designates.

(b) COMPLIANCE WITH SUBPENAS.—If a person disobeys a subpoena, the Secretary, the Administrator, or a party to a proceeding before the Secretary or Administrator may petition a court of the United States to enforce the subpoena. A judicial proceeding to enforce a subpoena under this section may be brought in the jurisdiction in which the proceeding or investigation is conducted. The court may punish a failure to obey

an order of the court to comply with the subpoena as a contempt of court.

(c) DEPOSITIONS.—(1) In a proceeding or investigation, the Secretary or Administrator may order a person to give testimony by deposition and to produce records. If a person fails to be deposed or to produce records, the order may be enforced in the same way a subpoena may be enforced under subsection (b) of this section.

(3) Before taking a deposition, the party or the attorney of the party proposing to take the deposition must give reasonable notice in writing to the opposing party or the attorney of record of that party. The notice shall state the name of the witness and the time and place of taking the deposition.

(4) The testimony of a person deposed under this subsection shall be under oath. The person taking the deposition shall prepare, or cause to be prepared, a transcript of the testimony taken. The transcript shall be subscribed by the deponent. Each deposition shall be filed promptly with the Secretary or Administrator.

(B) under letters rogatory issued by a court of competent jurisdiction at the request of the Secretary or Administrator.

(d) WITNESS FEES AND MILEAGE AND CERTAIN FOREIGN COUNTRY EXPENSES.—A witness summoned before the Secretary or Administrator or whose deposition is taken under this section and the individual taking the deposition are each entitled to the same fee and mileage that the witness and individual would have been paid for those services in a court of the United States. Under regulations of the Secretary or Administrator, the Secretary or Administrator shall pay the necessary expenses incident to executing, in another country, a commission or letter rogatory issued at the initiative of the Secretary or Administrator.

(e) DESIGNATING EMPLOYEES TO CONDUCT HEARINGS.—When designated by the Secretary or Administrator, an employee appointed under section 3105 of title 5 may conduct a hearing, subpoena witnesses, administer oaths, examine witnesses, and receive evidence at a place in the United States the Secretary or Administrator designates. § 46305. Actions to recover civil penalties

A civil penalty under this chapter may be collected by bringing a civil action against the person subject to the penalty, a civil action in rem against an aircraft subject to a lien for a penalty, or both. The action shall conform as nearly as practicable to a civil action in admiralty, regardless of the place an aircraft in a civil action in rem is seized. However, a party may demand a jury trial of an issue of fact in an action involving a civil penalty under this chapter (except a penalty imposed by the Secretary of Transportation that formerly was imposed by the Civil Aeronautics Board) if the value of the matter in controversy is more than \$20. Issues of fact tried by a jury may be reexamined only under common law rules.

SUBCHAPTER I—AIRPORT IMPROVEMENT

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in sections 40117, 41742, 47504, 47526, 49108, 49111, 50101, 50102, 50104, 50105 of this title.

§ 47101. Policies

(a) GENERAL.—It is the policy of the United States—

(1) that the safe operation of the airport and airway system is the highest aviation priority;

(2) that aviation facilities be constructed and operated to minimize current and projected noise impact on nearby communities;

(3) to give special emphasis to developing reliever airports;

(4) that appropriate provisions should be made to make the development and enhancement of cargo hub airports easier;

(5) to encourage the development of intermodal connections on airport property between aeronautical and other transportation modes and systems to serve air transportation passengers and cargo efficiently and effectively and promote economic development;

(6) that airport development projects under this subchapter provide for the protection and enhancement of natural resources and the quality of the environment of the United States;

(7) that airport construction and improvement projects that increase the capacity of facilities to accommodate passenger and cargo traffic be undertaken to the maximum feasible extent so that safety and efficiency increase and delays decrease;

(8) to ensure that nonaviation usage of the navigable airspace be accommodated but not allowed to decrease the safety and capacity of the airspace and airport system;

(9) that artificial restrictions on airport capacity—

(A) are not in the public interest;

(B) should be imposed to alleviate air traffic delays only after other reasonably available and less burdensome alternatives have been tried; and

(C) should not discriminate unjustly between categories and classes of aircraft;

(10) that special emphasis should be placed on converting appropriate former military air bases to civil use and identifying and improving additional joint-use facilities;

(11) that the airport improvement program should be administered to encourage projects that employ innovative technology (including integrated in-pavement lighting systems for runways and taxiways and other runway and taxiway incursion prevention devices), concepts, and approaches that will promote safety, capacity, and efficiency improvements in the construction of airports and in the air transportation system (including the development and use of innovative concrete and other materials in the construction of airport facilities to minimize initial laydown costs, mini-

mize time out of service, and maximize lifecycle durability) and to encourage and solicit innovative technology proposals and activities in the expenditure of funding pursuant to this subchapter;

(12) that airport fees, rates, and charges must be reasonable and may only be used for purposes not prohibited by this subchapter; and

(13) that airports should be as self-sustaining as possible under the circumstances existing at each particular airport and in establishing new fees, rates, and charges, and generating revenues from all sources, airport owners and operators should not seek to create revenue surpluses that exceed the amounts to be used for airport system purposes and for other purposes for which airport revenues may be spent under section 47107(b)(1) of this title, including reasonable reserves and other funds to facilitate financing and cover contingencies.

(b) NATIONAL TRANSPORTATION POLICY.—(1) It is a goal of the United States to develop a national intermodal transportation system that transports passengers and property in an efficient manner. The future economic direction of the United States depends on its ability to confront directly the enormous challenges of the global economy, declining productivity growth, energy vulnerability, air pollution, and the need to rebuild the infrastructure of the United States.

(2) United States leadership in the world economy, the expanding wealth of the United States, the competitiveness of the industry of the United States, the standard of living, and the quality of life are at stake.

(3) A national intermodal transportation system is a coordinated, flexible network of diverse but complementary forms of transportation that transports passengers and property in the most efficient manner. By reducing transportation costs, these intermodal systems will enhance the ability of the industry of the United States to compete in the global marketplace.

(4) All forms of transportation, including aviation and other transportation systems of the future, will be full partners in the effort to reduce energy consumption and air pollution while promoting economic development.

(5) An intermodal transportation system consists of transportation hubs that connect different forms of appropriate transportation and provides users with the most efficient means of transportation and with access to commercial centers, business locations, population centers, and the vast rural areas of the United States, as well as providing links to other forms of transportation and to intercity connections.

(6) Intermodality and flexibility are paramount issues in the process of developing an integrated system that will obtain the optimum yield of United States resources.

(7) The United States transportation infrastructure must be reshaped to provide the economic underpinnings for the United States to compete in the 21st century global economy. The United States can no longer rely on the sheer size of its economy to dominate international economic rivals and must recognize fully that its economy is no longer a separate

entity but is part of the global marketplace. The future economic prosperity of the United States depends on its ability to compete in an international marketplace that is teeming with competitors but in which a full one-quarter of the economic activity of the United States takes place.

(8) The United States must make a national commitment to rebuild its infrastructure through development of a national intermodal transportation system. The United States must provide the foundation for its industries to improve productivity and their ability to compete in the global economy with a system that will transport passengers and property in an efficient manner.

(c) CAPACITY EXPANSION AND NOISE ABATEMENT.—It is in the public interest to recognize the effects of airport capacity expansion projects on aircraft noise. Efforts to increase capacity through any means can have an impact on surrounding communities. Noncompatible land uses around airports must be reduced and efforts to mitigate noise must be given a high priority.

(d) CONSISTENCY WITH AIR COMMERCE AND SAFETY POLICIES.—Each airport and airway program should be carried out consistently with section 40101(a), (b), (d), and (f) of this title to foster competition, prevent unfair methods of competition in air transportation, maintain essential air transportation, and prevent unjust and discriminatory practices, including as the practices may be applied between categories and classes of aircraft.

(e) ADEQUACY OF NAVIGATION AIDS AND AIRPORT FACILITIES.—This subchapter should be carried out to provide adequate navigation aids and airport facilities for places at which scheduled commercial air service is provided. The facilities provided may include—

- (1) reliever airports; and
- (2) heliports designated by the Secretary of Transportation to relieve congestion at commercial service airports by diverting aircraft passengers from fixed-wing aircraft to helicopter carriers.

(f) MAXIMUM USE OF SAFETY FACILITIES.—This subchapter should be carried out consistently with a comprehensive airspace system plan, giving highest priority to commercial service airports, to maximize the use of safety facilities, including installing, operating, and maintaining, to the extent possible with available money and considering other safety needs—

- (1) electronic or visual vertical guidance on each runway;
- (2) grooving or friction treatment of each primary and secondary runway;
- (3) distance-to-go signs for each primary and secondary runway;
- (4) a precision approach system, a vertical visual guidance system, and a full approach light system for each primary runway;
- (5) a nonprecision instrument approach for each secondary runway;
- (6) runway end identifier lights on each runway that does not have an approach light system;
- (7) a surface movement radar system at each category III airport;

- (8) a taxiway lighting and sign system;
- (9) runway edge lighting and marking;
- (10) radar approach coverage for each airport terminal area; and

(11) runway and taxiway incursion prevention devices, including integrated in-pavement lighting systems for runways and taxiways.

(g) INTERMODAL PLANNING.—To carry out the policy of subsection (a)(5) of this section, the Secretary of Transportation shall take each of the following actions:

(1) COORDINATION IN DEVELOPMENT OF AIRPORT PLANS AND PROGRAMS.—Cooperate with State and local officials in developing airport plans and programs that are based on overall transportation needs. The airport plans and programs shall be developed in coordination with other transportation planning and considering comprehensive long-range land-use plans and overall social, economic, environmental, system performance, and energy conservation objectives. The process of developing airport plans and programs shall be continuing, cooperative, and comprehensive to the degree appropriate to the complexity of the transportation problems.

(2) GOALS FOR AIRPORT MASTER AND SYSTEM PLANS.—Encourage airport sponsors and State and local officials to develop airport master plans and airport system plans that—

(A) foster effective coordination between aviation planning and metropolitan planning;

(B) include an evaluation of aviation needs within the context of multimodal planning; and

(C) are integrated with metropolitan plans to ensure that airport development proposals include adequate consideration of land use and ground transportation access.

(3) REPRESENTATION OF AIRPORT OPERATORS ON MPO'S.—Encourage metropolitan planning organizations, particularly in areas with populations greater than 200,000, to establish membership positions for airport operators.

(h) CONSULTATION.—To carry out the policy of subsection (a)(6) of this section, the Secretary of Transportation shall consult with the Secretary of the Interior and the Administrator of the Environmental Protection Agency about any project included in a project grant application involving the location of an airport or runway, or a major runway extension, that may have a significant effect on—

- (1) natural resources, including fish and wildlife;
- (2) natural, scenic, and recreation assets;
- (3) water and air quality; or
- (4) another factor affecting the environment.

In this section, before clause (1), the words “In this subchapter” are substituted for “As used in this chapter” and “Whenever in this chapter reference is made to . . . such reference shall mean” for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words.

Clause (1) restates the definition of “air carrier airport” that was contained in section 11(1) of the Airport and Airway Development Act of 1970 as in effect both on February 18, 1980, and immediately before September 3, 1982. The clause is added to this section to eliminate the cross-references to definitions in section 11 of the Airport and Airway Development Act of 1970 that are contained in the source provisions restated in sections 47106(d) and 47119(a) of the revised title. Because some of the terms used in the definition of “air carrier airport” were themselves defined in section 11, the definitions of those terms are incorporated in the definition added in clause (1) to the extent they differ from the definitions of those terms restated in this section. The words “Secretary of Transportation” and “Secretary” are substituted for “Civil Aeronautics Board” because of the transfer of authority under 49 App.:1551(b)(1)(E).

In clause (2), before subclause (A), the text of 49 App.:2202(a)(21) is omitted as surplus because the complete name of the Secretary of Transportation is used the first time the term appears in a section. In subclause (A)(iii), the words “those areas” are substituted for “thereon” for clarity.

In clause (3)(A), before subclause (i), the words “any work involved in” and “or portion thereof” are eliminated as unnecessary. The word “reconstructing” is omitted as being included in “constructing”. In subclause (ii), the words “carrying out a field investigation” are substituted for “field investigations incidental thereto” for clarity.

In clause (3)(B), before subclause (i), the word “for” is substituted for “by” for clarity. In subclause (i), the

The word “law” is substituted for “Act of Congress” for consistency in the revised title and with other titles of the Code. The words “or limited” are omitted as surplus.

The words “that stops” are substituted for “which transit” for clarity. The word “located” is omitted as surplus.

In clause (12), the words “included in one project grant application” are substituted for “submitted together”, and the words “or all projects to be undertaken” are substituted for “including the combined submission of all projects”, for clarity and consistency in this chapter.

In clause (15)(A), the words “or any agency of a State, a municipality . . . other” are omitted as surplus.

In clause (19)(A), the words “either individually or jointly with one or more other public agencies” are omitted as surplus.

§ 47103. National plan of integrated airport systems

(a) GENERAL REQUIREMENTS AND CONSIDERATIONS.—The Secretary of Transportation shall maintain the plan for developing public-use airports in the United States, named “the national plan of integrated airport systems”. The plan shall include the kind and estimated cost of eligible airport development the Secretary of Transportation considers necessary to provide a safe, efficient, and integrated system of public-

use airports adequate to anticipate and meet the needs of civil aeronautics, to meet the national defense requirements of the Secretary of Defense, and to meet identified needs of the United States Postal Service. Airport development included in the plan may not be limited to meeting the needs of any particular classes or categories of public-use airports. In maintaining the plan, the Secretary of Transportation shall consider the needs of each segment of civil aviation and the relationship of each airport to—

- (1) the rest of the transportation system in the particular area;
- (2) forecasted technological developments in aeronautics; and
- (3) forecasted developments in other modes of intercity transportation.

(b) SPECIFIC REQUIREMENTS.—In maintaining the plan, the Secretary of Transportation shall—

- (1) to the extent possible and as appropriate, consult with departments, agencies, and instrumentalities of the United States Government, with public agencies, and with the aviation community;
- (2) consider tall structures that reduce safety or airport capacity; and
- (3) make every reasonable effort to address the needs of air cargo operations, Short Takeoff and Landing/Very Short Takeoff and Landing aircraft operations, and rotary wing aircraft operations.

(c) AVAILABILITY OF DOMESTIC MILITARY AIRPORTS AND AIRPORT FACILITIES.—To the extent possible, the Secretary of Defense shall make domestic military airports and airport facilities available for civil use. In advising the Secretary of Transportation under subsection (a) of this section, the Secretary of Defense shall indicate the extent to which domestic military airports and airport facilities are available for civil use.

(d) PUBLICATION.—The Secretary of Transportation shall publish the status of the plan every 2 years.

“(5) the Administrator is satisfied that there will be no conflict of interest; and

“(6) the Administrator is satisfied that the selection process will be as open, fair, and objective as the competitive bid system and that at least three or more bids will be submitted for each project under the selection process.

“(c) REIMBURSEMENT OF COSTS.—The Administrator may reimburse an airport sponsor for design and construction costs incurred before a grant is made pursuant to this section if the project is approved by the Administrator in advance and is carried out in accordance with all administrative and statutory requirements that would have been applicable under chapter 471 of title 49, United States Code, if the project were carried out after a grant agreement had been executed.

“(d) DESIGN-BUILD CONTRACT DEFINED.—In this section, the term ‘design-build contract’ means an agreement that provides for both design and construction of a project by a contractor.

“(e) EXPIRATION OF AUTHORITY.—The authority of the Administrator to carry out the pilot program under this section shall expire on September 30, 2003.”

This section is referred to in sections 47107, 47117, 47118, 47524, 48103 of this title.

§ 47105. Project grant applications

(a) SUBMISSION AND CONSULTATION.—(1) An application for a project grant under this subchapter may be submitted to the Secretary of Transportation by—

(A) a sponsor; or

(B) a State, as the only sponsor, for an airport development project benefitting 1 or more airports in the State or for airport planning for projects for 1 or more airports in the State if—

(i) the sponsor of each airport gives written consent that the State be the applicant;

- (ii) the Secretary is satisfied there is administrative merit and aeronautical benefit in the State being the sponsor; and
- (iii) an acceptable agreement exists that ensures that the State will comply with appropriate grant conditions and other assurances the Secretary requires.

(2) Before deciding to undertake an airport development project at an airport under this subchapter, a sponsor shall consult with the airport users that will be affected by the project.

(3) This subsection does not authorize a public agency that is subject to the laws of a State to apply for a project grant in violation of a law of the State.

(b) CONTENTS AND FORM.—An application for a project grant under this subchapter—

(1) shall describe the project proposed to be undertaken;

(2) may propose a project only for a public-use airport included in the current national plan of integrated airport systems;

(3) may propose airport development only if the development complies with standards the Secretary prescribes or approves, including standards for site location, airport layout, site preparation, paving, lighting, and safety of approaches; and

(4) shall be in the form and contain other information the Secretary prescribes.

(c) STATE STANDARDS FOR AIRPORT DEVELOPMENT.—The Secretary may approve standards (except standards for safety of approaches) that a State prescribes for airport development at nonprimary public-use airports in the State. On approval under this subsection, a State's standards apply to the nonprimary public-use airports in the State instead of the comparable standards prescribed by the Secretary under subsection (b)(3) of this section. The Secretary, or the State with the approval of the Secretary, may revise standards approved under this subsection.

(d) CERTIFICATION OF COMPLIANCE.—The Secretary may require a sponsor to certify that the sponsor will comply with this subchapter in carrying out the project. The Secretary may rescind the acceptance of a certification at any time. This subsection does not affect an obligation or responsibility of the Secretary under another law of the United States.

(e) PREVENTIVE MAINTENANCE.—After January 1, 1995, the Secretary may approve an application under this subchapter for the replacement or reconstruction of pavement at an airport only if the sponsor has provided such assurances or certifications as the Secretary may determine appropriate that such airport has implemented an effective airport pavement maintenance-management program. The Secretary may require such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

(f) NOTIFICATION.—The sponsor of an airport for which an amount is apportioned under section 47114(c) of this title shall notify the Secretary of the fiscal year in which the sponsor intends to submit a project grant application for the apportioned amount. The notification shall be given by the time and contain the information the Secretary prescribes.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 47117 of this title.

§ 47106. Project grant application approval conditioned on satisfaction of project requirements

(a) PROJECT GRANT APPLICATION APPROVAL.—The Secretary of Transportation may approve an application under this subchapter for a project grant only if the Secretary is satisfied that—

(1) the project is consistent with plans (existing at the time the project is approved) of public agencies authorized by the State in which the airport is located to plan for the development of the area surrounding the airport;

(2) the project will contribute to carrying out this subchapter;

(3) enough money is available to pay the project costs that will not be paid by the United States Government under this subchapter;

(4) the project will be completed without unreasonable delay; and

(5) the sponsor has authority to carry out the project as proposed.

(b) AIRPORT DEVELOPMENT PROJECT GRANT APPLICATION APPROVAL.—The Secretary may approve an application under this subchapter for an airport development project grant for an airport only if the Secretary is satisfied that—

(1) the sponsor, a public agency, or the Government holds good title to the areas of the airport used or intended to be used for the landing, taking off, or surface maneuvering of aircraft, or that good title will be acquired;

(2) the interests of the community in or near which the project may be located have been given fair consideration; and

(3) the application provides touchdown zone and centerline runway lighting, high intensity runway lighting, or land necessary for installing approach light systems that the Secretary, considering the category of the airport and the kind and volume of traffic using it, decides is necessary for safe and efficient use of the airport by aircraft.

(c) ENVIRONMENTAL REQUIREMENTS.—(1) The Secretary may approve an application under this subchapter for an airport development project involving the location of an airport or runway or a major runway extension—

(A) only if the sponsor certifies to the Secretary that—

(i) an opportunity for a public hearing was given to consider the economic, social, and environmental effects of the location and the location's consistency with the objectives of any planning that the community has carried out; and

(ii) the airport management board has voting representation from the communities in which the project is located or has advised the communities that they have the right to

petition the Secretary about a proposed project;

(B) only if the chief executive officer of the State in which the project will be located certifies in writing to the Secretary that there is reasonable assurance that the project will be located, designed, constructed, and operated in compliance with applicable air and water quality standards, except that the Administrator of the Environmental Protection Agency shall make the certification instead of the chief executive officer if—

(i) the State has not approved any applicable State or local standards; and

(ii) the Administrator has prescribed applicable standards; and

(C) if the application is found to have a significant adverse effect on natural resources, including fish and wildlife, natural, scenic, and recreation assets, water and air quality, or another factor affecting the environment, only after finding that no possible and prudent alternative to the project exists and that every reasonable step has been taken to minimize the adverse effect.

(2) The Secretary may approve an application under this subchapter for an airport development project that does not involve the location of an airport or runway, or a major runway extension, at an existing airport without requiring an environmental impact statement related to noise for the project if—

(A) completing the project would allow operations at the airport involving aircraft complying with the noise standards prescribed for "stage 2" aircraft in section 36.1 of title 14, Code of Federal Regulations, to replace existing operations involving aircraft that do not comply with those standards; and

(B) the project meets the other requirements under this subchapter.

(3) At the Secretary's request, the sponsor shall give the Secretary a copy of the transcript of any hearing held under paragraph (1)(A) of this subsection.

(4)(A) Notice of certification or of refusal to certify under paragraph (1)(B) of this subsection shall be provided to the Secretary not later than 60 days after the Secretary receives the application.

(B) The Secretary shall condition approval of the application on compliance with the applicable standards during construction and operation.

(5) The Secretary may make a finding under paragraph (1)(C) of this subsection only after completely reviewing the matter. The review and finding must be a matter of public record.

(d) WITHHOLDING APPROVAL.—(1) The Secretary may withhold approval of an application under this subchapter for amounts apportioned under section 47114(c) and (e) of this title for violating an assurance or requirement of this subchapter only if—

(A) the Secretary provides the sponsor an opportunity for a hearing; and

(B) not later than 180 days after the later of the date of the application or the date the Secretary discovers the noncompliance, the Secretary finds that a violation has occurred.

(2) The 180-day period may be extended by—

(A) agreement between the Secretary and the sponsor; or

(B) the hearing officer if the officer decides an extension is necessary because the sponsor did not follow the schedule the officer established.

(3) A person adversely affected by an order of the Secretary withholding approval may obtain review of the order by filing a petition in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the project is located. The action must be brought not later than 60 days after the order is served on the petitioner.

(e) REPORTS RELATING TO CONSTRUCTION OF CERTAIN NEW HUB AIRPORTS.—At least 90 days prior to the approval under this subchapter of a project grant application for construction of a new hub airport that is expected to have 0.25 percent or more of the total annual enplanements in the United States, the Secretary shall submit to Congress a report analyzing the anticipated impact of such proposed new airport on—

(1) the fees charged to air carriers (including landing fees), and other costs that will be incurred by air carriers, for using the proposed airport;

(2) air transportation that will be provided in the geographic region of the proposed airport; and

(3) the availability and cost of providing air transportation to rural areas in such geographic region.

(f) COMPETITION PLANS.—

(1) PROHIBITION.—Beginning in fiscal year 2001, no passenger facility fee may be approved for a covered airport under section 40117 and no grant may be made under this subchapter for a covered airport unless the airport has submitted to the Secretary a written competition plan in accordance with this subsection.

(2) CONTENTS.—A competition plan under this subsection shall include information on the availability of airport gates and related facilities, leasing and sub-leasing arrangements, gate-use requirements, patterns of air service, gate-assignment policy, financial constraints, airport controls over air- and ground-side capacity, whether the airport intends to build or acquire gates that would be used as common facilities, and airfare levels (as compiled by the Department of Transportation) compared to other large airports.

(3) COVERED AIRPORT DEFINED.—In this subsection, the term “covered airport” means a commercial service airport—

(A) that has more than .25 percent of the total number of passenger boardings each year at all such airports; and

(B) at which one or two air carriers control more than 50 percent of the passenger boardings.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 40117 of this title.

§ 47107. Project grant application approval conditioned on assurances about airport operations

(a) GENERAL WRITTEN ASSURANCES.—The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that—

(1) the airport will be available for public use on reasonable conditions and without unjust discrimination;

(2) air carriers making similar use of the airport will be subject to substantially comparable charges—

(A) for facilities directly and substantially related to providing air transportation; and

(B) regulations and conditions, except for differences based on reasonable classifications, such as between—

(i) tenants and nontenants; and

(ii) signatory and nonsignatory carriers;

(3) the airport operator will not withhold unreasonably the classification or status of tenant or signatory from an air carrier that assumes obligations substantially similar to those already imposed on air carriers of that classification or status;

(4) a person providing, or intending to provide, aeronautical services to the public will not be given an exclusive right to use the airport, with a right given to only one fixed-base operator to provide services at an airport deemed not to be an exclusive right if—

(A) the right would be unreasonably costly, burdensome, or impractical for more than one fixed-base operator to provide the services; and

(B) allowing more than one fixed-base operator to provide the services would require reducing the space leased under an existing agreement between the one fixed-base operator and the airport owner or operator;

(5) fixed-base operators similarly using the airport will be subject to the same charges;

(6) an air carrier using the airport may service itself or use any fixed-base operator allowed by the airport operator to service any carrier at the airport;

(7) the airport and facilities on or connected with the airport will be operated and maintained suitably, with consideration given to climatic and flood conditions;

(8) a proposal to close the airport temporarily for a nonaeronautical purpose must first be approved by the Secretary;

(9) appropriate action will be taken to ensure that terminal airspace required to protect instrument and visual operations to the airport (including operations at established minimum flight altitudes) will be cleared and protected by mitigating existing, and preventing future, airport hazards;

(10) appropriate action, including the adoption of zoning laws, has been or will be taken to the extent reasonable to restrict the use of land next to or near the airport to uses that are compatible with normal airport operations;

(11) each of the airport's facilities developed with financial assistance from the United States Government and each of the airport's facilities usable for the landing and taking off of aircraft always will be available without charge for use by Government aircraft in common with other aircraft, except that if the use is substantial, the Government may be charged a reasonable share, proportionate to the use, of the cost of operating and maintaining the facility used;

(12) the airport owner or operator will provide, without charge to the Government, property interests of the sponsor in land or water areas or buildings that the Secretary decides are desirable for, and that will be used for, constructing at Government expense, facilities for carrying out activities related to air traffic control or navigation;

(13) the airport owner or operator will maintain a schedule of charges for use of facilities and services at the airport—

(A) that will make the airport as self-sustaining as possible under the circumstances existing at the airport, including volume of traffic and economy of collection; and

(B) without including in the rate base used for the charges the Government's share of costs for any project for which a grant is made under this subchapter or was made

under the Federal Airport Act or the Airport and Airway Development Act of 1970;

(14) the project accounts and records will be kept using a standard system of accounting that the Secretary, after consulting with appropriate public agencies, prescribes;

(15) the airport owner or operator will submit any annual or special airport financial and operations reports to the Secretary that the Secretary reasonably requests and make such reports available to the public;

(16) the airport owner or operator will maintain a current layout plan of the airport that meets the following requirements:

(A) the plan will be in a form the Secretary prescribes;

(B) the Secretary will approve the plan and any revision or modification before the plan, revision, or modification takes effect;

(C) the owner or operator will not make or allow any alteration in the airport or any of its facilities if the alteration does not comply with the plan the Secretary approves, and the Secretary is of the opinion that the alteration may affect adversely the safety, utility, or efficiency of the airport; and

(D) when an alteration in the airport or its facility is made that does not conform to the approved plan and that the Secretary decides adversely affects the safety, utility, or efficiency of any property on or off the airport that is owned, leased, or financed by the Government, the owner or operator, if requested by the Secretary, will—

(i) eliminate the adverse effect in a way the Secretary approves; or

(ii) bear all cost of relocating the property or its replacement to a site acceptable to the Secretary and of restoring the property or its replacement to the level of safety, utility, efficiency, and cost of operation that existed before the alteration was made;

(17) each contract and subcontract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, and related services will be awarded in the same way that a contract for architectural and engineering services is negotiated under title IX of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 541 et seq.) or an equivalent qualifications-based requirement prescribed for or by the sponsor;

(18) the airport and each airport record will be available for inspection by the Secretary on reasonable request, and a report of the airport budget will be available to the public at reasonable times and places;

(19) the airport owner or operator will submit to the Secretary and make available to the public an annual report listing in detail—

(A) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

(B) all services and property provided to other units of government and the amount of compensation received for provision of each such service and property; and

(20) the airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport, but the sponsor does not have any obligation under this paragraph, or because of it, to fund special facilities for intercity bus service or for other modes of transportation.

(b) WRITTEN ASSURANCES ON USE OF REVENUE.—(1) The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that local taxes on aviation fuel (except taxes in effect on December 30, 1987) and the revenues generated by a public airport will be expended for the capital or operating costs of—

(A) the airport;

(B) the local airport system; or

(C) other local facilities owned or operated by the airport owner or operator and directly and substantially related to the air transportation of passengers or property.

(2) Paragraph (1) of this subsection does not apply if a provision enacted not later than September 2, 1982, in a law controlling financing by the airport owner or operator, or a covenant or assurance in a debt obligation issued not later than September 2, 1982, by the owner or operator, provides that the revenues, including local taxes on aviation fuel at public airports, from any of the facilities of the owner or operator, including the airport, be used to support not only the airport but also the general debt obligations or other facilities of the owner or operator.

(3) This subsection does not prevent the use of a State tax on aviation fuel to support a State aviation program or the use of airport revenue on or off the airport for a noise mitigation purpose.

(c) WRITTEN ASSURANCES ON ACQUIRING LAND.—

(1) In this subsection, land is needed for an airport purpose (except a noise compatibility purpose) if—

(A)(i) the land may be needed for an aeronautical purpose (including runway protection zone) or serves as noise buffer land; and

(ii) revenue from interim uses of the land contributes to the financial self-sufficiency of the airport; and

(B) for land purchased with a grant the owner or operator received not later than December 30, 1987, the Secretary of Transportation or the department, agency, or instrumentality of the Government that made the grant was notified by the owner or operator of the use of the land and did not object to the use and the land is still being used for that purpose.

(2) The Secretary of Transportation may approve an application under this subchapter for an airport development project grant only if the Secretary receives written assurances, satisfactory to the Secretary, that if an airport owner or operator has received or will receive a grant for acquiring land and—

(A) if the land was or will be acquired for a noise compatibility purpose—

(i) the owner or operator will dispose of the land at fair market value at the earliest

practicable time after the land no longer is needed for a noise compatibility purpose;

(ii) the disposition will be subject to retaining or reserving an interest in the land necessary to ensure that the land will be used in a way that is compatible with noise levels associated with operating the airport; and

(iii) the part of the proceeds from disposing of the land that is proportional to the Government's share of the cost of acquiring the land will be paid to the Secretary for deposit in the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) or, as the Secretary prescribes, reinvested in an approved noise compatibility project; or

(B) if the land was or will be acquired for an airport purpose (except a noise compatibility purpose)—

(i) the owner or operator, when the land no longer is needed for an airport purpose, will dispose of the land at fair market value or make available to the Secretary an amount equal to the Government's proportional share of the fair market value;

(ii) the disposition will be subject to retaining or reserving an interest in the land necessary to ensure that the land will be used in a way that is compatible with noise levels associated with operating the airport; and

(iii) the part of the proceeds from disposing of the land that is proportional to the Government's share of the cost of acquiring the land will be reinvested, on application to the Secretary, in another eligible airport development project the Secretary approves under this subchapter or paid to the Secretary for deposit in the Fund if another eligible project does not exist.

