§2620. Procedural rights of persons subject to plan

(a) Administrative proceedings; petition; hearing; finality of ruling

Any person subject to a plan may file a written petition with the Secretary, stating that such plan or any provision of such plan or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. He shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Secretary. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(b) Judicial review; jurisdiction; complaint; remand; relief during pendency of proceedings

The district courts of the United States in any district in which such person is an inhabitant, or has his principal place of business, are hereby vested with jurisdiction to review such ruling: *Provided*, That a complaint for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had upon the Secretary by delivering to him a copy of the complaint. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall deter-

mine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to subsection (a) of this section shall not impede, hinder, or delay the United States or the Secretary from obtaining relief pursuant to section 2621(a) of this title.

(Pub. L. 91-670, title III, §311, Jan. 11, 1971, 84 Stat. 2045.)

§ 2621. Enforcement

(a) Jurisdiction of United States district courts; administrative action

The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating any plan or regulation made or issued under this chapter. The facts relating to any civil action authorized to be brought under this subsection shall be referred to the Attorney General for appropriate action: *Provided*, That nothing in this chapter shall be construed as requiring the Secretary to refer to the Attorney General violations of this chapter whenever the Secretary believes that the administration and enforcement of any such plan or regulation would be adequately served by administrative action under subsection (b) of this section or suitable written notice or warning to any person committing such violations.

(b) Civil penalties; cease and desist orders; appeal; failure to comply with order or assessment; further proceedings and penalties

(1) Any person who violates any provision of any plan or regulation issued by the Secretary under this chapter, or who fails or refuses to pay, collect, or remit any assessment or fee duly required of such person thereunder, may be assessed a civil penalty by the Secretary of not less than \$500 or more than \$5,000 for each such violation. Each violation shall be a separate offense. In addition to or in lieu of such civil penalty the Secretary may issue an order requiring such person to cease and desist from continuing such violations. No penalty shall be assessed or cease and desist order issued unless such person is given notice and opportunity for a hearing before the Secretary with respect to such violation, and the order of the Secretary assessing a penalty or imposing a cease and desist order shall be final and conclusive unless the affected person files an appeal from the Secretary's order with the appropriate United States court of appeals.

(2) Any person against whom a violation is found and a civil penalty assessed or cease and desist order issued under subsection (b)(1) of this section may obtain review in the court of appeals of the United States for the circuit in which such person resides or carries on business or in the United States Court of Appeals for the District of Columbia Circuit by filing a notice of appeal in such court within thirty days from the date of such order and by simultaneously sending a copy of such notice by certified mail to the Secretary. The Secretary shall promptly file in such court a certified copy of the record upon which such violation was found. The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence.

(3) Any person who fails to obey a cease and desist order after it has become final and unappealable, or after the appropriate court of appeals has entered a final judgment in favor of the Secretary, shall be subject to a civil penalty assessed by the Secretary, after opportunity for a hearing and for judicial review under the procedures specified in subsections (b)(1) and (2) of this section, of not more than \$500 for each offense, and each day during which such failure continues shall be deemed a separate offense.

(4) If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order, or after the appropriate court of appeals has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General for recovery of the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

(Pub. L. 91-670, title III, §312, Jan. 11, 1971, 84 Stat. 2045; Pub. L. 97-244, §3, Aug. 26, 1982, 96 Stat. 310.)

L. 97-244 substituted “from violating any plan or regulation made or issued under this chapter” for “from violating, any plan or regulation made or issued pursuant to this chapter”, and inserted provision that the facts relating to any civil action authorized to be brought under this subsection must be referred to the Attorney General for appropriate action, provided that nothing in this chapter shall be construed as requiring the Secretary to refer to the Attorney General violations of this chapter whenever the Secretary believes that the administration and enforcement of any such plan or regulation would be adequately served by administrative action under subsec. (b) of this section or suitable written notice or warning to any person committing such violations.

Subsec. (b). Pub. L. 97-244 added subsec. (b). Former subsec. (b), which provided that any handler who violated any provision of any plan issued by the Secretary under this chapter, or who failed or refused to remit any assessment or fee duly required of him thereunder, would be subject to criminal prosecution and would be fined not less than \$100 nor more than \$1,000 for each such offense, was struck out.

§ 2622. Investigations

(a) Administration of oath; subpoena; contempt; process; jurisdiction

The Secretary may make such investigations as he deems necessary for the effective carrying out of his responsibilities under this chapter or to determine whether any person has engaged or is engaging in any acts or practices which constitute a violation of any provision of this chapter, or of any plan, or rule or regulation issued under this chapter. For the purpose of any such investigation, the Secretary is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena issued to, any person, including a handler, the

Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found. The site of any hearings held under this section shall be within the judicial district where such person is an inhabitant or has his principal place of business.

(b) Self-incrimination; privilege

No person shall be excused from attending and testifying or from producing books, papers, and documents before the Secretary, or in obedience to the subpoena of the Secretary, or in any cause or proceeding, criminal or otherwise, based upon, or growing out of any alleged violation of this chapter, or of any plan, or rule or regulation issued thereunder on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

§ 2623. Referendum

(a) Secretary’s duty to conduct; purpose of referendum

The Secretary shall conduct a referendum among producers, who during a representative period determined by the Secretary have been engaged in the production of potatoes, for the purpose of ascertaining whether the issuance of a plan is approved or favored by such producers. When the issuance of a plan would subject importers to the terms and conditions of a plan, the Secretary also shall conduct the referendum among importers, who during a representative period determined by the Secretary have been engaged in the importation of potatoes, for the purpose of ascertaining whether the issuance of such plan is approved or favored by such importers.

(b) Required margin of approval

No plan issued under this chapter shall be effective unless the Secretary determines that the issuance of such plan is approved or favored by not less than a majority of the producers voting in such referendum or a majority of the producers and importers when the issuance of a plan would subject importers to the terms and conditions of a plan, voting in such referendum.

(c) Amendments

The failure of potato producers and importers to approve an amendment to any plan issued under this chapter shall not be deemed to invalidate such plan.

(d) Penalties for disclosure of confidential information, ballots and reports

The ballots and other information or reports which reveal or tend to reveal the vote of any producer or his production of potatoes, or any importer or the volume of potatoes imported by such importer, shall be held strictly confidential and shall not be disclosed. Any officer or employee of the Department of Agriculture violating the provisions hereof shall upon conviction be subject to the penalties provided in section 2619(c) of this title.

L. 101-624, §1944(2), substituted “a majority of the producers voting in such referendum or a majority of the producers and importers when the issuance of a plan would subject importers to the terms and conditions of a plan, voting in such referendum” for “two-thirds of the producers voting in such referendum, or by the producers of not less than two-thirds of the potatoes produced during the representative period by producers voting in such referendum, and by not less than a majority of the producers voting in such referendum”.

(b), as so redesignated, substituted “under this chapter” for “pursuant to this chapter”, and added subsec. (c).

§ 2624. Suspension or termination of plans

(a) Duty of Secretary

The Secretary shall, whenever he finds that a plan or any provision thereof obstructs or does not tend to effectuate the declared policy of this chapter, terminate or suspend the operation of such plan or such provision thereof.

(b) Referendum

The Secretary may conduct a referendum at any time and shall hold a referendum on request of the board or of 10 per centum or more of the potato producers, or of the total number of producers and importers when importers are subject to a plan, to determine if potato producers and importers favor the termination or suspension of the plan, and he shall terminate or suspend such plan at the end of the marketing year whenever he determines that such suspension or termination is favored by a majority of those voting in a referendum, and who produce and import more than 50 per centum of the volume of the potatoes produced and imported by those voting in the referendum.

§ 2701. Congressional findings and declaration of policy

Eggs constitute one of the basic, natural foods in the diet. They are produced by many individual egg producers throughout the United States. Egg products, spent fowl, and products of spent fowl are derivatives of egg production. These products move in interstate and foreign commerce and those which do not move in such channels of commerce directly burden or affect interstate commerce of these products. The maintenance and expansion of existing markets and the development of new or improved markets and uses are vital to the welfare of egg producers and those concerned with marketing, using, and processing eggs as well as the general economy of the Nation. The production and marketing of these products by numerous individual egg producers have prevented the development and carrying out of adequate and coordinated programs of research and promotion necessary for the maintenance of markets and the development of new products of, and markets for, eggs, egg products, spent fowl, and products of spent fowl. Without an effective and coordinated method of assuring cooperative and collective action in providing for and financing such programs, individual egg producers are unable to provide, obtain, or carry out the research, consumer and producer information, and promotion necessary to maintain and improve markets for any or all of these products.

It has long been recognized that it is in the public interest to provide an adequate, steady supply of fresh eggs readily available to the consumers of the Nation. Maintenance of markets and the development of new markets, both domestic and foreign, are essential to the egg industry if the consumers of eggs, egg products, spent fowl, or products of spent fowl are to be assured of an adequate, steady supply of such products.

It is therefore declared to be the policy of the Congress and the purpose of this chapter that it is essential and in the public interest, through the exercise of the powers provided herein, to authorize and enable the establishment of an orderly procedure for the development and the financing through an adequate assessment, an effective and continuous coordinated program of research, consumer and producer education, and promotion designed to strengthen the egg industry's position in the marketplace, and maintain

and expand domestic and foreign markets and uses for eggs, egg products, spent fowl, and products of spent fowl of the United States. Nothing in this chapter shall be construed to mean, or provide for, control of production or otherwise limit the right of individual egg producers to produce commercial eggs.

Consumer members of the Egg Board shall be voting members.

(c) Advertising, sales promotion, consumer education, and research and development plans or projects; development and submittal to Secretary by Board

In preparing a budget for each of the 1994 and subsequent fiscal years, the Egg Board shall, to the maximum extent practicable, allocate a proportion of funds for research projects under this chapter that is comparable to the proportion of funds that were allocated for research projects under this chapter in the budget of the Egg Board for fiscal year 1993.

(a) Producer approval of order

The Secretary shall conduct a referendum among egg producers not exempt hereunder who, during a representative period determined by the Secretary, have been engaged in the production of commercial eggs, for the purpose of ascertaining whether the issuance of an order is approved or favored by such producers. No order issued pursuant to this chapter shall be effective unless the Secretary determines that the issuance of such order is approved or favored by not less than two-thirds of the producers voting in such referendum, or by a majority of the producers voting in such referendum if such majority produced not less than two-thirds of the commercial eggs produced during a representative period defined by the Secretary.

(b) Request by Egg Board for referendum

(1) If the Egg Board determines, based on a scientific study, marketing analysis, or other simi-

(2)(A) If the Egg Board requests the Secretary to conduct a referendum under paragraph (1) or (3), the Secretary shall conduct a referendum among egg producers not exempt from this chapter who, during a representative period determined by the Secretary, have been engaged in the production of commercial eggs, for the purpose of ascertaining whether the producers approve the change in the assessment rate proposed by the Egg Board.

(3)(A) In the case of the order in effect on December 14, 1993, the Egg Board shall determine under paragraph (1), as soon as practicable after December 14, 1993, whether to request that the Secretary conduct a referendum under paragraph (2).

(B) If the Egg Board makes such a request on the basis of competent evidence, as provided in paragraph (1), the Secretary shall conduct the referendum as soon as practicable, but not later than—

(i) 120 days after receipt of the request from the Egg Board; or

(ii) if the Director of the Office of Management and Budget determines that the change in the assessment rate is a significant action that requires review by the Director, 170 days after receipt of the request from the Egg Board.

(4) Notwithstanding any other provision of this chapter, if an increase in the assessment rate and the authority for additional increases is approved by producers in a referendum conducted under this subsection, the Secretary shall amend the order to reflect the vote of the producers. The amendment to the order shall become effective on the date of issuance of the amendment.

(c) Nonapproval of amendments as not invalidating order

The failure of egg producers to approve an amendment to any Egg Research and Promotion Order shall not be deemed to invalidate such order.

(b) Referendum to terminate or suspend; eligible voters; requirements for approval; termination or suspension date

The Secretary may conduct a referendum at any time, and shall hold a referendum on request of 10 per centum or more of the number of egg producers voting in the referendum approving the order, to determine whether such producers favor the termination or suspension of the order, and he shall suspend or terminate such order six months after he determines that suspension or termination of the order is approved or favored by a majority of the egg producers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production of commercial eggs, and who produced more than 50 per centum of the volume of eggs produced by the egg producers voting in the referendum.

The several district courts of the United States are vested with jurisdiction specifically

to enforce, and to prevent and restrain any person from violating, any order or regulation made or issued pursuant to this chapter. Any civil action authorized to be brought under this subsection shall be referred to the Attorney General for appropriate action: *Provided*, That nothing in this chapter shall be construed as requiring the Secretary to refer to the Attorney General violations of this chapter whenever he believes that the administration and enforcement of the program would be adequately served by administrative action pursuant to subsection (b) of this section or suitable written notice or warning to any person committing such violations.

(b) Civil penalty; review by court of appeals; noncompliance with final order; referral to Attorney General

(1) Any person who violates any provisions of any order or regulation issued by the Secretary pursuant to this chapter, or who fails or refuses to pay, collect, or remit any assessment or fee duly required of him thereunder, may be assessed a civil penalty by the Secretary of not less than \$500 or more than \$5,000 for each such violation. Each violation shall be a separate offense. In addition to or in lieu of such civil penalty the Secretary may issue an order requiring such person to cease and desist from continuing such violation or violations. No penalty shall be assessed or cease and desist order issued unless such person is given notice and opportunity for a hearing before the Secretary with respect to such violation, and the order of the Secretary assessing a penalty or imposing a cease and desist order shall be final and conclusive unless the affected person files an appeal from the Secretary's order with the appropriate United States court of appeals.

(2) Any person against whom a violation is found and a civil penalty assessed or cease and desist order issued under paragraph (1) of this subsection may obtain review in the court of appeals of the United States for the circuit in which such person resides or has his place of business or in the United States Court of Appeals for the District of Columbia Circuit by filing a notice of appeal in such court within thirty days from the date of such order and by simultaneously sending a copy of such notice by certified mail to the Secretary. The Secretary shall promptly file in such court a certified copy of the record upon which such violation was found. The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence.

(3) Any person who fails to obey a cease and desist order after it has become final and unappealable, or after the appropriate court of appeals has entered final judgment in favor of the Secretary, shall be subject to a civil penalty assessed by the Secretary, after opportunity for a hearing and for judicial review pursuant to the procedures specified in paragraphs (1) and (2) of this subsection, of not more than \$500 for each offense, and each day during which such failure continues shall be deemed a separate offense.

(4) If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order, or after the appropriate

court of appeals has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General who shall recover the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

L. 96-276 substituted provisions authorizing Secretary to assess civil penalty of not less than \$500 or more than \$5,000 per violation, to issue cease and desist orders for violations of regulations or orders issued by Secretary, and, after review in court of appeals, to assess civil penalty of \$500 per offense for failure to abide by duly issued cease and desist order, and authorized actions by Attorney General in appropriate district courts to collect assessed penalties, for provisions authorizing penalties of up to \$1,000 per offense for willful violations of this chapter, recoverable in civil action brought by the United States.

§ 2715. Certification of organizations; required contents of report as criteria

The eligibility of any organization to represent commercial egg producers of any egg producing area of the United States to request the issuance of an order under section 2704 of this title, and to participate in the making of nominations under section 2707(b) of this title shall be certified by the Secretary. Certification shall be based, in addition to other available information, upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including, but not limited to, the following:

(a) Geographic territory covered by the organization's active membership.

(b) Nature and size of the organization's active membership, proportion of total of such active membership accounted for by producers of commercial eggs, a chart showing the egg production by State in which the organization has members, and the volume of commercial eggs produced by the organization's active membership in each such State.

(c) The extent to which the commercial egg producer membership of such organization is represented in setting the organization's policies.

(d) Evidence of stability and permanency of the organization.

(e) Sources from which the organization's operating funds are derived.

(f) Functions of the organization, and

(g) The organization's ability and willingness to further the aims and objectives of this chapter: *Provided, however*, That the primary consideration in determining the eligibility of an organization shall be whether its commercial egg producer membership consists of a substantial number of egg producers who

produce a substantial volume of commercial eggs. The Secretary shall certify any organization which he finds to be eligible under this section and his determination as to eligibility shall be final. Where more than one organization is certified in any geographic area, such organizations may caucus to determine the area's nominations under section 2707(b) of this title.

§ 2717. Investigations by Secretary; oaths and affirmations; subpoenas; judicial enforcement; contempt proceedings; service of process

The Secretary may make such investigations as he deems necessary for the effective carrying out of his responsibilities under this chapter or to determine whether an egg producer, processor, or other seller of commercial eggs or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provisions of this chapter, or of any order, or rule or regulation issued under this chapter. For the purpose of such investigation, the Secretary is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, including an egg producer, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found.

(Pub. L. 93-428, §18, Oct. 1, 1974, 88 Stat. 1178.)

§ 2718. Authorization of appropriations

There is hereby authorized to be appropriated out of any money in the Treasury not otherwise appropriated such funds as are necessary to carry out the provisions of this chapter. The funds so appropriated shall not be available for payment of the expenses or expenditures of the Egg Board in administering any provisions of any order issued pursuant to the terms of this chapter.

§ 2901. Congressional findings and declaration of policy

(a) Congress finds that—

(1) beef and beef products are basic foods that are a valuable part of human diet;

(2) the production of beef and beef products plays a significant role in the Nation's economy, beef and beef products are produced by thousands of beef producers and processed by numerous processing entities, and beef and beef products are consumed by millions of people throughout the United States and foreign countries;

(3) beef and beef products should be readily available and marketed efficiently to ensure

that the people of the United States receive adequate nourishment;

(4) the maintenance and expansion of existing markets for beef and beef products are vital to the welfare of beef producers and those concerned with marketing, using, and producing beef products, as well as to the general economy of the Nation;

(5) there exist established State and national organizations conducting beef promotion, research, and consumer education programs that are invaluable to the efforts of promoting the consumption of beef and beef products; and

(6) beef and beef products move in interstate and foreign commerce, and beef and beef products that do not move in such channels of commerce directly burden or affect interstate commerce of beef and beef products.

(b) It, therefore, is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided herein, of an orderly procedure for financing (through assessments on all cattle sold in the United States and on cattle, beef, and beef products imported into the United States) and carrying out a coordinated program of promotion and research designed to strengthen the beef industry's position in the marketplace and to maintain and expand domestic and foreign markets and uses for beef and beef products. Nothing in this chapter shall be construed to limit the right of individual producers to raise cattle.

§ 2904. Required terms in orders

An order issued under section 2903(b) of this title shall contain the following terms and conditions:

- (1) The order shall provide for the establishment and selection of a Cattlemen’s Beef Promotion and Research Board. Members of the Board shall be cattle producers and importers appointed by the Secretary from (A) nominations submitted by eligible State organizations certified under section 2905 of this title (or, if the Secretary determines that there is no eligible State organization in a State, the Secretary may provide for nominations from such State to be made in a different manner), and (B) nominations submitted by importers under such procedures as the Secretary deter-

mines appropriate. In determining geographic representation for cattle producers on the Board, whole States shall be considered as a unit. Each State that has a total cattle inventory greater than five hundred thousand head shall be entitled to at least one representative on the Board. A State that has a total inventory of fewer than 500,000 cattle shall be grouped, as far as practicable, with other States each of which has a combined total inventory of not less than 500,000 cattle, into geographically contiguous units in a manner prescribed in the order. A unit may be represented on the Board by more than one member. For each additional million head of cattle within a unit, such unit shall be entitled to an additional member on the Board. The Board may recommend a change in the level of inventory per unit necessary for representation on the Board and, on such recommendation, the Secretary may change the level necessary for representation on the Board. The number of members on the Board that represent importers shall be determined by the Secretary on a proportional basis, by converting the volume of imported beef and beef products into live animal equivalencies.

(2) The order shall define the powers and duties of the Board, which shall be exercised at an annual meeting, and shall include only the following powers:

(A) To administer the order in accordance with its terms and provisions.

(B) To make rules and regulations to effectuate the terms and provisions of the order.

(C) To elect members of the Board to serve on the Committee.

(D) To approve or disapprove budgets submitted by the Committee.

(E) To receive, investigate, and report to the Secretary complaints of violations of the order.

(F) To recommend to the Secretary amendments to the order.

In addition, the order shall determine the circumstances under which special meetings of the Board may be held.

(3) The order shall provide that the term of appointment to the Board shall be three years with no member serving more than two consecutive terms, except that initial appointments shall be proportionately for one-year, two-year, and three-year terms; and that Board members shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Board.

(4)(A) The order shall provide that the Board shall elect from its membership ten members to serve on the Beef Promotion Operating Committee, which shall be composed of ten members of the Board and ten producers elected by a federation that includes as members the qualified State beef councils. The producers elected by the federation shall be certified by the Secretary as producers that are directors of a qualified State beef council. The Secretary also shall certify that such directors are duly elected by the federation as representatives to the Committee.

(B) The Committee shall develop plans or projects of promotion and advertising, re-

search, consumer information, and industry information, which shall be paid for with assessments collected by the Board. In developing plans or projects, the Committee shall—

(i) to the extent practicable, take into account similarities and differences between certain beef, beef products, and veal; and

(ii) ensure that segments of the beef industry that enjoy a unique consumer identity receive equitable and fair treatment under this chapter.

(C) The Committee shall be responsible for developing and submitting to the Board, for its approval, budgets on a fiscal year basis of its anticipated expenses and disbursements, including probable costs of advertising and promotion, research, consumer information, and industry information projects. The Board shall approve or disapprove such budgets and, if approved, shall submit such budget to the Secretary for the Secretary's approval.

(D) The total costs of collection of assessments and administrative staff incurred by the Board during any fiscal year shall not exceed 5 per centum of the projected total assessments to be collected by the Board for such fiscal year. The Board shall use, to the extent possible, the resources, staffs, and facilities of existing organizations.

