The Secretary may set aside not more than 5 percent of the budget authority made available for assistance under this subsection as an adjustment pool. The Secretary shall use amounts in the adjustment pool to make adjusted payments to public housing agencies under subparagraph (A), to ensure continued affordability, if the Secretary determines that additional assistance for such purpose is necessary, based on documentation submitted by a public housing agency.

**(D) Approval**

The Secretary may require a public housing agency to submit the payment standard of the public housing agency to the Secretary for approval, if the payment standard is less than 90 percent of the fair market rental or exceeds 110 percent of the fair market rental.

**(E) Review**

The Secretary—

- (i) shall monitor rent burdens and review any payment standard that results in a significant percentage of the families occupying units of any size paying more than 30 percent of adjusted income for rent; and
- (ii) may require a public housing agency to modify the payment standard of the public housing agency based on the results of that review.

**(2) Amount of monthly assistance payment**

Subject to the requirement under section 1437a(a)(3) of this title (relating to minimum rental amount), the monthly assistance payment for a family receiving assistance under this subsection shall be determined as follows:

**(A) Tenant-based assistance; rent not exceeding payment standard**

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) does not exceed the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the rent (including the amount allowed for tenant-paid utilities) exceeds the greatest of the following amounts, rounded to the nearest dollar:

- (i) 30 percent of the monthly adjusted income of the family.
- (ii) 10 percent of the monthly income of the family.
- (iii) If the family is receiving payments for welfare assistance from a public agency and a part of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

**(B) Tenant-based assistance; rent exceeding payment standard**

For a family receiving tenant-based assistance, if the rent for the family (including the amount allowed for tenant-paid utilities) exceeds the applicable payment standard established under paragraph (1), the monthly assistance payment for the family shall be equal to the amount by which the applicable payment standard exceeds the greatest of amounts under clauses (i), (ii), and (iii) of subparagraph (A).

**(C) Families receiving project-based assistance**

For a family receiving project-based assistance, the rent that the family is required to pay shall be determined in accordance with section 1437a(a)(1) of this title, and the amount of the housing assistance payment shall be determined in accordance with subsection (c)(3) of this section.

**(3) 40 percent limit**

At the time a family initially receives tenant-based assistance under this section with respect to any dwelling unit, the total amount that a family may be required to pay for rent may not exceed 40 percent of the monthly adjusted income of the family.

**(4) Eligible families**

To be eligible to receive assistance under this subsection, a family shall, at the time a family initially receives assistance under this subsection, be a low-income family that is—

- (A) a very low-income family;
- (B) a family previously assisted under this subchapter;
- (C) a low-income family that meets eligibility criteria specified by the public housing agency;
- (D) a family that qualifies to receive a voucher in connection with a homeownership program approved under title IV of the Cranston-Gonzalez National Affordable Housing Act; or
- (E) a family that qualifies to receive a voucher under section 223 or 226 of the Low-Income Housing Preservation and Resident Homeownership Act of 1990 [12 U.S.C. 4113, 4116].

**(5) Annual review of family income**

**(A) In general**

Reviews of family incomes for purposes of this section shall be subject to the provisions of section 3544 of this title and shall be conducted upon the initial provision of housing assistance for the family and thereafter not less than annually.

**(B) Procedures**

Each public housing agency administering assistance under this subsection shall establish procedures that are appropriate and necessary to ensure that income data provided to the agency and owners by families applying for or receiving assistance from the agency is complete and accurate. Each public housing agency shall, not less frequently than annually, conduct a review of the fam-

ily income of each family receiving assistance under this subsection.

**(6) Selection of families and disapproval of owners**

**(A) Preferences**

**(i) Authority to establish**

Each public housing agency may establish a system for making tenant-based assistance under this subsection available on behalf of eligible families that provides preference for such assistance to eligible families having certain characteristics, which may include a preference for families residing in public housing who are victims of a crime of violence (as such term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

**(ii) Content**

Each system of preferences established pursuant to this subparagraph shall be based upon local housing needs and priorities, as determined by the public housing agency using generally accepted data sources, including any information obtained pursuant to an opportunity for public comment as provided under section 1437c-1(f) of this title and under the requirements applicable to the comprehensive housing affordability strategy for the relevant jurisdiction.

**(B) Selection of tenants**

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit<sup>6</sup> shall provide that the screening and selection of families for those units shall be the function of the owner. In addition, the public housing agency may elect to screen applicants for the program in accordance with such requirements as the Secretary may establish. That an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission if the applicant otherwise qualifies for assistance or admission. Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

**(C) PHA disapproval of owners**

In addition to other grounds authorized by the Secretary, a public housing agency may elect not to enter into a housing assistance payments contract under this subsection with an owner who refuses, or has a history of refusing, to take action to terminate tenancy for activity engaged in by the tenant, any member of the tenant's household, any guest, or any other person under the control of any member of the household that—

(i) threatens the health or safety of, or right to peaceful enjoyment of the premises by, other tenants or employees of the

public housing agency, owner, or other manager of the housing;

(ii) threatens the health or safety of, or right to peaceful enjoyment of the residences by, persons residing in the immediate vicinity of the premises; or

(iii) is drug-related or violent criminal activity.

**(7) Leases and tenancy**

Each housing assistance payment contract entered into by the public housing agency and the owner of a dwelling unit—

(A) shall provide that the lease between the tenant and the owner shall be for a term of not less than 1 year, except that the public housing agency may approve a shorter term for an initial lease between the tenant and the dwelling unit owner if the public housing agency determines that such shorter term would improve housing opportunities for the tenant and if such shorter term is considered to be a prevailing local market practice;

(B) shall provide that the dwelling unit owner shall offer leases to tenants assisted under this subsection that—

(i) are in a standard form used in the locality by the dwelling unit owner; and

(ii) contain terms and conditions that—

(I) are consistent with State and local law; and

(II) apply generally to tenants in the property who are not assisted under this section;

(C) shall provide that during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable Federal, State, or local law, or for other good cause, and that an incident or incidents of actual or threatened domestic violence, dating violence, or stalking shall not be construed as a serious or repeated violation of the lease by the victim or threatened victim of that violence and shall not be good cause for terminating the tenancy or occupancy rights of the victim of such violence;

(D) shall provide that during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any violent or drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant's household, or any guest or other person under the tenant's control, shall be cause for termination of tenancy; except that (i) criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant's household or any guest or other person under the tenant's control shall not be cause for termination of the tenancy or occupancy rights, if the tenant or immediate member of the tenant's family is a victim of that do-

mestic violence, dating violence, or stalking; (ii) LIMITATION.—Notwithstanding<sup>7</sup> clause (i) or any Federal, State, or local law to the contrary, a public housing agency may terminate assistance to, or an owner or manager may bifurcate a lease under this section, or remove a household member from a lease under this section, without regard to whether a household member is a signatory to a lease, in order to evict, remove, terminate occupancy rights, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant. Such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by Federal, State, and local law for the termination of leases or assistance under the relevant program of HUD-assisted housing.<sup>8</sup> (iii) nothing in clause (i) may be construed to limit the authority of a public housing agency, owner, or manager, when notified, to honor court orders addressing rights of access or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up; (iv) nothing in clause (i) limits any otherwise available authority of an owner or manager to evict or the public housing agency to terminate assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the owner, manager, or public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate; (v) nothing in clause (i) may be construed to limit the authority of an owner or manager to evict, or the public housing agency to terminate assistance to<sup>9</sup> any tenant if the owner, manager, or public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant is not evicted or terminated from assistance; and (vi) nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.<sup>10</sup>

(E) shall provide that any termination of tenancy under this subsection shall be preceded by the provision of written notice by the owner to the tenant specifying the

grounds for that action, and any relief shall be consistent with applicable State and local law; and

(F) may include any addenda required by the Secretary to set forth the provisions of this subsection.

#### **(8) Inspection of units by PHAs**

##### **(A) In general**

Except as provided in paragraph (11), for each dwelling unit for which a housing assistance payment contract is established under this subsection, the public housing agency shall inspect the unit before any assistance payment is made to determine whether the dwelling unit meets the housing quality standards under subparagraph (B).

##### **(B) Housing quality standards**

The housing quality standards under this subparagraph are standards for safe and habitable housing established—

(i) by the Secretary for purposes of this subsection; or

(ii) by local housing codes or by codes adopted by public housing agencies that—

(I) meet or exceed housing quality standards, except that the Secretary may waive the requirement under this subclause to significantly increase access to affordable housing and to expand housing opportunities for families assisted under this subsection, except where such waiver could adversely affect the health or safety of families assisted under this subsection; and

(II) do not severely restrict housing choice<sup>11</sup>

##### **(C) Inspection**

The determination required under subparagraph (A) shall be made by the public housing agency (or other entity, as provided in paragraph (11)) pursuant to an inspection of the dwelling unit conducted before any assistance payment is made for the unit. Inspections of dwelling units under this subparagraph shall be made before the expiration of the 15-day period beginning upon a request by the resident or landlord to the public housing agency or, in the case of any public housing agency that provides assistance under this subsection on behalf of more than 1250 families, before the expiration of a reasonable period beginning upon such request. The performance of the agency in meeting the 15-day inspection deadline shall be taken into consideration in assessing the performance of the agency.

##### **(D) Annual inspections**

Each public housing agency providing assistance under this subsection (or other entity, as provided in paragraph (11)) shall make an annual inspection of each assisted dwelling unit during the term of the housing assistance payments contract for the unit to determine whether the unit is maintained in accordance with the requirements under subparagraph (A). The agency (or other en-

tity) shall retain the records of the inspection for a reasonable time and shall make the records available upon request to the Secretary, the Inspector General for the Department of Housing and Urban Development, and any auditor conducting an audit under section 1437c(h) of this title.

**(E) Inspection guidelines**

The Secretary shall establish procedural guidelines and performance standards to facilitate inspections of dwelling units and conform such inspections with practices utilized in the private housing market. Such guidelines and standards shall take into consideration variations in local laws and practices of public housing agencies and shall provide flexibility to authorities appropriate to facilitate efficient provision of assistance under this subsection.

**(9) Vacated units**

If an assisted family vacates a dwelling unit for which rental assistance is provided under a housing assistance payment contract before the expiration of the term of the lease for the unit, rental assistance pursuant to such contract may not be provided for the unit after the month during which the unit was vacated.

**(10) Rent**

**(A) Reasonableness**

The rent for dwelling units for which a housing assistance payment contract is established under this subsection shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted local market.

**(B) Negotiations**

A public housing agency (or other entity, as provided in paragraph (11)) shall, at the request of a family receiving tenant-based assistance under this subsection, assist that family in negotiating a reasonable rent with a dwelling unit owner. A public housing agency (or such other entity) shall review the rent for a unit under consideration by the family (and all rent increases for units under lease by the family) to determine whether the rent (or rent increase) requested by the owner is reasonable. If a public housing agency (or other such entity) determines that the rent (or rent increase) for a dwelling unit is not reasonable, the public housing agency (or other such entity) shall not make housing assistance payments to the owner under this subsection with respect to that unit.

**(C) Units exempt from local rent control**

If a dwelling unit for which a housing assistance payment contract is established under this subsection is exempt from local rent control provisions during the term of that contract, the rent for that unit shall be reasonable in comparison with other units in the market area that are exempt from local rent control provisions.

**(D) Timely payments**

Each public housing agency shall make timely payment of any amounts due to a

dwelling unit owner under this subsection. The housing assistance payment contract between the owner and the public housing agency may provide for penalties for the late payment of amounts due under the contract, which shall be imposed on the public housing agency in accordance with generally accepted practices in the local housing market.

**(E) Penalties**

Unless otherwise authorized by the Secretary, each public housing agency shall pay any penalties from administrative fees collected by the public housing agency, except that no penalty shall be imposed if the late payment is due to factors that the Secretary determines are beyond the control of the public housing agency.

**(11) Leasing of units owned by PHA**

If an eligible family assisted under this subsection leases a dwelling unit (other than a public housing dwelling unit) that is owned by a public housing agency administering assistance under this subsection, the Secretary shall require the unit of general local government or another entity approved by the Secretary, to make inspections required under paragraph (8) and rent determinations required under paragraph (10). The agency shall be responsible for any expenses of such inspections and determinations.

**(12) Assistance for rental of manufactured housing**

**(A) In general**

A public housing agency may make assistance payments in accordance with this subsection on behalf of a family that utilizes a manufactured home as a principal place of residence. Such payments may be made only for the rental of the real property on which the manufactured home owned by any such family is located.

**(B) Rent calculation**

**(i) Charges included**

For assistance pursuant to this paragraph, the rent for the space on which a manufactured home is located and with respect to which assistance payments are to be made shall include maintenance and management charges and tenant-paid utilities.

**(ii) Payment standard**

The public housing agency shall establish a payment standard for the purpose of determining the monthly assistance that may be paid for any family under this paragraph. The payment standard may not exceed an amount approved or established by the Secretary.

**(iii) Monthly assistance payment**

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2).

**(13) PHA project-based assistance**

**(A) In general**

A public housing agency may use amounts provided under an annual contributions con-

tract under this subsection to enter into a housing assistance payment contract with respect to an existing, newly constructed, or rehabilitated structure, that is attached to the structure, subject to the limitations and requirements of this paragraph.

**(B) Percentage limitation**

Not more than 20 percent of the funding available for tenant-based assistance under this section that is administered by the agency may be attached to structures pursuant to this paragraph.

**(C) Consistency with PHA plan and other goals**

A public housing agency may approve a housing assistance payment contract pursuant to this paragraph only if the contract is consistent with—

- (i) the public housing agency plan for the agency approved under section 1437c-1 of this title; and
- (ii) the goal of deconcentrating poverty and expanding housing and economic opportunities.

**(D) Income mixing requirement**

**(i) In general**

Not more than 25 percent of the dwelling units in any building may be assisted under a housing assistance payment contract for project-based assistance pursuant to this paragraph.

**(ii) Exceptions**

The limitation under clause (i) shall not apply in the case of assistance under a contract for housing consisting of single family properties or for dwelling units that are specifically made available for households comprised of elderly families, disabled families, and families receiving supportive services.

**(E) Resident choice requirement**

A housing assistance payment contract pursuant to this paragraph shall provide as follows:

**(i) Mobility**

Each low-income family occupying a dwelling unit assisted under the contract may move from the housing at any time after the family has occupied the dwelling unit for 12 months.

**(ii) Continued assistance**

Upon such a move, the public housing agency shall provide the low-income family with tenant-based rental assistance under this section or such other tenant-based rental assistance that is subject to comparable income, assistance, rent contribution, affordability, and other requirements, as the Secretary shall provide by regulation. If such rental assistance is not immediately available to fulfill the requirement under the preceding sentence with respect to a low-income family, such requirement may be met by providing the family priority to receive the next voucher or other tenant-based rental assistance

amounts that become available under the program used to fulfill such requirement.

**(F) Contract term**

A housing assistance payment contract pursuant to this paragraph between a public housing agency and the owner of a structure may have a term of up to 10 years, subject to the availability of sufficient appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts and in the agency's annual contributions contract with the Secretary, and to annual compliance with the inspection requirements under paragraph (8), except that the agency shall not be required to make annual inspections of each assisted unit in the development. The contract may specify additional conditions for its continuation. If the units covered by the contract are owned by the agency, the term of the contract shall be agreed upon by the agency and the unit of general local government or other entity approved by the Secretary in the manner provided under paragraph (11).

**(G) Extension of contract term**

A public housing agency may enter into a contract with the owner of a structure assisted under a housing assistance payment contract pursuant to this paragraph to extend the term of the underlying housing assistance payment contract for such period as the agency determines to be appropriate to achieve long-term affordability of the housing or to expand housing opportunities. Such a contract shall provide that the extension of such term shall be contingent upon the future availability of appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts, and may obligate the owner to have such extensions of the underlying housing assistance payment contract accepted by the owner and the successors in interest of the owner.

**(H) Rent calculation**

A housing assistance payment contract pursuant to this paragraph shall establish rents for each unit assisted in an amount that does not exceed 110 percent of the applicable fair market rental (or any exception payment standard approved by the Secretary pursuant to paragraph (1)(D)), except that if a contract covers a dwelling unit that has been allocated low-income housing tax credits pursuant to section 42 of title 26 and is not located in a qualified census tract (as such term is defined in subsection (d) of such section 42), the rent for such unit may be established at any level that does not exceed the rent charged for comparable units in the building that also receive the low-income housing tax credit but do not have additional rental assistance. The rents established by housing assistance payment contracts pursuant to this paragraph may vary from the payment standards established by the public housing agency pursuant to paragraph (1)(B), but shall be subject to paragraph (10)(A).

**(I) Rent adjustments**

A housing assistance payments contract pursuant to this paragraph shall provide for rent adjustments, except that—

(i) the adjusted rent for any unit assisted shall be reasonable in comparison with rents charged for comparable dwelling units in the private, unassisted, local market and may not exceed the maximum rent permitted under subparagraph (H); and

(ii) the provisions of subsection (c)(2)(C) of this section shall not apply.

**(J) Tenant selection**

A public housing agency shall select families to receive project-based assistance pursuant to this paragraph from its waiting list for assistance under this subsection. Eligibility for such project-based assistance shall be subject to the provisions of section 1437n(b) of this title that apply to tenant-based assistance. The agency may establish preferences or criteria for selection for a unit assisted under this paragraph that are consistent with the public housing agency plan for the agency approved under section 1437c-1 of this title. Any family that rejects an offer of project-based assistance under this paragraph or that is rejected for admission to a structure by the owner or manager of a structure assisted under this paragraph shall retain its place on the waiting list as if the offer had not been made. The owner or manager of a structure assisted under this paragraph shall not admit any family to a dwelling unit assisted under a contract pursuant to this paragraph other than a family referred by the public housing agency from its waiting list. Subject to its waiting list policies and selection preferences, a public housing agency may place on its waiting list a family referred by the owner or manager of a structure and may maintain a separate waiting list for assistance under this paragraph, but only if all families on the agency's waiting list for assistance under this subsection are permitted to place their names on the separate list.

**(K) Vacated units**

Notwithstanding paragraph (9), a housing assistance payment contract pursuant to this paragraph may provide as follows:

**(i) Payment for vacant units**

That the public housing agency may, in its discretion, continue to provide assistance under the contract, for a reasonable period not exceeding 60 days, for a dwelling unit that becomes vacant, but only: (I) if the vacancy was not the fault of the owner of the dwelling unit; and (II) the agency and the owner take every reasonable action to minimize the likelihood and extent of any such vacancy. Rental assistance may not be provided for a vacant unit after the expiration of such period.

**(ii) Reduction of contract**

That, if despite reasonable efforts of the agency and the owner to fill a vacant unit, no eligible family has agreed to rent the

unit within 120 days after the owner has notified the agency of the vacancy, the agency may reduce its housing assistance payments contract with the owner by the amount equivalent to the remaining months of subsidy attributable to the vacant unit. Amounts deobligated pursuant to such a contract provision shall be available to the agency to provide assistance under this subsection.

Eligible applicants for assistance under this subsection may enforce provisions authorized by this subparagraph.

**(14) Inapplicability to tenant-based assistance**

Subsection (c) of this section shall not apply to tenant-based assistance under this subsection.

**(15) Homeownership option****(A) In general**

A public housing agency providing assistance under this subsection may, at the option of the agency, provide assistance for homeownership under subsection (y) of this section.

**(B) Victims of crime****(i) In general**

Of amounts made available for assistance under this section in each fiscal year, the Secretary shall make available such sums as may be necessary for the relocation of families residing in public housing who are victims of a crime of violence (as that term is defined in section 16 of title 18) that has been reported to an appropriate law enforcement agency.

**(ii) Notice**

A public housing agency that receives amounts under this subparagraph shall establish procedures for providing notice of the availability of that assistance to families that may be eligible for that assistance.

**(17) Deed restrictions**

Assistance under this subsection may not be used in any manner that abrogates any local deed restriction that applies to any housing consisting of 1 to 4 dwelling units. This paragraph may not be construed to affect the pro-

**(18) Rental assistance for assisted living facilities**

**(A) In general**

A public housing agency may make assistance payments on behalf of a family that uses an assisted living facility as a principal place of residence and that uses such supportive services made available in the facility as the agency may require. Such payments may be made only for covering costs of rental of the dwelling unit in the assisted living facility and not for covering any portion of the cost of residing in such facility that is attributable to service relating to assisted living.

**(B) Rent calculation**

**(i) Charges included**

For assistance pursuant to this paragraph, the rent of the dwelling unit that is an assisted living facility with respect to which assistance payments are made shall include maintenance and management charges related to the dwelling unit and tenant-paid utilities. Such rent shall not include any charges attributable to services relating to assisted living.

**(ii) Payment standard**

**(iii) Monthly assistance payment**

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2) (using the rent and payment standard for the dwelling unit as determined in accordance with this subsection).

**(C) Definition**

For the purposes of this paragraph, the term “assisted living facility” has the meaning given that term in section 232(b) of the National Housing Act (12 U.S.C. 1715w(b)), except that such a facility may be contained within a portion of a larger multifamily housing project.

**(19) Rental vouchers for Veterans Affairs supported housing program**

**(A) Set aside**

Subject to subparagraph (C), the Secretary shall set aside, from amounts made available for rental assistance under this subsection, the amounts specified in subparagraph (B) for use only for providing such assistance through a supported housing program administered in conjunction with the Department of Veterans Affairs. Such program shall provide rental assistance on behalf of homeless veterans who have chronic mental

illnesses or chronic substance use disorders, shall require agreement of the veteran to continued treatment for such mental illness or substance use disorder as a condition of receipt of such rental assistance, and shall ensure such treatment and appropriate case management for each veteran receiving such rental assistance.

**(B) Amount**

The amount specified in this subparagraph is—

- (i) for fiscal year 2007, the amount necessary to provide 500 vouchers for rental assistance under this subsection;
- (ii) for fiscal year 2008, the amount necessary to provide 1,000 vouchers for rental assistance under this subsection;

- (v) for fiscal year 2011, the amount necessary to provide 2,500 vouchers for rental assistance under this subsection.

**(C) Funding through incremental assistance**

In any fiscal year, to the extent that this paragraph requires the Secretary to set aside rental assistance amounts for use under this paragraph in an amount that exceeds the amount set aside in the preceding fiscal year, such requirement shall be effective only to such extent or in such amounts as are or have been provided in appropriation Acts for such fiscal year for incremental rental assistance under this subsection.

**(20) Prohibited basis for termination of assistance**

**(A) In general**

A public housing agency may not terminate assistance to a participant in the voucher program on the basis of an incident or incidents of actual or threatened domestic violence, dating violence, or stalking against that participant.

**(B) Construal of lease provisions**

Criminal activity directly relating to domestic violence, dating violence, or stalking shall not be considered a serious or repeated violation of the lease by the victim or threatened victim of that criminal activity justifying termination of assistance to the victim or threatened victim.

**(C) Termination on the basis of criminal activity**

Criminal activity directly relating to domestic violence, dating violence, or stalking shall not be considered cause for termination of assistance for any participant or immediate member of a participant’s family who is a victim of the domestic violence, dating violence, or stalking.

**(D) Exceptions**

**(i) Public housing authority right to terminate for criminal acts**

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of

the public housing agency to terminate voucher assistance to individuals who engage in criminal acts of physical violence against family members or others.

**(ii) Compliance with court orders**

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of a public housing agency, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up.

**(iii) Public housing authority right to terminate voucher assistance for lease violations**

Nothing in subparagraph (A), (B), or (C) limit<sup>12</sup> any otherwise available authority of the public housing agency to terminate voucher assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant's household, provided that the public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to terminate.

**(iv) Public housing authority right to terminate voucher assistance for imminent threat**

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of the public housing agency to terminate voucher assistance to a tenant if the public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property or public housing agency if that tenant is not evicted or terminated from assistance.

**(v) Preemption**

Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

**(p) Shared housing for elderly and handicapped**

In order to assist elderly families (as defined in section 1437a(b)(3) of this title who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit assistance provided under the existing housing and moderate rehabilitation programs to be used by such families in such arrangements. In carrying out this subsection, the Secretary shall issue minimum habitability standards for the purpose of assuring decent, safe, and sanitary housing for such fami-

**(B) Fiscal year 1999**

**(i) Calculation**

For fiscal year 1999, the fee for each month for which a dwelling unit is covered by an assistance contract shall be—

(I) in the case of a public housing agency that, on an annual basis, is administering a program for not more than 600 dwelling units, 7.65 percent of the base amount; and

(II) in the case of an agency that, on an annual basis, is administering a program for more than 600 dwelling units (aa) for the first 600 units, 7.65 percent of the base amount, and (bb) for any additional dwelling units under the program, 7.0 percent of the base amount.

**(ii) Base amount**

For purposes of this subparagraph, the base amount shall be the higher of—

(I) the fair market rental established under subsection (c) of this section (as in effect immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998) for fiscal year 1993 for a 2-bedroom existing rental dwelling unit in the market area of the agency, and

(II) the amount that is the lesser of (aa) such fair market rental for fiscal year 1994, or (bb) 103.5 percent of the amount determined under clause (i),

adjusted based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary. The Secretary may require that the base amount be not less than a minimum amount and not more than a maximum amount.

**(C) Subsequent fiscal years**

For subsequent fiscal years, the Secretary shall publish a notice in the Federal Register, for each geographic area, establishing the amount of the fee that would apply for public housing agencies administering the program, based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary.

**(D) Increase**

The Secretary may increase the fee if necessary to reflect the higher costs of administering small programs and programs operating over large geographic areas.

**(E) Decrease**

The Secretary may decrease the fee for units owned by a public housing agency to reflect reasonable costs of administration.

<sup>12</sup>So in original. Probably should be "limits".

**(2) Fee for preliminary expenses**

The Secretary shall also establish reasonable fees (as determined by the Secretary) for—

(A) the costs of preliminary expenses, in the amount of \$500, for a public housing agency, except that such fee shall apply to an agency only in the first year that the agency administers a tenant-based assistance program under this section, and only if, immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, the agency was not administering a tenant-based assistance program under this chapter (as in effect immediately before such effective date), in connection with its initial increment of assistance received;

(B) the costs incurred in assisting families who experience difficulty (as determined by the Secretary) in obtaining appropriate housing under the programs; and

(C) extraordinary costs approved by the Secretary.

**(3) Transfer of fees in cases of concurrent geographical jurisdiction**

In each fiscal year, if any public housing agency provides tenant-based assistance under this section on behalf of a family who uses such assistance for a dwelling unit that is located within the jurisdiction of such agency but is also within the jurisdiction of another public housing agency, the Secretary shall take such steps as may be necessary to ensure that the public housing agency that provides the services for a family receives all or part of the administrative fee under this section (as appropriate).

**(4) Applicability**

This subsection shall apply to fiscal year 1999 and fiscal years thereafter.

**(r) Portability**

(1) IN GENERAL.—(A) Any family receiving tenant-based assistance under subsection (o) of this section may receive such assistance to rent an eligible dwelling unit if the dwelling unit to which the family moves is within any area in which a program is being administered under this section.

(B)(i) Notwithstanding subparagraph (A) and subject to any exceptions established under clause (ii) of this subparagraph, a public housing agency may require that any family not living within the jurisdiction of the public housing agency at the time the family applies for assistance from the agency shall, during the 12-month period beginning on the date of initial receipt of housing assistance made available on behalf of the family from such agency, lease and occupy an eligible dwelling unit located within the jurisdiction served by the agency.

(ii) The Secretary may establish such exceptions to the authority of public housing agencies established under clause (i).

(2) The public housing agency having authority with respect to the dwelling unit to which a family moves under this subsection shall have the responsibility of carrying out the provisions of this subsection with respect to the family.

(3) In providing assistance under subsection (o) of this section for any fiscal year, the Secretary shall give consideration to any reduction in the number of resident families incurred by a public housing agency in the preceding fiscal year as a result of the provisions of this subsection. The Secretary shall establish procedures for the compensation of public housing agencies that issue vouchers to families that move into or out of the jurisdiction of the public housing agency under portability procedures. The Secretary may reserve amounts available for assistance under subsection (o) of this section to compensate those public housing agencies.

(4) The provisions of this subsection may not be construed to restrict any authority of the Secretary under any other provision of law to provide for the portability of assistance under this section.

(5) LEASE VIOLATIONS.—A family may not receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has moved out of the assisted dwelling unit of the family in violation of a lease, except that a family may receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has complied with all other obligations of the section 8 [42 U.S.C. 1437f] program and has moved out of the assisted dwelling unit in order to protect the health or safety of an individual who is or has been the victim of domestic violence, dating violence, or stalking and who reasonably believed he or she was imminently threatened by harm from further violence if he or she remained in the assisted dwelling unit.

**(s) Prohibition of denial of certificates and vouchers to residents of public housing**

In selecting families for the provision of assistance under this section (including subsection (o) of this section), a public housing agency may not exclude or penalize a family solely because the family resides in a public housing project.

**(t) Enhanced vouchers****(1) In general**

Enhanced voucher assistance under this subsection for a family shall be voucher assistance under subsection (o) of this section, except that under such enhanced voucher assistance—

(A) subject only to subparagraph (D), the assisted family shall pay as rent no less than the amount the family was paying on the date of the eligibility event for the project in which the family was residing on such date;

(B) the assisted family may elect to remain in the same project in which the family was residing on the date of the eligibility event for the project, and if, during any period the family makes such an election and continues to so reside, the rent for the dwelling unit of the family in such project exceeds the applicable payment standard established pursuant to subsection (o) of this section for the unit, the amount of rental assistance provided on behalf of the family shall be determined using a payment stand-

ard that is equal to the rent for the dwelling unit (as such rent may be increased from time-to-time), subject to paragraph (10)(A) of subsection (o) of this section and any other reasonable limit prescribed by the Secretary, except that a limit shall not be considered reasonable for purposes of this subparagraph if it adversely affects such assisted families;

(C) subparagraph (B) of this paragraph shall not apply and the payment standard for the dwelling unit occupied by the family shall be determined in accordance with subsection (o) of this section if—

(i) the assisted family moves, at any time, from such project; or

(ii) the voucher is made available for use by any family other than the original family on behalf of whom the voucher was provided; and

(D) if the income of the assisted family declines to a significant extent, the percentage of income paid by the family for rent shall not exceed the greater of 30 percent or the percentage of income paid at the time of the eligibility event for the project.

**(2) Eligibility event**

For purposes of this subsection, the term “eligibility event” means, with respect to a multifamily housing project, the prepayment of the mortgage on such housing project, the voluntary termination of the insurance contract for the mortgage for such housing project (including any such mortgage prepayment during fiscal year 1996 or a fiscal year thereafter or any insurance contract voluntary termination during fiscal year 1996 or a fiscal year thereafter), the termination or expiration of the contract for rental assistance under this section for such housing project (including any such termination or expiration during fiscal years after fiscal year 1994 prior to the effective date of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001), or the transaction under which the project is preserved as affordable housing, that, under paragraphs (3) and (4) of section 515(c), section 524(d) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note), section 4113(f) of title 12, or section 1715z-1a(p) of title 12, results in tenants in such housing project being eligible for enhanced voucher assistance under this subsection.

**(3) Treatment of enhanced vouchers provided under other authority**

**(A) In general**

Notwithstanding any other provision of law, any enhanced voucher assistance provided under any authority specified in subparagraph (B) shall (regardless of the date that the amounts for providing such assistance were made available) be treated, and subject to the same requirements, as enhanced voucher assistance under this subsection.

**(B) Identification of other authority**

The authority specified in this subparagraph is the authority under—

(i) the 10th, 11th, and 12th provisos under the “Preserving Existing Housing Investment” account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 (Public Law 104-204; 110 Stat. 2884), pursuant to such provisos, the first proviso under the “Housing Certificate Fund” account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1998 (Public Law 105-65; 111 Stat. 1351), or the first proviso under the “Housing Certificate Fund” account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999 (Public Law 105-276; 112 Stat. 2469); and

(ii) paragraphs (3) and (4) of section 515(c) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note), as in effect before October 20, 1999.

**(4) Authorization of appropriations**

There are authorized to be appropriated for each of fiscal years 2000, 2001, 2002, 2003, and 2004 such sums as may be necessary for enhanced voucher assistance under this subsection.

**(u) Assistance for residents of rental rehabilitation projects**

In the case of low-income families living in rental projects rehabilitated under section 1437o<sup>13</sup> of this title or section 1490m of this title before rehabilitation—

(1) vouchers under this section shall be made for families who are required to move out of their units because of the physical rehabilitation activities or because of overcrowding;

(2) at the discretion of each public housing agency or other agency administering the allocation of assistance or vouchers under this section may be made for families who would have to pay more than 30 percent of their adjusted income for rent after rehabilitation whether they choose to remain in, or to move from, the project; and

(3) the Secretary shall allocate assistance for vouchers under this section to ensure that sufficient resources are available to address the physical or economic displacement, or potential economic displacement, of existing tenants pursuant to paragraphs (1) and (2).

**(v) Extension of expiring contracts**

The Secretary may extend expiring contracts entered into under this section for project-based loan management assistance to the extent necessary to prevent displacement of low-income families receiving such assistance as of September 30, 1996.

**(2) Use of funds**

The amounts made available under this subsection shall be used only in connection with tenant-based assistance under this section on behalf of (A) any family (i) who is otherwise eligible for such assistance, and (ii) who the public child welfare agency for the jurisdiction has certified is a family for whom the lack of adequate housing is a primary factor in the imminent placement of the family's child or children in out-of-home care or the delayed discharge of a child or children to the family from out-of-home care and (B) for a period not to exceed 18 months, otherwise eligible youths who have attained at least 18 years of age and not more than 21 years of age and who have left foster care at age 16 or older.

**(3) Allocation**

The amounts made available under this subsection shall be allocated by the Secretary through a national competition among applicants based on demonstrated need for the assistance under this subsection. To be considered for assistance, an applicant shall submit to the Secretary a written proposal containing a report from the public child welfare agency serving the jurisdiction of the applicant that describes how a lack of adequate housing in the jurisdiction is resulting in the initial or prolonged separation of children from their families, and how the applicant will coordinate with the public child welfare agency to identify eligible families and provide the families with assistance under this subsection.

**(4) Definitions**

For purposes of this subsection:

**(A) Applicant**

The term "applicant" means a public housing agency or any other agency responsible for administering assistance under this section.

**(B) Public child welfare agency**

The term "public child welfare agency" means the public agency responsible under applicable State law for determining that a child is at imminent risk of placement in out-of-home care or that a child in out-of-home care under the supervision of the public agency may be returned to his or her family.

**(y) Homeownership option**

**(1) Use of assistance for homeownership**

A public housing agency providing tenant-based assistance on behalf of an eligible family under this section may provide assistance for an eligible family that purchases a dwelling unit (including a unit under a lease-purchase agreement) that will be owned by 1 or more members of the family, and will be occupied by the family, if the family—

(A) is a first-time homeowner, or owns or is acquiring shares in a cooperative;

(B) demonstrates that the family has income from employment or other sources

(other than public assistance, except that the Secretary may provide for the consideration of public assistance in the case of an elderly family or a disabled family), as determined in accordance with requirements of the Secretary, that is not less than twice the payment standard established by the public housing agency (or such other amount as may be established by the Secretary);

(C) except as provided by the Secretary, demonstrates at the time the family initially receives tenant-based assistance under this subsection that one or more adult members of the family have achieved employment for the period as the Secretary shall require;

(D) participates in a homeownership and housing counseling program provided by the agency; and

(E) meets any other initial or continuing requirements established by the public housing agency in accordance with requirements established by the Secretary.

**(2) Determination of amount of assistance**

**(A) Monthly expenses not exceeding payment standard**

If the monthly homeownership expenses, as determined in accordance with requirements established by the Secretary, do not exceed the payment standard, the monthly assistance payment shall be the amount by which the homeownership expenses exceed the highest of the following amounts, rounded to the nearest dollar:

(i) 30 percent of the monthly adjusted income of the family.

(ii) 10 percent of the monthly income of the family.

(iii) If the family is receiving payments for welfare assistance from a public agency, and a portion of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated.

**(B) Monthly expenses exceed payment standard**

spectations shall not apply to units assisted under this section.

**(4) Other authority of the Secretary**

The Secretary may—

(A) limit the term of assistance for a family assisted under this subsection; and

(B) modify the requirements of this subsection as the Secretary determines to be necessary to make appropriate adaptations for lease-purchase agreements.

**(5) Inapplicability of certain provisions**

Assistance under this subsection shall not be subject to the requirements of the following provisions:

(A) Subsection (c)(3)(B)<sup>14</sup> of this section.

(B) Subsection (d)(1)(B)(i) of this section.

(C) Any other provisions of this section governing maximum amounts payable to owners and amounts payable by assisted families.

(D) Any other provisions of this section concerning contracts between public housing agencies and owners.

(E) Any other provisions of this chapter that are inconsistent with the provisions of this subsection.

**(6) Reversion to rental status**

**(A) FHA-insured mortgages**

If a family receiving assistance under this subsection for occupancy of a dwelling defaults under a mortgage for the dwelling insured by the Secretary under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless the family (i) transfers to the Secretary marketable title to the dwelling, (ii) moves from the dwelling within the period established or approved by the Secretary, and (iii) agrees that any amounts the family is required to pay to reimburse the escrow account under section 1437u(d)(3)<sup>14</sup> of this title may be deducted by the public housing agency from the assistance payment otherwise payable on behalf of the family.

**(B) Other mortgages**

If a family receiving assistance under this subsection defaults under a mortgage not insured under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless it complies with requirements established by the Secretary.

**(C) All mortgages**

A family receiving assistance under this subsection that defaults under a mortgage may not receive assistance under this subsection for occupancy of another dwelling owned by one or more members of the family.

**(7) Downpayment assistance**

**(A) Authority**

A public housing agency may, in lieu of providing monthly assistance payments under this subsection on behalf of a family eligible for such assistance and at the discre-

tion of the public housing agency, provide assistance for the family in the form of a single grant to be used only as a contribution toward the downpayment required in connection with the purchase of a dwelling for fiscal year 2000 and each fiscal year thereafter to the extent provided in advance in appropriations Acts.

**(B) Amount**

The amount of a downpayment grant on behalf of an assisted family may not exceed the amount that is equal to the sum of the assistance payments that would be made during the first year of assistance on behalf of the family, based upon the income of the family at the time the grant is to be made.

**(8) “First-time homeowner” defined**

For purposes of this subsection, the term “first-time homeowner” means—

(A) a family, no member of which has had a present ownership interest in a principal residence during the 3 years preceding the date on which the family initially receives assistance for homeownership under this subsection; and

(B) any other family, as the Secretary may prescribe.

**(z) Termination of section 1437f contracts and reuse of recaptured budget authority**

**(1) General authority**

The Secretary may reuse any budget authority, in whole or part, that is recaptured on account of expiration or termination of a housing assistance payments contract only for one or more of the following:

**(A) Tenant-based assistance**

Pursuant to a contract with a public housing agency, to provide tenant-based assistance under this section to families occupying units formerly assisted under the terminated contract.

**(B) Project-based assistance**

Pursuant to a contract with an owner, to attach assistance to one or more structures under this section, for relocation of families occupying units formerly assisted under the terminated contract.

**(2) Families occupying units formerly assisted under terminated contract**

Pursuant to paragraph (1), the Secretary shall first make available tenant- or project-based assistance to families occupying units formerly assisted under the terminated contract. The Secretary shall provide project-based assistance in instances only where the use of tenant-based assistance is determined to be infeasible by the Secretary.

**(aa) Omitted**

**(bb) Transfer, reuse, and rescission of budget authority**

**(1) Transfer of budget authority**

If an assistance contract under this section, other than a contract for tenant-based assistance, is terminated or is not renewed, or if the contract expires, the Secretary shall, in order

to provide continued assistance to eligible families, including eligible families receiving the benefit of the project-based assistance at the time of the termination, transfer any budget authority remaining in the contract to another contract. The transfer shall be under such terms as the Secretary may prescribe.

**(2) Reuse and rescission of certain recaptured budget authority**

Notwithstanding paragraph (1), if a project-based assistance contract for an eligible multifamily housing project subject to actions authorized under this subchapter is terminated or amended as part of restructuring under section 517 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, the Secretary shall recapture the budget authority not required for the terminated or amended contract and use such amounts as are necessary to provide housing assistance for the same number of families covered by such contract for the remaining term of such contract, under a contract providing for project-based or tenant-based assistance. The amount of budget authority saved as a result of the shift to project-based or tenant-based assistance shall be rescinded.

**(cc) Law enforcement and security personnel**

**(1) In general**

Notwithstanding any other provision of this chapter, in the case of assistance attached to a structure, for the purpose of increasing security for the residents of a project, an owner may admit, and assistance under this section may be provided to, police officers and other security personnel who are not otherwise eligible for assistance under the chapter.

**(2) Rent requirements**

With respect to any assistance provided by an owner under this subsection, the Secretary may—

(A) permit the owner to establish such rent requirements and other terms and conditions of occupancy that the Secretary considers to be appropriate; and

(B) require the owner to submit an application for those rent requirements, which application shall include such information as the Secretary, in the discretion of the Secretary, determines to be necessary.

**(3) Applicability**

This subsection shall apply to fiscal year 1999 and fiscal years thereafter.