(3) Proceeds referred to in paragraph (2)(A)(iii) and (B)(iii) of this subsection and deposited in the Airport and Airway Trust Fund are available as provided in subsection (f) of this section.

(d) ASSURANCES OF CONTINUATION AS PUBLIC-USE AIRPORT.—The Secretary of Transportation may approve an application under this subchapter for an airport development project grant for a privately owned public-use airport only if the Secretary receives appropriate assurances that the airport will continue to function as a public-use airport during the economic life (that must be at least 10 years) of any facility at the airport that was developed with Government financial assistance under this subchapter.

(e) WRITTEN ASSURANCES OF OPPORTUNITIES FOR SMALL BUSINESS CONCERNS.—(1) The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that the airport owner or operator will take necessary action to ensure, to the maximum extent practicable, that at least 10 percent of all businesses at the airport selling consumer products or providing consumer services to the public are small business concerns (as defined by regulations of the Secretary) owned and controlled by a socially and economi-

cally disadvantaged individual (as defined in section 47113(a) of this title) or qualified HUBZone small business concerns (as defined in section 3(p) of the Small Business Act).

(2) An airport owner or operator may meet the percentage goal of paragraph (1) of this subsection by including any business operated through a management contract or subcontract. The dollar amount of a management contract or subcontract with a disadvantaged business enterprise shall be added to the total participation by disadvantaged business enterprises in airport concessions and to the base from which the airport's percentage goal is calculated. The dollar amount of a management contract or subcontract with a non-disadvantaged business enterprise and the gross revenue of business activities to which the management contract or subcontract pertains may not be added to this base.

(3) Except as provided in paragraph (4) of this subsection, an airport owner or operator may meet the percentage goal of paragraph (1) of this subsection by including the purchase from disadvantaged business enterprises of goods and services used in businesses conducted at the airport, but the owner or operator and the businesses conducted at the airport shall make good faith efforts to explore all available options to achieve, to the maximum extent practicable, compliance with the goal through direct ownership arrangements, including joint ventures and franchises.

(4)(A) In complying with paragraph (1) of this subsection, an airport owner or operator shall include the revenues of car rental firms at the airport in the base from which the percentage goal in paragraph (1) is calculated.

(B) An airport owner or operator may require a car rental firm to meet a requirement under paragraph (1) of this subsection by purchasing or leasing goods or services from a disadvantaged business enterprise. If an owner or operator requires such a purchase or lease, a car rental firm shall be permitted to meet the requirement by including purchases or leases of vehicles from any vendor that qualifies as a small business concern owned and controlled by a socially and economically disadvantaged individual or as a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act).

(C) This subsection does not require a car rental firm to change its corporate structure to provide for direct ownership arrangements to meet the requirements of this subsection.

(5) This subsection does not preempt—

(A) a State or local law, regulation, or policy enacted by the governing body of an airport owner or operator; or

(B) the authority of a State or local government or airport owner or operator to adopt or enforce a law, regulation, or policy related to disadvantaged business enterprises.

(6) An airport owner or operator may provide opportunities for a small business concern owned and controlled by a socially and economically disadvantaged individual or a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act) to participate through direct contractual agreement with that concern.

(7) An air carrier that provides passenger or property-carrying services or another business that conducts aeronautical activities at an airport may not be included in the percentage goal of paragraph (1) of this subsection for participation of small business concerns at the airport.

(8) Not later than April 29, 1993, the Secretary of Transportation shall prescribe regulations to carry out this subsection.

(f) AVAILABILITY OF AMOUNTS.—An amount deposited in the Airport and Airway Trust Fund under—

(1) subsection (c)(2)(A)(iii) of this section is available to the Secretary of Transportation to make a grant for airport development or airport planning under section 47104 of this title;

(2) subsection (c)(2)(B)(iii) of this section is available to the Secretary—

(A) to make a grant for a purpose described in section 47115(b) of this title; and

(B) for use under section 47114(d)(2) of this title at another airport in the State in which the land was disposed of under subsection (c)(2)(B)(i) of this section; and

(3) subsection (c)(2)(B)(iii) of this section is in addition to an amount made available to the Secretary under section 48103 of this title and not subject to apportionment under section 47114 of this title.

(g) ENSURING COMPLIANCE.—(1) To ensure compliance with this section, the Secretary of Transportation—

(A) shall prescribe requirements for sponsors that the Secretary considers necessary; and

(B) may make a contract with a public agency.

(2) The Secretary of Transportation may approve an application for a project grant only if the Secretary is satisfied that the requirements prescribed under paragraph (1)(A) of this subsection have been or will be met.

(h) MODIFYING ASSURANCES AND REQUIRING COMPLIANCE WITH ADDITIONAL ASSURANCES.—

(1) IN GENERAL.—Subject to paragraph (2), before modifying an assurance required of a person receiving a grant under this subchapter and in effect after December 29, 1987, or to require compliance with an additional assurance from the person, the Secretary of Transportation must—

(A) publish notice of the proposed modification in the Federal Register; and

(B) provide an opportunity for comment on the proposal.

(2) PUBLIC NOTICE BEFORE WAIVER OF AERONAUTICAL LAND-USE ASSURANCE.—Before modifying an assurance under subsection (c)(2)(B) that requires any property to be used for an aeronautical purpose, the Secretary must provide notice to the public not less than 30 days before making such modification.

(i) RELIEF FROM OBLIGATION TO PROVIDE FREE SPACE.—When a sponsor provides a property interest in a land or water area or a building that the Secretary of Transportation uses to construct a facility at Government expense, the Secretary may relieve the sponsor from an obligation in a contract made under this chapter,

the Airport and Airway Development Act of 1970, or the Federal Airport Act to provide free space to the Government in an airport building, to the extent the Secretary finds that the free space no longer is needed to carry out activities related to air traffic control or navigation.

(j) USE OF REVENUE IN HAWAII.—(1) In this subsection—

(A) “duty-free merchandise” and “duty-free sales enterprise” have the same meanings given those terms in section 555(b)(8) of the Tariff Act of 1930 (19 U.S.C. 1555(b)(8)).

(B) “highway” and “Federal-aid system” have the same meanings given those terms in section 101(a) of title 23.

(2) Notwithstanding subsection (b)(1) of this section, Hawaii may use, for a project for construction or reconstruction of a highway on a Federal-aid system that is not more than 10 miles by road from an airport and that will facilitate access to the airport, revenue from the sales at off-airport locations in Hawaii of duty-free merchandise under a contract between Hawaii and a duty-free sales enterprise. However, the revenue resulting during a Hawaiian fiscal year may be used only if the amount of the revenue, plus amounts Hawaii receives in the fiscal year from all other sources for costs Hawaii incurs for operating all airports it operates and for debt service related to capital projects for the airports (including interest and amortization of principal costs), is more than 150 percent of the projected costs for the fiscal year.

(3)(A) Revenue from sales referred to in paragraph (2) of this subsection in a Hawaiian fiscal year that Hawaii may use may not be more than the amount that is greater than 150 percent as determined under paragraph (2).

(B) The maximum amount of revenue Hawaii may use under paragraph (2) of this subsection is \$250,000,000.

(4) If a fee imposed or collected for rent, landing, or service from an aircraft operator by an airport operated by Hawaii is increased during the period from May 4, 1990, through December 31, 1994, by more than the percentage change in the Consumer Price Index of All Urban Consumers for Honolulu, Hawaii, that the Secretary of Labor publishes during that period and if revenue derived from the fee increases because the fee increased, the amount under paragraph (3)(B) of this subsection shall be reduced by the amount of the projected revenue increase in the period less the part of the increase attributable to changes in the Index in the period.

(5) Hawaii shall determine costs, revenue, and projected revenue increases referred to in this subsection and shall submit the determinations to the Secretary of Transportation. A determination is approved unless the Secretary disapproves it not later than 30 days after it is submitted.

(6) Hawaii is not eligible for a grant under section 47115 of this title in a fiscal year in which Hawaii uses under paragraph (2) of this subsection revenue from sales referred to in paragraph (2). Hawaii shall repay amounts it receives in a fiscal year under a grant it is not eligible to receive because of this paragraph to the Secretary of Transportation for deposit in the discretionary fund established under section 47115.

(7)(A) This subsection applies only to revenue from sales referred to in paragraph (2) of this subsection from May 5, 1990, through December 30, 1994, and to amounts in the Airport Revenue Fund of Hawaii that are attributable to revenue before May 4, 1990, on sales referred to in paragraph (2).

(B) Revenue from sales referred to in paragraph (2) of this subsection from May 5, 1990, through December 30, 1994, may be used under paragraph (2) in any Hawaiian fiscal year, including a Hawaiian fiscal year beginning after December 31, 1994.

(k) ANNUAL SUMMARIES OF FINANCIAL REPORTS.—The Secretary shall provide to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an annual summary of the reports submitted to the Secretary under subsection (a)(19) of this section and under section 111(b) of the Federal Aviation Administration Authorization Act of 1994.

(l) POLICIES AND PROCEDURES TO ENSURE ENFORCEMENT AGAINST ILLEGAL DIVERSION OF AIRPORT REVENUE.—

(1) IN GENERAL.—Not later than 90 days after August 23, 1994, the Secretary of Transportation shall establish policies and procedures that will assure the prompt and effective enforcement of subsections (a)(13) and (b) of this section and grant assurances made under such subsections. Such policies and procedures shall recognize the exemption provision in subsection (b)(2) of this section and shall respond to the information contained in the reports of the Inspector General of the Department of Transportation on airport revenue diversion and such other relevant information as the Secretary may by law consider.

(2) REVENUE DIVERSION.—Policies and procedures to be established pursuant to paragraph (1) of this subsection shall prohibit, at a minimum, the diversion of airport revenues (except as authorized under subsection (b) of this section) through—

(A) direct payments or indirect payments, other than payments reflecting the value of services and facilities provided to the airport;

(B) use of airport revenues for general economic development, marketing, and promotional activities unrelated to airports or airport systems;

(C) payments in lieu of taxes or other assessments that exceed the value of services provided; or

(D) payments to compensate nonsponsoring governmental bodies for lost tax revenues exceeding stated tax rates.

(3) EFFORTS TO BE SELF-SUSTAINING.—With respect to subsection (a)(13) of this section, policies and procedures to be established pursuant to paragraph (1) of this subsection shall take into account, at a minimum, whether owners and operators of airports, when entering into new or revised agreements or otherwise establishing rates, charges, and fees, have undertaken reasonable efforts to make their particular airports as self-sustaining as possible under the circumstances existing at such airports.

(4) ADMINISTRATIVE SAFEGUARDS.—Policies and procedures to be established pursuant to paragraph (1) shall mandate internal controls, auditing requirements, and increased levels of Department of Transportation personnel sufficient to respond fully and promptly to complaints received regarding possible violations of subsections (a)(13) and (b) of this section and grant assurances made under such subsections and to alert the Secretary to such possible violations.

(5) STATUTE OF LIMITATIONS.—In addition to the statute of limitations specified in subsection (n)(7), with respect to project grants made under this chapter—

(A) any request by a sponsor to any airport for additional payments for services conducted off of the airport or for reimbursement for capital contributions or operating expenses shall be filed not later than 6 years after the date on which the expense is incurred; and

(B) any amount of airport funds that are used to make a payment or reimbursement as described in subparagraph (A) after the date specified in that subparagraph shall be considered to be an illegal diversion of airport revenues that is subject to subsection (n).

(m) AUDIT CERTIFICATION.—

(1) IN GENERAL.—The Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, shall promulgate regulations that require a recipient of a project grant (or any other recipient of Federal financial assistance that is provided for an airport) to include as part of an annual audit conducted under sections 7501 through 7505 of title 31, a review and opinion of the review concerning the funding activities with respect to an airport that is the subject of the project grant (or other Federal financial assistance) and the sponsors, owners, or operators (or other recipients) involved.

(2) CONTENT OF REVIEW.—A review conducted under paragraph (1) shall provide reasonable assurances that funds paid or transferred to sponsors are paid or transferred in a manner consistent with the applicable requirements of this chapter and any other applicable provision of law (including regulations promulgated by the Secretary or the Administrator).

(3) REQUIREMENTS FOR AUDIT REPORT.—The report submitted to the Secretary under this subsection shall include a specific determination and opinion regarding the appropriateness of the disposition of airport funds paid or transferred to a sponsor.

(n) RECOVERY OF ILLEGALLY DIVERTED FUNDS.—

(1) IN GENERAL.—Not later than 180 days after the issuance of an audit or any other report that identifies an illegal diversion of airport revenues (as determined under subsections (b) and (l) and section 47133), the Secretary, acting through the Administrator, shall—

(A) review the audit or report;

(B) perform appropriate factfinding; and

(C) conduct a hearing and render a final determination concerning whether the ille-

gal diversion of airport revenues asserted in the audit or report occurred.

(2) NOTIFICATION.—Upon making such a finding, the Secretary, acting through the Administrator, shall provide written notification to the sponsor and the airport of—

(A) the finding; and

(B) the obligations of the sponsor to reimburse the airport involved under this paragraph.

(3) ADMINISTRATIVE ACTION.—The Secretary may withhold any amount from funds that would otherwise be made available to the sponsor, including funds that would otherwise be made available to a State, municipality, or political subdivision thereof (including any multimodal transportation agency or transit authority of which the sponsor is a member entity) as part of an apportionment or grant made available pursuant to this title, if the sponsor—

(A) receives notification that the sponsor is required to reimburse an airport; and

(B) has had an opportunity to reimburse the airport, but has failed to do so.

(4) CIVIL ACTION.—If a sponsor fails to pay an amount specified under paragraph (3) during the 180-day period beginning on the date of notification and the Secretary is unable to withhold a sufficient amount under paragraph (3), the Secretary, acting through the Administrator, may initiate a civil action under which the sponsor shall be liable for civil penalty in an amount equal to the illegal diversion in question plus interest (as determined under subsection (o)).

(5) DISPOSITION OF PENALTIES.—

(A) AMOUNTS WITHHELD.—The Secretary or the Administrator shall transfer any amounts withheld under paragraph (3) to the Airport and Airway Trust Fund.

(B) CIVIL PENALTIES.—With respect to any amount collected by a court in a civil action under paragraph (4), the court shall cause to be transferred to the Airport and Airway Trust Fund any amount collected as a civil penalty under paragraph (4).

(6) REIMBURSEMENT.—The Secretary, acting through the Administrator, shall, as soon as practicable after any amount is collected from a sponsor under paragraph (4), cause to be transferred from the Airport and Airway Trust Fund to an airport affected by a diversion that is the subject of a civil action under paragraph (4), reimbursement in an amount equal to the amount that has been collected from the sponsor under paragraph (4) (including any amount of interest calculated under subsection (o)).

(7) STATUTE OF LIMITATIONS.—No person may bring an action for the recovery of funds illegally diverted in violation of this section (as determined under subsections (b) and (l)) or section 47133 after the date that is 6 years after the date on which the diversion occurred.

(o) INTEREST.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary, acting through the Administrator, shall charge a minimum annual rate of interest on the amount of any ille-

gal diversion of revenues referred to in subsection (n) in an amount equal to the average investment interest rate for tax and loan accounts of the Department of the Treasury (as determined by the Secretary of the Treasury) for the applicable calendar year, rounded to the nearest whole percentage point.

(2) ADJUSTMENT OF INTEREST RATES.—If, with respect to a calendar quarter, the average investment interest rate for tax and loan accounts of the Department of the Treasury exceeds the average investment interest rate for the immediately preceding calendar quarter, rounded to the nearest whole percentage point, the Secretary of the Treasury may adjust the interest rate charged under this subsection in a manner that reflects that change.

(3) ACCRUAL.—Interest assessed under subsection (n) shall accrue from the date of the actual illegal diversion of revenues referred to in subsection (n).

(4) DETERMINATION OF APPLICABLE RATE.—The applicable rate of interest charged under paragraph (1) shall—

(A) be the rate in effect on the date on which interest begins to accrue under paragraph (3); and

(B) remain at a rate fixed under subparagraph (A) during the duration of the indebtedness.

(p) PAYMENT BY AIRPORT TO SPONSOR.—If, in the course of an audit or other review conducted under this section, the Secretary or the Administrator determines that an airport owes a sponsor funds as a result of activities conducted by the sponsor or expenditures by the sponsor for the benefit of the airport, interest on that amount shall be determined in the same manner as provided in paragraphs (1) through (4) of subsection (o), except that the amount of any interest assessed under this subsection shall be determined from the date on which the Secretary or the Administrator makes that determination.

DIVERSION OF AIRPORT REVENUES FOR CLAIMS
RELATED TO CERTAIN CEDED LANDS

Pub. L. 105-66, title III, §340, Oct. 27, 1997, 111 Stat. 1448, provided that:

“(a) FINDINGS.—The Congress finds that—

“(1) Congress has the authority under article I, section 8 of the Constitution to regulate the air commerce of the United States;

“(2) section 47107 of title 49, United States Code, prohibits the diversion of certain revenue generated by a public airport as a condition of receiving a project grant;

“(3) a grant recipient that uses airport revenues for purposes that are not airport-related in a manner inconsistent with chapter 471 of title 49, United States Code, illegally diverts airport revenues;

“(4) illegal diversion of airport revenues undermines the interest of the United States in promoting a strong national air transportation system;

“(5) the policy of the United States that airports should be as self-sustaining as possible and that revenues generated at airports should not be diverted from airport purposes was stated by Congress in 1982 and reaffirmed and strengthened in 1987, 1994, and 1996;

“(6) certain airports are constructed on lands that may have belonged, at one time, to Native Americans, Native Hawaiians, or Alaska Natives;

“(7) contrary to the prohibition against diverting airport revenues from airport purposes under section 47107 of title 49, United States Code, certain payments from airport revenues may have been made for the betterment of Native Americans, Native Hawaiians, or Alaska Natives based upon the claims related to lands ceded to the United States;

“(8) Federal law prohibits diversions of airport revenues obtained from any source whatsoever to occur in the future whether related to claims for periods of time prior to or after the date of enactment of this Act [Oct. 27, 1997]; and

“(9) because of the special circumstances surrounding such past diversions of airport revenues for the betterment of Native Americans, Native Hawaiians, or Alaska Natives, it is in the national interest that amounts from airport revenues previously received by any entity for the betterment of Native Americans, Native Hawaiians, or Alaska Natives, as specified in subsection (b) of this section, should not be subject to repayment.

“(b) TERMINATION OF REPAYMENT RESPONSIBILITY.—Notwithstanding the provisions of [section] 47107 of title 49, United States Code, or any other provision of law, monies paid for claims related to ceded lands and diverted from airport revenues and received prior to April 1, 1996, by any entity for the betterment of Native Americans, Native Hawaiians, or Alaska Natives, shall not be subject to repayment.

“(c) PROHIBITION ON FURTHER DIVERSION.—There shall be no further payment of airport revenues for claims related to ceded lands, whether characterized as operating expenses, rent, or otherwise, and whether related to claims for periods of time prior to or after the date of enactment of this Act [Oct. 27, 1997].

“(d) CLARIFICATION.—Nothing in this Act [see Tables for classification] shall be construed to affect any existing Federal statutes, enactments, or trust obligations created thereunder, or any statute of the several States that define the obligations of such States to Native Americans, Native Hawaiians, or Alaska Natives in connection with ceded lands, except to make clear that

airport revenues may not be used to satisfy such obligations.”

FINDINGS AND PURPOSE

Section 802 of title VIII of Pub. L. 104-264 provided that:

“(a) IN GENERAL.—Congress finds that—

“(1) section 47107 of title 49, United States Code, prohibits the diversion of certain revenue generated by a public airport as a condition of receiving a project grant;

“(2) a grant recipient that uses airport revenue for purposes that are not airport related in a manner inconsistent with chapter 471 of title 49, United States Code, illegally diverts airport revenues;

“(3) any diversion of airport revenues in violation of the condition referred to in paragraph (1) undermines the interest of the United States in promoting a strong national air transportation system that is responsive to the needs of airport users;

“(4) the Secretary and the Administrator have not enforced airport revenue diversion rules adequately and must have additional regulatory tools to increase enforcement efforts; and

“(5) sponsors who have been found to have illegally diverted airport revenues—

“(A) have not reimbursed or made restitution to airports in a timely manner; and

“(B) must be encouraged to do so.

“(b) PURPOSE.—The purpose of this title [see Short Title of 1996 Amendment note set out under section 40101 of this title] is to ensure that airport users are not burdened with hidden taxation for unrelated municipal services and activities by—

“(1) eliminating the ability of any State or political subdivision thereof that is a recipient of a project grant to divert airport revenues for purposes that are not related to an airport, in violation of section 47107 of title 49, United States Code;

“(2) imposing financial reporting requirements that are designed to identify instances of illegal diversions referred to in paragraph (1);

“(3) establishing a statute of limitations for airport revenue diversion actions;

“(4) clarifying limitations on revenue diversion that are permitted under chapter 471 of title 49, United States Code; and

“(5) establishing clear penalties and enforcement mechanisms for identifying and prosecuting airport revenue diversion.”

An offer that is accepted in writing by the sponsor is an agreement binding on the Gov- ernment and the sponsor. The Government may pay or be obligated to pay a project cost only after a grant agreement for the project is signed.

(b) INCREASING GOVERNMENT'S SHARE UNDER THIS SUBCHAPTER OR CHAPTER 475.—(1) When an offer has been accepted in writing, the amount stated in the offer as the maximum amount the Government will pay may be increased only as provided in paragraphs (2) and (3) of this sub- section.

(2)(A) For a project receiving assistance under a grant approved under the Airport and Airway Improvement Act of 1982 before October 1, 1987, the amount may be increased by not more than—

(i) 10 percent for an airport development project, except a project for acquiring an in- terest in land; and

(ii) 50 percent of the total increase in allow- able project costs attributable to acquiring an interest in land, based on current creditable appraisals.

(B) An increase under subparagraph (A) of this paragraph may be paid only from amounts the Government recovers from other grants made under this subchapter.

(3) For a project receiving assistance under a grant approved under the Act, this subchapter, or chapter 475 of this title after September 30, 1987, the amount may be increased—

(A) for an airport development project, by not more than 15 percent; and

(B) for a grant after September 30, 1992, to acquire an interest in land for an airport (ex- cept a primary airport), by not more than the greater of the following, based on current creditable appraisals or a court award in a condemnation proceeding:

(i) 15 percent; or

(ii) 25 percent of the total increase in al- lowable project costs attributable to acquir- ing an interest in land.

An increase under this subsection may be paid only from amounts the Government recovers from other grants made under the Act.

(d) CHANGING WORKSCOPE.—With the consent of the sponsor, the Secretary may amend a grant agreement made under this subchapter to change the workscope of a project financed under the grant if the amendment does not re- sult in an increase in the maximum amount the Government may pay under subsection (b) of this section.

(e) CHANGE IN AIRPORT STATUS.—

(1) CHANGES TO NONPRIMARY AIRPORT STATUS.—If the status of a primary airport changes to a nonprimary airport at a time when a development project under a multiyear agreement under subsection (a) is not yet completed, the project shall remain eligible for funding from discretionary funds under section 47115 at the funding level and under the terms provided by the agreement, subject to the availability of funds.

(2) CHANGES TO NONCOMMERCIAL SERVICE AIR- PORT STATUS.—If the status of a commercial service airport changes to a noncommercial service airport at a time when a terminal de- velopment project under a phased-funding ar- rangement is not yet completed, the project shall remain eligible for funding from discre- tionary funds under section 47115 at the fund- ing level and under the terms provided by the arrangement subject to the availability of funds.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 47104, 47110 of this title.

§ 47109. United States Government’s share of project costs

(a) GENERAL.—Except as provided in subsection (b) of this section, the United States Government’s share of allowable project costs is—

- (1) 75 percent for a project at a primary airport having at least .25 percent of the total number of passenger boardings each year at all commercial service airports;
- (2) not more than 90 percent for a project funded by a grant issued to and administered by a State under section 47128, relating to the State block grant program;
- (3) 90 percent for a project at any other airport; and
- (4) 40 percent for a project funded by the Administrator from the discretionary fund under section 47115 at an airport receiving an exemption under section 47134.

(b) INCREASED GOVERNMENT SHARE.—If, under subsection (a) of this section, the Government’s share of allowable costs of a project in a State containing unappropriated and unreserved public lands and nontaxable Indian lands (individual and tribal) of more than 5 percent of the total area of all lands in the State, is less than the share applied on June 30, 1975, under section 17(b) of the Airport and Airway Development Act of 1970, the Government’s share under subsection (a) of this section shall be increased by the lesser of—

- (1) 25 percent;
- (2) one-half of the percentage that the area of unappropriated and unreserved public lands and nontaxable Indian lands in the State is of the total area of the State; or

In subsection (a), before clause (1), the words “Except as provided in subsections (b) and (c) of this section” are substituted for “Except as otherwise provided in this chapter” because subsections (b) and (c) restate the only parts of the chapter that provide exceptions to the general rule stated in subsection (a). In clauses (1) and (2), the words “for a project” are substituted for “payable on account of any project contained in an approved project grant application submitted in accordance with this chapter” in 49 App.:2209(a) and “payable on account of any project contained in an approved project grant application” in 49 App.:2209(b) for consistency in this chapter and to eliminate unnecessary words. A project cost is allowable only if it is incurred under a grant agreement made under the chapter, and a grant agreement may be made only if the project grant application is approved. In clause (1), the words “number of passenger boardings” are substituted for “enplaning . . . of the . . . passengers enplaned” because of the definition of “passenger boardings” in section 47102 of the revised title.

In subsection (b), the words “If, under subsection (a) of this section, the Government’s share of allowable costs . . . is less than the share applied on June 30, 1975, under section 17(b) of the Airport and Airway Development Act of 1970” and “(3) the percentage necessary to increase the Government’s share to the percentage that applied on June 30, 1975, under section 17(b) of the Act” are substituted for 49 App.:2209(c) (last sentence) for clarity. The words “of the total of all lands therein” are omitted as surplus.

In subsection (c), the words “Notwithstanding subsections (a) and (b) of this section” are substituted for “Notwithstanding any other provision of this chapter” because subsections (a) and (b) are the only other parts of the chapter that specify the United States Government’s share of allowable project costs.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 47137, 47504, 47505 of this title.

§ 47110. Allowable project costs

(a) GENERAL AUTHORITY.—Except as provided in section 47111 of this title, the United States Government may pay or be obligated to pay, from amounts appropriated to carry out this subchapter, a cost incurred in carrying out a project under this subchapter only if the Secretary of Transportation decides the cost is allowable.

(b) ALLOWABLE COST STANDARDS.—A project cost is allowable—

(1) if the cost necessarily is incurred in carrying out the project in compliance with the grant agreement made for the project under this subchapter, including any cost a sponsor incurs related to an audit the Secretary requires under section 47121(b) or (d) of this title;

(2)(A) if the cost is incurred after the grant agreement is executed and is for airport development or airport planning carried out after the grant agreement is executed;

(B) if the cost is incurred after June 1, 1989, by the airport operator (regardless of when the grant agreement is executed) as part of a Government-approved noise compatibility program (including project formulation costs) and is consistent with all applicable statutory and administrative requirements; or

(C) if the Government’s share is paid only with amounts apportioned under paragraphs (1) and (2) of section 47114(c) of this title and if the cost is incurred—

(i) after September 30, 1996;

(ii) before a grant agreement is executed for the project; and

(iii) in accordance with an airport layout plan approved by the Secretary and with all statutory and administrative requirements that would have been applicable to the project if the project had been carried out after the grant agreement had been executed;

(3) to the extent the cost is reasonable in amount;

(4) if the cost is not incurred in a project for airport development or airport planning for which other Government assistance has been granted; and

(5) if the total costs allowed for the project are not more than the amount stated in the grant agreement as the maximum the Government will pay (except as provided in section 47108(b) of this title).

(c) CERTAIN PRIOR COSTS AS ALLOWABLE COSTS.—The Secretary may decide that a project cost under subsection (b)(2)(A) of this section incurred after May 13, 1946, and before

the date the grant agreement is executed is allowable if it is—

(1) necessarily incurred in formulating an airport development project, including costs incurred for field surveys, plans and specifications, property interests in land or airspace, and administration or other incidental items that would not have been incurred except for the project; or

(2) necessarily and directly incurred in developing the work scope of an airport planning project.

(d) **TERMINAL DEVELOPMENT COSTS.**—(1) The Secretary may decide that the cost of terminal development (including multi-modal terminal development) in a nonrevenue-producing public-use area of a commercial service airport is allowable for an airport development project at the airport—

(A) if the sponsor certifies that the airport, on the date the grant application is submitted to the Secretary, has—

(i) all the safety equipment required for certification of the airport under section 44706 of this title;

(ii) all the security equipment required by regulation; and

(iii) provided for access, to the area of the airport for passengers for boarding or exiting aircraft, to those passengers boarding or exiting aircraft, except air carrier aircraft;

(B) if the cost is directly related to moving passengers and baggage in air commerce within the airport, including vehicles for moving passengers between terminal facilities and between terminal facilities and aircraft; and

(C) under terms necessary to protect the interests of the Government.

(2) In making a decision under paragraph (1) of this subsection, the Secretary may approve as allowable costs the expenses of terminal development in a revenue-producing area and construction, reconstruction, repair, and improvement in a nonrevenue-producing parking lot if—

(A) the airport does not have more than .05 percent of the total annual passenger boardings in the United States; and

(B) the sponsor certifies that any needed airport development project affecting safety, security, or capacity will not be deferred because of the Secretary's approval.

(e) **LETTERS OF INTENT.**—(1) The Secretary may issue a letter of intent to the sponsor stating an intention to obligate from future budget authority an amount, not more than the Government's share of allowable project costs, for an airport development project (including costs of formulating the project) at a primary or reliever airport. The letter shall establish a schedule under which the Secretary will reimburse the sponsor for the Government's share of allowable project costs, as amounts become available, if the sponsor, after the Secretary issues the letter, carries out the project without receiving amounts under this subchapter.

(2) Paragraph (1) of this subsection applies to a project—

(A) about which the sponsor notifies the Secretary, before the project begins, of the sponsor's intent to carry out the project;

(B) that will comply with all statutory and administrative requirements that would apply to the project if it were carried out with amounts made available under this subchapter; and

(C) that meets the criteria of section 47115(d) and, if for a project at a commercial service airport having at least 0.25 percent of the boardings each year at all such airports, the Secretary decides will enhance system-wide airport capacity significantly.

(3) A letter of intent issued under paragraph (1) of this subsection is not an obligation of the Government under section 1501 of title 31, and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only as amounts are provided in authorization and appropriation laws.

(4) The total estimated amount of future Government obligations covered by all outstanding letters of intent under paragraph (1) of this subsection may not be more than the amount authorized to carry out section 48103 of this title, less an amount reasonably estimated by the Secretary to be needed for grants under section 48103 that are not covered by a letter.