(5) The order shall provide that terms of appointment to the Committee shall be one year, and that no person may serve on the Committee for more than six consecutive terms. Committee members shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Committee. The Committee may utilize the resources, staffs, and facilities of the Board and industry organizations. An employee of an industry organization may not receive compensation for work performed for the Committee, but shall be reimbursed from assessments collected by the Board for reasonable expenses incurred in performing such work.

(6) The order shall provide that, to ensure coordination and efficient use of funds, the Committee shall enter into contracts or agreements for implementing and carrying out the activities authorized by this chapter with established national nonprofit industry-governed organizations, including the federation referred to in paragraph (4), to implement programs of promotion, research, consumer information, and industry information. Any such contract or agreement shall provide that—

(A) the person entering the contract or agreement shall develop and submit to the Committee a plan or project together with a budget or budgets that shows estimated costs to be incurred for the plan or project;

(B) the plan or project shall become effective on the approval of the Secretary; and

(C) the person entering the contract or agreement shall keep accurate records of all of its transactions, account for funds received and expended, and make periodic reports to the Committee of activities conducted, and such other reports as the Secretary, the Board, or the Committee may require.

(7) The order shall require the Board and the Committee to—

(A) maintain such books and records, which shall be available to the Secretary for inspection and audit, as the Secretary may prescribe;

(B) prepare and submit to the Secretary, from time to time, such reports as the Secretary may prescribe; and

(C) account for the receipt and disbursement of all funds entrusted to them.

(8)(A) The order shall provide that each person making payment to a producer for cattle purchased from the producer shall, in the manner prescribed by the order, collect an assessment and remit the assessment to the Board. The Board shall use qualified State beef councils to collect such assessments.

(B) If an appropriate qualified State beef council does not exist to collect an assessment in accordance with paragraph (1), such assessment shall be collected by the Board.

(C) The order also shall provide that each importer of cattle, beef, or beef products shall pay an assessment, in the manner prescribed by the order, to the Board. The assessments shall be used for payment of the costs of plans and projects, as provided for in paragraph (4), and expenses in administering the order, including more administrative costs incurred by the Secretary after the order has been promulgated under this chapter, and to establish a reasonable reserve. The rate of assessment prescribed by the order shall be one dollar per head of cattle, or the equivalent thereof in the case of imported beef and beef products. A producer who can establish that the producer is participating in a program of an established qualified State beef council shall receive credit, in determining the assessment due from such producer, for contributions to such program of up to 50 cents per head of cattle or the equivalent thereof. There shall be only one qualified State beef council in each State. Any person marketing from¹ beef from cattle of the person's own production shall remit the assessment to the Board in the manner prescribed by the order.

(1) research programs under—

(A) the Act of March 2, 1887 (7 U.S.C. 361a et seq.), commonly known as the Hatch Act of 1887;

(B) the Act of October 10, 1962 (16 U.S.C. 582a et seq.), commonly known as the McIntire-Stennis Act of 1962;

(C) subchapter V of this chapter; and

(D) subchapter VI of this chapter;

(2) extension programs under subchapter VI of this chapter and the Act of May 8, 1914 (7 U.S.C. 341 et seq.), commonly known as the Smith-Lever Act;

This partnership in publicly supported agricultural research, extension, and teaching involving the programs of Federal agencies and the programs of the States has played a major role in the outstanding successes achieved in meeting the varied, dispersed, and in many cases, site-specific needs of American agriculture. This partnership must be preserved and enhanced.

(b) Establishment, etc., of cooperative centers

In order to promote research and education in food and human nutrition, the Secretary may establish cooperative human nutrition centers to focus resources, facilities, and scientific expertise on particular high priority nutrition problems identified by the Department. Such centers shall be established at State cooperative institutions; and at other colleges and universities, having a demonstrable capacity to carry out human nutrition research and education.

(c) Designation of State cooperative institutions; reports; research grants

(1) To promote research for purposes of developing agricultural policy alternatives, the Secretary is encouraged—

(A) to designate at least one State cooperative institution to conduct research in an interdisciplinary fashion; and

(B) to report on a regular basis with respect to the effect of emerging technological, economic, sociological, and environmental developments on the structure of agriculture.

(2) Support for this effort should include grants to examine the role of various food production, processing, and distribution systems that may primarily benefit small- and medium-sized family farms, such as diversified farm plans, energy, water, and soil conservation technologies, direct and cooperative marketing, production and processing cooperatives, and rural community resource management.

(d) Designation of State agricultural experiment stations and Agricultural Research Service facilities; pilot projects; additional research

To address more effectively the critical need for reducing farm input costs, improving soil, water, and energy conservation on farms and in rural areas, using sustainable agricultural methods, adopting alternative processing and marketing systems, and encouraging rural resources management, the Secretary is encouraged to designate at least one State agricultural experiment station and one Agricultural Research Service facility to examine these issues in an integrated and comprehensive manner, while conducting ongoing pilot projects contributing additional research through the Federal-State partnership.

SUBCHAPTER IV—NATIONAL FOOD AND HUMAN NUTRITION RESEARCH AND EXTENSION PROGRAM

§ 3171. Congressional findings and declaration of policy

(a) Findings

Congress finds that there is increasing evidence of a relationship between diet and many of the leading causes of death in the United States: that improved nutrition is an integral component of preventive health care; that there is a serious need for research on the chronic effects of diet on degenerative diseases and related disorders; that nutrition and health considerations are important to United States agricultural policy; that there is insufficient knowledge concerning precise human nutritional requirements, the interaction of the various nutritional constituents of food, and differences in nutritional requirements among different population groups such as infants, children, adolescents, elderly men and women, and pregnant women; and that there is a critical need for objective data concerning food safety, the potential of food enrichment, and means to encourage better nutritional practices.

(b) Declaration of policy

It is declared to be the policy of the United States that the Department of Agriculture con-

duct research in the fields of human nutrition and the nutritive value of foods and conduct human nutrition education activities, as provided in this subchapter.

§ 3174a. Pilot research program to combine medical and agricultural research

(a) Findings

Congress finds the following:

(1) Although medical researchers in recent years have demonstrated that there are several naturally occurring compounds in many vegetables and fruits that can aid in the prevention of certain forms of cancer, coronary heart disease, stroke, and atherosclerosis, there has been almost no research conducted to enhance these compounds in food plants by modern breeding and molecular genetic methods.

(2) By linking the appropriate medical and agricultural research scientists in a highly-focused, targeted research program, it should be possible to develop new varieties of vegetables and fruits that would provide greater prevention of diet-related diseases that are a major cause of death in the United States.

(b) Pilot research program

The Secretary shall conduct, through the Cooperative State Research, Education, and Extension Service, a pilot research program to link major cancer and heart and other circulatory disease research efforts with agricultural research efforts to identify compounds in vegetables and fruits that prevent these diseases. Using information derived from such combined research efforts, the Secretary shall assist in the development of new varieties of vegetables

and fruits having enhanced therapeutic properties for disease prevention.

(c) Agreements

The Secretary shall carry out the pilot program through agreements entered into with land-grant colleges or universities, other universities, State agricultural experiment stations, the State cooperative extension services, non-profit organizations with demonstrable expertise, or Federal or State governmental entities. The Secretary shall enter into the agreements on a competitive basis.

(d) Authorization of appropriations

There are authorized to be appropriated \$10,000,000 for each of fiscal years 1997 through 2012 to carry out the pilot program.

SUBCHAPTER V—ANIMAL HEALTH AND DISEASE RESEARCH

§ 3191. Purposes and findings relating to animal health and disease research

(a) Purposes

The purposes of this subchapter are to—

(1) promote the general welfare through the improved health and productivity of domestic livestock, poultry, aquatic animals, and other income-producing animals that are essential to the food supply of the United States and the welfare of producers and consumers of animal products;

(2) improve the health of horses;

(3) facilitate the effective treatment of, and, to the extent possible, prevent animal and poultry diseases in both domesticated and wild animals that, if not controlled, would be disastrous to the United States livestock and poultry industries and endanger the food supply of the United States;

(4) improve methods for the control of organisms and residues in food products of animal origin that could endanger the human food supply;

(5) improve the housing and management of animals to improve the well-being of livestock production species;

(6) minimize livestock and poultry losses due to transportation and handling;

(7) protect human health through control of animal diseases transmissible to humans;

(8) improve methods of controlling the births of predators and other animals; and

(9) otherwise promote the general welfare through expanded programs of research and extension to improve animal health.

(b) Findings

Congress finds that—

(1) the total animal health and disease research and extension efforts of State colleges and universities and of the Federal Government would be more effective if there were close coordination between the efforts; and

(2) colleges and universities having accredited schools or colleges of veterinary medicine and State agricultural experiment stations that conduct animal health and disease research are especially vital in training research workers in animal health and related disciplines.

§ 3195. Continuing animal health and disease research programs**(a) Authorization of appropriations**

There are authorized to be appropriated such funds as Congress may determine necessary to support continuing animal health and disease research programs at eligible institutions, but not to exceed \$25,000,000 for each of the fiscal years 1991 through 2012, and not in excess of such sums as may after September 29, 1977, be authorized by law for any subsequent fiscal year. Funds appropriated under this section shall be

used: (1) to meet expenses of conducting animal health and disease research, publishing and disseminating the results of such research, and contributing to the retirement of employees subject to the provisions of section 331 of this title; (2) for administrative planning and direction; and (3) to purchase equipment and supplies necessary for conducting such research.

(b) Apportionment of appropriated funds

Funds appropriated under subsection (a) of this section for any fiscal year shall be apportioned as follows:

(1) Four per centum shall be retained by the Department of Agriculture for administration, program assistance to the eligible institutions, and program coordination.

(2) Forty-eight per centum shall be distributed among the several States in the proportion that the value of and income to producers from domestic livestock, poultry, and commercial aquaculture species in each State bears to the total value of and income to producers from domestic livestock, poultry, and commercial aquaculture species in all the States. The Secretary shall determine the total value of and income from domestic livestock, poultry, and commercial aquaculture species in all the States and the proportionate value of and income from domestic livestock, poultry, and commercial aquaculture species for each State, based on the most current inventory of all cattle, sheep, swine, horses, poultry, and commercial aquaculture species published by the Department of Agriculture.

(3) Forty-eight per centum shall be distributed among the several States in the proportion that the animal health research capacity of the eligible institutions in each State bears to the total animal health research capacity in all the States. The Secretary shall determine the animal health research capacity of the eligible institutions.

(c) Development of program for each State

In each State with one or more accredited colleges of veterinary medicine, the deans of the accredited college or colleges and the director of the State agricultural experiment station shall develop a comprehensive animal health and disease research program for the State based on the animal health research capacity of each eligible institution in the State, which shall be submitted to the Secretary for approval and shall be used for the allocation of funds available to the State under this section.

(d) Use of excess funds

When the amount available under this section for allotment to any State on the basis of domestic livestock, poultry, and commercial aquaculture species values and income exceeds the amount for which the eligible institution or institutions in the State are eligible on the basis of animal health research capacity, the excess may be used, at the discretion of the Secretary, for remodeling of facilities, construction of new facilities, or increase in staffing, proportionate to the need for added research capacity.

(e) Reallocation of funds to new colleges of veterinary medicine

Whenever a new college of veterinary medicine is established in a State and is accredited,

the Secretary, after consultation with the dean of such college and the director of the State agricultural experiment station and, where applicable, deans of other accredited colleges in the State, shall provide for the reallocation of funds available to the State pursuant to subsection (b) of this section between the new college and other eligible institutions in the State, based on the animal health research capacity of each eligible institution.

(f) Joint establishment or support of accredited regional college of veterinary medicine

Whenever two or more States jointly establish an accredited regional college of veterinary medicine or jointly support an accredited college of veterinary medicine serving the States involved, the Secretary is authorized to make funds which are available to such States pursuant to subsection (b)(2) of this section available for such college in such amount that reflects the combined relative value of and income from domestic livestock, poultry, and commercial aquaculture species in the cooperating States, such amount to be adjusted, as necessary, pursuant to the provisions of subsections (c) and (e) of this section.

(g) Cooperation among eligible institutions

The Secretary, to the maximum extent practicable, shall encourage eligible institutions to cooperate in setting research priorities under this section through the conduct of regular regional and national meetings.

(b) Allocation and distribution of appropriated funds

Beginning with the fiscal year ending September 30, 1979—

(1) any funds annually appropriated under this section up to the amount appropriated for the fiscal year ending September 30, 1978, pursuant to section 343(d) of this title, for eligible

institutions, shall be allocated among the eligible institutions in the same proportion as funds appropriated under section 343(d) of this title for the fiscal year ending September 30, 1978, are allocated among the eligible institutions; and

§ 3322. Assistance programs

(a) Research and extension program

The Secretary may develop and implement a cooperative research and extension program to encourage the development, management, and production of important aquatic food species within the several States and territories of the United States and to enhance further the safety of food products derived from the aquaculture industry, in accordance with the national aquaculture development plan, and revisions thereto, developed under the National Aquaculture Act of 1980 [16 U.S.C. 2801 et seq.].

(b) Grants

The Secretary may make grants to—

- (1) land-grant and sea grant colleges and universities;
- (2) State agricultural experiment stations;
- (3) colleges, universities, and Federal laboratories having a demonstrable capacity to conduct aquacultural research, as determined by the Secretary; and
- (4) nonprofit private research institutions;

for research and extension to facilitate or expand promising advances in the production and marketing of aquacultural food species and products and to enhance further the safety and wholesomeness of those species and products, including the development of reliable supplies of seed stock and therapeutic compounds. Except in the case of Federal laboratories, no grant may be made under this subsection unless the State in which the grant recipient is located makes a matching grant (of which amount an in-kind contribution may not exceed 50 percent) to such recipient equal to the amount of the grant to be made under this subsection, and unless the grant is in implementation of the national aquaculture development plan, and revisions thereto, developed under the National Aquaculture Act of 1980 [16 U.S.C. 2801 et seq.].

(c) Aquaculture development plans

The Secretary may assist States to formulate aquaculture development plans for the enhancement of the production and marketing of aquacultural species and products from such States and may make grants to States on a matching

basis, as determined by the Secretary. The aggregate amount of the grants made to any one State under this subsection may not exceed \$50,000. The plans shall be consistent with the national aquaculture development plan, and revisions thereto, developed under the National Aquaculture Act of 1980 [16 U.S.C. 2801 et seq.].

(d) Aquacultural centers

To provide for aquacultural research, development, and demonstration projects having a national or regional application, the Secretary may establish in existing Federal facilities or in cooperation with any of the non-Federal entities specified in subsection (b) of this section up to five aquacultural research, development, and demonstration centers in the United States for the performance of aquacultural research, extension work, and demonstration projects. Funds made available for the operation of such regional centers may be used for the rehabilitation of existing buildings or facilities to house such centers, but may not be used for the construction or acquisition of new buildings or facilities. To the extent practicable, the aquaculture research, development, and demonstration centers established under this subsection shall be geographically located so that they are representative of the regional aquaculture opportunities in the United States. To the extent practicable, the Secretary shall ensure that equitable efforts are made at these centers in addressing the research needs of those segments of the domestic aquaculture industry located within that region.

The interagency aquaculture coordinating group shall make such listing available to the public not later than January 1, 1992, and shall update and revise such listing not later than January 1, 1996, to show such laws, rules, and regulations as in effect on that date.

(f) Fish disease program

The Secretary shall implement, in consultation with the Joint Subcommittee on Aquaculture referred to in section 6 of the National Aquaculture Act of 1980 (16 U.S.C. 2805), a fish disease program to include the development of new diagnostic procedures for fish diseases, the determination of the effect of water environment on the development of the fish immune system, and the development of therapeutic, synthetic, or natural systems, for the control of fish diseases.

SUBCHAPTER XII—RANGELAND RESEARCH

§ 3331. Congressional statement of purpose

It is the purpose of this subchapter to promote the general welfare through improved productivity of the Nation’s rangelands, which comprise 60 per centum of the land area of the United

States. Most of these rangelands are unsuited for cultivation, but produce a great volume of forage that is inedible by humans but readily converted, through an energy efficient process, to high quality food protein by grazing animals. These native grazing lands are located throughout the United States and are important resources for major segments of the Nation’s livestock industry. In addition to the many livestock producers directly dependent on rangelands, other segments of agriculture are indirectly dependent on range-fed livestock and on range-produced forage that can be substituted for grain in times of grain scarcity. Recent resource assessments indicate that forage production of rangeland can be increased at least 100 per centum through development and application of improved range management practices while simultaneously enhancing wildlife, watershed, recreational, and aesthetic values and reducing hazards of erosion and flooding.

(Pub. L. 95-113, title XIV, §1478, as added Pub. L. 97-98, title XIV, §1440(a), Dec. 22, 1981, 95 Stat. 1318.)

EFFECTIVE DATE

Subchapter effective Dec. 22, 1981, see section 1801 of Pub. L. 97-98, set out as a note under section 4301 of this title.

§ 3332. Program; development, purposes, scope, etc.

The Secretary may develop and implement a cooperative rangeland research program in coordination with the program carried out under the Renewable Resources Extension Act of 1978 [16 U.S.C. 1671 et seq.], to improve the production and quality of desirable native forages or introduced forages which are managed in a similar manner to native forages for livestock and wildlife. The program shall include studies of: (1) management of rangelands and agricultural land as integrated systems for more efficient utilization of crops and waste products in the production of food and fiber; (2) methods of managing rangeland watersheds to maximize efficient use of water and improve water yield, water quality, and water conservation, to protect against onsite and offsite damage of rangeland resources from floods, erosion, and other detrimental influences, and to remedy unsatisfactory and unstable rangeland conditions; (3) revegetation and rehabilitation of rangelands including the control of undesirable species of plants; and (4) such other matters as the Secretary considers appropriate.

(Pub. L. 95-113, title XIV, §1479, as added Pub. L. 97-98, title XIV, §1440(a), Dec. 22, 1981, 95 Stat. 1318.)

§ 3401. Congressional findings and declaration of policy

(a) Wheat is basic to the American diet and the American economy. It is grown by thousands of farmers and consumed, in various forms, by millions of people in the United States.

(b) The size of the American wheat crop and how it is marketed and ultimately consumed determines whether many Americans receive adequate nourishment. Wheat has a strong impact on the Nation’s well-being. Additional research on the optimal use of wheat products can improve the American diet. Consumer education about the nutritional value and economic use of

wheat products can enhance the national welfare.

(c) It has long been recognized that it is in the national interest to have a regular, adequate, and high quality wheat supply. It would be extremely difficult, without an effective coordinated research and nutrition education effort, to accomplish this objective. A programed effort of research and nutrition education is of great importance to wheat producers, processors, end product manufacturers, and consumers.

(d) It is the purpose of this chapter and in the public interest to authorize and enable the creation of an orderly procedure, adequately financed through an assessment, for the development and initiation of an effective and continuous coordinated program of research and nutrition education, designed to improve and enhance the quality, and make the most efficient use, of American wheat, processed wheat, and wheat end products to ensure an adequate diet for the people of the United States. The maximum rate of assessment authorized hereunder represents an infinitesimal proportion of the overall cost of manufacturing wheat end products. Therefore, such assessment will not significantly affect the retail prices of those products. Furthermore, any price effect will be more than offset by the increased efficiency in end product manufacture and increased consumer acceptance, due to nutritional improvements in wheat products, which may be expected to follow from adoption of a plan under this chapter. Nothing in this chapter shall be construed to provide for control of production or otherwise limit the right of individual wheat producers to produce wheat.

(a) Establishment; powers

for the establishment and appointment by the Secretary of a Wheat Industry Council which shall consist of not more than twenty members and alternates therefor, and for the definition of its powers and duties which shall include only the powers enumerated in this section, and shall specifically include the powers to (1) administer such order in accordance with its terms and provisions, (2) make rules and regulations to effectuate the terms and provisions of such order, (3) receive, investigate, and report to the Secretary complaints of violations of such order, and (4) recommend to the Secretary amendments to such order. The term of an appointment to the Council shall be for two years with no member serving more than three consecutive terms, except that initial appointments shall be proportionately for two-year and three-year terms;

(b) Membership

that the Council and alternates therefor shall be composed of wheat producers or representatives of wheat producers, processors or representatives of processors, end product manufacturers or representatives of end product manufacturers, and consumers or representatives of consumers appointed by the Secretary from nominations submitted by eligible organizations or associations certified pursuant to section 3413 of this title, or, if the

Secretary determines that a substantial number of wheat producers, processors, end product manufacturers, or consumers are not members of, or their interests are not represented by any such eligible organizations or associations then from nominations made by such wheat producers, processors, end product manufacturers, and consumers in the manner authorized by the Secretary, so that the representation of wheat producers, processors, end product manufacturers, and consumers on the Council shall be equal: *Provided*, That in making such appointments, the Secretary shall take into account, to the extent practicable, the geographical distribution of wheat producers, processors, end product manufacturers, and consumers throughout the United States;

(e) Processed wheat assessment; payment by end product manufacturers

that, except as provided in sections 3404(d) and 3406 of this title, each end product manufacturer shall pay to the Council, pursuant to regulations issued under the order, an assessment based on the number of hundredweights of processed wheat purchased, including intra-company transfers of processed wheat, for use in the manufacture of end products, from processors, distributors, or (in the case of intra-company transfers) related companies or divisions of the same company. Such assessment shall be used for such expenses and expenditures defined above, including provisions for a reasonable reserve, and any referendum and administrative costs incurred by the Secretary and the Council under this chapter, as the Secretary finds are reasonable and likely to be incurred under the order during any period specified by the Secretary. The circumstances under which such a purchase or intra-company transfer will be deemed to have occurred will be prescribed by the Secretary in the order. Such assessment shall be calculated and set aside on the books and records of the end product manufacturer at the time of each purchase or intra-company transfer of processed wheat, and shall be remitted to the Council in the manner prescribed by the order. In order to enable end product manufacturers to calculate the amount of processed wheat they have purchased, persons selling or transferring processed wheat in combination with

other ingredients to such end product manufacturers for use in the manufacture of end products, shall disclose to such end product manufacturers, as prescribed by the Secretary in the order, the amount or proportion of processed wheat contained in such products. The rate of assessment shall not exceed five cents per hundredweight of processed wheat purchased or transferred. The Secretary may maintain a suit against any person subject to such assessment for the collection of such assessment, and the several district courts of the United States are hereby vested with jurisdiction to entertain such suits regardless of the amount in controversy;

(f) Maintenance of records

that the Council shall maintain such books and records, which shall be available to the Secretary for inspection and audit, and prepare and submit such reports from time to time, to the Secretary as the Secretary may prescribe, and for appropriate accounting by the Council, with respect to the receipt and disbursement of all funds entrusted to it;

(g) Contracts

that the Council, with the approval of the Secretary, may enter into contracts or agreements for the development and conduct of the activities authorized under the order pursuant to terms and conditions specified in clauses (a) and (b) of section of this title and for the payment of the cost thereof with funds collected through the assessments pursuant to the order. Any such contract or agreement shall provide that the contractors shall develop and submit to the Council a plan or project together with a budget or budgets which shall show estimated costs to be incurred for such plan or project, and that any such plan or project shall become effective upon the approval of the Secretary, and further, shall provide that the contracting party shall keep accurate records of all of its transactions and make periodic reports to the Council of activities conducted and an accounting for funds received and expended, and such other reports as the Secretary may require;

(h) Investment of assessment funds

that the Council, with the approval of the Secretary, may invest, pending disbursement pursuant to a plan or project, funds collected through assessments authorized under this title in, and only in, obligations of the United States or any agency thereof, in general obligations of any State or any political subdivision thereof, in any interest-bearing account or certificate of deposit of a bank which is a member of the Federal Reserve System, or in obligations fully guaranteed as to principal and interest by the United States;

(i) Lobbying restriction

that no funds collected by the Council under the order shall in any manner be used for the purpose of influencing governmental policy or action, except as provided by clause (a)(4) of this section; and

(j) Reimbursement of expenses

that the Council members, and alternates therefor, shall serve without compensation,

but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Council.