**(dd) Tenant-based contract renewals**

Subject to amounts provided in appropriation Acts, starting in fiscal year 1999, the Secretary shall renew all expiring tenant-based annual contribution contracts under this section by applying an inflation factor based on local or regional factors to an allocation baseline. The allocation baseline shall be calculated by including, at a minimum, amounts sufficient to ensure continued assistance for the actual number of families assisted as of October 1, 1997, with appropriate upward adjustments for incremental assistance and additional families authorized subsequent to that date.

**(ee) Certification and confidentiality**

**(1) Certification**

**(A) In general**

An owner, manager, or public housing agency responding to subsections (c)(9), (d)(1)(B)(ii), (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), (o)(20), and (r)(5) of this section may request that an individual certify via a HUD approved certification form that the individual is a victim of domestic violence, dating violence, or stalking, and that the incident or incidents in question are bona fide incidents of such actual or threatened abuse and meet the requirements set forth in the aforementioned paragraphs. Such certification shall include the name of the perpetrator. The individual shall provide such certification within 14 business days after the individual receives a request for such certification from the owner, manager, or public housing agency.

**(B) Failure to provide certification**

If the individual does not provide the certification within 14 business days after the individual has received a request in writing for such certification for the owner, manager, or public housing agency, nothing in this subsection or in subsection (c)(9), (d)(1)(B)(ii), (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), (o)(20), or (r)(5) of this section may be construed to limit the authority of an owner or manager to evict, or the public housing agency or assisted housing provider to terminate voucher assistance for, any tenant or lawful occupant that commits violations of a lease. The owner, manager or public housing agency may extend the 14-day deadline at their discretion.

**(C) Contents**

An individual may satisfy the certification requirement of subparagraph (A) by—

(i) providing the requesting owner, manager, or public housing agency with documentation signed by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional, from whom the victim has sought assistance in addressing domestic violence, dating violence, or stalking, or the effects of the abuse, in which the professional attests under penalty of perjury (28 U.S.C. 1746) to the professional's belief that the incident or incidents in question are bona fide incidents of abuse, and the victim of domestic violence, dating violence, or stalking has signed or attested to the documentation; or

(ii) producing a Federal, State, tribal, territorial, or local police or court record.

**(D) Limitation**

Nothing in this subsection shall be construed to require an owner, manager, or public housing agency to demand that an individual produce official documentation or physical proof of the individual's status as a victim of domestic violence, dating violence, or stalking in order to receive any of the benefits provided in this section. At their

discretion, the owner, manager, or public housing agency may provide benefits to an individual based solely on the individual's statement or other corroborating evidence.

**(E) Compliance not sufficient to constitute evidence of unreasonable act**

Compliance with this statute by an owner, manager or public housing agency based on the certification specified in paragraphs (1)(A) and (B) of this subsection or based solely on the victim's statement or other corroborating evidence, as permitted by paragraph (1)(C) of this subsection, shall not alone be sufficient to constitute evidence of an unreasonable act or omission by an owner, manager or public housing agency, or employee thereof. Nothing in this subparagraph shall be construed to limit liability for failure to comply with the requirements of subsection (c)(9), (d)(1)(B)(ii), (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), (o)(20), or (r)(5) of this section.

**(F) Preemption**

Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

**(2) Confidentiality**

**(A) In general**

All information provided to an owner, manager, or public housing agency pursuant to paragraph (1), including the fact that an individual is a victim of domestic violence, dating violence, or stalking, shall be retained in confidence by an owner, manager, or public housing agency, and shall neither be entered into any shared database nor provided to any related entity, except to the extent that disclosure is—

- (i) requested or consented to by the individual in writing;
- (ii) required for use in an eviction proceeding under subsection (c)(9), (d)(1)(B)(ii),<sup>15</sup> (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), or (o)(20) of this section;<sup>16</sup> or
- (iii) otherwise required by applicable law.

**(B) Notification**

Public housing agencies must provide notice to tenants assisted under this section of their rights under this subsection and subsections (c)(9), (d)(1)(B)(ii),<sup>15</sup> (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), (o)(20), and (r)(5) of this section, including their right to confidentiality and the limits thereof, and to owners and managers of their rights and obligations under this subsection and subsections (c)(9), (d)(1)(B)(ii),<sup>15</sup> (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), (o)(20), and (r)(5) of this section.

(A) generally, substituting “the selection of tenants shall be the function of the owner, subject to the provisions of the annual contributions contract between the Secretary and the agency, except that for the certificate and moderate rehabilitation programs only, for the purpose of selecting families to be assisted, the public housing agency may establish, after public notice and an opportunity for public comment, a written system of preferences for selection that is not inconsistent with the comprehensive housing affordability strategy under title I of the Cranston-Gonzalez National Affordable Housing Act;” for “the selection of tenants for such units shall be the function of the owner, subject to the provisions of the annual contributions contract between the Secretary and the agency, except that the tenant selection criteria used by the owner shall—

“(i) for not less than (I) 70 percent of the families who initially receive assistance in any 1-year period in the case of assistance attached to a structure and (II) 90 percent of such families in the case of assistance not attached to a structure, give preference to families that occupy substandard housing (including families that are homeless or living in a shelter for homeless families), are paying more than 50 percent of family income for rent, or are involuntarily displaced (including displacement because of disposition of a multifamily housing project under section 1701z-11 of title 12) at the time they are seeking assistance under this section; except that any family otherwise eligible for assistance under this section may not be denied preference for assistance not attached to a structure (or delayed or otherwise adversely affected in the provision of such assistance) solely because the family resides in public housing;

“(ii) for any remaining assistance in any 1-year period, give preference to families who qualify under a system of local preferences established by the public

housing agency in writing and after public hearing to respond to local housing needs and priorities, which may include (I) assisting very low-income families who either reside in transitional housing assisted under title IV of the Stewart B. McKinney Homeless Assistance Act, or participate in a program designed to provide public assistance recipients with greater access to employment and educational opportunities; (II) assisting families in accordance with subsection (u)(2) of this section; (III) assisting families identified by local public agencies involved in providing for the welfare of children as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care, or in preventing the discharge of a child from foster care and reunification with his or her family; (IV) assisting youth, upon discharge from foster care, in cases in which return to the family or extended family or adoption is not available; (V) assisting veterans who are eligible and have applied for assistance, will use the assistance for a dwelling unit designed for the handicapped, and, upon discharge or eligibility for discharge from a hospital or nursing home, have physical disability which, because of the configuration of their homes, prevents them from access to or use of their homes; and (VI) achieving other objectives of national housing policy as affirmed by Congress; and

“(iii) prohibit any individual or family evicted from housing assisted under the chapter by reason of drug-related criminal activity from having a preference under any provision of this subparagraph for 3 years unless the evicted tenant successfully completes a rehabilitation program approved by the agency, except that the agency may waive the application of this clause under standards established by the Secretary (which shall include waiver for any member of a family of an individual prohibited from tenancy under this clause who the agency determines clearly did not participate in and had no knowledge of such criminal activity or when circumstances leading to eviction no longer exist);”.

(iii) temporarily substituted “during the term of the lease,” for “provide that”. See Effective and Termination Dates of 1996 Amendments note below.

L. 104-99, §402(d)(6)(A)(iii), (f), temporarily struck out at end “Any assistance provided to lower income tenants under the preceding sentence shall not be considered for purposes of the limitation under paragraph (1)(A) regarding the percentage of families that may receive assistance under this section who do not qualify for preferences under such paragraph.” See Effective and Termination Dates of 1996 Amendments note below.

Subsec. (d)(2)(H). Pub. L. 104-99, §402(d)(6)(A)(iv), (f), temporarily substituted “An owner” for “Notwithstanding subsection (d)(1)(A)(i) of this section, an owner”. See Effective and Termination Dates of 1996 Amendments note below.

Subsec. (o)(3)(B). Pub. L. 104-99, §402(d)(3), (f), temporarily amended subpar. (B) generally. Prior to amendment, subpar. (B) read as follows: “In selecting families to be assisted, preference shall be given to families which, at the time they are seeking assistance, occupy substandard housing (including families that are homeless or living in a shelter for homeless families), are involuntarily displaced (including displacement because of disposition of a multifamily housing project under section 1701z-11 of title 12), or are paying more than 50 per centum of family income for rent. A public housing agency may provide for circumstances in which families who do not qualify for any preference established in the preceding sentence are provided assistance under this subsection before families who do qualify for such

preference, except that not more than 10 percent (or such higher percentage determined by the Secretary to be necessary to ensure that public housing agencies can assist families in accordance with subsection (u)(2) of this section or determined by the Secretary to be appropriate for other good cause) of the families who initially receive assistance in any 1-year period (or such shorter period selected by the public housing agency before the beginning of its first full year subject to this sentence) may be families who do not qualify for such preference. The public housing agency shall in implementing the preceding sentence establish a system of preferences in writing and after public hearing to respond to local housing needs and priorities which may include (i) assisting very low-income families who either reside in transitional housing assisted under title IV of the Stewart B. McKinney Homeless Assistance Act, or participate in a program designed to provide public assistance recipients with greater access to employment and educational opportunities, (ii) assisting families in accordance with subsection (u)(2) of this section; (iii) assisting families identified by local public agencies involved in providing for the welfare of children as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care, or in preventing the discharge of a child from foster care and reunification and his or her family; (iv) assisting youth, upon discharge from foster care, in cases in which return to the family or extended family or adoption is not available; (v) assisting veterans who are eligible and have applied for assistance, will use the assistance for a dwelling unit designed for the handicapped, and, upon discharge or eligibility for discharge from a hospital or nursing home, have physical disability which, because of the configuration of their homes, prevents them from access to or use of their homes; and (vi) achieving other objectives of national housing policy as affirmed by Congress. Any individual or family evicted from housing assisted under the chapter by reason of drug-related criminal activity (as defined in subsection (f)(5) of this section) shall not be eligible for a preference under any provision of this subparagraph for 3 years unless the evicted tenant successfully completes a rehabilitation program approved by the Secretary (which shall include waiver for any member of a family of an individual prohibited from tenancy under this clause who the agency determines clearly did not participate in and had no knowledge of such criminal activity or when circumstances leading to eviction no longer exist)." See Effective and Termination Dates of 1996 Amendments note below.

Subsec. (t). Pub. L. 104-134, §101(e) [title II, §203(a), (d)], temporarily repealed subsec. (t) which read as follows:

"(1) No owner who has entered into a contract for housing assistance payments under this section on behalf of any tenant in a multifamily housing project shall refuse—

"(A) to lease any available dwelling unit in any multifamily housing project of such owner that rents for an amount not greater than the fair market rent for a comparable unit, as determined by the Secretary under this section, to a holder of a certificate of eligibility under this section a proximate cause of which is the status of such prospective tenant as a holder of such certificate, and to enter into a housing assistance payments contract respecting such unit; or

"(B) to lease any available dwelling unit in any multifamily housing project of such owner to a holder of a voucher under subsection (o) of this section, and to enter into a voucher contract respecting such unit, a proximate cause of which is the status of such prospective tenant as holder of such voucher.

"(2) For purposes of this subsection, the term 'multifamily housing project' means a residential building containing more than 4 dwelling units." See Effective and Termination Dates of 1996 Amendments note below.

Subsec. (v). Pub. L. 104-99, §405(c), amended subsec. (v) generally. Prior to amendment, subsec. (v) read as follows:

"(1) The Secretary shall extend any expiring contract entered into under this section for loan management assistance or execute a new contract for project-based loan management assistance, if the owner agrees to continue providing housing for low-income families during the term of the contract.

"(2)(A) The eligibility of a multifamily residential project for loan management assistance under this section shall be determined without regard to whether the project is subsidized or unsubsidized.

"(B) In allocating loan management assistance under this section, the Secretary may give a priority to any project only on the basis that the project has serious financial problems that are likely to result in a claim on the insurance fund in the near future or the project is eligible to receive incentives under subtitle B of the Low-Income Housing Preservation and Resident Homeownership Act of 1990."

Subsec. (bb). Pub. L. 104-134, §101(e) [title II, §208], added subsec. (bb).

The immediately foregoing sentence shall be effective only during fiscal year 1995. For any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than 1.0. The immediately foregoing sentence shall be effective only during fiscal year 1995."

Subsec. (d)(1)(A)(i). Pub. L. 103-233, §101(c)(2), inserted "(including displacement because of disposition of a multifamily housing project under section 1701z-11 of title 12)" after "displaced".

(ii) by striking "and (V)" and inserting in lieu thereof "(V) assisting families that include one or more adult members who are employed; and (VI)", and inserting after the final semicolon "subclause (V) shall be effective only during fiscal year 1995;" was not executed because the words "and (V)" did not appear and cl. (ii) already contains subcls. (V) and (VI). See 1992 Amendment note below.

The Secretary is authorized to prescribe such terms and conditions for contracts entered into under this section pursuant to this paragraph as the Secretary determines to be necessary and appropriate, except that such terms and conditions, to the maximum extent feasible, shall be consistent with terms and conditions otherwise applicable with respect to other dwelling units assisted under this section. Notwithstanding subsection (c)(1) of this section, the Secretary may, in carrying out the preceding sentence, establish a maximum monthly rent (for units upgraded pursuant to this paragraph) which exceeds the fair market rental by not more than 20 per centum if such units are located in an area where the Secretary finds cost levels so require, except that the Secretary may approve maximum monthly rents which exceed the fair market rentals by more than 20 but not more than 30 per centum where the Secretary determines that spe-

cial circumstances warrant such higher rent or where necessary to the implementation of a local housing assistance plan. The Secretary is also authorized to make assistance available under this section pursuant to this paragraph to any unit in a housing project which, on an overall basis, reflects the need for such upgrading. The Secretary shall increase the amount of assistance provided under this paragraph above the amount of assistance otherwise permitted by this paragraph and subsection (c)(1) of this section, if the Secretary determines such increase necessary to assist in the sale of multifamily housing projects owned by the Department of Housing and Urban Development. In order to maximize the availability of low-income housing, in providing assistance under this paragraph, the Secretary shall include in any calculation or determination regarding the amount of the assistance to be made available the extent to which any proceeds are available from any tax credits provided under section 42 of title 26 (or from any syndication of such credits) with respect to the housing. For each fiscal year, the Secretary may not provide assistance pursuant to this paragraph to any project for rehabilitation of more than 100 units. Assistance pursuant to this paragraph shall be allocated according to the formula established pursuant to section 1439(d) of this title, and awarded pursuant to a competition under such section. The Secretary shall maintain a single listing of any assistance provided pursuant to this paragraph, which shall include a statement identifying the owner and location of the project to which assistance was made, the amount of the assistance, and the number of units assisted."

McKinney Homeless Assistance Act, or participate in a program designed to provide public assistance recipients with greater access to employment and educational opportunities, (ii) assisting families in accordance with subsection (u)(2) of this section; (iii) assisting families identified by local public agencies involved in providing for the welfare of children as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care, or in preventing the discharge of a child from foster care and reunification and his or her family; (iv) assisting youth, upon discharge from foster care, in cases in which return to the family or extended family or adoption is not available; and (v) achieving other objectives of national housing policy as affirmed by Congress. Any individual or family evicted from housing assisted under the chapter by reason of drug-related criminal activity (as defined in subsection (f)(5) of this section) shall not be eligible for a preference under any provision of this subparagraph for 3 years unless the evicted tenant successfully completes a rehabilitation program approved by the Secretary (which shall include waiver for any member of a family of an individual prohibited from tenancy under this clause who the agency determines clearly did not participate in and had no knowledge of such criminal activity or when circumstances leading to eviction no longer exist)."

The Secretary shall conduct such studies upon the request of any owner of any project, or as the Secretary determines to be appropriate by establishing, to the extent practicable, a modified annual adjustment factor for such market area, as the Secretary shall designate, that is geographically smaller than the applicable housing area used for the establishment of the annual adjustment factor under subparagraph (A). The Secretary shall establish such modified annual adjustment factor on the basis of the results of a study conducted by the Secretary of the rents charged, and any change in such rents over the previous year, for assisted units and unassisted units of similar quality, type, and age in the smaller market area. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units."

#### “SUBTITLE A—FHA-INSURED MULTIFAMILY HOUSING MORTGAGE AND HOUSING ASSISTANCE RESTRUCTURING

#### “SEC. 511. FINDINGS AND PURPOSES.

“(a) FINDINGS.—Congress finds that—

“(1) there exists throughout the Nation a need for decent, safe, and affordable housing;

“(2) as of the date of enactment of this Act [Oct. 27, 1997], it is estimated that—

“(A) the insured multifamily housing portfolio of the Federal Housing Administration consists of 14,000 rental properties, with an aggregate unpaid principal mortgage balance of \$38,000,000,000; and

“(B) approximately 10,000 of these properties contain housing units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f];

“(3) FHA-insured multifamily rental properties are a major Federal investment, providing affordable rental housing to an estimated 2,000,000 low- and very low-income families;

“(4) approximately 1,600,000 of these families live in dwelling units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937;

“(5) a substantial number of housing units receiving project-based assistance have rents that are higher than the rents of comparable, unassisted rental units in the same housing rental market;

“(6) many of the contracts for project-based assistance will expire during the several years following the date of enactment of this Act;

“(7) it is estimated that—

“(A) if no changes in the terms and conditions of the contracts for project-based assistance are made before fiscal year 2000, the cost of renewing all expiring rental assistance contracts under section 8 of the United States Housing Act of 1937 for both project-based and tenant-based rental assistance will increase from approximately \$3,600,000,000 in fiscal year 1997 to over \$14,300,000,000 by fiscal year 2000 and some \$22,400,000,000 in fiscal year 2006;

“(B) of those renewal amounts, the cost of renewing project-based assistance will increase from \$1,200,000,000 in fiscal year 1997 to almost \$7,400,000,000 by fiscal year 2006; and

“(C) without changes in the manner in which project-based rental assistance is provided, renewals of expiring contracts for project-based rental assistance will require an increasingly larger portion of the discretionary budget authority of the Department of Housing and Urban Development in each subsequent fiscal year for the foreseeable future;

“(8) absent new budget authority for the renewal of expiring rental contracts for project-based assistance, many of the FHA-insured multifamily housing projects that are assisted with project-based assistance are likely to default on their FHA-insured mortgage payments, resulting in substantial claims to the FHA General Insurance Fund and Special Risk Insurance Fund;

“(9) more than 15 percent of federally assisted multifamily housing projects are physically or financially distressed, including a number which suffer from mismanagement;

“(10) due to Federal budget constraints, the downsizing of the Department of Housing and Urban Development, and diminished administrative capacity, the Department lacks the ability to ensure the continued economic and physical well-being of the stock of federally insured and assisted multifamily housing projects;

“(11) the economic, physical, and management problems facing the stock of federally insured and assisted multifamily housing projects will be best served by reforms that—

“(A) reduce the cost of Federal rental assistance, including project-based assistance, to these projects by reducing the debt service and operating costs of these projects while retaining the low-income affordability and availability of this housing;

“(B) address physical and economic distress of this housing and the failure of some project managers and owners of projects to comply with management and ownership rules and requirements; and

“(C) transfer and share many of the loan and contract administration functions and responsibilities of the Secretary to and with capable State, local, and other entities; and

“(12) the authority and duties of the Secretary, not including the control by the Secretary of applicable accounts in the Treasury of the United States, may be delegated to State, local or other entities at the discretion of the Secretary, to the extent the Secretary determines, and for the purpose of carrying out this title [see Short Title of 1997 Amendment note set out under section 1701 of Title 12, Banks and Banking], so that the Secretary has the discretion to be relieved of processing and approving any document or action required by these reforms.

“(b) PURPOSES.—Consistent with the purposes and requirements of the Government Performance and Results Act of 1993 [Pub. L. 103-62, see Short Title of 1993 Amendment note set out under section 1101 of Title 31, Money and Finance], the purposes of this subtitle are—

“(1) to preserve low-income rental housing affordability and availability while reducing the long-term costs of project-based assistance;

“(2) to reform the design and operation of Federal rental housing assistance programs, administered by the Secretary, to promote greater multifamily housing project operating and cost efficiencies;

“(3) to encourage owners of eligible multifamily housing projects to restructure their FHA-insured mortgages and project-based assistance contracts in a manner that is consistent with this subtitle before the year in which the contract expires;

“(4) to reduce the cost of insurance claims under the National Housing Act [12 U.S.C. 1701 et seq.] related to mortgages insured by the Secretary and used to finance eligible multifamily housing projects;

“(5) to streamline and improve federally insured and assisted multifamily housing project oversight and administration;

“(6) to resolve the problems affecting financially and physically troubled federally insured and assisted multifamily housing projects through cooperation with residents, owners, State and local governments, and other interested entities and individuals;

“(7) to protect the interest of project owners and managers, because they are partners of the Federal Government in meeting the affordable housing needs of the Nation through the section 8 rental housing assistance program;

“(8) to protect the interest of tenants residing in the multifamily housing projects at the time of the restructuring for the housing; and

“(9) to grant additional enforcement tools to use against those who violate agreements and program requirements, in order to ensure that the public interest is safeguarded and that Federal multifamily housing programs serve their intended purposes.

#### “SEC. 512. DEFINITIONS.

“(2) ELIGIBLE MULTIFAMILY HOUSING PROJECT.—The term ‘eligible multifamily housing project’ means a property consisting of more than 4 dwelling units—

“(1) NOTICE TO CERTAIN RESIDENTS.—The Office shall notify any tenant that is residing in a project or receiving assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) at the time of rejection under this section, of such rejection, except that the Office may delegate the responsibility to provide notice under this paragraph to the participating administrative entity.

“(2) ASSISTANCE AND MOVING EXPENSES.—Subject to the availability of amounts provided in advance in appropriations Acts, for any low-income tenant that is residing in a project or receiving assistance under section 8 of the United States Housing Act of 1937 at the time of rejection under this section, that tenant shall be provided with tenant-based assistance and reasonable moving expenses, as determined by the Secretary.

“(e) TRANSFER OF PROPERTY.—For properties disqualified from the consideration of a mortgage restructuring and rental assistance sufficiency plan under this section in accordance with paragraph (1) or (2) of subsection (a) because of actions by an owner or purchaser, the Secretary shall establish procedures to facilitate the voluntary sale or transfer of a property as part of a mortgage restructuring and rental assistance sufficiency plan, with a preference for tenant organizations and tenant-endorsed community-based nonprofit and

public agency purchasers meeting such reasonable qualifications as may be established by the Secretary.

“SEC. 517. RESTRUCTURING TOOLS.

“(a) MORTGAGE RESTRUCTURING.—

“(1) In this subtitle, an approved mortgage restructuring and rental assistance sufficiency plan shall include restructuring mortgages in accordance with this subsection to provide—

“(A) a restructured or new first mortgage that is sustainable at rents at levels that are established in section 514(g); and

“(B) a second mortgage that is in an amount equal to not more than the greater of—

“(i) the full or partial payment of claim made under this subtitle; or

“(ii) the difference between the restructured or new first mortgage and the indebtedness under the existing insured mortgage immediately before it is restructured or refinanced, provided that the amount of the second mortgage shall be in an amount that the Secretary or participating administrative entity determines can reasonably be expected to be repaid.

“(2) The second mortgage shall bear interest at a rate not to exceed the applicable Federal rate as defined in section 1274(d) of the Internal Revenue Code of 1986 [26 U.S.C. 1274(d)]. The term of the second mortgage shall be equal to the term of the restructured or new first mortgage.

“(3) Payments on the second mortgage shall be deferred when the first mortgage remains outstanding, except to the extent there is excess project income remaining after payment of all reasonable and necessary operating expenses (including deposits in a reserve for replacement), debt service on the first mortgage, and any other expenditures approved by the Secretary. At least 75 percent of any excess project income shall be applied to payments on the second mortgage, and the Secretary or the participating administrative entity may permit up to 25 percent to be paid to the project owner if the Secretary or participating administrative entity determines that the project owner meets benchmarks for management and housing quality.

“(4) The full amount of the second mortgage shall be immediately due and payable if—

“(A) the first mortgage is terminated or paid in full, except as otherwise provided by the holder of the second mortgage;

“(B) the project is purchased and the second mortgage is assumed by any subsequent purchaser in violation of guidelines established by the Secretary; or

“(C) the Secretary provides notice to the project owner that such owner has failed to materially comply with any requirements of this section or the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] as those requirements apply to the project, with a reasonable opportunity for such owner to cure such failure.

“(5) The Secretary may modify the terms of the second mortgage, assign the second mortgage to the acquiring organization or agency, or forgive all or part of the second mortgage if the Secretary holds the second mortgage and if the project is acquired by a tenant organization or tenant-endorsed community-based nonprofit or public agency, pursuant to guidelines established by the Secretary.

“(6) The second mortgage under this section may be a first mortgage if no restructured or new first mortgage will meet the requirement of paragraph (1)(A).

“(b) RESTRUCTURING TOOLS.—In addition to the requirements of subsection (a) and to the extent these actions are consistent with this section and with the control of the Secretary of applicable accounts in the Treasury of the United States, an approved mortgage restructuring and rental assistance sufficiency plan under this subtitle may include one or more of the following actions:

“(1) FULL OR PARTIAL PAYMENT OF CLAIM.—Making a full payment of claim or partial payment of claim under section 541(b) of the National Housing Act [12 U.S.C. 1735f-19(b)], as amended by section 523(b) of this Act. Any payment under this paragraph shall not require the approval of a mortgagee.

“(2) REFINANCING OF DEBT.—Refinancing of all or part of the debt on a project. If the refinancing involves a mortgage that will continue to be insured under the National Housing Act [12 U.S.C. 1701 et seq.], the refinancing shall be documented through amendment of the existing insurance contract and not through a new insurance contract.

“(3) MORTGAGE INSURANCE.—Providing FHA multi-family mortgage insurance, reinsurance or other credit enhancement alternatives, including multi-family risk-sharing mortgage programs, as provided under section 542 of the Housing and Community Development Act of 1992 [Pub. L. 102-550, 12 U.S.C. 1707 note]. The Secretary shall use risk-shared financing under section 542(c) of the Housing and Community Development Act of 1992 for any mortgage restructuring, rehabilitation financing, or debt refinancing included as part of a mortgage restructuring and rental assistance sufficiency plan if the terms and conditions are considered to be the best available financing in terms of financial savings to the FHA insurance funds and will result in reduced risk of loss to the Federal Government. Any limitations on the number of units available for mortgage insurance under section 542 shall not apply to eligible multi-family housing projects. Any credit subsidy costs of providing mortgage insurance shall be paid from the Liquidating Accounts of the General Insurance Fund or the Special Risk Insurance Fund and shall not be subject to any limitation on appropriations.

“(4) CREDIT ENHANCEMENT.—Providing any additional State or local mortgage credit enhancements and risk-sharing arrangements that may be established with State or local housing finance agencies, the Federal Housing Finance Board, the Federal National Mortgage Association, and the Federal Home Loan Mortgage Corporation, to a modified or refinanced first mortgage.

“(5) COMPENSATION OF THIRD PARTIES.—Consistent with the portfolio restructuring agreement, entering into agreements, incurring costs, or making payments, including incentive agreements designed to reward superior performance in meeting the purposes of this Act, as may be reasonably necessary, to compensate the participation of participating administrative entities and other parties in undertaking actions authorized by this subtitle. Upon request to the Secretary, participating administrative entities that are qualified under the United States Housing Act of 1937 to serve as contract administrators shall be the contract administrators under section 8 of the United States Housing Act of 1937 [12 U.S.C. 1437f] for purposes of any contracts entered into as part of an approved mortgage restructuring and rental assistance sufficiency plan. Subject to the availability of amounts provided in advance in appropriations Acts for administrative fees under section 8 of the United States Housing Act of 1937, such amounts may be used to compensate participating administrative entities for compliance monitoring costs incurred under section 519.

“(6) USE OF PROJECT ACCOUNTS.—Applying any residual receipts, replacement reserves, and any other project accounts not required for project operations, to maintain the long-term affordability and physical condition of the property or of other eligible multi-family housing projects. The participating administrative entity may expedite the acquisition of residual receipts, replacement reserves, or other such accounts, by entering into agreements with owners of housing covered by an expiring contract to provide an owner with a share of the receipts, not to exceed 10 percent, in accordance with guidelines established by the Secretary.

“(c) REHABILITATION NEEDS AND ADDITION OF SIGNIFICANT FEATURES.—

“(1) REHABILITATION NEEDS.—

“(A) IN GENERAL.—Rehabilitation may be paid from the residual receipts, replacement reserves, or any other project accounts not required for project operations, or, as provided in appropriations Acts and subject to the control of the Secretary of applicable accounts in the Treasury of the United States, from budget authority provided for increases in the budget authority for assistance contracts under section 8 of the United States Housing Act of 1937, the rehabilitation grant program established under section 236 of the National Housing Act [12 U.S.C. 1715z-1], as amended by section 531 of subtitle B of this Act, or through the debt restructuring transaction. Rehabilitation under this paragraph shall only be for the purpose of restoring the project to a non-luxury standard adequate for the rental market intended at the original approval of the project-based assistance.

“(B) CONTRIBUTION.—Each owner or purchaser of a project to be rehabilitated under an approved mortgage restructuring and rental assistance sufficiency plan shall contribute, from non-project resources, not less than 25 percent of the amount of rehabilitation assistance received, except that the participating administrative entity may provide an exception from the requirement of this subparagraph for housing cooperatives.

“(2) ADDITION OF SIGNIFICANT FEATURES.—

“(A) AUTHORITY.—An approved mortgage restructuring and rental assistance sufficiency plan may require the improvement of the project by the addition of significant features that are not necessary for rehabilitation to the standard provided under paragraph (1), such as air conditioning, an elevator, and additional community space. The Secretary shall establish guidelines regarding the inclusion of requirements regarding such additional significant features under such plans.

“(B) FUNDING.—Significant features added pursuant to an approved mortgage restructuring and rental assistance sufficiency plan may be paid from the funding sources specified in the first sentence of paragraph (1)(A).

“(C) LIMITATION ON OWNER CONTRIBUTION.—An owner of a project may not be required to contribute from non-project resources, toward the cost of any additional significant features required pursuant to this paragraph, more than 25 percent of the amount of any assistance received for the inclusion of such features.

“(D) APPLICABILITY.—This paragraph shall apply to all eligible multifamily housing projects, except projects for which the Secretary and the project owner executed a mortgage restructuring and rental assistance sufficiency plan on or before the date of the enactment of the Mark-to-Market Extension Act of 2001 [Jan. 10, 2002].

“(d) PROHIBITION ON EQUITY SHARING BY THE SECRETARY.—The Secretary is prohibited from participating in any equity agreement or profit-sharing agreement in conjunction with any eligible multifamily housing project.

“(e) CONFLICT OF INTEREST GUIDELINES.—The Secretary may establish guidelines to prevent conflicts of interest by a participating administrative entity that provides, directly or through risk-sharing arrangements, any form of credit enhancement or financing pursuant to subsections [sic] (b)(3) or (b)(4) or to prevent conflicts of interest by any other person or entity under this subtitle.

“SEC. 518. MANAGEMENT STANDARDS.

“Each participating administrative entity shall establish management standards, including requirements governing conflicts of interest between owners, managers, contractors with an identity of interest, pursuant to guidelines established by the Secretary and consistent with industry standards.

“SEC. 519. MONITORING OF COMPLIANCE.

“(a) COMPLIANCE AGREEMENTS.—(1) Pursuant to regulations issued by the Secretary under section 522(a), each participating administrative entity, through binding contractual agreements with owners and otherwise, shall ensure long-term compliance with the provisions of this subtitle. Each agreement shall, at a minimum, provide for—

“(A) enforcement of the provisions of this subtitle; and

“(B) remedies for the breach of those provisions.

“(2) If the participating administrative entity is not qualified under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to be a section 8 contract administrator or fails to perform its duties under the portfolio restructuring agreement, the Secretary shall have the right to enforce the agreement.

“(b) PERIODIC MONITORING.—

“(1) IN GENERAL.—Not less than annually, each participating administrative entity that is qualified to be the section 8 contract administrator shall review the status of all multifamily housing projects for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

“(2) INSPECTIONS.—Each review under this subsection shall include onsite inspection to determine compliance with housing codes and other requirements as provided in this subtitle and the portfolio restructuring agreements.

“(3) ADMINISTRATION.—If the participating administrative entity is not qualified under the United States Housing Act of 1937 to be a section 8 contract administrator, either the Secretary or a qualified State or local housing agency shall be responsible for the review required by this subsection.

“(c) AUDIT BY THE SECRETARY.—The Comptroller General of the United States, the Secretary, and the Inspector General of the Department of Housing and Urban Development may conduct an audit at any time of any multifamily housing project for which a mortgage restructuring and rental assistance sufficiency plan has been implemented.

“SEC. 520. REPORTS TO CONGRESS.

“(a) ANNUAL REVIEW.—In order to ensure compliance with this subtitle, the Secretary shall conduct an annual review and report to the Congress on actions taken under this subtitle and the status of eligible multifamily housing projects.

“(b) SEMIANNUAL REVIEW.—Not less than semiannually during the 2-year period beginning on the date of the enactment of this Act [Oct. 27, 1997] and not less than annually thereafter, the Secretary shall submit reports to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate stating, for such periods, the total number of projects identified by participating administrative entities under each of clauses (i) and (ii) of section 515(c)(2)(C).

“SEC. 521. GAO AUDIT AND REVIEW.

“(a) INITIAL AUDIT.—Not later than 18 months after the effective date of final regulations promulgated under this subtitle, the Comptroller General of the United States shall conduct an audit to evaluate eligible multifamily housing projects and the implementation of mortgage restructuring and rental assistance sufficiency plans.

“(b) REPORT.—

“(1) IN GENERAL.—Not later than 18 months after the audit conducted under subsection (a), the Comptroller General of the United States shall submit to Congress a report on the status of eligible multifamily housing projects and the implementation of mortgage restructuring and rental assistance sufficiency plans.

“(2) CONTENTS.—The report submitted under paragraph (1) shall include—

“(A) a description of the initial audit conducted under subsection (a); and

“(B) recommendations for any legislative action to increase the financial savings to the Federal Government of the restructuring of eligible multifamily housing projects balanced with the continued availability of the maximum number of affordable low-income housing units.

“SEC. 522. REGULATIONS.

“(a) RULEMAKING AND IMPLEMENTATION.—

“(1) INTERIM REGULATIONS.—The Director shall issue such interim regulations as may be necessary to implement this subtitle and the amendments made by this subtitle with respect to eligible multifamily housing projects covered by contracts described in section 512(2)(B) that expire in fiscal year 1999 or thereafter. If, before the expiration of such period, the Director has not been appointed, the Secretary shall issue such interim regulations.

“(2) FINAL REGULATIONS.—The Director shall issue final regulations necessary to implement this subtitle and the amendments made by this subtitle with respect to eligible multifamily housing projects covered by contracts described in section 512(2)(B) that expire in fiscal year 1999 or thereafter before the later of: (A) the expiration of the 12-month period beginning upon the date of the enactment of this Act [Oct. 27, 1997]; and (B) the 3-month period beginning upon the appointment of the Director under subtitle D.

“(3) FACTORS FOR CONSIDERATION.—Before the publication of the final regulations under paragraph (2), in addition to public comments invited in connection with publication of the interim rule, the Secretary shall—

“(A) seek recommendations on the implementation of sections 513(b) and 515(c)(1) from organizations representing—

“(i) State housing finance agencies and local housing agencies;

“(ii) other potential participating administering entities;

“(iii) tenants;

“(iv) owners and managers of eligible multifamily housing projects;

“(v) States and units of general local government; and

“(vi) qualified mortgagees; and

“(B) convene not less than 3 public forums at which the organizations making recommendations under subparagraph (A) may express views concerning the proposed disposition of the recommendations.

“(b) TRANSITION PROVISION FOR CONTRACTS EXPIRING IN FISCAL YEAR 1998.—Notwithstanding any other provision of law, the Secretary shall apply all the terms of section 211 and section 212 of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 [Pub. L. 104-204, set out below] (except for section 212(h)(1)(G) and the limitation in section 212(k)) contracts for project-based assistance that expire during fiscal year 1998 (in the same manner that such provisions apply to expiring contracts defined in section 212(a)(3) of such Act), except that section 517(a) of the Act shall apply to mortgages on projects subject to such contracts.

“SEC. 524. RENEWAL OF EXPIRING PROJECT-BASED SECTION 8 CONTRACTS.

“(a) IN GENERAL.—

“(1) RENEWAL.—Subject to paragraph (2), upon termination or expiration of a contract for project-based assistance under section 8 for a multifamily housing project (and notwithstanding section 8(v) of the United States Housing Act of 1937 [42 U.S.C. 1437f] for loan management assistance), the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, use amounts available for the renewal of assistance under section 8 of such Act to provide such assistance for the project. The assistance shall be provided under a contract having such terms and conditions as the Secretary considers appropriate, subject to the requirements of this section. This section shall not require contract renewal for a project that is eligible under this subtitle for a mortgage restructuring and rental assistance sufficiency plan, if there is no approved plan for the project and the Secretary determines that such an approved plan is necessary.

“(2) PROHIBITION ON RENEWAL.—Notwithstanding part 24 of title 24 of the Code of Federal Regulations, the Secretary may elect not to renew assistance for a project otherwise required to be renewed under paragraph (1) or provide comparable benefits under paragraph (1) or (2) of subsection (e) for a project described in either such paragraph, if the Secretary determines that a violation under paragraphs (1) through (4) of section 516(a) has occurred with respect to the project. For purposes of such a determination, the provisions of section 516 shall apply to a project under this section in the same manner and to the same extent that the provisions of such section apply to eligible multifamily housing projects, except that the Secretary shall make the determination under section 516(a)(4).

“(3) CONTRACT TERM FOR MARK-UP-TO-MARKET CONTRACTS.—In the case of an expiring or terminating contract that has rent levels less than comparable market rents for the market area, if the rent levels under the renewal contract under this section are equal to comparable market rents for the market area, the contract shall have a term of not less than 5 years, subject to the availability of sufficient amounts in appropriation Acts.

“(4) RENEWAL RENTS.—Except as provided in subsection (b), the contract for assistance shall provide assistance at the following rent levels:

“(A) MARKET RENTS.—At the request of the owner of the project, at rent levels equal to the lesser of comparable market rents for the market area or 150 percent of the fair market rents, in the case only of a project that—

“(i) has rent levels under the expiring or terminating contract that do not exceed such comparable market rents;

“(ii) does not have a low- and moderate-income use restriction that can not be eliminated by unilateral action by the owner;

“(iii) is decent, safe, and sanitary housing, as determined by the Secretary;

“(iv) is not—

“(I) owned by a nonprofit entity;

“(II) subject to a contract for moderate rehabilitation assistance under section 8(e)(2) of the United States Housing Act of 1937, as in effect before October 1, 1991; or

“(III) a project for which the public housing agency provided voucher assistance to one or more of the tenants after the owner has provided notice of termination of the contract covering the tenant's unit; and

“(v) has units assisted under the contract for which the comparable market rent exceeds 110 percent of the fair market rent.

The Secretary may adjust the percentages of fair market rent (as specified in the matter preceding

clause (i) and in clause (v)), but only upon a determination and written notification to the Congress within 10 days of making such determination, that such adjustment is necessary to ensure that this subparagraph covers projects with a high risk of nonrenewal of expiring contracts for project-based assistance.

“(B) REDUCTION TO MARKET RENTS.—In the case of a project that has rent levels under the expiring or terminating contract that exceed comparable market rents for the market area, at rent levels equal to such comparable market rents.

“(C) RENTS NOT EXCEEDING MARKET RENTS.—In the case of a project that is not subject to subparagraph (A) or (B), at rent levels that—

“(i) are not less than the existing rents under the terminated or expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment), if such adjusted rents do not exceed comparable market rents for the market area; and

“(ii) do not exceed comparable market rents for the market area.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iii) of subparagraph (D) that the project meets. Notwithstanding any other provision of law, the Secretary shall include in such budget-based cost increases costs relating to the project as a whole (including costs incurred with respect to units not covered by the contract for assistance), but only (I) if inclusion of such costs is requested by the owner or purchaser of the project, (II) if inclusion of such costs will permit capital repairs to the project or acquisition of the project by a nonprofit organization, and (III) to the extent that inclusion of such costs (or a portion thereof) complies with the requirement under clause (ii).

“(D) WAIVER OF 150 PERCENT LIMITATION.—Notwithstanding subparagraph (A), at rent levels up to comparable market rents for the market area, in the case of a project that meets the requirements under clauses (i) through (v) of subparagraph (A) and—

“(i) has residents who are a particularly vulnerable population, as demonstrated by a high percentage of units being rented to elderly families, disabled families, or large families;

“(ii) is located in an area in which tenant-based assistance would be difficult to use, as demonstrated by a low vacancy rate for affordable housing, a high turnback rate for vouchers, or a lack of comparable rental housing; or

“(iii) is a high priority for the local community, as demonstrated by a contribution of State or local funds to the property.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iv) that the project meets.

“(5) COMPARABLE MARKET RENTS AND COMPARISON WITH FAIR MARKET RENTS.—The Secretary shall prescribe the method for determining comparable market rent by comparison with rents charged for comparable properties (as such term is defined in section 512), which may include appropriate adjustments for utility allowances and adjustments to reflect the value of any subsidy (other than section 8 assistance) provided by the Department of Housing and Urban Development.