(5) **LETTERS OF INTENT.**—The Secretary may not require an eligible agency to impose a passenger facility fee under section 40117 in order to obtain a letter of intent under this section.

(6) **LIMITATION ON STATUTORY CONSTRUCTION.**—Nothing in this section shall be construed to prohibit the obligation of amounts pursuant to a letter of intent under this subsection in the same fiscal year as the letter of intent is issued.

(f) **NONALLOWABLE COSTS.**—Except as provided in subsection (d) of this section and section 47118(f) of this title, a cost is not an allowable airport development project cost if it is for—

(1) constructing a public parking facility for passenger automobiles;

(2) constructing, altering, or repairing part of an airport building, except to the extent the building will be used for facilities or activities directly related to the safety of individuals at the airport;

(3) decorative landscaping; or

(4) providing or installing sculpture or art works.

(g) **USE OF DISCRETIONARY FUNDS.**—A project for which cost reimbursement is provided under subsection (b)(2)(C) shall not receive priority consideration with respect to the use of discretionary funds made available under section 47115 of this title even if the amounts made available under paragraphs (1) and (2) of section 47114(c) are not sufficient to cover the Government's share of the cost of¹ project.

In subsection (a), the words “for airport development or airport planning” are omitted because of the definition of “project” in section 47102 of the revised title. The text of 49 App.:2212(a) (last sentence) is omitted as surplus because of 49:322(a).

In subsection (b)(1), the word “approved” is omitted as surplus because a project that was not approved could not be carried out in compliance with a grant agreement. The words “in compliance with the grant agreement made for the project under this subchapter” are substituted for “in conformity with the terms and conditions of the grant agreement entered into in connection with the project” to eliminate unnecessary words. The word “sponsor” is substituted for “recipient” for clarity.

In subsection (b)(2)(A), the words “with respect to the project” are omitted as unnecessary because “the grant agreement” means “the grant agreement made for the project” referred to in clause (1) of this subsection. The words “under the project” are omitted as surplus.

Subsection (b)(3) is substituted for “in the opinion of the Secretary it is reasonable in amount, and if the Secretary determines that a project cost is unreasonable in amount, the Secretary may allow as an allowable project cost only so much of such project cost as the Secretary determines to be reasonable” to eliminate unnecessary words.

Subsection (b)(5) is substituted for “except that in no event may the Secretary allow project costs in excess of the definite amount stated in the grant agreement except to the extent authorized by section 2211(b) of this Appendix” for consistency in this section.

In subsection (c), before clause (1), the words “The Secretary may decide that a project cost . . . is allowable” are substituted for “However, the allowable costs of a project . . . may include . . . and the allowable costs of a project . . . may include” for clarity and consistency in the revised title. The words “incurred after May 13, 1946, and before the date the grant agreement is executed” are substituted for “which were incurred prior to the execution of the grant agreement and subsequent to May 13, 1946” and “which were incurred subsequent to May 13, 1946” to eliminate unnecessary words. In clause (1), the words “preparation of”, “acquisition of”, “by the sponsor specifically in connection with the accomplishment of the project for airport development” are omitted as surplus. The words “property interests in land or airspace” are substituted for “land or interests therein or easements through or other interests in airspace” to eliminate unnecessary words.

In subsection (d)(1), before clause (A), the words “The Secretary may decide that the cost . . . is allowable” are substituted for “the Secretary may approve, as allowable project costs” and “The Secretary shall approve project costs allowable under paragraph (1) of this subsection” for clarity and consistency in this section. In clause (B), the words “the boundaries of” are omitted as surplus. In clause (C), the words “and conditions” are omitted as being included in “terms”.

In subsection (d)(2), the words “In making a decision under paragraph (1) of this subsection, the Secretary may approve as allowable costs” are substituted for “In the case of a commercial service airport . . . the Secretary may approve, under the preceding sentence as allowable project costs” for consistency in this subsection.

The word “reimburse” is substituted for “make payments under paragraph (2) of this subsection” and “pay” for clarity. The words “payable on account of such project in accordance with such letter of intent” are omitted as surplus.

In subsection (e)(2), before clause (A), the text of 49 App.:2212(d)(1)(C) (last sentence) is omitted as obsolete.

This section is referred to in sections 40117, 47108, 47115, 47119 of this title.

§ 47111. Payments under project grant agreements

(a) GENERAL AUTHORITY.—After making a project grant agreement under this subchapter and consulting with the sponsor, the Secretary of Transportation may decide when and in what amounts payments under the agreement will be made. Payments totaling not more than 90 percent of the United States Government’s share of the project’s estimated allowable costs may be made before the project is completed if the sponsor certifies to the Secretary that the total amount expended from the advance payments at

any time will not be more than the cost of the airport development work completed on the project at that time.

(b) RECOVERING PAYMENTS.—If the Secretary determines that the total amount of payments made under a grant agreement under this subchapter is more than the Government’s share of the total allowable project costs, the Government may recover the excess amount. If the Secretary finds that a project for which an advance payment was made has not been completed within a reasonable time, the Government may recover any part of the advance payment for which the Government received no benefit.

(c) PAYMENT DEPOSITS.—A payment under a project grant agreement under this subchapter may be made only to an official or depository designated by the sponsor and authorized by law to receive public money.

(d) WITHHOLDING PAYMENTS.—(1) The Secretary may withhold a payment under a grant agreement under this subchapter for more than 180 days after the payment is due only if the Secretary—

(A) notifies the sponsor and provides an opportunity for a hearing; and

(B) finds that the sponsor has violated the agreement.

(2) The 180-day period may be extended by—

(A) agreement of the Secretary and the sponsor; or

(B) the hearing officer if the officer decides an extension is necessary because the sponsor did not follow the schedule the officer established.

(3) A person adversely affected by an order of the Secretary withholding a payment may apply for review of the order by filing a petition in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the project is located. The petition must be filed not later than 60 days after the order is served on the petitioner.

(e) ACTION ON GRANT ASSURANCES CONCERNING AIRPORT REVENUES.—If, after notice and opportunity for a hearing, the Secretary finds a violation of section 47107(b) of this title, as further defined by the Secretary under section 47107(l) of this title, or a violation of an assurance made under section 47107(b) of this title, and the Secretary has provided an opportunity for the airport sponsor to take corrective action to cure such violation, and such corrective action has not been taken within the period of time set by the Secretary, the Secretary shall withhold approval of any new grant application for funds under this chapter, or any proposed modification to an existing grant that would increase the amount of funds made available under this chapter to the airport sponsor, and withhold approval of any new application to impose a fee under section 40117 of this title. Such applications may thereafter be approved only upon a finding by the Secretary that such corrective action as the Secretary requires has been taken to address the violation and that the violation no longer exists.

(f) JUDICIAL ENFORCEMENT.—For any violation of this chapter or any grant assurance made

under this chapter, the Secretary may apply to the district court of the United States for any district in which the violation occurred for enforcement. Such court shall have jurisdiction to enforce obedience thereto by a writ of injunction or other process, mandatory or otherwise, restraining any person from further violation.

(a) CONSTRUCTION WORK.—The Secretary of Transportation may inspect and approve construction work for an airport development project carried out under a grant agreement under this subchapter. The construction work must be carried out in compliance with regulations the Secretary prescribes. The regulations shall require the sponsor to make necessary cost and progress reports on the project. The regulations may amend or modify a contract related to the project only if the contract was made with actual notice of the regulations.

(b) PREVAILING WAGES.—A contract for more than \$2,000 involving labor for an airport development project carried out under a grant agreement under this subchapter must require contractors to pay labor minimum wage rates as determined by the Secretary of Labor under the Act of March 3, 1931 (known as the Davis-Bacon Act) (40 U.S.C. 276a—276a-5). The minimum rates must be included in the bids for the work and in the invitation for those bids.

(2) A contract involving labor for carrying out an airport development project under a grant agreement under this subchapter must require that preference in the employment of labor (except in executive, administrative, and supervisory positions) be given to Vietnam-era veterans and disabled veterans when they are available and qualified for the employment.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 47107, 47119 of this title.

§ 47114. Apportionments

(a) DEFINITION.—In this section, “amount subject to apportionment” means the amount newly made available under section 48103 of this title for a fiscal year.

(b) APPORTIONMENT DATE.—On the first day of each fiscal year, the Secretary of Transportation shall apportion the amount subject to apportionment for that fiscal year as provided in this section.

(c) AMOUNTS APPORTIONED TO SPONSORS.—

(1) PRIMARY AIRPORTS.—

(A) APPORTIONMENT.—The Secretary shall apportion to the sponsor of each primary airport for each fiscal year an amount equal to—

(i) \$7.80 for each of the first 50,000 passenger boardings at the airport during the prior calendar year;

(ii) \$5.20 for each of the next 50,000 passenger boardings at the airport during the prior calendar year;

(iii) \$2.60 for each of the next 400,000 passenger boardings at the airport during the prior calendar year;

(iv) \$.65 for each of the next 500,000 passenger boardings at the airport during the prior calendar year; and

(v) \$.50 for each additional passenger boarding at the airport during the prior calendar year.

(B) MINIMUM AND MAXIMUM APPORTIONMENTS.—Not less than \$650,000 nor more than \$22,000,000 may be apportioned under subparagraph (A) of this paragraph to an airport sponsor for a primary airport for each fiscal year.

(C) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more—

(i) the amount to be apportioned to a sponsor under subparagraph (A) shall be increased by doubling the amount that would otherwise be apportioned;

(ii) the minimum apportionment to a sponsor under subparagraph (B) shall be \$1,000,000 rather than \$650,000; and

(iii) the maximum apportionment to a sponsor under subparagraph (B) shall be \$26,000,000 rather than \$22,000,000.

(D) NEW AIRPORTS.—Notwithstanding subparagraph (A), the Secretary shall apportion on the first day of the first fiscal year following the official opening of a new airport with scheduled passenger air transportation an amount equal to the minimum amount set forth in subparagraph (B) or (C), as appropriate, to the sponsor of such airport.

(E) USE OF PREVIOUS FISCAL YEAR'S APPORTIONMENT.—Notwithstanding subparagraph (A), the Secretary may apportion to an airport sponsor in a fiscal year an amount equal to the amount apportioned to that sponsor in the previous fiscal year if the Secretary finds that—

(i) passenger boardings at the airport fell below 10,000 in the calendar year used to calculate the apportionment;

(ii) the airport had at least 10,000 passenger boardings in the calendar year prior to the calendar year used to calculate apportionments to airport sponsors in a fiscal year; and

(iii) the cause of the shortfall in passenger boardings was a temporary but significant interruption in service by an air carrier to that airport due to an employment action, natural disaster, or other event unrelated to the demand for air transportation at the affected airport.

(2) CARGO ONLY AIRPORTS.—

(A) APPORTIONMENT.—Subject to subparagraph (D), the Secretary shall apportion an amount equal to 3 percent of the amount subject to apportionment each fiscal year to the sponsors of airports served by aircraft providing air transportation of only cargo with a total annual landed weight of more than 100,000,000 pounds.

(B) SUBALLOCATION FORMULA.—Any funds apportioned under subparagraph (A) to sponsors of airports described in subparagraph (A) shall be allocated among those airports in the proportion that the total annual landed weight of aircraft described in subparagraph (A) landing

at each of those airports bears to the total annual landed weight of those aircraft landing at all those airports.

(C) LIMITATION.—In any fiscal year in which the total amount made available under section 48103 is less than \$3,200,000,000, not more than 8 percent of the amount apportioned under subparagraph (A) may be apportioned for any one airport.

(D) DISTRIBUTION TO OTHER AIRPORTS.—Before apportioning amounts to the sponsors of airports under subparagraph (A) for a fiscal year, the Secretary may set-aside a portion of such amounts for distribution to the sponsors of other airports, selected by the Secretary, that the Secretary finds will be served primarily by aircraft providing air transportation of only cargo.

(E) DETERMINATION OF LANDED WEIGHT.—Landed weight under this paragraph is the landed weight of aircraft landing at each airport described in subparagraph (A) during the prior calendar year.

(d) AMOUNTS APPORTIONED FOR GENERAL AVIATION AIRPORTS.—

(1) DEFINITIONS.—In this subsection, the following definitions apply:

(A) AREA.—The term “area” includes land and water.

(B) POPULATION.—The term “population” means the population stated in the latest decennial census of the United States.

(2) APPORTIONMENT.—Except as provided in paragraph (3), the Secretary shall apportion to the States 18.5 percent of the amount subject to apportionment for each fiscal year as follows:

(A) 0.66 percent of the apportioned amount to Guam, American Samoa, the Northern Mariana Islands, and the Virgin Islands.

(B) Except as provided in paragraph (4), 49.67 percent of the apportioned amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in subparagraph (A) in the proportion that the population of each of those States bears to the total population of all of those States.

(C) Except as provided in paragraph (4), 49.67 percent of the apportioned amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in subparagraph (A) in the proportion that the area of each of those States bears to the total area of all of those States.

(3) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more, rather than making an apportionment under paragraph (2), the Secretary shall apportion 20 percent of the amount subject to apportionment for each fiscal year as follows:

(A) To each airport, excluding primary airports but including reliever and nonprimary commercial service airports, in States the lesser of—

(i) \$150,000; or

(ii) ½ of the most recently published estimate of the 5-year costs for airport im-

provement for the airport, as listed in the national plan of integrated airport systems developed by the Federal Aviation Administration under section 47103.

(B) Any remaining amount to States as follows:

(i) 0.62 percent of the remaining amount to Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands.

(ii) Except as provided in paragraph (4), 49.69 percent of the remaining amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in clause (i) in the proportion that the population of each of those States bears to the total population of all of those States.

(iii) Except as provided in paragraph (4), 49.69 percent of the remaining amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in clause (i) in the proportion that the area of each of those States bears to the total area of all of those States.

(4) AIRPORTS IN ALASKA, PUERTO RICO, AND HAWAII.—An amount apportioned under paragraph (2) or (3) to Alaska, Puerto Rico, or Hawaii for airports in such State may be made available by the Secretary for any public airport in those respective jurisdictions.

(5) USE OF STATE HIGHWAY SPECIFICATIONS.—

(A) IN GENERAL.—The Secretary may permit the use of State highway specifications for airfield pavement construction using funds made available under this subsection at nonprimary airports with runways of 5,000 feet or shorter serving aircraft that do not exceed 60,000 pounds gross weight if the Secretary determines that—

(i) safety will not be negatively affected; and

(ii) the life of the pavement will not be shorter than it would be if constructed using Administration standards.

(B) LIMITATION.—An airport may not seek funds under this subchapter for runway rehabilitation or reconstruction of any such airfield pavement constructed using State highway specifications for a period of 10 years after construction is completed unless the Secretary determines that the rehabilitation or reconstruction is required for safety reasons.

(6) INTEGRATED AIRPORT SYSTEM PLANNING.—Notwithstanding any other provision of this subsection, funds made available under this subsection may be used for integrated airport system planning that encompasses one or more primary airports.

(e) SUPPLEMENTAL APPORTIONMENT FOR ALASKA.—

(1) IN GENERAL.—Notwithstanding subsections (c) and (d) of this section, the Secretary may apportion amounts for airports in Alaska in the way in which amounts were apportioned in the fiscal year ending September

30, 1980, under section 15(a) of the Act. However, in apportioning amounts for a fiscal year under this subsection, the Secretary shall apportion—

(A) for each primary airport at least as much as would be apportioned for the airport under subsection (c)(1) of this section; and

(B) a total amount at least equal to the minimum amount required to be apportioned to airports in Alaska in the fiscal year ending September 30, 1980, under section 15(a)(3)(A) of the Act.

(2) AUTHORITY FOR DISCRETIONARY GRANTS.—This subsection does not prohibit the Secretary from making project grants for airports in Alaska from the discretionary fund under section 47115 of this title.

(3) AIRPORTS ELIGIBLE FOR FUNDS.—An amount apportioned under this subsection may be used for any public airport in Alaska.

(4) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more, the amount that may be apportioned for airports in Alaska under paragraph (1) shall be increased by doubling the amount that would otherwise be apportioned.

(f) REDUCING APPORTIONMENTS.—

(1) IN GENERAL.—Subject to paragraph (3), an amount that would be apportioned under this section (except subsection (c)(2)) in a fiscal year to the sponsor of an airport having at least .25 percent of the total number of boardings each year in the United States and for which a fee is imposed in the fiscal year under section 40117 of this title shall be reduced by an amount equal to—

(A) in the case of a fee of \$3.00 or less, 50 percent of the projected revenues from the fee in the fiscal year but not by more than 50 percent of the amount that otherwise would be apportioned under this section; and

(B) in the case of a fee of more than \$3.00, 75 percent of the projected revenues from the fee in the fiscal year but not by more than 75 percent of the amount that otherwise would be apportioned under this section.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 41742, 47104, 47105, 47106, 47107, 47108, 47110, 47115, 47116, 47117, 47119, 47124, 47134, 47135 of this title.

§ 47115. Discretionary fund

(a) EXISTENCE AND AMOUNTS IN FUND.—The Secretary of Transportation has a discretionary fund. The fund consists of—

(1) amounts subject to apportionment for a fiscal year that are not apportioned under section 47114(c)–(e) of this title; and

(2) 12.5 percent of amounts not apportioned under section 47114 of this title because of section 47114(f).

(b) AVAILABILITY OF AMOUNTS.—Subject to subsection (c) of this section and section 47117(e) of this title, the fund is available for making grants for any purpose for which amounts are made available under section 48103 of this title that the Secretary considers most appropriate to carry out this subchapter.

(c) MINIMUM PERCENTAGE FOR PRIMARY AND RELIEVER AIRPORTS.—At least 75 percent of the amount in the fund and distributed by the Sec-

retary in a fiscal year shall be used for making grants—

(1) to preserve and enhance capacity, safety, and security at primary and reliever airports; and

(2) to carry out airport noise compatibility planning and programs at primary and reliever airports.

(d) CONSIDERATIONS.—In selecting a project for a grant to preserve and enhance capacity as described in subsection (c)(1) of this section, the Secretary shall consider—

(1) the effect the project will have on the overall national air transportation system capacity;

(2) the project benefit and cost, including, in the case of a project at a reliever airport, the number of operations projected to be diverted from a primary airport to the reliever airport as a result of the project, as well as the cost savings projected to be realized by users of the local airport system;

(3) the financial commitment from non-United States Government sources to preserve or enhance airport capacity;

(4) the airport improvement priorities of the States, and regional offices of the Administration, to the extent such priorities are not in conflict with paragraphs (1) and (2);

(5) the projected growth in the number of passengers that will be using the airport at which the project will be carried out; and

(6) any increase in the number of passenger boardings in the preceding 12-month period at the airport at which the project will be carried out, with priority consideration to be given to projects at airports at which the number of passenger boardings increased by at least 20 percent as compared to the number of passenger boardings in the 12-month period preceding such period.

(e) WAIVING PERCENTAGE REQUIREMENT.—If the Secretary decides the Secretary cannot comply with the percentage requirement of subsection (c) of this section in a fiscal year because there are insufficient qualified grant applications to meet that percentage, the amount the Secretary determines will not be distributed as required by subsection (c) is available for obligation during the fiscal year without regard to the requirement.

(f) CONSIDERATION OF DIVERSION OF REVENUES IN AWARDING DISCRETIONARY GRANTS.—

(1) GENERAL RULE.—Subject to paragraph (2), in deciding whether or not to distribute funds to an airport from the discretionary funds established by subsection (a) of this section and section 47116 of this title, the Secretary shall consider as a factor militating against the distribution of such funds to the airport the fact that the airport is using revenues generated by the airport or by local taxes on aviation fuel for purposes other than capital or operating costs of the airport or the local airports system or other local facilities which are owned or operated by the owner or operator of the airport and directly and substantially related to the actual air transportation of passengers or property.

(2) REQUIRED FINDING.—Paragraph (1) shall apply only when the Secretary finds that the

amount of revenues used by the airport for purposes other than capital or operating costs in the airport's fiscal year preceding the date of the application for discretionary funds exceeds the amount of such revenues in the airport's first fiscal year ending after August 23, 1994, adjusted by the Secretary for changes in the Consumer Price Index of All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(g) MINIMUM AMOUNT TO BE CREDITED.—

(1) GENERAL RULE.—In a fiscal year, there shall be credited to the fund, out of amounts made available under section 48103 of this title, an amount that is at least equal to the sum of—

(A) \$148,000,000; plus

(B) the total amount required from the fund to carry out in the fiscal year letters of intent issued before January 1, 1996, under section 47110(e) of this title or the Airport and Airway Improvement Act of 1982.

The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

(2) REDUCTION OF APPORTIONMENTS.—In a fiscal year in which the amount credited under subsection (a) is less than the minimum amount to be credited under paragraph (1), the total amount calculated under paragraph (3) shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals such minimum amount.

(3) AMOUNT OF REDUCTION.—For a fiscal year, the total amount available to make a reduction to carry out paragraph (2) is the total of the amounts determined under sections 47114(c)(1)(A), 47114(c)(2), 47114(d), and 47117(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(h) PRIORITY FOR LETTERS OF INTENT.—In making grants in a fiscal year with funds made available under this section, the Secretary shall fulfill intentions to obligate under section 47110(e).

AMENDMENTS

1999—Subsec. (a)(2). Pub. L. 106-6, §8(a)(1), substituted “12.5” for “25”.

Subsec. (b). Pub. Subsec. (g)(4). Pub. L. 106-6, §5, which directed the amendment of section 47115(g) by striking paragraph (4), without specifying the Code title to be amended, was executed by striking heading and text of par. (4) of subsec. (g) of this section, to reflect the probable intent of Congress. Text read as follows: “For a fiscal year in

which the amount credited to the fund under this subsection exceeds \$300,000,000, the Secretary shall allocate the amount of such excess as follows:

“(A) 1/3 shall be made available to airports for which apportionments are made under section 47114(d) of this title.

“(B) 1/3 shall be made available for airport noise compatibility planning under section 47505(a)(2) of this title and for carrying out noise compatibility programs under section 47504(c)(1) of this title.

“(C) 1/3 shall be made available to current or former military airports for which grants may be made under section 47117(e)(1)(B) of this title.”

Subsec. (d)(4) to (6). Pub. L. 104-264, §145(a)(2), (3), added pars. (4) to (6).

Subsec. (f). Pub. L. 104-287, §5(81)(B), which directed that subsec. (f), as enacted by Pub. L. 103-429, be redesignated (g), could not be executed because of amendment by Pub. L. 104-264, §122, which struck out that subsec. See below.

Pub. L. 104-264, §122, struck out subsec. (f), relating to minimum amount to be credited, which read as follows:

“(f) MINIMUM AMOUNT TO BE CREDITED.—(1) In a fiscal year, at least \$325,000,000 of the amount made available under section 48103 of this title shall be credited to the fund. The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

“(2) In a fiscal year in which the amount credited under subsection (a) of this section is less than \$325,000,000, the total amount calculated under paragraph (3) of this subsection shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals \$325,000,000.

§ 47116. Small airport fund

(a) EXISTENCE AND AMOUNTS IN FUND.—The Secretary of Transportation has a small airport

fund. The fund consists of 87.5 percent of amounts not apportioned under section 47114 of this title because of section 47114(f).

(b) DISTRIBUTION OF AMOUNTS.—The Secretary may distribute amounts in the fund in each fiscal year for any purpose for which amounts are made available under section 48103 of this title as follows:

(1) one-seventh for grants for projects at small hub airports (as defined in section 41731 of this title); and

(2) the remaining amounts based on the following:

(A) one-third for grants to sponsors of public-use airports (except commercial service airports).

(B) two-thirds for grants to sponsors of each commercial service airport that each year has less than .05 percent of the total boardings in the United States in that year.

(c) AUTHORITY TO RECEIVE GRANT NOT DEPENDENT ON PARTICIPATION IN BLOCK GRANT PILOT PROGRAM.—An airport in a State participating in the State block grant pilot program under section 47128 of this title may receive a grant under this section to the same extent the airport may receive a grant if the State were not participating in the program.

(d) PRIORITY CONSIDERATION FOR CERTAIN PROJECTS.—

(1) CONSTRUCTION OF NEW RUNWAYS.—In making grants to sponsors described in subsection (b)(2), the Secretary shall give priority consideration to multi-year projects for construction of new runways that the Secretary finds are cost beneficial and would increase capacity in a region of the United States.

(2) AIRPORT DEVELOPMENT FOR TURBINE POWERED AIRCRAFT.—In making grants to sponsors described in subsection (b)(1), the Secretary shall give priority consideration to airport development projects to support operations by turbine powered aircraft if the non-Federal share of the project is at least 40 percent.

(e) SET-ASIDE FOR MEETING SAFETY TERMS IN AIRPORT OPERATING CERTIFICATES.—In the first fiscal year beginning after the effective date of regulations issued to carry out section 44706(b) with respect to airports described in section 44706(a)(2), and in each of the next 4 fiscal years, the lesser of \$15,000,000 or 20 percent of the amounts that would otherwise be distributed to sponsors of airports under subsection (b)(2) shall be used to assist the airports in meeting the terms established by the regulations. If the Secretary publishes in the Federal Register a finding that all the terms established by the regulations have been met, this subsection shall cease to be effective as of the date of such publication.

(f) NOTIFICATION OF SOURCE OF GRANT.—Whenever the Secretary makes a grant under this section, the Secretary shall notify the recipient of the grant, in writing, that the source of the grant is from the small airport fund.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 47115 of this title.

§ 47117. Use of apportioned amounts

(a) GRANT PURPOSE.—Except as provided in this section, an amount apportioned under section 47114(c)(1) or (d)(2) of this title is available for making grants for any purpose for which amounts are made available under section 48103 of this title.

(b) PERIOD OF AVAILABILITY.—An amount apportioned under section 47114 of this title is available to be obligated for grants under the apportionment only during the fiscal year for which the amount was apportioned and the 2 fiscal years immediately after that year or the 3 fiscal years immediately following that year in the case of a primary airport that had less than .05 percent of the total boardings in the United States in the preceding calendar year. If the amount is not obligated under the apportionment within that time, it shall be added to the discretionary fund.

(c) PRIMARY AIRPORTS.—(1) An amount apportioned to a sponsor of a primary airport under

section 47114(c)(1) of this title is available for grants for any public-use airport of the sponsor included in the national plan of integrated airport systems.

(2) A sponsor of a primary airport may make an agreement with the Secretary of Transportation waiving any part of the amount apportioned for the airport under section 47114(c)(1) of this title if the Secretary makes the waived amount available for a grant for another public-use airport in the same State or geographical area as the primary airport.

(d) STATE USE.—An amount apportioned to a State under—

(1) section 47114(d)(2)(A) of this title is available for grants for airports located in the State; and

(2) section 47114(d)(2)(B) or (C) of this title is available for grants for airports described in section 47114(d)(2)(B) or (C) and located in the State.

(e) SPECIAL APPORTIONMENT CATEGORIES.—(1) The Secretary shall use amounts available to the discretionary fund under section 47115 of this title for each fiscal year as follows:

(A) At least 34 percent for grants for airport noise compatibility planning under section 47505(a)(2) of this title and for carrying out noise compatibility programs under section 47504(c) of this title. The Secretary may count the amount of grants made for such planning and programs with funds apportioned under section 47114 in that fiscal year in determining whether or not such 34 percent requirement is being met in that fiscal year.

(B) at¹ least 4 percent to sponsors of current or former military airports designated by the Secretary under section 47118(a) of this title for grants for developing current and former military airports to improve the capacity of the national air transportation system and to sponsors of noncommercial service airports for grants for operational and maintenance expenses at any such airport if the amount of such grants to the sponsor of the airport does not exceed \$30,000 in that fiscal year, if the Secretary determines that the airport is adversely affected by the closure or realignment of a military base, and if the sponsor of the airport certifies that the airport would otherwise close if the airport does not receive the grant.

(C) In any fiscal year in which the total amount made available under section 48103 is \$3,200,000,000 or more, at least two-thirds of 1 percent for grants to sponsors of reliever airports which have—

- (i) more than 75,000 annual operations;
- (ii) a runway with a minimum usable landing distance of 5,000 feet;
- (iii) a precision instrument landing procedure;
- (iv) a minimum number of aircraft, to be determined by the Secretary, based at the airport; and
- (v) been designated by the Secretary as a reliever airport to an airport with 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.

(2) If the Secretary decides that an amount required to be used for grants under paragraph (1) of this subsection cannot be used for a fiscal year because there are insufficient qualified grant applications, the amount the Secretary determines cannot be used is available during the fiscal year for grants for other airports or for other purposes for which amounts are authorized for grants under section 48103 of this title.

(3) PRIORITY.—The Secretary shall give priority in making grants under paragraph (1)(A) to applications for airport noise compatibility planning and programs at and around—

- (A) Chicago O'Hare International Airport;
 - (B) LaGuardia Airport;
 - (C) John F. Kennedy International Airport;
- and
- (D) Ronald Reagan Washington National Airport.

(f) DISCRETIONARY USE OF APPORTIONMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), if the Secretary finds that all or part of an amount of an apportionment under section 47114 is not required during a fiscal year to fund a grant for which the apportionment may be used, the Secretary may use during such fiscal year the amount not so required to make grants for any purpose for which grants may be made under section 48103. The finding may be based on the notifications that the Secretary receives under section 47105(f) or on other information received from airport sponsors.

(2) RESTORATION OF APPORTIONMENTS.—

(A) IN GENERAL.—If the fiscal year for which a finding is made under paragraph (1) with respect to an apportionment is not the last fiscal year of availability of the apportionment under subsection (b), the Secretary shall restore to the apportionment an amount equal to the amount of the apportionment used under paragraph (1) for a discretionary grant whenever a sufficient amount is made available under section 48103.

(B) PERIOD OF AVAILABILITY.—If restoration under this paragraph is made in the fiscal year for which the finding is made or the succeeding fiscal year, the amount restored shall be subject to the original period of availability of the apportionment under subsection (b). If the restoration is made thereafter, the amount restored shall remain available in accordance with subsection (b) for the original period of availability of the apportionment plus the number of fiscal years during which a sufficient amount was not available for the restoration.

(3) NEWLY AVAILABLE AMOUNTS.—

(A) RESTORED AMOUNTS TO BE UNAVAILABLE FOR DISCRETIONARY GRANTS.—Of an amount newly available under section 48103 of this title, an amount equal to the amounts restored under paragraph (2) shall not be available for discretionary grant obligations under section 47115.

(B) USE OF REMAINING AMOUNTS.—Subparagraph (A) does not impair the Secretary's authority under paragraph (1), after a res-

toration under paragraph (2), to apply all or part of a restored amount that is not required to fund a grant under an apportionment to fund discretionary grants.

(4) LIMITATIONS ON OBLIGATIONS APPLY.—Nothing in this subsection shall be construed to authorize the Secretary to incur grant obligations under section 47104 for a fiscal year in an amount greater than the amount made available under section 48103 for such obligations for such fiscal year.

(g) LIMITING AUTHORITY OF SECRETARY.—The authority of the Secretary to make grants during a fiscal year from amounts that were apportioned for a prior fiscal year and remain available for approved airport development project grants under subsection (b) of this section may be impaired only by a law enacted after September 3, 1982, that expressly limits that authority.

“(B) the amounts authorized for grants under section 48103 of this title for later fiscal years are sufficient for grants of the apportioned amounts that were not used for grants under the apportionment during the fiscal year and that remain available under subsection (b) of this section.”