(Pub. L. 95-113, title XVII, §1707, Sept. 29, 1977, 91 Stat. 1036.)

§ 3407. Referendum

The Secretary shall conduct a referendum as soon as practicable among end product manufacturers not exempt hereunder who, during a representative period preceding the date of the referendum, as determined by the Secretary, have been engaged in the manufacture of end products, for the purpose of ascertaining whether the issuance of an order is approved or favored by such manufacturers. Qualified end product manufacturers may register with the Secretary by mail to vote in such referendum during a period ending not less than thirty days prior to the date of the referendum. Within ten days thereafter, the Secretary shall determine which end product manufacturers are eligible to vote in such referendum and cause to be published the list of such eligible voters. The Secretary shall issue ballots to all such persons who have so registered and been declared eligible to vote. No order issued pursuant to this chapter shall be effective unless the Secretary determines (1) that votes were cast by at least 50 per centum of such registered end product manufacturers, and (2) that the issuance of such order is approved or favored by not less than two-thirds of the end product manufacturers voting in such referendum or by a majority of the end product manufacturers voting in such referendum if such majority manufactured end products containing not less than two-thirds of the total processed wheat contained in all end products manufactured by those voting in the referendum, during the representative period defined by the Secretary: *Provided*, That at the time of the registration provided under this section each end product manufacturer so registering shall certify to the Secretary the amount of processed wheat contained in the end products manufactured by such end product manufacturer during such representative period. The Secretary shall be reimbursed from assessments collected by the Council for any expenses incurred for the conduct of the referendum. Eligible voter lists and ballots cast in the referendum shall be retained

by the Secretary for a period of not less than twelve months after they are cast for audit and recount in the event the results of the referendum are challenged and either the Secretary or the courts determine a recount and retabulation of results is appropriate.

§ 3408. Refund of processed wheat assessment

(a) Election of end product manufacturers to seek refunds

Subsequent to the approval by the Secretary of the annual budget of the Council or amendments thereto, a summary of such budget or amendments thereto, including a brief general description of the proposed research and nutrition education programs contemplated therein, shall be published in the Federal Register. All end product manufacturers not exempt hereunder shall have sixty days from the date of such publication within which to elect, under such conditions as the Secretary may prescribe, by so indicating to the Council in writing, by registered or certified mail, to reserve the right to seek refunds under subsection (b) of this section. Only those end product manufacturers who make such an election, under the described procedure, shall be eligible for refunds of assessments paid during the one-year period immediately following the expiration of such sixty-day period.

(b) Refund demand; rules and regulations

Notwithstanding any other provision of this chapter, any end product manufacturer who has been subject to and has paid an assessment, but who has reserved the right, under subsection (a) of this section, to seek a refund, and who is not in favor of supporting the programs as provided for herein, shall have the right to demand and receive from the Council a refund of such assessment: *Provided*, That such demand shall be made by such end product manufacturer in accordance with regulations, and on a form and within a time period, prescribed by the Council and approved by the Secretary and upon submission of proof satisfactory to the Council that the end product manufacturer paid the assessment for which refund is sought, and any such refund shall be made within sixty days after demand is received therefor.

Any person subject to any order may file a written petition with the Secretary, stating that any such order or any provision of such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or for an exemption therefrom. The petitioner shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations issued by the Secretary. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(b) Judicial review; jurisdiction; process; remand

The district courts of the United States in any district in which such person is an inhabitant, or has his principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had upon the Secretary by delivering a copy of the complaint to the Secretary. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires.

(Pub. L. 95-113, title XVII, § 1710, Sept. 29, 1977, 91 Stat. 1037.)

§ 3410. Enforcement of orders and regulations

(a) Jurisdiction; reference of civil actions to Attorney General

The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating any order or regulation made or issued pursuant to this chapter. Any civil action authorized to be brought under this chapter shall be referred to the Attorney General for appropriate action: *Provided*, That nothing in this chapter shall be construed as requiring the Secretary to refer to the Attorney General minor violations of this chapter whenever the Secretary believes that the administration and enforcement of the program would be adequately served by suitable written notice or warning to any person committing such violation.

(b) Penalties

Any end product manufacturer or other person who willfully violates any provision of any order issued by the Secretary under this chapter, or who willfully fails or refuses to remit any assessment or fee duly required thereunder, shall be liable to a penalty of not more than \$1,000 for each such offense which shall accrue to the United States and may be recovered in a civil suit brought by the United States.

(c) Other remedies

The remedies provided in subsections (a) and (b) of this section shall be in addition to, and not exclusive of, the remedies otherwise provided at law or in equity.

§ 3411. Suspension and termination of orders

(a) Authority and responsibility of Secretary

The Secretary shall, whenever he finds that any order issued under this chapter, or any provision thereof, obstructs or does not tend to effectuate the declared policy of this chapter, terminate or suspend the operation of such order or such provision thereof.

(b) Referendum

The Secretary may conduct a referendum at any time, and shall hold a referendum on re-

quest of 10 per centum or more of the number of end product manufacturers subject to the order, to determine whether such manufacturers favor the termination or suspension of the order, and the Secretary shall suspend or terminate such order within six months after the Secretary determines that suspension or termination of the order is approved or favored by a majority of the end product manufacturers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the manufacture of end products or by end product manufacturers who produced end products containing more than 50 per centum of the total processed wheat contained in all end products manufactured during such period by the end product manufacturers voting in the referendum.

The Secretary may make such investigations as the Secretary deems necessary for the effective administration of this chapter or to determine whether any person subject to the provisions of this chapter has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provisions of this chapter, or of any order, or rule or regulation issued under this chapter. For the purpose of such investigation, the Secretary is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever such person may be found.

SUBTERMINAL FACILITIES**

Sec.

3702.	Definitions.
3703.	State and regional plans.

§ 3701. Congressional findings and declarations

Congress finds and declares that—

(1) an adequate system for the efficient transient storage and movement of bulk agricultural commodities is essential to the overall success of the agricultural industry of the Nation, the development of rural areas of the Nation, and the economic stability of the Nation;

(2) the movement and storage of bulk agricultural commodities has been seriously and repeatedly impeded by shortages of transient storage facilities, adequate rail rolling stock, and the deterioration of many railroad track beds and rural highways throughout the United States;

(3) the efficient movement and storage of bulk agricultural commodities may be achieved and facilitated by the joint location at strategic points throughout the United States of transient storage facilities and multimodal terminal facilities constructed especially for the efficient shipment and receipt of agricultural commodities; and

(4) the location of such facilities must be carefully planned to assure maximum benefits to producers of agricultural commodities and unprocessed agricultural products and utilization of the most efficient means of transporting bulk agricultural commodities for domestic and export markets.

(Pub. L. 96-358, § 2, Sept. 25, 1980, 94 Stat. 1184.)

consumption of agricultural commodities or any major storage or major export point for such commodities and is located at a place that conveniently serves the needs of producers, purchasers, and consumers of bulk agricultural commodities, and is—

(A) used for the transient storage of bulk agricultural commodities and may include equipment or structures necessary for the transportation, upgrading, receiving, drying, or loading out of such commodities; or

(B) any rail siding, loading, or unloading facility that can accommodate unit railroad trains or multiple car trains and other appropriate transportation modes designed for the transport of bulk agricultural commodities and production materials; and

(5) "region" means two or more States acting together to develop a coordinated regional subterminal facilities plan.

(Pub. L. 96-358, § 3, Sept. 25, 1980, 94 Stat. 1184.)

REFERENCES IN TEXT

This chapter, referred to in the introductory phrase, was in the original "this Act," meaning Pub. L. 96-358, Sept. 25, 1980, 94 Stat. 1184, known as the Agricultural Subterminal Facilities Act of 1980, which enacted this chapter and amended section 1932 of this title. § 3703. State and regional plans

(a) Grants; requisite provisions of plans

(1) The Secretary shall, beginning not more than one hundred and eighty days after October 1, 1980, make financial assistance available to any State that makes application therefor, and that otherwise meets the requirements of this section, for the purpose of assisting such State in the development of a subterminal facilities plan (hereinafter in this chapter referred to as the "State plan") for such State. Assistance under this section shall be made available in the form of a grant. No grant may be made to any State unless the Governor of such State or the appropriate agency of such State makes an application therefor as provided in this section. To the maximum extent practicable, the personnel and resources of the colleges or universities in the State which are eligible to receive funds under the Act of July 2, 1862 (7 U.S.C. 301-305, 307, and 308), or the Act of August 30, 1890 (7 U.S.C. 321-326 and 328), including Tuskegee Institute, shall be utilized in developing the subterminal facilities plan for that State pursuant to this section.

(2) The Secretary may also make grants under this section available to two or more States acting together to develop a coordinated regional subterminal facilities plan (hereinafter in this chapter referred to as the "regional plan") for such region.

(3) Grants made under this section to any State or region may not exceed 80 per centum of the cost of preparing the State or regional plan.

(4) The State or regional plan shall prescribe in detail the actions such State or region proposes to take in order to (A) facilitate the efficient and competitive movement of bulk agri-

cultural commodities from the points of production within such State or region to major market or export points, (B) provide adequate storage facilities for such commodities between points of production and market, (C) provide adequate receiving, storage, and loading facilities for any bulk agricultural commodity, and (D) assure that such facilities will be located at sites that will result in maximum benefits to local producers.

(5) Each State or regional plan shall include the following:

(A) an analysis of the marketing, shipping, storage, and production of bulk agricultural commodities produced in that State or region and the short- and long-range projections with respect to the marketing, shipping, storage, and production of such commodities in that State or region;

(B) a determination, on the basis of the analysis and projections required under clause (A) of this paragraph, of the needs of the State or region for subterminal facilities;

(C) an assessment of the use of existing on-farm storage facilities located within the State or region and an assessment of the ways in which subterminal facilities can benefit the continued use of on-farm storage facilities;

(D) an evaluation of the effect of the development of new subterminal facilities on small capacity rural shipping and storage facilities within the State or region;

(E) an evaluation of ways to ensure adequate rail service for subterminal facilities described in clause (D) of this paragraph, including an evaluation of the use and feasibility of contract rates;

(F) an assessment of the ways that subterminal facilities can enhance the operation of small capacity shipping and storage facilities within the State or region;

(G) an assessment of other actions being taken or considered in such State or region for the improvement of agricultural transportation, including an evaluation of the use being made of shuttle or collector trains and combinations of rail and barge service;

(H) an evaluation of the potential benefits of subterminal ownership and leasing arrangements for rail rolling stock (including locomotive power), motor trucks, barge equipment, and other bulk agricultural commodity transport equipment that may help achieve maximum benefits from the operation of subterminal facilities within the State or region;

(I) an assessment of the overall transportation system in the State or region and future plans for that overall system, including the adequacy of highways and bridges; and

(J) consideration of the feasibility and advisability of the ownership and operation of rail branch lines by farmer-owned cooperatives, and the role that such cooperatives might play in any overall planning for the restructuring and rehabilitation of rail service and marketing facilities within the State or region.

(b) Plan review commissions

Funds made available to a State or region under this chapter for the purposes of assisting such State or region to develop a plan shall be

subject to the condition that the State or region establish a plan review commission composed of local producers, local elevator operators, representatives of affected motor and rail carriers, other interested individuals, and, when appropriate in the judgment of the Secretary, consumers of bulk agricultural commodities used in the production of unprocessed agricultural products. A majority of the members of any plan review commission must be local producers or, when appropriate in the judgment of the Secretary, consumers of bulk agricultural commodities used in the production of unprocessed agricultural products. The plan review commission shall consider the information and analyses developed by the State or region in the development of a State or regional plan and make appropriate recommendations regarding the State or regional plan. The plan review commission shall also make recommendations, based on information developed in the plan, for the most beneficial location of subterminal facilities.

(c) Recommendations of need

No application for planning assistance authorized pursuant to this section may be submitted by a State or region until the appropriate plan review commission established in accordance with this chapter has had the opportunity to make recommendations to the Governor or Governors that a need exists for the development of a State or regional plan, and a majority of the members of such plan review commission concur that such application should be submitted.

(d) Prerequisites for receipt of grant

No State or region may receive a grant under this section unless—

(1) an application therefor has been submitted that complies with the provisions of this chapter;

(2) the average annual production of bulk agricultural commodities produced within such State or region, or shipments of such commodities transported into such State or region, meets minimum levels established by the Secretary for a period the Secretary considers appropriate preceding the year in which application for such grant is made;

(3) the Governor of such State or the Governors of the States in such region certify to the Secretary that producers of agricultural commodities have experienced serious storage and transportation problems within such State or region during the three years preceding the year in which application for such grant is made; and

(4) such State or each State within such region has established an adequate plan, as described in section 22102 of title 49, for rail service in such State or States, or such State or each State in such region is actively developing such a plan.

(e) Approved State plans; approved regional plans

Whenever any State or region has submitted a State or regional plan under this section, the Secretary shall approve such plan only if it has been approved by a majority of the members of the appropriate plan review commission established pursuant to this chapter, and it meets the

other conditions specified in this chapter and those prescribed in regulations issued by the Secretary to carry out this chapter. When a plan is approved by the Secretary, such plan shall be known as an “approved State plan” or an “approved regional plan”, as appropriate.

(f) Authorization of appropriations

To carry out the purposes of this section, there are authorized to be appropriated not to exceed \$3,300,000 for each of the fiscal years ending September 30, 1981, September 30, 1982, and September 30, 1983.

§ 3801. Congressional findings and declaration of purpose

The Congress hereby finds and declares that—

- (1) raw garbage is one of the primary media through which numerous infectious or communicable diseases of swine are transmitted;
- (2) if certain exotic animal diseases, such as foot-and-mouth disease, African swine fever, hog cholera, and swine vesicular diseases, gain

entrance into the United States, such diseases may be spread through the medium of raw or improperly treated garbage which is fed to swine;

(3) African swine fever, which is potentially the most dangerous and destructive of all communicable swine diseases, has been confirmed in several countries of the Western Hemisphere, including the Dominican Republic, Haiti, and Cuba;

(4) swine in the United States have no resistance to any of such exotic diseases and in the case of African swine fever there is a particular danger because there are no effective vaccines to this deadly disease;

(5) all articles and animals which are regulated under this chapter are either in interstate or foreign commerce or substantially affect such commerce, and regulation by the Secretary and cooperation by the States and other jurisdictions as contemplated by this chapter are necessary to prevent and eliminate burdens upon such commerce, to effectively regulate such commerce, and to protect the health and welfare of the people of the United States;

(6) the interstate and foreign commerce in swine and swine products and producers and consumers of pork products could be severely injured economically if any exotic animal diseases, particularly African swine fever, enter this country;

(7) it is impossible to assure that all garbage fed to swine is properly treated to kill disease organisms unless such treatment is closely regulated;

(8) therefore, in order to protect the commerce of the United States and the health and welfare of the people of this country, it is necessary to regulate the treatment of garbage to be fed to swine and the feeding thereof in accordance with the provisions of this chapter.

AMENDMENTS

1980—Par. (4). Pub. L. 96-592 added par. (4).

§ 3803. Prohibition of certain garbage feeding; exemption

(a) No person shall feed or permit the feeding of garbage to swine except in accordance with subsection (b) of this section.

(b) Garbage may be fed to swine only if treated to kill disease organisms, in accordance with regulations issued by the Secretary, at a facility holding a valid permit issued by the Secretary, or the chief agricultural or animal health official of the State where located if such State has entered into an agreement with the Secretary pursuant to section 3808 of this title or has primary enforcement responsibility pursuant to section 3809 of this title. No person shall operate a facility for the treatment of garbage knowing it is to be fed to swine unless such person holds a valid permit issued pursuant to this chapter. The Secretary may exempt any facility or premises from the requirements of this section whenever the Secretary determines that there would not be a risk to the swine industry in the United States.

(Pub. L. 96-468, §4, Oct. 17, 1980, 94 Stat. 2230.)

§ 3804. Permits to operate garbage treatment facility

(a) Application; issuance

Any person desiring to obtain a permit to operate a facility to treat garbage that is to be fed to swine shall apply therefor to (1) the Secretary, or (2) the chief agricultural or animal health official of the State where the facility is located if such State has entered into an agreement with the Secretary pursuant to section 3808 of this title or has primary enforcement responsibility pursuant to section 3809 of this title, and provide such information as the Secretary shall by regulation prescribe. No permit shall be issued unless the facility—

(1) meets such requirements as the Secretary shall prescribe to prevent the introduction, or dissemination of any infectious or communicable disease of animals or poultry, and

(2) is so constructed that swine are unable to have access to untreated garbage of such facility or material coming in contact with such untreated garbage.

(b) Cease and desist orders; suspension or revocation orders; judicial review

Whenever the Secretary finds, after notice and opportunity for a hearing on the record in accordance with sections 554 and 556 of title 5, that any person holding a permit to operate a facility to treat garbage in any State is violating or has violated this chapter or any regulation of the Secretary issued hereunder, the Secretary may

issue an order requiring such person to cease and desist from continuing such violations or an order suspending or revoking such permit, or both. Any person aggrieved by an order of the Secretary issued pursuant to this subsection may, within sixty days after entry of such order, seek review of such order in the appropriate United States court of appeals in accordance with the provisions of sections 2341, 2343 through 2350 of title 28, and such court shall have jurisdiction to enjoin, set aside, suspend (in whole or in part), or to determine the validity of the Secretary's order. Judicial review of any such order shall be upon the record upon which the determination and order are based.

(c) Automatic revocation

The permit of any person to operate a facility to treat garbage in any State shall be automatically revoked, without action of the Secretary, upon the final effective date of the second conviction of such person pursuant to section 3806 of this title.

(Pub. L. 96-468, §5, Oct. 17, 1980, 94 Stat. 2230.)

§ 3805. Civil penalties

(a) Assessment by Secretary

Any person who the Secretary determines, after notice and opportunity for a hearing on the record in accordance with sections 554 and 556 of title 5, is violating or has violated any provision of this chapter or any regulation of the Secretary issued hereunder, other than a violation for which a criminal penalty has been imposed under this chapter, may be assessed a civil penalty by the Secretary of not more than \$10,000 for each such violation. Each offense shall be a separate violation. The amount of such civil penalty shall be assessed by the Secretary by written order, taking into account the gravity of the violation, degree of culpability, and history of prior offenses; and may be reviewed only as provided in subsection (b) of this section.

(b) Judicial review

The determination and order of the Secretary with respect thereto imposing a civil penalty under this section shall be final and conclusive unless the person against whom such an order is issued files application for judicial review within sixty days after entry of such order in the appropriate United States court of appeals in accordance with the provisions of sections 2341, 2343 through 2350 of title 28, and such court shall have jurisdiction to enjoin, set aside, suspend (in whole or in part), or to determine the validity of the Secretary's order. Judicial review of any such order shall be upon the record upon which the determination and order are based.

(c) Collection action by Attorney General

If any person fails to pay a civil penalty under a final order of the Secretary, the Secretary shall refer the matter to the Attorney General, who shall institute a civil action to recover the amount assessed in any appropriate district court of the United States. In such collection action, the validity and appropriateness of the Secretary's order imposing the civil penalty shall not be subject to review.

(d) Payment into United States Treasury

All penalties collected under authority of this section shall be paid into the Treasury of the United States.

(e) Compromise, modification, or remittance

The Secretary may, in his discretion, compromise, modify, or remit, with or without conditions, any civil penalty assessed under this chapter.

(Pub. L. 96-468, §6, Oct. 17, 1980, 94 Stat. 2231.)

§ 3806. Criminal penalties

(a) Whoever willfully violates any provision of this chapter or the regulations of the Secretary issued hereunder shall be guilty of a misdemeanor and shall be fined not more than \$10,000, or imprisoned not more than one year, or both.