“(b) EXCEPTION RENTS.—

“(1) RENEWAL.—In the case of a multifamily housing project described in paragraph (2), pursuant to the request of the owner of the project, the contract for assistance for the project pursuant to subsection (a) shall provide assistance at the lesser of the following rent levels:

“(A) ADJUSTED EXISTING RENTS.—The existing rents under the expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment).

“(B) BUDGET-BASED RENTS.—Subject to a determination by the Secretary that a rent level under this subparagraph is appropriate for a project, a rent level that provides income sufficient to support a budget-based rent (including a budget-based rent adjustment if justified by reasonable and expected operating expenses).

“(2) PROJECTS COVERED.—A multifamily housing project described in this paragraph is a multifamily housing project that—

“(A) is not an eligible multifamily housing project under section 512(2); or

“(B) is exempt from mortgage restructuring under this subtitle pursuant to section 514(h).

“(3) MODERATE REHABILITATION PROJECTS.—In the case of a project with a contract under the moderate rehabilitation program, other than a moderate rehabilitation contract under section 441 of the McKinney-Vento Homeless Assistance Act [42 U.S.C. 11401], pursuant to the request of the owner of the project, the contract for assistance for the project pursuant to subsection (a) shall provide assistance at the lesser of the following rent levels:

“(A) ADJUSTED EXISTING RENTS.—The existing rents under the expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment).

“(B) FAIR MARKET RENTS.—Fair market rents (less any amounts allowed for tenant-purchased utilities).

“(C) MARKET RENTS.—Comparable market rents for the market area.

“(c) RENT ADJUSTMENTS AFTER RENEWAL OF CONTRACT.—

“(1) REQUIRED.—After the initial renewal of a contract for assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] pursuant to subsection (a), (b)(1), or (e)(2), the Secretary shall annually adjust the rents using an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment) or, upon the request of the owner and subject to approval of the Secretary, on a budget basis. In the case of projects with contracts renewed pursuant to subsection (a) or pursuant to subsection (e)(2) at rent levels equal to comparable market rents for the market area, at the expiration of each 5-year period, the Secretary shall compare existing rents with comparable market rents for the market area and may make any adjustments in the rent necessary to maintain the contract rents at a level not greater than comparable market rents or to increase rents to comparable market rents.

“(2) DISCRETIONARY.—In addition to review and adjustment required under paragraph (1), in the case of projects with contracts renewed pursuant to subsection (a) or pursuant to subsection (e)(2) at rent levels equal to comparable market rents for the market area, the Secretary may, at the discretion of the Secretary but only once within each 5-year period referred to in paragraph (1), conduct a comparison of rents for a project and adjust the rents accordingly to maintain the contract rents at a level not greater than comparable market rents or to increase rents to comparable market rents.

“(d) ENHANCED VOUCHERS UPON CONTRACT EXPIRATION.—

“(1) IN GENERAL.—In the case of a contract for project-based assistance under section 8 for a covered project that is not renewed under subsection (a) or (b) of this section (or any other authority), to the extent that amounts for assistance under this subsection are provided in advance in appropriation Acts, upon the date of the expiration of such contract the Secretary shall make enhanced voucher assistance under section 8(t) of the United States Housing Act of 1937 (42 U.S.C. 1437f(t)) available on behalf of each low-income family who, upon the date of such expiration, is residing in an assisted dwelling unit in the covered project.

“(2) DEFINITIONS.—For purposes of this subsection, the following definitions shall apply:

“(A) ASSISTED DWELLING UNIT.—The term ‘assisted dwelling unit’ means a dwelling unit that—

“(i) is in a covered project; and

“(ii) is covered by rental assistance provided under the contract for project-based assistance for the covered project.

“(iii) is not housing for which residents are eligible for enhanced voucher assistance as provided, pursuant to the ‘Preserving Existing Housing Investment’ account in the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 (Public Law 104-204; 110 Stat. 2884) or any other subsequently enacted provision of law, in lieu of any benefits under section 223 of the Low-Income Housing Preservation and Resident Homeownership Act of 1990 (12 U.S.C. 4113).

“(4) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for each of fiscal years 2000, 2001, 2002, 2003, and 2004 such sums as may be necessary for enhanced voucher assistance under this subsection.

“(e) CONTRACTUAL COMMITMENTS UNDER PRESERVATION LAWS.—Except as provided in subsection (a)(2) and notwithstanding any other provision of this subtitle, the following shall apply:

“(1) PRESERVATION PROJECTS.—Upon expiration of a contract for assistance under section 8 [42 U.S.C. 1437f] for a project that is subject to an approved plan of action under the Emergency Low Income Housing Preservation Act of 1987 (12 U.S.C. 1715f note) or the Low-Income Housing Preservation and Resident Homeownership Act of 1990 (12 U.S.C. 4101 et seq.), to

This paragraph shall apply to projects with contracts expiring before, on, or after the date of the enactment of this section [Oct. 27, 1997].

“(2) DEMONSTRATION PROJECTS.—

“(A) IN GENERAL.—Upon expiration of a contract for assistance under section 8 for a project entered into pursuant to any authority specified in subparagraph (B) for which the Secretary determines that debt restructuring is inappropriate, the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, provide benefits to the owner comparable to those provided under such contract, including annual distributions, rent increase procedures, and duration of low-income affordability restrictions. This paragraph shall apply to projects with contracts expiring before, on, or after the date of the enactment of this section [Oct. 27, 1997].

“(A) whose owners agree to participate;

“(B) with rents on units assisted under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] that are, in the aggregate, in excess of 120 percent of the fair market rent of the market area in which the project is located; and

“(C) the mortgages of which are insured under the National Housing Act [12 U.S.C. 1701 et seq.].

“(2) PURPOSE.—The demonstration program shall be designed to obtain as much information as is feasible on the economic viability and rehabilitation needs of the multifamily housing projects in the demonstration, to test various approaches for restructuring mortgages to reduce the financial risk to the FHA Insurance Fund while reducing the cost of section 8 subsidies, and to test the feasibility and desirability of—

“(C) preserving low-income rental housing affordability and availability while reducing the long-term cost of section 8 rental assistance.

“(c) GOALS.—

“(1) IN GENERAL.—The Secretary shall carry out the demonstration program in a manner that will protect the financial interests of the Federal Government through debt restructuring and subsidy reduction and, in the least costly fashion, address the goals of—

“(d) PARTICIPATION ARRANGEMENTS.—

“(1) IN GENERAL.—In carrying out the demonstration program, the Secretary may enter into participation arrangements with designees, under which the Secretary may provide for the assumption by designees (by delegation, by contract, or otherwise) of some or all of the functions, obligations, responsibilities and benefits of the Secretary.

“(2) DESIGNEEES.—In entering into any arrangement under this subsection, the Secretary shall select state housing finance agencies, housing agencies or nonprofits (separately or in conjunction with each other) to act as designees to the extent such agencies are determined to be qualified by the Secretary. In locations where there is no qualified State housing finance agency, housing agency or nonprofit to act as a designee, the Secretary may act as a designee. Each participation arrangement entered into under this subsection shall include a designee as the primary partner. Any organization selected by the Secretary under this section shall have a long-term record of service in providing low-income housing and meet standards of fiscal responsibility, as determined by the Secretary.

“(2) AFFORDABILITY REQUIREMENTS.—Except as otherwise provided by the Secretary, in exchange for any mortgage restructuring under this section, a project shall remain affordable for a period of not less than 20 years. Affordability requirements shall be determined in accordance with guidelines established by the Secretary or designee. The Secretary or designee may waive these requirements for good cause.

“(f) PROCEDURES.—

“(1) NOTICE OF PARTICIPATION IN DEMONSTRATION.—Not later than 45 days before the date of expiration of an expiring contract (or such later date, as determined by the Secretary, for good cause), the owner of the multifamily housing project covered by that expiring contract shall notify the Secretary or designee and the residents of the owner's intent to participate in the demonstration program.

“(2) DEMONSTRATION CONTRACT.—Upon receipt of a notice under paragraph (1), the owner and the Secretary or designee shall enter into a demonstration contract, which shall provide for initial section 8

project-based rents at the same rent levels as those under the expiring contract or, if practical, the budget-based rent to cover debt service, reasonable operating expenses (including reasonable and appropriate services), and a reasonable return to the owner, as determined solely by the Secretary. The demonstration contract shall be for the minimum term necessary for the rents and mortgages of the multifamily housing project to be restructured under the demonstration program, but shall not be for a period of time to exceed 180 days, unless extended for good cause by the Secretary.

“(g)(1) PROJECT-BASED SECTION 8.—The Secretary shall renew all expiring contracts under the demonstration as section 8 project-based contracts, for a period of time not to exceed one year, unless otherwise provided under subsection (h) or in paragraph (2).

“(2) The Secretary may renew a demonstration contract for an additional period of not to exceed 120 days, if—

“(A) the contract was originally executed before February 1, 1997, and the Secretary determines, in the sole discretion of the Secretary, that the renewal period for the contract needs to exceed 1 year, due to delay of publication of the Secretary's demonstration program guidelines until January 23, 1997 (not to exceed 21 projects); or

“(B) the contract was originally executed before October 1, 1997, in connection with a project that has been identified for restructuring under the joint venture approach described in section VII.B.2. of the Secretary's demonstration program guidelines, and the Secretary determines, in the sole discretion of the Secretary, that the renewal period for the contract needs to exceed 1 year, due to delay in implementation of the joint venture agreement required by the guidelines (not to exceed 25 projects).

“(h) DEMONSTRATION ACTIONS.—

“(1) DEMONSTRATION ACTIONS.—For purposes of carrying out the demonstration program, and in order to ensure that contract rights are not abrogated, subject to such third party consents as are necessary (if any), including consent by the Government National Mortgage Association if it owns a mortgage insured by the Secretary, consent by an issuer under the mortgage-backed securities program of the Association, subject to the responsibilities of the issuer to its security holders and the Association under such program, and consent by parties to any contractual agreement which the Secretary proposes to modify or discontinue, the Secretary or, except with respect to subparagraph (B), designee, subject to the funding limitation in subsection (l), shall take not less than one of the actions specified in subparagraphs (G), (H), and (I) and may take any of the following actions:

“(ii) ACCUMULATED RESIDUAL RECEIPTS.—The Secretary or designee may require an owner of a property assisted under the section 8 new construction/substantial rehabilitation program under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] to apply any accumulated residual receipts toward effecting the purposes of this section.

“(B) REINSURANCE.—With respect to not more than 5,000 units within the demonstration during fiscal year 1997, the Secretary may enter into con-

tracts to purchase reinsurance, or enter into participations or otherwise transfer economic interest in contracts of insurance or in the premiums paid, or due to be paid, on such insurance, on such terms and conditions as the Secretary may determine. Any contract entered into under this paragraph shall require that any associated units be maintained as low-income units for the life of the mortgage, unless waived by the Secretary for good cause.

“(C) PARTICIPATION BY THIRD PARTIES.—The Secretary or designee may enter into such agreements, provide such concessions, incur such costs, make such grants (including grants to cover all or a portion of the rehabilitation costs for a project) and other payments, and provide other valuable consideration as may reasonably be necessary for owners, lenders, servicers, third parties, and other entities to participate in the demonstration program. The Secretary may establish performance incentives for designees.

for fiscal year 1980, and annually thereafter until regulations implementing this section take effect, rental adjustments shall be calculated as an amount equal to the annual adjustment factor multiplied by a figure equal to the contract rent minus the amount of contract rent attributable to debt service. Upon the request of the project owner, the Secretary shall pay to the project owner the amount, if any, by which the total rental adjustment calculated under the preceding sentence exceeds the total adjustments the Secretary or appropriate State agency actually approved, except that solely for purposes of calculating retroactive payments under this subsection, in no event shall any project owner be paid an amount less than 30 percent of a figure equal to the aggregate of the annual adjustment factor multiplied by the full contract rent for each year on or after fiscal year 1980, minus the sum of the rental payments the Secretary or appropriate State agency actually approved for those years. **(iii) Term of contract**

The total term of a contract described in clause (i) shall not exceed 20 years to allow longer payback periods for retrofits, including windows, heating system replacements, wall insulation, site-based generation, advanced energy savings technologies, including renewable energy generation, and other such retrofits.

**(iv) Existing contracts**

The term of a contract described in clause (i) that, as of December 26, 2007, is in repayment and has a term of not more than 12 years, may be extended to a term of not more than 20 years to permit additional energy conservation improvements without requiring the procurement of energy performance contractors.

**(3) Condition on use**

No portion of any public housing project operated using amounts provided under this subsection, or under this section as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, may be disposed of before the expiration of the 10-year period beginning upon the conclusion of the fiscal year for which such amounts were provided, except as otherwise provided in this chapter.

**(f) Negotiated rulemaking procedure**

The formulas under subsections (d)(2) and (e)(2) of this section shall be developed according to procedures for issuance of regulations under the negotiated rulemaking procedure under subchapter III of chapter 5 of title 5.

**(g) Limitations on use of funds****(1) Flexibility for Capital Fund amounts**

Of any amounts appropriated for fiscal year 2000 or any fiscal year thereafter that are allocated for fiscal year 2000 or any fiscal year thereafter from the Capital Fund for any public housing agency, the agency may use not more than 20 percent for activities that are eligible under subsection (e) of this section for assistance with amounts from the Operating Fund, but only if the public housing agency plan for the agency provides for such use.

**(2) Full flexibility for small PHAs**

Of any amounts allocated for any fiscal year for any public housing agency that owns or operates less than 250 public housing dwelling units, is not designated pursuant to section 1437d(j)(2) of this title as a troubled public housing agency, and (in the determination of the Secretary) is operating and maintaining its public housing in a safe, clean, and healthy

condition, the agency may use any such amounts for any eligible activities under subsections (d)(1) and (e)(1) of this section, regardless of the fund from which the amounts were allocated and provided. This subsection shall take effect on October 21, 1998.

**(3) Limitation on new construction**

**(A) In general**

Except as provided in subparagraphs (B) and (C), a public housing agency may not use any of the amounts allocated for the agency from the Capital Fund or Operating Fund for the purpose of constructing any public housing unit, if such construction would result in a net increase from the number of public housing units owned, assisted, or operated by the public housing agency on October 1, 1999, including any public housing units demolished as part of any revitalization effort.

**(B) Exception regarding use of assistance**

A public housing agency may use amounts allocated for the agency from the Capital Fund or Operating Fund for the construction and operation of housing units that are available and affordable to low-income families in excess of the limitations on new construction set forth in subparagraph (A), but the formulas established under subsections (d)(2) and (e)(2) of this section shall not provide additional funding for the specific purpose of allowing construction and operation of housing in excess of those limitations (except to the extent provided in subparagraph (C)).

**(C) Exception regarding formulas**

Subject to reasonable limitations set by the Secretary, the formulas established under subsections (d)(2) and (e)(2) of this section may provide additional funding for the operation and modernization costs (but not the initial development costs) of housing in excess of amounts otherwise permitted under this paragraph, and such amounts may be so used, if—

- (i) such units are part of a mixed-finance project or otherwise leverage significant additional private or public investment; and
- (ii) the estimated cost of the useful life of the project is less than the estimated cost of providing tenant-based assistance under section 1437f(o) of this title for the same period of time.

**(h) Technical assistance**

To the extent amounts are provided in advance in appropriations Acts, the Secretary may make grants or enter into contracts or cooperative agreements in accordance with this subsection for purposes of providing, either directly or indirectly—

- (1) technical assistance to public housing agencies, resident councils, resident organizations, and resident management corporations, including assistance relating to monitoring and inspections;
- (2) training for public housing agency employees and residents;
- (3) data collection and analysis;

- (A) at risk of being designated as troubled under section 1437d(j) of this title, to assist such agencies from being so designated; and

(5) contract expertise;

(6) training and technical assistance to assist in the oversight and management of public housing or tenant-based assistance;

(7) clearinghouse services in furtherance of the goals and activities of this subsection; and

(8) assistance in connection with the establishment and operation of computer centers in public housing through a Neighborhood Networks initiative described in subsection (d)(1)(E) of this section.

As used in this subsection, the terms “training” and “technical assistance” shall include training or technical assistance and the cost of necessary travel for participants in such training or technical assistance, by or to officials and employees of the Department and of public housing agencies, and to residents and to other eligible grantees.

**(i) Eligibility of units acquired from proceeds of sales under demolition or disposition plan**

If a public housing agency uses proceeds from the sale of units under a homeownership program in accordance with section 1437z-4 of this title to acquire additional units to be sold to low-income families, the additional units shall be counted as public housing for purposes of determining the amount of the allocation to the agency under this section until sale by the agency, but in no case longer than 5 years.

**(j) Penalty for slow expenditure of capital funds**

**(1) Obligation of amounts**

Except as provided in paragraph (4) and subject to paragraph (2), a public housing agency shall obligate any assistance received under this section not later than 24 months after, as applicable—

(A) the date on which the funds become available to the agency for obligation in the case of modernization; or

(B) the date on which the agency accumulates adequate funds to undertake modernization, substantial rehabilitation, or new construction of units.

**(2) Extension of time period for obligation**

The Secretary—

(A) may, extend the time period under paragraph (1) for a public housing agency, for such period as the Secretary determines to be necessary, if the Secretary determines that the failure of the agency to obligate assistance in a timely manner is attributable to—

- (i) litigation;
- (ii) obtaining approvals of the Federal Government or a State or local government;
- (iii) complying with environmental assessment and abatement requirements;

- (iv) relocating residents;
- (v) an event beyond the control of the public housing agency; or
- (vi) any other reason established by the Secretary by notice published in the Federal Register;

(C) may, with the prior approval of the Secretary, extend the time period under paragraph (1), for an additional period not to exceed 12 months, based on—

- (i) the size of the public housing agency;
- (ii) the complexity of capital program of the public housing agency;
- (iii) any limitation on the ability of the public housing agency to obligate the amounts allocated for the agency from the Capital Fund in a timely manner as a result of State or local law; or
- (iv) such other factors as the Secretary determines to be relevant.

**(3) Effect of failure to comply**

**(A) Prohibition of new assistance**

A public housing agency shall not be awarded assistance under this section for any month during any fiscal year in which the public housing agency has funds unobligated in violation of paragraph (1) or (2).

**(B) Withholding of assistance**

During any fiscal year described in subparagraph (A), the Secretary shall withhold all assistance that would otherwise be provided to the public housing agency. If the public housing agency cures its failure to comply during the year, it shall be provided with the share attributable to the months remaining in the year.

**(C) Redistribution**

The total amount of any funds not provided public housing agencies by operation of this paragraph shall be allocated for agencies determined under section 1437d(j) of this title to be high-performing.

**(4) Exception to obligation requirements**

**(A) In general**

Subject to subparagraph (B), if the Secretary has consented, before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, to an obligation period for any agency longer than provided under paragraph (1), a public housing agency that obligates its funds before the expiration of that period shall not be considered to be in violation of paragraph (1).

**(B) Prior fiscal years**

Notwithstanding subparagraph (A), any funds appropriated to a public housing agency for fiscal year 1997 or prior fiscal years shall be fully obligated by the public housing agency not later than September 30, 1999.

**(5) Expenditure of amounts**

In each fiscal year after fiscal year 1999, the Secretary shall set aside, for use in accordance with this subsection, not more than 2 percent of the total amount made available to carry out this section for such fiscal year. In addition to amounts set aside under the preceding sentence, in each fiscal year the Secretary may set from the total amount made available to carry out this section for such fiscal year not more than \$20,000,000 for the Operation Safe Home program administered by the Office of the Inspector General of the Department of Housing and Urban Development, for law enforcement efforts to combat violent crime on or near the premises of public and federally assisted housing.

Any such nonrental amounts retained shall be used only for low-income housing or to benefit the residents assisted by the public housing agency.

**(m) Provision of only capital or operating assistance**

**(1) Authority**

## § 1437n. Eligibility for assisted housing

## (a) Income eligibility for public housing

## (1) Income mix within projects

A public housing agency may establish and utilize income-mix criteria for the selection of residents for dwelling units in public housing projects, subject to the requirements of this section.

## (2) PHA income mix

(A)<sup>1</sup> TARGETING.—Except as provided in paragraph (4), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 40 percent shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary’s findings that such variations are necessary because of unusually high or low family incomes.

## (3) Prohibition of concentration of low-income families

## (A) Prohibition

A public housing agency may not, in complying with the requirements under paragraph (2), concentrate very low-income families (or other families with relatively low incomes) in public housing dwelling units in certain public housing projects or certain buildings within projects. The Secretary shall review the income and occupancy characteristics of the public housing projects and the buildings of such projects of such agencies to ensure compliance with the provisions of this paragraph and paragraph (2).

## (B) Deconcentration

## (i) In general

A public housing agency shall submit with its annual public housing agency plan under section 1437c-1 of this title an admissions policy designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. This clause may not be construed to impose or require any specific income or racial quotas for any project or projects.

<sup>1</sup> So in original. No subpar. (B) has been enacted.

**(ii) Incentives**

In implementing the policy under clause (i), a public housing agency may offer incentives for eligible families having higher incomes to occupy dwelling unit in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes.

**(iii) Family choice**

Incentives referred to in clause (ii) may be made available by a public housing agency only in a manner that allows for the eligible family to have the sole discretion in determining whether to accept the incentive and an agency may not take any adverse action toward any eligible family for choosing not to accept an incentive and occupancy of a project described in clause (i)(II),<sup>2</sup> *Provided*, That the skipping of a family on a waiting list to reach another family to implement the policy under clause (i) shall not be considered an adverse action. An agency implementing an admissions policy under this subparagraph shall implement the policy in a manner that does not prevent or interfere with the use of site-based waiting lists authorized under section 1437d(s)<sup>3</sup> of this title.

**(4) Fungibility with tenant-based assistance****(A) Authority**

Except as provided under subparagraph (D), the number of public housing dwelling units that a public housing agency shall otherwise make available in accordance with paragraph (2)(A) to comply with the percentage requirement under such paragraph for a fiscal year shall be reduced by the credit number for the agency under subparagraph (B).

**(B) Credit for exceeding tenant-based assistance targeting requirement**

Subject to subparagraph (C), the credit number under this subparagraph for a public housing agency for a fiscal year shall be the number by which—

(i) the aggregate number of qualified families who, in such fiscal year, are initially provided tenant-based assistance under section 1437f of this title by the agency; exceeds

(ii) the number of qualified families that is required for the agency to comply with the percentage requirement under subsection (b)(1) of this section for such fiscal year.

**(C) Limitations on credit number**

The credit number under subparagraph (B) for a public housing agency for a fiscal year may not in any case exceed the lesser of—

(i) the number of dwelling units that is equivalent to 10 percent of the aggregate number of families initially provided ten-

ant-based assistance under section 1437f of this title by the agency in such fiscal year; or

(ii) the number of public housing dwelling units of the agency that—

(I) are in projects that are located in census tracts having a poverty rate of 30 percent or more; and

(II) are made available for occupancy during such fiscal year and are actually filled only by families whose incomes at the time of commencement of such occupancy exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

**(D) Fungibility floor**

Notwithstanding any authority under subparagraph (A), of the public housing dwelling units of a public housing agency made available for occupancy in any fiscal year by eligible families, not less than 30 percent shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families.

**(E) Qualified family**

For purposes of this paragraph, the term “qualified family” means a family having an income described in subsection (b)(1) of this section.

**(b) Income eligibility for tenant-based section 1437f assistance****(1) In general**

Of the families initially provided tenant-based assistance under section 1437f of this title by a public housing agency in any fiscal year, not less than 75 percent shall be families whose incomes do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary’s findings that such variations are necessary because of unusually high or low family incomes.

**(2) Jurisdictions served by multiple PHAs**

In the case of any 2 or more public housing agencies that administer tenant-based assistance under section 1437f of this title with respect solely to identical geographical areas, such agencies shall be treated as a single public housing agency for purposes of paragraph (1).

**(c) Income eligibility for project-based section 1437f assistance****(1) Pre-1981 act projects**

Not more than 25 percent of the dwelling units that were available for occupancy under section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter before October 1, 1981, and which will be leased on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

<sup>2</sup> So in original. Cl. (i) does not contain subclauses.

<sup>3</sup> See References in Text note below.

**(2) Post-1981 act projects**

Not more than 15 percent of the dwelling units which become available for occupancy under section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

**(3) Targeting**

For each project assisted under a contract for project-based assistance, of the dwelling units that become available for occupancy in any fiscal year that are assisted under the contract, not less than 40 percent shall be available for leasing only by families whose incomes at the time of commencement of occupancy do not exceed 30 percent of the area median income, as determined by the Secretary with adjustments for smaller and larger families; except that the Secretary may establish income ceilings higher or lower than 30 percent of the area median income on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.

**(4) Prohibition of skipping**

In developing admission procedures implementing paragraphs (1), (2), and (3), the Secretary shall prohibit project owners from selecting families for residence in an order different from the order on the waiting list for the purpose of selecting relatively higher income families for residence. Nothing in this paragraph or this subsection may be construed to prevent an owner of housing assisted under a contract for project-based assistance from establishing a preference for occupancy in such housing for families containing a member who is employed.

**(5) Exception**

The limitations established in paragraphs (1), (2), and (3) shall not apply to dwelling units made available under project-based contracts under section 1437f of this title for the purpose of preventing displacement, or ameliorating the effects of displacement.

**(6) Definition**

For purposes of this subsection, the term "project-based assistance" means assistance under any of the following programs:

(A) The new construction or substantial rehabilitation program under section 1437f(b)(2) of this title (as in effect before October 1, 1983).

Except as provided in subsection (b) of this section, upon receiving an application by a public housing agency for authorization, with or without financial assistance under this subchapter, to demolish or dispose of a public housing project or a portion of a public housing project (including any transfer to a resident-supported nonprofit entity), the Secretary shall approve the application, if the public housing agency certifies—

(1) in the case of—

(ii) no reasonable program of modifications is cost-effective to return the public housing project or portion of the project to useful life; and

(B) an application proposing the demolition of only a portion of a public housing project, that the demolition will help to ensure the viability of the remaining portion of the project;

(2) in the case of an application proposing disposition by sale or other transfer of a public housing project or other real property subject to this subchapter—

(A) the retention of the property is not in the best interests of the residents or the public housing agency because—

(B) the public housing agency has otherwise determined the disposition to be appropriate for reasons that are—

(i) in the best interests of the residents and the public housing agency;

(i) the provision of low-income housing or to benefit the residents of the public housing agency; or

(ii) leveraging amounts for securing commercial enterprises, on-site in public housing projects of the public housing agency, appropriate to serve the needs of the residents; and

(6) that the public housing agency has complied with subsection (c) of this section.

**(b) Disapproval of applications**

The Secretary shall disapprove an application submitted under subsection (a) of this section if the Secretary determines that—

(2) the application was not developed in consultation with—

(A) residents who will be affected by the proposed demolition or disposition;

(B) each resident advisory board and resident council, if any, of the project (or portion thereof) that will be affected by the proposed demolition or disposition; and

**(d) Replacement units**

Notwithstanding any other provision of law, replacement public housing units for public housing units demolished in accordance with this section may be built on the original public housing location or in the same neighborhood as the original public housing location if the number of the replacement public housing units is significantly fewer than the number of units demolished.

**(e) Consolidation of occupancy within or among buildings**

Nothing in this section may be construed to prevent a public housing agency from consolidating occupancy within or among buildings of a public housing project, or among projects, or with other housing for the purpose of improving living conditions of, or providing more efficient services to, residents.

**(f) De minimis exception to demolition requirements**

Notwithstanding any other provision of this section, in any 5-year period a public housing agency may demolish not more than the lesser of 5 dwelling units or 5 percent of the total dwelling units owned by the public housing agency, but only if the space occupied by the demolished unit is used for meeting the service or other needs of public housing residents or the demolished unit was beyond repair.

#### § 1437r. Public housing resident management

##### (a) Purpose

The purpose of this section is to encourage increased resident management of public housing projects, as a means of improving existing living conditions in public housing projects, by providing increased flexibility for public housing projects that are managed by residents by—

(1) permitting the retention, and use for certain purposes, of any revenues exceeding operating and project costs; and

(2) providing funding, from amounts otherwise available, for technical assistance to promote formation and development of resident management entities.

For purposes of this section, the term “public housing project” includes one or more contiguous buildings or an area of contiguous row houses the elected resident councils of which approve the establishment of a resident management corporation and otherwise meet the requirements of this section.

##### (b) Program requirements

###### (1) Resident council

As a condition of entering into a resident management program, the elected resident council of a public housing project shall approve the establishment of a resident management corporation. When such approval is made by the elected resident council of a building or row house area, the resident management program shall not interfere with the rights of other families residing in the project or harm the efficient operation of the project. The resident management corporation and the resident council may be the same organization, if

the organization complies with the requirements applicable to both the corporation and council. The corporation shall be a nonprofit corporation organized under the laws of the State in which the project is located, and the tenants of the project shall be the sole voting members of the corporation. If there is no elected resident council, a majority of the households of the public housing project shall approve the establishment of a resident council to determine the feasibility of establishing a resident management corporation to manage the project.

**(2) Public housing management specialist**

The resident council of a public housing project, in cooperation with the public housing agency, shall select a qualified public housing management specialist to assist in determining the feasibility of, and to help establish, a resident management corporation and to provide training and other duties agreed to in the daily operations of the project.

**(3) Bonding and insurance**

Before assuming any management responsibility for a public housing project, the resident management corporation shall provide fidelity bonding and insurance, or equivalent protection, in accordance with regulations and requirements of the Secretary and the public housing agency. Such bonding and insurance, or its equivalent, shall be adequate to protect the Secretary and the public housing agency against loss, theft, embezzlement, or fraudulent acts on the part of the resident management corporation or its employees.

**(4) Management responsibilities**

A resident management corporation that qualifies under this section, and that supplies insurance and bonding or equivalent protection sufficient to the Secretary and the public housing agency, shall enter into a contract with the public housing agency establishing the respective management rights and responsibilities of the corporation and the public housing agency. Such contract shall be consistent with the requirements of this chapter applicable to public housing projects and may include specific terms governing management personnel and compensation, access to public housing project records, submission of and adherence to budgets, rent collection procedures, tenant income verification, tenant eligibility determinations, tenant eviction, the acquisition of supplies and materials, rent determination, community service requirements,<sup>1</sup> and such other matters as may be appropriate. The contract shall be treated as a contracting out of services and shall be subject to any provision of a collective bargaining agreement regarding contracting out to which the public housing agency is subject.

**(5) Annual audit**

The books and records of a resident management corporation operating a public housing project shall be audited annually by a certified public accountant. A written report of each

audit shall be forwarded to the public housing agency and the Secretary.

**(c) Assistance amounts**

A contract under this section for management of a public housing project by a resident management corporation shall provide for—

(1) the public housing agency to provide a portion of the assistance to agency from the Capital and Operating Funds to the resident management corporation in accordance with subsection (e) of this section for purposes of operating the public housing project covered by the contract and performing such other eligible activities with respect to the project as may be provided under the contract;

(2) the amount of income expected to be derived from the project itself (from sources such as rents and charges);

(3) the amount of income to be provided to the project from the other sources of income of the public housing agency (such as interest income, administrative fees, and rents); and

(4) any income generated by a resident management corporation of a public housing project that exceeds the income estimated under the contract shall be used for eligible activities under subsections (d)(1) and (e)(1) of section 1437g of this title.

**(d) Waiver of Federal requirements**

**(1) Waiver of regulatory requirements**

Upon the request of any resident management corporation and public housing agency, and after notice and an opportunity to comment is afforded to the affected tenants, the Secretary may waive (for both the resident management corporation and the public housing agency) any requirement established by the Secretary (and not specified in any statute) that the Secretary determines to unnecessarily increase the costs or restrict the income of a public housing project.

**(2) Waiver to permit employment**

Upon the request of any resident management corporation, the Secretary may, subject to applicable collective bargaining agreements, permit residents of such project to volunteer a portion of their labor.

**(3) Exceptions**

The Secretary may not waive under this subsection any requirement with respect to income eligibility for purposes of section 1437n of this title, rental payments under section 1437a(a) of this title, tenant or applicant protections, employee organizing rights, or rights of employees under collective bargaining agreements.

**(e) Direct provision of operating and capital assistance**

**(1) In general**

The Secretary shall directly provide assistance from the Operating and Capital Funds to a resident management corporation managing a public housing development pursuant to a contract under this section, but only if—

(A) the resident management corporation petitions the Secretary for the release of the funds;

<sup>1</sup> So in original.

(B) the contract provides for the resident management corporation to assume the primary management responsibilities of the public housing agency; and

(C) the Secretary determines that the corporation has the capability to effectively discharge such responsibilities.

**(2) Use of assistance**

Any assistance from the Operating and Capital Funds provided to a resident management corporation pursuant to this subsection shall be used for purposes of operating the public housing developments of the agency and performing such other eligible activities with respect to public housing as may be provided under the contract.

**(3) Responsibility of public housing agency**

**(4) Calculation of Operating Fund allocation**

Notwithstanding any provision of section 1437g of this title or any regulation under such section, and subject to the exception provided in paragraph (3), the portion of the amount received by a public housing agency under section 1437g of this title that is due to an allocation from the Operating Fund and that is allocated to a public housing project managed by a resident management corporation shall not be less than the public housing agency per unit monthly amount provided in the previous year as determined on an individual project basis.

**(5) Calculation of total income**

(A) Subject to subparagraph (B), the amount of funds provided by a public housing agency to a public housing project managed by a resident management corporation may not be reduced during the 3-year period beginning on February 5, 1988, or on any later date on which a resident management corporation is first established for the project.

(B) If the total income of a public housing agency (including any amounts from the Capital or Operating Funds provided to the public housing agency under section 1437g of this title) is reduced or increased, the income provided by the public housing agency to a public housing project managed by a resident management corporation shall be reduced or increased in proportion to the reduction or increase in the total income of the public housing agency, except that any reduction in amounts from the Operating Fund that occurs as a result of fraud, waste, or mismanagement by the public housing agency shall not affect the funds provided to the resident management corporation.

**(6) Retention of excess revenues**

(A) Any income generated by a resident management corporation of a public housing project that exceeds the income estimated for purposes of this subsection shall be excluded in subsequent years in calculating (i) the allocations from the Operating Fund for the pub-

(B) Any revenues retained by a resident management corporation under subparagraph (A) shall be used for purposes of improving the maintenance and operation of the public housing project, for establishing business enterprises that employ residents of public housing, or for acquiring additional dwelling units for low-income families.

#### (b) Conversion assessment

##### (1) In general

To convert public housing under this section, a public housing agency shall conduct an assessment of the public housing that includes—

(A) a cost analysis that demonstrates whether or not the cost (both on a net present value basis and in terms of new budget authority requirements) of providing tenant-based assistance under section 1437f of this title for the same families in substantially similar dwellings over the same period of time is less expensive than continuing public housing assistance in the public housing project for the remaining useful life of the project;

- (i) the public housing project (or portion) will be removed from the inventory of the public housing agency; and

(ii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards;

(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and

**§ 1437u. Family Self-Sufficiency program****(a) Purpose**

The purpose of the Family Self-Sufficiency program established under this section is to promote the development of local strategies to coordinate use of public housing and assistance under the certificate and voucher programs under section 1437f of this title with public and private resources, to enable eligible families to achieve economic independence and self-sufficiency.

**(b) Establishment of program****(1) Required programs**

Except as provided in paragraph (2), the Secretary shall carry out a program under which each public housing agency that administers assistance under subsection (b) or (o) of section 1437f of this title or makes available new public housing dwelling units—

(B) effective on October 1, 1992, the Secretary shall require each such agency to carry out a local Family Self-Sufficiency program under this section, subject to the limitations in paragraph (4); and

The Secretary shall not require a public housing agency to carry out a local program under subsection (a) of this section if the public housing agency provides certification (as such term is defined under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.]) to the Secretary, that the establishment and operation of the program is not feasible because of local circumstances, which may include—

(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Job Opportunities and Basic Skills Training Program under part F<sup>1</sup> of title IV of the Social Security Act;

The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which compliance with and per-

formance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. The contract shall provide that the public housing agency may terminate or withhold assistance under section 1437f of this title and services under paragraph (2) of this subsection if the public housing agency determines, through an administrative grievance procedure in accordance with the requirements of section 1437d(k) of this title, that the family has failed to comply with the requirements of the contract without good cause (which may include a loss or reduction in access to supportive services, or a change in circumstances that makes the family or individual unsuitable for participation).

During the term of the contract of participation, the amount of rent paid by any partici-

pating family whose monthly adjusted income does not exceed 50 percent of the area median income for occupancy in the public housing unit or dwelling unit assisted under section 1437f of this title may not be increased on the basis of any increase in the earned income of the family, unless the increase results in an income exceeding 50 percent of the area median income. The Secretary shall provide for increased rents for participating families whose incomes are between 50 and 80 percent of the area median income, so that any family whose income increases to 80 percent or more of the area median income pays 30 percent of the family's monthly adjusted income for rent. Upon completion of the contract of participation, if the participating family continues to qualify for and reside in a dwelling unit in public housing or housing assisted under section 1437f of this title, the rent charged the participating family shall be increased (if applicable) to 30 percent of the monthly adjusted income of the family.

**(2) Escrow savings accounts**

For each participating family whose monthly adjusted income is less than 50 percent of the area median income, the difference between 30 percent of the adjusted income of the participating family and the amount of rent paid by a participating family shall be placed in an interest-bearing escrow account established by the public housing agency on behalf of the participating family. For families with incomes between 50 and 80 percent of the area median income, the Secretary shall provide for escrow of the difference between 30 percent of the family income and the amount paid by the family for rent as determined by the Secretary under paragraph (1). The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (c) of this section, as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. A public housing agency establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by the public housing agency.

**(3) Plan**

Each public housing agency carrying out a local program under this section shall establish a plan to offer incentives to families to encourage families to participate in the program. The plan shall require the establish-

ment of escrow savings accounts under paragraph (2) and may include any other incentives designed by the public housing agency.

**(e) Effect of increases in family income**

Any increase in the earned income of a family during the participation of the family in a local program established under this section may not be considered as income or a resource for purposes of eligibility of the family for other benefits, or amount of benefits payable to the family, under any program administered by the Secretary, unless the income of the family equals or exceeds 80 percent of the median income of the area (as determined by the Secretary with adjustments for smaller and larger families).

**(f) Program coordinating committee**

**(1) Functions**

Each public housing agency carrying out a local program under this section shall, in consultation with the chief executive officer of the unit of general local government, develop an action plan under subsection (g) of this section, carry out activities under the local program, and secure commitments of public and private resources through a program coordinating committee established by the public housing agency under this subsection.

**(2) Membership**

The public housing agency may, in consultation with the chief executive officer of the unit of general local government, utilize an existing entity as the program coordinating committee if it meets the requirements of this subsection.

**(g) Action plan**

**(1) Required submission**

The Secretary shall require each public housing agency participating in the self-sufficiency program under this section to submit to the Secretary, for approval by the Secretary, an action plan under this subsection in such form and in accordance with such procedures as the Secretary shall require.

**(2) Development of plan**

In developing the plan, the public housing agency shall consult with the chief executive officer of the applicable unit of general local government, the program coordinating committee established under subsection (f) of this section, representatives of residents of the public housing, any local agencies responsible for programs under title I of the Workforce In-

The use of the facilities of a public housing agency under this subsection shall not affect the amount of assistance provided to the agency under section 1437g of this title.

**(k) Flexibility**

In establishing and carrying out the self-sufficiency program under this section, the Secretary shall allow public housing agencies, units of general local government, and other organizations discretion and flexibility, to the extent practicable, in developing and carrying out local programs.

**(i) Withdrawal of funding**

If a grantee under this section does not proceed within a reasonable timeframe, in the determination of the Secretary, the Secretary shall withdraw any grant amounts under this section that have not been obligated by the public housing agency. (B) after the expiration of such 5-year period, only such amounts as are equivalent to the assistance provided under this section by the agency to the purchaser.

**(2) Considerations**

The limitations referred to in paragraph (1)(A) may provide for consideration of the aggregate amount of assistance provided under the program to the family, the contribution to equity provided by the purchasing eligible family, the period of time elapsed between purchase under the homeownership program and resale, the reason for resale, any improvements to the property made by the eligible family, any appreciation in the value of the property, and any other factors that the agency considers appropriate.

**(4) Review by Secretary**

**(A) Failure to identify projects**

If the Secretary determines, based on a plan submitted under this subsection, that a public housing agency has failed to identify 1 or more public housing projects that the Secretary determines should have been identified under subsection (a) of this section,

the Secretary may designate the public housing projects to be removed from the inventory of the public housing agency pursuant to this section.

**(B) Erroneous identification of projects**

If the Secretary determines, based on a plan submitted under this subsection, that a public housing agency has identified 1 or more public housing projects that should not have been identified pursuant to subsection (a) of this section, the Secretary shall—

- (i) require the public housing agency to revise the plan of the public housing agency under this subsection; and
- (ii) prohibit the removal of any such public housing project from the inventory of the public housing agency under this section.

**(d) Conversion to tenant-based assistance**

(D) ensure that each displaced resident is offered comparable housing in accordance with the notice under subparagraph (A); and

(E) provide any actual and reasonable relocation expenses for families displaced by such action.

**(e) Cessation of unnecessary spending**

Notwithstanding any other provision of law, if, in the determination of the Secretary, a project or projects of a public housing agency meet or are likely to meet the criteria set forth in subsection (a) of this section, the Secretary may direct the agency to cease additional spending in connection with such project or projects until the Secretary determines or approves an appropriate course of action with respect to such project or projects under this section, except to the extent that failure to expend such amounts would endanger the health or safety of residents in the project or projects.