Pub. L. 106-181, §104(g), redesignated subsec. (g) as (f) and struck out heading and text of former subsec. (f). Text read as follows: “The Secretary may not make a grant for a commercial service airport in Alaska of more than 110 percent of the amount apportioned for the airport for a fiscal year under section 47114(e) of this title.”

Subsecs. (g), (h). Pub. L. 106-181, §104(g), redesignated subsec. (g) and (h) as (f) and (g), respectively.

Pub. L. 106-6 made amendment identical to that made by Pub. L. 105-102, §3(c)(2). See 1997 Amendment note below.

1997—Subsec. (e)(1)(A). Pub. L. 105-102, §3(c)(1)(B), added Pub. L. 104-264, §123(d). See 1996 Amendment note below.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 47104, 47115, 47118 of this title.

§ 47118. Designating current and former military airports

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall designate current or former military airports for which grants may be made under section 47117(e)(1)(B) of this title. The maximum number of airports bearing such designation at any time is 15. The Secretary may only so designate an airport (other than an airport so designated before August 24, 1994) if—

(1) the airport is a former military installation closed or realigned under—

(A) section 2687 of title 10;

(B) section 201 of the Defense Authorization Amendments and Base Closure and Realignment Act (10 U.S.C. 2687 note); or

(C) section 2905 of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note); or

(2) the airport is a military installation with both military and civil aircraft operations.

(b) SURVEY.—Not later than September 30, 1991, the Secretary shall complete a survey of current and former military airports to identify which airports have the greatest potential to improve the capacity of the national air transportation system. The survey shall identify the capital development needs of those airports to make them part of the system and which of those qualify for grants under section 47104 of this title.

(c) CONSIDERATIONS.—In carrying out this section, the Secretary shall consider only current or former military airports for designation under this section if a grant under section 47117(e)(1)(B) would—

(1) reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings; or

(2) enhance airport and air traffic control system capacity in a metropolitan area or reduce current and projected flight delays.

(d) GRANTS.—Grants under section 47117(e)(1)(B) of this title may be made for an

airport designated under subsection (a) of this section for the 5 fiscal years following the designation, and for subsequent periods, each not to exceed 5 fiscal years, if the Secretary determines that the airport satisfies the designation criteria under subsection (a) at the beginning of each such subsequent period.

(e) TERMINAL BUILDING FACILITIES.—Not more than \$7,000,000 for each airport from amounts the Secretary distributes under section 47115 of this title for a fiscal year is available to the sponsor of a current or former military airport the Secretary designates under this section to construct, improve, or repair a terminal building facility, including terminal gates used for revenue passengers getting on or off aircraft. A gate constructed, improved, or repaired under this subsection—

(1) may not be leased for more than 10 years; and

(2) is not subject to majority in interest clauses.

(f) PARKING LOTS, FUEL FARMS, UTILITIES, HANGARS, AND AIR CARGO TERMINALS.—Not more than a total of \$7,000,000 for each airport from amounts the Secretary distributes under section 47115 of this title for fiscal years beginning after September 30, 1992, is available to the sponsor of a current or former military airport the Secretary designates under this section to construct, improve, or repair airport surface parking lots, fuel farms, utilities, and hangars and air cargo terminals of an area that is 50,000 square feet or less.

(g) DESIGNATION OF GENERAL AVIATION AIRPORT.—Notwithstanding any other provision of this section, one of the airports bearing a designation under subsection (a) may be a general aviation airport that was a former military installation closed or realigned under a section referred to in subsection (a)(1).

AMENDMENTS

2000—Subsec. (a). Pub. L. 106-181, §130(a)(1)(A), substituted “15” for “12” in introductory provisions.

Subsec. (a)(2). Pub. L. 106-181, §130(a)(1)(B), added par. (2) and struck out former par. (2) which read as follows: “the Secretary finds that such grants would—

“(A) reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings; or

“(B) enhance airport and air traffic control system capacity in a metropolitan area or reduce current and projected flight delays.”

Subsec. (c). Pub. L. 106-181, §130(a)(2), added subsec. (c) and struck out heading and text of former subsec. (c). Text read as follows: “In carrying out this section, the Secretary shall consider only current or former military airports that, when at least partly converted to civilian commercial or reliever airports as part of the national air transportation system, will enhance airport and air traffic control system capacity in major metropolitan areas and reduce current and projected flight delays.”

Subsec. (d). Pub. L. 106-181, §130(a)(3), substituted “47117(e)(1)(B)” for “47117(e)(1)(E)”, “periods, each not to exceed 5 fiscal years,” for “5-fiscal-year periods”, and “each such subsequent period” for “each such subsequent 5-fiscal-year period”.

Subsec. (g). Pub. L. 106-181, §130(a)(4), added subsec. (g).

1996—Subsec. (a). Pub. L. 104-287, §5(83)(A), which directed amendment of subsec. (a) by substituting “before August 24, 1994” for “on or before the date of the enactment of this sentence”, could not be executed because the phrase to be amended did not appear subsequent to amendment by Pub. L. 104-264, §124(a). See below.

Pub. L. 104-264, §124(a), amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows:

“(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall designate not more than 15 current or former military airports for which grants may be made under section 47117(e)(1)(E) of this title. The Secretary may only designate an airport for such grants (other than an airport designated for such grants on or before the date of the enactment of this sentence) if the Secretary finds that grants under such

section for projects at such airport would reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.”

Subsec. (d). Pub. L. 104-264, §124(b), substituted “designation, and for subsequent 5-fiscal-year periods if the Secretary determines that the airport satisfies the designation criteria under subsection (a) at the beginning of each such subsequent 5-fiscal-year period.” for “designation.”

(f) by substituting “Utilities, and Hangars” for “and Utilities” in heading and “for fiscal years beginning after September 30, 1992,” for “for the fiscal years ending September 30, 1993-1996,” and “utilities, and hangars” for “and utilities” in text.

1994—Subsec. (a). Pub. L. 103-305, §116(b), substituted “15” for “12” and inserted at end “The Secretary may only designate an airport for such grants (other than an airport designated for such grants on or before the date of the enactment of this sentence) if the Secretary finds that grants under such section for projects at such airport would reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.”

Subsec. (d). Pub. L. 103-305, §116(c), struck out at end “If an airport does not have a level of passengers getting on aircraft during that 5-year period that qualifies the airport as a small hub airport (as defined on January 1, 1990) or reliever airport, the Secretary may redesignate the airport for grants for additional fiscal years that the Secretary decides.”

Subsec. (f). Pub. L. 103-305, §116(d), substituted “September 30, 1993-1996” for “September 30, 1993-1995”.

This section is referred to in sections 47110, 47117 of this title.

§ 47119. Terminal development costs

(a) REPAYING BORROWED MONEY.—An amount apportioned under section 47114 of this title and made available to the sponsor of an air carrier airport at which terminal development was carried out after June 30, 1970, and before July 12, 1976, or, in the case of a commercial service airport which annually had less than 0.05 percent of the total enplanements in the United States, between January 1, 1992, and October 31, 1992, is available to repay immediately money borrowed and used to pay the costs for terminal development at the airport, if those costs would be allowable project costs under section 47110(d) of this title if they had been incurred after September 3, 1982. An amount is available for a grant under this subsection—

(1) only if—

(A) the sponsor submits the certification required under section 47110(d) of this title;

(B) the Secretary of Transportation decides that using the amount to repay the borrowed money will not defer an airport development project outside the terminal area at that airport; and

(C) amounts available for airport development under this subchapter will not be used for additional terminal development projects at the airport for at least 3 years beginning on the date the grant is used to repay the borrowed money; and

(2) subject to the limitations in subsection (b)(1) and (2) of this section.

(b) AVAILABILITY OF AMOUNTS.—In a fiscal year, the Secretary may make available—

(1) to a sponsor of a primary airport, any part of amounts apportioned to the sponsor for the fiscal year under section 47114(c)(1) of this title to pay project costs allowable under section 47110(d) of this title;

(2) on approval of the Secretary, not more than \$200,000 of the amount that may be distributed for the fiscal year from the discretionary fund established under section 47115 of this title—

(A) to a sponsor of a nonprimary commercial service airport to pay project costs allowable under section 47110(d) of this title; and

(B) to a sponsor of a reliever airport for the types of project costs allowable under section 47110(d), including project costs allowable for a commercial service airport that each year does not have more than .05 percent of the total boardings in the United States;

(3) for use by a primary airport that each year does not have more than .05 percent of the total boardings in the United States, any part of amounts that may be distributed for the fiscal year from the discretionary fund and small airport fund to pay project costs allowable under section 47110(d) of this title; or

(4) not more than \$25,000,000 to pay project costs allowable for the fiscal year under section 47110(d) of this title for projects at commercial service airports that were not eligible for assistance for terminal development during the fiscal year ending September 30, 1980, under section 20(b) of the Airport and Airway Development Act of 1970.

(c) NONHUB AIRPORTS.—With respect to a project at a commercial service airport which annually has less than 0.05 percent of the total enplanements in the United States, the Secretary may approve the use of the amounts described in subsection (a) notwithstanding the requirements of sections 47107(a)(17), 47112, and 47113.

(d) DETERMINATION OF PASSENGER BOARDING AT COMMERCIAL SERVICE AIRPORTS.—For the purpose of determining whether an amount may be distributed for a fiscal year from the discretionary fund in accordance with subsection (b)(2)(A) to a commercial service airport, the Secretary shall make the determination of

whether or not a public airport is a commercial service airport on the basis of the number of passenger boardings and type of air service at the public airport in the calendar year that includes the first day of such fiscal year or the preceding calendar year, whichever is more beneficial to the airport.

§ 47124. Agreements for State and local operation of airport facilities

(a) GOVERNMENT RELIEF FROM LIABILITY.—The Secretary of Transportation shall ensure that an agreement under this subchapter with a State or a political subdivision of a State to allow the State or subdivision to operate an airport facility in the State or subdivision relieves the United States Government from any liability arising out of, or related to, acts or omissions of employees of the State or subdivision in operating the airport facility.

(b) AIR TRAFFIC CONTROL CONTRACT PROGRAM.—(1) The Secretary shall continue the low activity (Visual Flight Rules) level I air traffic control tower contract program established under subsection (a) of this section for towers existing on December 30, 1987, and extend the program to other towers as practicable.

(2) The Secretary may make a contract, on a sole source basis, with a State or a political subdivision of a State to allow the State or subdivision to operate an airport traffic control tower classified as a level I (Visual Flight Rules) tower if the Secretary decides that the State or subdivision has the capability to comply with the requirements of this paragraph. The contract shall require that the State or subdivision comply with applicable safety regulations in operating the facility and with applicable competition requirements in making a subcontract to perform work to carry out the contract.

(3) CONTRACT AIR TRAFFIC CONTROL TOWER PILOT PROGRAM.—

(A) IN GENERAL.—The Secretary shall establish a pilot program to contract for air traffic control services at Level I air traffic control towers, as defined by the Secretary, that do not qualify for the contract tower program established under subsection (a) and continued under paragraph (1) (in this paragraph referred to as the “Contract Tower Program”).

(B) PROGRAM COMPONENTS.—In carrying out the pilot program, the Secretary shall—

(i) utilize for purposes of cost-benefit analyses, current, actual, site-specific data, forecast estimates, or airport master plan data provided by a facility owner or operator and verified by the Secretary; and

(ii) approve for participation only facilities willing to fund a pro rata share of the operating costs of the air traffic control tower to achieve a 1-to-1 benefit-to-cost

ratio using actual site-specific contract tower operating costs in any case in which there is an operating air traffic control tower, as required for eligibility under the Contract Tower Program.

(C) PRIORITY.—In selecting facilities to participate in the pilot program, the Secretary shall give priority to the following facilities:

(i) Air traffic control towers that are participating in the Contract Tower Program but have been notified that they will be terminated from such program because the Secretary has determined that the benefit-to-cost ratio for their continuation in such program is less than 1.0.

(ii) Air traffic control towers that the Secretary determines have a benefit-to-cost ratio of at least .50.

(iii) Air traffic control towers of the Federal Aviation Administration that are closed as a result of the air traffic controllers strike in 1981.

(iv) Air traffic control towers located at airports or points at which an air carrier is receiving compensation under the essential air service program under this chapter.

(v) Air traffic control towers located at airports that are prepared to assume partial responsibility for maintenance costs.

(vi) Air traffic control towers located at airports with safety or operational problems related to topography, weather, runway configuration, or mix of aircraft.

(vii) Air traffic control towers located at an airport at which the community has been operating the tower at its own expense.

(D) COSTS EXCEEDING BENEFITS.—If the costs of operating an air traffic tower under the pilot program exceed the benefits, the airport sponsor or State or local government having jurisdiction over the airport shall pay the portion of the costs that exceed such benefit.

(E) FUNDING.—Subject to paragraph (4)(D), of the amounts appropriated pursuant to section 106(k), not more than \$6,000,000 per fiscal year may be used to carry out this paragraph.

(4) CONSTRUCTION OF AIR TRAFFIC CONTROL TOWERS.—

(A) IN GENERAL.—Notwithstanding any other provision of this subchapter, the Secretary may provide grants under this subchapter to not more than two airport sponsors for the construction of a low-level activity visual flight rule (level 1) air traffic control tower, as defined by the Secretary.

(B) ELIGIBILITY.—A sponsor shall be eligible for a grant under this paragraph if—

(i) the sponsor would otherwise be eligible to participate in the pilot program established under paragraph (3) except for the lack of the air traffic control tower proposed to be constructed under this subsection; and

(ii) the sponsor agrees to fund not less than 25 percent of the costs of construction of the air traffic control tower.

(C) PROJECT COSTS.—Grants under this paragraph shall be paid only from amounts appropriated to the sponsor under section 47114(c)(1).

(D) FEDERAL SHARE.—The Federal share of the cost of construction of an air traffic con-

trol tower under this paragraph may not exceed \$1,100,000.

§47125. Conveyances of United States Government land

(a) CONVEYANCES TO PUBLIC AGENCIES.—Except as provided in subsection (b) of this section, the Secretary of Transportation shall request the head of the department, agency, or instrumentality of the United States Government owning or controlling land or airspace to convey a property interest in the land or airspace to the public agency sponsoring the project or owning or controlling the airport when necessary to carry out a project under this subchapter at a public airport, to operate a public airport, or for the future development of an airport under the national plan of integrated airport systems. The head of the department, agency, or instrumentality shall decide whether the requested conveyance is consistent with the needs of the department, agency, or instrumentality and shall notify the Secretary of that decision not later than 4 months after receiving the request. If the head of the department, agency, or instrumentality decides that the requested conveyance is

consistent with its needs, the head of the department, agency, or instrumentality, with the approval of the Attorney General and without cost to the Government, shall make the conveyance. A conveyance may be made only on the condition that the property interest conveyed reverts to the Government, at the option of the Secretary, to the extent it is not developed for an airport purpose or used consistently with the conveyance. Before waiving a condition that property be used for an aeronautical purpose under the preceding sentence, the Secretary must provide notice to the public not less than 30 days before waiving such condition.

(b) NONAPPLICATION.—Except as specifically provided by law, subsection (a) of this section does not apply to land or airspace owned or controlled by the Government within—

(1) a national park, national monument, national recreation area, or similar area under the administration of the National Park Service;

(2) a unit of the National Wildlife Refuge System or similar area under the jurisdiction of the United States Fish and Wildlife Service; or

§ 47128. State block grant program

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall prescribe regulations to carry out a State block grant program. The regulations shall provide that the Secretary may designate not more than 9 qualified States for fiscal years 2000 and 2001 and 10 qualified States for each fiscal year thereafter to assume administrative responsibility for all airport grant amounts available under this subchapter, except for amounts designated for use at primary airports.

(b) APPLICATIONS AND SELECTION.—A State wishing to participate in the program must submit an application to the Secretary. The Secretary shall select a State on the basis of its application only after—

(1) deciding the State has an organization capable of effectively administering a block grant made under this section;

(2) deciding the State uses a satisfactory airport system planning process;

(3) deciding the State uses a programming process acceptable to the Secretary;

(4) finding that the State has agreed to comply with United States Government standard requirements for administering the block grant; and

(5) finding that the State has agreed to provide the Secretary with program information the Secretary requires.

(c) SAFETY AND SECURITY NEEDS AND NEEDS OF SYSTEM.—Before deciding whether a planning

process is satisfactory or a programming process is acceptable under subsection (b)(2) or (b)(3) of this section, the Secretary shall ensure that the process provides for meeting critical safety and security needs and that the programming process ensures that the needs of the national airport system will be addressed in deciding which projects will receive money from the Government. In carrying out this subsection, the Secretary shall permit a State to use the priority system of the State if such system is not inconsistent with the national priority system.

This section is referred to in sections 47109, 47116 of this title.

§ 47129. Resolution of airport-air carrier disputes concerning airport fees

(a) AUTHORITY TO REQUEST SECRETARY’S DETERMINATION.—

(1) IN GENERAL.—The Secretary of Transportation shall issue a determination as to whether a fee imposed upon one or more air carriers (as defined in section 40102 of this title) by the owner or operator of an airport is reasonable if—

(A) a written request for such determination is filed with the Secretary by such owner or operator; or

(B) a written complaint requesting such determination is filed with the Secretary by an affected air carrier within 60 days after such carrier receives written notice of the establishment or increase of such fee.

(2) CALCULATION OF FEE.—A fee subject to a determination of reasonableness under this section may be calculated pursuant to either a compensatory or residual fee methodology or any combination thereof.

(3) SECRETARY NOT TO SET FEE.—In determining whether a fee is reasonable under this section, the Secretary may only determine whether the fee is reasonable or unreasonable and shall not set the level of the fee.

(4) FEES IMPOSED BY PRIVATELY-OWNED AIRPORTS.—In evaluating the reasonableness of a fee imposed by an airport receiving an exemption under section 47134 of this title, the Secretary shall consider whether the airport has complied with section 47134(c)(4).

(b) PROCEDURAL REGULATIONS.—Not later than 90 days after August 23, 1994, the Secretary shall publish in the Federal Register final regulations, policy statements, or guidelines establishing—

(1) the procedures for acting upon any written request or complaint filed under subsection (a)(1); and

(2) the standards or guidelines that shall be used by the Secretary in determining under this section whether an airport fee is reasonable.

(c) DECISIONS BY SECRETARY.—The final regulations, policy statements, or guidelines required in subsection (b) shall provide the following:

(1) Not more than 120 days after an air carrier files with the Secretary a written complaint relating to an airport fee, the Secretary shall issue a final order determining whether such fee is reasonable.

(2) Within 30 days after such complaint is filed with the Secretary, the Secretary shall dismiss the complaint if no significant dispute exists or shall assign the matter to an administrative law judge; and thereafter the matter shall be handled in accordance with part 302 of title 14, Code of Federal Regulations, or as modified by the Secretary to ensure an orderly disposition of the matter within the 120-day period and any specifically applicable provisions of this section.

(3) The administrative law judge shall issue a recommended decision within 60 days after the complaint is assigned or within such shorter period as the Secretary may specify.

(4) If the Secretary, upon the expiration of 120 days after the filing of the complaint, has not issued a final order, the decision of the administrative law judge shall be deemed to be the final order of the Secretary.

(5) Any party to the dispute may seek review of a final order of the Secretary under this subsection in the Circuit Court of Appeals for the District of Columbia Circuit or the court of appeals in the circuit where the airport which gives rise to the written complaint is located.

(6) Any findings of fact in a final order of the Secretary under this subsection, if supported by substantial evidence, shall be conclusive if challenged in a court pursuant to this subsection. No objection to such a final order shall be considered by the court unless objection was urged before an administrative law judge or the Secretary at a proceeding under this subsection or, if not so urged, unless there were reasonable grounds for failure to do so.

(d) PAYMENT UNDER PROTEST; GUARANTEE OF AIR CARRIER ACCESS.—

(1) PAYMENT UNDER PROTEST.—

(A) IN GENERAL.—Any fee increase or newly established fee which is the subject of a complaint that is not dismissed by the Secretary shall be paid by the complainant air carrier to the airport under protest.

(C) ASSURANCE OF TIMELY REPAYMENT.—In order to assure the timely repayment, with interest, of amounts in dispute determined not to be reasonable by the Secretary, the airport shall obtain a letter of credit, or surety bond, or other suitable credit facility, equal to the amount in dispute that is due during the 120-day period established by this section, plus interest, unless the airport and the complainant air carrier agree otherwise.

(D) DEADLINE.—The letter of credit, or surety bond, or other suitable credit facility shall be provided to the Secretary within 20 days of the filing of the complaint and shall remain in effect for 30 days after the earlier of 120 days or the issuance of a timely final order by the Secretary determining whether such fee is reasonable.

(2) GUARANTEE OF AIR CARRIER ACCESS.—Contingent upon an air carrier's compliance with the requirements of paragraph (1) and pending the issuance of a final order by the Secretary determining the reasonableness of a fee that is the subject of a complaint filed under subsection (a)(1)(B), an owner or operator of an airport may not deny an air carrier currently providing air service at the airport reasonable access to airport facilities or service, or otherwise interfere with an air carrier's prices, routes, or services, as a means of enforcing the fee.

(e) APPLICABILITY.—This section does not apply to—

(1) a fee imposed pursuant to a written agreement with air carriers using the facilities of an airport;

(2) a fee imposed pursuant to a financing agreement or covenant entered into prior to August 23, 1994; or

(2) the ability of an airport to meet its obligations under a financing agreement, or covenant, that is in force as of August 23, 1994.

(g) DEFINITION.—In this section, the term “fee” means any rate, rental charge, landing fee, or other service charge for the use of airport facilities.

(2) The operation of the airport will not be interrupted in the event that the purchaser or lessee becomes insolvent or seeks or becomes subject to any State or Federal bankruptcy, reorganization, insolvency, liquidation, or dissolution proceeding or any petition or similar law seeking the dissolution or reorganization of the purchaser or lessee or the appointment of a receiver, trustee, custodian, or liquidator for the purchaser or lessee or a substantial part of the purchaser or lessee's property, assets, or business.

(3) The purchaser or lessee will maintain, improve, and modernize the facilities of the airport through capital investments and will submit to the Secretary a plan for carrying out such maintenance, improvements, and modernization.

(7) The adverse effects of noise from operations at the airport will be mitigated to the same extent as at a public airport.

(8) Any adverse effects on the environment from airport operations will be mitigated to the same extent as at a public airport.

(9) Any collective bargaining agreement that covers employees of the airport and is in effect on the date of the sale or lease of the airport will not be abrogated by the sale or lease.

TION.—The Secretary may approve an application under subsection (b) only if the Secretary finds that the approval will not result in unfair and deceptive practices or unfair methods of competition.

(f) **INTERESTS OF GENERAL AVIATION USERS.**—In approving an application of an airport under this section, the Secretary shall ensure that the interests of general aviation users of the airport are not adversely affected.

(g) **PASSENGER FACILITY FEES; APPORTIONMENTS; SERVICE CHARGES.**—Notwithstanding that the sponsor of an airport receiving an exemption under subsection (b) is not a public agency, the sponsor shall not be prohibited from—

(i) **REVOCATION OF EXEMPTIONS.**—The Secretary may revoke an exemption issued to a purchaser or lessee of an airport under subsection (b)(3) if, after providing the purchaser or lessee with notice and an opportunity to be heard, the Secretary determines that the purchaser or lessee has knowingly violated any of the terms specified in subsection (c) for the sale or lease of the airport.

(j) **NONAPPLICATION OF PROVISIONS TO AIRPORTS OWNED BY PUBLIC AGENCIES.**—The provisions of this section requiring the approval of air carriers in determinations concerning the use of revenues, and imposition of fees, at an airport shall not be extended so as to apply to any airport owned by a public agency that is not participating in the program established by this section.

(k) **AUDITS.**—The Secretary may conduct periodic audits of the financial records and operations of an airport receiving an exemption under this section.

(l) **REPORT.**—Not later than 2 years after the date of the initial approval of an application under this section, the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on implementation of the program under this section.

more than 10 public-use airports under which the sponsors of such airports may use funds made available under section 48103 for use at such airports to carry out inherently low-emission vehicle activities. Notwithstanding any other provision of this subchapter, inherently low-emission vehicle activities shall for purposes of the pilot program be treated as eligible for assistance under this subchapter.

(b) LOCATION IN AIR QUALITY NONATTAINMENT AREAS.—

(1) IN GENERAL.—A public-use airport shall be eligible for participation in the pilot program only if the airport is located in an air quality nonattainment area (as defined in section 171(2) of the Clean Air Act (42 U.S.C. 7501(2))).

(2) SHORTAGE OF CANDIDATES.—If the Secretary receives an insufficient number of applications from public-use airports located in such areas, then the Secretary may consider applications from public-use airports that are not located in such areas.

(c) SELECTION CRITERIA.—In selecting from among applicants for participation in the pilot program, the Secretary shall give priority consideration to applicants that will achieve the greatest air quality benefits measured by the amount of emissions reduced per dollar of funds expended under the pilot program.

(d) UNITED STATES GOVERNMENT'S SHARE.—Notwithstanding any other provision of this subchapter, the United States Government's share of the costs of a project carried out under the pilot program shall be 50 percent.

(e) MAXIMUM AMOUNT.—Not more than \$2,000,000 may be expended under the pilot program at any single public-use airport.

(f) TECHNICAL ASSISTANCE.—

(h) REPORT TO CONGRESS.—Not later than 18 months after the date of the enactment of this section, the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

(3) a description of the mechanisms used by the Secretary to ensure that the information and know-how gained by participants in the pilot program is transferred among the participants and to other interested parties, including other public-use airports.

(i) **INHERENTLY LOW-EMISSION VEHICLE ACTIVITY DEFINED.**—In this section, the term “inherently low-emission vehicle activity” means—

(1) the construction of infrastructure or modifications at public-use airports to enable the delivery of fuel and services necessary for the use of vehicles that are certified as inherently low-emission vehicles under title 40 of the Code of Federal Regulations and that—

In subsection (a), before clause (1), the words “Notwithstanding any other provision of this Act” are omitted as surplus. The words “a department, agency, or instrument-

tality of the executive branch of the United States Government or a wholly owned Government corporation” are substituted for “any disposal agency designated pursuant to this Act” for clarity because disposal agencies were Government agencies designated under 50 App.:1619(a), that was repealed by section 602(a)(1) of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 399), and Government agencies were all departments, agencies, and instrumentalities of the executive branch of the United States Government and wholly owned Government corporations. In clause (1)(A), the words “essential, suitable, or” are omitted as surplus. In clause (1)(B), the words “of the grantee” are omitted as surplus. In clause (2), the words “Administrator of General Services” are substituted for “[War Assets] Administrator” in section 13(g)(1) of the Surplus Property Act of 1944 (ch. 479, 58 Stat. 765) because of section 105 of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 381). The words “and decides the interest is not best suited for industrial use” are substituted for “(exclusive of property the highest and best use of which is determined by the Administrator of General Services to be industrial and which shall be so classified for disposal without regard to the provisions of this subsection)” to eliminate unnecessary words.

Subsection (b) is substituted for 50 App.:1622b to eliminate unnecessary words.

In subsection (c), the text of 50 App.:1622(g)(5) is omitted as obsolete because 50 App.:1621, 1622(f), and 1627(e) were repealed by section 602(a)(1) of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 399). § 47152. Terms of conveyances

Except as provided in section 47153 of this title, the following terms apply to a conveyance of an interest in surplus property under this subchapter:

(1) A State, political subdivision of a State, or tax-supported organization receiving the interest may use, lease, salvage, or dispose of the interest for other than airport purposes only after the Secretary of Transportation gives written consent that the interest can be used, leased, salvaged, or disposed of without materially and adversely affecting the development, improvement, operation, or maintenance of the airport at which the property is located.

(2) The interest shall be used and maintained for public use and benefit without unreasonable discrimination.

(3) A right may not be vested in a person, excluding others in the same class from using the airport at which the property is located—

(A) to conduct an aeronautical activity requiring the operation of aircraft; or

(B) to engage in selling or supplying aircraft, aircraft accessories, equipment, or supplies (except gasoline and oil), or aircraft services necessary to operate aircraft (including maintaining and repairing aircraft, aircraft engines, propellers, and appliances).

(4) The State, political subdivision, or tax-supported organization accepting the interest shall clear and protect the aerial approaches to the airport by mitigating existing, and preventing future, airport hazards.

(5) During a national emergency declared by the President or Congress, the United States Government is entitled to use, control, or possess, without charge, any part of the public airport at which the property is located. However, the Government shall—

(A) pay the entire cost of maintaining the part of the airport it exclusively uses, controls, or possesses during the emergency;

(B) contribute a reasonable share, consistent with the Government's use, of the cost of maintaining the property it uses nonexclusively, or over which the Government has nonexclusive control or possession, during the emergency; and

(C) pay a fair rental for use, control, or possession of improvements to the airport made without Government assistance.

(6) The Government is entitled to the non-exclusive use, without charge, of the landing area of an airport at which the property is located. The Secretary may limit the use of the landing area if necessary to prevent unreasonable interference with use by other authorized aircraft. However, the Government shall—

(A) contribute a reasonable share, consistent with the Government's use, of the cost of maintaining and operating the landing area; and

(B) pay for damages caused by its use of the landing area if its use of the landing area is substantial.

(7) The State, political subdivision, or tax-supported organization accepting the interest shall release the Government from all liability for damages arising under an agreement that provides for Government use of any part of an airport owned, controlled, or operated by the State, political subdivision, or tax-supported organization on which, adjacent to which, or in connection with which, the property is located.

(8) When a term under this section is not satisfied, any part of the interest in the property reverts to the Government, at the option of the Government, as the property then exists.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 47504, 47505, 47506, 47507 of this title.

§ 47504. Noise compatibility programs

(a) SUBMISSIONS.—(1) An airport operator that submitted a noise exposure map and related information under section 47503(a) of this title may submit a noise compatibility program to the Secretary of Transportation after—

(A) consulting with public agencies and planning authorities in the area surrounding the airport, United States Government officials having local responsibility for the airport, and air carriers using the airport; and

(B) notice and an opportunity for a public hearing.

(2) A program submitted under paragraph (1) of this subsection shall state the measures the operator has taken or proposes to take to reduce existing noncompatible uses and prevent introducing additional noncompatible uses in the area covered by the map. The measures may include—

(A) establishing a preferential runway system;

(B) restricting the use of the airport by a type or class of aircraft because of the noise characteristics of the aircraft;

(C) constructing barriers and acoustical shielding and soundproofing public buildings;

(D) using flight procedures to control the operation of aircraft to reduce exposure of individuals to noise in the area surrounding the airport; and

(E) acquiring land, air rights, easements, development rights, and other interests to ensure that the property will be used in ways compatible with airport operations.

(b) APPROVALS.—(1) The Secretary shall approve or disapprove a program submitted under subsection (a) of this section (except as the program is related to flight procedures referred to in subsection (a)(2)(D) of this section) not later than 180 days after receiving it. The Secretary shall approve the program (except as the program is related to flight procedures referred to in subsection (a)(2)(D)) if the program—

(A) does not place an unreasonable burden on interstate or foreign commerce;

(B) is reasonably consistent with achieving the goal of reducing noncompatible uses and

preventing the introduction of additional non-compatible uses; and

(C) provides for necessary revisions because of a revised map submitted under section 47503(b) of this title.