(b) Any person who fails to obey any order of the Secretary issued under the provisions of section 3804 of this title, or such order as modified—

(1) after the expiration of the time allowed for filing a petition in the court of appeals to review such order, if no such petition has been filed within such time; or

(2) after the expiration of the time allowed for applying for a writ of certiorari, if such order, or such order as modified, has been sustained by the court of appeals and no such writ has been applied for within such time; or

(3) after such order, or such order as modified, has been sustained by the courts as provided in section 3804(b) of this title;

shall on conviction be fined not more than \$10,000, or imprisoned for not more than one year, or both. Each day during which such failure continues shall be deemed a separate offense.

(Pub. L. 96-468, §7, Oct. 17, 1980, 94 Stat. 2231.)

§ 3807. General enforcement provisions**(a) Injunctions**

The Attorney General, upon the request of the Secretary, shall bring an action to enjoin the violation of, or to compel compliance with, any provision of this chapter or any regulation issued by the Secretary hereunder by any person. Such action shall be brought in the appropriate United States district court for the judicial district in which such person resides or transacts business or in which the violation or omission has occurred or is about to occur. Process in such cases may be served in any judicial district wherein the defendant resides or transacts business or wherever the defendant may be found.

(b) Access to premises or facility and books and records; examination; samples

Any person subject to the provisions of this chapter shall, at all reasonable times, upon notice by a duly authorized representative of the Secretary, afford such representative access to his premises or facility and opportunity to examine the premises or facility, the garbage there at, and books and records thereof, to copy all such books and records and to take reasonable sample of such garbage.

(c) Additional powers

For the efficient execution of the provisions of this chapter, and in order to provide information for the use of Congress, the provisions (including penalties) of sections 46 and 48 through 50 of title 15, are made applicable to the jurisdiction, powers, and duties of the Secretary in enforcing the provisions of this chapter and to any person subject to the provisions of this chapter, whether or not a corporation. The Secretary, in person or by such agents as he may designate, may prosecute any inquiry necessary to his duties under this chapter in any part of the United States.

(Pub. L. 96-468, §8, Oct. 17, 1980, 94 Stat. 2232.)

§ 3808. Cooperation with States

In order to avoid duplication of functions, facilities, and personnel, and to attain closer coordination and greater effectiveness and economy in administration of this chapter and State laws and regulations relating to the feeding of garbage to swine, the Secretary is authorized to enter into cooperative agreements with State departments of agriculture and other State agencies charged with the administration and enforcement of such State laws and regulations and to provide that any such State agency which has adequate facilities, personnel, and procedures, as determined by the Secretary, may assist the Secretary in the administration and enforcement of this chapter and regulations hereunder. The Secretary is further authorized to coordinate the administration of this chapter and regulations with such State laws and regulations whenever feasible: *Provided*, That nothing herein shall affect the jurisdiction of the Secretary under any other Federal law, or any authority to cooperate with State agencies or other agencies or persons under existing provisions of law, or affect any restrictions upon such cooperation.

(Pub. L. 96-468, §9, Oct. 17, 1980, 94 Stat. 2232.)

§ 3809. Primary enforcement responsibility**(a) State obligation**

For purposes of this chapter, a State shall have the primary enforcement responsibility for violations of laws and regulations relating to the treatment of garbage to be fed to swine and the feeding thereof during any period for which the Secretary determines that such State—

(1) has adopted adequate laws and regulations regulating the treatment of garbage to be fed to swine and the feeding thereof which laws and regulations meet the minimum standards of this chapter and the regulations hereunder: *Provided*, That the Secretary may not require a State to have laws that are more stringent than this chapter;

(2) has adopted and is implementing adequate procedures for the effective enforcement of such State laws and regulations; and

(3) will keep such records and make such reports showing compliance with paragraphs (1) and (2) of this subsection as the Secretary may require by regulation.

Except as provided in subsection (c) of this section, the Secretary shall not enforce this chap-

ter or the regulations hereunder in any State which has primary enforcement responsibility pursuant to this section.

(b) Inadequate enforcement or administration by State; termination of responsibility by Secretary

Whenever the Secretary determines that a State having primary enforcement responsibility pursuant to this section does not have adequate laws or regulations or is not effectively enforcing such laws or regulations, the Secretary shall notify the State. Such notice shall specify those aspects of the administration or enforcement of the State program that are determined to be inadequate. The State shall have ninety days after receipt of the notice to correct any deficiencies. If after that time the Secretary determines that the State program remains inadequate, the Secretary may terminate, in whole or in part, the State's primary enforcement responsibility under this chapter.

(c) Request of State official

(1) In general

On request of the Governor or other appropriate official of a State, the Secretary may terminate, effective as soon as the Secretary determines is practicable, the primary enforcement responsibility of a State under subsection (a) of this section. In terminating the primary enforcement responsibility under this subsection, the Secretary shall work with the appropriate State official to determine the level of support to be provided to the Secretary by the State under this chapter.

(2) Reassumption

Nothing in this subsection shall prevent a State from reassuming primary enforcement responsibility if the Secretary determines that the State meets the requirements of subsection (a) of this section.

(d) Emergency conditions

Nothing in this section shall limit the authority of the Secretary to enforce this chapter whenever the Secretary determines that emergency conditions exist that require immediate action on the part of the Secretary and the State authority is unwilling or unable adequately to respond to the emergency.

SUSPENSION ADJUSTMENT**

Sec.

4002.	Alcohol processor grain reserve program.
4003.	Study of potential for expansion of United States agricultural export markets; report to President and Congress.
4004.	Food bank special nutrition projects.

4005.	"Fuel conversion price" defined.

§ 4001. Trade suspension reserves

Notwithstanding any other provision of law—

(a) Gasohol feedstock or food security reserves; establishment

Whenever the President or other member of the executive branch of Government causes the

export of any agricultural commodity to any country or area of the world to be suspended or restricted for reasons of national security or foreign policy under the Export Administration Act of 1979 [50 U.S.C. App. 2401 et seq.] or any other provision of law and the Secretary of Agriculture determines that such suspension or restriction will result in a surplus supply of such commodity that will adversely affect prices producers receive for the commodity, the Secretary may establish a gasohol feedstock reserve or a food security reserve, or both, of the commodity, as provided in subsections (c) and (d) of this section, if the commodity is suitable for stockpiling in a reserve.

(b) Announcement of intention to establish reserves; contents

Within thirty days after the export of any agricultural commodity to a country or area is suspended or restricted as described in subsection (a) of this section, the Secretary of Agriculture shall announce whether a gasohol feedstock reserve or a food security reserve of the commodity, or both, will be established under this section and shall include in such announcement the amount of the commodity that will be placed in such reserves, which shall be that portion of the estimated exports of the commodity affected by the suspension or restriction, as determined by the Secretary, that should be removed from the market to prevent the accumulation of a surplus supply of the commodity that will adversely affect prices producers receive for the commodity.

(c) Acquisition of suitable agricultural commodities; payment of transportation and storage costs; disposition of acquired commodities

(1) To establish a gasohol feedstock reserve under this section, the Secretary of Agriculture may acquire agricultural commodities (the export of which is suspended or restricted as described in subsection (a) of this section) that are suitable for use in the production of alcohol for motor fuel through purchases from producers or in the market and by designation by the Secretary of stocks of the commodities held by the Commodity Credit Corporation, and to pay such storage, transportation, and related costs as may be necessary to permit maintenance of the commodities in the reserve for the purposes of this section and disposition of the commodities as provided in paragraph (2) of this subsection.

(2) The Secretary of Agriculture may dispose of stocks of agricultural commodities acquired under paragraph (1) of this subsection only through sale—

(A) for use in the production of alcohol for motor fuel, at not less than the fuel conversion price (as defined in section 4005 of this title) for the commodity involved: *Provided*, That, for wheat and feed grains, if the fuel conversion price for the commodity involved is less than the then current release price at which producers may repay producer storage loans on the commodity and redeem the commodity prior to the maturity dates of the loans, as determined under clause (5) of the third sentence of section 1445e(b)¹ of this title,

¹ See References in Text note below.

the Secretary may dispose of stocks of the commodity for such use only through sale at not less than the release price: *Provided further*, That such sales shall only be made to persons for use in the production of alcohol for motor fuel at facilities that, whenever supplies of the commodity are not readily available, can produce alcohol from other agricultural or forestry biomass feedstocks; or

(B) for any other use, when sales for use under clause (A) of this paragraph are impracticable, (i) if there is a producer storage program in effect for the commodity, at not less than 110 per centum of the then current level at which the Secretary may encourage repayment of producer storage loans on the commodity prior to the maturity dates of the loans, as determined under clause (5) of the third sentence of section 1445e(b)¹ of this title, or, (ii) if there is no producer storage program in effect for the commodity, at not less than the average market price producers received for the commodity at the time the trade suspension was imposed.

(d) Acquisition of agricultural commodities suitable for providing emergency food assistance

(1) To establish a food security reserve under this section, the Secretary of Agriculture may acquire agricultural commodities (the export of which is suspended or restricted as described in subsection (a) of this section) that are suitable for use in providing emergency food assistance and urgent humanitarian relief through purchases from producers or in the market and by designation by the Secretary of stocks of the commodities held by the Commodity Credit Corporation, and to pay such storage, transportation, and related costs as may be necessary to permit maintenance of the commodities in the reserve for the purposes of this section and disposition of the commodities as provided in paragraph (2) of this subsection.

(2) APPLICABILITY OF CERTAIN PROVISIONS.—Subsections (c), (d), (e), and (f)(2) of section 1736f-1 of this title shall apply to commodities in any reserve established under paragraph (1), except that the references to “eligible commodities” in the subsections shall be deemed to be references to “agricultural commodities”.

(3) Any determination by the President or the Secretary of Agriculture under this section shall be final.

(e) Use of Commodity Credit Corporation funds, facilities, and authorities

The funds, facilities, and authorities of the Commodity Credit Corporation shall be used by the Secretary of Agriculture in carrying out this section, except that any restriction applicable to the acquisition, storage, or disposition of Commodity Credit Corporation owned or controlled commodities shall not apply with respect to the acquisition, storage, or disposition of agricultural commodities under this section.

(f) Safeguards for protection of free market

The Secretary of Agriculture shall establish safeguards to ensure that stocks of agricultural commodities held in the reserves established under this section shall not be used in any manner or under any circumstance to unduly depress, manipulate, or curtail the free market.

(g) Replenishment of reserves with replacement stocks prohibited

Whenever stocks of agricultural commodities are disposed of or released from reserves established under this section, as provided in subsections (c)(2) and (d)(2) of this section, the reserves may not be replenished with replacement stocks.

(h) Effective date

The provisions of this section shall become effective with respect to any suspension of, or restriction on, the export of agricultural commodities, as described in subsection (a) of this section, implemented after December 3, 1980.

§ 4002. Alcohol processor grain reserve program

(a) Definitions

As used in this section—

(1) The term "Secretary" means the Secretary of Agriculture.

(2) The term "processor" means any person engaged within the United States in the business of manufacturing grain into alcohol for use as a fuel either by itself or in combination with some other product.

(3) The terms "agricultural grain" and "grain" mean any agricultural commodity (A) that is suitable for processing into alcohol for use as a fuel, and (B) with respect to which a price support operation is in effect.

(4) The term "producer storage program" means the producer storage program provided for under section 1445e¹ of this title.

(5) The term "small scale biomass energy project" shall have the same meaning as defined in section 8802(19) of title 42.

(b) Loans on stored grain; processors eligible

To assist processors in obtaining a dependable supply of grain at reasonable prices, the Secretary may formulate and administer a program under which processors purchasing and storing grain needed by them for manufacturing into alcohol for use as a fuel may obtain a loan from the Secretary on such grain. Loans under this section may be made available only to processors that (1) operate small scale biomass energy projects financed in whole or in part by the United States Government or any agency thereof, and (2) as determined by the Secretary, are otherwise unable to obtain a dependable supply of grain at reasonable prices for use in such projects.

(c) Terms and conditions of processor grain reserve program and producer storage program

Except as otherwise provided in this section, loans made under this section to carry out the processor grain reserve program may be made on the same terms and conditions as loans made to carry out the producer storage program.

(d) Amount of loan

The amount of the loan that the Secretary may make to an eligible processor at any time on any quantity of grain purchased by the processor shall be determined by multiplying the price support loan rate in effect for such grain at the time the loan is made times the quantity of grain purchased by the processor. The quantity of grain on which one or more loans may be

outstanding at any time in the case of any processor may not exceed the estimated quantity of grain needed by such processor for one year of operation.

(e) Replacement of removed grain

Whenever any quantity of grain stored in the processor grain reserve under this section is removed from storage by a processor, the processor may be required to replace such grain with an equal quantity, within such period of time as the Secretary shall prescribe by regulation, or repay that portion of the loan represented by the quantity of grain removed from storage.

(f) Purposes for which grain to be used

Grain on which an eligible processor has received a loan under this section may not be used for any purpose other than the manufacture of alcohol for use as a fuel, and the Secretary shall establish such safeguards as the Secretary deems necessary to assure that such grain is not used for any other purpose and is not used in any manner that would unduly depress, manipulate, or curtail the free market in such grain.

(g) Terms and conditions of loan; security; non-recourse loans

Loans made under this section shall be made subject to such terms and conditions and subject to such security as the Secretary deems appropriate, except that such loans may not be made as nonrecourse loans.

(h) Payment for cost of storage; repayment of loans

In carrying out the processor grain reserve program under this section, the Secretary may—

(1) provide for the payment to processors of such amounts as the Secretary determines appropriate to cover the cost of storing grain held in the processor grain reserve, except that in no event may the rate of the payment paid under this clause for any period exceed the rate paid by the Secretary under the producer storage program for the same period; and

(2) prescribe conditions under which the Secretary may require processors to repay loans made under this section, plus accrued interest thereon, refund amounts paid to the processors for storage, and require the processors to pay such additional interest and other charges as may be required by regulation in the event any processor fails to abide by the terms and conditions of the loan or any regulation prescribed under this section.

(i) Announcement of terms and conditions of program

The Secretary shall announce the terms and conditions of the processor grain reserve program as far in advance of making loans as practicable.

(j) Use of Commodity Credit Corporation facilities

The Secretary may use the facilities of the Commodity Credit Corporation to carry out this section.

CHAPTER 73—FARMLAND PROTECTION POLICY

Sec.	
4201.	General provisions.
4202.	Identifying effects of Federal programs on conversion of farmland to nonagricultural uses.
4203.	Existing policies and procedures; review, etc.
4204.	Technical assistance.
4205.	Farmland resource information.
4206.	Grants, contracts, etc., authority.
4207.	Reporting requirement.
4208.	Limitations.
4209.	Prohibition on maintenance of actions.

§ 4201. General provisions

(a) Congressional statement of findings

Congress finds that—

(1) the Nation's farmland is a unique natural resource and provides food and fiber necessary for the continued welfare of the people of the United States;

(2) each year, a large amount of the Nation's farmland is irrevocably converted from actual

or potential agricultural use to non-agricultural use;

(3) continued decrease in the Nation's farmland base may threaten the ability of the United States to produce food and fiber in sufficient quantities to meet domestic needs and the demands of our export markets;

(4) the extensive use of farmland for non-agricultural purposes undermines the economic base of many rural areas;

(5) Federal actions, in many cases, result in the conversion of farmland to nonagricultural uses where alternative actions would be preferred;

(6) the Department of Agriculture is the agency primarily responsible for the implementation of Federal policy with respect to United States farmland, assuring the maintenance of the agricultural production capacity of the United States, and has the personnel and other resources needed to implement national farmland protection policy; and

(7) the Department of Agriculture and other Federal agencies should take steps to assure that the actions of the Federal Government do not cause United States farmland to be irreversibly converted to nonagricultural uses in cases in which other national interests do not override the importance of the protection of farmland nor otherwise outweigh the benefits of maintaining farmland resources.

(b) Statement of purpose

The purpose of this chapter is to minimize the extent to which Federal programs contribute to the unnecessary and irreversible conversion of farmland to nonagricultural uses, and to assure that Federal programs are administered in a manner that, to the extent practicable, will be compatible with State, unit of local government, and private programs and policies to protect farmland.

(c) Definitions

As used in this chapter—

(1) the term "farmland" includes all land defined as follows:

(A) prime farmland is land that has the best combination of physical and chemical characteristics for producing food, feed, fiber, forage, oilseed, and other agricultural crops with minimum inputs of fuel, fertilizer, pesticides, and labor, and without intolerable soil erosion, as determined by the Secretary. Prime farmland includes land that possesses the above characteristics but is being used currently to produce livestock and timber. It does not include land already in or committed to urban development or water storage;

(B) unique farmland is land other than prime farmland that is used for production of specific high-value food and fiber crops, as determined by the Secretary. It has the special combination of soil quality, location, growing season, and moisture supply needed to economically produce sustained high quality or high yields of specific crops when treated and managed according to acceptable farming methods. Examples of such crops include citrus, tree nuts, olives, cranberries, fruits, and vegetables; and

(C) farmland, other than prime or unique farmland, that is of statewide or local importance for the production of food, feed, fiber, forage, or oilseed crops, as determined by the appropriate State or unit of local government agency or agencies, and that the Secretary determines should be considered as farmland for the purposes of this chapter;

(2) the term "State" means any of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, or any territory or possession of the United States;

(3) the term "unit of local government" means the government of a county, municipality, town, township, village, or other unit of general government below the State level, or a combination of units of local government acting through an areawide agency under State law or an agreement for the formulation of regional development policies and plans;

(4) the term "Federal program" means those activities or responsibilities of a department, agency, independent commission, or other unit of the Federal Government that involve (A) undertaking, financing, or assisting construction or improvement projects; or (B) acquiring, managing, or disposing of Federal lands and facilities. The term "Federal program" does not include construction or improvement projects that on the effective date of this chapter are beyond the planning stage and are in either the active design or construction stage; and

(5) the term "Secretary" means the Secretary of Agriculture.

“(C) to pay the costs of enforcing easements or land use restrictions;

“(D) to cover the costs of complying with any regulations issued by the Secretary under this program and the costs of implementing the farmland plan of operation, except that the guaranteed loan proceeds shall not be used to pay overhead expenses of the State trust fund (rent, utilities, salaries, wages, insurance premiums, and the like); and

“(E) to generate earnings (including through investments not exceeding 10 years in duration for each eligible loan), to be used for future farmland preservation efforts, through investments in direct obligations of the United States or obligations guaranteed by the United States or an agency thereof or by depositing funds in any member bank of the Federal Reserve System or any federally insured State nonmember bank.

“(2) COLLATERAL FOR LOANS.—To the extent consistent with relevant banking laws and practices, the investments or deposits described in paragraph (1)(E) may serve as collateral for loans made to, or on behalf of, the State trust fund.

“(i) STATE USE OF GUARANTEED LOAN FUNDS.—The Secretary may issue regulations or procedures requiring each State trust fund to report to the Secretary regarding the uses of the eligible loans (described in section 1465(c)(2)) guaranteed by the Secretary and the Secretary may monitor the uses of the funds to ensure that the loans are used for purposes related to this chapter. Neither the Secretary or [nor] the lending institution shall have the power to require approval of each specific use of the loans guaranteed by the Secretary, the specific terms of each use of the loan funds, or the specific provisions of each purchase or investment made with loans guaranteed by the Secretary. The Secretary may require that each State trust fund provide a State farmland preservation plan of operation to the Secretary setting forth the plans for administering the program in the State and may require each State trust fund to periodically report to the Sec-

retary on the purchases of interests in farmland and on other specific uses of the funds.

“(j) SPECIAL RULES FOR THE PILOT PROJECT STATE.—Notwithstanding any other provisions of this chapter, the following special rules shall apply to the eligible State described in section 1465(c)(3)(A):

“(1) PROVISION OF LOAN GUARANTEE AND INTEREST ASSISTANCE AGREEMENT.—Within 30 days of the date any State trust fund in the eligible State receives a commitment for each eligible loan from a lending institution, the Secretary shall provide the lending institution with the loan guarantee and the interest assistance agreement so that the lending institution may disburse the full amount of the loan proceeds to the State trust fund on the date of loan closing to carry out this program. After the loan closing, the lending institution shall have no obligation to monitor or approve the use of loan proceeds by the State trust fund.

“(2) APPROVAL OF APPLICATION.—The Secretary shall annually approve the completed application from the eligible State within 30 days after receipt if the application sets forth the general goals and policies of the State trust fund. “(2) agree that the State trust fund will use any funds provided, or guaranteed, by the Secretary under this chapter in a manner that is consistent with the chapter and the regulations promulgated by the Secretary; and

“(3) agree to comply with any other requirements set forth in agreements with the Secretary or as the Secretary may prescribe by regulation.

“(2) EARNINGS.—Earnings of the State trust fund and funds expended by the State or the State trust fund prior to loan closing for purposes consistent with this chapter, and in the same fiscal year, may be considered as matching funds.

“(3) OBLIGATIONS.—Proceeds from the sale of tax-exempt general obligation bonds, or other obligations, of the State or State trust fund shall be an allowable source of matching funds under this chapter for the same fiscal year.

“(4) LAND.—The fair market value of any donation of an interest in land to the State trust fund, or a charitable organization working with the State trust fund, may be considered as matching funds, for the same fiscal year, if—

“(i) the fair market value is based on an appraisal determined to be adequate by the State trust fund; and

“(ii) the donation is consistent with the State farmland preservation plan, except that the value of land donated to charitable organizations by the State trust fund shall not be included as part of the match.

“(d) CLARIFICATION OF FEDERAL LAW.—Sellers of land, or of interests in land, to any State trust fund are not, and shall not be considered by the Secretary as, recipients or beneficiaries of Federal assistance.

“SEC. 1469. REPORT.

“Not later than September 30, 1992, and annually thereafter, the Secretary of Agriculture shall prepare and submit, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate, a report concerning the operation of the program established under this chapter.

The regulations shall not require each State’s program to give a priority to the acquisition of land, or interests in land, that is subject to significant urban pressure.

“SEC. 1470A. COMPTROLLER GENERAL REPORTS.