**(f) Use of budget authority**

Notwithstanding any other provision of law, if a project or projects are identified pursuant to subsection (a) of this section, the Secretary may authorize or direct the transfer, to the tenant-based assistance program of such agency or to appropriate site revitalization or other capital improvements approved by the Secretary, of—

**(g) Removal by Secretary**

The Secretary shall take appropriate actions to ensure removal of any public housing project identified under subsection (a) of this section from the inventory of a public housing agency, if the public housing agency fails to adequately develop a plan under subsection (c) of this section with respect to that project, or fails to adequately implement such plan in accordance with the terms of the plan.

**§ 1437z-7. Mixed-finance public housing**

**(a) Authority**

A public housing agency may own, operate, assist, or otherwise participate in 1 or more mixed-finance projects in accordance with this section.

**(b) Assistance**

**(1) Forms**

A public housing agency may provide to a mixed-finance project assistance from the Operating Fund under section 1437g of this title, assistance from the Capital Fund under such section, or both forms of assistance. A public housing agency may, in accordance with regulations established by the Secretary, provide capital assistance to a mixed-finance project in the form of a grant, loan, guarantee, or other form of investment in the project, which may involve drawdown of funds on a schedule commensurate with construction draws for deposit into an interest-bearing escrow account to serve as collateral or credit enhancement for bonds issued by a public agency, or for other forms of public or private borrowings, for the construction or rehabilitation of the development.

**(2) Use**

To the extent deemed appropriate by the Secretary, assistance used in connection with the costs associated with the operation and management of mixed-finance projects may be used for funding of an operating reserve to ensure affordability for low-income and very low-income families in lieu of the availability of operating funds for public housing units in a mixed-finance project.

**(c) Compliance with public housing requirements**

The units assisted with capital or operating assistance in a mixed-finance project shall be developed, operated, and maintained in accordance with the requirements of this chapter relating to public housing during the period required by under<sup>1</sup> this chapter, unless otherwise

<sup>1</sup> So in original.

specified in this section. For purposes of this chapter, any reference to public housing owned or operated by a public housing agency shall include dwelling units in a mixed finance project that are assisted by the agency with capital or operating assistance.

**(d) Mixed-finance projects**

**(1) In general**

For purposes of this section, the term “mixed-finance project” means a project that meets the requirements of paragraph (2) and is financially assisted by private resources, which may include low-income housing tax credits, in addition to amounts provided under this chapter.

**(2) Types of projects**

The term includes a project that is developed—

(A) by a public housing agency or by an entity affiliated with a public housing agency;

(B) by a partnership, a limited liability company, or other entity in which the public housing agency (or an entity affiliated with a public housing agency) is a general partner, managing member, or otherwise participates in the activities of that entity;

(C) by any entity that grants to the public housing agency the right of first refusal and first option to purchase, after the close of the compliance period, of the qualified low-income building in which the public housing units exist in accordance with section 42(i)(7) of title 26; or

(D) in accordance with such other terms and conditions as the Secretary may prescribe by regulation.

**(e) Structure of projects**

Each mixed-finance project shall be developed—

(1) in a manner that ensures that public housing units are made available in the project, by regulatory and operating agreement, master contract, individual lease, condominium or cooperative agreement, or equity interest;

(2) in a manner that ensures that the number of public housing units bears approximately the same proportion to the total number of units in the mixed-finance project as the value of the total financial commitment provided by the public housing agency bears to the value of the total financial commitment in the project, or shall not be less than the number of units that could have been developed under the conventional public housing program with the assistance, or as may otherwise be approved by the Secretary; and

(3) in accordance with such other requirements as the Secretary may prescribe by regulation.

**(f) Taxation**

**(1) In general**

A public housing agency may elect to exempt all public housing units in a mixed-finance project—

(A) from the provisions of section 1437d(d) of this title, and instead subject such units to local real estate taxes; and

(B) from the finding of need and cooperative agreement provisions under section 1437c(e)(1)(ii) and 1437c(e)(2) of this title, but only if the development of the units is not inconsistent with the jurisdiction’s comprehensive housing affordability strategy.

**(2) Low-income housing tax credit**

With respect to any unit in a mixed-finance project that is assisted pursuant to the low-income housing tax credit under section 42 of title 26, the rents charged to the residents may be set at levels not to exceed the amounts allowable under that section, provided that such levels for public housing residents do not exceed the amounts allowable under section 1437a of this title.

**(g) Use of savings**

Notwithstanding any other provision of this chapter, to the extent deemed appropriate by the Secretary, to facilitate the establishment of socioeconomically mixed communities, a public housing agency that uses assistance from the Capital Fund for a mixed-finance project, to the extent that income from such a project reduces the amount of assistance used for operating or other costs relating to public housing, may use such resulting savings to rent privately developed dwelling units in the neighborhood of the mixed-finance project. Such units shall be made available for occupancy only by low-income families eligible for residency in public housing.

**(h) Effect of certain contract terms**

If an entity that owns or operates a mixed-finance project, that includes a significant number of units other than public housing units enters into a contract with a public housing agency, the terms of which obligate the entity to operate and maintain a specified number of units in the project as public housing units in accordance with the requirements of this chapter for the period required by law, such contractual terms may provide that, if, as a result of a reduction in appropriations under section 1437g of this title or any other change in applicable law, the public housing agency is unable to fulfill its contractual obligations with respect to those public housing units, that entity may deviate, under procedures and requirements developed through regulations by the Secretary, from otherwise applicable restrictions under this chapter regarding rents, income eligibility, and other areas of public housing management with respect to a portion or all of those public housing units, to the extent necessary to preserve the viability of those units while maintaining the low-income character of the units to the maximum extent practicable.

### § 1437aaa-3. Homeownership program requirements

#### (a) In general

A homeownership program under this subchapter shall provide for acquisition by eligible families of ownership interests in, or shares representing, at least one-half of the units in a public housing project under any arrangement determined by the Secretary to be appropriate, such as cooperative ownership (including limited equity cooperative ownership) and fee simple ownership (including condominium ownership), for occupancy by the eligible families.

#### (b) Affordability

A homeownership program under this subchapter shall provide for the establishment of sales prices (including principal, insurance, taxes, and interest and closing costs) for initial acquisition of the property from the public housing agency if the applicant is not a public housing agency, and for sales to eligible families, such that an eligible family shall not be required to expend more than 30 percent of the adjusted income of the family per month to complete a sale under the homeownership program.

#### (c) Plan

A homeownership program under this subchapter shall provide, and include a plan, for—

- (1) identifying and selecting eligible families to participate in the homeownership program;

The provisions of this subsection may be waived upon a finding by the Secretary that the sale of less than all the buildings in a project is feasible and will not result in a hardship to any tenants of the project who are not included in the homeownership program.

#### (e) Financing

##### (1) In general

The application shall identify and describe the proposed financing for (A) any rehabilitation, and (B) acquisition (i) of the project, where applicable, by an entity other than the public housing agency for transfer to eligible families, and (ii) by eligible families of ownership interests in, or shares representing, units in the project. (A) such encumbrance will not threaten the long-term availability of the property for occupancy by low-income families;

(B) neither the Federal Government nor the public housing agency will be exposed to undue risks related to action that may have to be taken pursuant to paragraph (3);

(C) any debt obligation can be serviced from project income, including operating assistance; and

##### (3) Opportunity to cure

Any lender that provides financing in connection with a homeownership program under this subchapter shall give the public housing agency, resident management corporation, individual owner, or other appropriate entity a reasonable opportunity to cure a financial default before foreclosing on the property, or taking other action as a result of the default.

The application shall include a plan ensuring that the unit—

(1) will be free from any defects that pose a danger to health or safety before transfer of an ownership interest in, or shares representing, a unit to an eligible family; and

(2) will, not later than 2 years after the transfer to an eligible family, meet minimum housing standards established by the Secretary for the purposes of this subchapter.

**(g) Repealed. Pub. L. 105-276, title V, § 531(b)(1), Oct. 21, 1998, 112 Stat. 2573**

**(1) In general**

No tenant residing in a dwelling unit in a public housing project on the date the Secretary approves an application for an implementation grant may be evicted by reason of a homeownership program approved under this subchapter.

**(2) Replacement assistance**

If the tenant decides not to purchase a unit, or is not qualified to do so, the recipient shall, during the term of any operating assistance under the implementation grant, permit each otherwise qualified tenant to continue to reside in the project at rents that do not exceed levels consistent with section 1437a(a) of this title or, if an otherwise qualified tenant chooses to move (at any time during the term of such operating assistance contract), the public housing agency shall, to the extent approved in appropriations Acts, offer such tenant (A) a unit in another public housing project, or (B) section 8 [42 U.S.C. 1437f] assistance for use in other housing.

**(2) 6 years or less**

In the case of a transfer within 6 years of the acquisition under the program, the homeownership program shall provide for appropriate restrictions to assure that an eligible family may not receive any undue profit. The plan shall provide for limiting the family's consideration for its interest in the property to the total of—

(A) the contribution to equity paid by the family;

(B) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the family during the family's tenure as owner; and

(C) the appreciated value determined by an inflation allowance at a rate which may be based on a cost-of-living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the entity that transfers ownership interests in, or shares representing, units to eligible families (or another entity specified in the approved application), at the time of initial sale, and applied against the contribution to equity.

Such an entity may, at the time of initial sale, enter into an agreement with the family to set a maximum amount which this appreciation may not exceed.

**(3) 6–20 years**

In the case of a transfer during the period beginning 6 years after the acquisition and ending 20 years after the acquisition, the homeownership program shall provide for the recapture by the Secretary or the program of an amount equal to the amount of the declining balance on the note described in paragraph (1)(C).

**(4) Use of recaptured funds**

Fifty percent of any portion of the net sales proceeds that may not be retained by the homeowner under the plan approved pursuant to this subsection shall be paid to the entity that transferred ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, for use for improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional homeownership opportunities, and other activities approved by the Secretary. The remaining 50 percent shall be returned to the Secretary for use under this subchapter, subject to limitations contained in appropriations Acts. Such entity shall keep and make available to the Secretary all records necessary to calculate accurately payments due the Secretary under this subsection.

**(h) Third party rights**

The requirements under this subchapter regarding quality standards, resale, or transfer of the ownership interest of a homeowner shall be judicially enforceable against the grant recipient with respect to actions involving rehabilitation, and against purchasers of property under this subsection or their successors in interest with respect to other actions by affected low-income families, resident management corporations, resident councils, public housing agencies, and any agency, corporation, or authority of the United States Government. The parties specified in the preceding sentence shall be entitled to reasonable attorney fees upon prevailing in any such judicial action.

**(i) Dollar limitation on economic development activities**

Not more than an aggregate of \$250,000 from amounts made available under sections

1437aaa-1 and 1437aaa-2 of this title may be used for economic development activities under sections 1437aaa-1(b)(6)<sup>1</sup> and 1437aaa-2(b)(9)<sup>1</sup> of this title for any project.

**(j) Timely homeownership**

Recipients shall transfer ownership of the property to tenants within a specified period of time that the Secretary determines to be reasonable. During the interim period when the property continues to be operated and managed as rental housing, the recipient shall utilize written tenant selection policies and criteria that are consistent with the public housing program and that are approved by the Secretary as consistent with the purpose of improving housing opportunities for low-income families. The recipient shall promptly notify in writing any rejected applicant of the grounds for any rejection.

**(k) Capability of resident management corporations and resident councils**

To be eligible to receive a grant under section 1437aaa-2 of this title, a resident management corporation or resident council shall demonstrate to the Secretary its ability to manage public housing by having done so effectively and efficiently for a period of not less than 3 years or by arranging for management by a qualified management entity.

**(l) Records and audit of recipients of assistance**

**(1) In general**

Each recipient shall keep such records as may be reasonably necessary to fully disclose the amount and the disposition by such recipient of the proceeds of assistance received under this subchapter (and any proceeds from financing obtained in accordance with subsection (b) of this section or sales under subsections (f) and (g)(4) of this section), the total cost of the homeownership program in connection with which such assistance is given or used, and the amount and nature of that portion of the program supplied by other sources, and such other sources as will facilitate an effective audit.

**(2) Access by the Secretary**

The Secretary shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this subchapter.

**(3) Access by the Comptroller General**

The Comptroller General of the United States, or any of the duly authorized representatives of the Comptroller General, shall also have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this subchapter.

(2) If the unit of general local government objects to the application on the grounds that it is inconsistent with its housing assistance plan, the Secretary may not approve the application unless he determines that the application is consistent with such housing assistance plan. If the Secretary determines, that such application is consistent with the housing assistance plan, he shall notify the chief executive officer of the unit of general local government of his determination and the reasons therefor in writing. If the Secretary concurs with the objection of the unit of local government, he shall notify the applicant stating the reasons therefor in writing.

(3) If the Secretary does not receive an objection by the close of the period referred to in paragraph (1)(B), he may approve the application unless he finds it inconsistent with the housing assistance plan. If the Secretary determines that an application is inconsistent with a housing assistance plan, he shall notify the applicant stating the reasons therefor in writing.

(4) The Secretary shall make the determinations referred to in paragraphs (2) and (3) within thirty days after he receives an objection pursuant to paragraph (1)(B) or within thirty days after the close of the period referred to in paragraph (1)(B), whichever is earlier.

In developing a housing assistance plan under this paragraph a unit of general local government shall consult with local public agencies involved in providing for the welfare of children to determine the housing needs of (A) families identified by the agencies as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care or in preventing the discharge of a child from foster care and reunification with his or her family; and (B) children who, upon discharge of the child from foster care, cannot return to their family or extended family and for which adoption is not available. **(c) Repealed. Pub. L. 105-276, title V, § 551(1), Oct. 21, 1998, 112 Stat. 2610**

**(d) Allocation and reservation of housing assistance funds; purposes; prohibited reallocation of unutilized funds; enumerated uses for retained funds; competition for reservation and obligation of funds**

(1)(A)(i) Except as provided by subparagraph (B), the Secretary shall allocate assistance referred to in subsection (a)(1) of this section the first time it is available for reservation on the basis of a formula that is contained in a regulation prescribed by the Secretary, and that is based on the relative needs of different States, areas, and communities, as reflected in data as to population, poverty, housing overcrowding, housing vacancies, amount of substandard housing, and other objectively measurable conditions specified in the regulation. The Secretary may allocate assistance under the preceding sentence in such a manner that each State shall receive not less than one-half of one percent of the amount of funds available for each program referred to in subsection (a)(1) of this section in each fiscal year. In allocating assistance under this paragraph for each program of housing assistance under subsection (a)(1) of this section, the Secretary shall apply the formula, to the extent practicable, in a manner so that the assistance under the program is allocated according to the particular relative needs under the preceding sentence that are characteristic of and related to the particular type of assistance provided under the program. Assistance under section 202 of the Housing Act of 1959 [12 U.S.C. 1701q] shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents. The preceding sentence shall not apply to projects acquired from the Resolution Trust Corporation under section 1441a(c) of title 12. Amounts for tenant-based assistance under section 8(o) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] may not be provided to any public housing agency that has been disqualified from providing such assistance.

(ii) Assistance under section 8(o) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] shall be allocated in a manner that enables participating jurisdictions to carry out, to the maximum extent practicable, comprehensive housing affordability strategies approved in accordance with section 105 of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12705]. Such jurisdictions shall submit recommendations for allocating assistance under such section 8(o) to the Secretary in accordance with procedures that the Secretary determines to be appropriate to permit allocations of such assistance to be made on the basis of timely and complete information. This clause may not be con-

strued to prevent, alter, or otherwise affect the application of the formula established pursuant to clause (i) for purposes of allocating such assistance. For purposes of this clause, the term “participating jurisdiction” means a State or unit of general local government designated by the Secretary to be a participating jurisdiction under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.].

(B) The formula allocation requirements of subparagraph (A) shall not apply to—

(i) assistance that is approved in appropriation Acts for use under sections<sup>3</sup> 9 [42 U.S.C. 1437g], or the rental rehabilitation grant program under section 17,<sup>4</sup> of the United States Housing Act of 1937, except that the Secretary shall comply with section 102 of the Department of Housing and Urban Development Reform Act of 1989 [42 U.S.C. 3545] with respect to such assistance; or

(ii) other assistance referred to in subsection (a) of this section that is approved in appropriation Acts for uses that the Secretary determines are incapable of geographic allocation, including amendments of existing contracts, renewal of assistance contracts, assistance to families that would otherwise lose assistance due to the decision of the project owner to prepay the project mortgage or not to renew the assistance contract, assistance to prevent displacement or to provide replacement housing in connection with the demolition or disposition of public housing, and assistance in support of the property disposition and loan management functions of the Secretary.

(C) Any allocation of assistance under subparagraph (A) shall, as determined by the Secretary, be made to the smallest practicable area, consistent with the delivery of assistance through a meaningful competitive process designed to serve areas with greater needs.

(D) Any amounts allocated to a State or areas or communities within a State that are not likely to be used within a fiscal year shall not be reallocated for use in another State, unless the Secretary determines that other areas or communities (that are eligible for assistance under the program) within the same State cannot use the amounts within that same fiscal year.

(2) The Secretary may reserve such housing assistance funds as he deems appropriate for use by a State or agency thereof.

(3)(A) Notwithstanding any other provision of law, with respect to fiscal years beginning after September 30, 1990, the Secretary may retain not more than 5 percent of the financial assistance that becomes available under programs described in subsection (a)(1) of this section during any fiscal year. Any such financial assistance that is retained shall be available for subsequent allocation to specific areas and communities, and may only be used for—

(i) unforeseen housing needs resulting from natural and other disasters;

(ii) housing needs resulting from emergencies, as certified by the Secretary, other than such disasters;

(iii) housing needs resulting from the settlement of litigation; and

(iv) housing in support of desegregation efforts.

(B) Any amounts retained in any fiscal year under subparagraph (A) that are unexpended at the end of such fiscal year shall remain available for the following fiscal year under the program under subsection (a)(1) of this section from which the amount was retained. Such amounts shall be allocated on the basis of the formula under subsection (d)(1) of this section.

(4)(A) The Secretary shall not reserve or obligate assistance subject to allocation under paragraph (1)(A) to specific recipients, unless the assistance is first allocated on the basis of the formula contained in that paragraph and then is reserved and obligated pursuant to a competition.

(B) Any competition referred to in subparagraph (A) shall be conducted pursuant to specific criteria for the selection of recipients of assistance. The criteria shall be contained in—

(i) a regulation promulgated by the Secretary after notice and public comment; or

(ii) to the extent authorized by law, a notice published in the Federal Register.

(C) Subject to the times at which appropriations for assistance subject to paragraph (1)(A) may become available for reservation in any fiscal year, the Secretary shall take such steps as the Secretary deems appropriate to ensure that, to the maximum extent practicable, the process referred to in subparagraph (A) is carried out with similar frequency and at similar times for each fiscal year.

(D) This paragraph shall not apply to assistance referred to in paragraph (4).<sup>4</sup>

**(e) Assistance payments for properties in Jefferson County, Texas**

From budget authority made available in appropriation Acts for fiscal year 1988, the Secretary shall enter into an annual contributions contract for a term of 180 months to obligate sufficient funds to provide assistance payments pursuant to section 8(b)(1) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(1)] on behalf of 500 lower income families from budget authority made available for fiscal year 1988, so long as such families occupy properties in Jefferson County, Texas. If a lower income family receiving assistance payments pursuant to this subsection ceases to qualify for assistance payments pursuant to the provisions of section 8 of such Act [42 U.S.C. 1437f] or of this subsection during the 180-month term of the annual contributions contract, assistance payments shall be made on behalf of another lower income family who occupies a unit identified in the previous sentence.

## SUBCHAPTER I—GENERAL PROVISIONS

**§ 1441. Congressional declaration of national housing policy**

The Congress declares that the general welfare and security of the Nation and the health and living standards of its people require housing production and related community development sufficient to remedy the serious housing shortage, the elimination of substandard and other inadequate housing through the clearance of slums and blighted areas, and the realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family, thus contributing to the development and redevelopment of communities and to the advancement of the growth, wealth, and security of the Nation. The Congress further declares that such production is necessary to enable the housing industry to make its full contribution toward an economy of maximum employment, production, and purchasing power. The policy to be followed in attaining the national housing objective established shall be: (1) private enterprise shall be encouraged to serve as large a part of the total need as it can; (2) governmental assistance shall be utilized where feasible to enable private enterprise to serve more of the total need; (3) appropriate local public bodies shall be encouraged and assisted to undertake positive programs of encouraging and assisting the development of well-planned, integrated residential neighborhoods, the development and redevelopment of communities, and the production, at lower costs, of housing of sound standards of design, construction, livability, and size for adequate family life; (4) governmental assistance to eliminate substandard and other inadequate housing through the clearance of slums and blighted areas, to facilitate community development and redevelopment, and to provide adequate housing for urban and rural nonfarm families with incomes so low that they are not being decently housed in new or existing housing shall be extended to those localities which estimate their own needs and demonstrate that these needs are not being met through reliance solely upon private enterprise, and without such aid; and (5) governmental assistance for decent, safe, and sanitary farm dwellings and related facilities shall be extended where the farm owner demonstrates that he lacks sufficient resources to provide such housing on his own account and is unable to secure necessary credit for such housing from other sources on terms and conditions which he could reasonably be expected to fulfill. The Department of Housing and Urban Development, and any other departments or agencies of the Federal Government having powers, functions, or duties with respect to housing, shall exercise their powers, functions, and duties under this or any other law, consistently with the national housing policy declared by this Act and in such manner as will facilitate sustained progress in attaining the national housing objective hereby established, and in such manner as will encourage and assist (1) the production of housing of sound standards of design, construction, livability, and size for adequate family life; (2) the reduction of the costs of housing without sacrifice

of such sound standards; (3) the use of new designs, materials, techniques, and methods in residential construction, the use of standardized dimensions and methods of assembly of home-building materials and equipment, and the increase of efficiency in residential construction and maintenance; (4) the development of well-planned, integrated, residential neighborhoods and the development and redevelopment of communities; and (5) the stabilization of the housing industry at a high annual volume of residential construction.

## EQUAL OPPORTUNITY IN HOUSING

Executive order relating to equal opportunity in housing, see Ex. Ord. No. 11063, Nov. 20, 1962, 27 F.R. 11527, as amended, set out as a note under section 1982 of this title.

**§ 1441a. National housing goals****(a) Congressional findings and reaffirmation of goals**

The Congress finds that the supply of the Nation's housing is not increasing rapidly enough to meet the national housing goal, established in the Housing Act of 1949 [42 U.S.C. 1441 et seq.], of the "realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family". The Congress reaffirms this national housing goal and determines that it can be substantially achieved within the next decade by the construction or rehabilitation of twenty-six million housing units, six million of these for low and moderate income families.

**(b) Additional Congressional findings**

The Congress further finds that policies designed to contribute to the achievement of the national housing goal have not directed sufficient attention and resources to the preservation of existing housing and neighborhoods, that the deterioration and abandonment of housing for the Nation's lower income families has accelerated over the last decade, and that this acceleration has contributed to neighborhood disintegration and has partially negated the progress toward achieving the national housing goal which has been made primarily through new housing construction.

**(c) Congressional declaration of purposes**

The Congress declares that if the national housing goal is to be achieved, a greater effort must be made to encourage the preservation of existing housing and neighborhoods through such measures as housing preservation, moderate rehabilitation, and improvements in housing management and maintenance, in conjunction with the provision of adequate municipal services. Such an effort should concentrate, to a greater extent than it has in the past, on housing and neighborhoods where deterioration is evident but has not yet become acute.

§ 1471. Financial assistance by Secretary of Agriculture

(a) Authorization and purposes of assistance

The Secretary of Agriculture (hereinafter referred to as the "Secretary") is authorized, subject to the terms and conditions of this subchapter, to extend financial assistance, through the Farmers Home Administration, (1) to owners of farms in the United States and in the Territories of Alaska and Hawaii and in the Commonwealth of Puerto Rico, the Virgin Islands, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands, to enable them to construct, improve, alter, repair, or replace dwellings and other farm buildings on their farms, and to purchase buildings and land constituting a minimum adequate site, in order to provide them, their tenants, lessees, sharecroppers, and laborers with decent, safe, and sanitary living conditions and adequate farm buildings as specified in this subchapter, and (2) to owners of other real estate in rural areas for the construction, improvement, alteration, or repair of dwellings, related facilities, and farm buildings and to rural residents, including persons who reside in reservations or villages of Indian tribes, for such purposes and for the purchase of buildings and the purchase of land constituting a minimum adequate site, in order to enable them to provide dwellings and related facilities for their own use and buildings adequate for their farming operations, and (3) to elderly or handicapped persons or families who are or will be the owners of land in rural areas for the construction, improvement, alteration, or repair of dwellings and related facilities, the purchase of dwellings and related facilities and the purchase of land constituting a minimum adequate site, in order to provide them with adequate dwellings and related facilities for their own use, and (4) to an owner described in clause (1), (2), or (3) for refinancing indebtedness which—

(A) was incurred for an eligible purpose described in such clause, and

(B)(i) if not refinanced, is likely to result (because of circumstances beyond the control of the applicant) at an early date in the loss of the applicant's necessary dwelling or essential farm service buildings, or

(ii) if combined (in the case of a dwelling that the Secretary finds not to be decent, safe,

and sanitary) with a loan for improvement, rehabilitation, or repairs and not refinanced, is likely to result in the applicant's continuing to be deprived of a decent, safe, and sanitary dwelling.

(5)<sup>1</sup> DEFINITIONS.—For purposes of this subchapter, the terms "repair", "repairs", "rehabilitate", and "rehabilitation" include measures to evaluate and reduce lead-based paint hazards, as such terms are defined in section 4851b of this title.

(b) Definitions

(1) For the purpose of this subchapter, the term "farm" shall mean a parcel or parcels of land operated as a single unit which is used for the production of one or more agricultural commodities and which customarily produces or is capable of producing such commodities for sale and for home use of a gross annual value of not less than the equivalent of a gross annual value of \$400 in 1944, as determined by the Secretary. The Secretary shall promptly determine whether any parcel or parcels of land constitute a farm for the purposes of this subchapter whenever requested to do so by any interested Federal, State, or local public agency, and his determination shall be conclusive.

(2) For the purposes of this subchapter, the terms "owner" and "mortgage" shall be deemed to include, respectively, the lessee of, and other security interest in, any leasehold interest which the Secretary determines has an unexpired term (A) in the case of a loan, for a period sufficiently beyond the repayment period of the loan to provide adequate security and a reasonable probability of accomplishing the objectives for which the loan is made, and (B) in the case of a grant for a period sufficient to accomplish the objectives for which the grant is made.

(3) For the purposes of this subchapter, the term "elderly or handicapped persons or families" means families which consist of two or more persons, the head of which (or his or her spouse) is at least sixty-two years of age or is handicapped. Such term also means a single person who is at least sixty-two years of age or is handicapped. A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (A) is expected to be long-continued and indefinite duration, (B) substantially impedes his ability to live independently, and (C) is of such a nature that such ability could be improved by more suitable housing conditions, or if such person has a developmental disability as defined in section 15002 of this title. The Secretary shall prescribe such regulations as may be necessary to prevent abuses in determining, under the definitions contained in this paragraph, eligibility of families and persons for admission to and occupancy of housing constructed with assistance under this subchapter. Notwithstanding the preceding provisions of this paragraph, such term also includes two or more elderly (sixty-two years of age or over) or handicapped persons living together, one or more such persons living with another person who is determined (under regulations prescribed

<sup>1</sup> So in original.

by the Secretary) to be essential to the care or well-being of such persons, and the surviving member or members of any family described in the first sentence of this paragraph who were living, in a unit assisted under this subchapter, with the deceased member of the family at the time of his or her death.

(4) For the purpose of this subchapter, the terms “low income families or persons” and “very low-income families or persons” means those families and persons whose incomes do not exceed the respective levels established for lower income families and very low-income families under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]. Notwithstanding the preceding sentence, the maximum income levels established for purposes of this subchapter for such families and persons in the Virgin Islands shall not be less than the highest such levels established for purposes of this subchapter for such families and persons in American Samoa, Guam, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands. The temporary absence of a child from the home due to placement in foster care should not be considered in considering family composition and family size.

(5)(A) For the purpose of this subchapter, the terms “income” and “adjusted income” have the meanings given by sections 3(b)(4) and 3(b)(5), respectively, of the United States Housing Act of 1937 [42 U.S.C. 1437a(b)(4), (5)].

(B) For purposes of this subchapter, the term “income” does not include dividends received from the Alaska Permanent Fund by a person who was under the age of 18 years when that person qualified for the dividend.

(6) For the purposes of this subchapter, the term “Indian tribe” means any Indian tribe, band, group, and nation, including Alaska Indians, Aleuts, and Eskimos, and any Alaskan Native Village, of the United States, which is considered an eligible recipient under the Indian Self-Determination and Education Assistance Act (Public Law 93-638) [25 U.S.C. 450 et seq.] or was considered an eligible recipient under chapter 67 of title 31 prior to the repeal of such chapter.

(7) For the purposes of this subchapter, the term “rural resident” shall include a family or a person who is a renter of a dwelling unit in a rural area.

(8) For the purposes of this subchapter, the term “adequate dwelling” means a decent, safe, and sanitary dwelling unit.

**(c) Conditions of eligibility**

In order to be eligible for the assistance authorized by subsection (a) of this section, the applicant must show (1) that he is the owner of a farm which is without a decent, safe, and sanitary dwelling for himself and his family and necessary resident farm labor, or for the family of the operating tenant, lessee, or sharecropper, or without other farm buildings adequate for the type of farming in which he engages or desires to engage, or that he is the owner of other real estate in a rural area or a rural resident without an adequate dwelling or related facilities for his own use or buildings adequate for his farming operations, or that the applicant is an elderly or

handicapped person or family in a rural area without an adequate dwelling or related facility for its own use, or that he is the owner of a farm or other real estate in a rural area who needs refinancing of indebtedness described in clause (4) of subsection (a) of this section; (2) that he is without sufficient resources to provide the necessary housing and buildings on his own account; and (3) that he is unable to secure the credit necessary for such housing and buildings from other sources upon terms and conditions which he could reasonably be expected to fulfill. If an applicant is a State or local public agency or Indian tribe—

(A) the provisions of clause (3) shall not apply to its application; and

(B) the applicant shall be eligible to participate in any program under this subchapter if the persons or families to be served by the applicant with the assistance being sought would be eligible to participate in such program.

**(d) Additional definitions**

As used in this subchapter (except in sections 1473 and 1474(b) of this title) the terms “farm”, “farm dwelling”, and “farm housing” shall include dwellings or other essential buildings of eligible applicants.

**(e) Prepayment of taxes, insurance, and other expenses; advances to account of borrower: interest, time for repayment**

The Secretary shall establish procedures under which borrowers under this subchapter are required to make periodic payments for the purpose of taxes, insurance, and other necessary expenses as the Secretary may deem appropriate. Notwithstanding any other provision of law, such payments shall not be considered public funds. The Secretary shall direct the disbursement of the funds at the appropriate time or times for the purposes for which the funds were escrowed. The Secretary shall pay the same rate of interest on escrowed funds as is required to be paid on escrowed funds held by other lenders in any State where State law requires payment of interest on escrowed funds, subject to appropriations to the extent that additional budget authority is necessary to carry out this sentence. If the prepayments made by the borrower are not sufficient to pay the amount due, advances may be made by the Secretary to pay the costs in full, which advances shall be charged to the account of the borrower, bear interest, and be payable in a timely fashion as determined by the Secretary. The Secretary shall notify a borrower in writing when loan payments are delinquent.

**(f) Increase in loan limits**

With respect to any limitation on the amount of any loan which may be made, insured, or guaranteed under this subchapter for the purchase of a dwelling unit, the Secretary may increase such amount by up to 20 percent if such increase is necessary to account for the increased cost of the dwelling unit due to the installation of a solar energy system (as defined in subparagraph (3) of the last paragraph of section 1703(a) of title 12) therein.

**(g) Avoidance of involuntary displacement of families and businesses**

The programs authorized by this subchapter shall be carried out, consistent with program goals and objectives, so that the involuntary displacement of families and businesses is avoided.

**(h) Eligibility of resident aliens**

The Secretary may not restrict the availability of assistance under this subchapter for any alien for whom assistance may not be restricted under section 1436a of this title.

**(i) Loan packaging by nonprofit organizations as a "development cost"**

For the purposes of this subchapter, the term "development cost" shall include the packaging of loan and grant applications and actions related thereto by public and private nonprofit organizations tax exempt under title 26.

**(j) Program transfers**

Notwithstanding any other provision of law, the Secretary shall not transfer any program authorized by this subchapter to the Rural Development Administration.

#### (a) Terms of loan

(1) If the Secretary determines that an applicant is eligible for assistance as provided in section 1471 of this title and that the applicant has the ability to repay in full the sum to be loaned, with interest, giving due consideration to the income and earning capacity of the applicant and his family from the farm and other sources, and the maintenance of a reasonable standard of living for the owner and the occupants of said farm, a loan may be made by the Secretary to said applicant for a period of not to exceed thirty-three years from the making of the loan with interest. The Secretary may accept the personal liability of any person with adequate repayment ability who will cosign the applicant's note to compensate for any deficiency in the applicant's repayment ability. At the borrower's option, the borrower may prepay to the Secretary as escrow agent, on terms and conditions prescribed by him, such taxes, insurance, and other expenses as the Secretary may require in accordance with section 1471(e) of this title.

(2) The Secretary may extend the period of any loan made under this section if the Secretary determines that such extension is necessary to permit the making of such loan to any person whose income does not exceed 60 per centum of the median income for the area and who would otherwise be denied such loan because the payments required under a shorter period would exceed the financial capacity of such person. The aggregate period for which any loan may be extended under this paragraph may not exceed 5 years.

(3)(A) Notwithstanding any other provision of this subchapter, a loan may be made under this section for the purchase of a dwelling located on land owned by a community land trust, if the borrower and the loan otherwise meet the requirements applicable to loans under this section.

(4) be in such form and contain such covenants as the Secretary shall prescribe to secure the payment of the loan with interest, protect the security, and assure that the farm will be maintained in repair and that waste and exhaustion of the farm will be prevented.

#### (c) Prepayment and refinancing provisions

(1)(A) The Secretary may not accept an offer to prepay, or request refinancing in accordance

with subsection (b)(3) of this section of, any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into after December 21, 1979, but before December 15, 1989, unless the Secretary takes appropriate action which will obligate the borrower (and successors in interest thereof) to utilize the assisted housing and related facilities for the purposes specified in section 1484 or 1485 of this title, as the case may be, for a period of—

(i) fifteen years from the date on which the loan was made in the case of a loan made or insured pursuant to a contract entered into after December 21, 1979, but before December 15, 1989, and utilized for housing and related facilities which have not received assistance under section 1490a(a)(1)(B), (a)(2), or (5) of this title or section 1437f of this title; or

(ii) twenty years from the date on which the loan was made in the case of any other such loan;

or until the Secretary determines (prior to the end of such period) that there is no longer a need for such housing and related facilities to be so utilized or that Federal or other financial assistance provided to the residents of such housing will no longer be provided.

(B) The Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of this section of, any initial loan made or insured under section 1485 of this title pursuant to a contract entered into on or after December 15, 1989.

(2) If any loan which was made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, is prepaid or refinanced on or after October 8, 1980, and tenants of the housing and related facilities financed with such loan are displaced due to a change in the use of the housing, or to an increase in rental or other charges, as a result of such prepayment or refinancing, the Secretary shall provide such tenants a priority for relocation in alternative housing assisted pursuant to this subchapter.

(3) NOTICE OF OFFER TO PREPAY.—Not less than 30 days after receiving an offer to prepay any loan made or insured under section 1484 or 1485 of this title, the Secretary shall provide written notice of the offer or request to the tenants of the housing and related facilities involved, to interested nonprofit organizations, and to any appropriate State and local agencies.

(4)(A) AGREEMENT BY BORROWER TO EXTEND LOW INCOME USE.—Before accepting any offer to prepay, or requesting refinancing in accordance with subsection (b)(3) of this section of, any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, the Secretary shall make reasonable efforts to enter into an agreement with the borrower under which the borrower will make a binding commitment to extend the low income use of the assisted housing and related facilities involved for not less than the 20-year period beginning on the date on which the agreement is executed.

(B) ASSISTANCE AVAILABLE TO BORROWER TO EXTEND LOW INCOME USE.—To the extent of amounts provided in appropriation Acts, the agreement under subparagraph (A) may provide

for 1 or more of the following forms of assistance that the Secretary, after taking into account local market conditions, determines to be necessary to extend the low income use of the housing and related facilities involved:

(i) Increase in the rate of return on investment.

(ii) Reduction of the interest rate on the loan through the provision of interest credits under section 1490a(a)(1)(B) of this title, or additional assistance or an increase in assistance provided under section 1490a(a)(5) of this title.

(iv) An equity loan to the borrower under paragraphs (1) and (2) of section 1485(c) of this title or under paragraphs (1) and (2) of section 1484(j)<sup>1</sup> of this title, except that an equity loan referred to in this clause may not be made available after August 6, 1996, unless the Secretary determines that the other incentives available under this subparagraph are not adequate to provide a fair return on the investment of the borrower, to prevent prepayment of the loan insured under section 1484 or 1485 of this title, or to prevent the displacement of tenants of the housing for which the loan was made.

(v) Incremental rental assistance in connection with loans under clauses (ii) and (iv) to the extent necessary to avoid increases in the rental payments of current tenants not receiving rental assistance under section 1490a(a)(2) of this title or under section 1437f of this title, or current tenants of projects not assisted under section 1490a(a)(5) of this title.

(vi) In the case of a project that has received rental assistance under section 1437f of this title, permitting the owner to receive rent in excess of the amount determined necessary by the Secretary to defray the cost of long-term repair or maintenance of such a project.

(C) APPROVAL OF ASSISTANCE.—The Secretary may approve assistance under subparagraph (B) for assisted housing only if the restrictive period has expired for any loan for the housing made or insured under section 1484 or 1485 of this title pursuant to a contract entered into after December 21, 1979, but before December 15, 1989, and the Secretary determines that the combination of assistance provided—

(i) is necessary to provide a fair return on the investment of the borrower; and

(ii) is the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection.

(5)(A) OFFER TO SELL TO NONPROFIT ORGANIZATIONS AND PUBLIC AGENCIES.—

(i) IN GENERAL.—If the Secretary determines after a reasonable period that an agreement will not be entered into with a borrower under paragraph (4), the Secretary shall require the borrower (except as provided in subparagraph (G)) to offer to sell the assisted housing and related facilities involved to any qualified

(ii) PERIOD FOR WHICH REQUIREMENT APPLICABLE.—If, upon the expiration of 180 days after an offer is made to sell housing and related facilities under clause (i), no qualified nonprofit organization or public agency has made a bona fide offer to purchase, the Secretary may accept the offer to prepay, or may request refinancing in accordance with subsection (b)(3) of this section of, the loan. (iii) SELECTION OF QUALIFIED PURCHASER.—The Secretary shall promulgate regulations that establish criteria for selecting a qualified nonprofit organization or public agency to purchase housing and related facilities when more than 1 such organization or agency has made a bona fide offer. Such regulations shall give a priority to those organizations or agencies with the greatest experience in developing or managing low income housing or community development projects and with the longest record of service to the community.

(C) FINANCING OF SALE.—To facilitate the sale described in subparagraph (A), the Secretary shall—

(i) to the extent provided in appropriation Acts, make an advance to the nonprofit organization or public agency whose offer to purchase is accepted under this paragraph to cover any direct costs (other than the pur-

(ii) approve the assumption, by the nonprofit organization or public agency involved, of the loan made or insured under section 1484 or 1485 of this title;

(E) RESTRICTION ON SUBSEQUENT TRANSFERS.—Except as provided in subparagraph (B)(ii), the Secretary may not approve the transfer of any housing and related facilities purchased under this paragraph during the remaining useful life of the housing and related facilities, unless the Secretary determines that—

(ii) there is no longer a need for such housing and related facilities by low income families or persons.

(II) upon termination of the period described in paragraph (1)(B), to offer to sell the assisted housing and related facilities to a qualified nonprofit organization or public agency in accordance with this paragraph; or

(ii) the Secretary determines that housing opportunities of minorities will not be materially affected as a result of the prepayment or refinancing, and that—

(I) the borrower (and any successor in interest thereof) are obligated to ensure that tenants of the housing and related facilities financed with the loan will not be displaced due to a change in the use of the housing, or to an increase in rental or other charges, as a result of the prepayment or refinancing; or

(II) there is an adequate supply of safe, decent, and affordable rental housing within the market area of the housing and related facilities and sufficient actions have been taken to ensure that the rental housing will be made available to each tenant upon displacement.