(2) A program (except as the program is related to flight procedures referred to in subsection (a)(2)(D) of this section) is deemed to be approved if the Secretary does not act within the 180-day period.

(3) The Secretary shall submit any part of a program related to flight procedures referred to in subsection (a)(2)(D) of this section to the Administrator of the Federal Aviation Administration. The Administrator shall approve or disapprove that part of the program.

(c) GRANTS.—(1) The Secretary may incur obligations to make grants from amounts available under section 48103 of this title to carry out a project under a part of a noise compatibility program approved under subsection (b) of this section. A grant may be made to—

(A) an airport operator submitting the program; and

(B) a unit of local government in the area surrounding the airport, if the Secretary decides the unit is able to carry out the project.

(2) SOUNDPROOFING AND ACQUISITION OF CERTAIN RESIDENTIAL BUILDINGS AND PROPERTIES.—The Secretary may incur obligations to make grants from amounts made available under section 48103 of this title—

(A) for projects to soundproof residential buildings—

(i) if the airport operator received approval for a grant for a project to soundproof residential buildings pursuant to section 301(d)(4)(B) of the Airport and Airway Safety and Capacity Expansion Act of 1987;

(ii) if the airport operator submits updated noise exposure contours, as required by the Secretary; and

(iii) if the Secretary determines that the proposed projects are compatible with the purposes of this chapter;

(B) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to soundproof residential buildings located on residential properties, and to acquire residential properties, at which noise levels are not compatible with normal operations of an airport—

(i) if the airport operator amended an existing local aircraft noise regulation during calendar year 1993 to increase the maximum permitted noise levels for scheduled air carrier aircraft as a direct result of implementation of revised aircraft noise departure procedures mandated for aircraft safety purposes by the Administrator of the Federal Aviation Administration for standardized application at airports served by scheduled air carriers;

(ii) if the airport operator submits updated noise exposure contours, as required by the Secretary; and

(iii) if the Secretary determines that the proposed projects are compatible with the purposes of this chapter;

(C) to an airport operator and unit of local government referred to in paragraph (1)(A) or

(1)(B) of this subsection to carry out any part of a program developed before February 18, 1980, or before implementing regulations were prescribed, if the Secretary decides the program is substantially consistent with reducing existing noncompatible uses and preventing the introduction of additional noncompatible uses and the purposes of this chapter will be furthered by promptly carrying out the program; and

(D) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to soundproof a building in the noise impact area surrounding the airport that is used primarily for educational or medical purposes and that the Secretary decides is adversely affected by airport noise.

(3) An airport operator may agree to make a grant made under paragraph (1)(A) of this subsection available to a public agency in the area surrounding the airport if the Secretary decides the agency is able to carry out the project.

(4) The Government's share of a project for which a grant is made under this subsection is the greater of—

- (A) 80 percent of the cost of the project; or
- (B) the Government's share that would apply if the amounts available for the project were made available under subchapter I of chapter 471 of this title for a project at the airport.

(5) The provisions of subchapter I of chapter 471 of this title related to grants apply to a grant made under this chapter, except—

- (A) section 47109(a) and (b) of this title; and
- (B) any provision that the Secretary decides is inconsistent with, or unnecessary to carry out, this chapter.

(6) AIRCRAFT NOISE PRIMARILY CAUSED BY MILITARY AIRCRAFT.—The Secretary may make a grant under this subsection for a project even if the purpose of the project is to mitigate the effect of noise primarily caused by military aircraft at an airport.

(d) GOVERNMENT RELIEF FROM LIABILITY.—The Government is not liable for damages from aviation noise because of action taken under this section.

In this section, the word “providing” is substituted for “engaging in” for consistency in the revised title.

In subsection (a), the words “acting through the Administrator” and “acting through the Administrator of the Federal Aviation Administration (14 CFR part 36)” are omitted for consistency. Section 6(c)(1) of the Department of Transportation Act (Public Law 89–670, 80 Stat. 938) transferred all duties and powers of the Federal Aviation Agency and the Administrator to the Secretary of Transportation. However, the Secretary was to carry out certain provisions through the Administrator. In addition, various laws enacted since then have vested duties and powers in the Administrator. All provisions of law the Secretary is required to carry out through the Administrator are included in 49:106(g). Before clause (1), the words “If, by January 1, 1980, the International Civil Aviation Organization (hereafter referred to as ‘ICAO’) does not reach an agreement” and “commence a rulemaking to” and 49 App.:2122(a) (last sentence) are omitted as executed. In clause (1), the words “as such regulations were” are omitted as surplus. In clause (2), the words “on noise standards and an international schedule” and “(annex 16)” are omitted as surplus. In subsection (b), the words “in effect” are omitted as surplus.

STANDARDS FOR AIRCRAFT AND AIRCRAFT ENGINES TO REDUCE NOISE LEVELS

Pub. L. 106–181, title VII, §726, Apr. 5, 2000, 114 Stat. 167, provided that:

“(a) DEVELOPMENT OF NEW STANDARDS.—The Secretary [of Transportation] shall continue to work to develop through the International Civil Aviation Organization new performance standards for aircraft and aircraft engines that will lead to a further reduction in aircraft noise levels.

“(b) GOALS TO BE CONSIDERED IN DEVELOPING NEW STANDARDS.—In negotiating standards under subsection

(a), the Secretary shall give high priority to developing standards that—

“(1) are performance based and can be achieved by use of a full range of certifiable noise reduction technologies;

“(2) protect the useful economic value of existing Stage 3 aircraft in the United States fleet;

“(3) ensure that United States air carriers and aircraft engine and hushkit manufacturers are not competitively disadvantaged;

“(4) use dynamic economic modeling capable of determining impacts on all aircraft in service in the United States fleet; and

“(5) continue the use of a balanced approach to address aircraft environmental issues, taking into account aircraft technology, land use planning, economic feasibility, and airspace operational improvements.

“(c) ANNUAL REPORT.—Not later than July 1, 2000, and annually thereafter, the Secretary shall transmit to Congress a report regarding the application of new standards or technologies to reduce aircraft noise levels.”

AIRCRAFT NOISE RESEARCH PROGRAM

Pub. L. 102–581, title III, §304, Oct. 31, 1992, 106 Stat. 4896, provided that:

“(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall jointly conduct a research program to develop new technologies for quieter subsonic jet aircraft engines and airframes.

“(b) GOAL.—The goal of the research program established by subsection (a) is to develop by the year 2000 technologies for subsonic jet aircraft engines and airframes which would permit a subsonic jet aircraft to operate at reduced noise levels.

“(c) PARTICIPATION.—In carrying out the program established by subsection (a), the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall encourage the participation of representatives of the aviation industry and academia.

“(d) REPORT TO CONGRESS.—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall jointly submit to Congress, on an annual basis during the term of the program established by subsection (a), a report on the progress being made under the program toward meeting the goal described in subsection (b).”

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 106 of this title.

§ 47509. Research program on quiet aircraft technology for propeller and rotor driven aircraft

(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall conduct a study to identify technologies for noise reduction of propeller driven aircraft and rotorcraft.

(b) GOAL.—The goal of the study conducted under subsection (a) is to determine the status of research and development now underway in the area of quiet technology for propeller driven aircraft and rotorcraft, including technology that is cost beneficial, and to determine whether a research program to supplement existing research activities is necessary.

(c) PARTICIPATION.—In conducting the study required under subsection (a), the Administrator of the Federal Aviation Administration and the

Administrator of the National Aeronautics and Space Administration shall encourage the participation of the Department of Defense, the Department of the Interior, the airtour industry, the aviation industry, academia and other appropriate groups.

(d) REPORT.—Not less than 280 days after August 23, 1994, the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall transmit to Congress a report on the results of the study required under subsection (a).

(e) RESEARCH AND DEVELOPMENT PROGRAM.—If the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration determine that additional research and development is necessary and would substantially contribute to the development of quiet aircraft technology, then the agencies shall conduct an appropriate research program in consultation with the entities listed in subsection (c) to develop safe, effective, and economical noise reduction technology (including technology that can be applied to existing propeller driven aircraft and rotorcraft) that would result in aircraft that operate at substantially reduced levels of noise to reduce the impact of such aircraft and rotorcraft on the resources of national parks and other areas.

(Added Pub. L. 103-305, title III, §308(a), Aug. 23, 1994, 108 Stat. 1593; amended Pub. L. 104-287, §5(86), Oct. 11, 1996, 110 Stat. 3398.)

1996—Subsec. (d). Pub. L. 104-287 substituted “August 23, 1994” for “the date of the enactment of this section”.

§ 47510. Tradeoff allowance

Notwithstanding another law or a regulation prescribed or order issued under that law, the tradeoff provisions contained in appendix C of part 36 of title 14, Code of Federal Regulations, apply in deciding whether an aircraft complies with subpart I of part 91 of title 14.

SUBCHAPTER II—NATIONAL AVIATION NOISE POLICY

§ 47521. Findings

Congress finds that—

- (1) aviation noise management is crucial to the continued increase in airport capacity;
(2) community noise concerns have led to uncoordinated and inconsistent restrictions on

aviation that could impede the national air transportation system;

(3) a noise policy must be carried out at the national level;

(4) local interest in aviation noise management shall be considered in determining the national interest;

(5) community concerns can be alleviated through the use of new technology aircraft and the use of revenues, including those available from passenger facility fees, for noise management;

(6) revenues controlled by the United States Government can help resolve noise problems and carry with them a responsibility to the national airport system;

(7) revenues derived from a passenger facility fee may be applied to noise management and increased airport capacity; and

(8) a precondition to the establishment and collection of a passenger facility fee is the prescribing by the Secretary of Transportation of a regulation establishing procedures for reviewing airport noise and access restrictions on operations of stage 2 and stage 3 aircraft.

§ 47522. Definitions

In this subchapter—

(1) “air carrier”, “air transportation”, and “United States” have the same meanings given those terms in section 40102(a) of this title.

(2) “stage 3 noise levels” means the stage 3 noise levels in part 36 of title 14, Code of Federal Regulations, in effect on November 5, 1990.

The definitions are made applicable to all of subchapter II, rather than only to those provisions based on 49 App.:2157 as in the source provisions, because the defined terms appear in several sections of subchapter II and it is assumed they are intended to have the same meaning in each of those sections.

§ 47523. National aviation noise policy

(a) GENERAL REQUIREMENTS.—Not later than July 1, 1991, the Secretary of Transportation shall establish by regulation a national aviation noise policy that considers this subchapter, including the phaseout and nonaddition of stage 2 aircraft as provided in this subchapter and dates for carrying out that policy and reporting requirements consistent with this subchapter and law existing as of November 5, 1990.

(b) DETAILED ECONOMIC ANALYSIS.—The policy shall be based on a detailed economic analysis of the impact of the phaseout date for stage 2 aircraft on competition in the airline industry, including—

- (1) the ability of air carriers to achieve capacity growth consistent with the projected rate of growth for the airline industry;
- (2) the impact of competition in the airline and air cargo industries;
- (3) the impact on nonhub and small community air service; and
- (4) the impact on new entry into the airline industry.

In this section, the text of 49 App.:2152(c) is omitted as executed.

In subsection (a), the words “(hereinafter in this chapter referred to as the ‘Secretary’)” are omitted because of the restatement. The words “this subchapter” (the first time they appear) are substituted for “the findings, determinations, and provisions of this chapter” to eliminate unnecessary words.

Subsection (b) is tabulated for clarity.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 47524 of this title.

§ 47524. Airport noise and access restriction review program

(a) GENERAL REQUIREMENTS.—The national aviation noise policy established under section 47523 of this title shall provide for establishing by regulation a national program for reviewing airport noise and access restrictions on the operation of stage 2 and stage 3 aircraft. The program shall provide for adequate public notice and opportunity for comment on the restrictions.

(b) STAGE 2 AIRCRAFT.—Except as provided in subsection (d) of this section, an airport noise or access restriction may include a restriction on the operation of stage 2 aircraft proposed after October 1, 1990, only if the airport operator publishes the proposed restriction and prepares and makes available for public comment at least 180 days before the effective date of the proposed restriction—

- (1) an analysis of the anticipated or actual costs and benefits of the existing or proposed restriction;
- (2) a description of alternative restrictions;
- (3) a description of the alternative measures considered that do not involve aircraft restrictions; and
- (4) a comparison of the costs and benefits of the alternative measures to the costs and benefits of the proposed restriction.

(c) STAGE 3 AIRCRAFT.—(1) Except as provided in subsection (d) of this section, an airport noise or access restriction on the operation of stage 3 aircraft not in effect on October 1, 1990, may be-

come effective only if the restriction has been agreed to by the airport proprietor and all aircraft operators or has been submitted to and approved by the Secretary of Transportation after an airport or aircraft operator’s request for approval as provided by the program established under this section. Restrictions to which this paragraph applies include—

- (A) a restriction on noise levels generated on either a single event or cumulative basis;
- (B) a restriction on the total number of stage 3 aircraft operations;
- (C) a noise budget or noise allocation program that would include stage 3 aircraft;
- (D) a restriction on hours of operations; and
- (E) any other restriction on stage 3 aircraft.

(2) Not later than 180 days after the Secretary receives an airport or aircraft operator’s request for approval of an airport noise or access restriction on the operation of a stage 3 aircraft, the Secretary shall approve or disapprove the restriction. The Secretary may approve the restriction only if the Secretary finds on the basis of substantial evidence that—

- (A) the restriction is reasonable, non-arbitrary, and nondiscriminatory;
- (B) the restriction does not create an unreasonable burden on interstate or foreign commerce;
- (C) the restriction is not inconsistent with maintaining the safe and efficient use of the navigable airspace;
- (D) the restriction does not conflict with a law or regulation of the United States;
- (E) an adequate opportunity has been provided for public comment on the restriction; and
- (F) the restriction does not create an unreasonable burden on the national aviation system.

(3) Paragraphs (1) and (2) of this subsection do not apply if the Administrator of the Federal Aviation Administration, before November 5, 1990, has formed a working group (outside the process established by part 150 of title 14, Code of Federal Regulations) with a local airport operator to examine the noise impact of air traffic control procedure changes at the airport. However, if an agreement on noise reductions at that airport is made between the airport proprietor and one or more air carriers or foreign carriers that constitute a majority of the carrier use of the airport, this paragraph applies only to a local action to enforce the agreement.

(4) The Secretary may reevaluate an airport noise or access restriction previously agreed to or approved under this subsection on request of an aircraft operator able to demonstrate to the satisfaction of the Secretary that there has been a change in the noise environment of the affected airport that justifies a reevaluation. The Secretary shall establish by regulation procedures for conducting a reevaluation. A reevaluation—

- (A) shall be based on the criteria in paragraph (2) of this subsection; and
- (B) may be conducted only after 2 years after a decision under paragraph (2) of this subsection has been made.

(d) NONAPPLICATION.—Subsections (b) and (c) of this section do not apply to—

(1) a local action to enforce a negotiated or executed airport noise or access agreement between the airport operator and the aircraft operators in effect on November 5, 1990;

(2) a local action to enforce a negotiated or executed airport noise or access restriction agreed to by the airport operator and the aircraft operators before November 5, 1990;

(3) an intergovernmental agreement including an airport noise or access restriction in effect on November 5, 1990;

(4) a subsequent amendment to an airport noise or access agreement or restriction in effect on November 5, 1990, that does not reduce or limit aircraft operations or affect aircraft safety;

(5)(A) an airport noise or access restriction adopted by an airport operator not later than October 1, 1990, and stayed as of October 1, 1990, by a court order or as a result of litigation, if any part of the restriction is subsequently allowed by a court to take effect; or

(B) a new restriction imposed by an airport operator to replace any part of a restriction described in subclause (A) of this clause that is disallowed by a court, if the new restriction would not prohibit aircraft operations in effect on November 5, 1990; or

(6) a local action that represents the adoption of the final part of a program of a staged airport noise or access restriction if the initial part of the program was adopted during 1988 and was in effect on November 5, 1990.

(e) GRANT LIMITATIONS.—Beginning on the 91st day after the Secretary prescribes a regulation under subsection (a) of this section, a sponsor of a facility operating under an airport noise or access restriction on the operation of stage 3 aircraft that first became effective after October 1, 1990, is eligible for a grant under section 47104 of this title and is eligible to impose a passenger facility fee under section 40117 of this title only if the restriction has been—

(1) agreed to by the airport proprietor and aircraft operators;

(2) approved by the Secretary as required by subsection (c)(1) of this section; or

(3) rescinded.

§ 47525. Decision about airport noise and access restrictions on certain stage 2 aircraft

The Secretary of Transportation shall conduct a study and decide on the application of section 47524(a)–(d) of this title to airport noise and access restrictions on the operation of stage 2 aircraft with a maximum weight of not more than 75,000 pounds. In making the decision, the Secretary shall consider—

(1) noise levels produced by those aircraft relative to other aircraft;

(2) the benefits to general aviation and the need for efficiency in the national air transportation system;

(3) the differences in the nature of operations at airports and the areas immediately surrounding the airports;

(4) international standards and agreements on aircraft noise; and

(5) other factors the Secretary considers necessary.

§ 47526. Limitations for noncomplying airport noise and access restrictions

Unless the Secretary of Transportation is satisfied that an airport is not imposing an airport noise or access restriction not in compliance with this subchapter, the airport may not—

(2) impose a passenger facility fee under section 40117 of this title.

§ 47528. Prohibition on operating certain aircraft not complying with stage 3 noise levels

(a) PROHIBITION.—Except as provided in subsection (b) or (f) of this section and section 47530 of this title, a person may operate after December 31, 1999, a civil subsonic turbojet (for which an airworthiness certificate other than an experimental certificate has been issued by the Administrator) with a maximum weight of more than 75,000 pounds to or from an airport in the United States only if the Secretary of Transportation finds that the aircraft complies with the stage 3 noise levels.

(b) WAIVERS.—(1) If, not later than July 1, 1999, at least 85 percent of the aircraft used by an air carrier or foreign air carrier to provide air transportation comply with the stage 3 noise levels, the carrier may apply for a waiver of subsection (a) of this section for the remaining aircraft used by the carrier to provide air transportation. The application must be filed with the Secretary not later than January 1, 1999, or, in the case of a foreign air carrier, the 15th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century and must include a plan with firm orders for making all aircraft used by the carrier to provide air transportation comply with the noise levels not later than December 31, 2003.

(2) The Secretary may grant a waiver under this subsection if the Secretary finds it would be

in the public interest. In making the finding, the Secretary shall consider the effect of granting the waiver on competition in the air carrier industry and on small community air service.

(3) A waiver granted under this subsection may not permit the operation of stage 2 aircraft in the United States after December 31, 2003.

(c) SCHEDULE FOR PHASED-IN COMPLIANCE.—The Secretary shall establish by regulation a schedule for phased-in compliance with subsection (a) of this section. The phase-in period shall begin on November 5, 1990, and end before December 31, 1999. The regulations shall establish interim compliance dates. The schedule for phased-in compliance shall be based on—

(1) a detailed economic analysis of the impact of the phaseout date for stage 2 aircraft on competition in the airline industry, including—

(A) the ability of air carriers to achieve capacity growth consistent with the projected rate of growth for the airline industry;

(B) the impact of competition in the airline and air cargo industries;

(C) the impact on nonhub and small community air service; and

(D) the impact on new entry into the airline industry; and

(2) an analysis of the impact of aircraft noise on individuals residing near airports.

(d) ANNUAL REPORT.—Beginning with calendar year 1992—

(1) each air carrier shall submit to the Secretary an annual report on the progress the carrier is making toward complying with the requirements of this section and regulations prescribed under this section; and

(2) the Secretary shall submit to Congress an annual report on the progress being made toward that compliance.

(e) HAWAIIAN OPERATIONS.—(1) In this subsection, “turnaround service” means a flight between places only in Hawaii.

(2)(A) An air carrier or foreign air carrier may not operate in Hawaii, or between a place in Hawaii and a place outside the 48 contiguous States, a greater number of stage 2 aircraft with a maximum weight of more than 75,000 pounds than it operated in Hawaii, or between a place in Hawaii and a place outside the 48 contiguous States, on November 5, 1990.

(B) An air carrier that provided turnaround service in Hawaii on November 5, 1990, using stage 2 aircraft with a maximum weight of more than 75,000 pounds may include in the number of aircraft authorized under subparagraph (A) of this paragraph all stage 2 aircraft with a maximum weight of more than 75,000 pounds that were owned or leased by that carrier on that date, whether or not the aircraft were operated by the carrier on that date.

(3) An air carrier may provide turnaround service in Hawaii using stage 2 aircraft with a maximum weight of more than 75,000 pounds only if the carrier provided the service on November 5, 1990.

(4) An air carrier operating stage 2 aircraft under this subsection may transport stage 2 aircraft to or from the 48 contiguous States on a nonrevenue basis in order—

(A) to perform maintenance (including major alterations) or preventative maintenance on aircraft operated, or to be operated, within the limitations of paragraph (2)(B); or

(B) conduct operations within the limitations of paragraph (2)(B).

(f) AIRCRAFT MODIFICATION, DISPOSAL, SCHEDULED HEAVY MAINTENANCE, OR LEASING.—

(1) IN GENERAL.—The Secretary shall permit a person to operate after December 31, 1999, a stage 2 aircraft in nonrevenue service through the airspace of the United States or to or from an airport in the contiguous 48 States in order to—

- (A) sell, lease, or use the aircraft outside the contiguous 48 States;
- (B) scrap the aircraft;
- (C) obtain modifications to the aircraft to meet stage 3 noise levels;
- (D) perform scheduled heavy maintenance or significant modifications on the aircraft at a maintenance facility located in the contiguous 48 States;
- (E) deliver the aircraft to an operator leasing the aircraft from the owner or return the aircraft to the lessor;
- (F) prepare or park or store the aircraft in anticipation of any of the activities described in subparagraphs (A) through (E); or
- (G) divert the aircraft to an alternative airport in the contiguous 48 States on account of weather, mechanical, fuel, air traffic control, or other safety reasons while conducting a flight in order to perform any of the activities described in subparagraphs (A) through (F).

(2) PROCEDURE TO BE PUBLISHED.—Not later than 30 days after the date of the enactment of this subsection, the Secretary shall establish and publish a procedure to implement paragraph (1) through the use of categorical waivers, ferry permits, or other means.

(g) STATUTORY CONSTRUCTION.—Nothing in this section may be construed as interfering with, nullifying, or otherwise affecting determinations made by the Federal Aviation Administration, or to be made by the Administration with respect to applications under part 161 of title 14, Code of Federal Regulations, that were pending on November 1, 1999.

PART D—PUBLIC AIRPORTS

CHAPTER 491—METROPOLITAN WASHINGTON AIRPORTS

- Sec. 49101. Findings. 49102. Purpose. 49103. Definitions. 49104. Lease of Metropolitan Washington Airports. 49105. Capital improvements, construction, and rehabilitation. 49106. Metropolitan Washington Airports Authority. 49107. Federal employees at Metropolitan Washington Airports. 49108. Limitations. 49109. Nonstop flights. 49110. Use of Dulles Airport Access Highway. 49111. Relationship to and effect of other laws. 49112. Separability and effect of judicial order.

§ 49101. Findings

Congress finds that— (1) the 2 federally owned airports in the metropolitan area of the District of Columbia constitute an important and growing part of the

commerce, transportation, and economic patterns of Virginia, the District of Columbia, and the surrounding region;

(2) Baltimore/Washington International Airport, owned and operated by Maryland, is an air transportation facility that provides service to the greater Metropolitan Washington region together with the 2 federally owned airports, and timely Federal-aid grants to Baltimore/Washington International Airport will provide additional capacity to meet the growing air traffic needs and to compete with other airports on a fair basis;

(3) the United States Government has a continuing but limited interest in the operation of the 2 federally owned airports, which serve the travel and cargo needs of the entire Metropolitan Washington region as well as the District of Columbia as the national seat of government;

(4) operation of the Metropolitan Washington Airports by an independent local authority will facilitate timely improvements at both airports to meet the growing demand of interstate air transportation occasioned by the Airline Deregulation Act of 1978 (Public Law 95-504; 92 Stat. 1705);

(5) all other major air carrier airports in the United States are operated by public entities at the State, regional, or local level;

(6) any change in status of the 2 airports must take into account the interest of nearby communities, the traveling public, air carriers, general aviation, airport employees, and other interested groups, as well as the interests of the United States Government and State governments involved;

(7) in recognition of a perceived limited need for a Federal role in the management of these airports and the growing local interest, the Secretary of Transportation has recommended a transfer of authority from the Federal to the local/State level that is consistent with the management of major airports elsewhere in the United States;

(8) an operating authority with representation from local jurisdictions, similar to authorities at all major airports in the United States, will improve communications with local officials and concerned residents regarding noise at the Metropolitan Washington Airports;

(9) a commission of congressional, State, and local officials and aviation representatives has recommended to the Secretary that transfer of the federally owned airports be as a unit to an independent authority to be created by Virginia and the District of Columbia; and

(10) the Federal interest in these airports can be provided through a lease mechanism which provides for local control and operation.

PRIOR PROVISIONS

A prior section 49101 was renumbered section 50101 of this title.

§ 49102. Purpose

(a) GENERAL.—The purpose of this chapter is to authorize the transfer of operating responsibility under long-term lease of the 2 Metropolitan Washington Airport properties as a unit, including access highways and other related facilities, to a properly constituted independent airport authority created by Virginia and the District of Columbia, in order to achieve local control, management, operation, and development of these important transportation assets.

(b) INCLUSION OF BALTIMORE/WASHINGTON INTERNATIONAL AIRPORT NOT PRECLUDED.—This chapter does not prohibit the Airports Authority and Maryland from making an agreement to make Baltimore/Washington International Airport part of a regional airports authority, subject to terms agreed to by the Airports Authority, the Secretary of Transportation, Virginia, the District of Columbia, and Maryland.

(B) During the period of the lease, the real property constituting the Metropolitan Washington Airports shall be used only for airport purposes.

(C) If the Secretary decides that any part of the real property leased to the Airports Authority under this chapter is used for other than airport purposes, the Secretary shall—

- (i) direct that the Airports Authority take appropriate measures to have that part of the property be used for airport purposes; and
- (ii) retake possession of the property if the Airports Authority fails to have that part of the property be used for airport purposes within a reasonable period of time, as the Secretary decides.

(3) The Airports Authority is subject to section 47107(a)–(c) and (e) of this title and to the assurances and conditions required of grant recipients under the Airport and Airway Improvement Act of 1982 (Public Law 97-248; 96 Stat. 671) as in effect on June 7, 1987. Notwithstanding section 47107(b) of this title, all revenues generated by the Metropolitan Washington Airports shall be expended for the capital and operating costs of the Metropolitan Washington Airports.

(4) In acquiring by contract supplies or services for an amount estimated to be more than \$200,000, or awarding concession contracts, the Airports Authority to the maximum extent practicable shall obtain complete and open competition through the use of published competitive procedures. By a vote of 7 members, the Airports Authority may grant exceptions to the requirements of this paragraph.

(5)(A) Except as provided in subparagraph (B) of this paragraph, all regulations of the Metropolitan Washington Airports (14 CFR part 159) become regulations of the Airports Authority as of June 7, 1987, and remain in effect until modified or revoked by the Airports Authority under procedures of the Airports Authority.

(B) Sections 159.59(a) and 159.191 of title 14, Code of Federal Regulations, do not become regulations of the Airports Authority.

(C) The Airports Authority may not increase or decrease the number of instrument flight rule takeoffs and landings authorized by the High Density Rule (14 CFR 93.121 et seq.) at Ronald Reagan Washington National Airport on October 18, 1986, and may not impose a limitation on the number of passengers taking off or landing at Ronald Reagan Washington National Airport.

(D) Subparagraph (C) does not apply to any increase in the number of instrument flight rule takeoffs and landings necessary to implement exemptions granted by the Secretary under section 41718.

(6)(A) Except as specified in subparagraph (B) of this paragraph, the Airports Authority shall assume all rights, liabilities, and obligations of the Metropolitan Washington Airports on June 7, 1987, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, accounts payable, and litigation related to those rights and obligations, regardless whether judgment has been entered, damages awarded, or appeal taken. The Airports Authority must cooperate in allowing representatives of the Attorney General and the Secretary adequate access to employees and records when needed for the performance of duties and powers related to the period before June 7, 1987. The Airports Authority shall assume responsibility for the Federal Aviation Administration’s Master Plans for the Metropolitan Washington Airports.

(B) The procedure for disputes resolution contained in any contract entered into on behalf of the United States Government before June 7, 1987, continues to govern the performance of the contract unless otherwise agreed to by the parties to the contract. Claims for monetary damages founded in tort, by or against the Government as the owner and operator of the Metropolitan Washington Airports, arising before June 7, 1987, shall be adjudicated as if the lease had not been entered into.

(C) The Administration is responsible for reimbursing the Employees’ Compensation Fund, as provided in section 8147 of title 5, for compensation paid or payable after June 7, 1987, in accordance with chapter 81 of title 5 for any injury, disability, or death due to events arising before June 7, 1987, whether or not a claim was filed or was final on that date.

(D) The Airports Authority shall continue all collective bargaining rights enjoyed by employees of the Metropolitan Washington Airports before June 7, 1987.

(7) The Comptroller General may conduct periodic audits of the activities and transactions of the Airports Authority in accordance with generally accepted management principles, and under regulations the Comptroller General may prescribe. An audit shall be conducted where the Comptroller General considers it appropriate. All records and property of the Airports Authority shall remain in possession and custody of the Airports Authority.

(8) The Airports Authority shall develop a code of ethics and financial disclosure to ensure the integrity of all decisions made by its board of directors and employees. The code shall include standards by which members of the board will decide, for purposes of section 49106(d) of this title, what constitutes a substantial financial interest and the circumstances under which an exception to the conflict of interest prohibition may be granted.

(9) A landing fee imposed for operating an aircraft or revenues derived from parking automobiles—

(A) at Washington Dulles International Airport may not be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Ronald Reagan Washington National Airport; and

(B) at Ronald Reagan Washington National Airport may not be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Washington Dulles International Airport.

(10) The Airports Authority shall compute the fees and charges for landing general aviation aircraft at the Metropolitan Washington Airports on the same basis as the landing fees for air carrier aircraft, except that the Airports Authority may require a minimum landing fee that is not more than the landing fee for aircraft weighing 12,500 pounds.

(11) The Secretary shall include other terms applicable to the parties to the lease that are consistent with, and carry out, this chapter.

(b) PAYMENTS.—Under the lease, the Airports Authority must pay to the general fund of the Treasury annually an amount, computed using the GNP Price Deflator, equal to \$3,000,000 in 1987 dollars. The Secretary and the Airports Authority may renegotiate the level of lease payments attributable to inflation costs every 10 years.

(c) ENFORCEMENT OF LEASE PROVISIONS.—The district courts of the United States have jurisdiction to compel the Airports Authority and its officers and employees to comply with the terms of the lease. The Attorney General or an aggrieved party may bring an action on behalf of the Government.