“On February 15 of 1992, and on December 1 of each of the years 1992 through 1996, the Comptroller General of the United States shall report to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate, on whether the Secretary of Agriculture is complying with the requirements of this chapter. § 4301. Congressional findings and declaration of policy

Flowers and plants are an integral part of American life, contributing a natural and beautiful element, especially in urban areas, to what is increasingly a manmade, artificial environment for this country's citizens. Providing comfort and pleasure for many special occasions as well as for everyday living, flowers and plants work against visual pollution and, in the case of green plants, generate oxygen within their environment. The flowers and plants to which this chapter refers are cut flowers, potted flowering plants, and foliage plants. These flowers and plants are produced by many individual producers throughout the United States and in foreign countries. These products move in interstate and foreign commerce, and those that do not move in such channels of commerce directly burden or affect interstate commerce of these products. The maintenance and expansion of existing markets and the development of new or improved markets and uses are vital to the welfare of flower and plant producers, brokers, wholesalers, and retailers throughout the Nation. The floral industry within the United States is comprised mainly of small- and medium-sized businesses. The producers are primarily agriculturally-oriented companies rather than promotion-oriented companies. The development and implementation of coordinated programs of research and promotion necessary for the maintenance of markets and the development of new markets have been inadequate. Without cooperative action in providing for and financing such programs, individual flower and plant producers, wholesalers, and retailers are unable to implement programs of research, consumer and producer information, and promotion necessary to maintain and improve markets for these products. It is widely recognized that it is

in the public interest to provide an adequate, steady supply of fresh flowers and plants to the consumers of the Nation. The American consumer requires a continuing supply of quality and affordable flowers and plants as an important element in the quality of life. It is, therefore, declared to be the policy of Congress and the purpose of this chapter that it is essential and in the public interest to authorize the establishment of an orderly procedure for the development and financing, through an adequate assessment, of an effective and coordinated program of research, consumer and producer education, and promotion designed to strengthen the floral industry's position in the marketplace and maintain, develop, and expand markets for flowers, plants, and flowering plants. Nothing in this chapter may be construed to dictate quality standards or provide for control of production or otherwise limit the right of individual flower and plant producers to produce commercial flowers and plants. Nothing in this chapter may be construed as a trade barrier to flowers and plants produced in foreign countries, and this chapter treats foreign producers equitably.

(Pub. L. 97-98, title XVII, §1706, Dec. 22, 1981, 95 Stat. 1350.)

§ 4306. Required terms in orders

Orders issued pursuant to this chapter shall contain the following terms and conditions and, except as provided in section 4307 of this title, no others:

(1) Providing for the establishment and appointment by the Secretary of a board to be named "Floraboard", which shall consist of not more than seventy-five voting members, and defining its powers and duties, which shall include only the powers to (A) administer such order in accordance with its terms and provisions, (B) make rules and regulations to effectuate the terms and provisions of such order, (C) receive, investigate, and report to the Secretary complaints of violations of such order, and (D) recommend to the Secretary amendments of such order. The term of an appointment to the Floraboard shall be for three years with no member serving more than two consecutive three-year terms: *Provided*, That of the initial appointments, one-third shall be for a term of one year and one-third shall be for a term of two years. The Floraboard shall appoint from its members an executive committee, consisting of not more than fifteen members, whose membership shall, to the maximum extent practicable, reflect the membership composition of the Floraboard, and whose commodity group representation shall be proportional to that of the Floraboard. Such executive committee shall have the authority to employ a staff and conduct routine business within the policies determined by the Floraboard.

(2) Providing that the Floraboard shall be composed of producers and importers appointed by the Secretary from nominations submitted by organizations certified pursuant to section 4315 of this title or if the Secretary determines that a substantial number of producers or importers are not members of or their interests are not represented by any such certified organization then from nominations made by such producers or importers in a manner authorized by the Secretary. Certified organizations shall submit one nomination for each position on the Floraboard. Initially, the Floraboard shall be

composed of one-third producers and importers of cut flowers, one-third producers and importers of potted flowering plants, and one-third producers and importers of foliage plants. Two years after assessment of funds commences pursuant to an order, and periodically thereafter, the Floraboard shall adjust the commodity group representation of these commodity groups on the basis of the amount of assessments, less refunds, collected from each commodity group. There shall at all times be more producers representing a particular commodity group on the Floraboard than importers representing that commodity group. In addition to commodity group representation, the periodic adjustment of the membership of the Floraboard shall reflect, to the maximum extent practicable, the proportionate share of assessments, less refunds, collected from producers in each of several geographic areas of the United States to be defined by the Secretary, and the proportionate share of assessments, less refunds, collected from importers of flowers and plants imported into the United States from each country.

(3) Providing that the Floraboard shall, subject to the provisions of paragraph 8 of this section, develop and submit to the Secretary for approval advertising, sales promotion, consumer education, research, and development plans or projects and that any such plan or project must be approved by the Secretary before becoming effective.

(4) Providing that the Floraboard shall, subject to the provisions of paragraph 8 of this section, submit to the Secretary for approval budgets on a fiscal period basis of its anticipated expenses and disbursements in the administration of the order, including probable costs of advertising, promotion, consumer education, research, and development projects.

(5) Providing that—

(A) For each sale of flowers and plants by a producer within the United States, such producer shall pay an assessment to the Floraboard based on the dollar value of such sales transaction minus the cost of plant material. If the producer is a retailer, the assessment will be based on the then current wholesale value of the flowers and plants less the cost of plant material. In the case of consignment sales, the assessment shall be paid by the producer based on the dollar value of the sale of flowers and plants less the sales commission, freight cost, and cost of plant material.

(B) For each sale of imported flowers and plants within the United States by the importer of such flowers and plants, such importer shall pay an assessment to the Floraboard based on the dollar value of such sales transaction, without deducting the cost of plant material. If the importer is a retailer, the assessment will be made on the purchase price. In the case of consignment sales, the assessment shall be paid by the importer and shall be based on the dollar value of the sale of flowers and plants less the sales commission and cost of transportation within the United States.

(C) The assessments provided for in this section shall be remitted to the Floraboard, at the time and in the manner prescribed in the

order and regulations thereunder, and shall be used for such expenses and expenditures (including provision for a reasonable reserve and those administrative costs incurred by the Department of Agriculture after an order has been promulgated under this chapter) as the Secretary finds are reasonable and likely to be incurred by the Floraboard under the order during any period specified by the Secretary.

(6) Providing that the initial rate of assessment, which rate shall remain in effect for the first two years after an order is approved in a referendum, shall not exceed one-half of 1 per centum of the value of flowers and plants sold, as determined under the provisions of paragraph (5) of this section: *Provided*, That the Floraboard may thereafter increase or decrease the rate of assessment prescribed by the order by no more than one-quarter of 1 per centum of the value of flowers and plants sold per year: *Provided further*, That in no event shall the rate of assessment exceed 1½ per centum of the value of flowers and plants sold.

(7) Providing that the Floraboard shall maintain such books and records and shall prepare and submit to the Secretary, from time to time, such reports as the Secretary may prescribe, and providing for appropriate accounting by the Floraboard with respect to the receipt and disbursement of all funds entrusted to it.

(8) Providing that the Floraboard, with the approval of the Secretary, may enter into contracts or agreements for development and carrying out of the activities authorized under the order pursuant to sections 4307(1) and (2) of this title and for the payment of the cost thereof with funds collected pursuant to the order. The Floraboard may contract with industry groups, profit or nonprofit companies, private and State colleges and universities, and governmental groups. Any such contract or agreement shall provide (A) that the contracting party shall develop and submit to the Floraboard a plan or project together with a budget or budgets which shall show estimated costs to be incurred for such plan or project, (B) that any such plan or project shall become effective upon the approval of the Secretary, and (C) that the contracting party shall keep accurate records of all its transactions and make periodic reports to the Floraboard of activities carried out and an accounting for funds received and expended, and such other reports as the Secretary may require.

(a) The Secretary shall conduct a referendum among domestic producers and importers not exempt under section 4311 of this title who, during a representative period determined by the Secretary, have been engaged in the production or importation of flowers and plants, for the purpose of ascertaining whether the issuance of an order is approved or favored by such domestic producers and importers. No order issued pursuant to this chapter shall be effective unless the Secretary determines that the issuance of such order is approved or favored by not less than two-thirds of the producers and importers voting in such referendum, or by a majority of the producers and importers voting in such referendum if such majority produced and imported not less than two-thirds of the total value of the flowers and plants produced and imported by those producers and importers voting in such referendum during a representative period defined by the Secretary.

(b) Referendum

The Secretary may conduct a referendum at any time, and shall hold a referendum on request of 10 per centum or more of the number of producers and importers voting in the referendum approving the order, to determine whether such producers and importers favor the termi-

§ 4313. Administrative and judicial review; procedures applicable

(a) Any person subject to any order may file a written petition with the Secretary, stating that any such order or any provisions of such order or any obligations imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. Such person shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations prescribed by the Secretary. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final if in accordance with law.

(b) The district courts of the United States in any district in which such person is an inhabitant, or carries on business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had upon the Secretary by delivering to the Secretary a copy of the complaint. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to subsection (a) of this section shall not impede, hinder, or delay the United States or the Secretary from obtaining relief pursuant to section 4314(a) of this title.

(Pub. L. 97-98, title XVII, §1714, Dec. 22, 1981, 95 Stat. 1355.)

§ 4314. Enforcement of provisions

(a) The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, any order or regulation made or issued pursuant to this chapter. Any civil action authorized to be brought under this subsection shall be referred to the Attorney General for appropriate action: *Provided*, That nothing in this chapter shall be construed as requiring the Secretary to refer to the Attorney General violations of this chapter whenever the Secretary believes that the administration and enforcement of the program would be adequately served by administrative action pursuant to subsection (b) of this section or suitable

written notice or warning to any person committing such violations.

(b)(1) Any person who violates any provisions of any order or regulation issued by the Secretary pursuant to this chapter, or who fails or refuses to pay, collect, or remit any assessment or fee duly required thereunder, may be assessed a civil penalty by the Secretary of not less than \$500 or more than \$5,000 for each such violation. Each violation shall be a separate offense. In addition to or in lieu of such civil penalty the Secretary may issue an order requiring such person to cease and desist from continuing such violation or violations. No penalty may be assessed or cease and desist order issued unless such person is given notice and opportunity for a hearing before the Secretary with respect to such violation. The order of the Secretary assessing a penalty or imposing a cease and desist order shall be final and conclusive unless the affected person files an appeal from the Secretary's order with the appropriate United States court of appeals.

(2) Any person against whom a violation is found and a civil penalty assessed or cease and desist order issued under paragraph (1) of this subsection may obtain review in the court of appeals of the United States for the circuit in which such person resides or carries on business or in the United States Court of Appeals for the District of Columbia Circuit by filing a notice of appeal in such court within thirty days from the date of such order and by simultaneously sending a copy of such notice by certified mail to the Secretary. The Secretary shall promptly file in such court a certified copy of the record upon which such violation was found. The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence.

(3) Any person who fails to obey a cease and desist order after it has become final and unappealable, or after the appropriate court of appeals has entered final judgment in favor of the Secretary, shall be subject to a civil penalty assessed by the Secretary, after opportunity for a hearing and for judicial review pursuant to the procedures specified in paragraphs (1) and (2) of this subsection, of not more than \$500 for each offense, and each day during which such failure continues shall be deemed a separate offense.

(4) If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order, or after the appropriate court of appeals has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General who shall recover the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

§ 4315. Certification of organizations; applicable criteria and considerations

The eligibility of any organization to represent producers of flowers and plants of any producing area of the United States or importers of flowers and plants, for purposes of re-

requesting the issuance of an order under section 4304 of this title, or making nominations under section 4306(2) of this title, shall be certified by the Secretary. Certification shall be based, in addition to other available information, upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including, but not limited to, the following:

- (1) geographic territory covered by the organization's active membership;
- (2) nature and size of the organization's active membership, the proportion of such active membership accounted for by producers and importers, and information as to the volume of production by State or the volume of importation by country accounted for by the organization's producer and importer members;
- (3) the extent to which the producer and importer membership of such organization is represented in setting the organization's policies;
- (4) evidence of stability and permanency of the organization;
- (5) sources from which the organization's operating funds are derived;
- (6) functions of the organization;
- (7) whether the majority of the governing board of the organization is composed of producers and importers; and
- (8) the organization's ability and willingness to further the aims and objectives of this chapter.

The primary consideration in determining the eligibility of any organization shall be whether its membership consists of a substantial number of producers and importers who produce and import a substantial volume of flowers and plants. The Secretary shall certify any organization which is found to be eligible under this section, and the Secretary's determination as to eligibility shall be final. Whenever more than one organization is certified in any geographic area, such organizations may caucus to determine the area's nominations under section 4306(2) of this title.

§ 4317. Investigations; subpoena powers, etc.; enforcement

The Secretary may make such investigations as are deemed necessary to carry out the Secretary's responsibilities under this chapter or to determine whether a producer, importer, wholesaler, retailer, or other seller of flowers and plants, or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provisions of this chapter, or of any order, or rule or regulation issued under this chapter. For the purpose of such investigation, the Secretary

is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, including a producer of flowers and plants, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All processes in any such cases may be served in the judicial district wherein such person is an inhabitant or wherever such person may be found.

(Pub. L. 97-98, title XVII, §1718, Dec. 22, 1981, 95 Stat. 1357.)

§ 4318. Separability

If any provision of this chapter or the application thereof to any person or circumstances is held invalid, the validity of the remainder of this chapter and of the application of such provision to other persons and circumstances shall not be affected thereby.

(Pub. L. 97-98, title XVII, §1719, Dec. 22, 1981, 95 Stat. 1358.)

§ 4501. Congressional findings and declaration of policy

(a) Congress finds that—

(1) dairy products are basic foods that are a valuable part of the human diet;

(2) the production of dairy products plays a significant role in the Nation's economy the milk from which dairy products are manufactured is produced by thousands of milk producers, and dairy products are consumed by millions of people throughout the United States;

(4) the maintenance and expansion of existing markets for dairy products are vital to the welfare of milk producers and those concerned with marketing, using, and producing dairy products, as well as to the general economy of the Nation; and

(5) dairy products move in interstate and foreign commerce, and dairy products that do not move in such channels of commerce directly burden or affect interstate commerce of dairy products.

(b) It, therefore, is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided herein, of an orderly procedure for financing (through assessments on all milk produced in the United States for commercial use and on imported dairy products) and carrying out a coordinated program of promotion designed to strengthen the dairy industry's position in the marketplace and to maintain and expand domestic and foreign markets and uses for fluid milk and dairy products. Nothing in this subchapter may be construed to provide for the control of production or otherwise limit the right of individual milk producers to produce milk or the right of any person to import dairy products.

(3) In making such appointments, the Secretary shall take into account, to the extent practicable, the geographical distribution of milk production volume throughout the United States.

(4) In determining geographic representation, whole States shall be considered as a unit.

(5) A region may be represented by more than one director and a region may be made up of more than one State.

(6) IMPORTERS.—

The Secretary shall certify any organization that the Secretary determines meets the eligibility criteria established by the Secretary under this section and the Secretary’s determination as to eligibility shall be final.

(b) Certification shall be based, in addition to other available information, on a factual report submitted by the organization, which shall contain information deemed relevant and specified

Such order shall be continued only if the Secretary determines that it has been approved by not less than a majority of the producers voting in the referendum, who during a representative period (as determined by the Secretary) have been engaged in the production of milk for commercial use. If continuation of the order is not approved by a majority of the producers voting in the referendum, the Secretary shall terminate collection of assessments under the order within six months after the Secretary determines that such action is favored by a majority of the producers voting in the referendum and shall terminate the order in an orderly manner as soon as practicable after such determination.

(b) Referendum

After September 30, 1985, the Secretary may conduct a referendum at any time, and shall hold a referendum on request of a representative group comprising 10 per centum or more of the number of producers and importers subject to the order, to determine whether the producers and importers favor the termination or suspension of the order. The Secretary shall suspend or terminate collection of assessments under the order within six months after the Secretary determines that suspension or termination of the order is favored by a majority of the producers voting in the referendum who, during a representative period (as determined by the Secretary), have been engaged in the production of milk for commercial use and importers voting in the referendum (who have been engaged in the importation of dairy products during the same representative period, as determined by the Secretary) and shall terminate the order in an orderly manner as soon as practicable after such determination.

§ 4508. Cooperative association representation

Whenever, under the provisions of this subchapter, the Secretary is required to determine the approval or disapproval of producers, the Secretary shall consider the approval or disapproval by any cooperative association of producers, engaged in a bona fide manner in marketing milk or the products thereof, as the approval or disapproval of the producers who are members of or under contract with such cooperative association of producers. If a cooperative association of producers elects to vote on behalf of its members, such cooperative association shall provide each producer, on whose behalf the cooperative association is expressing approval or disapproval, a description of the question presented in the referendum together with a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership. Such information shall inform the producer of procedures to follow to cast an individual ballot should the producer so choose within the period of time established by the Secretary for casting ballots. Such notification shall be made at least thirty days prior to the referendum and shall include an official ballot.

The ballots shall be tabulated by the Secretary and the vote of the cooperative association shall be adjusted to reflect such individual votes.

(b) The district courts of the United States in any district in which such person is an inhabitant or carries on business are hereby vested with jurisdiction to review such ruling, if a complaint for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had on the Secretary by delivering a copy of the complaint to the Secretary. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires.

The district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, any order or regulation made or issued under this subchapter. Any civil action authorized to be brought under this subsection shall be referred to the Attorney General for appropriate action, except that the Secretary is not required to refer to the Attorney General minor violations of this subchapter whenever the Secretary believes that the administration and enforcement of this subchapter would be adequately served by suitable written notice or warning to any person committing such violation.

(b) Civil penalties

Any person who willfully violates any provision of any order issued by the Secretary under this subchapter shall be assessed a civil penalty by the Secretary of not more than \$1,000 for each such violation and, in the case of a willful failure to pay, collect, or remit the assessment as required by the order, in addition to the amount due, a penalty equal to the amount of the assessment on the quantity of milk as to which the failure applies. The amount of any such penalty shall accrue to the United States and may be recovered in a civil suit brought by the United States.

The Secretary may make such investigations as the Secretary deems necessary for the effective administration of this subchapter or to determine whether any person subject to the provisions of this subchapter has engaged or is about to engage in any act that constitutes or will constitute a violation of any provision of this subchapter or of any order, or rule or regulation issued under this subchapter. For the purpose of such investigation, the Secretary may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any records that are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of records. The court may issue an order requiring such person to appear before the Secretary to produce records or to give testimony touching the matter under investigation. 4612.	Termination or suspension.
4613.	Implementation of amendments made by Agricultural Research, Extension, and Education Reform Act of 1998.

§ 4601. Findings and purposes

(a) Findings

Congress makes the following findings:

(1) Honey is produced by many individual producers in every State in the United States.

(2) Honey and honey products move in large part in the channels of interstate and foreign commerce, and honey which does not move in such channels directly burdens or affects interstate commerce.

(3) In recent years, large quantities of low-cost, imported honey have been brought into the United States, replacing domestic honey in the normal trade channels.

(4) The maintenance and expansion of existing honey markets and the development of new or improved markets or uses are vital to the welfare of honey producers and those concerned with marketing, using, and processing honey, along with those engaged in general ag-

ricultural endeavors requiring bees for pollinating purposes.

(5) The honey production industry within the United States is comprised mainly of small- and medium-sized businesses.

(6) The development and implementation of coordinated programs of research, promotion, consumer education, and industry information necessary for the maintenance of markets and the development of new markets have been inadequate.

(7) Without cooperative action in providing for and financing such programs, honey producers, honey handlers, wholesalers, and retailers are unable to implement programs of research, promotion, consumer education, and industry information necessary to maintain and improve markets for these products.

(8) The ability to develop and maintain purity standards for honey and honey products is critical to maintaining the consumer confidence, safety, and trust that are essential components of any undertaking to maintain and develop markets for honey and honey products.

(9) Research directed at improving the cost effectiveness and efficiency of beekeeping, as well as developing better means of dealing with pest and disease problems, is essential to keeping honey and honey product prices competitive and facilitating market growth as well as maintaining the financial well-being of the honey industry.

(10) Research involving the quality, safety, and image of honey and honey products and how that quality, safety, and image may be affected during the extraction, processing, packaging, marketing, and other stages of the honey and honey product production and distribution process, is highly important to building and maintaining markets for honey and honey products.

(b) Purposes

The purposes of this chapter are—

(1) to authorize the establishment of an orderly procedure for the development and financing, through an adequate assessment, of an effective, continuous, and nationally coordinated program of promotion, research, consumer education, and industry information designed to—

(A) strengthen the position of the honey industry in the marketplace;

(B) maintain, develop, and expand domestic and foreign markets and uses for honey and honey products;

(C) maintain and improve the competitiveness and efficiency of the honey industry; and

(D) sponsor research to develop better means of dealing with pest and disease problems;

(2) to maintain and expand the markets for all honey and honey products in a manner that—

(A) is not designed to maintain or expand any individual producer's, importer's, or handler's share of the market; and

(B) does not compete with or replace individual advertising or promotion efforts de-

signed to promote individual brand name or trade name honey or honey products; and

(3) to authorize and fund programs that result in government speech promoting government objectives.

(c) Administration

Nothing in this chapter—

(1) prohibits the sale of various grades of honey;

(2) provides for control of honey production;

(3) limits the right of the individual honey producer to produce honey; or

(4) creates a trade barrier to honey or honey products produced in a foreign country.

(Pub. L. 98-590, §2, Oct. 30, 1984, 98 Stat. 3115; Pub. L. 105-185, title VI, §605(a), June 23, 1998, 112 Stat. 587.)

AMENDMENTS

1998—Pub. L. 105-185, §605(a)(1), added section catchline and struck out former section catchline, designated introductory provisions and pars. (1) to (7) as subsec. (a), inserted heading, and substituted “Congress makes the following findings” for “The Congress finds that” in introductory provisions.