## § 1473. Loans for housing and buildings on potentially adequate farms; conditions and terms

If the Secretary determines (a) that, because of the inadequacy of the income of an eligible applicant from the farm to be improved and from other sources, said applicant may not reasonably be expected to make annual repayments of principal and interest in an amount sufficient to repay the loan in full within the period of time prescribed by the Secretary as authorized in this subchapter; (b) that the income of the applicant may be sufficiently increased within a period of not to exceed five years by improvement or enlargement of the farm or an adjustment of the farm practices or methods; and (c) that the applicant has adopted and may reasonably be expected to put into effect a plan of farm improvement, enlargement, or adjusted practices or production which, in the opinion of the Secretary, will increase the applicant's income from said farm within a period of not to exceed five years to the extent that the applicant may be expected thereafter to make annual repayments of principal and interest sufficient to repay the balance of the indebtedness less payments in cash and credits for the contributions to be made by the Secretary as hereinafter provided, the Secretary may make a loan in an amount necessary to provide adequate farm dwellings and buildings on said farm under the terms and conditions prescribed in section 1472 of this title. In addition, the Secretary may agree with the borrower to make annual contributions during the said five-year period in the form of credits on the borrower's indebtedness in an amount not to exceed the annual installment of interest and 50 per centum of the principal payments accruing during any installment year up to and including the fifth installment year, subject to the conditions that the borrower's income is, in fact, insufficient to enable the borrower to make payments in accordance with the plan or schedule prescribed by the Secretary and that the borrower pursues his plan of farm reorganization and improvements or enlargement with due diligence.

Except as provided in title 11, this agreement with respect to credits or principal and interest upon the borrower's indebtedness shall not be assignable nor accrue to the benefit of any third party without the written consent of the Secretary and the Secretary shall have the right, at his option, to cancel the agreement upon the sale of the farm or the execution or creation of any lien thereon subsequent to the lien given to the Secretary, or to refuse to release the lien given to the Secretary except upon payment in cash of the entire original principal plus accrued interest thereon less actual cash payments of principal and interest when the Secretary determines that the release of the lien would permit the benefits of this section to accrue to a person not eligible to receive such benefits.

(3) In carrying out this subsection, the Secretary shall (A) implement the weatherization standards described in paragraphs (2)(A) and (3) of section 413(b) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6863(b)], and (B) provide that, with respect to any dwelling unit, not more than \$800 of any grant made under this section be expended on weatherization materials and related matters described in section 415(c) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6865(c)], except that the Secretary shall increase such amount to not more than \$1,500 to cover labor costs in areas where the Secretary, in consultation with the Secretary of Labor, determines there is an insufficient number of volunteers and training participants and public service employment workers, assisted pursuant to title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Older American Community Service Employment Act [42 U.S.C. 3056 et seq.],<sup>1</sup> available to work on weatherization projects under the supervision of qualified supervisors.

The Secretary, for the purposes of this subchapter, shall have the power to determine and prescribe the standards of adequate farm housing and other buildings, by farms or localities, taking into consideration, among other factors, the type of housing which will provide decent, safe, and sanitary dwelling for the needs of the

family using the housing, the type and character of the farming operations to be conducted, and the size and earning capacity of the land. The Secretary shall approve a residential building as meeting such standards if the building is constructed in accordance with (1) the minimum standards prescribed by the Secretary, (2) the minimum property standards prescribed by the Secretary of Housing and Urban Development for mortgages insured under title II of the National Housing Act [12 U.S.C. 1707 et seq.], (3) the standards contained in any of the voluntary national model building codes, or (4) in the case of manufactured housing, the standards referred to in section 1472(e) of this title. To the maximum extent feasible, the Secretary shall promote the use of energy saving techniques through standards established by such Secretary for newly constructed residential housing assisted under this subchapter. Such standards shall, insofar as is practicable, be consistent with the standards established pursuant to section 526 of the National Housing Act [12 U.S.C. 1735f-4] and shall incorporate the energy performance requirements developed pursuant to such section.

**(b) Terms or conditions of leases or occupancy agreements subject to change with approval of Secretary**

The Secretary may require any recipient of a loan or grant to agree that the availability of improvements constructed or repaired with the proceeds of the loan or grant under this subchapter shall not be a justification for directly or indirectly changing the terms or conditions of the lease or occupancy agreement with the occupants of such farms to the latter's disadvantage without the approval of the Secretary.

**(c) Rural Housing Insurance Fund for payment of expenditures respecting construction defects; judicial review prohibition**

The Secretary is authorized, after October 1, 1977, with respect to any unit or dwelling newly constructed during the period beginning eighteen months prior to October 12, 1977, and purchased with financial assistance authorized by this subchapter which he finds to have structural defects to make expenditures for (1) correcting such defects, (2) paying the claims of the owner of the property arising from such defects, or (3) acquiring title to the property, if such assistance is requested by the owner of the property within thirty-six months after financial assistance under this subchapter is rendered to the owner of the property or, in the case of property with respect to which assistance was made available within eighteen months prior to October 12, 1977, within thirty-six months after October 12, 1977. Expenditures pursuant to this subsection may be paid from the Rural Housing Insurance Fund. Decisions by the Secretary regarding such expenditures or payments under this subsection, and the terms and conditions under which the same are approved or disapproved, shall not be subject to judicial review.

**(d) Defaults involving security interest in tribal lands**

In the event of default involving a security interest in tribal allotted or trust land, the Secretary shall only pursue liquidation after offer-

ing to transfer the account to an eligible tribal member, the tribe, or the Indian housing authority serving the tribe or tribes. If the Secretary subsequently proceeds to liquidate the account, the Secretary shall not sell, transfer, or otherwise dispose of or alienate the property except to one of the entities described in the preceding sentence.

**(e) Terms and conditions; regulations**

The Secretary shall, by regulation, prescribe the terms and conditions under which expenditures and payments may be made under the provisions of this section.

**(f) Housing in underserved areas**

**(1) Designation of underserved area**

The Secretary shall designate as targeted underserved areas 100 counties and communities in each fiscal year that have severe, unmet housing needs as determined by the Secretary. A county or community shall be eligible for designation if, during the 5-year period preceding the year in which the designation is made, it has received an average annual amount of assistance under this subchapter that is substantially lower than the average annual amount of such assistance received during that 5-year period by other counties and communities in the State that are eligible for such assistance calculated on a per capita basis, and has—

(A) 20 percent or more of its population at or below the poverty level; and

(B) 10 percent or more of its population residing in substandard housing.

As used in this paragraph, the term "poverty level" has the meaning given the term in section 5302(a)(9) of this title.

**(2) Preferences**

In selecting projects to receive assistance with amounts set aside under paragraph (4), the Secretary shall give preference to any project located in a county or community that has, at the time of designation and as determined by the Secretary—

(A) 28 percent or more of its population at or below poverty level; and

(B) 13 percent or more of its population residing in substandard housing.

In designating underserved areas under paragraph (1), in each fiscal year the Secretary shall designate not less than 5 counties or communities that contain tribal allotted or Indian trust land.

**(3) Outreach program and review**

**(A) Outreach**

The Secretary shall publicize the availability to targeted underserved areas of grants and loans under this subchapter and promote, to the maximum extent feasible, efforts to apply for those grants and loans for housing in targeted underserved areas.

**(B) Review**

Upon the receipt of data from the 1990 decennial census, the Secretary shall conduct a review of any designations made under paragraph (1) and preferences given under

paragraph (2) and the eligibility of communities and counties for such designation and preference, examining the effects of such data on such eligibility. The Secretary shall submit to the Congress, not later than 9 months after the availability of the data, a report regarding the review, which shall include any recommendations of the Secretary for modifications in the standards for designation and preference.

**(4) Set-aside for targeted underserved areas and colonias**

**(A) In general**

The Secretary shall set aside and reserve for assistance in targeted underserved areas an amount equal to 5.0 percent in each fiscal year of the aggregate amount of lending authority under sections 1472, 1474, 1484, 1485, and 1490d of this title. During each fiscal year, the Secretary shall set aside from amounts available for assistance under paragraphs (2) and (5) of section 1490a(a) of this title, an amount that is appropriate to provide assistance with respect to the lending authority under sections 1484 and 1485 of this title that is set aside for such fiscal year. The Secretary shall establish a procedure to reallocate any assistance set aside in any fiscal year for targeted underserved areas that has not been expended during a reasonable period in such year for use in (i) colonias that have applied for and are eligible for assistance under subparagraph (B) or paragraph (7) and did not receive assistance, and (ii) counties and communities eligible for designation as targeted underserved areas but which were not so designated. The procedure shall also provide that any assistance reallocated under the preceding sentence that has not been expended by a reasonable date established by the Secretary (which shall be after the expiration of the period referred to in the preceding sentence) shall be made available and allocated under the laws and regulations relating to such assistance, notwithstanding this subsection.

**(B) Priority for colonias**

(i) Notwithstanding the designation of counties and communities as targeted underserved areas under paragraph (1) and the provisions of section 1490 of this title, colonias shall be eligible for assistance with amounts reserved under subparagraph (A), as provided in this subparagraph.

(ii) In providing assistance from amounts reserved under this paragraph in each fiscal year, the Secretary shall give priority to any application for assistance to be used in, or in close proximity to, and serving the residents of, a colonia located in a State described under clause (iii). After the Secretary has provided assistance under the priority for colonias located in a State in an amount equal to 5 percent of the total amount of assistance allocated under this subchapter to such State in the fiscal year, the priority shall not apply to any applications for colonias in such State.

(iii) This paragraph shall apply to any State for any fiscal year following 2 fiscal

years in which the State obligated the total amount of assistance allocated to it under this subchapter during each of such 2 fiscal years.

**(5) List of underserved areas**

The Secretary shall publish annually the current list of targeted underserved areas in the Federal Register.

**(6) Project preparation assistance**

**(A) In general**

The Secretary may make grants to eligible applicants under subparagraph (D) to promote the development of affordable housing in targeted underserved areas and colonias.

**(B) Use**

A grant under this paragraph shall not exceed an amount that the Secretary determines to equal the customary and reasonable costs incurred in preparing an application for a loan under section 1472, 1474, 1484, 1485, or 1490d of this title, or a grant under section 1490m of this title (including pre-application planning, site analysis, market analysis, and other necessary technical assistance). The Secretary shall adjust the loan or grant amount under such sections to take account of project preparation costs that have been paid from grant proceeds under this paragraph and that normally would be reimbursed with proceeds of the loan or grant.

**(C) Approval**

The Secretary shall approve a properly submitted application or issue a written statement indicating the reasons for disapproval not later than 60 days after the receipt of the application.

**(D) Eligibility**

For purposes of this paragraph, an eligible applicant may be a nonprofit organization or corporation, a community housing development organization, State, unit of general local government, or agency of a State or unit of general local government.

**(E) Availability of funding**

Any amounts appropriated to carry out this paragraph shall remain available until expended.

**(7) Priority for colonias**

**(A) In general**

In providing assistance under this subchapter in any fiscal year described under subparagraph (B), each State in which colonias are located shall give priority to any application for assistance to be used in a colonia. The priority under this subparagraph shall not apply in such State after 5 percent of the assistance available in such fiscal year has been allocated for colonias qualifying for the priority.

**(B) Covered years**

This paragraph shall apply to any fiscal year following 2 fiscal years in which the State did not obligate the total amount of assistance allocated it under this subchapter during each of such 2 fiscal years.

**(8) "Colonia" defined**

For purposes of this subsection, the term "colonia" means any identifiable community that—

(A) is in the State of Arizona, California, New Mexico, or Texas;

**§ 1485. Housing and related facilities for elderly persons and families or other persons and families of low income**

**(a) Direct loans; authorization; terms and conditions; revolving fund; appropriation**

The Secretary is authorized to make loans to private nonprofit corporations and consumer cooperatives and Indian tribes to provide rental or cooperative housing and related facilities for elderly or handicapped persons or families of low or moderate income or other persons and families of low income in rural areas, in accordance with terms and conditions substantially identical with those specified in section 1472 of this title; except that—

(1) no such loan shall exceed the development cost or the value of the security, whichever is less;

(2) such a loan may be made for a period of up to 30 years from the making of the loan; and

(3) such a loan, when made to a consumer cooperative for cooperative housing purposes, may, notwithstanding any other provision of law, be made upon the condition that any person who is admitted as an eligible member and tenant of the cooperative may not subsequently be deprived of his membership or tenancy by reason of his no longer meeting the income eligibility requirements established by the Secretary.

There is authorized to be appropriated not to exceed \$50,000,000, which shall constitute a revolving fund to be used by the Secretary in carrying out this subsection.

**(b) Insurance of loans; authorization; terms and conditions; utilization of Agricultural Credit Insurance Fund**

The Secretary is authorized to insure and make commitments to insure loans made to any individual, corporation, association, trust, Indian tribe, or partnership to provide rental or cooperative housing and related facilities for elderly or handicapped persons or families or other persons and families of moderate income in rural areas, in accordance with terms and conditions substantially identical with those specified in section 1472 of this title; except that—

(1) no such loan shall exceed the development cost or the value of the security, whichever is less;

(2) such a loan may be made for a period of up to 30 years from the making of the loan, but the Secretary may provide for periodic payments based on an amortization schedule of 50 years with a final payment of the balance due at the end of the term of the loan;

(3) for insuring such loans, the Secretary shall utilize the Agricultural Credit Insurance Fund subject to all the provisions of section 1929 of title 7 and the second and third sentences of section 1928<sup>1</sup> of title 7, including the authority in section 1929(f)(1)<sup>1</sup> of title 7 to utilize the insurance fund to make, sell, and insure loans which could be insured under this subsection; but the aggregate of the principal

amounts of such loans made by the Secretary and not disposed of shall not exceed \$10,000,000 outstanding at any one time; and the Secretary may take liens running to the United States though the notes may be held by other lenders;

(4) such a loan, when made to a consumer cooperative for cooperative housing purposes, may, notwithstanding any other provision of law, be made upon the condition that any person who is admitted as an eligible member and tenant of the cooperative may not subsequently be deprived of his membership or tenancy by reason of his no longer meeting the income eligibility requirements established by the Secretary;

(5) loans may be made to owners who are otherwise eligible under this section to purchase and convert single-family residences to rental units of two or more dwellings; and

(6) the Secretary may make a new loan to the current borrower to finance the final payment of the original loan for an additional period not to exceed twenty years, if—

(A) the Secretary determines—

(i) it is more cost-efficient and serves the tenant base more effectively to maintain the current property than to build a new property in the same location; or

(ii) the property has been maintained to such an extent that it warrants retention in the current portfolio because it can be expected to continue providing decent, safe, and affordable rental units for the balance of the loan; and

(B) the Secretary determines—

(i) current market studies show that a need for low-income rural rental housing still exists for that area; and

(ii) any other criteria established by the Secretary has been met.

**(c) Equity recapture loans and loans to nonprofit organizations and public agencies**

With respect to a loan made or insured under subsection (a) or (b) of this section, the Secretary is authorized to—

(1) make or insure an equity loan in the form of a supplemental loan for the purpose of equity takeout to the owner of housing financed with a loan made or insured under this section pursuant to a contract entered into before December 15, 1989, for the purpose of extending the affordability of the housing for low income families or persons and very low-income families or persons for not less than 20 years, except that such loan may not exceed 90 percent of the value of the equity in the project as determined by the Secretary;

(2) transfer and reamortize an existing loan in connection with assistance provided under paragraph (1); and

(3) make or insure a loan to enable a nonprofit organization or public agency to make a purchase described in section 1472(c)(5) of this title.

**(d) Construction requirements; detached units for cooperative housing**

No loan shall be made or insured under subsection (a) or (b) of this section unless the Sec-

retary finds that the construction involved will be undertaken in an economical manner and will not be of elaborate or extravagant design or materials. However, specifically designed equipment required by elderly or handicapped persons or families shall not be considered elaborate or extravagant. A loan may be made or insured under subsection (a) or (b) of this section with respect to detached units, including those on scattered sites, for cooperative housing.

**(e) Definitions**

As used in this section—

(1) the term “housing” means new or existing housing suitable for dwelling use by occupants eligible under this section, and such term also means manufactured home rental parks where either the lots or both the lots and the homes are available for use by occupants eligible under this section; and such term also means congregate housing facilities for elderly or handicapped persons or families who require some supervision and central services but are otherwise able to care for themselves; such housing for the handicapped may be utilized in conjunction with educational and training facilities;

(3) the term “congregate housing” means housing in which (A) some of the units may not have kitchen facilities, and (B) there is a central dining facility to provide wholesome and economic meals for elderly or handicapped persons or families.

(4) the term “development cost” means the costs of constructing, purchasing, improving, altering, or repairing new or existing housing and related facilities and purchasing and improving the necessary land, including necessary and appropriate fees and charges, initial operating expenses up to 2 per centum of the aforementioned costs, approved by the Secretary, impact fees, local charges for installation, provision, or use of infrastructure, and local assessments for public improvements and services imposed by State and local governments. Such fees and charges may include payments of qualified consulting organizations or foundations which operate on a non-profit basis and which render services or assistance to nonprofit corporations or consumer cooperatives who provide housing and related facilities for low or moderate income families. Notwithstanding the first sentence of this paragraph, the term “development cost” shall not include any initial operating expenses in the case of any nonprofit corporation or consumer cooperative that is financing housing under this section and has been allocated a low-income housing tax credit by a housing credit agency pursuant to section 42 of title 26.

**(f) Administrative expenses**

Amounts made available pursuant to section 1483 of this title shall be available for administrative expenses incurred under this section.

**(g) Loans for financing transfers of memberships in cooperatives**

Notwithstanding the provisions of subsections (a) and (b) of this section, the Secretary may make and insure loans to consumer cooperatives to enable such cooperatives to finance the transfers of memberships in the cooperatives upon such terms and conditions as low- and moderate-income persons can reasonably afford, except that such loans shall not be made upon terms more favorable than are authorized under section 1490a(a) of this title, and that the total loan to a cooperative under this section shall not exceed the value of the property.

**(h) Project transfers**

After August 6, 1996, the ownership or control of a project for which a loan is made or insured under this section may be transferred only if the Secretary determines that such transfer would further the provision of housing and related facilities for low-income families or persons and would be in the best interests of residents and the Federal Government.

**(i) Limitations on cost increases after approval for project involving newly constructed or substantially rehabilitated units; applicable factors**

After approving a project involving newly constructed or substantially rehabilitated units under this section, the Secretary shall limit cost increases to those approved by the Secretary. The Secretary may approve those increases only for unforeseen factors beyond the owner’s control, design changes required by the Secretary or the local government, or changes in financing approved by the Secretary.

**(j) Contract preferences for providing units in newly constructed projects**

For the purpose of achieving the lowest cost in providing units in newly constructed projects assisted under this section, the Secretary shall give a preference in entering into contracts under this section for projects which are to be located on specific tracts of land provided by States, units of local government, or others if the Secretary determines that the tract of land is suitable for such housing, and that affording such preference will be cost effective.

**(k) Management fees**

The Secretary shall assure that management fees are not excessive when a project developed under this section is managed by the developer or an affiliate of the developer.

**(l) Determination of market feasibility of project**

For purposes of determining the market feasibility of any project to be assisted under this section—

(1) in the case of any applicant who applies for rental assistance payments under section 1490a of this title in connection with such project, the Secretary shall consider the availability of such rental assistance payments with respect to the project and shall require such applicant to demonstrate that a market exists for persons and families eligible for such rental assistance payments; and

(2) in the case of any applicant whose project is expected to utilize any assistance under a

program of a State, or political subdivision thereof, that is similar to such assistance payments under section 1490a of this title, the Secretary shall only require such applicant to demonstrate that—

(A) a market exists for persons and families eligible for such program of assistance;

(B) such program of assistance will provide rental assistance for a period of not less than five years, and, at the option of the applicant, either that there is a reasonable assurance that the contract for assistance will be extended or renewed, or for the term of the loan remaining after the period of such assistance, that an adequate rental market exists for the project without such assistance; and

(C) during the term of such rental assistance contracts, such State or political subdivision shall make available the amounts required for such rental assistance not less than annually.

**(m) Standards for housing and related facilities rehabilitated or repaired; establishment, criteria, etc.**

The Secretary shall establish standards for housing and related facilities rehabilitated or repaired with amounts received under a loan made or insured under this section. Standards established by the Secretary under this subsection shall provide that except for substantial rehabilitation the particular items or systems repaired or rehabilitated must meet appropriate levels of quality or performance comparable to those levels prescribed by the Secretary of Housing and Urban Development for rehabilitation, but shall not require that such items or systems or the remainder of the property meet the standards which are applicable to new construction. The Secretary shall ensure that standards prescribed under this subsection provide decent, safe, and sanitary housing and related facilities.

**(n) Assistance to projects located on more than one site**

The Secretary may not deny assistance under this section or section 1490a of this title on the basis that the project involved is to be located on more than one site.

**(o) Rental assistance payments as affecting assistance to projects or occupancy by eligible persons**

The Secretary may not (1) deny assistance under this section on the basis that rental assistance payments under section 1490a of this title may be required unless the authority to provide such assistance is not available; or (2) promulgate any regulation that would have the effect of denying occupancy to eligible persons on the basis that such persons require rental assistance payments under section 1490a of this title.

**(p) Occupancy by low income persons and families other than very low-income persons and families**

(1) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 25 per centum of the dwelling units which were available for occupancy under this section prior

to November 30, 1983, and which will be leased on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(2) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 5 per centum of the dwelling units which become available for occupancy under this section on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(3) Units in projects financed under this section which become available for occupancy after November 30, 1983, shall not be available for occupancy by persons and families other than very low-income persons and families if the authority to provide assistance for such persons is available.

(4) In projects financed under this section, units that have been allocated a low-income housing tax credit by a housing credit agency pursuant to section 42 of title 26 shall not be available for occupancy by persons or families other than persons or families with incomes not in excess of the qualifying income applicable to such units pursuant to subparagraph (A) or (B) of section 42(g)(1) of title 26.

(5) The Secretary shall coordinate the processing of any application for a loan under this section for a project and the processing of any application for assistance under section 1490a(a)(2) of this title with respect to housing units in the same project in an economical and efficient manner. At the time the Secretary enters into a commitment to make or insure a loan under this section the Secretary shall obligate amounts for assistance payments under section 1490a(a)(2) of this title for the project, to the extent that such amounts are available and the Secretary determines such assistance is necessary for the market feasibility of the project.

**(q) Determination of income of person or family occupying financed housing**

In determining the income of a person or family occupying housing financed under this section, the Secretary shall consider the value of that person's or family's assets in the same manner as the Secretary of Housing and Urban Development considers such value for the purpose of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

**(r) Operating reserve and equity contribution requirements; regulations to implement adjustment by negotiated rulemaking procedure**

(1) the<sup>2</sup> Secretary—

(A) may require that the initial operating reserve under this section may be in the form of an irrevocable letter of credit; and

(B) except as provided in paragraph (2), may require not more than a 3 percent contribution to equity, except that the Secretary shall require a 5 percent contribution in the case of a project that is allocated a low-income housing tax credit pursuant to section 42 of title 26.

(2) The Secretary may adjust the amount of equity contribution to ensure that assistance

<sup>2</sup> So in original. Probably should be capitalized.

provided is not more than is necessary to provide affordable housing after taking account of assistance from all Federal, State, and local sources.

(3) Not later than 60 days after August 6, 1996, the Secretary shall issue regulations to implement subsection (r)(2) of this section in accordance with the negotiated rulemaking procedures set forth in subchapter III of chapter 5 of title 5: *Provided*, That if the negotiated rulemaking is not completed within the designated time, the Secretary shall proceed to promulgate regulations under the rulemaking authority contained in section 557 of title 5.

**(s) Limitation of fees on loans**

No fee other than a late fee may be imposed by or for the Secretary or any other Federal agency on or with respect to a loan made or insured under this section.

**(t) Equity takeout loans**

**(1) Authority**

The Secretary is authorized to guarantee an equity loan (in the form of a supplemental loan) to an owner of housing financed with a loan made or insured under subsection (b) of this section, only if the Secretary determines, after taking into account local market conditions, that there is reasonable likelihood that the housing will continue as decent, safe, and sanitary housing for the remaining life of the original loan on the project made or insured under subsection (b) of this section and that such an equity loan is—

(A) necessary to provide a fair return on the owner's investment in the housing;

(B) the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection; and

(C) would not impose an undue hardship on tenants or an unreasonable cost to the Federal Government.

The amount of loans guaranteed under this subsection shall be subject to limits provided in appropriations Acts.

**(2) Timing**

The Secretary is authorized to guarantee an equity loan under this subsection after the expiration of the 20-year period beginning on the date that an existing loan under subsection (b) of this section was made or insured. Not more than one equity loan under this subsection may be provided for any project.

**(3) Amount of the takeout**

The amount of an equity loan under this subsection shall not exceed the difference between the outstanding principal on debt secured by the project and 90 percent of the appraised value of the project. The appraised value of the project shall be determined by 2 independent appraisers, 1 of whom shall be selected by the Secretary and 1 of whom shall be selected by the owner. If the 2 appraisers fail to agree on the value of the project, the Secretary and the owner shall jointly select a third appraiser whose appraisal shall be binding on the Secretary and the owner. The amount of the equity loan shall not exceed 30

percent of the amount of the original appraised value of the project made or insured under subsection (b) of this section.

**(4) Submission of plan**

An owner requesting an equity loan under this subsection shall submit a plan acceptable to the Secretary to ensure that the cost of amortizing an equity loan under paragraph (1) does not result in the displacement of very-low-income tenants or substantially alter the income mix of the tenants in the project.

**(5) Regulations**

The Secretary shall issue final regulations within 180 days from December 15, 1989.

**(6) Effective date**

The requirements of this subsection shall apply to any loan obligated under this section on or after December 15, 1989. This subsection shall not require retroactive reserve account payments with respect to any loan that was obligated on or after December 15, 1989, and on or before June 16, 1990, but reserve account payments shall be required for such loans beginning on November 28, 1990.

**(u) Reuse of loan authority**

Loan authority that is obligated under this section but that is not expended due to any action that removes the original borrower, may be reallocated to a different borrower during the same fiscal year in which the loan authority was obligated. Any loan authority under this section appropriated or made available within limits established in appropriations Acts shall remain available until expended.

**(v) Assumption of loans**

The Secretary may provide for the assumption or transfer of a loan or loan obligation under this section to any person or entity qualified to receive a loan or loan obligation under this section in any case of default or foreclosure with respect to the original borrower. The Secretary shall provide in each assumption or transfer under this subsection for the assumption of the obligations, rights, and interests under the terms of the loan or loan obligation or such other terms as the Secretary determines appropriate.

**(w) Set-aside of rural rental housing funds**

**(1) Authority**

Except as provided in paragraph (2), the Secretary shall set aside from amounts made available for each State for loans under this section, not less than 9 percent of the amounts available in each fiscal year. Amounts set aside shall be available only for nonprofit entities in the State, which may not be wholly or partially owned or controlled by a for-profit entity. A partnership, that has as its general partner a nonprofit entity or the nonprofit entity's for-profit subsidiary, is eligible to receive funds set aside under this subsection to sponsor a project which is receiving low-income housing tax credits authorized under section 42 of title 26. For the purposes of this subsection, a nonprofit entity is an organization that—

(A) will own an interest in a project to be financed under this section and will materi-

ally participate in the development and the operation of the project;

(B) is a private organization that has non-profit, tax exempt status under section 501(c)(3) or section 501(c)(4) of title 26;

(C) has among its purposes the planning, development, or management of low-income housing or community development projects; and

(D) is not affiliated with or controlled by a for-profit organization.

**(2) Minimum State set-aside**

If the amount set aside under paragraph (1) for any State is less than \$750,000 in any fiscal year, the Secretary shall pool such amount together with set-aside amounts from other States whose set-aside is less than \$750,000, and shall make such amounts available for such eligible entities under paragraph (1) in any such State. The Secretary shall establish a procedure to provide that any amounts pooled under this paragraph from the allocation for any State in any fiscal year that are not obligated during a reasonable period in such year shall be made available for any such eligible entities under paragraph (1) in such State. The Secretary may provide amounts available for reallocation under this subsection in excess of \$750,000 in a given State, if such amounts are necessary to finance a project under this section.

**(3) Unused amounts**

**(A) Equitable distribution**

**§ 1486. Financial assistance to provide low-rent housing for domestic farm labor**

**(a) Application; considerations**

Upon the application of any State or political subdivision thereof, or any Indian tribe, or any broad-based public or private nonprofit organization incorporated within the State, or any nonprofit organization of farmworkers incorporated within the State, the Secretary is authorized to provide financial assistance for the provision of low-rent housing and related facilities (which may be located any place within the State) for domestic farm labor, if he finds that—

(1) the housing and related facilities for which financial assistance is requested will fulfill a pressing need in the area in which such housing and facilities will be located, and there is reasonable doubt that the same can be provided without financial assistance under this section;

(2) the applicant will contribute, from its own resources or from funds borrowed under section 1484 of this title or elsewhere, at least 10 per centum of the total development cost;

(3) the types of housing and related facilities to be provided are most practicable, giving due consideration to the purposes to be served thereby and the needs of the occupants thereof, and such housing and facilities shall be durable and suitable for year-around occupancy or use, unless the Secretary finds that there is no need for such year-around occupancy or use in that area; and

(4) the construction will be undertaken in an economical manner, and the housing and related facilities will not be of elaborate or extravagant design or material.

**(b) Maximum amount of assistance**

The amount of any financial assistance provided under this section for low-rent housing and related facilities shall not exceed 90 per centum of the total development cost thereof, as determined by the Secretary, less such amount as the Secretary determines can be practicably obtained from other sources (including a loan under section 1484 of this title).

**(c) Prerequisite agreements; rentals; safety and sanitation standards; priority of domestic farm labor**

No financial assistance for low-rent housing and related facilities shall be made available under this section unless, to any extent and for any periods required by the Secretary, the applicant agrees—

(1) that the rentals charged domestic farm labor shall not exceed such amounts as may be approved by the Secretary, giving due consideration to the income and earning capacity of the tenants, and the necessary costs of operating and maintaining such housing;

(2) that such housing shall be maintained at all times in a safe and sanitary condition in accordance with such standards as may be prescribed by State or local law, or, in the absence of such standards, in accordance with such minimum requirements as the Secretary shall prescribe; and

(3) an absolute priority will be given at all times in granting occupancy of such housing and facilities to domestic farm labor.

**(d) Payments; contracts to specify uses of housing**

The Secretary may make payments pursuant to any contract for financial assistance under this section at such times and in such manner, as may be specified in the contract. In each contract, the Secretary shall include such covenants, conditions, or provisions as he deems necessary to insure that the housing and related facilities, for which financial assistance is made available, be used only in conformity with the provisions of this section.

**(e) Regulations for prevention of waste**

The Secretary shall prescribe regulations to insure that Federal funds expended under this section are not wasted or dissipated. The Secretary shall not give priority for funding under this section to any one of the groups listed in subsection (a) of this section over any of the others so listed.

**(f) Wages; labor standards; waiver; authority and functions of Secretary**

All laborers and mechanics employed by contractors or subcontractors on projects assisted by the Secretary which are undertaken by approved applicants under this section shall be paid wages at rates not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with sections 3141-3144, 3146, and 3147 of title 40. The Secretary shall not extend any financial assistance under this section for any project without first obtaining adequate assurance that these labor standards will be maintained on the construction work; except that compliance with such standards may be waived by the Secretary in cases or classes of cases where laborers or mechanics, not otherwise employed at any time on the project, voluntarily donate their services without compensation for the purpose of lowering the costs of construction and the Secretary determines that any amounts thereby saved are fully credited to the person, corporation, association, organization, or other entity, undertaking the project. The Secretary of Labor shall have, with respect to the labor standards specified in this section, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267), and section 3145 of title 40.

Such housing shall be constructed in such a manner as to be safe and weatherproof for the time it is to be occupied, be equipped with potable water and modern sanitation facilities (including a kitchen sink, toilet, and bathing facilities), and meet such other requirements as the Secretary may prescribe.

**(i) Farm labor housing**

**(j) Domestic farm labor housing available for other families**

Housing and related facilities constructed with grants under this section may be used for tenants eligible for occupancy under section 1485 of this title if the Secretary determines that—

(1) there is no longer a need in the area for farm labor housing; or

(2) the need for such housing in the area has diminished to the extent that the purpose of the grant, providing housing for domestic farm labor, can no longer be met.

**(k) Housing for rural homeless and migrant farmworkers**

**(1) In general**

The Secretary may provide financial assistance for providing affordable rental housing and related facilities for migrant farmworkers and homeless individuals (and the families of such individuals) to applicants as provided in this subsection.

Any advance provided under subparagraph (A)(i) shall be repaid on such terms as may be prescribed by the Secretary when the project ceases to be used as housing in accordance with the provisions of this subsection. Recipients shall be required to repay 100 percent of the advance if the housing is used for purposes under this subsection for fewer than 10 years following initial occupancy. If the housing is used for such purposes for more than 10 years, the percentage of the amount that shall be required to be repaid shall be reduced by 10 percentage points for each year in excess of 10 that the property is so used.

**(D) Prevention of undue benefits**

Upon any sale or other disposition of housing acquired or rehabilitated with assistance under this subsection prior to the close of 20 years after the housing is placed in service, other than a sale or other disposition resulting in the use of the project for the direct benefit of low income persons or where all of the proceeds are used to provide housing for migrant farmworkers and homeless individuals (and the families of such individuals), the recipient shall comply with such terms and conditions as the Secretary may prescribe to prevent the recipient from unduly benefiting from the sale or other disposition of the project.

Upon the expiration of ninety days after the original capitalization of the Rural Housing Insurance Fund, created by subsection (e) of this section, no new loans shall be made or insured under section 1484 or 1485(b) of this title, except in conformity with this section. The notes held in the Agricultural Credit Insurance Fund (section 1929 of title 7) which evidence loans made or insured by the Secretary under section 1484 or 1485(b) of this title, the rights and liabilities of that Fund under insurance contracts relating to such loans held by insured investors, the mortgages securing the obligations of the borrowers under such loans held in the Fund or by insured investors, and all rights to subsequent collections on and proceeds of such notes, contracts, and mortgages, are hereby transferred to the Rural Housing Insurance Fund and for the purposes of this subchapter and any other Act shall be subject to the provisions of this section as if created pursuant thereto. The Rural Housing Insurance Fund shall compensate the Agricultural Credit Insurance Fund for the aggregate unpaid principal balance plus accrued interest of the notes so transferred.

#### (c) Use of funds from Rural Housing Insurance Fund for loans; sale of insured and guaranteed loans to public

The Secretary may use the Rural Housing Insurance Fund for the purpose of making loans to be sold and insured under this section. Any loan made and sold by the Secretary under this section after April 7, 1986 (and any loan made by other lenders under this subchapter that is in-

sured or guaranteed in accordance with this section, is purchased by the Secretary, and is sold by the Secretary under this section after such date) shall be sold to the public and may not be sold to the Federal Financing Bank, unless such sale to the Federal Financing Bank is required to service transactions under this subchapter between the Secretary and the Federal Financing Bank occurring on or before such date.

**(d) Authority to insure payment of interest and principal; liens; assignability of notes evidencing loans; interest subsidy on insured and guaranteed loans offered for sale to public; protection of borrowers under loans sold to public**

(1) The Secretary may, in conformity with subsections (a), (b), and (m) of this section, insure the payment of principal and interest on loans made by lenders other than the United States, and on loans made from or otherwise acquired by the Rural Housing Insurance Fund which are sold by the Secretary. Any contract of insurance executed by the Secretary hereunder shall be an obligation supported by the full faith and credit of the United States, and shall be incontestable except for fraud or material misrepresentation of which the holder has actual knowledge. In connection with loans insured under this section, the Secretary may take liens running to the United States notwithstanding the fact that the notes evidencing such loans may be held by lenders other than the United States. Notes evidencing such loans shall be freely assignable, but the Secretary shall not be bound by any such assignment until notice thereof is given to and acknowledged by him.

(2) Each loan made by the Secretary or other lenders under this subchapter that is insured or guaranteed in accordance with this subsection shall, when offered for sale to the public, be accompanied by an agreement by the Secretary to pay to the holder of such loan (through an agreement to purchase such loan or through such other means as the Secretary determines to be appropriate) the difference between the rate of interest paid by the borrower of such loan and the market rate of interest (as determined by the Secretary) on obligations having comparable periods to maturity on the date of such sale.

(3) Each loan made by the Secretary or other lenders under this subchapter that is insured or guaranteed in accordance with this subsection shall, when offered for sale to the public, be accompanied by agreements for the benefit of the borrower under the loan that provide that—

(A) the purchaser or any assignee of the loan shall not diminish any substantive or procedural right of the borrower arising under this subchapter;

(B) upon any substantial default of the borrower, but prior to foreclosure, the loan shall be assigned to the Secretary for the purpose of avoiding foreclosure; and

(C) following any assignment under subparagraph (B) and before commencing any action to foreclose or otherwise dispossess the borrower, the Secretary shall afford the borrower all substantive and procedural rights arising under this subchapter, including consideration

for interest subsidy, moratorium, reamortization, refinancing, and appeal of any adverse decision to an impartial officer.

(4) From the proceeds of loan sales under paragraph (2), the Secretary shall set aside as a reserve against future losses not less than 5 percent of the outstanding face amount of the loans held by the public at any time.

**(e) Rural Housing Insurance Fund; creation; authorization of appropriations; separate operation of guaranteed and insured loan programs; transfer of funds**

There is hereby created the Rural Housing Insurance Fund (hereinafter referred to as the "Fund") which shall be used by the Secretary as a revolving fund for carrying out the provisions of this section. There are authorized to be appropriated to the Secretary such sums as may be necessary for the purposes of the Fund. The guaranteed loan program under this subchapter shall be operated separately from the insured loan program operated under this subchapter and no funds designated for one program may be transferred to another program.

**(f) Investment of excess Fund moneys**

Money in the Fund not needed for current operations shall be invested in direct obligations of the United States or obligations guaranteed by the United States.

**(g) Fund assets and liabilities; sale of loans; agreements for servicing and purchasing loans**

All funds, claims, notes, mortgages, contracts, and property acquired by the Secretary under this section, and all collections and proceeds therefrom, shall constitute assets of the Fund; and all liabilities and obligations of such assets shall be liabilities and obligations of the Fund. Loans may be held in the Fund and collected in accordance with their terms or may be sold by the Secretary with or without agreements for insurance thereof. The Secretary is authorized to make agreements with respect to servicing loans held or insured by him under this section and purchasing such insured loans on such terms and conditions as he may prescribe.

**(h) Issuance of notes; form and denominations; interest rate; purchase by Secretary of the Treasury; debt transactions**

The Secretary is authorized to issue notes to the Secretary of the Treasury to obtain funds necessary for discharging obligations under this section and for authorized expenditures out of the Fund, but, except as may be authorized in appropriation Acts, not for the original or any additional capital of the Fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Each note shall bear interest at the average rate, as determined by the Secretary of the Treasury, payable by the Treasury upon its marketable public obligations outstanding at the beginning of the fiscal year in which such note is issued, which are neither due nor callable for redemption for fifteen years from their date of issue. The Secretary of the Treasury is

authorized and directed to purchase any notes of the Secretary issued hereunder, and for that purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which such securities may be issued under such chapter are extended to include purchases of notes issued by the Secretary. All redemption, purchases, and sales by the Secretary of the Treasury of such notes shall be treated as public debt transactions of the United States. The notes issued by the Secretary to the Secretary of the Treasury shall constitute obligations of the Fund.

**(i) Retention of annual charge; administrative expenses; merger of funds**

The Secretary may retain out of interest payments by the borrower an annual charge in an amount specified in the insurance or sale agreement applicable to the loan. Of the charges retained by the Secretary, if any, not to exceed 1 per centum per annum of the unpaid balance of the loan shall be deposited in the Fund. Any retained charges not deposited in the Fund shall be available for administrative expenses in carrying out the provisions of this subchapter, to be transferred annually, and become merged with any appropriation for administrative expenses of the Farmers Home Administration, when and in such amounts as may be authorized in appropriation Acts.

**(j) Additional uses of Fund moneys**

The Secretary may also utilize the Fund—

(1) to pay amounts to which the holder of the note is entitled in accordance with an insurance or sale agreement under this section accruing between the date of any payment by the borrower to the Secretary and the date of transmittal of any such payments to the holder of the note; and in the discretion of the Secretary, payments other than final payments need not be remitted to the holder until due or until the next agreed annual or semiannual remittance date;

(2) to pay the holder of any note insured under this section any defaulted installment or, upon assignment of the note to the Secretary at the Secretary's request, or pursuant to a purchase agreement, the entire balance outstanding on the note;

(3) to pay taxes, insurance, prior liens, expenses necessary to make fiscal adjustments in connection with the application and transmittal of collections or necessary to obtain credit reports on applicants or borrowers, and other services customary in the industry, independent audits of project expenses, construction inspections, commercial appraisals, servicing of loans, and other related program services and expenses, and other expenses and advances to protect the security for loans which are insured under this section or held in the Fund, and to acquire such security property at foreclosure sale or otherwise;

**(k) Sale of loans as sale of assets**

Any sale by the Secretary of loans individually or in blocks, pursuant to subsections (c) and (g) of this section, shall be treated as a sale of assets for the purposes of chapter 11 of title 31, notwithstanding the fact that the Secretary, under an agreement with the purchaser, holds the debt instruments evidencing the loans and holds or reinvests payments thereon as trustee and custodian for the purchaser.

**(l) Commitments to make or insure loans to lenders, builders, or sellers; terms and conditions**

The Secretary may also, upon the application of lenders, builders, or sellers and upon compliance with requirements specified by him, make commitments upon such terms and conditions as he shall prescribe to make or insure loans under this section to eligible applicants.