Pub. L. 106-554, §1(a)(3) [title VI, §636], Dec. 21, 2000, 114 Stat. 2763, 2763A-164, provided that:

“(a) QUALIFIED MWAA POLICE OFFICER DEFINED.—For purposes of this section, the term ‘qualified MWAA police officer’ means any individual who, as of the date of the enactment of this Act [Dec. 21, 2000]—

“(1) is employed as a member of the police force of the Metropolitan Washington Airports Authority (hereafter in this section referred to as an ‘MWAA police officer’); and

“(2) is subject to the Civil Service Retirement System or the Federal Employees’ Retirement System by virtue of section 49107(b) of title 49, United States Code.

“(b) ELIGIBILITY TO BE TREATED AS A LAW ENFORCEMENT OFFICER FOR RETIREMENT PURPOSES.—

“(1) IN GENERAL.—Any qualified MWAA police officer may, by written election submitted in accordance with applicable requirements under subsection (c), elect to be treated as a law enforcement officer (within the meaning of section 8331 or 8401 of title 5, United States Code, as applicable), and to have all prior service described in paragraph (2) similarly treated.

“(2) PRIOR SERVICE DESCRIBED.—The service described in this paragraph is all service which an individual performed, prior to the effective date of such individual’s election under this section, as—

“(A) an MWAA police officer; or

“(B) a member of the police force of the Federal Aviation Administration (hereafter in this section referred to as an ‘FAA police officer’).

“(c) REGULATIONS.—The Office of Personnel Management shall prescribe any regulations necessary to carry out this section, including provisions relating to the time, form, and manner in which any election under this section shall be made. Such an election shall not be effective unless—

“(A) the employee deductions that would have been required for such service under chapter 83 or 84 of title 5, U.S.C. (as the case may be) if such election had then been in effect, minus

“(B) the total employee deductions and contributions under such chapter 83 and 84 (as applicable) that were actually made for such service, taking into account only amounts required to be credited to the Civil Service Retirement and Disability Fund. Any amount under paragraph (2) shall be computed with interest, in accordance with section 8334(e) of such title 5.

“(d) GOVERNMENT CONTRIBUTIONS.—Whenever a payment under subsection (c)(2) is made by an individual with respect to such individual’s prior service (as described in subsection (b)(2)), the Metropolitan Washington Airports Authority shall pay into the Civil Service Retirement and Disability Fund any additional contributions for which it would have been liable, with respect to such service, if such individual’s election under this section had then been in effect (and, to the extent of any prior FAA police officer service, as if it had then been the employing agency). Any amount under this subsection shall be computed with interest, in accordance with section 8334(e) of title 5, United States Code.

“(e) CERTIFICATIONS.—The Office of Personnel Management shall accept, for the purpose of this section, the certification of—

“(1) the Metropolitan Washington Airports Authority (or its designee) concerning any service performed by an individual as an MWA police officer; and

- (15) “municipality” means a political subdivision of a State;
- (16) “new liquefied natural gas pipeline facility” means a liquefied natural gas pipeline facility except an existing liquefied natural gas pipeline facility;
- (17) “person”, in addition to its meaning under section 1 of title 1 (except as to societies), includes a State, a municipality, and a trustee, receiver, assignee, or personal representative of a person;
- (18) “pipeline facility” means a gas pipeline facility and a hazardous liquid pipeline facility;
- (19) “pipeline transportation” means transporting gas and transporting hazardous liquid;
- (20) “State” means a State of the United States, the District of Columbia, and Puerto Rico;
- (21) “transporting gas”—
 (A) means the gathering, transmission, or distribution of gas by pipeline, or the storage of gas, in interstate or foreign commerce; but
 (B) does not include the gathering of gas, other than gathering through regulated gathering lines, in those rural locations that are located outside the limits of any incorporated or unincorporated city, town, or village, or any other designated residential or commercial area (including a subdivision, business, shopping center, or community development) or any similar populated area that the Secretary of Transportation determines to be a nonrural area, except that the term “transporting gas” includes the movement of gas through regulated gathering lines;
- (22) “transporting hazardous liquid”—
 (A) means the movement of hazardous liquid by pipeline, or the storage of hazardous liquid incidental to the movement of hazardous liquid by pipeline, in or affecting interstate or foreign commerce; but
 (B) does not include moving hazardous liquid through—

- (b) GATHERING LINES.—(1)(A) Not later than October 24, 1994, the Secretary shall prescribe standards defining the term “gathering line”.
 (B) In defining “gathering line” for gas, the Secretary—
 (i) shall consider functional and operational characteristics of the lines to be included in the definition; and
 (ii) is not bound by a classification the Commission establishes under the Natural Gas Act (15 U.S.C. 717 et seq.).

(2)(A) Not later than October 24, 1995, the Secretary, if appropriate, shall prescribe standards defining the term “regulated gathering line”. In defining the term, the Secretary shall consider factors such as location, length of line from the well site, operating pressure, throughput, and the composition of the transported gas or hazardous liquid, as appropriate, in deciding on the types of lines that functionally are gathering but should be regulated under this chapter because of specific physical characteristics.

(B)(i) The Secretary also shall consider diameter when defining “regulated gathering line” for hazardous liquid.

(ii) The definition of “regulated gathering line” for hazardous liquid may not include a crude oil gathering line that has a nominal diameter of not more than 6 inches, is operated at low pressure, and is located in a rural area that is not unusually sensitive to environmental damage.

(22) “transporting hazardous liquid”—

(A) means—

(i) the movement of hazardous liquid by pipeline, or the storage of hazardous liquid incidental to the movement of hazardous liquid by pipeline, in or affecting interstate or foreign commerce; and

(ii) the movement of hazardous liquid through regulated gathering lines; but

(B) does not include moving hazardous liquid through—

(i) gathering lines (except regulated gathering lines) in a rural area;

(ii) onshore production, refining, or manufacturing facilities; or

(iii) storage or in-plant piping systems associated with onshore production, refining, or manufacturing facilities.

§ 60102. General authority

(a)(1) MINIMUM SAFETY STANDARDS.—The Secretary of Transportation shall prescribe minimum safety standards for pipeline transportation and for pipeline facilities. The standards—

- (A) apply to owners and operators of pipeline facilities;
- (B) may apply to the design, installation, inspection, emergency plans and procedures, testing, construction, extension, operation, replacement, and maintenance of pipeline facilities; and

(C) shall include a requirement that all individuals who operate and maintain pipeline facilities shall be qualified to operate and maintain the pipeline facilities.

(2) The qualifications applicable to an individual who operates and maintains a pipeline facility shall address the ability to recognize and react appropriately to abnormal operating conditions that may indicate a dangerous situation or a condition exceeding design limits. The operator of a pipeline facility shall ensure that employees who operate and maintain the facility are qualified to operate and maintain the pipeline facilities.

(b) PRACTICABILITY AND SAFETY NEEDS STANDARDS.—

(1) IN GENERAL.—A standard prescribed under subsection (a) shall be—

- (A) practicable; and
- (B) designed to meet the need for—
 - (i) gas pipeline safety, or safely transporting hazardous liquids, as appropriate; and
 - (ii) protecting the environment.

(2) FACTORS FOR CONSIDERATION.—When prescribing any standard under this section or section 60101(b), 60103, 60108, 60109, 60110, or 60113, the Secretary shall consider—

- (A) relevant available—
 - (i) gas pipeline safety information;
 - (ii) hazardous liquid pipeline safety information; and
 - (iii) environmental information;

(B) the appropriateness of the standard for the particular type of pipeline transportation or facility;

- (C) the reasonableness of the standard;
- (D) based on a risk assessment, the reasonably identifiable or estimated benefits expected to result from implementation or compliance with the standard;
- (E) based on a risk assessment, the reasonably identifiable or estimated costs expected to result from implementation or compliance with the standard;
- (F) comments and information received from the public; and
- (G) the comments and recommendations of the Technical Pipeline Safety Standards Committee, the Technical Hazardous Liquid Pipeline Safety Standards Committee, or both, as appropriate.

(3) RISK ASSESSMENT.—In conducting a risk assessment referred to in subparagraphs (D) and (E) of paragraph (2), the Secretary shall—

- (A) identify the regulatory and nonregulatory options that the Secretary considered in prescribing a proposed standard;
- (B) identify the costs and benefits associated with the proposed standard;
- (C) include—
 - (i) an explanation of the reasons for the selection of the proposed standard in lieu of the other options identified; and
 - (ii) with respect to each of those other options, a brief explanation of the reasons that the Secretary did not select the option; and
- (D) identify technical data or other information upon which the risk assessment information and proposed standard is based.

(4) REVIEW.—

- (A) IN GENERAL.—The Secretary shall—
 - (i) submit any risk assessment information prepared under paragraph (3) of this subsection to the Technical Pipeline Safety Standards Committee, the Technical Hazardous Liquid Pipeline Safety Standards Committee, or both, as appropriate; and
 - (ii) make that risk assessment information available to the general public.
- (B) PEER REVIEW PANELS.—The committees referred to in subparagraph (A) shall serve as peer review panels to review risk assessment information prepared under this section. Not later than 90 days after receiving risk assessment information for review pursuant to subparagraph (A), each committee that receives that risk assessment information shall prepare and submit to the Secretary a report that includes—
 - (i) an evaluation of the merit of the data and methods used; and
 - (ii) any recommended options relating to that risk assessment information and the associated standard that the committee determines to be appropriate.

(C) REVIEW BY SECRETARY.—Not later than 90 days after receiving a report submitted by a committee under subparagraph (B), the Secretary—

- (i) shall review the report;
- (ii) shall provide a written response to the committee that is the author of the re-

port concerning all significant peer review comments and recommended alternatives contained in the report; and

(iii) may revise the risk assessment and the proposed standard before promulgating the final standard.

(5) SECRETARIAL DECISIONMAKING.—Except where otherwise required by statute, the Secretary shall propose or issue a standard under this Chapter¹ only upon a reasoned determination that the benefits of the intended standard justify its costs.

(6) EXCEPTIONS FROM APPLICATION.—The requirements of subparagraphs (D) and (E) of paragraph (2) do not apply when—

(A) the standard is the product of a negotiated rulemaking, or other rulemaking including the adoption of industry standards that receives no significant adverse comment within 60 days of notice in the Federal Register;

(B) based on a recommendation (in which three-fourths of the members voting concur) by the Technical Pipeline Safety Standards Committee, the Technical Hazardous Liquid Pipeline Safety Standards Committee, or both, as applicable, the Secretary waives the requirements; or

(C) the Secretary finds, pursuant to section 553(b)(3)(B) of title 5, United States Code, that notice and public procedure are not required.

(7) REPORT.—Not later than March 31, 2000, the Secretary shall transmit to the Congress a report that—

(A) describes the implementation of the risk assessment requirements of this section, including the extent to which those requirements have affected regulatory decisionmaking and pipeline safety; and

(B) includes any recommendations that the Secretary determines would make the risk assessment process conducted pursuant to the requirements under this chapter a more effective means of assessing the benefits and costs associated with alternative regulatory and nonregulatory options in prescribing standards under the Federal pipeline safety regulatory program under this chapter.

(c) PUBLIC SAFETY PROGRAM REQUIREMENTS.—(1) The Secretary shall include in the standards prescribed under subsection (a) of this section a requirement that an operator of a gas pipeline facility participate in a public safety program that—

(A) notifies an operator of proposed demolition, excavation, tunneling, or construction near or affecting the facility;

(B) requires an operator to identify a pipeline facility that may be affected by the proposed demolition, excavation, tunneling, or construction, to prevent damaging the facility; and

(C) the Secretary decides will protect a facility adequately against a hazard caused by demolition, excavation, tunneling, or construction.

¹ So in original. Probably should not be capitalized.

(2) To the extent a public safety program referred to in paragraph (1) of this subsection is not available, the Secretary shall prescribe standards requiring an operator to take action the Secretary prescribes to provide services comparable to services that would be available under a public safety program.

(3) The Secretary may include in the standards prescribed under subsection (a) of this section a requirement that an operator of a hazardous liquid pipeline facility participate in a public safety program meeting the requirements of paragraph (1) of this subsection or maintain and carry out a damage prevention program that provides services comparable to services that would be available under a public safety program.

(4) PROMOTING PUBLIC AWARENESS.—

(A) Not later than one year after the date of enactment of the Accountable Pipeline Safety and Accountability Act of 1996,² and annually thereafter, the owner or operator of each interstate gas pipeline facility shall provide to the governing body of each municipality in which the interstate gas pipeline facility is located, a map identifying the location of such facility.

(B)(i) Not later than June 1, 1998, the Secretary shall survey and assess the public education programs under section 60116 and the public safety programs under section 60102(c) and determine their effectiveness and applicability as components of a model program. In particular, the survey shall include the methods by which operators notify residents of the location of the facility and its right of way, public information regarding existing One-Call programs, and appropriate procedures to be followed by residents of affected municipalities in the event of accidents involving interstate gas pipeline facilities.

(ii) Not later than one year after the survey and assessment are completed, the Secretary shall institute a rulemaking to determine the most effective public safety and education program components and promulgate if appropriate, standards implementing those components on a nationwide basis. In the event that the Secretary finds that promulgation of such standards are not appropriate, the Secretary shall report to Congress the reasons for that finding.

(d) FACILITY OPERATION INFORMATION STANDARDS.—The Secretary shall prescribe minimum standards requiring an operator of a pipeline facility subject to this chapter to maintain, to the extent practicable, information related to operating the facility as required by the standards prescribed under this chapter and, when requested, to make the information available to the Secretary and an appropriate State official as determined by the Secretary. The information shall include—

(1) the business name, address, and telephone number, including an operations emergency telephone number, of the operator;

(2) accurate maps and a supplementary geographic description, including an identifica-

tion of areas described in regulations prescribed under section 60109 of this title, that show the location in the State of—

(A) major gas pipeline facilities of the operator, including transmission lines and significant distribution lines; and

(B) major hazardous liquid pipeline facilities of the operator;

(3) a description of—

(A) the characteristics of the operator's pipelines in the State; and

(B) products transported through the operator's pipelines in the State;

(4) the manual that governs operating and maintaining pipeline facilities in the State;

(5) an emergency response plan describing the operator's procedures for responding to and containing releases, including—

(A) identifying specific action the operator will take on discovering a release;

(B) liaison procedures with State and local authorities for emergency response; and

(C) communication and alert procedures for immediately notifying State and local officials at the time of a release; and

(6) other information the Secretary considers useful to inform a State of the presence of pipeline facilities and operations in the State.

(e) PIPE INVENTORY STANDARDS.—The Secretary shall prescribe minimum standards requiring an operator of a pipeline facility subject to this chapter to maintain for the Secretary, to the extent practicable, an inventory with appropriate information about the types of pipe used for the transportation of gas or hazardous liquid, as appropriate, in the operator's system and additional information, including the material's history and the leak history of the pipe. The inventory—

(1) for a gas pipeline facility, shall include an identification of each facility passing through an area described in regulations prescribed under section 60109 of this title but shall exclude equipment used with the compression of gas; and

(2) for a hazardous liquid pipeline facility, shall include an identification of each facility and gathering line passing through an area described in regulations prescribed under section 60109 of this title, whether the facility or gathering line otherwise is subject to this chapter, but shall exclude equipment associated only with the pipeline pumps or storage facilities.

(f) STANDARDS AS ACCOMMODATING "SMART PIGS".—

(1) MINIMUM SAFETY STANDARDS.—The Secretary shall prescribe minimum safety standards requiring that—

(A) the design and construction of new natural gas transmission pipeline or hazardous liquid pipeline facilities, and

(B) when the replacement of existing natural gas transmission pipeline or hazardous liquid pipeline facilities or equipment is required, the replacement of such existing facilities be carried out, to the extent practicable, in a manner so as to accommodate the passage through such natural gas transmission pipeline or hazardous liquid pipeline

² See References in Text note below.

facilities of instrumented internal inspection devices (commonly referred to as “smart pigs”). The Secretary may extend such standards to require existing natural gas transmission pipeline or hazardous liquid pipeline facilities, whose basic construction would accommodate an instrumented internal inspection device to be modified to permit the inspection of such facilities with instrumented internal inspection devices.

(2) PERIODIC INSPECTIONS.—Not later than October 24, 1995, the Secretary shall prescribe, if necessary, additional standards requiring the periodic inspection of each pipeline the operator of the pipeline identifies under section 60109 of this title. The standards shall include any circumstances under which an inspection shall be conducted with an instrumented internal inspection device and, if the device is not required, use of an inspection method that is at least as effective as using the device in providing for the safety of the pipeline.

(g) EFFECTIVE DATES.—A standard prescribed under this section and section 60110 of this title is effective on the 30th day after the Secretary prescribes the standard. However, the Secretary for good cause may prescribe a different effective date when required because of the time reasonably necessary to comply with the standard. The different date must be specified in the regulation prescribing the standard.

(h) SAFETY CONDITION REPORTS.—(1) The Secretary shall prescribe regulations requiring each operator of a pipeline facility (except a master meter) to submit to the Secretary a written report on any—

(A) condition that is a hazard to life, property, or the environment; and

(B) safety-related condition that causes or has caused a significant change or restriction in the operation of a pipeline facility.

(2) The Secretary must receive the report not later than 5 working days after a representative of a person to which this section applies first establishes that the condition exists. Notice of the condition shall be given concurrently to appropriate State authorities.

(i) CARBON DIOXIDE REGULATION.—The Secretary shall regulate carbon dioxide transported by a hazardous liquid pipeline facility. The Secretary shall prescribe standards related to hazardous liquid to ensure the safe transportation of carbon dioxide by such a facility.

(j) EMERGENCY FLOW RESTRICTING DEVICES.—(1) Not later than October 24, 1994, the Secretary shall survey and assess the effectiveness of emergency flow restricting devices (including remotely controlled valves and check valves) and other procedures, systems, and equipment used to detect and locate hazardous liquid pipeline ruptures and minimize product releases from hazardous liquid pipeline facilities.

(2) Not later than 2 years after the survey and assessment are completed, the Secretary shall prescribe standards on the circumstances under which an operator of a hazardous liquid pipeline facility must use an emergency flow restricting device or other procedure, system, or equipment described in paragraph (1) of this subsection on the facility.

(3) REMOTELY CONTROLLED VALVES.—(A) Not later than June 1, 1998, the Secretary shall survey and assess the effectiveness of remotely controlled valves to shut off the flow of natural gas in the event of a rupture of an interstate natural gas pipeline facility and shall make a determination about whether the use of remotely controlled valves is technically and economically feasible and would reduce risks associated with a rupture of an interstate natural gas pipeline facility.

(B) Not later than one year after the survey and assessment are completed, if the Secretary has determined that the use of remotely controlled valves is technically and economically feasible and would reduce risks associated with a rupture of an interstate natural gas pipeline facility, the Secretary shall prescribe standards under which an operator of an interstate natural gas pipeline facility must use a remotely controlled valve. These standards shall include, but not be limited to, requirements for high-density population areas.

(k) PROHIBITION AGAINST LOW INTERNAL STRESS EXCEPTION.—The Secretary may not provide an exception to this chapter for a hazardous liquid pipeline facility only because the facility operates at low internal stress.

(l) UPDATING STANDARDS.—The Secretary shall, to the extent appropriate and practicable, update incorporated industry standards that have been adopted as part of the Federal pipeline safety regulatory program under this chapter.

REFERENCES IN TEXT

The date of enactment of the Accountable Pipeline Safety and Accountability Act of 1996, referred to in subsec. (c)(4)(A), probably means the date of enactment of the Accountable Pipeline Safety and Partnership Act of 1996, Pub. L. 104-304, which amended this section and was approved Oct. 12, 1996.

AMENDMENTS

1996—Subsec. (a)(1)(A). Pub. L. 104-304, §4(a)(1), struck out “transporters of gas and hazardous liquid and to” after “apply to”.

Subsec. (a)(1)(C). Pub. L. 104-304, §4(a)(2), added subpar. (C) and struck out former subpar. (C) which read as follows: "shall include a requirement that all individuals responsible for the operation and maintenance of pipeline facilities be tested for qualifications and certified to operate and maintain those facilities."

Subsec. (a)(2). Pub. L. 104-304, §4(a)(3), added par. (2) and struck out former par. (2) which read as follows: "As the Secretary considers appropriate, the operator of a pipeline facility may make the certification under paragraph (1)(C) of this subsection. Testing and certification under paragraph (1)(C) shall address the ability to recognize and react appropriately to abnormal operating conditions that may indicate a dangerous situation or a condition exceeding design limits."

Subsec. (b). Pub. L. 104-304, §4(b), reenacted heading without change and amended text generally. Prior to amendment, text read as follows: "A standard prescribed under subsection (a) of this section shall be practicable and designed to meet the need for gas pipeline safety, for safely transporting hazardous liquid, and for protecting the environment. Except as provided in section 60103 of this title, when prescribing the standard the Secretary shall consider—

"(1) relevant available—

"(A) gas pipeline safety information; or

"(B) hazardous liquid pipeline information;

"(2) the appropriateness of the standard for the particular type of pipeline transportation or facility;

"(3) the reasonableness of the standard; and

"(4) the extent to which the standard will contribute to public safety and the protection of the environment."

Subsec. (c)(4). Pub. L. 104-304, §4(g), added par. (4).

Subsec. (d). Pub. L. 104-304, §4(c), inserted "as required by the standards prescribed under this chapter" after "operating the facility", substituted "to make the information available" for "to provide the information", and inserted "as determined by the Secretary" after "to the Secretary and an appropriate State official".

Subsec. (e). Pub. L. 104-304, §4(d)(2), substituted "transportation" for "transmission" in introductory provisions.

Pub. L. 104-304, §4(d)(1), in introductory provisions, directed striking out "and, to the extent the Secretary considers necessary, an operator of a gathering line that is not a regulated gather line (as defined under section 60101(b)(2) of this title)," after "subject to this chapter", which was executed by striking out text which read in part "regulated gathering line" instead of "regulated gather line", to reflect the probable intent of Congress.

Subsec. (f)(1). Pub. L. 104-304, §4(e)(1), added heading and text of par. (1) and struck out former par. (1) which read as follows: "The Secretary shall prescribe minimum safety standards requiring that the design and construction of a new gas pipeline transmission facility or hazardous liquid pipeline facility, and the required replacement of an existing gas pipeline transmission facility, hazardous liquid pipeline facility, or equipment, be carried out, to the extent practicable, in a way that accommodates the passage through the facility of an instrumented internal inspection device (commonly referred to as a 'smart pig'). The Secretary may apply the standard to an existing gas or hazardous liquid transmission facility and require the facility to be changed to allow the facility to be inspected with an instrumented internal inspection device if the basic construction of the facility will accommodate the device."

Subsec. (f)(2). Pub. L. 104-304, §§4(e)(2), 20(g), inserted heading, realigned margins, inserted "if necessary, additional" after "the Secretary shall prescribe", and substituted "standards" for "regulations" in two places.

Subsecs. (i), (j)(2). Pub. L. 104-304, §20(g), substituted "standards" for "regulations".

Subsec. (j)(3). Pub. L. 104-304, §4(h), added par. (3).

Subsec. (l). Pub. L. 104-304, §4(f), added subsec. (l).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 60103, 60108, 60109 of this title.

§ 60103. Standards for liquefied natural gas pipeline facilities

(a) LOCATION STANDARDS.—The Secretary of Transportation shall prescribe minimum safety standards for deciding on the location of a new liquefied natural gas pipeline facility. In prescribing a standard, the Secretary shall consider the—

(1) kind and use of the facility;

(2) existing and projected population and demographic characteristics of the location;

(3) existing and proposed land use near the location;

(4) natural physical aspects of the location;

(5) medical, law enforcement, and fire prevention capabilities near the location that can cope with a risk caused by the facility; and

(6) need to encourage remote siting.

(b) DESIGN, INSTALLATION, CONSTRUCTION, INSPECTION, AND TESTING STANDARDS.—The Secretary of Transportation shall prescribe minimum safety standards for designing, installing, constructing, initially inspecting, and initially testing a new liquefied natural gas pipeline facility. When prescribing a standard, the Secretary shall consider—

(1) the characteristics of material to be used in constructing the facility and of alternative material;

(2) design factors;

(3) the characteristics of the liquefied natural gas to be stored or converted at, or transported by, the facility; and

(4) the public safety factors of the design and of alternative designs, particularly the ability to prevent and contain a liquefied natural gas spill.

(c) NONAPPLICATION.—(1) Except as provided in paragraph (2) of this subsection, a design, location, installation, construction, initial inspection, or initial testing standard prescribed under this chapter after March 1, 1978, does not apply to an existing liquefied natural gas pipeline facility if the standard is to be applied because of authority given—

(A) under this chapter; or

(B) under another law, and the standard is not prescribed at the time the authority is applied.

(2)(A) Any design, installation, construction, initial inspection, or initial testing standard prescribed under this chapter after March 1, 1978, may provide that the standard applies to any part of a replacement component of a liquefied natural gas pipeline facility if the component or part is placed in service after the standard is prescribed and application of the standard—

(i) does not make the component or part incompatible with other components or parts; or

(ii) is not impracticable otherwise.

(B) Any location standard prescribed under this chapter after March 1, 1978, does not apply to any part of a replacement component of an existing liquefied natural gas pipeline facility.

(3) A design, installation, construction, initial inspection, or initial testing standard does not apply to a liquefied natural gas pipeline facility existing when the standard is adopted.

(d) OPERATION AND MAINTENANCE STANDARDS.—The Secretary of Transportation shall prescribe minimum operating and maintenance standards for a liquefied natural gas pipeline facility. In prescribing a standard, the Secretary shall consider—

- (1) the conditions, features, and type of equipment and structures that make up or are used in connection with the facility;
- (2) the fire prevention and containment equipment at the facility;
- (3) security measures to prevent an intentional act that could cause a liquefied natural gas accident;
- (4) maintenance procedures and equipment;
- (5) the training of personnel in matters specified by this subsection; and
- (6) other factors and conditions related to the safe handling of liquefied natural gas.

(e) EFFECTIVE DATES.—A standard prescribed under this section is effective on the 30th day after the Secretary of Transportation prescribes the standard. However, the Secretary for good cause may prescribe a different effective date when required because of the time reasonably necessary to comply with the standard. The different date must be specified in the regulation prescribing the standard.

(f) CONTINGENCY PLANS.—A new liquefied natural gas pipeline facility may be operated only after the operator submits an adequate contingency plan that states the action to be taken if a liquefied natural gas accident occurs. The Secretary of Energy or appropriate State or local authority shall decide if the plan is adequate.

(g) EFFECT ON OTHER STANDARDS.—This section does not preclude applying a standard prescribed under section 60102 of this title to a gas pipeline facility (except a liquefied natural gas pipeline facility) associated with a liquefied natural gas pipeline facility.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1307.)

In subsection (a), before clause (1), the words “with respect to standards relating to the location of any new LNG facility” are omitted because of the restatement. In clause (2), the word “involved” is omitted as surplus. In clause (4), the words “meteorological, geological, topographical, seismic, and other” are omitted as surplus. In clause (5), the word “existing” is omitted as surplus.

In subsection (b), before clause (1), the text of 49 App.:1674a(a)(2) (1st sentence) is omitted as executed. The text of 49 App.:1674a(a)(2) (last sentence) is omitted as surplus. The words “with respect to standards applicable to the design, installation, construction, initial inspection, and initial testing of any new LNG facility” are omitted because of the restatement. In clause (1), the words “thermal resistance and other” are omitted as surplus. In clause (2), the words “(such as multiple diking, insulated concrete, and vapor containment barriers)” are omitted as surplus. In clause (3), the words “(for example, whether it is to be in a liquid or semi-solid state)” are omitted as surplus. In clause (4), the words “under such a design” are omitted as surplus.

In subsection (c)(1) and (2), the word “prescribed” is substituted for “issued” for consistency in the revised title and with other titles of the Code.

In subsection (c)(1), before clause (A), the words “if the standard is to be applied” are added for clarity. The word “either” is omitted as surplus. In clause (B), the word “Federal” is omitted as surplus. The words “the authority is applied” are substituted for “such authority was exercised” for clarity.

In subsection (c)(2)(A), before clause (i), the words “design, installation, construction, initial inspection, or initial testing standard prescribed under this chapter after March 1, 1978” are substituted for “Any such standard (other than one affecting location)” for clarity. In clause (i), the words “of the facility involved” are omitted as surplus. In clause (ii), the word “otherwise” is omitted as surplus.

In subsection (d), before clause (1), the words “Not later than 270 days after November 30, 1979” are omitted as executed. The words “with respect to standards for the operation and maintenance [sic] of any LNG facility” are omitted because of the restatement. In clause (3), the words “to be used with respect to the operation of such facility” and “sabotage or other” are omitted as surplus.

In subsection (e), the text of 49 App.:1674a(f) (related to 49 App.:1672(a)(1) (8th, last sentences), (c), and (d)) is omitted as surplus because those provisions apply to all standards prescribed under the Natural Gas Pipeline Safety Act of 1968 (Public Law 90–481, 82 Stat. 720).

In subsection (f), the words “Secretary of Energy” are substituted for “Department of Energy” because of 42:7131. The words “or local” are added for clarity. The words “in the case of any facility not subject to the jurisdiction of the Department under the Natural Gas Act” are omitted as surplus.

§ 60104. Requirements and limitations

(a) OPPORTUNITY TO PRESENT VIEWS.—The Secretary of Transportation shall give an interested person an opportunity to make oral and written presentations of information, views, and arguments when prescribing a standard under this chapter.

(b) NONAPPLICATION.—A design, installation, construction, initial inspection, or initial testing standard does not apply to a pipeline facility existing when the standard is adopted.

(c) PREEMPTION.—A State authority that has submitted a current certification under section 60105(a) of this title may adopt additional or

A State authority may not adopt or continue in force safety standards for interstate pipeline facilities or interstate pipeline transportation.

(d) CONSULTATION.—(1) When continuity of gas service is affected by prescribing a standard or waiving compliance with standards under this chapter, the Secretary of Transportation shall consult with and advise the Federal Energy Regulatory Commission or a State authority having jurisdiction over the affected gas pipeline facility before prescribing the standard or waiving compliance. The Secretary shall delay the effective date of the standard or waiver until the Commission or State authority has a reasonable opportunity to grant an authorization it considers necessary.

(2) In a proceeding under section 3 or 7 of the Natural Gas Act (15 U.S.C. 717b or 717f), each applicant for authority to import natural gas or to establish, construct, operate, or extend a gas pipeline facility subject to an applicable safety standard shall certify that it will design, install, inspect, test, construct, operate, replace, and maintain a gas pipeline facility under those standards and plans for inspection and maintenance under section 60108 of this title. The certification is binding on the Secretary of Energy and the Commission except when an appropriate enforcement agency has given timely written notice to the Commission that the applicant has violated a standard prescribed under this chapter.

§ 60105. State pipeline safety program certifications

(a) GENERAL REQUIREMENTS AND SUBMISSION.—Except as provided in this section and sections 60114 and 60121 of this title, the Secretary of Transportation may not prescribe or enforce safety standards and practices for an intrastate pipeline facility or intrastate pipeline transportation to the extent that the safety standards and practices are regulated by a State authority (including a municipality if the standards and practices apply to intrastate gas pipeline transportation) that submits to the Secretary annually a certification for the facilities and transportation that complies with subsections (b) and (c) of this section.