Subsec. (a)(6), (7). Pub. L. 105-185, §605(a)(2)(A), substituted “consumer education, and industry information” for “and consumer education”.

Subsec. (a)(8) to (10). Pub. L. 105-185, §605(a)(2)(B), added pars. (8) to (10).

Subsecs. (b), (c). Pub. L. 105-185, §605(a)(3), added subsecs. (b) and (c) and struck out former subsec. (b) which read as follows:

“(b)(1) It is, therefore, the purpose of this chapter to authorize the establishment of an orderly procedure for the development and financing, through an adequate assessment, of an effective and coordinated program of research, promotion, and consumer education designed to strengthen the position of the honey industry in the marketplace and maintain, develop, and expand markets for honey and honey products.

“(2) Nothing in this chapter may be construed to dictate quality standards for honey, provide for control of its production, or otherwise limit the right of the individual honey producer to produce honey. This chapter treats foreign producers equitably, and nothing in this chapter may be construed as a trade barrier to honey produced in foreign countries.”

§ 4801. Congressional findings and declaration of purpose

(a) Congress finds that—

(1) pork and pork products are basic foods that are a valuable and healthy part of the human diet;

(2) the production of pork and pork products plays a significant role in the economy of the United States because pork and pork products are—

(A) produced by thousands of producers, including many small- and medium-sized producers; and

(B) consumed by millions of people throughout the United States on a daily basis;

(3) pork and pork products must be available readily and marketed efficiently to ensure that the people of the United States receive adequate nourishment;

(4) the maintenance and expansion of existing markets, and development of new markets, for pork and pork products are vital to—

(A) the welfare of pork producers and persons concerned with producing and marketing pork and pork products; and

(B) the general economy of the United States;

(5) pork and pork products move in interstate and foreign commerce;

(6) pork and pork products that do not move in such channels of commerce directly burden or affect interstate commerce in pork and pork products; and

(7) in recent years, increasing quantities of low-cost, imported pork and pork products have been brought into the United States and replaced domestic pork and pork products in normal channels of trade.

(b)(1) It is the purpose of this chapter to authorize the establishment of an orderly procedure for financing, through adequate assessments, and carrying out an effective and coordinated program of promotion, research, and consumer information designed to—

(A) strengthen the position of the pork industry in the marketplace; and

(B) maintain, develop, and expand markets for pork and pork products.

(2) Such procedure shall be implemented, and such program shall be conducted, at no cost to the Federal Government.

(3) Nothing in this chapter may be construed to—

(A) permit or require the imposition of quality standards for pork or pork products;

(B) provide for control of the production of pork or pork products; or

(C) otherwise limit the right of an individual pork producer to produce pork and pork products.

§ 4901. Congressional findings and declaration of policy

(a) Congress finds that—

(1) the per capita consumption of watermelons in the United States has declined steadily in recent years;

(2) watermelons are an important cash crop to many farmers in the United States and are an economical, enjoyable, and healthful food for consumers;

(3) approximately 2,607,600,000 pounds of watermelons with a farm value of \$158,923,000 were produced in 1981 in the United States;

(4) watermelons move in the channels of interstate commerce, and watermelons that do not move in such channels directly affect interstate commerce;

(5) the maintenance and expansion of existing markets and the establishment of new or improved markets and uses for watermelons are vital to the welfare of watermelon growers and those concerned with marketing, using, handling, and importing watermelons, as well as the general economic welfare of the Nation; and

(6) the development and implementation of coordinated programs of research, development, advertising, and promotion are necessary to maintain and expand existing mar-

kets and establish new or improved markets and uses for watermelons.

(b) It is declared to be the policy of Congress that it is essential in the public interest, through the exercise of the powers provided herein, to authorize the establishment of an orderly procedure for the development, financing (through adequate assessments on watermelons harvested in the United States, or imported into the United States, for commercial use), and carrying out of an effective, continuous, and coordinated program of research, development, advertising, and promotion designed to strengthen the watermelon's competitive position in the marketplace, and establish, maintain, and expand domestic and foreign markets for watermelons. The purpose of this chapter is to so authorize the establishment of such procedure and the development, financing, and carrying out of such program. Nothing in this chapter may be construed to dictate quality standards nor provide for the control of production or otherwise limit the right of individual watermelon producers to produce watermelons.

handlers, and one representative of the public, appointed by the Secretary from nominations submitted in accordance with this subsection. An equal number of representatives of producers and handlers shall be nominated by producers and handlers, and the representative of the public shall be nominated by the other members of the Board, in such manner as may be prescribed by the Secretary. If producers and handlers fail to select nominees for appointment to the Board, the Secretary may appoint persons on the basis of representation as provided for in the plan. If the Board fails to nominate a public representative, the Secretary shall choose such representative for appointment.

(2) A producer shall be eligible to serve on the Board only as a representative of handlers, and not as a representative of producers, if—

(D) Not later than 5 years after the date that importers are subjected to the plan, and every 5 years thereafter, the Secretary shall evaluate the average annual percentage of assessments paid by importers during the 3-year period preceding the date of the evaluation and adjust, to the extent practicable, the number of importer representatives on the Board.

(d) Compensation and expenses of Board

The plan shall provide that all Board members shall serve without compensation, but shall be reimbursed for reasonable expenses incurred in performing their duties as members of the Board.

(e) Budget on fiscal period basis

If a person performs both producing and handling functions, both assessments shall be paid by such person.

(5) If importers are subject to the plan, an assessment shall also be made on watermelons imported into the United States by the importers. The rate of assessment for importers who are subject to the plan shall be equal to the combined rate for producers and handlers.

(h) Refunds

(1) Except as provided in paragraph (2), the plan shall provide that, notwithstanding any other provisions of this chapter, any watermelon producer or handler (or importer who is subject to the plan) against whose watermelons an assessment is made and collected under this chapter and who is not in favor of supporting the research, development, advertising, and promotion program provided for under this chapter shall have the right to demand a refund of the assessment from the Board, under regulations, and on a form and within a time period (not less than 90 days), prescribed by the Board and approved by the Secretary. A producer or handler (or importer who is subject to the plan) who timely makes demand in accord with the regulations, on submission of proof satisfactory to the Board that the producer, handler, or importer paid the assessment for which the refund is sought, shall receive such refund within 60 days after demand therefor.

¹ So in original.

(2) If approved in the referendum required by section 4914(b) of this title relating to the elimination of the assessment refund under paragraph (1), the Secretary shall amend the plan that is in effect on the day before December 14, 1993, to eliminate the refund provision.

(3)(A) Notwithstanding paragraph (2) and subject to subparagraph (B), if importers are subject to the plan, the plan shall provide that an importer of less than 150,000 pounds of watermelons per year shall be entitled to apply for a refund that is based on the rate of assessment paid by domestic producers.

The plan shall provide that the Board, subject to the provisions of subsections (e), (f), and (g) of this section, shall develop and submit to the Secretary, for the Secretary's approval, any research, development, advertising, or promotion program or project, and that a program or project must be approved by the Secretary before becoming effective.

(j) Contract authority

The plan shall provide the Board with authority to enter into contracts or agreements, with the approval of the Secretary, for the development and carrying out of research, development, advertising, or promotion programs or projects, and the payment of the cost thereof with funds collected under this chapter.

§ 4909. Petition and review

(a) Any person subject to a plan may file a written petition with the Secretary, stating that the plan or any provision of the plan, or any obligation imposed in connection therewith, is not in accordance with law and praying for a modification thereof or to be exempted therefrom. The person shall be given an opportunity for a hearing on the petition, in accordance with regulations prescribed by the Secretary. After the hearing, the Secretary shall make a ruling on the petition, which shall be final if in accordance with the law.

(b) The district courts of the United States in any district in which the person is an inhabitant, or in which the person's principal place of business is located, are hereby vested with jurisdiction to review such ruling, provided that a complaint for that purpose is filed within twenty days from the date of the entry of the ruling. Service of process in such proceedings may be had on the Secretary by delivering to the Secretary a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand the proceedings to the Secretary with directions either to (1) make such ruling as the court shall determine to be in accordance with law, or (2) take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted under subsection (a) of this section shall not impede or delay the United States or the Secretary from obtaining relief under section 4910(a)¹ of this title.

§ 4910. Enforcement

(a) The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, any plan or regulation made or issued under this chapter. The facts relating to any civil action that may be brought under this subsection shall be referred to the Attorney General for appropriate action, except that nothing in this chapter shall be construed as requiring the Secretary to refer to the Attorney General violations of this chapter whenever the Secretary believes that the administration and enforcement of the plan or regulation would be adequately served by administrative action under subsection (b) of this section or suitable written notice or warning to any person committing the violations.

(b)(1) Any person who violates any provision of any plan or regulation issued by the Secretary under this chapter, or who fails or refuses to pay, collect, or remit any assessment or fee required of the person thereunder, may be assessed a civil penalty by the Secretary of not less than

\$500 nor more than \$5,000 for each violation. Each violation shall be a separate offense. In addition to or in lieu of such civil penalty, the Secretary may issue an order requiring the person to cease and desist from continuing the violation. No penalty shall be assessed nor cease and desist order issued unless the person is given notice and opportunity for a hearing before the Secretary with respect to the violation. The order of the Secretary assessing a penalty or imposing a cease and desist order shall be final and conclusive unless the person affected by the order files an appeal from the Secretary's order with the appropriate United States court of appeals.

(2) Any person against whom a violation is found and a civil penalty assessed or cease and desist order issued under paragraph (1) may obtain review in the court of appeals of the United States for the circuit in which such person resides or carries on business or in the United States Court of Appeals for the District of Columbia Circuit by filing a notice of appeal in such court within thirty days after the date of the order and by simultaneously sending a copy of the notice by certified mail to the Secretary. The Secretary shall promptly file in such court a certified copy of the record on which the violation was found. The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence.

(3) Any person who fails to obey a cease and desist order after it has become final and unappealable, or after the appropriate court of appeals has entered a final judgment in favor of the Secretary, shall be subject to a civil penalty assessed by the Secretary, after opportunity for a hearing and for judicial review under the procedures specified in paragraphs (1) and (2), of not more than \$500 for each offense. Each day during which the failure continues shall be deemed a separate offense.

(4) If any person fails to pay an assessment of a civil penalty after it has become a final and unappealable order, or after the appropriate court of appeals has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General for recovery of the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

§ 4911. Investigation and power to subpoena

(a) The Secretary may make such investigations as the Secretary deems necessary to carry out effectively the Secretary's responsibilities under this chapter or to determine whether a person has engaged or is engaging in any acts or practices that constitute a violation of any provision of this chapter, or of any plan or regulation issued under this chapter. For the purpose of an investigation, the Secretary may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents that are relevant to the inquiry.

The attendance of witnesses and the production of records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena issued to, any person, including a handler (or an importer who is subject to the plan), the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring the person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by the court as contempt thereof. All process in any such case may be served in the judicial district in which the person is an inhabitant or wherever the person may be found. The site of any hearing held under this subsection shall be within the judicial district in which the person is an inhabitant or in which the person's principal place of business is located.

(b) No person shall be excused from attending and testifying or from producing books, papers, and documents before the Secretary, or in obedience to the subpoena of the Secretary, or in any cause or proceeding, criminal or otherwise, based on, or growing out of, any alleged violation of this chapter, or of any plan or regulation issued thereunder, on the grounds that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture. However, no person shall be prosecuted or subjected to any penalty or forfeiture on account of any transaction, matter, or thing concerning which the person is compelled, after having claimed the person's privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

The ballots and other information or reports that reveal or tend to reveal the vote of any producer, handler,

or importer or the person's volume of watermelons produced, handled, or imported shall be held strictly confidential and shall not be disclosed. Any officer or employee of the Department of Agriculture violating the provisions hereof shall be subject to the penalties provided in section 4908(c) of this title.

§ 4913. Suspension or termination of plans

(a) Whenever the Secretary finds that a plan or any provision thereof obstructs or does not tend to effectuate the declared policy of this chapter, the Secretary shall terminate or suspend the operation of the plan or provision.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of the Board or at least 10 percent of the combined total of the watermelon producers, handlers, and importers eligible to vote in a referendum, to determine if watermelon producers, handlers, and importers favor the termination or suspension of the plan. The Secretary shall terminate or suspend the plan at the end of the marketing year whenever the Secretary determines that the termination or suspension is favored by a majority of those voting in the referendum, and who produce, handle, or import more than 50 per cent of the combined total of the volume of the watermelons produced by the producers, handled by the handlers, or imported by the importers voting in the referendum.

SUBCHAPTER I—FINDINGS, POLICY, AND PURPOSE

§ 5201. Findings

Congress finds that—

(1) United States agricultural exports have declined by more than 36 percent since 1981, from \$43,800,000,000 in 1981 to \$27,900,000,000 in 1987;

(2) the United States share of the world market for agricultural commodities and products has dropped by 20 percent during the last 6 years;

(3) for the first time in 15 years, the United States incurred monthly agricultural trade deficits in 1986;

(4) the loss of \$1,000,000,000 in United States agricultural exports causes the loss of 35,000 agricultural jobs and the loss of 60,000 non-agricultural jobs;

(5) the loss of agricultural exports threatens family farms and the economic well-being of rural communities in the United States;

(6) factors contributing to the loss of United States agricultural exports include changes in world agricultural markets such as—

(A) the addition of new exporting nations;
(B) innovations in agricultural technology;
(C) increased use of export subsidies designed to lower the price of commodities on the world market;

(D) the existence of barriers to agricultural trade;

(E) the slowdown in the growth of world food demand in the 1980's due to cyclical economic factors, including currency fluctuations and a debt-related slowdown in the economic growth of agricultural markets in certain developing countries; and

(F) the rapid buildup of surplus stocks as a consequence of favorable weather for agricultural production during the 1980's;

(7) increasing the volume and value of exports is important to the financial well-being of the farm sector in the United States and to increasing farm income in the United States;

(8) in order to increase agricultural exports and improve prices for farmers and ranchers in the United States, it is necessary that all agricultural export programs of the United States be used in an expeditious manner, including programs established under the Food for Peace Act (7 U.S.C. 1691 et seq.), the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), and section 416 of the Agricultural Act of 1949 (7 U.S.C. 1431);

(9) greater use should be made by the Secretary of Agriculture of the authorities established under section 4¹ of the Food for Peace Act of 1966 (7 U.S.C. 1707a), the Food for Peace Act (7 U.S.C. 1691 et seq.), section 416 of the Agricultural Act of 1949 (7 U.S.C. 1431), and the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.) to provide intermediate credit financing and other assistance for the establishment of facilities in importing countries to—

(A) improve the handling, marketing, processing, storage, and distribution of imported agricultural commodities and products; and

(B) increase livestock production to enhance the demand for United States feed grains;

(10) food aid and export assistance programs in developing countries stimulate economic activity which causes incomes to rise, and, as incomes rise, diets improve and the demand for and ability to purchase food increases;

(11) private voluntary organizations and cooperatives are important and successful partners in our food aid and development programs; and

(12) in addition to meeting humanitarian needs, food aid used in sales and barter programs by private voluntary organizations and cooperatives—

(A) provides communities with health care, credit systems, and tools for development; and

(B) establishes the infrastructure that is essential to the expansion of markets for United States agricultural commodities and products.

At least every five years the Secretaries shall publish a report entitled “Dietary Guidelines for Americans”. Each such report shall contain nutritional and dietary information and guidelines for the general public, and shall be promoted by each Federal agency in carrying out any Federal food, nutrition, or health program.

(2) Basis of guidelines

The information and guidelines contained in each report required under paragraph (1) shall be based on the preponderance of the scientific and medical knowledge which is current at the time the report is prepared.

(b) Approval by Secretaries

Any Federal agency that proposes to issue any dietary guidance for the general population or identified population subgroups shall submit the text of such guidance to the Secretaries for a sixty-day review period.

(2) Basis of review

(A) In general

During the sixty-day review period established in paragraph (1), the Secretaries shall review and approve or disapprove such guidance to assure that the guidance either is consistent with the “Dietary Guidelines for Americans” or that the guidance is based on medical or new scientific knowledge which is determined to be valid by the Secretaries. If after such sixty-day period neither Secretary notifies the proposing agency that such guidance has been disapproved, then

such guidance may be issued by the agency. If both Secretaries disapprove of such guidance, it shall be returned to the agency. If either Secretary finds that such guidance is inconsistent with the “Dietary Guidelines for Americans” and so notifies the proposing agency, such agency shall follow the procedures set forth in this subsection before disseminating such proposal to the public in final form. If after such sixty-day period, either Secretary disapproves such guidance as inconsistent with the “Dietary Guidelines for Americans” the proposing agency shall—

(C) Announcement

Any such final dietary guidance to be disseminated under subparagraph (B) shall be announced in a notice published in the Federal Register, before public dissemination along with an address where copies may be obtained.

(D) Notification of disapproval

If after the thirty-day period for comment as provided under subparagraph (A)(ii), both Secretaries disapprove a proposed dietary guidance, the Secretaries shall notify the Federal agency submitting such guidance of such disapproval, and such guidance may not be issued, except as provided in subparagraph (E).

(E) Review of disapproval

If a proposed dietary guidance is disapproved by both Secretaries under subparagraph (D), the Federal agency proposing such guidance may, within fifteen days after receiving notification of such disapproval under subparagraph (D), request the Secretaries to review such disapproval. Within fifteen days after receiving a request for such a review, the Secretaries shall conduct such review. If, pursuant to such review, either Secretary approves such proposed dietary guidance, such guidance may be issued by the Federal agency.

(3) Limitation on definition of guidance

For purposes of this subsection, the term “dietary guidance for the general population” does not include any rule or regulation issued by a Federal agency.

(4) “Identified population subgroups” defined

For purposes of this subsection, the term “identified population subgroups” shall include, but not be limited to, groups based on factors such as age, sex, or race.

(c) Existing authority not affected

This section does not place any limitations on—

(h) Short supply embargoes

If the President or any other member of the executive branch causes exports to be suspended based on a determination of short supply, the Secretary shall carry out section 1310 of this title.

(e) Contracts

The Secretary shall enter into contracts with producers to enroll acreage in the program. Such contracts shall be for a period of not less than 3 years, but may, at the producer’s option, be for a longer period of time (up to 5 years) and may be renewed upon mutual agreement between the Secretary and the producer.

(6) contain such other terms as the Secretary may, by regulation, require.

(g) Administration; certification; termination

(1) Administration; technical assistance; flexibility; implementation; displacement

(A) Administration

The program shall be administered by the Secretary.

(B) Technical assistance

In administering the program, the Secretary, in consultation with the local conservation districts, and any State or local authorities deemed appropriate by the Secretary, shall provide technical assistance to producers in developing and implementing plans, evaluating the effectiveness of plans, and assessing the costs and benefits of farming operations and practices. The plans may draw on handbooks and technical guides and may also include other practices appropriate to the particular circumstances of the producer and the purposes of the program.

(C) Flexibility

In administering the program, the Secretary shall provide sufficient flexibility for

a producer to adjust or modify the producer's plan consistent with this section, except that such adjustments or modifications must be approved by the Secretary.

(D) Minimization of adverse effect

(i) In general

Notwithstanding any other provision of this section, the Secretary shall implement this section in such a manner as to minimize any adverse economic effect on the agribusinesses and other agriculturally related economic interests within any county, State, or region that may result from a decrease of harvested acres due to the operation of this section. In carrying out this section, the Secretary may restrict the total amount of crop acreage that may be removed from production, taking into consideration the total amount of crop acreage that has, or will be, removed from production under other price support, production adjustment, or conservation program activities.

(ii) Maximize conservation goals

The Secretary shall, to the greatest extent practicable, permit producers on a farm that desire to participate in the program authorized under this section to enroll acreage adequate to maximize conservation goals on such farm and ensure economic effectiveness of the program in each individual application.

(E) Displacement

The Secretary shall not approve any plan that will result in the involuntary displacement of farm tenants or lessees by landowners through the removal of substantial portions of the farm from production of a commodity. In the case of any tenant or lessee who has rented or leased the farm (with or without a written option for annual renewal or periodic renewals) for a period of two or more of the immediately preceding years, the Secretary shall consider the refusal by a landlord, without reasonable cause other than simply for the purpose of enrollment in the program, to renew such rental or lease as an involuntary displacement in the absence of a written consent to such nonrenewal by the tenant or lessee.

(2) Certification

The Secretary shall certify compliance by producers with the terms and conditions of the plans.

(3) Termination

The Secretary may terminate a contract entered into with a producer under this program if—

paragraph (6), reduce crop acreage bases, or farm program payment yields, as a result of the planting of a resource-conserving crop as part of a resource-conserving crop rotation.

(2) Resource-conserving crops on reduced acreage

Notwithstanding the provisions of title I of the Agricultural Act of 1949 [7 U.S.C. 1441 et seq.], acreage devoted to resource-conserving crops as part of a resource-conserving crop rotation under this program may also be designated as conservation use acreage for the purpose of fulfilling any provisions under any acreage limitation or land diversion program and up to 50 percent of the acreage so designated shall be without restrictions on haying and grazing, except as provided in paragraph (5)(B), except that such acreage that is devoted to perennial cover on which cost-share assistance for the establishment of the perennial cover has been provided, shall not be credited towards the producer's resource-conserving crop requirement under a contract under this section.

(3) Barley, oats, and wheat

Notwithstanding any other provisions of this section, barley, oats, or wheat planted as part of a resource-conserving crop on reduced acreage may not be harvested in kernel form.

(4) Payment acres

Notwithstanding any other provision of this Act, the Secretary shall not reduce farm program payments of participants in this program as a result of the planting a resource-conserving crop as part of a resource-conserving crop rotation on payment acres.