**(m) Transfer of assets, liabilities, and authorizations of Rural Housing Direct Loan Account to Fund; abolition of Account; applicability of provisions**

The assets and liabilities of, and authorizations applicable to, the Rural Housing Direct Loan Account are hereby transferred to the Fund, and such Account is hereby abolished. Such assets and their proceeds, including loans made out of the Fund pursuant to this section, shall be subject to all of the provisions of this section.

**(n) Purchase of eligible residential properties**

The Secretary may guarantee and service loans made for the purchase of eligible residential properties under section 1441a(c) of title 12 in accordance with subsection (d) of this section and the last sentence of section 1490a(a)(1)(A) of this title.

**(o) Rules to encourage rehabilitation or purchase of existing buildings; regulations to facilitate marketability of insured or guaranteed loans in secondary mortgage market**

(1) The Secretary shall promulgate rules which encourage the rehabilitation or purchase of existing buildings for the purpose of providing housing which is economical in cost and operation.

(2) Not later than the expiration of the 90-day period following April 7, 1986, the Secretary shall issue regulations to facilitate the marketability in the secondary mortgage market of loans insured or guaranteed under this section. Such regulations shall ensure that such loans are competitive with other loans and mortgages insured or guaranteed by the Federal Government.

### § 1490a. Loans to provide occupant owned, rental, and cooperative housing for low and moderate income, elderly or handicapped persons or families

#### (a) Interest rates; additional assistance; payments to owners; rent limitations

(1)(A) Notwithstanding the provisions of sections 1472, 1487(a) and 1485 of this title, loans to persons of low or moderate income under section 1472 or 1487(a)(1)<sup>1</sup> of this title, loans under section 1485 of this title to provide rental or cooperative housing and related facilities for persons and families of low or moderate income or elderly or handicapped persons or families and loans under section 1490f of this title to provide condominium housing for persons and families of low or moderate income, shall bear interest at a rate prescribed by the Secretary at not less than a rate determined by the Secretary of the Treasury upon the request of the Secretary taking

into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum. Any loan guaranteed under this subchapter shall bear interest at such rate as may be agreed upon by the borrower and the lender.

(B) From the interest rate so determined, the Secretary may provide the borrower with assistance in the form of credits so as to reduce the effective interest rate to a rate not less than 1 per centum per annum for such periods of time as the Secretary may determine for applicants described in subparagraph (A) if without such assistance such applicants could not afford the dwelling or make payments on the indebtedness of the rental or cooperative housing. In the case of assistance provided under this subparagraph with respect to a loan under section 1472 of this title, the Secretary may not reduce, cancel, or refuse to renew the assistance due to an increase in the adjusted income of the borrower if the reduction, cancellation, or nonrenewal will cause the borrower to be unable to reasonably afford the resulting payments required under the loan.

(C) For persons of low income under section 1472 or 1487(a) of this title who the Secretary determines are unable to afford a dwelling with the assistance provided under subparagraph (B) and when the Secretary determines that assisted rental housing programs (as authorized under this subchapter, the National Housing Act [12 U.S.C. 1701 et seq.], and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]) would be unsuitable in the area in which such persons reside, the Secretary may provide additional assistance, pursuant to amounts approved in appropriation Acts and for such periods of time as the Secretary may determine, which may be in an amount not to exceed the difference between (i) the amount determined by the Secretary to be necessary to pay the principal indebtedness, interest, taxes, insurance, utilities, and maintenance, and (ii) 25 per centum of the income of such applicant. The amount of such additional assistance which may be approved in appropriation Acts may not exceed an aggregate amount of \$100,000,000. Such additional assistance may not be so approved with respect to any fiscal year beginning on or after October 1, 1981.

(D)(i) With respect to borrowers under section 1472 or 1487(a) of this title who have received assistance under subparagraph (B) or (C), the Secretary shall provide for the recapture of all or a portion of such assistance rendered upon the disposition or nonoccupancy of the property by the borrower. In providing for such recapture, the Secretary shall make provisions to provide incentives for the borrower to maintain the property in a marketable condition. Notwithstanding any other provision of law, any such assistance whenever rendered shall constitute a debt secured by the security instruments given by the borrower to the Secretary to the extent that the Secretary may provide for recapture of such assistance.

(ii) In determining the amount recaptured under this subparagraph with respect to any loan made pursuant to section 1472(a)(3) of this

<sup>1</sup> See References in Text note below.

title for the purchase of a dwelling located on land owned by a community land trust, the Secretary shall determine any appreciation of the dwelling based on any agreement between the borrower and the community land trust that limits the sale price or appreciation of the dwelling.

(E) Except for Federal or State laws relating to taxation, the assistance rendered to any borrower under subparagraphs (B) and (C) shall not be considered to be income or resources for any purpose under any Federal or State laws including, but not limited to, laws relating to welfare and public assistance programs.

(F) Loans subject to the interest rates and assistance provided under this paragraph (1) may be made only when the Secretary determines the needs of the applicant for necessary housing cannot be met with financial assistance from other sources including assistance under the National Housing Act [12 U.S.C. 1701 et seq.] and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(G) Interest on loans under section 1472 or 1487(a) of this title to victims of a natural disaster shall not exceed the rate which would be applicable to such loans under section 1472 of this title without regard to this section.

(2)(A) The Secretary shall make and insure loans under this section and sections 1484, 1485, and 1487 of this title to provide rental or cooperative housing and related facilities for persons and families of low income in multifamily housing projects, and shall make, and contract to make, assistance payments to the owners of such rental, congregate, or cooperative housing in order to make available to low-income occupants of such housing rentals at rates commensurate to income and not exceeding the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs. Any rent or contribution of any recipient shall not increase as a result of this section or any other provision of Federal law or regulation by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law or regulation.

(B) The owner of any project assisted under this paragraph or paragraph (5) shall be required to provide at least annually a budget of operating expenses and record of tenants' income. The budget (and the income, in the case of a project assisted under this paragraph) shall be used to determine the amount of the assistance for each project.

(C) The project owner shall accumulate, safeguard, and periodically pay to the Secretary any rental charges collected in excess of basic rental charges as established by the Secretary in conformity with subparagraph (A). These funds may be credited to the appropriation and used by the Secretary for making such assistance payments through the end of the next fiscal year. Notwithstanding the preceding sentence, excess funds received from tenants in projects financed under

section 1485 of this title during a fiscal year shall be available during the next succeeding fiscal year, together with funds provided under subparagraph (D), to the extent approved in appropriations Acts, to make assistance payments to reduce rent overburden on behalf of tenants of any such project whose rents exceed the levels referred to in subparagraph (A). In providing assistance to relieve rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(D) The Secretary, to the extent approved in appropriation Acts, may enter into rental assistance contracts aggregating not more than \$398,000,000 in carrying out subparagraph (A) with respect to the fiscal year ending on September 30, 1982.

(E) In order to assist elderly or handicapped persons or families who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit rental assistance to be used by such persons or families if the shared housing arrangement is in a single-family dwelling. For the purpose of this subparagraph, the Secretary shall prescribe minimum habitability standards to assure decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(3)(A) In the case of loans under sections 1484 and 1485 of this title approved prior to the effective date of this paragraph with respect to which rental assistance is provided, the rent for tenants receiving such assistance shall not exceed the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs.

(B) In the case of a section 1485 loan approved prior to the effective date of this paragraph with respect to which interest credits are provided, the tenant's rent shall not exceed the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs, or, where no rental assistance authority is available, the rent level established on a basis of a 1 per centum interest rate on debt service.

(C) No rent for a unit financed under section 1484 or 1485 of this title shall be increased as a result of this subsection or other provision of Federal law or Federal regulation by more than 10 per centum in any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law, or regulation.

(4) In the case of a loan with respect to the purchase of a manufactured home with respect

to which rental assistance is provided, the monthly payment for principal and interest on the manufactured home and for lot rental and utilities shall not exceed the highest of (A) 30 per centum of monthly adjusted income, (B) 10 per centum of monthly income, or (C) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs.

(5) OPERATING ASSISTANCE FOR MIGRANT FARMWORKER PROJECTS.—

(A) AUTHORITY.—In the case of housing (and related facilities) for migrant farmworkers provided or assisted with a loan under section 1484 of this title or a grant under section 1486 of this title, the Secretary may, at the request of the owner of the project, use amounts provided for rental assistance payments under paragraph (2) to provide assistance for the costs of operating the project. Any tenant or unit assisted under this paragraph may not receive rental assistance under paragraph (2).

(B) AMOUNT.—In any fiscal year, the assistance provided under this paragraph for any project shall not exceed an amount equal to 90 percent of the operating costs for the project for the year, as determined by the Secretary. The amount of assistance to be provided for a project under this paragraph shall be an amount that makes units in the project available to migrant farmworkers in the area of the project at rates not exceeding 30 percent of the monthly adjusted incomes of such farmworkers, based on the prevailing incomes of such farmworkers in the area.

(C) SUBMISSION OF INFORMATION.—The owner of a project assisted under this paragraph shall be required to provide to the Secretary, at least annually, a budget of operating expenses and estimated rental income, which the Secretary may use to determine the amount of assistance for the project.

(D) DEFINITIONS.—For purposes of this paragraph, the following definitions shall apply:

(i) The term "migrant farmworker" has the same meaning given such term in section 1486(k)(7) of this title.

(ii) The term "operating cost" means expenses incurred in operating a project, including expenses for—

(I) administration, maintenance, repair, and security of the project;

(II) utilities, fuel, furnishings, and equipment for the project; and

(III) maintaining adequate reserve funds for the project.

**(b) Location in rural areas; inclusion of qualified nonrural residents who will become rural residents**

Housing and related facilities provided with loans described in subsection (a) of this section shall be located in rural areas; and applicants eligible for such loans under section 1472, 1487(a)(1),<sup>2</sup> or 1490f(a) of this title, or for occupancy of housing provided with such loans under section 1485 or 1490f(c) of this title, shall include

otherwise qualified nonrural residents who will become rural residents.

**(c) Reimbursement of Rural Housing Insurance Fund**

There shall be reimbursed to the Rural Housing Insurance Fund by annual appropriations (1) the amounts by which nonprincipal payments made from the fund during each fiscal year to the holders of insured loans described in subsection (a)(1) of this section exceed interest due from the borrowers during each year, and (2) the amount of assistance payments described in subsections (a)(2) and (a)(5) of this section. There are authorized to be appropriated to the Rural Housing Insurance Fund such sums as may be necessary to reimburse such fund for the amount of assistance payments described in subsection (a)(1)(C) of this section. The Secretary may from time to time issue notes to the Secretary of the Treasury under section 1487(h) and of this title and section 1490f of this title to obtain amounts equal to such unreimbursed payments, pending the annual reimbursement by appropriation.

**(d) Rental assistance contract authority; preconditions, limitations, etc.**

(1) In utilizing the rental assistance payments authority pursuant to subsection (a)(2) of this section—

(A) the Secretary shall make such assistance available in existing projects for units occupied by low income families or persons to extend expiring contracts or to provide additional assistance when necessary to provide the full amount authorized pursuant to existing contracts;

(B) any such authority remaining after carrying out subparagraph (A) shall be used in projects receiving commitments under section 1484, 1485, or 1486 of this title after fiscal year 1983 for contracts to assist very low-income families or persons to occupy the units in such projects, except that not more than 5 percent of the units assisted may be occupied by low income families or persons who are not very low-income families or persons; and

(C) any such authority remaining after carrying out subparagraphs (A) and (B) may be used to provide further assistance to existing projects under section 1484, 1485, or 1486 of this title.

(2) The Secretary shall transfer rental assistance contract authority under this section from projects where such authority is unused after initial rentup and not needed because of a lack of eligible tenants in the area to projects where such authority is needed.

**(e) Increases in rent or contribution of any recipient**

Any rent or contribution of any recipient or any tenant in a project assisted under subsection (a)(5) of this section shall not increase as a result of this section, any amendment thereto, or any other provision of Federal law or regulation by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law or regulation.

The selection of training sites and location of housing shall be made with due regard to the economic viability of the area, and only after consideration of a labor area survey and full coordination among all Government agencies having primary responsibility for administering related programs.

#### (b) Quality of housing and related facilities; design and location

Housing and related facilities assisted under this section shall be safe and sanitary, constructed in the most economical manner, and of modest design, giving due consideration to the purposes to be served and the needs of the occupants, and may, in the discretion of the Secretary, include mobile family quarters. Design and location shall be such as to facilitate, as feasible, the use of such housing and related fa-

cilities for other purposes when no longer needed for the primary purpose.

**(c) Contribution of land by applicant**

The applicant shall contribute the necessary land, or funds to acquire such land, from its own resources, including land acquired by donation or from funds repayable under subsection (e) of this section or borrowed from other sources.

**(d) Conditions precedent to grant of financial assistance**

No financial assistance shall be made available under this section unless, to the extent and for the periods required by the Secretary, the applicant agrees that—

(1) such housing will be maintained at all times in a safe and sanitary condition in accordance with standards prescribed by State or local law, or, in the absence of such standards, with requirements prescribed by the Secretary;

(2) priority shall be given at all times, in granting occupancy of such housing and facilities, to the trainees and their families described in subsection (a) of this section; and

(3) rentals charged them shall not exceed amounts approved by the Secretary after considering the portion of the actual total family income which the family can afford to pay for rent while meeting its other immediate needs during occupancy.

**(e) Advances; repayment; limitation on amount**

The Secretary may make advances pursuant to any contract for financial assistance under this section at such times and in such manner as may be specified in the contract. Such advances for the purchase of land shall be repayable with interest and within a period not to exceed thirty-three years and may be made upon such security, if any, as the Secretary requires. Advances for other purposes may be made repayable with or without interest or nonrepayable, as determined by the Secretary on the basis of the anticipated income, and cost of operation of the housing and related facilities and the ability of each applicant to finance such facilities. Any advances shall be limited to cover the capital costs of constructing such facilities, plus interest on borrowings to cover such costs.

**(f) Sale of housing and related facilities to ineligible transferee or diversion to use other than primary purpose; repayment of advances; return of property to original condition**

Should housing and related facilities assisted pursuant to a contract under this section be sold to an ineligible transferee or diverted to a use other than its primary purpose within a period specified in the contract, all advances made under such contract shall be repaid to the Secretary, up to the amount of the sales price or the fair value of the property as determined by the Secretary, whichever is higher, with interest from the date of the sale or diversion. If no suitable alternate use of the property is available, as determined by the Secretary, after the purpose of this section can no longer be served, the property shall be returned to its original condition by the recipient of the assistance.

**(g) Interest on advances**

Interest charged on advances made under this section shall be at a rate, prescribed by the Secretary, which shall be not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum, less not to exceed the difference between the adjusted rate determined by the Secretary of the Treasury and 1 per centum per annum, as determined by the Secretary.

**(i) "Related facilities" and "trainee" defined**

As used in this section (1) the term "related facilities" shall include any necessary community rooms or buildings, infirmaries, utilities, access roads, water and sewer services, and the minimum fixed or movable equipment determined by the Secretary to be necessary to make the housing reasonably habitable by trainees and their families; and (2) the term "trainee" means any person receiving training under any federally assisted training program.

**(d) "Construction" defined**

##### (b) Preliminary reservation of assistance at time of initial approval of project

In making available the assistance authorized by section 1483 of this title and section 1490a(a) of this title with respect to projects involving insured and guaranteed loans and interest credits and rental assistance payments, the Secretary shall process and approve requests for such assistance in a manner that provides for a preliminary reservation of assistance at the time of initial approval of the project.

###### (1) In general

The Secretary shall make assistance under section 1485 of this title available pursuant to an objective procedure established by the Secretary, under which the Secretary shall identify counties and communities having the greatest need for such assistance and designate such counties and communities to receive such assistance.

###### (2) Objective measures

The Secretary shall use the following objective measures to determine the need for rental housing assistance under paragraph (1):

(A) The incidence of poverty.

(B) The lack of affordable housing and the existence of substandard housing.

(C) The lack of mortgage credit.

(D) The rural characteristics of the location.

(E) Other factors as determined by the Secretary, demonstrating the need for affordable housing.

#### § 1490m. Housing preservation grants

##### (a) Statement of purposes

The purpose of this section is to authorize the Secretary to make grants to eligible grantees including private nonprofit organizations, Indian tribes, general units of local government, counties, States, and consortia of other eligible grantees, in order to—

(1) rehabilitate or replace single family housing in rural areas which is owned by low- and very low-income persons and families, and

(2) rehabilitate or replace rental properties or cooperative housing which has a membership resale structure that enables the cooperative to maintain affordability for persons of low income in rural areas serving low- and very low-income occupants.

The Secretary may also provide tenant-based assistance as provided under section 1437f of this title or section 1490r of this title upon the request of grantees in order to minimize the displacement of very low-income tenants residing in units rehabilitated or replaced with assistance under this section.

##### (b) Mandatory program requirements

Preservation programs assisted under this section shall—

(1) be used to provide loans or grants to owners of single family housing in order to cover the cost of repairs and improvements;

(2) be used to provide loans or grants, not to exceed \$15,000 per unit, to owners of single family housing to replace existing housing if repair or rehabilitation of the housing is determined by the Secretary not to be practicable and the owner of the housing is unable to afford a loan under section 1472 of this title for replacement housing;

(3) be used to provide interest reduction payment;

(4) be used to provide loans or grants to owners of rental housing, except that rental reha-

bilitation or replacement assistance provided under this subsection for any structure shall not exceed 75 per centum of the total costs associated with the rehabilitation or replacement of that structure;

(5) be used to provide other comparable assistance that the Secretary deems appropriate to carry out the purpose of this section, designed to reduce the costs of such repair, rehabilitation, and replacement in order to make such housing affordable by persons of low income and, to the extent feasible, by persons and families whose incomes do not exceed 50 per centum of the area median income;

(6) benefit low- and very low-income persons and families in rural areas, without causing the displacement of current residents; and

(7) raise health and safety conditions to meet those specified in section 1479(a) of this title.

**(c) Allocation formula; transfer of funds; maximum amounts**

(1) The Secretary shall allocate grant funds under this section for use in each State on the basis of a formula contained in a regulation prescribed by the Secretary using the average of the ratios between—

(A) the population of the rural areas in that State and the population of the rural areas of all States;

(B) the extent of poverty in the rural areas in that State and the extent of poverty in the rural areas of all States; and

(C) the extent of substandard housing in the rural areas of that State and the extent of substandard housing in the rural areas of all States.

Any funds which are allocated to a State but uncommitted to grantees will be transferred to the State office of the Farmers Home Administration in a timely manner and be used for authorized rehabilitation activities under section 1474 of this title. Funds obligated, but subsequently unspent and deobligated, may remain available, to the extent provided in appropriations Acts, for use as housing preservation grants in ensuing fiscal years.

(2) Unless there is only one eligible grantee in a State, a single grantee may not receive more than 50 per centum of a State's allocation.

**(d) Statement of activity by grantee; submission; contents; availability; consultations; evaluation by Secretary; criteria applicable; maximum amounts**

(1) Eligible grantees may submit a statement of activity to the Secretary at the time specified by the program administrator, containing a description of its proposed preservation program. The statement shall consist of the activities each entity proposes to undertake for the fiscal year, and the projected progress in carrying out those activities. The statement of activities shall be made available to the public for comment.

(2) In preparing such statement, the grantee shall consult with and consider the views of appropriate local officials.

(3) The Secretary shall evaluate the merits of each statement on the basis of such criteria as

the Secretary shall prescribe, including the extent—

(A) to which the repair, rehabilitation, and replacement activities will assist persons of low income who lack adequate shelter, with priority given to applications assisting the maximum number of persons and families whose incomes do not exceed 50 per centum of the area median income;

(B) to which the repair, rehabilitation, and replacement activities include the participation of other public or private organizations in providing assistance, in addition to the assistance provided under this section, in order to lower the costs of such activities or provide for the leveraging of available funds to supplement the rural housing preservation grant program;

(C) to which such activities will be undertaken in rural areas having populations below 10,000 or in remote parts of other rural areas;

(D) to which the repair, rehabilitation, and replacement activities may be expected to result in achieving the greatest degree of repair or improvement for the least cost per unit or dwelling;

(E) to which the program would minimize displacement;

(F) to which the program would alleviate overcrowding in rural residences inhabited by low- and very low-income persons and families;

(G) to which the program would minimize the use of grant funds for administrative purposes; and

(H) to which the owner agrees to meet the requirement of subsection (e)(1)(B)(iv) of this section for a period longer than 5 years;

and shall assess the demonstrated capacity of the grantee to carry out the program as well as the financial feasibility of the program.

(4) The amount of assistance provided under this section with respect to any housing shall be the least amount that the Secretary determines is necessary to provide, through the repair and rehabilitation, or replacement, of such housing, decent housing of modest design that is affordable for persons of low income.

(5) A grantee may use housing preservation grant funds under this section for replacement housing only after providing documentation to the Secretary that—

(A) the existing housing is in such poor condition that rehabilitation is not economically feasible;

(B) the owner of the housing lacks the income or repayment ability necessary to qualify for a loan under section 1472 of this title; and

(C) the grantee will extend assistance to the owner of the housing under terms that the owner can afford.

**(e) Limitations on assistance; failure to implement required agreement**

(1) Assistance under this section may be provided with respect to rental or cooperative housing only if—

(A) the owner has entered into such agreements with the Secretary as may be necessary to assure compliance with the requirements of

this section, to assure the financial feasibility of such housing, and to carry out the other provisions of this section;

(B) the owner agrees—

(i) to pass on to the tenants any reduction in the debt service payments resulting from the assistance provided under this section;

(ii) not to convert the units to condominium ownership (or in the case of a cooperative, to condominium ownership or any form of cooperative ownership not eligible for assistance under this section);

(iii) not to refuse to rent a dwelling unit in the structure to a family solely because the family is receiving or is eligible to receive assistance under any Federal, State, or local housing assistance program; and

(iv) that the units repaired and rehabilitated with such assistance will be occupied, or available for occupancy, by persons of low income;

during the 5-year period beginning on the date on which the units in the housing are available for occupancy;

(C) the unit of general local government or nonprofit organization that receives the assistance certifies to the satisfaction of the Secretary that the assistance will be made available in conformity with Public Law 88-352 [42 U.S.C. 2000a et seq.] and Public Law 90-284;

(D) the owner agrees to enter into and abide by written leases with the tenants, which leases shall provide that tenants may be evicted only for good cause; and

(E) the unit of general local government or nonprofit organization will agree to supervise repairs and rehabilitation and will agree to have a disinterested party inspect such repairs and rehabilitation.

(2) Assistance under this section provided with respect to any housing other than rental or cooperative housing may be provided only if the owner complies with the requirements set forth in subparagraph (E) of paragraph (1) and any other requirements established by the Secretary to carry out the purpose of this section.

(3)(A) The Secretary shall provide that if the owner or his or her successors in interest fail to carry out the agreements described in subparagraphs (A) and (B) of paragraph (1) during the applicable period, the owner or his or her successors in interest shall make a payment to the Secretary of an amount that equals the total amount of assistance provided under this section with respect to such housing, plus interest thereon (without compounding), for each year and any fraction thereof that the assistance was outstanding, at a rate determined by the Secretary taking into account the average yield on outstanding marketable long-term obligations of the United States during the month preceding the date on which the assistance was made available.

(B) Notwithstanding any other provision of law, any assistance provided under this section shall constitute a debt, which is payable in the case of any failure to carry out the agreements described in subparagraphs (A), (B), and (C) of paragraph (1), and shall be secured by the security instruments provided by the owner to the Secretary.

**(f) Advance payments of assistance**

The Secretary shall provide for such advance payments of assistance under this section as the Secretary determines is necessary to effectively carry out the provisions of this section.

**(g) Annual review and audit by Secretary of activities; adjustment, etc., of resources; re-allocation of amounts**

The Secretary shall, at least on an annual basis, make such review and audits as may be necessary or appropriate to determine whether the grantee has carried out its activities in a timely manner and in accordance with the requirements of this section, the degree to which the activities assisted benefitted low income families or persons and very low-income families or persons who lacked adequate housing, and whether the grantee has a continuing capacity to carry out the activities in a timely manner. The Secretary may adjust, reduce, or withdraw resources made available to grantees receiving assistance under this section, or take other action as appropriate in accordance with the findings of these reviews and audits. Any amounts which become available as a result of actions under this subsection shall be reallocated as housing preservation grants to such grantee or grantees as the Secretary may determine.

**(h) Rules and regulations; delegation of authority**

(1) The Secretary is authorized to prescribe such rules and regulations and make such delegations of authority as he deems necessary to carry out this section within 90 days after November 30, 1983.

(2) The Secretary shall, not later than the expiration of the 30-day period following February 5, 1988, issue regulations to carry out the program of grants under subsection (a)(2) of this section.

**(i) National historic preservation objectives affected by rehabilitation activities; establishment of procedures for determining consonant purposes and measures**

The Secretary shall establish procedures which support national historic preservation objectives and which assure that, if any rehabilitation proposed to be assisted under this section would affect property that is included or is eligible for inclusion on the National Register of Historic Places, such activity shall not be undertaken unless (1) it will reasonably meet the standards for rehabilitation issued by the Secretary of the Interior and the appropriate State historic preservation officer is afforded the opportunity to comment on the specific rehabilitation plan, or (2) the Advisory Council on Historic Preservation is afforded an opportunity to comment on cases for which the recipient of assistance, in consultation with the State historic preservation officer, determines that the proposed rehabilitation activity cannot reasonably meet such standards or would adversely affect historic property as defined therein.

Each loan guaranteed pursuant to this section shall—

**(h) Authority for lenders to issue certificates of guarantee**

The Secretary may authorize certain eligible lenders to determine whether a loan meets the requirements for guarantee under this section and, subject to the availability of authority to enter into guarantees under this section, execute a firm commitment for a guarantee binding upon the Secretary and issue a certificate of guarantee evidencing a guarantee, without review and approval by the Secretary of the specific loan. The Secretary may establish standards for approving eligible lenders for a delegation of authority under this subsection.

In the event of default by the borrower on a loan guaranteed under this section, the holder of the guarantee certificate for the loan shall provide written notice of the default to the Secretary.

After receiving notice under paragraph (1) and providing written notice of action under this paragraph to the Secretary, the holder of the guarantee certificate for the loan may initiate foreclosure proceedings for the loan in a court of competent jurisdiction, in accordance with regulations issued by the Secretary, to obtain possession of the security property. After the court issues a final order authorizing foreclosure on the property, the holder of the certificate shall be entitled to payment by the Secretary under the guarantee (in the amount provided under subsection (b) of this section) upon (A) submission to the Secretary of a claim for payment under the guarantee, and (B) assignment to the Secretary of all the claims of the holder of the guarantee against the borrower or others arising out of the loan transaction or foreclosure proceedings, except claims released with the consent of the Secretary.

**(4) Requirements**

Before any payment under a guarantee is made under paragraph (2) or (3), the holder of the guarantee certificate shall exhaust all reasonable possibilities of collection on the loan guaranteed. Upon payment, in whole or in part, to the holder, the note or judgment evidencing the debt shall be assigned to the United States and the holder shall have no further claim against the borrower or the United States. The Secretary shall then take such action to collect as the Secretary determines appropriate.

**(j) Violation of guarantee requirements by lenders issuing guarantees****(1) Indemnification**

If the Secretary determines that a loan guaranteed by an eligible lender pursuant to delegation of authority under subsection (h) of this section was not originated in accordance

with the requirements under this section and the Secretary pays a claim under the guarantee for the loan, the Secretary may require the eligible lender authorized under subsection (h) of this section to issue the guarantee certificate for the loan—

(A) to indemnify the Secretary for the loss, if the payment under the guarantee was made within a reasonable period specified by the Secretary; or

(B) to indemnify the Secretary for the loss regardless of when payment under the guarantee was made, if the Secretary determines that fraud or misrepresentation was involved in connection with the origination of the loan.

**(2) Termination of authority to issue guarantees**

The Secretary may cancel a delegation of authority under subsection (h) of this section to an eligible lender if the Secretary determines that the lender has violated the requirements and procedures for guaranteed loans under this section or for other good cause. Any such cancellation shall be made by giving notice to the eligible lender and shall take effect upon receipt of the notice by the mortgagee or at a later date, as the Secretary may provide. A decision by the Secretary to cancel a delegation shall be final and conclusive and shall not be subject to judicial review.

The Secretary shall provide for an independent entity to conduct a study to determine the extent to which borrowers in the United States will utilize loan guarantees under this section, the rural areas in the United States in which borrowers can best utilize and most need loans guaranteed under this section, and the rural areas in the United States in which housing of the type eligible for a loan guarantee under this section is most needed by low- and moderate-income families. The Secretary shall require the independent entity conducting the study to submit a report to the Secretary and to the Congress describing the results of the study not later than the expiration of the 90-day period beginning on March 28, 1996.

Allocations under this section may be made for each of the fiscal years ending during the 3-year period beginning on the declaration of the disaster by the President.

**(2) Amount**

Subject to the availability of amounts pursuant to appropriations Acts, assistance under

The assistance made available under this section may be used for the housing purposes authorized under this subchapter, and the Secretary shall issue such regulations as may be necessary to carry out this section to assure the prompt and expeditious use of such funds for the restoration of decent, safe, and sanitary housing within the areas described in subsection (a)(1) of this section. In implementing this section, the Secretary shall evaluate the natural hazards to which any permanent replacement housing is exposed and shall take appropriate action to mitigate such hazards.

SUBCHAPTER VII—DISPOSAL OF WAR AND VETERANS' HOUSING

§ 1581. Housing disposition

(a) **Mandatory transfers**

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development shall (subject to the provisions of this section) relinquish and transfer, without monetary consideration, to any State or political subdivision thereof, local housing authority, local public agency, nonprofit organization, or educational institution, all contractual rights (including the right to revenues and other proceeds) and all property right, title, and interest of the United States in and with respect to (1) any temporary housing located on land owned or controlled by such transferee and in which the United States has no leasehold or other property interest, and (2) housing materials which have been made available to the transferee by the Secretary of Housing and Urban Development pursuant to section 1572 of this title.

(b) **Transfer to provide housing for parents of deceased World War II servicemen**

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than that specifically required by this subsection, to any State, county, municipality, or local housing authority, or to any educational institution where the housing involved is being operated for its student veterans or where the land underlying the housing is in the ownership of two or more educational institutions, or to any other local public agency or nonprofit organization where the housing involved has been made available by the United States to such agency or organization pursuant to section 1572 of this title or where the Secretary of Housing and Urban Development determines that the housing involved is urgently needed by parents of persons who served in the Armed forces at any time on or after September 16, 1940, and prior to July 26, 1947, or on or after June 27, 1950, and prior to such date thereafter as shall be determined by the President and died of service-connected illness or injury (in which case the preferences in subsection (d)(1) of this section shall not apply), all right, title, and interest of the United States in and with respect to any temporary housing (excluding commercial facilities which the Secretary of Housing and Urban Development determines are suitable for separate disposal and community facilities which the Secretary of Housing and Urban Development determines should be disposed of separately) located on land in which the United States has a property interest through ownership, lease, or otherwise, under the following conditions:

(1) If the land is owned by the United States and under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the

Secretary of Housing and Urban Development at a price substantially equal to the cost to the United States of the land (including survey, title examination, and other similar expenses incident to acquisition but excluding the cost or value of all improvements thereto by the United States other than extraordinary fill), or, if the Secretary of Housing and Urban Development determines the amount of such cost to be nominal or not readily ascertainable, at a price which the Secretary of Housing and Urban Development determines to be fair and reasonable. Payment for such land shall be made in full at the time of sale or in not more than ten equal annual installments (the first of which shall be paid within one year from the date of conveyance) all of which shall be secured as determined by the Secretary of Housing and Urban Development with interest from the date of conveyance at the going Federal rate of interest at the time of conveyance.

(2) If the land is owned by the United States and not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the Federal agency having jurisdiction thereof. The Federal agency having jurisdiction of any such land is authorized to sell and convey the same to any such transferee on the terms authorized herein except that the determinations required to be made by the Secretary of Housing and Urban Development shall be made by the agency having jurisdiction of such land.

(3) If the United States does not own the land but has an interest therein through lease or otherwise, the transferee shall (i) where it is not the landowner, obtain the right to possession of such land for a term satisfactory to the Secretary of Housing and Urban Development, (ii) obtain from the landowner a release (or, if the transferee is the landowner, furnish a release) of the United States from all liability in connection therewith, including any liability for removal of structures or restoration of the land, except for any rental or use payment due at the time of transfer, and (iii) reimburse the United States for the proportionate amount of any payments made by the United States for the right to use the land and for taxes or payments in lieu of taxes for any period extending beyond the time of the transfer, and (iv) if the interest of the United States is not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall obtain a transfer or release of the interest of the United States from the Federal agency having jurisdiction, which transfers and releases by such Federal agencies are authorized on such terms as the head of the respective agency determines to be in the public interest.

(c) **Requests for relinquishment and transfer**

The filing of a request under subsections (a), (b), (g), or (h) of this section must be made on or before June 30, 1953, unless the Secretary of Housing and Urban Development shall, in any specific case, authorize the filing of a request subsequent to such date but on or before June

30, 1951, and, in any such case, the Secretary of Housing and Urban Development may extend, for a specified period not beyond December 31, 1951, the time hereinafter prescribed for complying with all conditions to the relinquishment or transfer. Such request shall be in the form of a resolution adopted by the governing body of the applicant, except that, in the case of a State, such request may be in the form of a written request from the governor, and, in the case of a local housing authority (other than the Alaska Housing Authority), or a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment, shall be accompanied by a resolution of the governing body of the municipality or county approving the request for transfer. Such request shall be accompanied by either (1) a final opinion of the chief law officer or legal counsel of the applicant to the effect that it has legal authority to make the request, to accept the transfer of and operate any property involved, and to perform its obligations under this subchapter, or (2) a preliminary opinion of such officer or counsel concerning the legal authority of the applicant with respect to the proposed relinquishment or transfer including a statement of the reasons for not furnishing the final opinion with the request and the time required to furnish such opinion. If a request has been submitted as herein provided, the applicant shall comply with all conditions to the relinquishment or transfer (including the furnishing of the final legal opinion) on or before June 30, 1953: *Provided*, That, in any case where the applicant is unable to comply with all conditions to the relinquishment or transfer because of the need for the enactment of State legislation or charter amendment, such date shall be June 30, 1952, and may be extended by the Secretary of Housing and Urban Development, upon request in a particular case, to December 31, 1952. The Secretary of Housing and Urban Development shall act as promptly as practicable on any request which complies with the provisions of this section and is supported as herein required, and shall as promptly as practicable arrange for the making of any survey or the performance of other work necessary to the transfer: *Provided*, That, notwithstanding the provisions of this section, the Secretary of Housing and Urban Development may at any time, except with respect to housing for which a request has been or may be submitted under subsection (a) of this section, remove, dispose of, or retain any temporary housing, or part thereof, in accordance with any provision of subchapters II to VII of this chapter.

**(d) Representations by transferee as to use of property; preferences**

No relinquishment or transfer with respect to temporary housing shall be made under this section unless the transferee represents in its request therefor that it proposes, to the extent permitted by law:

(1) As among eligible applicants for occupancy in dwellings of given sizes and at specified rents, to extend the following preferences in the selection of tenants:

First, to families which are to be displaced by any low-rent housing project or by any

public slum-clearance or redevelopment project initiated after January 1, 1947, or which were so displaced within three years prior to making application for admission to such housing; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected, and third preference shall be given to families of other veterans and servicemen;

Second, to families of other veterans and servicemen; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected: *Provided*, That if the transferee is an educational institution it may limit such preferences to student veterans and servicemen, and their families, and may, in lieu of such preferences, make available to veterans or servicemen and their families accommodations in any housing of the institution equal in number to the accommodations relinquished or transferred to it: *And provided further*, That, notwithstanding such preferences, if the transferee is a State, political subdivision, local housing authority, or local public agency, it will, in filling vacancies in housing transferred under subsection (b) of this section, give such preferences to military personnel and persons engaged in national defense or mobilization activities as the Secretary of Defense or his designee prescribes to such transferee.

(2) Not to dispose of any right, title, or interest in the property (by sale, transfer, grant, exchange, mortgage, lease, release, termination of the leasehold, or any other relinquishment of interest) either (i) for housing use on the present site or on any other site except to a State or political subdivision thereof, local housing authority, a local public agency, or an educational or eleemosynary institution, or (ii) for any other use unless the governing body of the municipality or county shall have adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are satisfactory for such use and need not be removed: *Provided*, That this representation will not apply to any disposal through demolition for salvage, lease to tenants for residential occupancy, or lease of nondwelling facilities for the continuance of a use existing on the date of transfer, or where such disposal is the result of a bona fide foreclosure or other proceeding to enforce rights given as security for a loan to pay for land under this section: *And provided further*, That nothing contained in this paragraph shall be construed as applicable to

the disposition of any land or interest therein after the removal of the structures therefrom.

(3) To manage and operate the property involved in accordance with sound business practices, including the establishment of adequate reserves.

(4) Whenever the structures involved, or a substantial portion thereof, are terminated for housing use and are not to be used for a specific nonhousing use, to promptly demolish such structures terminated for housing use and clear the site thereof.

**(e) Waiver of removal requirements**

Any relinquishment or transfer by the Secretary of Housing and Urban Development under this section shall constitute a waiver of the requirements of section 1553 of this title (and any contractual obligations pursuant thereto) for removing the housing involved if the request for such relinquishment or transfer was made, as authorized herein, by the governing body of the municipality or county, or by the local housing authority, or, in other cases, if, prior to or within six months after the date of the relinquishment or transfer, there is filed with the Secretary of Housing and Urban Development a resolution of such governing body specifically approving (1) the unconditional waiver of such requirements or (2) the waiver of such requirements subject to conditions specified in the resolution. Any such conditions shall not affect the waiver of removal requirements hereunder, and the United States shall assume no responsibility for compliance therewith.

**(f) Disposition of net revenue and proceeds; transfer charges**

In any relinquishment or transfer under this section, the net revenues and other proceeds from such housing to which the United States is entitled on the basis of periodic settlements shall continue to accrue to the United States until the end of the month in which the relinquishment or transfer is made, and the obligation of the transferee to pay such accrued amounts shall not be affected by this section. The Secretary of Housing and Urban Development may charge to the transferee the cost to the United States of any survey, title information, or other item incidental to the transfer.

**(g) Transfers for slum clearance and community redevelopment projects**

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than payment for land involved as specifically required by subsection (b) of this section, to any local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment in a municipality in which the total number of persons, who on December 31, 1948, were living in temporary family accommodations provided by the United States or any agency thereof since September 8, 1939, exceeded the total population of such municipality as shown by the 1940 census, all right, title, and interest of the United States in and with respect to any temporary housing located in such municipality

under the conditions set forth in subsection (b) of this section. Notwithstanding the provisions of subsection (b) of this section, the Secretary of Housing and Urban Development shall not relinquish or transfer any right, title, or interest of the United States in and with respect to any temporary housing situated in such a municipality except as set forth in this subsection if at the time of the relinquishment or transfer there is in existence in such a municipality a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment.

**(h) Transfers of temporary housing of masonry construction**

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section except the provisions of subsection (d) of this section) relinquish and transfer to any municipality, without monetary consideration other than payment for the land involved as specifically required by subsection (b) of this section, all right, title, and interest of the United States in and with respect to unoccupied temporary housing of masonry construction located in such municipality: *Provided*, That such housing has been wholly or partially stripped of trim and fixtures prior to April 20, 1950 and the municipality adopts a resolution determining that the structures, with proposed improvements, will be suitable for long-term housing use.

**§ 1585. Acquisition of housing sites**

**(a) Lease, condemnation or purchase; temporary housing**

The Secretary of Housing and Urban Development may continue by lease or condemnation any interest less than a fee simple in lands heretofore acquired by the Secretary of Housing and Urban Development for national defense or war housing or for veterans' housing (whether of permanent or temporary character), or held by any Federal agency in connection therewith, and may acquire, by purchase or condemnation, a fee simple title to or lesser interest in any such lands if the Secretary of Housing and Urban Development determines that the acquisition of such fee simple or lesser interest is necessary to protect the Government's investment or to maintain the improvements constructed thereon, or that the cost of fulfilling the Government's obligation to restore the property to its original condition would equal or exceed the cost of acquiring the title thereto.