(b) CONTENTS.—Each certification submitted under subsection (a) of this section shall state that the State authority—

(1) has regulatory jurisdiction over the standards and practices to which the certification applies;

(2) has adopted, by the date of certification, each applicable standard prescribed under this chapter or, if a standard under this chapter was prescribed not later than 120 days before certification, is taking steps to adopt that standard;

(3) is enforcing each adopted standard through ways that include inspections conducted by State employees meeting the qualifications the Secretary prescribes under section 60107(d)(1)(C) of this title;

(4) is encouraging and promoting programs designed to prevent damage by demolition, excavation, tunneling, or construction activity to the pipeline facilities to which the certification applies;

(5) may require record maintenance, reporting, and inspection substantially the same as provided under section 60117 of this title;

(6) may require that plans for inspection and maintenance under section 60108 (a) and (b) of this title be filed for approval; and

(7) may enforce safety standards of the authority under a law of the State by injunctive relief and civil penalties substantially the same as provided under sections 60120 and 60122(a)(1) and (b)–(f) of this title.

(c) REPORTS.—(1) Each certification submitted under subsection (a) of this section shall include a report that contains—

(A) the name and address of each person to whom the certification applies that is subject to the safety jurisdiction of the State authority;

(B) each accident or incident reported during the prior 12 months by that person involving a fatality, personal injury requiring hospitalization, or property damage or loss of more than an amount the Secretary establishes (even if the person sustaining the fatality, personal injury, or property damage or loss is not subject to the safety jurisdiction of the authority), any other accident the authority considers significant, and a summary of the investigation by the authority of the cause and circumstances surrounding the accident or incident;

(C) the record maintenance, reporting, and inspection practices conducted by the authority to enforce compliance with safety standards prescribed under this chapter to which the certification applies, including the number of inspections of pipeline facilities the authority made during the prior 12 months; and

(D) any other information the Secretary requires.

(2) The report included in the first certification submitted under subsection (a) of this section is only required to state information available at the time of certification.

(d) APPLICATION.—A certification in effect under this section does not apply to safety standards prescribed under this chapter after the date of certification. This chapter applies to each applicable safety standard prescribed after the date of certification until the State authority adopts the standard and submits the appropriate certification to the Secretary under subsection (a) of this section.

(e) MONITORING.—The Secretary may monitor a safety program established under this section to ensure that the program complies with the certification. A State authority shall cooperate with the Secretary under this subsection.

(f) REJECTIONS OF CERTIFICATION.—If after receiving a certification the Secretary decides the State authority is not enforcing satisfactorily compliance with applicable safety standards prescribed under this chapter, the Secretary may reject the certification, assert United States Government jurisdiction, or take other appropriate action to achieve adequate enforcement. The Secretary shall give the authority notice and an opportunity for a hearing before taking final action under this subsection. When notice is given, the burden of proof is on the authority to demonstrate that it is enforcing satisfactorily compliance with the prescribed standards.

The Secretary may pay an authority under this section only when the authority ensures the Secretary that it will provide the remaining costs of a safety program and that the total State amount spent for a safety program (excluding grants of the United States Government) will at least equal the average amount spent—

(1) for a gas safety program, for the fiscal years that ended June 30, 1967, and June 30, 1968; and

(A) consider the experience and training of the employee;

(B) order training or other requirements; and

(C) provide for approval of qualifications on a conditional basis until specified requirements are met.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1311; Pub. L. 104-304, §20(c), Oct. 12, 1996, 110 Stat. 3804.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 60105, 60125 of this title.

§ 60108. Inspection and maintenance

(a) PLANS.—(1) Each person owning or operating an intrastate gas pipeline facility or hazardous liquid pipeline facility shall carry out a current written plan (including any changes) for inspection and maintenance of each facility used in the transportation and owned or operated by the person. A copy of the plan shall be kept at any office of the person the Secretary of Transportation considers appropriate. The Secretary also may require a person owning or operating a pipeline facility subject to this chapter to file a plan for inspection and maintenance for approval.

(2) If the Secretary or a State authority responsible for enforcing standards prescribed under this chapter decides that a plan required under paragraph (1) of this subsection is inadequate for safe operation, the Secretary or authority shall require the person to revise the plan. Revision may be required only after giving notice and an opportunity for a hearing. A plan required under paragraph (1) must be practicable and designed to meet the need for pipeline safety and must include terms designed to enhance the ability to discover safety-related conditions described in section 60102(h)(1) of this title. In deciding on the adequacy of a plan, the Secretary or authority shall consider—

(A) relevant available pipeline safety information;

(B) the appropriateness of the plan for the particular kind of pipeline transportation or facility;

(C) the reasonableness of the plan; and
 (D) the extent to which the plan will contribute to public safety and the protection of the environment.

(3) A plan required under this subsection shall be made available to the Secretary or State authority on request under section 60117 of this title.

(b) INSPECTION AND TESTING.—(1) The Secretary shall inspect and require appropriate testing of a pipeline facility subject to this chapter that is not covered by a certification under section 60105 of this title or an agreement under section 60106 of this title. The Secretary shall decide on the frequency and type of inspection and testing under this subsection on a case-by-case basis after considering the following:

(A) the location of the pipeline facility.

(B) the type, size, age, manufacturer, method of construction, and condition of the pipeline facility.

(C) the nature and volume of material transported through the pipeline facility.

(D) the pressure at which that material is transported.

(E) climatic, geologic, and seismic characteristics (including soil characteristics) and conditions of the area in which the pipeline facility is located.

(F) existing and projected population and demographic characteristics of the area in which the pipeline facility is located.

(G) for a hazardous liquid pipeline facility, the proximity of the area in which the facility is located to an area that is unusually sensitive to environmental damage.

(H) the frequency of leaks.

(I) other factors the Secretary decides are relevant to the safety of pipeline facilities.

(2) To the extent and in amounts provided in advance in an appropriation law, the Secretary shall decide on the frequency of inspection under paragraph (1) of this subsection. The Secretary may reduce the frequency of an inspection of a master meter system.

(3) Testing under this subsection shall use the most appropriate technology practicable.

(c) PIPELINE FACILITIES OFFSHORE AND IN OTHER WATERS.—(1) In this subsection—

(A) “abandoned” means permanently removed from service.

(B) “pipeline facility” includes an underwater abandoned pipeline facility.

(C) if a pipeline facility has no operator, the most recent operator of the facility is deemed to be the operator of the facility.

(2)(A) Not later than May 16, 1993, on the basis of experience with the inspections under section 3(h)(1)(A) of the Natural Gas Pipeline Safety Act of 1968 or section 203(l)(1)(A) of the Hazardous Liquid Pipeline Safety Act of 1979, as appropriate, and any other information available to the Secretary, the Secretary shall establish a mandatory, systematic, and, where appropriate, periodic inspection program of—

(i) all offshore pipeline facilities; and

(ii) any other pipeline facility crossing under, over, or through waters where a substantial likelihood of commercial navigation exists, if the Secretary decides that the loca-

tion of the facility in those waters could pose a hazard to navigation or public safety.

(B) In prescribing standards to carry out subparagraph (A) of this paragraph—

(i) the Secretary shall identify what is a hazard to navigation with respect to an underwater abandoned pipeline facility; and

(ii) for an underwater pipeline facility abandoned after October 24, 1992, the Secretary shall include requirements that will lessen the potential that the facility will pose a hazard to navigation and shall consider the relationship between water depth and navigational safety and factors relevant to the local marine environment.

(3)(A) The Secretary shall establish by regulation a program requiring an operator of a pipeline facility described in paragraph (2) of this subsection to report a potential or existing navigational hazard involving that pipeline facility to the Secretary through the appropriate Coast Guard office.

(B) The operator of a pipeline facility described in paragraph (2) of this subsection that discovers any part of the pipeline facility that is a hazard to navigation shall mark the location of the hazardous part with a Coast-Guard-approved marine buoy or marker and immediately shall notify the Secretary as provided by the Secretary under subparagraph (A) of this paragraph. A marine buoy or marker used under this subparagraph is deemed a pipeline sign or right-of-way marker under section 60123(c) of this title.

(4)(A) The Secretary shall establish a standard that each pipeline facility described in paragraph (2) of this subsection that is a hazard to navigation is buried not later than 6 months after the date the condition of the facility is reported to the Secretary. The Secretary may extend that 6-month period for a reasonable period to ensure compliance with this paragraph.

(B) In prescribing standards for subparagraph (A) of this paragraph for an underwater pipeline facility abandoned after October 24, 1992, the Secretary shall include requirements that will lessen the potential that the facility will pose a hazard to navigation and shall consider the relationship between water depth and navigational safety and factors relevant to the local marine environment.

(5)(A) Not later than October 24, 1994, the Secretary shall establish standards on what is an exposed offshore pipeline facility and what is a hazard to navigation under this subsection.

(B) Not later than 6 months after the Secretary establishes standards under subparagraph (A) of this paragraph, or October 24, 1995, whichever occurs first, the operator of each offshore pipeline facility not described in section 3(h)(1)(A) of the Natural Gas Pipeline Safety Act of 1968 or section 203(l)(1)(A) of the Hazardous Liquid Pipeline Safety Act of 1979, as appropriate, shall inspect the facility and report to the Secretary on any part of the facility that is exposed or is a hazard to navigation. This subparagraph applies only to a facility that is between the high water mark and the point at which the subsurface is under 15 feet of water, as measured from mean low water. An inspection

that occurred after October 3, 1989, may be used for compliance with this subparagraph if the inspection conforms to the requirements of this subparagraph.

(C) The Secretary may extend the time period specified in subparagraph (B) of this paragraph for not more than 6 months if the operator of a facility satisfies the Secretary that the operator has made a good faith effort, with reasonable diligence, but has been unable to comply by the end of that period.

(6)(A) The operator of a pipeline facility abandoned after October 24, 1992, shall report the abandonment to the Secretary in a way that specifies whether the facility has been abandoned properly according to applicable United States Government and State requirements.

(B) Not later than October 24, 1995, the operator of a pipeline facility abandoned before October 24, 1992, shall report to the Secretary reasonably available information related to the facility, including information that a third party possesses. The information shall include the location, size, date, and method of abandonment, whether the facility has been abandoned properly under applicable law, and other relevant information the Secretary may require. Not later than April 24, 1994, the Secretary shall specify how the information shall be reported. The Secretary shall ensure that the Government maintains the information in a way accessible to appropriate Government agencies and State authorities.

(C) The Secretary shall request that a State authority having information on a collision between a vessel and an underwater pipeline facility report the information to the Secretary in a timely way and make a reasonable effort to specify the location, date, and severity of the collision. Chapter 35 of title 44 does not apply to this subparagraph.

(7) The Secretary may not exempt from this chapter an offshore hazardous liquid pipeline facility only because the pipeline facility transfers hazardous liquid in an underwater pipeline between a vessel and an onshore facility.

(d) REPLACING CAST IRON GAS PIPELINES.—(1) The Secretary shall publish a notice on the availability of industry guidelines, developed by the Gas Piping Technology Committee, for replacing cast iron pipelines. Not later than 2 years after the guidelines become available, the Secretary shall conduct a survey of gas pipeline operators with cast iron pipe in their systems to establish—

(A) the extent to which each operator has adopted a plan for the safe management and replacement of cast iron;

(B) the elements of the plan, including the anticipated rate of replacement; and

(C) the progress that has been made.

(2) Chapter 35 of title 44 does not apply to the conduct of the survey.

(3) This subsection does not prevent the Secretary from developing Government guidelines or standards for cast iron gas pipelines as the Secretary considers appropriate.

STUDY OF UNDERWATER ABANDONED PIPELINE FACILITIES

Pub. L. 102-508, title III, §307, Oct. 24, 1992, 106 Stat. 3309, directed Secretary of Transportation, in consultation with State and other Federal agencies having authority over underwater natural gas and hazardous liquid pipeline facilities and with pipeline owners and operators, fishing and maritime industries, and other affected groups, to submit to Congress, not later than 3 years after Oct. 24, 1992, report and recommendations on abandonment of such pipeline facilities, including analysis of problems caused by such facilities, alternative methods to abandonment, as well as navigational, safety, economic, and environmental impacts associated with abandonment, and further authorized Secretary to require, based on findings of such study, additional appropriate actions to prevent hazards to navigation in connection with such facilities.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 60102, 60104, 60105, 60106, 60118 of this title.

§ 60109. High-density population areas and environmentally sensitive areas

(a) IDENTIFICATION REQUIREMENTS.—Not later than October 24, 1994, the Secretary of Transportation shall prescribe standards that—

(1) establish criteria for identifying—

(A) by operators of gas pipeline facilities, each gas pipeline facility (except a natural gas distribution line) located in a high-density population area; and

(B) by operators of hazardous liquid pipeline facilities and gathering lines—

(i) each hazardous liquid pipeline facility, whether otherwise subject to this chapter, that crosses waters where a substantial likelihood of commercial navigation exists or that is located in an area described in the criteria as a high-density population area; and

(ii) each hazardous liquid pipeline facility and gathering line, whether otherwise

subject to this chapter, located in an area that the Secretary, in consultation with the Administrator of the Environmental Protection Agency, describes as unusually sensitive to environmental damage if there is a hazardous liquid pipeline accident; and

(2) provide that the identification be carried out through the inventory required under section 60102(e) of this title.

(b) AREAS TO BE INCLUDED AS UNUSUALLY SENSITIVE.—When describing areas that are unusually sensitive to environmental damage if there is a hazardous liquid pipeline accident, the Secretary shall consider areas where a pipeline rupture would likely cause permanent or long-term environmental damage, including—

(1) locations near pipeline rights-of-way that are critical to drinking water, including intake locations for community water systems and critical sole source aquifer protection areas; and

(2) locations near pipeline rights-of-way that have been identified as critical wetlands, riverine or estuarine systems, national parks, wilderness areas, wildlife preservation areas or refuges, wild and scenic rivers, or critical habitat areas for threatened and endangered species.

AMENDMENTS

1996—Subsec. (a). Pub. L. 104-304, §20(i), substituted “standards” for “regulations” in introductory provisions.

Subsec. (a)(1)(B)(i). Pub. L. 104-304, §7(a), substituted “waters where a substantial likelihood of commercial navigation exists” for “a navigable waterway (as the Secretary defines by regulation)”.

Subsec. (b). Pub. L. 104-304, §7(b), reenacted heading without change and amended text generally. Prior to amendment, text read as follows: “When describing an area that is unusually sensitive to environmental damage if there is a hazardous liquid pipeline accident, the Secretary shall consider including—

“(1) earthquake zones and areas subject to landslides and other substantial ground movements;

“(2) areas of likely ground water contamination if a hazardous liquid pipeline facility ruptures;

“(3) freshwater lakes, rivers, and waterways; and

“(4) river deltas and other areas subject to soil erosion or subsidence from flooding or other water action where a hazardous liquid pipeline facility is likely to become exposed or undermined.”

1994—Subsec. (a)(2). Pub. L. 103-429 substituted “section 60102(e)” for “section 60102(c)”.

EFFECTIVE DATE OF 1994 AMENDMENT

Amendment by Pub. L. 103-429 effective July 5, 1994, see section 9 of Pub. L. 103-429, set out as a note under section 321 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 60102 of this title.

§ 60110. Excess flow valves

(a) APPLICATION.—This section applies only to—

(1) a natural gas distribution system installed after the effective date of regulations prescribed under this section; and

(2) any other natural gas distribution system when repair to the system requires replacing a part to accommodate installing excess flow valves.

(b) INSTALLATION REQUIREMENTS AND CONSIDERATIONS.—Not later than April 24, 1994, the Secretary of Transportation shall prescribe standards on the circumstances, if any, under which an operator of a natural gas distribution system must install excess flow valves in the system. The Secretary shall consider—

(1) the system design pressure;

(2) the system operating pressure;

(3) the types of customers to which the distribution system supplies gas, including hospitals, schools, and commercial enterprises;

(4) the technical feasibility and cost of installing, operating, and maintaining the valve;

(5) the public safety benefits of installing the valve;

(6) the location of customer meters; and

(7) other factors the Secretary considers relevant.

(c) NOTIFICATION OF AVAILABILITY.—(1) Not later than October 24, 1994, the Secretary shall prescribe standards requiring an operator of a natural gas distribution system to notify in writing its customers having lines in which excess flow valves are not required by law but can be installed according to the standards prescribed under subsection (e) of this section, of—

(A) the availability of excess flow valves for installation in the system;

(B) safety benefits to be derived from installation; and

(C) costs associated with installation, maintenance, and replacement.

(2) The standards shall provide that, except when installation is required under subsection (b) of this section, excess flow valves shall be installed at the request of the customer if the customer will pay all costs associated with installation.

(d) REPORT.—If the Secretary decides under subsection (b) of this section that there are no circumstances under which an operator must in-

stall excess flow valves, the Secretary shall submit to Congress a report on the reasons for the decision not later than 30 days after the decision is made.

(e) PERFORMANCE STANDARDS.—Not later than April 24, 1994, the Secretary shall develop standards for the performance of excess flow valves used to protect lines in a natural gas distribution system. The Secretary may adopt industry accepted performance standards in order to comply with the requirement under the preceding sentence. The standards shall be incorporated into regulations the Secretary prescribes under this section. All excess flow valves shall be installed according to the standards.

AMENDMENTS

1996—Pub. L. 104-304 struck out subsec. (a) designation and heading, substituted “standards” for “regulations”, and struck out subsec. (b), which read as follows:

“(b) ACTIONS TO PROMOTE SAFETY.—Not later than one year after submitting the report required under section 115(b) of the Pipeline Safety Act of 1992 (Public Law 102-508, 106 Stat. 3296), the Secretary, considering the report and in cooperation and coordination with appropriate State and local authorities, shall take appropriate action to promote the adoption of measures to improve the safety of customer-owned natural gas service lines.”

MAINTENANCE OF CUSTOMER-OWNED SERVICE LINES

Pub. L. 102-508, title I, §115(b), Oct. 24, 1992, 106 Stat. 3296, provided that:

“(1) DOT SAFETY REVIEW.—Within 18 months after the date of the enactment of this Act [Oct. 24, 1992], the Secretary of Transportation shall conduct a review of Department of Transportation and State rules, policies, procedures, and other measures with respect to the safety of customer-owned natural gas service lines, including the effectiveness of such rules, policies, procedures, and other measures. The Secretary of Transportation shall include in the review an evaluation of the extent to which lack of maintenance of customer-owned natural gas service lines raises safety concerns and shall make recommendations regarding maintenance of such lines, including the need for any legislative changes or regulatory action. In conducting the review and developing the recommendations, the Secretary of Transportation shall consider the following factors: State and local law, including law governing private property and rights, and including State pipeline safety regulation of distribution operators; the views of State and local regulatory authorities; the extent of operator compliance with the program for advising customers regarding maintenance of such lines required under section 18(b) of the Natural Gas Pipeline Safety Act of 1968 [see subsec. (a) of this section]; available accident information; the recommendations of the National Transportation Safety Board; costs; the civil liability implications of distribution operators taking responsibility for customer-owned service lines; and whether the service line maintenance information program required under such section 18(b) sufficiently addresses safety risks and concerns involving customer-owned service lines.

“(2) OPERATION AND MAINTENANCE RESPONSIBILITY.—Within 18 months after the date of the enactment of this Act [Oct. 24, 1992], the Secretary of Transportation shall conduct, with the participation of the operators of natural gas distribution facilities, a survey of owners of customer-owned service lines to determine the views of such owners regarding whether distribution companies should assume responsibility for the operation and maintenance of customer-owned service lines. In conducting the survey, the Secretary of Transportation shall ensure that such customers are aware of any potential safety benefits, any potential implementation issues (including any property rights or cost issues), the recommendations of the National Transportation Safety Board, and accidents that have occurred, related to customer-owned service lines.

“(3) APPLICABILITY.—Chapter 35 of title 44, United States Code (relating to coordination of Federal information policy) shall not apply to the conduct of the review or survey under this subsection.

“(4) REPORT.—Not later than 2 years after the date of the enactment of this Act [Oct. 24, 1992], the Secretary of Transportation shall transmit to Congress a report on the results of the review and survey conducted under this subsection, together with any recommendations (including legislative recommendations) regarding maintenance of customer-owned natural gas service lines.”

The regulations shall include the following:

(1) a requirement that the system apply to all areas of the State containing underground pipeline facilities.

(2) a requirement that a person intending to engage in an activity the Secretary decides could cause physical damage to an underground facility must contact the appropriate system to establish if there are underground facilities present in the area of the intended activity.

(6) a requirement about the information to be provided by a person contacting the system under clause (2) of this subsection.

(7) a requirement for the response of the operator of the system and of the facility after they are contacted by an individual under this subsection.

(8) a requirement that each State decide whether the system will be toll free.

(9) a requirement for sanctions substantially the same as provided under sections 60120 and 60122 of this title.

(b) MARKING FACILITIES.—On notification by an operator of a damage prevention program or by a person planning to carry out demolition, excavation, tunneling, or construction in the vicinity of a pipeline facility, the operator of the facility shall mark accurately, in a reasonable and timely way, the location of the pipeline facilities in the vicinity of the demolition, excavation, tunneling, or construction.

(a) RISK MANAGEMENT PROGRAM DEMONSTRATION PROJECTS.—

(1) IN GENERAL.—The Secretary shall establish risk management demonstration projects—

(A) to demonstrate, through the voluntary participation by owners and operators of gas pipeline facilities and hazardous liquid pipeline facilities, the application of risk management; and

(B) to evaluate the safety and cost-effectiveness of the program.

(2) EXEMPTIONS.—In carrying out a demonstration project under this subsection, the Secretary, by order—

(A) may exempt an owner or operator of the pipeline facility covered under the project (referred to in this subsection as a “covered pipeline facility”), from the applicability of all or a portion of the requirements under this chapter that would otherwise apply to the covered pipeline facility; and

(B) shall exempt, for the period of the project, an owner or operator of the covered pipeline facility, from the applicability of any new standard that the Secretary promulgates under this chapter during the period of that participation, with respect to the covered facility.

(b) REQUIREMENTS.—In carrying out a demonstration project under this section, the Secretary shall—

(1) invite owners and operators of pipeline facilities to submit risk management plans for timely approval by the Secretary;

(2) require, as a condition of approval, that a risk management plan submitted under this subsection contain measures that are designed to achieve an equivalent or greater overall level of safety than would otherwise be achieved through compliance with the standards contained in this chapter or promulgated by the Secretary under this chapter;

(3) provide for—

(A) collaborative government and industry training;

(B) methods to measure the safety performance of risk management plans;

(C) the development and application of new technologies;

(D) the promotion of community awareness concerning how the overall level of safety will be maintained or enhanced by the demonstration project;

(E) the development of models that categorize the risks inherent to each covered pipeline facility, taking into consideration the location, volume, pressure, and material transported or stored by that pipeline facility;

(F) the application of risk assessment and risk management methodologies that are suitable to the inherent risks that are determined to exist through the use of models developed under subparagraph (E);

(G) the development of project elements that are necessary to ensure that—

(i) the owners and operators that participate in the demonstration project demonstrate that they are effectively managing the risks referred to in subparagraph (E); and

(ii) the risk management plans carried out under the demonstration project under this subsection can be audited;

(H) a process whereby an owner or operator of a pipeline facility is able to terminate a risk management plan or, with the approval of the Secretary, to amend, modify, or otherwise adjust a risk management plan referred to in paragraph (1) that has been approved by the Secretary pursuant to that paragraph to respond to—

(i) changed circumstances; or

(ii) a determination by the Secretary that the owner or operator is not achieving an overall level of safety that is at least equivalent to the level that would otherwise be achieved through compliance with the standards contained in this chapter or promulgated by the Secretary under this chapter;

§ 70101. Findings and purposes

- (a) FINDINGS.—Congress finds that—
(1) the peaceful uses of outer space continue to be of great value and to offer benefits to all mankind;
(2) private applications of space technology have achieved a significant level of commercial and economic activity and offer the potential for growth in the future, particularly in the United States;

(3) new and innovative equipment and services are being sought, produced, and offered by entrepreneurs in telecommunications, information services, microgravity research, and remote sensing technologies;

(4) the private sector in the United States has the capability of developing and providing private satellite launching, reentry, and associated services that would complement the launching, reentry, and associated services now available from the United States Government;

(5) the development of commercial launch vehicles, reentry vehicles, and associated services would enable the United States to retain its competitive position internationally, contributing to the national interest and economic well-being of the United States;

(6) providing launch services and reentry services by the private sector is consistent with the national security and foreign policy interests of the United States and would be facilitated by stable, minimal, and appropriate regulatory guidelines that are fairly and expeditiously applied;

(7) the United States should encourage private sector launches, reentries, and associated services and, only to the extent necessary, regulate those launches, reentries, and services to ensure compliance with international obligations of the United States and to protect the public health and safety, safety of property, and national security and foreign policy interests of the United States;

(8) space transportation, including the establishment and operation of launch sites, reentry sites, and complementary facilities, the providing of launch services and reentry services, the establishment of support facilities, and the providing of support services, is an important element of the transportation system of the United States, and in connection with the commerce of the United States there is a need to develop a strong space transportation infrastructure with significant private sector involvement; and

(9) the participation of State governments in encouraging and facilitating private sector involvement in space-related activity, particularly through the establishment of a space transportation-related infrastructure, including launch sites, reentry sites, complementary facilities, and launch site and reentry site support facilities, is in the national interest and is of significant public benefit.

(b) PURPOSES.—The purposes of this chapter are—

(1) to promote economic growth and entrepreneurial activity through use of the space environment for peaceful purposes;

(2) to encourage the United States private sector to provide launch vehicles, reentry vehicles, and associated services by—

(A) simplifying and expediting the issuance and transfer of commercial licenses; and

(B) facilitating and encouraging the use of Government-developed space technology;

(3) to provide that the Secretary of Transportation is to oversee and coordinate the con-

duct of commercial launch and reentry operations, issue and transfer commercial licenses authorizing those operations, and protect the public health and safety, safety of property, and national security and foreign policy interests of the United States; and

(4) to facilitate the strengthening and expansion of the United States space transportation infrastructure, including the enhancement of United States launch sites and launch-site support facilities, and development of reentry sites, with Government, State, and private sector involvement, to support the full range of United States space-related activities.

“(1) a robust United States space transportation industry is vital to the Nation’s economic well-being and national security;

“(2) enactment of a 5-year extension of the excess third party claims payment provision of chapter 701 of title 49, United States Code (Commercial Space Launch Activities), will have a beneficial impact on the international competitiveness of the United States space transportation industry;

“(3) space transportation may evolve into airplane-style operations;

“(4) during the next 3 years the Federal Government and the private sector should analyze the liability risk-sharing regime to determine its appropriateness and effectiveness, and, if needed, develop and propose a new regime to Congress at least 2 years prior to the expiration of the extension contained in this Act [see Short Title of 2000 Amendment note above];

“(5) the areas of responsibility of the Office of the Associate Administrator for Commercial Space Transportation have significantly increased as a result of—

SECTION 1. The Department of Transportation is designated as the lead agency within the Federal government for encouraging and facilitating commercial ELV activities by the United States private sector.

SEC. 2. Responsibilities of Lead Agency. The Secretary of Transportation shall, to the extent permitted by law and subject to the availability of appropriations, perform the following functions:

(a) act as a focal point within the Federal government for private sector space launch contacts related to commercial ELV operations;

(b) promote and encourage commercial ELV operations in the same manner that other private United States commercial enterprises are promoted by United States agencies;

(c) provide leadership in the establishment, within affected departments and agencies, of procedures that ex-

pedite the processing of private sector requests to obtain licenses necessary for commercial ELV launches and the establishment and operation of commercial launch ranges;

(d) consult with other affected agencies to promote consistent application of ELV licensing requirements for the private sector and assure fair and equitable treatment for all private sector applicants;

(e) serve as a single point of contact for collection and dissemination of documentation related to commercial ELV licensing applications;

(f) make recommendations to affected agencies and, as appropriate, to the President, concerning administrative measures to streamline Federal government procedures for licensing of commercial ELV activities;

§ 70104. Restrictions on launches, operations, and reentries

(a) LICENSE REQUIREMENT.—A license issued or transferred under this chapter is required for the following:

(1) for a person to launch a launch vehicle or to operate a launch site or reentry site, or to reenter a reentry vehicle, in the United States.

(2) for a citizen of the United States (as defined in section 70102(1)(A) or (B) of this title) to launch a launch vehicle or to operate a launch site or reentry site, or to reenter a reentry vehicle, outside the United States.

(3) for a citizen of the United States (as defined in section 70102(1)(C) of this title) to

launch a launch vehicle or to operate a launch site or reentry site, or to reenter a reentry vehicle, outside the United States and outside the territory of a foreign country unless there is an agreement between the United States Government and the government of the foreign country providing that the government of the foreign country has jurisdiction over the launch or operation or reentry.

(4) for a citizen of the United States (as defined in section 70102(1)(C) of this title) to launch a launch vehicle or to operate a launch site or reentry site, or to reenter a reentry vehicle, in the territory of a foreign country if there is an agreement between the United States Government and the government of the foreign country providing that the United States Government has jurisdiction over the launch or operation or reentry.

(b) COMPLIANCE WITH PAYLOAD REQUIREMENTS.—The holder of a license under this chapter may launch or reenter a payload only if the payload complies with all requirements of the laws of the United States related to launching or reentering a payload.

(c) PREVENTING LAUNCHES AND REENTRIES.—The Secretary of Transportation shall establish whether all required licenses, authorizations, and permits required for a payload have been obtained. If no license, authorization, or permit is required, the Secretary may prevent the launch or reentry if the Secretary decides the launch or reentry would jeopardize the public health and safety, safety of property, or national security or foreign policy interest of the United States.

(a) APPLICATIONS.—(1) A person may apply to the Secretary of Transportation for a license or transfer of a license under this chapter in the form and way the Secretary prescribes. Consistent with the public health and safety, safety of property, and national security and foreign policy interests of the United States, the Secretary, not later than 180 days after receiving an application, shall issue or transfer a license if the Secretary decides in writing that the applicant complies, and will continue to comply, with this chapter and regulations prescribed under this chapter. (B) an additional requirement necessary to protect the public health and safety, safety of property, national security interests, and foreign policy interests of the United States;

(C) by regulation that a requirement of a law of the United States not be a requirement

§ 70109. Preemption of scheduled launches or reentries

(a) GENERAL.—With the cooperation of the Secretary of Defense and the Administrator of the National Aeronautics and Space Administration, the Secretary of Transportation shall act to ensure that a launch or reentry of a payload is not preempted from access to a United States Government launch site, reentry site, or launch property, except for imperative national need, when a launch date commitment or reentry date commitment from the Government has been obtained for a launch or reentry licensed under this chapter. A licensee or transferee preempted from access to a launch site, reentry site, or launch property does not have to pay the Government any amount for launch services, or services related to a reentry, attributable only to the scheduled launch or reentry prevented by the preemption.

(b) IMPERATIVE NATIONAL NEED DECISIONS.—In consultation with the Secretary of Transportation, the Secretary of Defense or the Administrator shall decide when an imperative national need requires preemption under subsection (a) of this section. That decision may not be delegated.