(5) Haying and grazing restriction

(A) In general

The Secretary shall not make any program payments to a producer who is otherwise eligible to receive with respect to acreage enrolled in the program if such producer hays or grazes such acreage (excluding acreage designated as conservation use acreage) during the 5-month period in each State during which haying and grazing of conserving use acres is not allowed under the provisions of the Agricultural Act of 1949 [7 U.S.C. 1421 et seq.], or, if the crop planted on such acreage includes a small grain, before the producer harvests the small grain crop in kernel form.

(B) Limitation on permitted haying and grazing

Notwithstanding any other provision of this section, if the Secretary determines that implementation of this section will result in a significant adverse economic impact on hay or livestock prices in a particular geographic area, the Secretary may limit the quantity of hay that can be harvested or grazed from that area. Such limit may include restrictions on the number of times that hay may be harvested or grazed from the acres per year, the timing of such harvesting and grazing, or the number of years that such land may remain in the same hay stand, or a prohibition on the harvesting or

grazing of hay from acres on which a small grain was not originally interplanted with the hay crop and harvested for grain.

(6) Base acre adjustments

The Secretary, only for the purpose of establishing a producer's crop acreage base under the Agricultural Act of 1949 [7 U.S.C. 1421 et seq.], may make such adjustments as the Secretary determines to be fair and equitable to reflect resource-conserving crop rotation practices that were maintained by producers prior to participation in the program and to reflect such other factors as the Secretary determines should be considered, except that the total of such adjustments in any year shall not exceed the total farm program savings in the same year that would result from the implementation of plans.

(7) Payment acreage limitation

(A) In general

No producers enrolled in a resource-conserving crop rotation shall be eligible to receive payments under farm programs for wheat, feed grains, cotton, or rice under the Agricultural Act of 1949 [7 U.S.C. 1421 et seq.] on acreage equal to the average number of traditionally underplanted acres for the three years prior to enrolling in this program.

(B) "Traditionally underplanted acreage" defined

(i) In general

Subject to clause (ii), for the purposes of this paragraph the term "traditionally underplanted acreage" means the difference in a particular year between the acreage that is part of a producer's crop acreage base that is not planted to the program crop and the part of the crop acreage base subject to an acreage limitation program or required to be set aside, but only to the extent that such number exceeds the number of acres resulting from the reduction in payment acres under an amendment made by section 1101 of the Omnibus Budget Reconciliation Act of 1990 (Public Law 101-508; 104 Stat. 1388-1). In no case shall such acreage be less than zero.

(ii) Exception

In the case of a producer participating in a particular year in a program authorized under section 101B(c)(1)(D), 103B(c)(1)(D), 105B(c)(1)(E), or 107B(c)(1)(E)¹ of the Agricultural Act of 1949, the term "traditionally underplanted acreage" means 8 percent of the producer's permitted acreage for such year.

§ 6001. Findings and declaration of policy

(a) Findings

Congress finds that—

(1) pecans are a native American nut that is an important food, and is a valuable part of the human diet;

(2) the production of pecans plays a significant role in the economy of the United States in that pecans are produced by thousands of pecan producers, shelled and processed by numerous shellers and processors, and pecans produced in the United States are consumed by millions of people throughout the United States and foreign countries;

(3) pecans must be high quality, readily available, handled properly, and marketed efficiently to ensure that consumers have an adequate supply of pecans;

(4) the maintenance and expansion of existing markets and development of new markets for pecans are vital to the welfare of pecan producers and those concerned with marketing, using, and producing pecans, as well as to the general economy of the United States, and

necessary to ensure the ready availability and efficient marketing of pecans;

(5) there exist established State organizations conducting pecan promotion, research, and industry and consumer education programs that are invaluable to the efforts of promoting the consumption of pecans;

(6) the cooperative development, financing, and implementation of a coordinated national program of pecan promotion, research, industry information, and consumer information are necessary to maintain and expand existing markets and develop new markets for pecans; and

(7) pecans move in interstate and foreign commerce, and pecans that do not move in such channels of commerce directly burden or affect interstate commerce in pecans.

(b) Policy

It is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing (through adequate assessments on pecans produced or imported into the United States), and carrying out an effective, continuous, coordinated program of promotion, research, industry information, and consumer information designed to—

(1) strengthen the pecan industry's position in the marketplace;

(2) maintain and expand existing domestic and foreign markets and uses for pecans; and

(3) develop new markets and uses for pecans.

(c) Construction

Nothing in this chapter may be construed to provide for the control of production or otherwise limit the right of any person to produce pecans.

(a) Findings

Congress finds that—

(1) mushrooms are an important food that is a valuable part of the human diet;

(2) the production of mushrooms plays a significant role in the Nation's economy in that mushrooms are produced by hundreds of mushroom producers, distributed through thousands of wholesale and retail outlets, and consumed by millions of people throughout the United States and foreign countries;

(3) mushroom production benefits the environment by efficiently using agricultural by-products;

(4) mushrooms must be high quality, readily available, handled properly, and marketed efficiently to ensure that the benefits of this important product are available to the people of the United States;

(5) the maintenance and expansion of existing markets and uses, and the development of new markets and uses, for mushrooms are vital to the welfare of producers and those concerned with marketing and using mushrooms, as well as to the agricultural economy of the Nation;

(6) the cooperative development, financing, and implementation of a coordinated program of mushroom promotion, research, and consumer information are necessary to maintain and expand existing markets for mushrooms; and

(7) mushrooms move in interstate and foreign commerce, and mushrooms that do not move in such channels of commerce directly burden or affect interstate commerce in mushrooms.

(b) Policy

It is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing through adequate assessments on mushrooms produced domestically or imported into the United States, and carrying out, an effective, continuous, and coordinated program of promotion, research, and consumer and industry information designed to—

(1) strengthen the mushroom industry's position in the marketplace;

(2) maintain and expand existing markets and uses for mushrooms; and

(3) develop new markets and uses for mushrooms.

(c) Construction

Nothing in this chapter may be construed to provide for the control of production or otherwise limit the right of individual producers to produce mushrooms.

§ 6201. Findings, purposes, and limitations

(a) Findings

Congress finds that—

(1) domestically produced limes are grown by many individual producers;

(2) virtually all domestically produced limes are grown in the States of Florida and California;

(3) limes move in interstate and foreign commerce, and limes that do not move in such channels of commerce directly burden or affect interstate commerce in limes;

(4) in recent years, large quantities of limes have been imported into the United States;

(5) the maintenance and expansion of existing domestic and foreign markets for limes and the development of additional and improved markets for limes are vital to the welfare of lime producers and other persons concerned with producing, marketing, or processing limes;

(6) a coordinated program of research, promotion, and consumer information regarding limes is necessary for the maintenance and development of such markets; and

(7) lime producers, lime producer-handlers, lime handlers, and lime importers are unable to implement and finance such a program without cooperative action.

(b) Purposes

The purposes of this chapter are—

(1) to authorize the establishment of an orderly procedure for the development and financing (through an adequate assessment) of an effective and coordinated program of research, promotion, and consumer information regarding limes designed—

(A) to strengthen the position of the lime industry in domestic and foreign markets, and

(B) to maintain, develop, and expand markets for limes; and

(2) to treat domestically produced and imported limes equitably.

(c) Limitations

Nothing in this chapter shall be construed to require quality standards for limes, control the production of limes, or otherwise limit the right of the individual producers to produce limes.

SHORT TITLE OF 1993 AMENDMENT

Pub. L. 103-194, §1, Dec. 14, 1993, 107 Stat. 2294, provided that: "This Act [amending sections 6202, 6204, and 6209 of this title and enacting provisions set out as a note below] may be cited as the 'Lime Research, Promotion, and Consumer Information Improvement Act'."

SHORT TITLE

Section 1951 of Pub. L. 101-624 provided that: "This subtitle [subtitle D (§§1951-1963) of title XIX of Pub. L. 101-624, enacting this chapter] may be cited as the 'Lime Research, Promotion, and Consumer Information Act of 1990'."

LEGISLATIVE FINDINGS AND PURPOSE OF PUB. L. 103-194

Pub. L. 103-194, §2, Dec. 14, 1993, 107 Stat. 2294, provided that:

"(a) FINDINGS.—Congress finds the following:

"(1) The Lime Research, Promotion, and Consumer Information Act of 1990 [7 U.S.C. 6201 et seq.] was enacted on November 28, 1990, for the purpose of establishing an orderly procedure for the development and financing of an effective and coordinated program of research, promotion, and consumer information to strengthen the domestic and foreign markets for limes.

"(2) The lime research, promotion, and consumer information order required by such Act became effective on January 27, 1992.

"(3) Although the intent of such Act was to cover seedless limes, the definition of the term 'lime' in section 1953(6) of such Act [7 U.S.C. 6202(6)] applies to seeded limes. Therefore, the Act and the order need to be revised before a research, promotion, and consumer information program on seedless limes can go into effect.

"(4) Since the enactment of the Lime Research, Promotion, and Consumer Information Act of 1990, the United States production of fresh market limes has plummeted and the volume of imports has risen dramatically. The drop in United States production is primarily due to damage to lime orchards in the State of Florida by Hurricane Andrew in August 1992. United States production is not expected to reach pre-Hurricane Andrew levels for possibly two to three years because a majority of the United States production of limes is in Florida.

"(b) PURPOSES.—The purpose of this Act [see Short Title of 1993 Amendment note above] is—

"(1) to revise the definition of the term 'lime' in order to cover seedless and not seeded limes;

"(2) to increase the exemption level;

"(3) to delay the initial referendum date; and

"(4) to alter the composition of the Lime Board."

§ 6301. Findings and declaration of policy**(a) Findings**

Congress finds that—

(1) soybeans are an important source of nutritious foods that are a valuable part of the human diet and are an important feedstuff for the livestock industry;

(2) the production of soybeans plays a significant role in the economy of the United States in that soybeans are produced by thousands of soybean producers, processed by numerous processing entities, and soybeans and soybean products produced in the United States are consumed by people and livestock throughout the United States and foreign countries;

(3) soybeans and soybean products should be readily available and marketed efficiently to ensure that consumers have an adequate supply of soybean products at a reasonable price;

(4) the maintenance and expansion of existing markets and development of new markets for soybeans and soybean products are vital to the welfare of soybean producers and processors and those concerned with marketing soybeans and soybean products, as well as to the general economy of the United States, and are necessary to ensure the ready availability and efficient marketing of soybeans and soybean products;

(5) there exist established State and national organizations conducting soybean promotion, research, and consumer education programs that are valuable to the efforts of promoting the consumption of soybeans and soybean products;

(6) the cooperative development, financing, and implementation of a coordinated national program of soybean promotion, research, consumer information, and industry information are necessary to maintain and expand existing markets and develop new markets for soybeans and soybean products; and

(7) soybeans and soybean products move in interstate and foreign commerce, and soybeans and soybean products that do not move in such channels of commerce directly burden or affect interstate commerce in soybeans and soybean products.

(b) Policy

Congress declares that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing through assessments on domestically-produced soybeans, and implementing a program of promotion, research, consumer information, and industry information designed to strengthen the soybean industry's position in the marketplace, to maintain and expand existing domestic and foreign markets and uses for soybeans and soybean products, and to develop new markets and uses for soybeans and soybean products.

(c) Construction

Nothing in this chapter may be construed to provide for the control of production or otherwise limit the right of individual producers to produce soybeans.

Any order issued under this chapter shall contain the terms and conditions specified in this section.

(b) Establishment and membership of United Soybean Board**(1) In general**

The order shall provide for the establishment of, and appointment of members to, a United Soybean Board to administer the order. Members of the Board shall be soybean producers appointed by the Secretary, on a geographic basis, from State or combined units, as provided in this subsection. The cumulative number of seats on the Board shall be the total number of seats to which all the units are entitled.

(2) Seats

The Secretary shall establish State units and combined units and seats on the Board for such units, as follows:

(A) State units

Except as provided in subparagraph (B), each State shall be considered as a unit.

(B) Combined units

A State in which average annual soybean production is less than 3,000,000 bushels shall be grouped with other States into a combined unit. To the extent practicable, each State with average annual soybean production of less than 3,000,000 bushels shall be grouped with other States with average annual soybean production of less than 3,000,000 bushels into a combined unit, in a manner prescribed in the order, and each combined unit shall consist of geographically contiguous States. To the extent practicable, each combined unit shall have an average annual production of soybeans of at least 3,000,000 bushels.

(C) Number of seats per unit

Subject to subparagraph (F), each unit, as established under subparagraph (A) or (B)—

(i) if its average annual soybean production is less than 15,000,000 bushels, shall be entitled to one seat on the Board;

(ii) if its average annual soybean production is 15,000,000 bushels or more but less than 70,000,000 bushels, shall be entitled to 2 seats on the Board;

(iii) if its average annual soybean production is 70,000,000 bushels or more but less than 200,000,000 bushels, shall be entitled to 3 seats on the Board; and

(iv) if its average annual soybean production is 200,000,000 bushels or more, shall be entitled to 4 seats on the Board.

(D) Determination of average annual soybean production

For purposes of subparagraphs (A), (B), (C), and (F), the Secretary shall determine average annual soybean production applicable to a crop year by using the average of the 5 previous crops of soybeans, excluding the crop in which production was the highest and the crop in which production was the lowest.

(E) Reapportionment of seats

At the end of each 3 year period beginning with the 3 year period starting on the effective date of the order, the Secretary, if necessary, shall adjust any unit to conform with subparagraphs (A) and (B). (B) Representation of certain States

The Secretary shall make temporary appointments to the initially-established Board to ensure, to the extent practicable, that each State with a State soybean board that, prior to November 28, 1990, was contributing State soybean promotion and research assessment funds to national soybean promotion and research efforts has representation on the initially-established Board that reflects the relative contributions of such State to the national soybean promotion and research effort.

(iii) Division of votes within units

A unit's total votes under clause (i) or (ii) shall be divided equally among all the members present and voting representing that unit. The procedures established by the order shall provide for the equitable disposition of fractional votes assigned to a member under such division of a unit's vote.

(3) Motions

(A) In general

Except as provided in subparagraph (B), a motion shall carry if approved by a simple majority of members of the Board casting votes.

(B) Roll call votes

Any member of the Board may call for a roll call vote on any motion. Except as otherwise provided in the bylaws adopted by the Board, whenever a roll call vote is conducted, the motion shall carry only if it is approved by a simple majority of all votes cast and a simple majority of all units voting (with the vote of each unit determined by a simple majority of all votes cast by members in that unit).

The Board may assign to the Committee the power to review, or on its own initiative develop, plans or projects for promotion, research, consumer information, and industry information activities, to be paid for with funds received by the Board as provided for in subsection (f) of this section. Each such plan or project shall be presented to the Board for approval.

The order shall provide that the Board shall be responsible for all expenses of the Board.

(2) Staff

(A) In general

The order shall provide that the Board may establish an administrative staff or fa-

(B) Limitation on salaries

If the Board establishes an administrative staff of its own, the Board is authorized to expend for administrative staff salaries and benefits an amount not to exceed one percent of the projected level of assessments to be collected by the Board, net of any refunds to be made under subsection (l)(2) of this section, for that fiscal year.

(C) Reimbursement of organization

If the staff of national, nonprofit, producer-governed organizations that represent producers of soybeans are used by the Board, the staff of such organizations shall not receive compensation directly from the Board, but such organizations shall be reimbursed for the reasonable expenses of their staffs, including salaries, incurred in performing staff duties on behalf of, and authorized by, the Board.

(3) Limitation on administrative costs

The order shall provide that costs incurred by the Board in administering the order (including the cost of staff but not including administrative costs incurred by the Secretary) during any fiscal year shall not exceed 5 percent of the projected level of assessments to be collected by the Board, net of any refunds to be made under subsection (l)(2) of this section, for that fiscal year.

(j) Contracts and agreements

(1) Authority

To ensure coordination and efficient use of funds, the order shall provide that the Board may enter into contracts or agreements for the implementation and carrying out of the activities authorized by this chapter with national, nonprofit, producer-governed organizations that represent producers of soybeans, and for the payment thereof with funds received by the Board under the order.

(2) Coordination

To enhance coordination, the Board, when entering into contracts or agreements for the implementation and carrying out of activities authorized by this chapter, shall ensure that all plans or projects implemented for consumer information, industry information, promotion, or research are each implemented by a single entity. There shall not be in force, at any one time, more than one contract or agreement for implementation of plans or projects for consumer information, for industry information, for promotion, or for research, except that, upon approval of the Secretary, the Board may contract with qualified State soybean boards to implement plans or projects within their respective States.

(3) Terms

Any contract or agreement entered into under this subsection shall provide that—

(A) the contracting party shall develop and submit to the Board a plan or project to-

(B) the plan or project shall not become effective until it has been approved by the Secretary; and

(C) the contracting party shall keep accurate records of all of its transactions, account for funds received and expended, including staff time, salaries, and expenses expended on behalf of Board activities, make periodic reports to the Board of activities conducted, and make such other reports as the Board or the Secretary may require.

(4) Communications to producers

The order may provide that—

(A) the Board may enter into contracts or agreements with qualified State soybean boards that apply therefor and agree to the terms thereof, for the implementation of plans or projects to coordinate and facilitate communications to producers regarding the conduct of activities under the order and for the payment of the costs of the plans or projects with funds received by the Board under the order; and

(B) to facilitate the funding of plans or projects described in subparagraph (A), if the order does not authorize the payment of refunds, the Board shall allocate for such funding each year an amount not less than the cumulative amount of all producer contributions to qualified State soybean boards during the previous year that the State boards were unable to retain, and forwarded to the Board, because producers received refunds on such State contributions, as determined by the Board based on information submitted by the qualified State soybean boards.

(5) Apportionment of funds to qualified State soybean boards

(A) In general

In using the funds allocated each year under paragraph (4)(B) for payment of the costs of contracts or agreements described in paragraph (4)(A), subject to subparagraph (B), the Board shall apportion such allocated funds among States so that each qualified State soybean board receives an amount equal to the amount of such allocated funds attributable to refunds in the State during the previous year, as determined by the Board based on information submitted by the qualified State soybean boards.

(B) Exception

The Board shall not be required to apportion funds to a qualified State soybean board, as provided in subparagraph (A), if—

(i) the qualified State soybean board has not entered into a contract or agreement with the Board for the implementation of plans or projects described in paragraph (4)(A); or

(ii) the amount to be apportioned to the qualified State soybean board is less than the cost to the Board of overseeing the use of such apportionment during the year involved, and the contract or agreement shall so provide.

(k) Books and records of Board

The order shall require the Board to—

(2) prepare and submit to the Secretary, from time to time, such reports as the Secretary may prescribe; and

(3) account for the receipt and disbursement of all funds entrusted to the Board.

The Board shall cause its books and records to be audited by an independent auditor at the end of each fiscal year and a report of such audit to be submitted to the Secretary. The Secretary shall make such report available to the public upon request.

(l) Assessments

(1) In general

(A) First purchasers

(i) Collection

The order shall provide that each first purchaser of soybeans from a producer shall collect, in the manner prescribed by the order, an assessment from the producer and remit the assessment to the Board. The Board shall use qualified State soybean boards to collect such assessments in States in which such boards operate.

(ii) Rate

The rate of assessment prescribed by the order shall be one-half of 1 percent of the net market price of soybeans sold by the producer to the first purchaser.

(iii) One assessment

No more than one assessment shall be made on any soybeans.

(B) Direct processing

The order shall provide that any person processing soybeans of that person's own production and marketing such soybeans or soybean products made from such soybeans shall remit to the Board or the qualified State soybean board, in the manner prescribed by the order, an assessment established at a rate equivalent to the rate provided for in subparagraph (A)(ii).

(2) Refunds

(A) Refunds prior to initial referendum

(i) In general

The order shall provide that, during the period prior to the approval of the continuation of the initial order in the referendum provided for in section 6305(a) of this title, as determined by the Secretary, each producer shall have the right to demand and receive from the Board a refund of any assessment collected from such producer if—

(I) such producer is responsible for paying the assessment; and

(II) such producer does not support the programs, projects, or activities implemented under the order.

(ii) By Board

During the period referred to in clause (i), refunds shall be provided equally from

the Board and, where applicable, the qualified State soybean board, as determined by the Secretary.

(B) Administration

Subject to subparagraph (C)(i), any demand by a producer for a refund of an assessment under this paragraph shall be made in accordance with regulations, on a form, and within the time period (not to exceed 90 days) prescribed by the Board.

(C) Submission of refund demands

(i) In general

In each State in which a qualified State soybean board collects assessments, as provided in paragraph (1)(A)(i), producers shall submit demands for refunds of assessments to the qualified State soybean board. Such board shall provide notice to producers, in a manner prescribed by the Board, of their right to such refunds, and shall process such submissions under procedures established by State law applicable to refunds of assessments on soybeans, except that if no refunds are allowed under State law, such submissions shall be processed under procedures established under this paragraph.

(ii) No qualified State soybean board

In each State in which there is no qualified State soybean board, producers shall submit demands for refunds of assessments directly to the Board.

(D) Time limit for making refund

Subject to subparagraph (C)(i), each refund to a producer of an assessment under this paragraph shall be made as soon as practicable, but in no event more than 60 days, after submission of proof satisfactory to the qualified State soybean board or the Board that the producer paid the assessment for which refund is demanded.

(E) Order not favored

If the Secretary determines that producers do not favor the continuation of the order in the referendum provided for in section 6305(a) of this title, refunds shall be made under this paragraph on collected assessments until such collections are terminated, as provided in section 6305(a) of this title.

(F) Refunds after initial referendum

(i) In general

The order shall contain provisions relating to refunds after the approval of the order in the initial referendum under section 6305(a) of this title as required in this subparagraph.

(ii) Availability

Effective for the period beginning on the date the Secretary determines the result of the initial referendum under section 6305(a) of this title and ending on a date (not later than 18 months thereafter) established by the Secretary, the qualified State soybean board and, where no qualified State soybean board exists, the Board shall make refunds available to soybean

producers at the end of the fiscal year from escrowed funds, as provided for in clause (vii). Such refunds shall be made available, under the procedures specified in subparagraphs (A) through (D) to the extent not inconsistent with this subparagraph, to producers who have requested refunds during such period.