In any city in which, on March 1, 1953, there were more than ten thousand temporary housing units held by the United States of America, or any two contiguous cities in one of which there were on such date more than ten thousand temporary housing units so held, the Secretary of Housing and Urban Development may acquire, by purchase or condemnation, a fee simple title

to any or all lands in which the Secretary holds a leasehold interest, or other interest less than a fee simple, acquired by the Federal Government for national defense or war housing or for veteran's housing where (1) the Secretary of Housing and Urban Development finds that the acquisition by the Secretary of a fee simple title in the land will tend to expedite the orderly disposal or removal of temporary housing under the Secretary's jurisdiction by facilitating the availability of improved sites for privately owned housing needed to replace such temporary housing, and will tend to expedite the transition of the city from a war-affected community containing, as of said date, a large number of temporary houses to a community having additional permanent, well-planned, residential neighborhoods, (2) the local governing body of the city makes a like finding and requests the Secretary of Housing and Urban Development to acquire such title to the land, and (3) the city has furnished assurances satisfactory to the Secretary of Housing and Urban Development that no individual who is employed by, or is an official of, the government of the city in which the land is located, or any agency thereof, shall be permitted, directly or indirectly, to have any financial interest in the purchase or redevelopment of such land: *Provided*, That such acquisitions by the Secretary of Housing and Urban Development pursuant to this sentence shall be limited to not exceeding four hundred and twenty-five acres of land in the general area in which approximately one thousand five hundred units of temporary housing held by the United States of America were unoccupied on said date: *And provided further*, That funds for such acquisition by the Secretary of Housing and Urban Development, which are authorized, pursuant to subsection (c) of this section and title II of the Independent Offices Appropriation Act, 1955, to be expended from the revolving fund established by section 1701g-5 of title 12, shall be taken into consideration, to the extent that they are needed, in making any determination pursuant to the second proviso under that section. All or any part of any land so acquired by the Secretary of Housing and Urban Development may, during the five year period following the date of its acquisition, be sold by the Secretary, through negotiated sale, to such city or any local public agency where (1) the city or local public agency has represented to the Secretary of Housing and Urban Development that it is duly authorized under State law to purchase and resell such land, that such land will be made available to private enterprise for development in accordance with local zoning and other laws, and that the aggregate of such land and any other land in the same city previously sold under the authority of this paragraph to the city or a local public agency will be developed for predominantly residential use, and (2) the city or local public agency has agreed to pay the fair market value of the land as determined by the Secretary of Housing and Urban Development, after giving consideration, among other relevant information, to the cost to the Federal Government of acquiring the fee simple title and of holding the land pending sale (including estimated amounts to cover legal and overhead expenses of such ac-

quisition and to cover interest costs to the Federal Government of monies invested in the land pending sale). Any such negotiated sale of land to the city or a local public agency shall be made upon terms which require (1) that the city or public agency shall pay in cash at least one third of the price of the land upon its conveyance and the entire price within one year after its conveyance and (2) that any portion of the entire price not paid upon such conveyance shall be represented by an indebtedness which shall bear interest on outstanding balances at a rate of 4 per centum per annum and which shall be secured by a first mortgage lien upon the land or such portion of the land as the Secretary of Housing and Urban Development deems adequate to protect the financial interest of the Federal Government. The Secretary of Housing and Urban Development may, at any time that the Secretary deems it to be in the public interest to do so, dispose, under authority of other provisions of subchapters II to VII of this chapter, of any land acquired by the Secretary pursuant to this paragraph. Any land acquired by the Secretary of Housing and Urban Development pursuant to this paragraph which has not been disposed of within five years after its acquisition shall be disposed of by the Secretary as expeditiously as possible in the public interest in accordance with other authority contained in subchapters II to VII of this chapter. Notwithstanding the provisions of section 1546 of this title or any other provisions of law, no payments in lieu of taxes shall be made for any tax year beginning subsequent to the date of the acquisition of title to the property by the Secretary of Housing and Urban Development.

**(b) Land rentals**

In any case in which the Secretary of Housing and Urban Development holds, on or after April 1, 1950, an interest in land acquired by the Federal Government for national defense, war housing, or veterans' housing and where (1) the term of such interest (as prescribed in the taking or in the lease or other instruments) is for the "duration of the emergency" or "duration of the war", or "duration of the emergency" or "duration of the war" plus a specific period thereafter, or for some similarly prescribed term, and (2) the rental, award, or other consideration which the Federal Government is obligated to pay or furnish for such interest gives the owner of the land less than an annual return, after payment of real estate taxes, of 6 per centum of the lowest value placed on such land by an independent appraiser, hired by the Government to make such appraisal based on the value of the land before the acquisition of the Government's interest therein, plus 100 per centum of such value, the Secretary of Housing and Urban Development shall, upon request of the owner of the land and, notwithstanding any existing contractual or other rights or obligations, increase the amount of future payments for such interest in order to give the owner of the land a return for the Government's use thereof not exceeding the 6 per centum annual return described in (2) of this subsection: *Provided*, That this subsection shall not affect any payment heretofore made or any future payment accepted by an ob-

lige, nor shall this subsection limit the consideration which may be paid for the use of any land beyond the existing term of the Government's interest therein.

**(c) Reserve account; availability of moneys**

Notwithstanding any other provisions of law unless hereafter enacted expressly in limitation hereof, moneys shall be deposited in the reserve account established pursuant to subsections (a) and (b) of section 1543 of this title (which account is continued subject to the limitation as to amount specified in subsection (c) of section 1543 of this title) and all moneys deposited in such reserve account shall be and remain available for any or all of the purposes specified in said subsections (a) or (b) of section 1543 of this title or in this section without regard to the time prescribed in subsection (c) of section 1543 of this title with respect to covering moneys in such account into miscellaneous receipts. Moneys in such reserve accounts shall also be available for the payment of necessary expenses (which shall be considered nonadministrative expenses) in connection with administering (1) transfers pursuant to section 1581 of this title, (2) redeterminations of the temporary or permanent character of demountable housing pursuant to section 1583 of this title, (3) changes in land tenure and revisions in the consideration payable to landowners pursuant to subsections (a) and (b) of this section, and (4) transfers of permanent war housing for low-rent use pursuant to section 1586 of this title. Moneys in such reserve account shall also be available for the purpose of making improvements to, or alterations of, any permanent housing or part thereof if (1) the dwelling structures therein are designed for occupancy by not more than four families and are to be sold separately and (2) such improvement or alteration is requested by the local governing body as a condition to the acceptance of the dedication of streets or utilities or is necessary for compliance with local law or regulation relating to the continued operation or occupancy of the housing by a purchaser.

The Secretary of Housing and Urban Development is specifically authorized to convey the following housing projects to the following local public housing agencies respectively, if—

(1) on or before January 30, 1953, (i) the conveyance is requested by the governing body of the municipality or county and (ii) the public housing agency has demonstrated to the satisfaction of the Secretary of Housing and Urban Development that there is a need for low-rent housing (as such term is defined in the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]) within the area of operation of such public housing agency which is not being met by private enterprise;

In addition to the authority of the Secretary of Housing and Urban Development under the first sentence of this subsection, the Secretary is specifically authorized to convey any permanent war housing project to a local public housing agency if requested in writing, within sixty days after April 20, 1950, by such agency or the executive head of the municipality (or of the county or parish if such project is not in a municipality) within which the project is located, or by the Governor of the State where an agency of the State has authority to operate the project: *Provided*, That any conveyance by the Secretary of Housing and Urban Development pursuant to this sentence shall be subject to the same conditions and requirements as provided in this section with respect to a project specifically designated herein.

**(b) Projects as “low-rent housing”**

Upon the conveyance by the Secretary of Housing and Urban Development of any such project pursuant to the provisions of this section, such project shall constitute and be deemed to be “low-rent housing” as that term is used and defined in the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] (and to be a low-rent housing project assisted pursuant to that Act, within the meaning of section 1404a(b) of this title). Any instrument of conveyance by the Administrator stating that it is executed under subchapters II to VII of this chapter shall be conclusive evidence of compliance therewith insofar as any title or other interest in the property is concerned.

**(c) Conditions and requirements of agreements**

The agreement between the public housing agency and the Secretary of Housing and Urban Development required by subsection (a) of this section shall contain the following conditions and requirements, and may contain such further conditions, requirements, and provisions as the Secretary determines—

(1) during a period of forty years following the conveyance the project shall be administered as low-rent housing in accordance with subsections 2(1) and 2(2) of the United States Housing Act of 1937 [42 U.S.C. 1402(1) and (2)]: *Provided*, That if at any time during such period the public housing agency and the Sec-

retary of Housing and Urban Development agree that the project, or any part thereof, is no longer suitable for use as low-rent housing, the project, or part thereof, shall with the approval of the Secretary of Housing and Urban Development be sold by the public housing agency after which the agreement shall be deemed to have terminated with respect to such project or part thereof except that the proceeds from such sale, after payment of the reasonable expense thereof, shall be paid to the Secretary of Housing and Urban Development, or, with the Secretary’s approval, used to finance the repair or rehabilitation of a project or part thereof conveyed to the public housing agency under this section;

(2) the public housing agency shall, within six months following the conveyance, initiate a program for the removal of all families residing in the project on the date of conveyance who are ineligible under the provisions of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] for continued occupancy therein, and shall have required such ineligible tenants to vacate their dwellings within eighteen months after the initiation of such program: *Provided*, That military personnel as designated by the Secretary of Defense or his designee shall not be subject to such removal until eighteen months after the date of conveyance;

(3) annually during the term of such agreement, the public housing agency shall pay to the Secretary of Housing and Urban Development all income from the project remaining after deducting the amounts necessary (as determined pursuant to regulations of the Secretary of Housing and Urban Development) for (i) the payment of reasonable and proper costs of operating, maintaining, and approving such project, (ii) the payments in lieu of taxes authorized hereunder, (iii) the establishment and maintenance of reasonable and proper reserves as approved by the Secretary of Housing and Urban Development, and (iv) the payment of currently maturing installments of principal of and interest on any indebtedness incurred by such public housing agency with the approval of the Secretary of Housing and Urban Development: *Provided*, That the provisions of this paragraph shall not be applicable to any project which is consolidated under a single contract with one or more low-rent projects being assisted under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], and all income from any such project conveyed under this section may be commingled with funds of the project or projects with which it is consolidated and applied in accordance with the requirements of the consolidated contract and the provisions of section 10(c) of the said Act [42 U.S.C. 1410(c)];

(4) during the term of such agreement, the project shall be exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivisions;

(5) for the tax year in which the conveyance is made and the next succeeding tax year annual payments in lieu of taxes may be made to the State, city, county, or other political sub-

divisions in amounts not in excess of the real property taxes which would be paid to such State, city, county, or other political subdivisions if the project were not exempt from taxation; and thereafter, during the term of such agreement, payments in lieu of taxes with respect to the project may be made in annual amounts which do not exceed 10 per centum of the annual shelter rents charged in such project;

(6) in selecting tenants for such project, the public housing agency shall give such preferences as are prescribed by subsection 10(g) of the United States Housing Act of 1937 [42 U.S.C. 1410g], except that for one year after the date of conveyance of a project, the public housing agency shall, to the extent permitted by law, give such preferences, by allocation or otherwise, to military personnel as the Secretary of Defense or his designee prescribes to the public housing agency; and

(7) upon the occurrence of a substantial default in respect to the requirements and conditions to which the public housing agency is subject (as such substantial default shall be defined in such agreement), the public housing agency shall be obligated at the option of the Secretary of Housing and Urban Development, either to convey title in any case where, in the determination of the Secretary of Housing and Urban Development, (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this subchapter and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], or to deliver possession to the Secretary of Housing and Urban Development of the project, as then constituted, to which such agreement relates: *Provided*, That in the event of such conveyance of title or delivery of possession, the Secretary of Housing and Urban Development may improve and administer such project as low-rent housing, and otherwise deal with such housing or parts thereof, subject, however, to the limitations contained in the applicable provisions of the United States Housing Act of 1937. The Secretary of Housing and Urban Development shall be obligated to reconvey or to redeliver possession of the project, as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such agreement and as soon as practicable after the Secretary of Housing and Urban Development shall be satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this subchapter and the United States Housing Act of 1937, thereafter be operated in accordance with the terms of such agreement. Any prior conveyances and reconveyances, deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary of Housing and Urban Development pursuant to this paragraph upon the subsequent occurrence of a substantial default.

#### (d) Disposition of payments

At the end of each fiscal year, the total amount of payments during such year to the Secretary of Housing and Urban Development in accordance with subsection (c) of this section shall be covered into the Treasury as miscellaneous receipts.

#### (a) Public interest

The Secretary of Housing and Urban Development shall, subject to the provisions of this section, dispose of permanent war housing, other than housing conveyed pursuant to section 1586 of this title, as promptly as practicable and in the public interest.

#### (b) Preference in sales to individuals

Preference in the purchase of any dwelling structure designed for occupancy by not more than four families and offered for separate sale shall be granted to occupants and to veterans over other prospective purchasers for such period as the Secretary of Housing and Urban Development may determine and in the following order:

- (1) a veteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;
- (2) a nonveteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;
- (3) a veteran who intends to occupy a unit in the dwelling structure to be sold.

Subject to the above order of preference, the Secretary of Housing and Urban Development may establish subordinate preferences for any such dwelling structure. In the disposition of any dwellings under this section which were acquired by the United States from persons occupying the dwellings at the time of such acquisition, the Secretary of Housing and Urban Development may, notwithstanding the order of preference provided in this section, grant a first preference to such persons in the purchase of any of these dwellings for such period and under such conditions as the Secretary may determine to be appropriate and in the public interest. As used in this subsection, the term "veteran" shall include a veteran, a serviceman, or the family of a veteran or a serviceman, or the family of a deceased veteran or serviceman whose death has been determined by the Secretary of Veterans Affairs to be service-connected.

#### (c) Preference in sales of projects

In the case of any housing project required by this section to be disposed of, which is not offered for separate sale of separate dwelling structures designed for occupancy by not more than four families, such project may be sold as a whole or in such portions as the Secretary of Housing and Urban Development may determine. On such sales of an entire project or por-

tions thereof consisting of more than one dwelling structure or of an individual dwelling structure designed for occupancy by more than four families, first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project or portions thereof as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to other members of the group any tenant occupying a dwelling unit in such project, portion thereof or building, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project, portion thereof or building for sale), except that a first preference for said period of not less than ninety days nor more than six months shall be given to any group organized on a mutual or cooperative basis, which, with respect to its proposed purchase of a specific housing project or portions thereof, has, prior to August 1, 1949, been granted an exception by the Secretary of Housing and Urban Development from the sales preference provisions of Public Regulation 1 of the Housing and Home Finance Agency and has been designated as a preferred purchaser.

#### (d) Equitable selection method for each preference class

The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers to apply when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other.

#### (e) Veterans' preference

Any housing disposed of in accordance with this section shall after such disposal be deemed to be housing accommodations the construction of which was completed after June 30, 1947, within the meaning of section 1884 of Appendix to title 50, relating to preference or priority to veterans of World War II or their families.

#### (f) Terms of sales

Sales pursuant to this section shall be upon such terms as the Secretary of Housing and Urban Development shall determine: *Provided*, That full payment to the Government for the property sold shall be required within a period not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum, except that in the case of projects initially programmed as mutual housing communities under the defense housing program, the terms of sale shall not require a down payment and shall provide for full payment to the United States over a period of forty-five years with interest on unpaid balances at not more than 3 per centum per annum.

#### (g) Disregard of preferences in certain cases

The Secretary of Housing and Urban Development may dispose of any permanent war housing

without regard to the preferences in subsections (b) and (c) of this section when the Secretary determines that (1) such housing, because of design or lack of amenities, is unsuitable for family dwelling use, or (2) it is being used at the time of disposition for other than dwelling purposes, or (3) it was offered, with preferences substantially similar to those provided in the Housing Act of 1950, to veterans and occupants prior to April 20, 1950.

### § 1592a. Construction of housing

#### (a) Types, sales, preferences in purchases, and payment

Consistent with other requirements of national defense, any permanent housing constructed pursuant to the authority of this subchapter shall consist of one- to four-family dwelling structures (including row houses) so arranged that they may be offered for separate sale. All housing of permanent construction which is constructed or acquired under the authority of this subchapter shall be sold as expeditiously as possible and in the public interest taking into consideration the continuation of the need for such housing by persons engaged in national defense activities. All dwelling structures of permanent construction designed for occupancy by not more than four families (including row houses) shall be offered for sale, and preference in the purchase of any such dwelling structure shall be granted to occupants and to veterans over other prospective purchasers. As among veterans, preference in the purchase of any such dwelling structure shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected. All dwelling structures of permanent construction in any housing project which are designed for occupancy by more than four families (and other structures in such project which are not sold separately) shall be sold as an entity. On such sales first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to, other members of the group any tenant occupying a dwelling unit in such project, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project). The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other. Sales pursuant to this section shall be for cash or credit, upon such terms as the

Secretary of Housing and Urban Development shall determine, and at the fair value of the property as determined by the Secretary: *Provided*, That full payment to the Government for the property sold shall be required within a period of not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum.

#### (b) Temporary housing

Where it is necessary to provide housing under this subchapter in locations where, in the determination of the Secretary of Housing and Urban Development, there appears to be no need for such housing beyond the period during which it is needed for housing persons engaged in national defense activities, the provisions of section 1591a of this title shall not be applicable and temporary housing which is of a mobile or portable character or which is otherwise constructed so as to be available for reuse at other locations or existing housing built or acquired by the United States under authority of any other law shall be provided. Any temporary housing constructed or acquired under this subchapter which the Secretary of Housing and Urban Development determines to be no longer needed for use under this subchapter shall, unless transferred to the Department of Defense pursuant to section 1592e of this title, or reported as excess to the Administrator of the General Services Administration pursuant to the Federal Property and Administrative Services Act of 1949, as amended,<sup>1</sup> be sold as soon as practicable to the highest responsible bidder after public advertising, except that if one or more of such bidders is a veteran purchasing a dwelling unit for his own occupancy the sale of such unit shall be made to the highest responsible bidder who is a veteran so purchasing: *Provided*, That the Secretary of Housing and Urban Development may reject any bid for less than two-thirds of the appraised value as determined by him: *Provided further*, That the housing may be sold at fair value (as determined by the Secretary of Housing and Urban Development) to a public body for public use: *And provided further*, That the housing structures shall be sold for removal from the site, except that they may be sold for use on the site if the governing body of the locality has adopted a resolution approving use of such structures on the site.

#### (c) Preference in admission to occupancy pending ultimate disposition

When the Secretary of Housing and Urban Development determines that any housing provided under this subchapter is no longer required for persons engaged in national defense activities, preference in admission to occupancy thereof shall be given to veterans pending its ultimate sale or disposition in accordance with the provisions of this subchapter. As among veterans, preference in admission to occupancy shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected.

**§ 1592d. Secretary's powers with respect to housing, facilities, and services****(a) Planning, acquisition, housing, construction, etc.**

With respect to any housing or community facilities or services which the Secretary of Housing and Urban Development is authorized to provide, or any property which he is authorized to acquire, under this Act, the Secretary of Housing and Urban Development is authorized by contract or otherwise (without regard to section 5 of title 41, section 322 of the Act of June 30, 1932 (47 Stat. 412), as amended,<sup>1</sup> the Federal Property and Administrative Services Act of 1949, as amended,<sup>1</sup> and prior to the approval of the Attorney General) to make plans, surveys, and investigations; to acquire (by purchase, donation, condemnation or otherwise), construct, erect, extend, remodel, operate, rent, lease, exchange, repair, deal with, insure, maintain, convey, sell for cash or credit, demolish, or otherwise dispose of any property, land, improvement, or interest therein; to provide approaches, utilities, and transportation facilities; to procure necessary materials, supplies, articles, equipment, and machinery; to make advance payments for leased property; to pursue to final disposition by way of compromise or otherwise, claims both for and against the United States (exclusive of claims in excess of \$5,000 arising out of contracts for construction, repairs, and the purchase of supplies and materials, and claims involving administrative expenses) which are not in litigation and which have not been referred to the Department of Justice; and to convey without cost to States and political subdivisions and instrumentalities thereof property for streets and other public thoroughfares and easements for public purposes: *Provided*, That any instrument executed by the Secretary of Housing and Urban Development and purporting to convey any right, title or interest in any property acquired pursuant to this subchapter or subchapter X of this chapter shall be conclusive evidence of compliance with the provisions thereof insofar as title or other interest of any

bona fide purchasers, lessees or transferees of such property is concerned. Notwithstanding any provisions of this Act, housing or community facilities constructed by the United States pursuant to the authority contained herein shall conform to the requirements of State and local laws, ordinances, rules, or regulations relating to health and sanitation, and, to the maximum extent practicable, taking into consideration the availability of materials and the requirements of national defense, any housing or community facilities, except housing or community facilities of a temporary character, constructed by the United States pursuant to the authority contained herein shall conform to the requirements of State or local laws, ordinances, rules, or regulations relating to building codes.

**(b) Condemnation**

Before condemnation proceedings are instituted pursuant to this subchapter or subchapter X of this chapter an effort shall be made to acquire the property involved by negotiation unless, because of reasonable doubt as to the identity of the owner or owners, because of the large number of persons with whom it would be necessary to negotiate, or for other reasons, the effort to acquire by negotiation would involve, in the judgment of the Secretary of Housing and Urban Development, such delay in acquiring the property as to be contrary to the interest of national defense. In any condemnation proceeding instituted pursuant to this subchapter or subchapter X of this chapter, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 3114(a) to (d) of title 40, providing for such declarations. Unless title is in dispute, the court, upon application, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding.

**(c) Return to original owner in certain cases**

If any real property acquired under this subchapter or subchapter X of this chapter is retained after June 30, 1954, without having been used for the purposes of this Act, the Secretary of Housing and Urban Development shall, if the original owner desires the property and pays the fair value thereof, return such property to the owner. In the event the Secretary of Housing and Urban Development and the original owner do not agree as to the fair value of the property, the fair value shall be determined by three appraisers, one of whom shall be chosen by the Secretary of Housing and Urban Development, one by the original owner, and the third by the first two appraisers; the expenses of such determination shall be paid in equal shares by the Government and the original owner.

SUBCHAPTER XI—HOUSING FOR MILITARY  
PERSONNEL

§ 1594. Contracts for construction

(a) Contract provisions; competitive bids

The Secretary of Defense or his designee is authorized to enter into contracts with any eligible bidder to provide for the construction of urgently needed housing on lands owned or leased by the United States and situated on or near a military reservation or installation for the purpose of providing suitable living accommodations for military personnel of the armed services assigned to duty at the military installation at or in the area where the housing is situated. Any such contract shall provide that each housing unit in the project shall be placed under the control of the Secretary of Defense, or his designee, as soon as the unit is available for occupancy as determined by the Secretary of Housing and Urban Development. Any such contract shall also provide that, except for stock held by the Secretary of Housing and Urban Development, the capital stock of the mortgagor (where the mortgagor is a corporation) be transferred to the Secretary of Defense, or his designee, when the housing has been completed as determined by the Secretary of Housing and Urban Development. Any such contract shall contain such terms and conditions as the Secretary of Defense may determine to be necessary to protect the interests of the United States. Any such contract shall provide for the furnishing by the contractor of a performance bond and a payment bond with a surety or sureties satisfactory to the Secretary of Defense, or his designee, and the furnishing of such bonds shall be deemed a sufficient compliance with the provisions of section 3131 of title 40, and no additional bonds shall be required under such section. Before the Secretary of Defense shall enter into any contract as authorized by this section for the construction of housing, he shall invite the submission of competitive bids after advertising in the manner prescribed in section 2305 of title 10.

(b) "Eligible bidder" defined

For the purposes of this subchapter, the term "eligible bidder" means a person, partnership, firm, or corporation determined by the Secretary of Defense after consultation with the Secretary of Housing and Urban Development (1) to be qualified by experience and financial responsibility to construct housing of the type described in subsection (a) of this section, and (2) to have submitted the lowest acceptable bid.

(c) Acquisition of capital stock of property covered by mortgage

Notwithstanding any other provision of law, the Secretary of Defense or his designee is authorized to acquire the capital stock of mortgagors holding property covered by a mortgage insured under title VIII of the National Housing Act as amended by the Housing Amendments of 1955 [12 U.S.C. 1748 et seq.], and to exercise the rights as holder of such capital stock during the life of such mortgage and, upon the termination of the mortgage, to dissolve the corporation; to guarantee the payment of notes or other legal

instruments required by the Secretary of Housing and Urban Development of such mortgagors; to make payments thereon; and to guarantee and indemnify the Armed Services Housing Mortgage Insurance Fund against loss in cases where so required. All housing facilities placed under the control of the Secretary of Defense pursuant to the provisions of this subchapter shall be deemed to be housing facilities under the jurisdiction of the military department to which they are assigned.

(d) Opinion as to title to property; guarantee; title search and title insurance

On request by the Secretary of Defense, the Attorney General shall furnish to the Secretary of Defense, or his designee, an opinion as to the sufficiency of title to any property on which it is proposed to construct housing, or on which housing has been constructed, under this section. If the opinion of the Attorney General is that the title to any such property is good and sufficient, the Secretary of Defense is authorized to guarantee, or enter into a commitment to guarantee, the mortgagee, under a mortgage on such property which is insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.], against any losses that may thereafter arise from adverse claims to title. None of the proceeds of any mortgage loan hereafter insured under such title VIII shall be used for title search and title insurance costs: *Provided*, That if the Secretary of Defense, or his designee, determines in the case of any housing project, that the financing of the construction of such project is impossible unless title insurance is provided, the Secretary of Defense may provide for the payment of the reasonable costs necessary for obtaining title search and title insurance. Any payments by the Secretary of Defense hereunder shall be made from the revolving fund established under section 1594a(g)<sup>1</sup> of this title. Any determination by the Secretary of Defense under the foregoing proviso shall be set forth in writing, together with the reasons therefor. The Committees on Armed Services of the Senate and House of Representatives shall be promptly notified of each such determination, and of the amount of any payment made by the Secretary of Defense for title search and title insurance costs.

#### § 1594a. Acquisition of military housing financed under Armed Services Housing Mortgage Insurance Fund and rental housing at military bases

##### (a) Purchase price

Whenever the Secretary of Defense or his designee deems it necessary for the purpose of this subchapter, he may acquire, by purchase, donation, condemnation, or other means of transfer, any land or (with the approval of the Secretary of Housing and Urban Development) (1) any housing financed with mortgages insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.] as in effect prior to August 11, 1955, or (2) any housing situated adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) certified by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 207 of the National Housing Act [12 U.S.C. 1713], or (3) any housing situated on or adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) considered by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 608 of the National Housing Act [12 U.S.C. 1743], including adjacent property constructed primarily to provide commercial facilities for the occupants of such housing. The purchase price of any such housing shall not exceed the Secretary of Housing and Urban Development's estimate of the re-

placement cost of such housing and related property (not including the value of any improvements installed or constructed with appropriated funds) as of the date of final endorsement for mortgage insurance reduced by an appropriate allowance representing the estimated cost of repairs and replacements necessary to restore the property to sound physical condition, as determined by the Secretary of Defense or his designee upon the advice of the Secretary of Housing and Urban Development: *Provided*, That in any case where the Secretary of Defense or his designee acquires a project held by the Secretary of Housing and Urban Development, the price paid shall not exceed the face value of the debentures (plus accrued interest thereon) which the Secretary of Housing and Urban Development issued in acquiring such project.

##### (b) Housing at or near a military installation

Notwithstanding any provision of subsection (a) of this section to the contrary, the Secretary of Defense or his designee shall, in the manner provided in subsection (a) of this section, acquire by purchase, donation, or other means of transfer or, if the parties cannot agree upon terms for acquisition by such means, by condemnation, any housing described in clause (1) or (2) of subsection (a) of this section which is located at or near a military installation where the construction of housing under the Armed Services Housing Mortgage Insurance Program has been approved by the Secretary.

##### (c) Condemnation; procedures; deposit; payment; interest

(1) Condemnation proceedings instituted pursuant to this section shall be conducted in accordance with the provisions of section 3113 of title 40, or any other applicable Federal statute. Before any such condemnation proceedings are instituted, an effort shall be made to acquire the property involved by negotiation. In any such condemnation proceedings, and in the interests of expedition, the issue of just compensation may be determined by a commission of three qualified, disinterested persons to be appointed by the court. Any commission appointed hereunder shall give full consideration to all elements of value in accordance with existing law, and shall have the powers of a master provided in subdivision (c) of rule 53 of the Federal Rules of Civil Procedure and proceedings before it shall be governed by the provisions of paragraphs (1) and (2) of subdivision (d) of such rule. Its action and report shall be determined by a majority and its findings and report shall have the effect, and be dealt with by the court in accordance with the practice prescribed in paragraph (2) of subdivision (e) of such rule. Trial of all issues, other than just compensation, shall be by the court.

(2) In any condemnation proceedings instituted to acquire any such housing, or interest therein, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 3114(a) to (d) of title 40. The amount of such deposit for the purpose of this section shall not in any case be less than an

amount equal to the actual cost of the housing (not including the value of any improvements installed or constructed with appropriated funds) as certified by the sponsor or owner of the project to the Secretary of Housing and Urban Development pursuant to any statute or any regulations issued by the Secretary of Housing and Urban Development, reduced by the amount of the principal obligation of the mortgage outstanding at the time possession is surrendered, but any such deposit shall not include any excess mortgage proceeds or "windfalls," kickbacks and rebates received in connection with the construction of said housing as determined by the Department of Defense, or any other Federal agency. The amount of such deposit in any case where the sponsor or owner has not certified the cost of the project to the Secretary of Housing and Urban Development at August 10, 1959, shall be determined by the Secretary of Defense, or his designee, in accordance with sections 3114 to 3116 and 3118 of title 40, with a view toward accurately estimating the equity of the sponsor or owner: *Provided*, That in the event there is withdrawn from the registry of the court by the owner or sponsor a sum of money in excess of the final award of just compensation, this excess shall be repaid to the United States plus a sum equal to 4 per centum per annum on such excess from the time such sum is deposited in the registry of the court: *Provided further*, That any court in which money is deposited as provided in this section shall require the furnishing of security by the owner to protect the United States from any loss by reason of a final award of just compensation of less than the amount deposited: *And provided further*, That the deposit required to be made by this section shall be without prejudice to any party in the determination of just compensation. Unless title is in dispute, the court, upon application and subject to the foregoing provisions of this subsection, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding. In the event that condemnation proceedings are instituted in accordance with procedures under sections 3114 to 3116 and 3118 of title 40, the court shall order that the amount deposited shall be paid in a lump sum or over a period not exceeding five years in accordance with stipulations executed by the parties in the proceedings. In connection with condemnation proceedings which do not utilize the procedures under such sections, the Secretary of Defense or his designee, after final judgment of the court, may pay or agree to pay in a lump sum or, in accordance with stipulations executed by the parties to the proceedings, over a period not exceeding five years the difference between the outstanding principal obligation, plus accrued interest, and the price for the property fixed by the court. Unless such payment is made in a lump sum, the unpaid balance thereof shall bear interest at the rate of 4 per centum per annum.

**(d) Occupancy; use, or improvement of property before approval of title**

Property acquired under this section may be occupied, used, and improved for the purposes of

this section prior to the approval of title by the Attorney General as required by sections 3111 and 3112 of title 40.

**(e) Release of accrual requirements for replacement, taxes, and hazard insurance reserves**

The Secretary of Defense or his designee may, in the case of any housing acquired or to be acquired under this section, make arrangements with the mortgage whereby such mortgage will agree to release and waive all requirements of accruals for reserves for replacement, taxes, and hazard insurance provided for under the corporate charter and indenture agreement with respect to such housing, upon the execution of a written agreement by the Secretary or his designee that the purposes for which such reserves and other funds were accrued will be carried out.

**(f) Use as public quarters or lease of housing**

Any housing acquired under this section may be (1) assigned as public quarters to military personnel and their dependents; or (2) leased to military and civilian personnel for occupancy by them and their dependents, upon such terms and conditions as will in the judgment of the Secretary of Defense or his designee be in the best interest of the United States, without loss to military personnel of their basic allowance for quarters or appropriate allotments.

(2) to any person engaged by the United States under a contract for his personal services outside the continental United States; or

(3) to any person employed outside the continental United States as a civilian employee paid from nonappropriated funds administered by the Army and Air Force Exchange Service, Army and Air Force Motion Picture Service, Navy Ship's Store Ashore, Navy exchanges, Marine Corps exchanges, officers' and non-commissioned officers' open messes, enlisted men's clubs, service clubs, special service activities, or any other instrumentality of the United States under the jurisdiction of the Department of Defense and conducted for the mental, physical, and morale improvement of personnel of the Department of Defense and their dependents; or

(4) to any person who is an employee specified in section 1651(a)(5) of this title, if no

compensation is payable with respect to such injury or death under chapter 11 of this title or to any person engaged under a contract for his personal services outside the United States approved and financed by the United States under the Mutual Security Act of 1954, as amended (other than title II of chapter II thereof unless the Secretary of Labor, upon the recommendation of the head of any department or other agency of the United States Government, determines a contract financed under a successor provision of any successor Act should be covered by this section): *Provided*, That in cases where the United States is not a formal party to contracts approved and financed under the Mutual Security Act of 1954, as amended, the Secretary, upon the recommendation of the head of any department or agency of the United States, may, in the exercise of his discretion, waive the application of the provisions of this subparagraph with respect to any such contracts, subcontracts, or subordinate contracts, work location under such contracts, subcontracts, or subordinate contracts, or classification of employees; or

(5) to any person employed or otherwise engaged for personal services outside the continental United States by an American employer providing welfare or similar services for the benefit of the Armed Forces pursuant to appropriate authorization by the Secretary of Defense,

and such injury proximately results from a war-risk hazard, whether or not such person then actually was engaged in the course of his employment, the provisions of subchapter I of chapter 81 of title 5, as amended, and as modified by this chapter, shall apply with respect thereto in the same manner and to the same extent as if the person so employed were a civil employee of the United States and were injured while in the performance of his duty, and any compensation found to be due shall be paid from the compensation fund established pursuant to section 8147 of title 5. This subsection shall not be construed to include any person who would otherwise come within the purview of subchapter I of chapter 81 of title 5.

**(b) Missing persons considered as totally disabled**

(1) Any person specified in subsection (a) of this section who—

(A) is found to be missing from his place of employment, whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person, or

(B) is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, or

(C) is not returned to his home or to the place where he was employed by reason of the failure of the United States or its contractor to furnish transportation,

until such time as he is returned to his home, to the place of his employment, or is able to be returned to the jurisdiction of the United States, shall, under such regulations as the Secretary

may prescribe, be regarded solely for the purposes of this subsection as totally disabled, and the same benefits as are provided for such disability under this subchapter shall be credited to his account and be payable to him for the period of such absence or until his death is in fact established or can be legally presumed to have occurred: *Provided*, That if such person has dependents residing in the United States or its Territories or possessions (including the United States Naval Operating Base, Guantanamo Bay, Cuba, and the Canal Zone), the Secretary during the period of such absence may disburse a part of such compensation, accruing for such total disability, to such dependents, which shall be equal to the monthly benefits otherwise payable for death under this subchapter, and the balance of such compensation for total disability shall accrue and be payable to such person upon his return from such absence. Any payment made pursuant to this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1702(a) of this title: *Provided further*, That no such payment to such person or his dependent, on account of such absence, shall be made during any period such person or dependent, respectively, has received, or may be entitled to receive, any other payment from the United States, either directly or indirectly, because of such absence, unless such person or dependent refunds or renounces such other benefit or payment for the period claimed.

Benefits found to be due under this subsection shall be paid from the compensation fund established pursuant to section 8147 of title 5: *Provided*, That the determination of dependents, dependency, and amounts of payments to dependents shall be made in the manner specified in subchapter I of chapter 81 of title 5: *Provided further*, That claim for such detention benefits shall be filed in accordance with and subject to the limitation provisions of subchapter I of chapter 81 of title 5, as modified by section 1706(c) of this title: *And provided further*, That except in cases of fraud or willful misrepresentation, the Secretary may waive recovery of money erroneously paid under this subdivision whenever he finds that such recovery would be impracticable or would cause hardship to the beneficiary affected: *And provided further*, That where such a person is found to be missing from his place of employment whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person or is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, the amount of benefits to be credited to the account of such person under this subsection, and for the purposes of this subsection only, shall be 100 per centum of the average weekly wages of such person, except that in computing such benefits such average weekly wages (a) shall not exceed the average weekly wages paid to civilian employees of the United States in the same or most similar occupation in the area nearest to the place of employment where such person was last employed, and (b)

shall not exceed the average weekly wages of such absent person at the time such absence began; and 70 per centum of such average weekly wage so determined shall be disbursed to the dependent or dependents of such person, irrespective of the limitations of section 909 of title 33, but should there be more than one such dependent, the distribution of such 70 per centum shall be proportionate to the percentages allowed for dependents by section 909 of title 33, and in such manner of disbursement in any case would result in injustice or excessive allowance for a dependent, the Secretary may, in his discretion, modify such percentage or apportionment to meet the requirements of the case; and in such cases benefits for detention shall accrue from January 1, 1942, unless the beginning of absence occurred upon a later date in which event benefits shall accrue from such later date, and for the period of such absence shall be 100 per centum of the average weekly wages, determined as herein provided: *And provided further*, That compensation for disability under this subchapter (except under allowance for scheduled losses of members or functions of the body, within the purview of section 1702(a) of this title) shall not be paid in any case in respect to any period of time during which benefits for detention may accrue under this subchapter in the same case, and should a person entitled to benefits for detention also be entitled to workmen's compensation or similar benefits under any other law, agreement, or plan (except allowances for scheduled losses of members or functions of the body), where such other benefits are paid or to be paid directly or indirectly by the United States, the amount thereof accruing as to the period of absence shall be taken into account and the benefits credited to the account of the detained person reduced accordingly: *And provided further*, That where through mistake of fact, absence of proof of death, or error through lack of adequate information or otherwise, payments as for detention have in any case been erroneously made or credited, any resulting overpayment of detention benefits (the recovery of which is not waived as otherwise provided for in this section) shall be recouped by the Secretary in such manner as he shall determine from any unpaid accruals to the account of the detained person, and if such accruals are insufficient for such purpose, then from any allowance of compensation for injury or death in the same case (whether under this subchapter or under any other law, agreement, or plan, if the United States pays, or is obligated to pay, such benefits, directly or indirectly), but only to the extent of the amount of such compensation benefits payable for the particular period of such overpayment, and in cases of erroneous payments of compensation for injury or death, made through mistake of fact, whether under this subchapter or under any other law, agreement, or plan (if the United States is obligated to pay such compensation, directly or indirectly), the Secretary is authorized to recoup from any unpaid benefits for detention, the amount of any overpayment thus arising; and any amounts recovered under this section shall be covered into such compensation fund, and for the foregoing purposes the Secretary shall have a right of lien, intervention,

and recovery in any claim or proceeding for compensation.

(2) Upon application by such person, or someone on his behalf, the Secretary may, under such regulations as he may prescribe, furnish transportation or the cost thereof (including reimbursement) to any such person from the point where his release from custody by a hostile force or person is effected, to his home, the place of his employment, or other place within the jurisdiction of the United States; but no transportation, or the cost thereof, shall be furnished under this paragraph where such person is furnished such transportation, or the cost thereof, under any agreement with his employer or under any other provision of law.

(3) In the case of death of any such person, if his death occurred away from his home, the body of such person shall, in the discretion of the Secretary, and if so desired by his next of kin, near relative, or legal representative, be embalmed and transported in a hermetically sealed casket or other appropriate container to the home of such person or to such other place as may be designated by such next of kin, near relative, or legal representative. No expense shall be incurred under this paragraph by the Secretary in any case where death takes place after repatriation, unless such death proximately results from a war-risk hazard.

(4) Such benefits for detention, transportation expenses of repatriated persons, and expenses of embalming, providing sealed or other appropriate container, and transportation of the body, and attendants (if required), as approved by the Secretary, shall be paid out of the compensation fund established under section 8147 of title 5.

**(c) Persons not citizens or residents of United States**

Compensation for permanent total or permanent partial disability or for death payable under this section to persons who are not citizens of the United States and who are not residents of the United States or Canada, shall be in the same amount as provided for residents; except that dependents in any foreign country shall be limited to surviving wife or husband and child or children, or if there be no surviving wife or husband or child or children, to surviving father or mother whom such person has supported, either wholly or in part, for the period of one year immediately prior to the date of the injury; and except that the Secretary, at his option, may commute all future installments of compensation to be paid to such persons by paying to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

**(d) Persons excepted from coverage**

The provisions of this section shall not apply in the case of any person (1) whose residence is at or in the vicinity of the place of his employment, and (2) who is not living there solely by virtue of the exigencies of his employment, unless his injury or death resulting from injury occurs or his detention begins while in the course of his employment, or (3) who is a prisoner of war or a protected person under the Geneva Conventions of 1949 and who is detained or utilized by the United States.

**§ 1704. Reimbursement**

**(a) Payments reimbursable; filing claim for reimbursement; regulations for payment of direct benefits**

Where any employer or his insurance carrier or compensation fund pays or is required to pay benefits—

<sup>1</sup> See References in Text note below.

(1) to any person or fund on account of injury or death of any person coming within the purview of this subchapter or chapter 11 of this title, if such injury or death arose from a war-risk hazard, which are payable under any workmen's compensation law of the United States or of any State, Territory, or possession of the United States, or other jurisdiction; or

(2) to any person by reason of any agreement outstanding on December 2, 1942 made in accordance with a contract between the United States and any contractor therewith to pay benefits with respect to the death of any employee of such contractor occurring under circumstances not entitling such person to benefits under any workmen's compensation law or to pay benefits with respect to the failure of the United States or its contractor to furnish transportation upon the completion of the employment of any employee of such contractor to his home or to the place where he was employed; or

(3) to any person by reason of an agreement approved or authorized by the United States under which a contractor with the United States has agreed to pay workmen's compensation benefits or benefits in the nature of workmen's compensation benefits to an injured employee or his dependents on account of detention by a hostile force or person or on account of injury or death arising from a war-risk hazard;

such employer, carrier, or fund shall be entitled to be reimbursed for all benefits so paid or payable, including funeral and burial expenses, medical, hospital, or other similar costs for treatment and care; and reasonable and necessary claims expense in connection therewith. Claim for such reimbursement shall be filed with the Secretary under regulations promulgated by him, and such claims, or such part thereof as may be allowed by the Secretary, shall be paid from the compensation fund established under section 8147 of title 5. The Secretary may, under such regulations as he shall prescribe, pay such benefits, as they accrue and in lieu of reimbursement, directly to any person entitled thereto, and the insolvency of such employer, insurance carrier, or compensation fund shall not affect the right of the beneficiaries of such benefits to receive the compensation directly from the said compensation fund established under section 8147 of title 5. The Secretary may also, under such regulations as he shall prescribe, use any private facilities, or such Government facilities as may be available, for the treatment or care of any person entitled thereto.