(c) REPORTS.—In cooperation with the Secretary of Transportation, the Secretary of Defense or the Administrator, as appropriate, shall submit to Congress not later than 7 days after a decision to preempt under subsection (a) of this section, a report that includes an explanation of the circumstances justifying the decision and a schedule for ensuring the prompt launching or reentry of a preempted payload.

§ 70111. Acquiring United States Government property and services

(a) GENERAL REQUIREMENTS AND CONSIDERATIONS.—(1) The Secretary of Transportation shall facilitate and encourage the acquisition by the private sector and State governments of—

(A) launch or reentry property of the United States Government that is excess or otherwise is not needed for public use; and

(B) launch services and reentry services, including utilities, of the Government otherwise not needed for public use.

(2) In acting under paragraph (1) of this subsection, the Secretary shall consider the commercial availability on reasonable terms of substantially equivalent launch property or launch services or reentry services from a domestic source, whether such source is located on or off a Federal range.

(b) PRICE.—(1) In this subsection, “direct costs” means the actual costs that—

(A) can be associated unambiguously with a commercial launch or reentry effort; and

(B) the Government would not incur if there were no commercial launch or reentry effort.

(2) In consultation with the Secretary, the head of the executive agency providing the property or service under subsection (a) of this section shall establish the price for the property or service. The price for—

(A) acquiring launch property by sale or transaction instead of sale is the fair market value;

(B) acquiring launch property (except by sale or transaction instead of sale) is an amount equal to the direct costs, including specific wear and tear and property damage, the Government incurred because of acquisition of the property; and

(C) launch services or reentry services is an amount equal to the direct costs, including the basic pay of Government civilian and contractor personnel, the Government incurred because of acquisition of the services.

(3) The Secretary shall ensure the establishment of uniform guidelines for, and consistent implementation of, this section by all Federal agencies.

(c) COLLECTION BY SECRETARY.—The Secretary may collect a payment under this section with the consent of the head of the executive agency establishing the price. Amounts collected under this subsection shall be deposited in the Treasury. Amounts (except for excess launch property) shall be credited to the appropriation from which the cost of providing the property or services was paid.

(d) COLLECTION BY OTHER GOVERNMENTAL HEADS.—The head of a department, agency, or instrumentality of the Government may collect a payment for an activity involved in producing a launch vehicle or reentry vehicle, or the payload of either, for launch or reentry if the activity was agreed to by the owner or manufacturer of the launch vehicle, reentry vehicle, or payload.

§ 70112. Liability insurance and financial responsibility requirements

(a) GENERAL REQUIREMENTS.—(1) When a launch or reentry license is issued or transferred under this chapter, the licensee or transferee shall obtain liability insurance or demonstrate financial responsibility in amounts to compensate for the maximum probable loss from claims by—

(A) a third party for death, bodily injury, or property damage or loss resulting from an activity carried out under the license; and

(B) the United States Government against a person for damage or loss to Government property resulting from an activity carried out under the license.

(2) The Secretary of Transportation shall determine the amounts required under paragraph (1)(A) and (B) of this subsection, after consulting with the Administrator of the National Aeronautics and Space Administration, the Secretary of the Air Force, and the heads of other appropriate executive agencies.

(3) For the total claims related to one launch or reentry, a licensee or transferee is not required to obtain insurance or demonstrate financial responsibility of more than—

(A)(i) \$500,000,000 under paragraph (1)(A) of this subsection; or

(ii) \$100,000,000 under paragraph (1)(B) of this subsection; or

(B) the maximum liability insurance available on the world market at reasonable cost if the amount is less than the applicable amount in clause (A)(i) or (ii) of this paragraph.

(4) An insurance policy or demonstration of financial responsibility under this subsection shall protect the following, to the extent of their potential liability for involvement in launch services or reentry services, at no cost to the Government:

(A) the Government.

(B) executive agencies and personnel, contractors, and subcontractors of the Government.

(C) contractors, subcontractors, and customers of the licensee or transferee.

(D) contractors and subcontractors of the customer.

(b) RECIPROCAL WAIVER OF CLAIMS.—(1) A launch or reentry license issued or transferred under this chapter shall contain a provision requiring the licensee or transferee to make a reciprocal waiver of claims with its contractors, subcontractors, and customers, and contractors and subcontractors of the customers, involved in launch services or reentry services under which each party to the waiver agrees to be responsible for property damage or loss it sustains, or for personal injury to, death of, or property damage or loss sustained by its own employees resulting from an activity carried out under the applicable license.

(2) The Secretary of Transportation shall make, for the Government, executive agencies of the Government involved in launch services or reentry services, and contractors and subcontractors involved in launch services or reentry services, a reciprocal waiver of claims with the licensee or transferee, contractors, subcontractors, and customers of the licensee or transferee, and contractors and subcontractors of the customers, involved in launch services or reentry services under which each party to the waiver agrees to be responsible for property damage or loss it sustains, or for personal injury to, death of, or property damage or loss sustained by its own employees resulting from an activity carried out under the applicable license. The waiver applies only to the extent that claims are more than the amount of insurance or demonstration of financial responsibility re-

quired under subsection (a)(1)(B) of this section. After consulting with the Administrator and the Secretary of the Air Force, the Secretary of Transportation may waive, for the Government and a department, agency, and instrumentality of the Government, the right to recover damages for damage or loss to Government property to the extent insurance is not available because of a policy exclusion the Secretary of Transportation decides is usual for the type of insurance involved.

(c) DETERMINATION OF MAXIMUM PROBABLE LOSSES.—The Secretary of Transportation shall determine the maximum probable losses under subsection (a)(1)(A) and (B) of this section associated with an activity under a license not later than 90 days after a licensee or transferee requires a determination and submits all information the Secretary requires. The Secretary shall amend the determination as warranted by new information.

(d) ANNUAL REPORT.—(1) Not later than November 15 of each year, the Secretary of Transportation shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science of the House of Representatives a report on current determinations made under subsection (c) of this section related to all issued licenses and the reasons for the determinations.

(2) Not later than May 15 of each year, the Secretary of Transportation shall review the amounts specified in subsection (a)(3)(A) of this section and submit a report to Congress that contains proposed adjustments in the amounts to conform with changed liability expectations and availability of insurance on the world market. The proposed adjustment takes effect 30 days after a report is submitted.

(e) LAUNCHES OR REENTRIES INVOLVING GOVERNMENT FACILITIES AND PERSONNEL.—The Secretary of Transportation shall establish requirements consistent with this chapter for proof of financial responsibility and other assurances necessary to protect the Government and its executive agencies and personnel from liability, death, bodily injury, or property damage or loss as a result of a launch or operation of a launch site or reentry site or a reentry involving a facility or personnel of the Government. The Secretary may not relieve the Government of liability under this subsection for death, bodily injury, or property damage or loss resulting from the willful misconduct of the Government or its agents.

(f) COLLECTION AND CREDITING PAYMENTS.—The head of a department, agency, or instrumentality of the Government shall collect a payment owed for damage or loss to Government property under its jurisdiction or control resulting from an activity carried out under a launch or reentry license issued or transferred under this chapter. The payment shall be credited to the current applicable appropriation, fund, or account of the department, agency, or instrumentality.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 70113 of this title; title 42 section 2458c.

§ 70113. Paying claims exceeding liability insurance and financial responsibility requirements

(a) GENERAL REQUIREMENTS.—(1) To the extent provided in advance in an appropriation law or to the extent additional legislative authority is enacted providing for paying claims in a compensation plan submitted under subsection (d) of this section, the Secretary of Transportation shall provide for the payment by the United States Government of a successful claim (including reasonable litigation or settlement expenses) of a third party against a licensee or transferee under this chapter, a contractor, subcontractor, or customer of the licensee or transferee, or a contractor or subcontractor of a customer, resulting from an activity carried out under the license issued or transferred under this chapter for death, bodily injury, or property damage or loss resulting from an activity carried out under the license. However, claims may be paid under this section only to the extent the total amount of successful claims related to one launch or reentry—

(A) is more than the amount of insurance or demonstration of financial responsibility required under section 70112(a)(1)(A) of this title; and

(B) is not more than \$1,500,000,000 (plus additional amounts necessary to reflect inflation occurring after January 1, 1989) above that insurance or financial responsibility amount.

(2) The Secretary may not provide for paying a part of a claim for which death, bodily injury, or property damage or loss results from willful misconduct by the licensee or transferee. To the extent insurance required under section 70112(a)(1)(A) of this title is not available to cover a successful third party liability claim because of an insurance policy exclusion the Secretary decides is usual for the type of insurance involved, the Secretary may provide for paying the excluded claims without regard to the limitation contained in section 70112(a)(1).

(b) NOTICE, PARTICIPATION, AND APPROVAL.—Before a payment under subsection (a) of this section is made—

(1) notice must be given to the Government of a claim, or a civil action related to the claim, against a party described in subsection (a)(1) of this section for death, bodily injury, or property damage or loss;

(2) the Government must be given an opportunity to participate or assist in the defense of the claim or action; and

(3) the Secretary must approve any part of a settlement to be paid out of appropriations of the Government.

(c) WITHHOLDING PAYMENTS.—The Secretary may withhold a payment under subsection (a) of this section if the Secretary certifies that the amount is not reasonable. However, the Secretary shall deem to be reasonable the amount of a claim finally decided by a court of competent jurisdiction.

(d) SURVEYS, REPORTS, AND COMPENSATION PLANS.—(1) If as a result of an activity carried out under a license issued or transferred under this chapter the total of claims related to one launch or reentry is likely to be more than the

amount of required insurance or demonstration of financial responsibility, the Secretary shall—

- (A) survey the causes and extent of damage; and
- (B) submit expeditiously to Congress a report on the results of the survey.

(2) Not later than 90 days after a court determination indicates that the liability for the total of claims related to one launch or reentry may be more than the required amount of insurance or demonstration of financial responsibility, the President, on the recommendation of the Secretary, shall submit to Congress a compensation plan that—

- (A) outlines the total dollar value of the claims;
- (B) recommends sources of amounts to pay for the claims;
- (C) includes legislative language required to carry out the plan if additional legislative authority is required; and
- (D) for a single event or incident, may not be for more than \$1,500,000,000.

(2) The Senate shall consider under this subsection a compensation plan requiring additional appropriations or legislative authority not later than 60 calendar days of continuous session of Congress after the date on which the plan is submitted to Congress.

(3) A resolution introduced in the Senate shall be referred immediately to a committee by the President of the Senate. All resolutions related to the same plan shall be referred to the same committee.

(4)(A) If the committee of the Senate to which a resolution has been referred does not report the resolution within 20 calendar days after it is referred, a motion is in order to discharge the committee from further consideration of the resolution or to discharge the committee from further consideration of the plan.

(B) A motion to discharge may be made only by an individual favoring the resolution and is highly privileged (except that the motion may not be made after the committee has reported a resolution on the plan). Debate on the motion is limited to one hour, to be divided equally between those favoring and those opposing the resolution. An amendment to the motion is not in order. A motion to reconsider the vote by which the motion is agreed to or disagreed to is not in order.

(C) If the motion to discharge is agreed to or disagreed to, the motion may not be renewed and another motion to discharge the committee from another resolution on the same plan may not be made.

(5)(A) After a committee of the Senate reports, or is discharged from further consideration of, a resolution, a motion to proceed to the consideration of the resolution is in order at any time, even though a similar previous motion has been disagreed to. The motion is highly privileged and is not debatable. An amendment to the motion is not in order. A motion to reconsider the vote by which the motion is agreed to or disagreed to is not in order.

(B) Debate on the resolution referred to in subparagraph (A) of this paragraph is limited to not more than 10 hours, to be divided equally between those favoring and those opposing the resolution. A motion further to limit debate is not debatable. An amendment to, or motion to recommit, the resolution is not in order. A motion to reconsider the vote by which the resolution is agreed to or disagreed to is not in order.

(6) The following shall be decided in the Senate without debate:

- (A) a motion to postpone related to the discharge from committee.
- (B) a motion to postpone consideration of a resolution.

§ 70304. Environmental requirements

(a) POLICY.—It is the policy of the United States that projects selected under this chapter shall provide for the protection and enhancement of the natural resources and the quality of the environment of the United States. In carrying out this policy, the Secretary of Transportation shall consult with the Secretary of the Interior and the Administrator of the Environmental Protection Agency about a project that may have a significant effect on natural resources, including fish and wildlife, natural, scenic, and recreational assets, water and air quality, and other factors affecting the environment. If the Secretary of Transportation finds that a project will have a significant adverse effect, the Secretary may approve the application for the project only if, after a complete review that is a matter of public record, the Secretary makes a written finding that no feasible and prudent alternative to the project exists and

that all reasonable steps have been taken to minimize the adverse effect.

(b) PUBLIC HEARING REQUIREMENT.—The Secretary of Transportation may approve an application only if the sponsor of the project certifies to the Secretary that an opportunity for a public hearing has been provided to consider the economic, social, and environmental effects of the project and its consistency with the goals of any planning carried out by the community. When a hearing is held under this paragraph, the sponsor shall submit a copy of the transcript of the hearing to the Secretary.

(c) COMPLIANCE WITH AIR AND WATER QUALITY STANDARDS.—(1) The Secretary of Transportation may approve an application only if the chief executive officer of the State in which the project is located certifies in writing to the Secretary that there is reasonable assurance that the project will be located, designed, constructed, and operated to comply with applicable air and water quality standards. If the Administrator has not prescribed those standards, certification shall be obtained from the Administrator. Notice of certification or refusal to certify shall be provided not later than 60 days after the Secretary receives the application.

(2) The Secretary of Transportation shall condition the approval of an application on compliance with applicable air and water quality standards during construction and operation.

(d) COMPLIANCE WITH LAWS AND REGULATIONS.—The Secretary of Transportation may require a certification from a sponsor that the sponsor will comply with all applicable laws and regulations. The Secretary may rescind at any time acceptance of a certification from a sponsor under this subsection. This subsection does not affect any responsibility of the Secretary under another law, including—

- (1) section 303 of this title;
- (2) title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.);

In this chapter, the words “negotiable bill of lading” are substituted for “order bill”, and the words “non-negotiable bill of lading” are substituted for “straight bill”, for clarity and consistency in the revised title and with other titles of the United States Code.

In this section, before clause (1), the words “unless the context of subject matter otherwise requires” are omitted as unnecessary because of the restatement. The words “‘Action’ includes counterclaim, set-off, and suit in equity” are omitted as unnecessary. The words “‘Bill’ means bill of lading, governed by this chapter” are omitted because of section 80102 of the revised title. In clauses (1), (2), and (4), the words “‘Person’ includes a corporation or partnership, or two or more persons having a joint or common interest” are omitted because of 1:1. In clause (3), the words “personal property” are substituted for “chattels” for clarity and consistency. The words “is being” are substituted for “in course of” for clarity. In clause (7), the words “‘State’ means a State of the United States” are substituted for “‘State’ includes” for clarity and consistency in the revised title and with other titles of the Code. The word “possession” is substituted for “insular possession, or isthmian possession” for consistency in the revised title.

§ 80102. Application

This chapter applies to a bill of lading when the bill is issued by a common carrier for the transportation of goods—

- (1) between a place in the District of Columbia and another place in the District of Columbia;
- (2) between a place in a territory or possession of the United States and another place in the same territory or possession;
- (3) between a place in a State and a place in another State;
- (4) between a place in a State and a place in the same State through another State or a foreign country; or
- (5) from a place in a State to a place in a foreign country.

In this chapter, the words “common carrier” are substituted for “carrier” because the source provisions restated in this section provide that this chapter applies to bills of lading issued by common carriers.

In clause (2), the words “territory or possession” are substituted for “Territory” for consistency in the revised title and with other titles of the United States Code.

§ 80103. Negotiable and nonnegotiable bills

(a) NEGOTIABLE BILLS.—(1) A bill of lading is negotiable if the bill—

- (A) states that the goods are to be delivered to the order of a consignee; and
- (B) does not contain on its face an agreement with the shipper that the bill is not negotiable.

(2) Inserting in a negotiable bill of lading the name of a person to be notified of the arrival of the goods—

- (A) does not limit its negotiability; and
- (B) is not notice to the purchaser of the goods of a right the named person has to the goods.

(b) NONNEGOTIABLE BILLS.—(1) A bill of lading is nonnegotiable if the bill states that the goods are to be delivered to a consignee. The indorsement of a nonnegotiable bill does not—

- (A) make the bill negotiable; or
- (B) give the transferee any additional right.

(2) A common carrier issuing a nonnegotiable bill of lading must put “nonnegotiable” or “not negotiable” on the bill. This paragraph does not apply to an informal memorandum or acknowledgment.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1346.)

The words “does not contain on its face an agreement with the shipper that the bill is not negotiable” are substituted for 49 App.:83 (last sentence) for clarity and to eliminate unnecessary words.

In subsection (a)(2)(B), the words “right the named person has” are substituted for “rights or equities of such person” for clarity.

In subsection (b)(1), before clause (A), the words “A bill of lading is nonnegotiable if” are substituted for “A bill in which . . . is a straight bill” in 49 App.:82 for consistency in the revised title and with other titles of the Code. The words “free from existing equities” in 49 App.:109 (last sentence) are omitted as surplus.

§ 80104. Form and requirements for negotiation

(a) GENERAL RULES.—(1) A negotiable bill of lading may be negotiated by indorsement. An indorsement may be made in blank or to a specified person. If the goods are deliverable to the order of a specified person, then the bill must be indorsed by that person.

(2) A negotiable bill of lading may be negotiated by delivery when the common carrier, under the terms of the bill, undertakes to deliver the goods to the order of a specified person and that person or a subsequent indorsee has indorsed the bill in blank.

(3) A negotiable bill of lading may be negotiated by a person possessing the bill, regardless of the way in which the person got possession, if—

(A) a common carrier, under the terms of the bill, undertakes to deliver the goods to that person; or

(B) when the bill is negotiated, it is in a form that allows it to be negotiated by delivery.

(b) VALIDITY NOT AFFECTED.—The validity of a negotiation of a bill of lading is not affected by the negotiation having been a breach of duty by the person making the negotiation, or by the owner of the bill having been deprived of possession by fraud, accident, mistake, duress, loss, theft, or conversion, if the person to whom the bill is negotiated, or a person to whom the bill is subsequently negotiated, gives value for the bill in good faith and without notice of the breach of duty, fraud, accident, mistake, duress, loss, theft, or conversion.

(c) NEGOTIATION BY SELLER, MORTGAGOR, OR PLEDGOR TO PERSON WITHOUT NOTICE.—When goods for which a negotiable bill of lading has been issued are in a common carrier’s possession, and the person to whom the bill has been issued retains possession of the bill after selling, mortgaging, or pledging the goods or bill, the subsequent negotiation of the bill by that person to another person receiving the bill for value, in good faith, and without notice of the prior sale, mortgage, or pledge has the same effect as if the first purchaser of the goods or bill had expressly authorized the subsequent negotiation.

The text of 49 App.:108 (last sentence) is omitted as unnecessary because of the restatement.

§ 80105. Title and rights affected by negotiation

(a) TITLE.—When a negotiable bill of lading is negotiated—

(1) the person to whom it is negotiated acquires the title to the goods that—

(A) the person negotiating the bill had the ability to convey to a purchaser in good faith for value; and

(B) the consignor and consignee had the ability to convey to such a purchaser; and

(2) the common carrier issuing the bill becomes obligated directly to the person to whom the bill is negotiated to hold possession of the goods under the terms of the bill the same as if the carrier had issued the bill to that person.

(b) SUPERIORITY OF RIGHTS.—When a negotiable bill of lading is negotiated to a person for value in good faith, that person’s right to the goods for which the bill was issued is superior to a seller’s lien or to a right to stop the transportation of the goods. This subsection applies whether the negotiation is made before or after the common carrier issuing the bill receives notice of the seller’s claim. The carrier may deliver the goods to an unpaid seller only if the bill first is surrendered for cancellation.

(c) MORTGAGEE AND LIEN HOLDER RIGHTS NOT AFFECTED.—Except as provided in subsection (b) of this section, this chapter does not limit a right of a mortgagee or lien holder having a mortgage or lien on goods against a person that purchased for value in good faith from the owner, and got possession of the goods immediately before delivery to the common carrier.

§ 80106. Transfer without negotiation

(a) DELIVERY AND AGREEMENT.—The holder of a bill of lading may transfer the bill without negotiating it by delivery and agreement to transfer title to the bill or to the goods represented by it. Subject to the agreement, the person to whom the bill is transferred has title to the goods against the transferor.

(b) COMPELLING INDORSEMENT.—When a negotiable bill of lading is transferred for value by delivery without being negotiated and indorsement of the transferor is essential for negotiation, the transferee may compel the transferor to indorse the bill unless a contrary intention appears. The negotiation is effective when the indorsement is made.

(c) EFFECT OF NOTIFICATION.—(1) When a transferee notifies the common carrier that a non-negotiable bill of lading has been transferred under subsection (a) of this section, the carrier is obligated directly to the transferee for any obligations the carrier owed to the transferor immediately before the notification. However, before the carrier is notified, the transferee’s title to the goods and right to acquire the obligations of the carrier may be defeated by—

- (A) garnishment, attachment, or execution on the goods by a creditor of the transferor; or
- (B) notice to the carrier by the transferor or a purchaser from the transferor of a later purchase of the goods from the transferor.

(2) A common carrier has been notified under this subsection only if—

- (A) an officer or agent of the carrier, whose actual or apparent authority includes acting on the notification, has been notified; and
- (B) the officer or agent has had time, exercising reasonable diligence, to communicate with the agent having possession or control of the goods.

- (3) the person does not know of a fact that would affect the validity or worth of the bill; and

(b) SECURITY FOR DEBT.—A person holding a bill of lading as security for a debt and in good faith demanding or receiving payment of the debt from another person does not warrant by the demand or receipt—

- (1) the genuineness of the bill; or
- (2) the quantity or quality of the goods described in the bill.

(c) DUPLICATES.—A common carrier issuing a bill of lading, on the face of which is the word “duplicate” or another word indicating that the bill is not an original bill, is liable the same as a person that represents and warrants that the bill is an accurate copy of an original bill properly issued. The carrier is not otherwise liable under the bill.

(d) INDORSER LIABILITY.—Indorsement of a bill of lading does not make the indorser liable for failure of the common carrier or a previous indorser to fulfill its obligations.

(a) GENERAL RULES.—Except to the extent a common carrier establishes an excuse provided by law, the carrier must deliver goods covered by a bill of lading on demand of the consignee named in a nonnegotiable bill or the holder of a negotiable bill for the goods when the consignee or holder—

- (1) offers in good faith to satisfy the lien of the carrier on the goods;

- (1) a transfer made by the consignor or consignee after the shipment; or
- (2) the carrier's lien.

(d) ADVERSE CLAIMS.—If a person other than the consignee or the person in possession of a bill of lading claims title to or possession of goods and the common carrier knows of the claim, the carrier is not required to deliver the goods to any claimant until the carrier has had a reasonable time to decide the validity of the adverse claim or to bring a civil action to require all claimants to interplead.

(e) INTERPLEADER.—If at least 2 persons claim title to or possession of the goods, the common carrier may—

- (1) bring a civil action to interplead all known claimants to the goods; or
- (2) require those claimants to interplead as a defense in an action brought against the carrier for nondelivery.

(f) THIRD PERSON CLAIMS NOT A DEFENSE.—Except as provided in subsections (b), (d), and (e) of this section, title or a right of a third person is not a defense to an action brought by the consignee of a nonnegotiable bill of lading or by the holder of a negotiable bill against the common carrier for failure to deliver the goods on demand unless enforced by legal process.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 80111 of this title.

§ 80111. Liability for delivery of goods

(a) GENERAL RULES.—A common carrier is liable for damages to a person having title to, or right to possession of, goods when—

- (1) the carrier delivers the goods to a person not entitled to their possession unless the delivery is authorized under section 80110(b)(2) or (3) of this title;
- (2) the carrier makes a delivery under section 80110(b)(2) or (3) of this title after being requested by or for a person having title to, or right to possession of, the goods not to make the delivery; or
- (3) at the time of delivery under section 80110(b)(2) or (3) of this title, the carrier has information it is delivering the goods to a person not entitled to their possession.

(b) EFFECTIVENESS OF REQUEST OR INFORMATION.—A request or information is effective under subsection (a)(2) or (3) of this section only if—

- (1) an officer or agent of the carrier, whose actual or apparent authority includes acting on the request or information, has been given the request or information; and
- (2) the officer or agent has had time, exercising reasonable diligence, to stop delivery of the goods.

(c) FAILURE TO TAKE AND CANCEL BILLS.—Except as provided in subsection (d) of this section,

if a common carrier delivers goods for which a negotiable bill of lading has been issued without taking and canceling the bill, the carrier is liable for damages for failure to deliver the goods to a person purchasing the bill for value in good faith whether the purchase was before or after delivery and even when delivery was made to the person entitled to the goods. The carrier also is liable under this paragraph if part of the goods are delivered without taking and canceling the bill or plainly noting on the bill that a partial delivery was made and generally describing the goods or the remaining goods kept by the carrier.

(d) EXCEPTIONS TO LIABILITY.—A common carrier is not liable for failure to deliver goods to the consignee or owner of the goods or a holder of the bill if—

§ 80112. Liability under negotiable bills issued in parts, sets, or duplicates

(a) PARTS AND SETS.—A negotiable bill of lading issued in a State for the transportation of goods to a place in the 48 contiguous States or the District of Columbia may not be issued in parts or sets. A common carrier issuing a bill in violation of this subsection is liable for damages for failure to deliver the goods to a purchaser of one part for value in good faith even though the purchase occurred after the carrier delivered the goods to a holder of one of the other parts.

(b) DUPLICATES.—When at least 2 negotiable bills of lading are issued in a State for the same goods to be transported to a place in the 48 contiguous States or the District of Columbia, the word “duplicate” or another word indicating that the bill is not an original must be put plainly on the face of each bill except the origi-

§ 80113. Liability for nonreceipt, misdescription, and improper loading

(a) **LIABILITY FOR NONRECEIPT AND MISDESCRIPTION.**—Except as provided in this section, a common carrier issuing a bill of lading is liable for damages caused by nonreceipt by the carrier of any part of the goods by the date shown in the bill or by failure of the goods to correspond with the description contained in the bill. The carrier is liable to the owner of goods transported under a nonnegotiable bill (subject to the right of stoppage in transit) or to the holder of a negotiable bill if the owner or holder gave value in good faith relying on the description of the goods in the bill or on the shipment being made on the date shown in the bill.

(b) **NONLIABILITY OF CARRIERS.**—A common carrier issuing a bill of lading is not liable under subsection (a) of this section—

- (1) when the goods are loaded by the shipper;
- (2) when the bill—

(A) describes the goods in terms of marks or labels, or in a statement about kind, quantity, or condition; or

(B) is qualified by “contents or condition of contents of packages unknown”, “said to contain”, “shipper’s weight, load, and count”, or words of the same meaning; and

- (3) to the extent the carrier does not know whether any part of the goods were received or conform to the description.

(c) **LIABILITY FOR IMPROPER LOADING.**—A common carrier issuing a bill of lading is not liable for damages caused by improper loading if—

- (1) the shipper loads the goods; and

(2) the bill contains the words “shipper’s weight, load, and count”, or words of the same meaning indicating the shipper loaded the goods.

(d) **CARRIER’S DUTY TO DETERMINE KIND, QUANTITY, AND NUMBER.**—(1) When bulk freight is loaded by a shipper that makes available to the common carrier adequate facilities for weighing the freight, the carrier must determine the kind and quantity of the freight within a reasonable

time after receiving the written request of the shipper to make the determination. In that situation, inserting the words “shipper’s weight” or words of the same meaning in the bill of lading has no effect.

(2) When goods are loaded by a common carrier, the carrier must count the packages of goods, if package freight, and determine the kind and quantity, if bulk freight. In that situation, inserting in the bill of lading or in a notice, receipt, contract, rule, or tariff, the words “shipper’s weight, load, and count” or words indicating that the shipper described and loaded the goods, has no effect except for freight concealed by packages.

§ 80114. Lost, stolen, and destroyed negotiable bills

(a) DELIVERY ON COURT ORDER AND SURETY BOND.—If a negotiable bill of lading is lost, stolen, or destroyed, a court of competent jurisdiction may order the common carrier to deliver the goods if the person claiming the goods gives a surety bond, in an amount approved by the court, to indemnify the carrier or a person injured by delivery against liability under the outstanding original bill. The court also may order payment of reasonable costs and attorney’s fees to the carrier. A voluntary surety bond, without court order, is binding on the parties to the bond.

(b) LIABILITY TO HOLDER.—Delivery of goods under a court order under subsection (a) of this section does not relieve a common carrier from liability to a person to whom the negotiable bill has been or is negotiated for value without notice of the court proceeding or of the delivery of the goods.

The words “the Governor of Guam or of the Northern Mariana Islands as provided in section 80304 of this title” are added because under 49 App.:789 the Governor of Guam enforces 49 App.:ch. 11 in Guam and because, under section 502(a)(2) of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, as enacted by the Act of March 24, 1976 (Public Law 94-241, 90 Stat. 263), and proclaimed to be in effect by the President on January 9, 1978 (Proc. No. 4534, Oct. 24, 1977, 42 F.R. 56593, 48 U.S.C. 1681 (note)), the Commonwealth was given the same authority as Guam when a law applies to Guam and the States of the United States generally. The words “except when . . . committed the violation” are substituted for “Provided further, That no vessel, vehicle, or aircraft shall be forfeited under the provisions of this chapter by reason of any act or omission . . . committed or omitted” in 49 App.:782 for clarity. The words “However . . . used by a common carrier to provide transportation for compensation may be forfeited only when” are substituted for “Provided, That no . . . used by any person as a common carrier in the transaction of business as such common carrier shall be forfeited under the provisions of this chapter unless it shall appear that” for clarity and consistency in the revised title. In clauses (1)–(3), the words “knows of” are substituted for “privity thereto” for clarity. In subsection (b)(1), the words "shall carry out this chapter in Guam" are substituted for "In Guam the en-

forcement and administration of this chapter shall be performed" for consistency in the revised title.

Subsection (c) is added because, under section 502(a)(2) of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, as enacted by the Act of March 24, 1976 (Public Law 94-241, 90 Stat. 263), and proclaimed to be in effect by the President on January 9, 1978 (Proc. In subsection (d), the word "Secretary" is substituted for "by such officers, agents, or other persons as may be authorized or designated for that purpose by the Secretary of the Treasury" because of subsection (a)(1) of this section. The words "or the Governor of Guam or of the Northern Mariana Islands as provided in subsections (b) and (c) of this section" are added because under 49 App.:789 the Governor of Guam enforces 49 App.:ch. 11 in Guam and because of section 502(a)(2) of the Covenant referred to in the revision note for subsection (c) of this section. The words "the customs laws" are substituted for "That such duties as are imposed upon the collector of customs or any other person with respect to the seizure and forfeiture of vessels and vehicles under the customs laws" because of the restatement and to eliminate unnecessary words.

The head of the department, agency, or instrumentality may not assess an owner or operator of an aircraft for administrative overhead expenses for inspection or quarantine service provided by the department, agency, or instrumentality at an entry airport.