(iii) Poll

Not later than the end of the period provided for in clause (ii), the Secretary shall conduct a poll of soybean producers, using the procedures provided for in section 6305(b)(3) of this title, to determine if producers support the conduct of a referendum on the continuance of the payment of refunds under the order.

(iv) Referendum

If the Secretary determines, based on the poll conducted under clause (iii), that the conduct of a referendum is supported by at least 20 percent of the producers (not in excess of one-fifth of which may be producers in any one State) who, during a representative period, have been engaged in the production of soybeans, the Secretary shall conduct a referendum among all such producers for the purpose of determining whether such producers favor the continuation of the payment of refunds under the order. Such referendum shall be conducted, under the procedures provided for in section 6305 of this title, not later than 1 year after the Secretary determines, based on the poll, that the referendum is required.

(v) Continued refunds

If the Secretary conducts a referendum under clause (iv), the qualified State soybean board and, where no qualified State soybean board exists, the Board shall continue to make refunds available to producers as provided for in clause (ii) during the period prior to the conduct of the referendum, which shall be payable at the end of the period from the escrowed funds, as provided in clause (vii).

(vi) Continuation or cessation of refunds

If the Secretary determines, in the referendum conducted under clause (iv), that continuation of the payment of refunds is favored by a majority of the producers voting in such referendum, the qualified State soybean board and, where no qualified State soybean board exists, the Board shall continue to make refunds available to producers as provided for in clause (ii) for each 1-year period that follows until such time as soybean producers approve an amendment to the order to eliminate such refunds. Such refunds shall be payable at the end of each such 1-year period from escrowed funds, as provided in clause (vii). If the Secretary determines in the referendum that continuation of such refunds is not favored by a majority of producers voting in the referendum, the right to such refunds shall cease immediately.

(vii) Escrow accounts**(I) Establishment**

The qualified State soybean board and, for producers in States where no qualified State soybean board exists, the Board shall establish escrow accounts to be used to pay refunds under clause (ii) and, if necessary, clauses (v) and (vi).

(II) Separate accounts

The qualified State soybean board and, where no qualified State soybean board exists, the Board shall establish separate escrow accounts for each State from which producer assessments are collected for the purpose of making refunds under clauses (ii), (v), and (vi), respectively.

(III) Deposits

The qualified State soybean board and, where no qualified State soybean board exists, the Board shall deposit into its escrow account for refunds under clause (ii), (v), or (vi), as appropriate, 10 percent of the total assessment collected by the qualified State soybean board and, where no qualified State soybean board exists, the Board (including the assessment provided under paragraph (2) and contributions by producers to qualified State soybean boards under paragraph (4)), during the time period involved.

(IV) Refunds made from escrow account

Refunds requested by producers from a State under clause (ii) (or if refunds are available under clause (v) or (vi)) during the time period involved shall be made from the escrow account that is applicable to that clause for such State.

(V) Proration

If the funds deposited in a State account established under subclause (I) for purposes described under clauses (ii), (v), and (vi) are not sufficient to honor all requests for refunds made by producers from that State during the time period involved, the qualified State soybean board and, where no qualified State soybean board exists, the Board shall prorate the amount of such refunds from the State's account among all producers from that State that request refunds.

(VI) Surplus funds

Any funds not refunded to producers in a State under this clause shall be divided equally between the Board and the qualified State soybean board of such State. Such funds shall be used to carry out programs under this chapter.

(VII) Refund period

In applying this clause to refunds under clause (vi), each annual refund period shall be treated separately.

(3) Use

The assessments (net of any refunds under paragraph (2)) shall be used for—

(A) payment of the expenses incurred in implementation and administration of the order;

(B) the establishment of a reasonable reserve; and

(C) reimbursement to the Secretary of administrative costs incurred by the Secretary to implement and administer the order, other than one-half of the cost incurred for the referendum conducted under paragraph (2)(F).

(4) Credit for contributions to qualified State soybean boards

A producer who can establish that such producer is contributing to a qualified State soybean board shall receive credit, in determining the assessment due to the Board from such producer, for contributions to the qualified State soybean board of up to one-quarter of 1 percent of the net market price of soybeans or the equivalent thereof. For purposes of this chapter, there shall be only one qualified State soybean board in each State. A producer may receive a credit under this paragraph only if the contribution is to the qualified State soybean board in the State in which the soybeans are produced, except that the Board, with the approval of the Secretary, may authorize exceptions to such State-of-origin rule as are appropriate to ensure effective coordination of collection procedures among States.

(5) Single process of assessment

The procedures in the order for the collection of assessments shall ensure, to the extent practicable, that such soybeans are subject to a single process of assessment under the order.

(m) Credit for certain costs to States

The order shall provide that the Board may provide a credit to each qualified State soybean board of an amount not to exceed one-half of any fees paid to State governmental agencies or first purchasers for collection of the assessments if the payment of such fees by the qualified State soybean board is required by State law enacted prior to November 28, 1990, except that the Board may not provide a credit to any qualified State soybean board of an amount that exceeds 2.5 percent of the amount of assessments collected and remitted to the Board under subsection (l) of this section.

(n) Minimum level of assessments to States**(1) Pre-referendum period**

The order shall contain provisions to ensure that, during the period prior to the conduct of the referendum provided for in section 6305(a) of this title, each qualified State soybean board receives annually an amount of funds equal to the average amount that the State board collected from assessments during each of the State board's fiscal years 1984 through 1988 (excluding the year in which such collections were the highest and the year in which such collections were the lowest), as determined by the Secretary and subject to paragraph (3).

(2) Post-referendum period

The order shall provide, effective after the conduct of the referendum provided for in section 6305(a) of this title, subject to paragraph (3), that the Board annually shall provide a

credit to each qualified State soybean board of an amount by which—

(A) the amount equal to 1 cent times the average number of bushels of soybeans produced in the State during each of the preceding 5 years (excluding the year in which the production is the highest and the year in which the production is the lowest); exceeds

(B) the total amount collected by the qualified State soybean board from assessments on producers minus the amount of assessments remitted to the Board during such year under subsection (l) of this section.

(3) Limitation

The total amount of credits under paragraph (1) or (2) and assessments retained by the qualified State soybean board for a year may not exceed the total amount of assessments collected in that State under subsection (l) of this section (net of any refunds made under paragraph (2) of subsection (l) of this section) in that year.

(o) Investment of funds

(1) In general

The order shall provide that the Board, with the approval of the Secretary, may invest assessment funds collected by the Board under the order, pending their disbursement, only in—

(B) the communication to appropriate government officials of information relating to the conduct, implementation, or results of promotion, research, consumer information, or industry information activities under the order; or

(C) any action designed to market soybeans or soybean products directly to a foreign government or political subdivision thereof.

(q) Books and records of first purchasers and certain producers

(1) Recordkeeping

(A) In general

The order shall require that each first purchaser of soybeans and any person processing soybeans of that person's own production maintain and make available for inspection by the Board or the Secretary such books and records as may be required by the order and file reports at the time, in the manner, and having the content prescribed by the order. The order shall exempt small producers processing soybeans of their own production from such recordkeeping and reporting requirements if they are not required to pay assessments under the order.

(B) "Small producer" defined

The order shall define the term "small producer" as such term is used in subparagraph (A).

(2) Use of information

(B) Permitted uses

Information obtained under the authority of this chapter shall be made available to any agency or officer of the Federal Government for—

(i) the implementation of this chapter;

(ii) any investigatory or enforcement action necessary for the implementation of this chapter; or

(ii) the publication, by direction of the Secretary, of the name of any person vio-

lating any order, together with a statement of the particular provisions of the order violated by such person.

(4) Penalty

Any person who willfully violates the provisions of this subsection, upon conviction, shall be subject to a fine of not more than \$1,000, or to imprisonment for not more than one year, or both, and, if a member or an agent of the Board or an officer or employee of the Department, shall be removed from office.

(1) Requirement

Not earlier than 18 months or later than 36 months following issuance of an order under section 6303 of this title, the Secretary shall conduct a referendum among producers who, during a representative period as determined by the Secretary, have been engaged in the production of soybeans for the purpose of ascertaining whether the order then in effect shall be continued.

(2) Advance notice

The Secretary shall, to the extent practicable, provide broad public notice in advance of any referendum. Any such notice shall be provided without advertising expenses by means of newspapers, county newsletters, the electronic media, and press releases, through the use of notices posted in State and county Extension Service offices and county Agricultural Stabilization and Conservation Service offices, and by other appropriate means specified in the order. Such notice shall include information on when the referendum will be held, registration and voting requirements, rules regarding absentee voting, and other pertinent facts.

(3) Approval of order

Such order shall be continued only if the Secretary determines that the order has been approved by not less than a majority of the producers voting in the referendum.

dum, the Secretary shall terminate collection of assessments under the order within 6 months after the referendum and shall terminate the order in an orderly manner as soon as practicable.

(b) Additional referenda

(1) In general

(A) Requirement

After the initial referendum on an order, the Secretary shall conduct additional referenda, as described in subparagraph (C), if requested by a representative group of producers, as described in subparagraph (B).

(C) Eligible producers

Each additional referendum shall be conducted among all producers who, during a representative period, as determined by the Secretary, have been engaged in the production of soybeans to determine whether such producers favor the termination or suspension of the order.

(2) Disapproval of order

If the Secretary determines, in any referendum conducted under paragraph (1), that suspension or termination of the order is favored by a majority of the producers voting in the referendum, the Secretary shall suspend or terminate, as appropriate, collection of assessments under the order within 6 months after such determination and shall suspend or terminate the order, as appropriate, in an orderly manner as soon as practicable after such determination.

(3) Opportunity to request additional referenda

(A) In general

(B) Method of making request

(i) In-person requests

(ii) Mail-in requests

In lieu of making such requests in person, producers may make requests by mail.

The Secretary shall take such other actions as the Secretary determines are necessary to ensure that producers are made aware of the opportunity to request an additional referendum on the order.

(D) Action by Secretary

As soon as practicable following the submission of requests for a reconsideration referendum, the Secretary shall determine whether a sufficient number of producers have requested an additional referendum, and take other steps to conduct an additional referendum, as are required under paragraph (1).

(E) Time limit

Any additional referendum requested under the procedures provided in this paragraph shall be conducted not later than 1 year after the Secretary determines that a representative group of producers, as described in paragraph (1)(B), have requested the conduct of such referendum.

(c) Procedures

(1) Reimbursement of Secretary

The Secretary shall be reimbursed from assessments collected by the Board for any expenses incurred by the Secretary in connection with the conduct of any activity required under this section, except for the salaries of Government employees associated with the conduct of a referendum under subsections (a) and (b) of this section.

(2) Date

Each referendum shall be conducted for a reasonable period of time not to exceed 3 days, established by the Secretary, under a procedure whereby producers intending to vote in the referendum shall certify that they were engaged in the production of soybeans during the representative period and, at the same time, shall be provided an opportunity to vote in the referendum.

§ 6401. Findings and declaration of policy

(a) Findings

Congress finds that—

(1) fluid milk products are basic foods and are a primary source of required nutrients such as calcium, and otherwise are a valuable part of the human diet;

(2) fluid milk products must be readily available and marketed efficiently to ensure that the people of the United States receive adequate nourishment;

(3) the dairy industry plays a significant role in the economy of the United States, in that milk is produced by thousands of milk producers and dairy products (including fluid milk products) are consumed every day by millions of people in the United States;

(4) the processing of milk into fluid milk products and the marketing of such products are important to the dairy industry because

the fluid milk segment of the dairy market contributes substantially to ensuring that the prices paid to milk producers for raw milk are stable and adequate to maintain the overall strength of the dairy industry;

(5) the maintenance and expansion of markets for fluid milk products are vital to the Nation's fluid milk processors and milk producers, as well as to the general economy of the United States;

(6) the congressional purpose underlying this chapter is to maintain and expand markets for fluid milk products, not to maintain or expand any processor's share of those markets and that the chapter does not prohibit or restrict individual advertising or promotion of fluid milk products since the programs created and funded by this chapter are not extended to replace individual advertising and promotion efforts;

(7) the cooperative development, financing, and implementation of a coordinated program of advertising and promotion of fluid milk products is necessary to maintain and expand markets for fluid milk products;

(8) it is appropriate to finance the cooperative program described in paragraph (6)¹ with self-help assessments paid by the fluid milk processors; and

(9) fluid milk products move in interstate and foreign commerce, and fluid milk products that do not move in such channels of commerce directly burden or affect interstate commerce in fluid milk products.

(b) Policy

It is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of powers provided in this chapter, of an orderly procedure for developing, financing, through adequate assessments on fluid milk products produced in the United States and carrying out an effective, continuous, and coordinated program of promotion, research, and consumer information designed to strengthen the position of the dairy industry in the marketplace and maintain and expand domestic and foreign markets and uses for fluid milk products, the purpose of which is not to compete with or replace individual advertising or promotion efforts designed to promote individual brand name or trade name fluid milk products, but rather to maintain and expand the markets for all fluid milk products, with the goal and purpose of this chapter being a national governmental goal that authorizes and funds programs that result in government speech promoting government objectives.

AMENDMENTS

1996—Subsec. (a)(6) to (9), Pub. L. 104-127, §146(a), added par. (6) and redesignated former pars. (6) to (8) as (7) to (9), respectively.

Subsec. (b), Pub. L. 104-127, §146(b), amended heading and text of subsec. (b) generally. Text read as follows: "It is declared to be the policy of Congress that it is in

¹ So in original. Probably should be paragraph "(7)".

the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing (through adequate assessments on fluid milk products produced in the United States) and carrying out an effective and coordinated program of advertising designed to strengthen the position of the dairy industry in the marketplace and to maintain and expand markets and uses for fluid milk products produced in the United States. Nothing in this chapter shall be construed to provide for the control of production or otherwise limit the right of individual milk producers to produce milk.”

SHORT TITLE

Section 2372 of Pub. L. 101-624 provided that: "This chapter [chapter 2 (§§ 2372-2379) of subtitle G of title XXIII of Pub. L. 101-624, enacting subchapter II (§ 6611 et seq.) of this chapter] may be cited as the 'National Forest-Dependent Rural Communities Economic Diversification Act of 1990'."

SUBCHAPTER II—NATIONAL FOREST-DEPENDENT RURAL COMMUNITIES

§ 6611. Findings and purposes

(a) Findings

The Congress finds that—

(1) the economic well-being of rural America is vital to our national growth and prosperity;

(2) the economic well-being of many rural communities depends upon the goods and services that are derived from National Forest System land;

(3) the economies of many of these communities suffer from a lack of industrial and business diversity;

(4) this lack of diversity is particularly serious in communities whose economies are predominantly dependent on timber and recreation resources and where management decisions made on National Forest System land by Federal and private organizations may disrupt the supply of those resources;

(5) the Forest Service has expertise and resources that could be directed to promote modernization and economic diversification of existing industries and services based on natural resources;

(6) the Forest Service has the technical expertise to provide leadership, in cooperation with other governmental agencies and the private sector, to assist rural communities dependent upon National Forest System land resources to upgrade existing industries and diversify by developing new economic activity in non-forest-related industries; and

(7) technical assistance, training, education, and other assistance provided by the Department of Agriculture can be targeted to provide immediate help to those rural communities in greatest need.

(b) Purposes

The purposes of this subchapter are—

(1) to provide assistance to rural communities that are located in or near National Forest System land and that are economically dependent upon natural resources or are likely to be economically disadvantaged by Federal or private sector land management practices;

(2) to aid in diversifying such communities' economic bases; and

(3) to improve the economic, social, and environmental well-being of rural America.

§ 6801. Findings and declaration of policy

(a) Findings

Congress finds that—

(1) fresh cut flowers and fresh cut greens are an integral part of life in the United States, are enjoyed by millions of persons every year for a multitude of special purposes (especially important personal events), and contribute a natural and beautiful element to the human environment;

(2)(A) cut flowers and cut greens are produced by many individual producers throughout the United States as well as in other countries, and are handled and marketed by thousands of small-sized and medium-sized businesses; and

(B) the production, handling, and marketing of cut flowers and cut greens constitute a key segment of the United States horticultural industry and thus a significant part of the overall agricultural economy of the United States;

(3) handlers play a vital role in the marketing of cut flowers and cut greens in that handlers—

(A) purchase most of the cut flowers and cut greens marketed by producers;

(B) prepare the cut flowers and cut greens for retail consumption;

(C) serve as an intermediary between the source of the product and the retailer;

(D) otherwise facilitate the entry of cut flowers and cut greens into the current of domestic commerce; and

(E) add efficiencies to the market process that ensure the availability of a much greater variety of the product to retailers and consumers;

(4) it is widely recognized that it is in the public interest and important to the agricultural economy of the United States to provide an adequate, steady supply of cut flowers and cut greens at reasonable prices to the consumers of the United States;

(5)(A) cut flowers and cut greens move in interstate and foreign commerce; and

(B) cut flowers and cut greens that do not move in interstate or foreign channels of commerce but only in intrastate commerce di-

rectly affect interstate commerce in cut flowers and cut greens;

(6) the maintenance and expansion of markets in existence on December 14, 1993, and the development of new or improved markets or uses for cut flowers and cut greens, are needed to preserve and strengthen the economic viability of the domestic cut flowers and cut greens industry for the benefit of producers, handlers, retailers, and the entire floral industry;

(7) generic programs of promotion and consumer information can be effective in maintaining and developing markets for cut flowers and cut greens, and have the advantage of equally enhancing the market position for all cut flowers and cut greens;

(8) because cut flowers and cut greens producers are primarily agriculture-oriented rather than promotion-oriented, and because the floral marketing industry within the United States is comprised mainly of small-sized and medium-sized businesses, the development and implementation of an adequate and coordinated national program of generic promotion and consumer information necessary for the maintenance of markets in existence on December 14, 1993, and the development of new markets for cut flowers and cut greens have been prevented;

(9) there exist established State and commodity-specific producer-funded programs of promotion and research that are valuable efforts to expand markets for domestic producers of cut flowers and cut greens and that will benefit from the promotion and consumer information program authorized by this chapter in that the program will enhance the market development efforts of the programs for domestic producers;

(10) an effective and coordinated method for ensuring cooperative and collective action in providing for and financing a nationwide program of generic promotion and consumer information is needed to ensure that the cut flowers and cut greens industry will be able to provide, obtain, and implement programs of promotion and consumer information necessary to maintain, expand, and develop markets for cut flowers and cut greens; and

(11) the most efficient method of financing such a nationwide program is to assess cut flowers and cut greens at the point at which the flowers and greens are sold by handlers into the retail market.

(b) Policy and purpose

It is the policy of Congress that it is in the public interest, and it is the purpose of this chapter, to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for the development and financing (through an adequate assessment on cut flowers and cut greens sold by handlers to retailers and related entities in the United States) of an effective and coordinated program of generic promotion, consumer information, and related research designed to strengthen the position of the cut flowers and cut greens industry in the marketplace and to maintain, develop, and expand markets for cut flowers and cut greens.

Amounts so provided shall be in addition to any other amounts available to carry out the activity.

(c) Waiver of activity or project limitations

The Secretary of Agriculture may waive any limits on population, income, or cost-sharing otherwise applicable to an activity or project for which amounts in the Rural Development Disaster Assistance Fund will be obligated under subsection (b), except that, if the amounts proposed to be obligated in connection with the disaster would exceed the amount specified in subsection (h), the notification required by that subsection shall include information and justification with regard to any waivers to be granted under this subsection.

(d) Treatment of certain amounts in Fund

Amounts appropriated directly to the Rural Development Disaster Assistance Fund by this Act or any subsequent Act for a specific purpose shall be available only for that purpose until such time as the transfer authority provided by subsection (f) takes effect with regard to the amounts. Only subsection (c), including the notification requirements of such subsection, and subsections (g) and (i) apply to amounts described in this subsection.

(e) Transfer of prior appropriations to Fund

The Secretary of Agriculture may transfer to the Rural Development Disaster Assistance Fund, and merge with other amounts generally appropriated to the Fund, the available unobligated balance of any amounts that were appropriated before September 30, 2008, for programs and activities of the Rural Development Mission Area to respond to a disaster and were designated by the Congress as an emergency requirement if, in advance of the transfer, the Secretary determines that the unobligated amounts are no longer needed to respond to the disaster for which the amounts were originally appropriated and the Secretary provides a certification of this determination to the Committees on Appropriations of the House of Representatives and the Senate.

(f) Transfer of other appropriations to Fund

Unless otherwise specifically provided in an appropriations Act, the Secretary of Agriculture may transfer to or within the Rural Development Disaster Assistance Fund, and merge with other amounts generally appropriated to the Fund, the available unobligated balance of any amounts that are appropriated for fiscal year

A transfer of unobligated amounts with respect to a disaster may not be made under this subsection until after the end of the two-year period beginning on the date on which the amounts were originally appropriated for that disaster.

(g) Administrative expenses

In addition to any other funds available to the Secretary of Agriculture to cover administrative costs, the Secretary may use up to 3 percent of the amounts allocated from the Rural Development Disaster Assistance Fund for a specific disaster to cover administrative costs of Rural Development's State and local offices in the areas affected by the disaster to carry out disaster related activities.

(h) Limitation on per disaster obligations

Amounts in the Rural Development Disaster Assistance Fund, except for amounts described in subsection (d) that are appropriated to the Fund and obligated in accordance with that subsection, may not be obligated in excess of \$1,000,000 for a disaster until at least 15 days after the date on which the Secretary of Agriculture notifies the Committees on Appropriations of the House of Representatives and the Senate of the Secretary's determination to obligate additional amounts and the reasons for the determination. The Secretary may not obligate more than 50 percent of the funds contained in the Rural Development Disaster Assistance Fund for any one disaster unless the Secretary declares that there is a specific and extreme need that additional funds must be provided in response to such disaster at time of the obligation.