**(b) Charging of premiums as prohibiting reimbursement**

No reimbursement shall be made under this subchapter in any case in which the Secretary finds that the benefits paid or payable were on account of injury, detention, or death which arose from a war-risk hazard for which a premium (which included an additional charge or loading for such hazard) was charged.

**(c) Injury or death occurring within any State**

1952—Act July 12, 1952, removed Alaska and Hawaii from 3 percent limitation imposed on Puerto Rico and Virgin Islands, made limitation applicable to Guam, and modified effects of 3 percent limitation.

**§ 1755. Direct expenditures for agricultural commodities and other foods**

**(a) Administrative expenses; nutritional education; pilot projects; cash-in-lieu of commodities study; refusal of commodities and receipt of other commodities available to the State in lieu of the refused commodities**

The funds provided by appropriation or transfer from other accounts for any fiscal year for carrying out the provisions of this chapter, and for carrying out the provisions of the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 thereof [42 U.S.C. 1772] less

(1) not to exceed 3½ per centum thereof which per centum is hereby made available to the Secretary for the Secretary’s administrative expenses under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.];

(2) the amount apportioned by the Secretary pursuant to section 1753 of this title and the amount appropriated pursuant to sections 1759a and 1761 of this title and sections 4 and 7 of the Child Nutrition Act of 1966 [42 U.S.C. 1773 and 1776]; and

(3) not to exceed 1 per centum of the funds provided for carrying out the programs under this chapter and the programs under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 [42 U.S.C. 1772], which per centum is hereby made available to the Secretary to supplement the nutritional benefits of these programs through grants to States and other means for nutritional training and education for workers, cooperators, and participants in these programs, for pilot projects and the cash-in-lieu of commodities study required to be carried out under section 1769 of this title, and for necessary surveys and studies of requirements for food service programs in furtherance of the purposes expressed in section 1751 of this title, and section 2 of the Child Nutrition Act of 1966 [42 U.S.C. 1771],

shall be available to the Secretary during such year for direct expenditure by the Secretary for agricultural commodities and other foods to be distributed among the States and schools and service institutions participating in the food service programs under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.] in accordance with the needs as determined by the local school and service institution authorities. Except as provided in the next 2 sentences, any school participating in food service programs under this chapter may refuse to ac-

cept delivery of not more than 20 percent of the total value of agricultural commodities and other foods tendered to it in any school year; and if a school so refuses, that school may receive, in lieu of the refused commodities, other commodities to the extent that other commodities are available to the State during that year. Any school food authority may refuse some or all of the fresh fruits and vegetables offered to the school food authority in any school year and shall receive, in lieu of the offered fruits and vegetables, other more desirable fresh fruits and vegetables that are at least equal in value to the fresh fruits and vegetables refused by the school food authority. The value of any fresh fruits and vegetables refused by a school under the preceding sentence for a school year shall not be used to determine the 20 percent of the total value of agricultural commodities and other foods tendered to the school food authority in the school year under the second sentence. The provisions of law contained in the proviso of section 713c of title 15, facilitating operations with respect to the purchase and disposition of surplus agricultural commodities under section 612c of title 7, shall, to the extent not inconsistent with the provision of this chapter, also be applicable to expenditures of funds by the Secretary under this chapter. In making purchases of such agricultural commodities and other foods, the Secretary shall not issue specifications which restrict participation of local producers unless such specifications will result in significant advantages to the food service programs authorized by this chapter and the Child Nutrition Act of 1966.

**(b) Delivery of commodities**

The Secretary shall deliver, to each State participating in the school lunch program under this chapter, commodities valued at the total level of assistance authorized under subsection (c)<sup>1</sup> of this section for each school year for the school lunch program in the State, not later than September 30 of the following school year.

**(c) Level of commodity assistance; computation of index; calculation of total assistance to each State; emphasis on high protein foods; per meal value of donated foods**

(1)(A) The national average value of donated foods, or cash payments in lieu thereof, shall be 11 cents, adjusted on July 1, 1982, and each July 1 thereafter to reflect changes in the Price Index for Food Used in Schools and Institutions. The Index shall be computed using 5 major food components in the Bureau of Labor Statistics' Producer Price Index (cereal and bakery products, meats, poultry and fish, dairy products, processed fruits and vegetables, and fats and oils). Each component shall be weighed using the same relative weight as determined by the Bureau of Labor Statistics.

(B) The value of food assistance for each meal shall be adjusted each July 1 by the annual percentage change in a 3-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year. Such adjustment shall be computed to the nearest  $\frac{1}{4}$  cent.

(C) For each school year, the total commodity assistance or cash in lieu thereof available to a State for the school lunch program shall be calculated by multiplying the number of lunches served in the preceding school year by the rate established by subparagraph (B). After the end of each school year, the Secretary shall reconcile the number of lunches served by schools in each State with the number of lunches served by schools in each State during the preceding school year and increase or reduce subsequent commodity assistance or cash in lieu thereof provided to each State based on such reconciliation.

(D) Among those commodities delivered under this section, the Secretary shall give special emphasis to high protein foods, meat, and meat alternates (which may include domestic seafood commodities and their products).

(E) Notwithstanding any other provision of this section, not less than 75 percent of the assistance provided under this subsection shall be in the form of donated foods for the school lunch program.

(2) To the maximum extent feasible, each State agency shall offer to each school food authority under its jurisdiction that participates in the school lunch program and receives commodities, agricultural commodities and their products, the per meal value of which is not less than the national average value of donated foods established under paragraph (1). Each such offer shall include the full range of such commodities and products that are available from the Secretary to the extent that quantities requested are sufficient to allow efficient delivery to and within the State.

**(d) Termination of commodity assistance based upon school breakfast program**

Beginning with the school year ending June 30, 1981, the Secretary shall not offer commodity assistance based upon the number of breakfasts served to children under section 4 of the Child Nutrition Act of 1966 [42 U.S.C. 1773].

**(e) Minimum percentage of commodity assistance**

(1) Subject to paragraph (2), in each school year the Secretary shall ensure that not less than 12 percent of the assistance provided under section 1753 of this title, this section, and section 1759a of this title shall be in the form of—

(A) commodity assistance provided under this section, including cash in lieu of commodities and administrative costs for procurement of commodities under this section; or

(B) during the period beginning October 1, 2003, and ending September 30, 2009, commodities provided by the Secretary under any provision of law.

(2) If amounts available to carry out the requirements of the sections described in paragraph (1) are insufficient to meet the requirement contained in paragraph (1) for a school year, the Secretary shall, to the extent necessary, use the authority provided under section 1762a(a) of this title to meet the requirement for the school year.

CONGRESSIONAL FINDINGS AND DECLARATION OF  
PURPOSE

Section 1 of Pub. It is, therefore, the purpose of this Act [amending this section] to provide an effective and immediate solution to this nutritional crisis."

**§ 1756. Payments to States**

**(a) State revenue matching requirements; special provisions for lower than average income per capita States**

(1) Funds appropriated to carry out section 1753 of this title during any fiscal year shall be available for payment to the States for disbursement by State educational agencies in accordance with such agreements, not inconsistent with the provisions of this chapter, as may be entered into by the Secretary and such State educational agencies for the purpose of assisting schools within the States in obtaining agricultural commodities and other foods for consumption by children in furtherance of the school lunch program authorized under this chapter. For any school year, such payments shall be made to a State only if, during such school year, the amount of the State revenues (excluding State revenues derived from the operation of the program) appropriated or used specifically for program purposes (other than any State revenues expended for salaries and administrative expenses of the program at the State level) is not less than 30 percent of the funds made available to such State under section 1753 of this title for the school year beginning July 1, 1980.

(2) If, for any school year, the per capita income of a State is less than the average per capita income of all the States, the amount required to be expended by a State under paragraph (1) for such year shall be an amount bearing the same ratio to the amount equal to 30 percent of the funds made available to such State under section 1753 of this title for the school year beginning July 1, 1980, as the per capita income of such State bears to the average per capita income of all the States.

**(b) Disbursements; private schools**

The State revenues provided by any State to meet the requirement of subsection (a) of this section shall, to the extent the State deems practicable, be disbursed to schools participating in the school lunch program under this chapter. No State in which the State educational agency is prohibited by law from disbursing State appropriated funds to private schools shall be required to match Federal funds made available for meals served in such schools, or to disburse, to such schools, any of the State revenues required to meet the requirements of subsection (a) of this section.

**(c) Certification of payments by Secretary**

The Secretary shall certify to the Secretary of the Treasury, from time to time, the amounts to

be paid to any State under this section and shall specify when such payments are to be made. The Secretary of the Treasury shall pay to the State, at the time or times fixed by the Secretary, the amounts so certified.

**(d) Combined Federal and State commodity purchases**

Notwithstanding any other provision of law, the Secretary may enter into an agreement with a State agency, acting on the request of a school food service authority, under which funds payable to the State under section 1753 or 1759a of this title may be used by the Secretary for the purpose of purchasing commodities for use by the school food service authority in meals served under the school lunch program under this chapter.

#### AMENDMENTS

1996—Pub. L. 104-193 designated first and second sentences as subsecs. (a) and (b), respectively, substituted “in subsection (a) of this section” for “in the preceding sentence” in subsec. (b), designated third sentence as subsec. (c) and substituted “The State educational agency may” for “Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to”, struck out fourth and fifth sentences, designated sixth sentence as subsec. (d) and substituted “Use of funds paid to States” for “Such food costs”, and designated seventh to ninth sentences as subsecs. (e) to (g), respectively. Prior to amendment, fourth and fifth sentences read as follows: “Such disbursement to any school shall be made only for the purpose of assisting it to obtain agricultural commodities and other foods for consumption by children in the school lunch program. The terms ‘child’ and ‘children’ as used in this chapter shall be deemed to include individuals regardless of age who are determined by the State educational agency, in accordance with regulations prescribed by the Secretary, to have 1 or more mental or physical handicaps and who are attending any child care institution as defined in section 1766 of this title or any nonresidential public or nonprofit private school of high school grade or under for the purpose of participating in a school program established for individuals with mental or physical handicaps: *Provided*, That no institution that is not otherwise eligible to participate in the program under section 1766 of this title shall be deemed so eligible because of this sentence.”

Pub. L. 101-147, § 304, which directed the amendment of subsec. (d) by substituting “individuals” for “persons”, “to have 1 or more mental or physical handicaps” for “to be mentally or physically handicapped”, and “for individuals with mental or physical handicaps” for “for mentally or physically handicapped”, was executed by making the substitutions in the undesignated text before the proviso as the probable intent of Congress because the section contains no subsection designations.

### § 1758. Program requirements

#### (a) Nutritional requirements

(1)(A) Lunches served by schools participating in the school lunch program under this chapter shall meet minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements—

(i) shall not be construed to prohibit the substitution of foods to accommodate the medical or other special dietary needs of individual students; and

(ii) shall, at a minimum, be based on the weekly average of the nutrient content of school lunches.

(B) The Secretary shall provide technical assistance and training, including technical assistance and training in the preparation of lower-fat versions of foods commonly used in the school lunch program under this chapter, to schools participating in the school lunch program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs. The Secretary shall provide additional technical assistance to schools that are having difficulty maintaining compliance with the requirements.

#### (2) FLUID MILK.—

(A) IN GENERAL.—Lunches served by schools participating in the school lunch program under this chapter—

(i) shall offer students fluid milk in a variety of fat contents;

(ii) may offer students flavored and unflavored fluid milk and lactose-free fluid milk; and

(iii) shall provide a substitute for fluid milk for students whose disability restricts their diet, on receipt of a written statement from a licensed physician that identifies the disability that restricts the student's diet and that specifies the substitute for fluid milk.

#### (B) SUBSTITUTES.—

(i) STANDARDS FOR SUBSTITUTION.—A school may substitute for the fluid milk provided under subparagraph (A), a nondairy beverage that is nutritionally equivalent to fluid milk and meets nutritional standards established by the Secretary (which shall, among other requirements to be determined by the Secretary, include fortification of calcium, protein, vitamin A, and vitamin D to levels found in cow's milk) for students who cannot consume fluid milk because of a medical or other special dietary need other than a disability described in subparagraph (A)(iii).

(ii) NOTICE.—The substitutions may be made if the school notifies the State agency that the school is implementing a variation allowed under this subparagraph, and if the substitution is requested by written statement of a medical authority or by a student's parent or legal guardian that identifies the medical or other special dietary need that restricts the student's diet, except that the school shall not be required to provide beverages other than beverages the school has identified as acceptable substitutes.

(iii) EXCESS EXPENSES BORNE BY SCHOOL FOOD AUTHORITY.—Expenses incurred in providing substitutions under this subparagraph that are in excess of expenses covered by reimbursements under this chapter shall be paid by the school food authority.

(C) RESTRICTIONS ON SALE OF MILK PROHIBITED.—A school that participates in the school lunch program under this chapter shall not directly or indirectly restrict the sale or marketing of fluid milk products by the school (or by a person approved by the school) at any time or any place—

(3) Students in senior high schools that participate in the school lunch program under this chapter (and, when approved by the local school district or nonprofit private schools, students in any other grade level) shall not be required to accept offered foods they do not intend to consume, and any such failure to accept offered foods shall not affect the full charge to the student for a lunch meeting the requirements of this subsection or the amount of payments made under this chapter to any such school for such lunch.

#### (4) PROVISION OF INFORMATION.—

(A) GUIDANCE.—Prior to the beginning of the school year beginning July 2004, the Secretary

shall issue guidance to States and school food authorities to increase the consumption of foods and food ingredients that are recommended for increased serving consumption in the most recent Dietary Guidelines for Americans published under section 5341 of title 7.

(B) RULES.—Not later than 2 years after June 30, 2004, the Secretary shall promulgate rules, based on the most recent Dietary Guidelines for Americans, that reflect specific recommendations, expressed in serving recommendations, for increased consumption of foods and food ingredients offered in school nutrition programs under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.).

**(b) Eligibility**

(1)(A) Not later than June 1 of each fiscal year, the Secretary shall prescribe income guidelines for determining eligibility for free and reduced price lunches during the 12-month period beginning July 1 of such fiscal year and ending June 30 of the following fiscal year. The income guidelines for determining eligibility for reduced price lunches for any school year shall be 185 percent of the applicable family size income levels contained in the non-farm income poverty guidelines prescribed by the Office of Management and Budget, as adjusted annually in accordance with subparagraph (B). The Office of Management and Budget guidelines shall be revised at annual intervals, or at any shorter interval deemed feasible and desirable.

(B) The revision required by subparagraph (A) of this paragraph shall be made by multiplying—

Revisions under this subparagraph shall be made not more than 30 days after the date on which the consumer price index data required to compute the adjustment becomes available.

(2)(A) Following the determination by the Secretary under paragraph (1) of this subsection of the income eligibility guidelines for each school year, each State educational agency shall announce the income eligibility guidelines, by family size, to be used by schools in the State in making determinations of eligibility for free and reduced price lunches. Local school authorities shall, each year, publicly announce the income eligibility guidelines for free and reduced price lunches on or before the opening of school.

(B) APPLICATIONS AND DESCRIPTIVE MATERIAL.—

(i) IN GENERAL.—Applications for free and reduced price lunches, in such form as the Secretary may prescribe or approve, and any descriptive material, shall be distributed to the

parents or guardians of children in attendance at the school, and shall contain only the family size income levels for reduced price meal eligibility with the explanation that households with incomes less than or equal to these values would be eligible for free or reduced price lunches.

(iii) CONTENTS OF DESCRIPTIVE MATERIAL.—

(I) IN GENERAL.—Descriptive material distributed in accordance with clause (i) shall contain a notification that—

EFFECTIVE DATE OF 1981 AMENDMENT

Amendment by Pub. L. 97-35 effective Oct. 1, 1981, see section 820(a)(4) of Pub. L. 97-35, set out as a note under section 1753 of this title.

**§ 1759a. Special assistance funds**

**(a) Formula for computation of payments; computation for lunches to eligible children in schools funding service to ineligible children from non-Federal sources; special assistance factors; annual adjustments**

(1)(A) Except as provided in section 1759 of this title, in each fiscal year each State educational agency shall receive special assistance payments in an amount equal to the sum of the product obtained by multiplying the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758(a) of this title) served free to children eligible for such lunches in schools within that State during such fiscal year by the special assistance

factor for free lunches prescribed by the Secretary for such fiscal year and the product obtained by multiplying the number of lunches served at a reduced price to children eligible for such reduced price lunches in schools within that State during such fiscal year by the special assistance factor for reduced price lunches prescribed by the Secretary for such fiscal year.

(B) Except as provided in subparagraph (C), (D), or (E), in the case of any school which determines that at least 80 percent of the children in attendance during a school year (hereinafter in this sentence referred to as the "first school year") are eligible for free lunches or reduced price lunches, special assistance payments shall be paid to the State educational agency with respect to that school, if that school so requests for the school year following the first school year, on the basis of the number of free lunches or reduced price lunches, as the case may be, that are served by that school during the school year for which the request is made, to those children who were determined to be so eligible in the first school year and the number of free lunches and reduced price lunches served during that year to other children determined for that year to be eligible for such lunches.

(C)(i) Except as provided in subparagraph (D), in the case of any school or school district that—

(I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) during any period of 4 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

special assistance payments shall be paid to the State educational agency with respect to the school or school district during the period on the basis of the number of lunches or breakfasts determined under clause (ii) or (iii).

(ii) For purposes of making special assistance payments under clause (i), except as provided in clause (iii), the number of lunches or breakfasts served by a school or school district to children who are eligible for free lunches or breakfasts or reduced price lunches or breakfasts during each school year of the 4-school-year period shall be considered to be equal to the number of lunches or breakfasts served by the school or school district to children eligible for free lunches or breakfasts or reduced price lunches or breakfasts during the first school year of the period.

(iii) For purposes of computing the amount of the payments, a school or school district may elect to determine on a more frequent basis the number of children who are eligible for free or reduced price lunches or breakfasts who are

served lunches or breakfasts during the 4-school-year period.

(D)(i) In the case of any school or school district that is receiving special assistance payments under this paragraph for a 4-school-year period described in subparagraph (C), the State may grant, at the end of the 4-school-year period, an extension of the period for an additional 4 school years, if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school or school district has remained stable.

(ii) A school or school district described in clause (i) may reapply to the State at the end of the 4-school-year period, and at the end of each 4-school-year period thereafter for which the school or school district receives special assistance payments under this paragraph, for the purpose of continuing to receive the payments for a subsequent 4-school-year period.

(iii) If the Secretary determines after considering the best available socioeconomic data that the income level of families of children enrolled in a school or school district has not remained stable, the Secretary may require the submission of applications for free and reduced price lunches, or for free and reduced price lunches and breakfasts, in the first school year of any 4-school-year period for which the school or school district receives special assistance payments under this paragraph, for the purpose of calculating the special assistance payments.

(iv) For the purpose of updating information and reimbursement levels, a school or school district described in clause (i) that carries out a school lunch or school breakfast program may at any time require submission of applications for free and reduced price lunches or for free and reduced price lunches and breakfasts.

(E)(i) In the case of any school or school district that—

(I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program during any period of 4 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

total Federal cash reimbursements and total commodity assistance shall be provided to the State educational agency with respect to the school or school district at a level that is equal to the total Federal cash reimbursements and total commodity assistance received by the school or school district in the last school year for which the school or school district accepted applications under the school lunch or school breakfast program, adjusted annually for inflation in accordance with paragraph (3)(B) and for

changes in enrollment, to carry out the school lunch or school breakfast program.

(ii) A school or school district described in clause (i) may reapply to the State at the end of the 4-school-year period described in clause (i), and at the end of each 4-school-year period thereafter for which the school or school district receives reimbursements and assistance under this subparagraph, for the purpose of continuing to receive the reimbursements and assistance for a subsequent 4-school-year period. The State may approve an application under this clause if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school or school district has remained consistent with the income level of the population of the school or school district in the last school year for which the school or school district accepted the applications described in clause (i).

(2) The special assistance factor prescribed by the Secretary for free lunches shall be 98.75 cents and the special assistance factor for reduced price lunches shall be 40 cents less than the special assistance factor for free lunches.

(3)(A) The Secretary shall prescribe on July 1, 1982, and on each subsequent July 1, an annual adjustment in the following:

(i) The national average payment rates for lunches (as established under section 1753 of this title).

(ii) The special assistance factor for lunches (as established under paragraph (2) of this subsection).

(ii) **BASIS.**—Each annual adjustment shall reflect the changes in the series for food away from home for the most recent 12-month period for which such data are available.

**(iii) ROUNDING.—**

**(I) THROUGH JUNE 30, 1999.**—For the period ending June 30, 1999, the adjustments made under this paragraph shall be computed to the nearest one-fourth cent, except that adjustments to payment rates for meals and supplements served to individuals not determined to be eligible for free or reduced price meals and supplements shall be computed to the nearest lower cent increment and based on the unrounded amount for the preceding 12-month period.

**(II) JULY 1, 1999, AND THEREAFTER.**—On July 1, 1999, and on each subsequent July 1, the national average payment rates for meals and supplements shall be adjusted to the

**(b) Financing cost of free and reduced price lunches on basis of need of school for special assistance; maximum per lunch amount**

Except as provided in section 10 of the Child Nutrition Act of 1966 [42 U.S.C. 1779], the special assistance payments made to each State agency during each fiscal year under the provisions of this section shall be used by such State agency to assist schools of that State in providing free and reduced price lunches served to children pursuant to section 1758(b) of this title. The amount of such special assistance funds that a school shall from time to time receive, within a maximum per lunch amount established by the Secretary for all States, shall be based on the need of the school for such special assistance. #### § 1761. Summer food service programs for children in service institutions

##### (a) Assistance to States; definitions; eligible service institutions; priorities in participation; limitations on reimbursement; nonprofit organizations; rural areas

(1) The Secretary is authorized to carry out a program to assist States, through grants-in-aid and other means, to initiate and maintain nonprofit food service programs for children in service institutions. For purposes of this section, (A) "program" means the summer food service program for children authorized by this section; (B) "service institutions" means public or private nonprofit school food authorities, local, municipal, or county governments, public or private nonprofit higher education institutions participating in the National Youth Sports Program,<sup>1</sup> and residential public or private nonprofit summer camps, that develop special summer or school vacation programs providing food service similar to that made available to children during the school year under the school lunch program under this chapter or the school breakfast program under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.]; (C) "areas in which poor economic conditions exist" means areas in which at least 50 percent of the children are eligible for free or reduced price school meals under this chapter and the Child Nutrition Act of 1966, as determined by information provided from departments of welfare, zoning commissions, census tracts, by the number of free and reduced price lunches or breakfasts served to children attending public and nonprofit private schools located in the area of program food service sites, or from other appropriate sources, including statements of eligibility based upon income for children enrolled in the program; (D) "children" means individuals who are eighteen years of age and under, and individuals who are older than eighteen who are (i) determined by a State educational agency or a local public educational agency of a State, in accordance with regulations prescribed by the Secretary, to have a disability, and (ii) participating in a public or nonprofit private school program established for individuals who have a disability; and (E) "State" means any of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands of the United States,

<sup>1</sup> So in original.

Guam, American Samoa, and the Northern Mariana Islands.

(2) To the maximum extent feasible, consistent with the purposes of this section, any food service under the program shall use meals prepared at the facilities of the service institution or at the food service facilities of public and nonprofit private schools. The Secretary shall assist States in the development of information and technical assistance to encourage increased service of meals prepared at the facilities of service institutions and at public and nonprofit private schools.

(3) Eligible service institutions entitled to participate in the program shall be limited to those that—

(A) demonstrate adequate administrative and financial responsibility to manage an effective food service;

(B) have not been seriously deficient in operating under the program;

(C)(i) conduct a regularly scheduled food service for children from areas in which poor economic conditions exist; or

(ii) qualify as camps; and

(D) provide an ongoing year-round service to the community to be served under the program (except that an otherwise eligible service institution shall not be disqualified for failure to meet this requirement for ongoing year-round service if the State determines that its disqualification would result in an area in which poor economic conditions exist not being served or in a significant number of needy children not having reasonable access to a summer food service program).

(4) The following order of priority shall be used by the State in determining participation where more than one eligible service institution proposes to serve the same area:

(A) Local schools.

(B) All other service institutions and private nonprofit organizations eligible under paragraph (7) that have demonstrated successful program performance in a prior year.

(C) New public institutions.

(D) New private nonprofit organizations eligible under paragraph (7).

The Secretary and the States, in carrying out their respective functions under this section, shall actively seek eligible service institutions located in rural areas, for the purpose of assisting such service institutions in applying to participate in the program.

(5) Camps that satisfy all other eligibility requirements of this section shall receive reimbursement only for meals served to children who meet the eligibility requirements for free or reduced price meals, as determined under this chapter and the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.].

(6) Service institutions that are local, municipal, or county governments shall be eligible for reimbursement for meals served in programs under this section only if such programs are operated directly by such governments.

(7)(A) Private nonprofit organizations, as defined in subparagraph (B) (other than organizations eligible under paragraph (1)), shall be eligible for the program under the same terms and conditions as other service institutions.

(B) As used in this paragraph, the term “private nonprofit organizations” means those organizations that—

(i) operate—

(I) not more than 25 sites, with not more than 300 children being served at any one site; or

(II) with a waiver granted by the State agency under standards developed by the Secretary, with not more than 500 children being served at any one site;

(ii) exercise full control and authority over the operation of the program at all sites under their sponsorship;

(iii) provide ongoing year-around activities for children or families;

(iv) demonstrate that such organizations have adequate management and the fiscal capacity to operate a program under this section; and

(v) meet applicable State and local health, safety, and sanitation standards.

(8) SEAMLESS SUMMER OPTION.—Except as otherwise determined by the Secretary, a service institution that is a public or private nonprofit school food authority may provide summer or school vacation food service in accordance with applicable provisions of law governing the school lunch program established under this chapter or the school breakfast program established under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.).

(9) EXEMPTION.—

(A) IN GENERAL.—For each of calendar years 2005 and 2006 in rural areas of the State of Pennsylvania (as determined by the Secretary), the threshold for determining “areas in which poor economic conditions exist” under paragraph (1)(C) shall be 40 percent.

(B) ELIGIBILITY.—To be eligible to receive a grant under this paragraph—

(i) a State agency shall submit an application to the Secretary, in such manner as the Secretary shall establish, and meet criteria established by the Secretary; and

(ii) a service institution shall agree to the terms and conditions of the grant, as established by the Secretary.

(C) DURATION.—A service institution that receives a grant under this paragraph may use the grant funds during the 3-fiscal year period beginning in fiscal year 2006.

(D) REPORTS.—The Secretary shall submit to the Committee on Education and the Workforce of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate—

(iii) AVAILABILITY OF FUNDS.—Funds transferred under clause (i) shall remain available until expended.

(iv) REALLOCATION.—The Secretary may reallocate any amounts made available to carry out this paragraph that are not obligated or expended, as determined by the Secretary.

**(b) Service institutions**

**(1) PAYMENTS.—**

(A) IN GENERAL.—Subject to subparagraph (B) and in addition to amounts made available under paragraph (3), payments to service institutions shall be—

- (i) \$1.97 for each lunch and supper served;
- (ii) \$1.13 for each breakfast served; and
- (iii) 46 cents for each meal supplement served.

(B) ADJUSTMENTS.—Amounts specified in subparagraph (A) shall be adjusted on January 1, 1997, and each January 1 thereafter, to the nearest lower cent increment to reflect changes for the 12-month period ending the preceding November 30 in the series for food away from home of the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor. Each adjustment shall be based on the unrounded adjustment for the prior 12-month period.

(C) SEAMLESS SUMMER REIMBURSEMENTS.—A service institution described in subsection (a)(8) of this section shall be reimbursed for meals and meal supplements in accordance with the applicable provisions under this chapter (other than subparagraphs (A) and (B) of this paragraph and paragraph (4)) and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.), as determined by the Secretary.

(2) Any service institution may only serve lunch and either breakfast or a meal supplement during each day of operation, except that any service institution that is a camp or that serves meals primarily to migrant children may serve up to 3 meals, or 2 meals and 1 supplement, during each day of operation, if (A) the service institution has the administrative capability and the food preparation and food holding capabilities (where applicable) to serve more than one meal per day, and (B) the service period of different meals does not coincide or overlap.

(3) Every service institution, when applying for participation in the program, shall submit a complete budget for administrative costs related to the program, which shall be subject to approval by the State. Payment to service institutions for administrative costs shall equal the levels determined by the Secretary pursuant to the study prescribed in paragraph (4) of this subsection.

(4)(A) The Secretary shall conduct a study of the food service operations carried out under the program. Such study shall include, but shall not be limited to—

(i) an evaluation of meal quality as related to costs; and

(ii) a determination whether adjustments in the maximum reimbursement levels for food service operation costs prescribed in paragraph (1) of this subsection should be made, including whether different reimbursement levels should be established for self-prepared meals and vendored meals and which site-related costs, if any, should be considered as part of administrative costs.

(B) The Secretary shall also study the administrative costs of service institutions participating in the program and shall thereafter prescribe maximum allowable levels for administrative payments that reflect the costs of such service institutions, taking into account the number of sites and children served, and such other factors as the Secretary determines appropriate to further the goals of efficient and effective administration of the program.

(C) The Secretary shall report the results of such studies to Congress not later than December 1, 1977.

**(c) Payments for meals served during May through September; exceptions for continuous school calendars or non-school sites; National Youth Sports Program**

(1) Payments shall be made to service institutions only for meals served during the months of May through September, except in the case of service institutions that operate food service programs for children on school vacation at any time under a continuous school calendar or that provide meal service at non-school sites to children who are not in school for a period during the months of October through April due to a natural disaster, building repair, court order, or similar cause.

(2) Children participating in National Youth Sports Programs operated by higher education institutions shall be eligible to participate in the program under this paragraph on showing residence in areas in which poor economic conditions exist or on the basis of income eligibility statements for children enrolled in the program.

**(d) Advance program payments to States for monthly meal service; letters of credit, forwarding to States; determination of amount; valid claims, receipt**

Not later than April 15, May 15, and July 1 of each year, the Secretary shall forward to each State a letter of credit (advance program payment) that shall be available to each State for the payment of meals to be served in the month for which the letter of credit is issued. The amount of the advance program payment shall be an amount which the State demonstrates, to the satisfaction of the Secretary, to be necessary for advance program payments to service institutions in accordance with subsection (e) of this section. The Secretary shall also forward such advance program payments, by the first day of the month prior to the month in which the program will be conducted, to States that operate the program in months other than May through September. The Secretary shall forward any remaining payments due pursuant to subsection (b) of this section not later than sixty days following receipt of valid claims therefor.

**(e) Advance program payments to service institutions for monthly meal service; certification of personnel training sessions; minimum days per month operations requirement; payments: computation, limitation; valid claims, receipt; withholding; demand for repayment; subtraction of disputed payments**

(1) Not later than June 1, July 15, and August 15 of each year, or, in the case of service institutions that operate under a continuous school calendar, the first day of each month of operation, the State shall forward advance program payments to each service institution. The State shall not release the second month's advance program payment to any service institution (excluding a school) that has not certified that it has held training sessions for its own personnel and the site personnel with regard to program duties and responsibilities. No advance program payment may be made for any month in which the service institution will operate under the program for less than ten days.

(2) The amount of the advance program payment for any month in the case of any service institution shall be an amount equal to (A) the total program payment for meals served by such service institution in the same calendar month of the preceding calendar year, (B) 50 percent of the amount established by the State to be needed by such service institution for meals if such service institution contracts with a food service management company, or (C) 65 percent of the amount established by the State to be needed by such service institution for meals if such service institution prepares its own meals, whichever amount is greatest: *Provided*, That the advance program payment may not exceed the total amount estimated by the State to be needed by such service institution for meals to be served in the month for which such advance program payment is made or \$40,000, whichever is less, except that a State may make a larger advance program payment to such service institution where the State determines that such larger payment is necessary for the operation of the program by such service institution and sufficient administrative and management capability to justify a larger payment is demonstrated. The State shall forward any remaining payment due a service institution not later than seventy-five days following receipt of valid claims. If the State has reason to believe that a service institution will not be able to submit a valid claim for reimbursement covering the period for which an advance program payment has been made, the subsequent month's advance program payment shall be withheld until such time as the State has received a valid claim. Program payments advanced to service institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance program payment.

**(f) Nutritional standards**

(1) Service institutions receiving funds under this section shall serve meals consisting of a combination of foods and meeting minimum nutritional standards prescribed by the Secretary on the basis of tested nutritional research.

(2) The Secretary shall provide technical assistance to service institutions and private nonprofit organizations participating in the program to assist the institutions and organizations in complying with the nutritional requirements prescribed by the Secretary pursuant to this subsection.

(3) Meals described in paragraph (1) shall be served without cost to children attending service institutions approved for operation under this section, except that, in the case of camps, charges may be made for meals served to children other than those who meet the eligibility requirements for free or reduced price meals in accordance with subsection (a)(5) of this section.

(4) To assure meal quality, States shall, with the assistance of the Secretary, prescribe model meal specifications and model food quality standards, and ensure that all service institutions contracting for the preparation of meals with food service management companies include in their contracts menu cycles, local food safety standards, and food quality standards approved by the State.

(5) Such contracts shall require (A) periodic inspections, by an independent agency or the local health department for the locality in which the meals are served, of meals prepared in accordance with the contract in order to determine bacteria levels present in such meals, and (B) conformance with standards set by local health authorities.

(6) Such inspections and any testing resulting therefrom shall be in accordance with the practices employed by such local health authority.

(7) OFFER VERSUS SERVE.—A school food authority participating as a service institution may permit a child to refuse one or more items of a meal that the child does not intend to consume, under rules that the school uses for school meals programs. A refusal of an offered food item shall not affect the amount of payments made under this section to a school for the meal.

**(g) Regulations, guidelines, applications, and handbooks; publication; startup costs**

The Secretary shall publish proposed regulations relating to the implementation of the program by November 1 of each fiscal year, final regulations by January 1 of each fiscal year, and guidelines, applications, and handbooks by February 1 of each fiscal year. In order to improve program planning, the Secretary may provide that service institutions be paid as startup costs not to exceed 20 percent of the administrative funds provided for in the administrative budget approved by the State under subsection (b)(3) of this section. Any payments made for startup costs shall be subtracted from amounts otherwise payable for administrative costs subsequently made to service institutions under subsection (b)(3) of this section.

**(h) Direct disbursement to service institutions by Secretary**

Each service institution shall, insofar as practicable, use in its food service under the program foods designated from time to time by the Secretary as being in abundance. The Secretary is authorized to donate to States, for distribution to service institutions, food available under

section 1431 of title 7, or purchased under section 612c of title 7 or section 1446a-1 of title 7. Donated foods may be distributed only to service institutions that can use commodities efficiently and effectively, as determined by the Secretary.

**(i) Repealed. Pub. L. 97-35, title VIII, § 817(b), Aug. 13, 1981, 95 Stat. 532**

**(j) Administrative expenses of Secretary; authorization of appropriations**

Expenditures of funds from State and local sources for the maintenance of food programs for children shall not be diminished as a result of funds received under this section.

**(k) Administrative costs of State; payment; adjustment; standards and effective dates, establishment; funds: withholding, inspection**

(1) The Secretary shall pay to each State for its administrative costs incurred under this section in any fiscal year an amount equal to (A) 20 percent of the first \$50,000 in funds distributed to that State for the program in the preceding fiscal year; (B) 10 percent of the next \$100,000 distributed to that State for the program in the preceding fiscal year; (C) 5 percent of the next \$250,000 in funds distributed to that State for the program in the preceding fiscal year; and (D) 2½ percent of any remaining funds distributed to that State for the program in the preceding fiscal year: *Provided*, That such amounts may be adjusted by the Secretary to reflect changes in the size of that State's program since the preceding fiscal year.

(2) The Secretary shall establish standards and effective dates for the proper, efficient, and effective administration of the program by the State. If the Secretary finds that the State has failed without good cause to meet any of the Secretary's standards or has failed without good cause to carry out the approved State management and administration plan under subsection (n) of this section, the Secretary may withhold from the State such funds authorized under this subsection as the Secretary determines to be appropriate.

(3) To provide for adequate nutritional and food quality monitoring, and to further the implementation of the program, an additional amount, not to exceed the lesser of actual costs or 1 percent of program funds, shall be made available by the Secretary to States to pay for State or local health department inspections, and to reinspect facilities and deliveries to test meal quality.

**(l) Food service management companies; subcontracts; assignments, conditions and limitations; meal capacity information in bids subject to review; registration; record, availability to States; small and minority-owned businesses for supplies and services; contracts: standard form, bid and contract procedures, bonding requirements and exemption, review by States, collusive bidding safeguards**

(1) Service institutions may contract on a competitive basis with food service management companies for the furnishing of meals or management of the entire food service under the

program, except that a food service management company entering into a contract with a service institution under this section may not subcontract with a single company for the total meal, with or without milk, or for the assembly of the meal. The Secretary shall prescribe additional conditions and limitations governing assignment of all or any part of a contract entered into by a food service management company under this section. Any food service management company shall, in its bid, provide the service institution information as to its meal capacity.

(2) Each State may provide for the registration of food service management companies.

(3) In accordance with regulations issued by the Secretary, positive efforts shall be made by service institutions to use small businesses and minority-owned businesses as sources of supplies and services. Such efforts shall afford those sources the maximum feasible opportunity to compete for contracts using program funds.

(4) Each State, with the assistance of the Secretary, shall establish a standard form of contract for use by service institutions and food service management companies. The Secretary shall prescribe requirements governing bid and contract procedures for acquisition of the services of food service management companies, including, but not limited to, bonding requirements (which may provide exemptions applicable to contracts of \$100,000 or less), procedures for review of contracts by States, and safeguards to prevent collusive bidding activities between service institutions and food service management companies.

**(m) Accounts and records**

States and service institutions participating in programs under this section shall keep such accounts and records as may be necessary to enable the Secretary to determine whether there has been compliance with this section and the regulations issued hereunder. Such accounts and records shall be available at any reasonable time for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

**(n) Management and administration plan; notification and submittal to Secretary; specific provisions**

Each State desiring to participate in the program shall notify the Secretary by January 1 of each year of its intent to administer the program and shall submit for approval by February 15 a management and administration plan for the program for the fiscal year, which shall include, but not be limited to, (1) the State's administrative budget for the fiscal year, and the State's plans to comply with any standards prescribed by the Secretary under subsection (k) of this section; (2) the State's plans for use of program funds and funds from within the State to the maximum extent practicable to reach needy children; (3) the State's plans for providing technical assistance and training eligible service institutions; (4) the State's plans for monitoring and inspecting service institutions, feeding sites, and food service management companies and for ensuring that such companies do not

enter into contracts for more meals than they can provide effectively and efficiently; (5) the State's plan for timely and effective action against program violators; and (6) the State's plan for ensuring fiscal integrity by auditing service institutions not subject to auditing requirements prescribed by the Secretary.

**(o) Violations and penalties**

(1) Whoever, in connection with any application, procurement, recordkeeping entry, claim for reimbursement, or other document or statement made in connection with the program, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious, or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry, or whoever, in connection with the program, knowingly makes an opportunity for any person to defraud the United States, or does or omits to do any act with intent to enable any person to defraud the United States, shall be fined not more than \$10,000 or imprisoned not more than five years, or both.

(2) Whoever being a partner, officer, director, or managing agent connected in any capacity with any partnership, association, corporation, business, or organization, either public or private, that receives benefits under the program, knowingly or willfully embezzles, misapplies, steals, or obtains by fraud, false statement, or forgery, any benefits provided by this section or any money, funds, assets, or property derived from benefits provided by this section, shall be fined not more than \$10,000 or imprisoned for not more than five years, or both (but, if the benefits, money, funds, assets, or property involved is not over \$200, then the penalty shall be a fine of not more than \$1,000 or imprisonment for not more than one year, or both).

(3) If two or more persons conspire or collude to accomplish any act made unlawful under this subsection, and one or more of such persons do any act to effect the object of the conspiracy or collusion, each shall be fined not more than \$10,000 or imprisoned for not more than five years, or both.

**(p) Monitoring of participating private nonprofit organizations**

(1) In addition to the normal monitoring of organizations receiving assistance under this section, the Secretary shall establish a system under which the Secretary and the States shall monitor the compliance of private nonprofit organizations with the requirements of this section and with regulations issued to implement this section.

(2) In the fiscal year 1990 and each succeeding fiscal year, the Secretary may reserve for purposes of carrying out paragraph (1) not more than ½ of 1 percent of amounts appropriated for purposes of carrying out this section.

**(q) Authorization of appropriations**

For the period beginning October 1, 1977, and ending September 30, 2009, there are hereby authorized to be appropriated such sums as are necessary to carry out the purposes of this section.
