**(c) Voluntary consent form**

The voluntary consent form used to enroll in the program shall—

(1) clearly state that participation in the program is voluntary;

(2) clearly explain that participation in the program means that, if the participating vehicle is being operated under the specified conditions, law enforcement officials may stop the vehicle and take reasonable steps to determine whether it is being operated by or with the consent of the owner, even if the law enforcement officials have no other basis for believing that the vehicle is being operated unlawfully;

(3) include an express statement that the vehicle is not normally operated under the specified conditions and that the operation of the vehicle under those conditions would provide sufficient grounds for a prudent law enforcement officer to reasonably believe that the vehicle was not being operated by or with the consent of the owner; and

**(d) Specified conditions under which stops may be authorized**

**(1) In general**

If more than one set of conditions is established, a separate consent form and a separate design for program decals or devices shall be established for each set of conditions. **(1) Notification to lessees**

Any person who is in the business of renting or leasing motor vehicles and who rents or leases a motor vehicle on which a program decal or device is affixed shall, prior to transferring possession of the vehicle, notify the person to whom the motor vehicle is rented or leased about the program.

**(2) Type of notice**

The notice required by this subsection shall—

(A) be in writing;

(B) be in a prominent format to be determined by the Attorney General; and

(C) explain the possibility that if the motor vehicle is operated under the specified conditions, the vehicle may be stopped by law enforcement officials even if the officials have no other basis for believing that the vehicle is being operated unlawfully.

**(3) Fine for failure to provide notice**

Failure to provide proper notice under this subsection shall be punishable by a fine not to exceed \$5,000.

**(f) Notification of police**

## § 14301. Findings

The Congress finds that—

(1) it is in the public interest to—

(A) phase out the use of mercury in batteries and provide for the efficient and cost-effective collection and recycling or proper disposal of used nickel cadmium batteries, small sealed lead-acid batteries, and other regulated batteries; and

(B) educate the public concerning the collection, recycling, and proper disposal of such batteries;

(2) uniform national labeling requirements for regulated batteries, rechargeable consumer products, and product packaging will significantly benefit programs for regulated battery collection and recycling or proper disposal; and

(3) it is in the public interest to encourage persons who use rechargeable batteries to participate in collection for recycling of used nickel-cadmium, small sealed lead-acid, and other regulated batteries.

When on the basis of any information the Administrator determines that a person has violated, or is in violation of, any requirement of this chapter (except a requirement of section 14323 of this title) the Administrator—

(1) in the case of any violation, may issue an order assessing a civil penalty of not more than \$10,000 for each violation, or requiring compliance immediately or within a reasonable specified time period, or both; or

(2) in the case of any violation or failure to comply with an order issued under this section, may commence a civil action in the United States district court in the district in which the violation occurred or in the district in which the violator resides for appropriate relief, including a temporary or permanent injunction.

**(b) Contents of order**

An order under subsection (a)(1) of this section shall state with reasonable specificity the nature of the violation.

**(c) Considerations**

In assessing a civil penalty under subsection (a)(1) of this section, the Administrator shall take into account the seriousness of the violation and any good faith efforts to comply with applicable requirements.

The Administrator may not take any enforcement action against a person for selling, offering for sale, or offering for promotional purposes to the ultimate consumer a battery or product covered by this chapter that was—

(1) purchased ready for sale to the ultimate consumer; and

(2) sold, offered for sale, or offered for promotional purposes without modification.

The preceding sentence shall not apply to a person—

(A) who is the importer of a battery covered by this chapter, and

(B) who has knowledge of the chemical contents of the battery

when such chemical contents make the sale, offering for sale, or offering for promotional purposes of such battery unlawful under subchapter III of this chapter.

(Pub. L. 104-142, § 5, May 13, 1996, 110 Stat. 1331.)

(Pub. L. 104-142, title I, § 102, May 13, 1996, 110 Stat. 1332.)

### § 14322. Rechargeable consumer products and labeling

#### (a) Prohibition

##### (1) In general

No person shall sell for use in the United States a regulated battery that is ready for retail sale or a rechargeable consumer product that is ready for retail sale, if such battery or product was manufactured on or after the date 12 months after May 13, 1996, unless the labeling requirements of subsection (b) of this section are met and, in the case of a regulated battery, the regulated battery—

(A) is easily removable from the rechargeable consumer product; or

(B) is sold separately.

##### (2) Application

Paragraph (1) does not apply to any of the following:

(A) The sale of a remanufactured product unit unless paragraph (1) applied to the sale of the unit when originally manufactured.

(B) The sale of a product unit intended for export purposes only.

#### (b) Labeling

Each regulated battery or rechargeable consumer product without an easily removable battery manufactured on or after the date that is 1 year after May 13, 1996, whether produced domestically or imported shall bear the following labels:

(1) 3 chasing arrows or a comparable recycling symbol.

(2)(A) On each regulated battery which is a nickel-cadmium battery, the chemical name or the abbreviation “Ni-Cd” and the phrase “BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.”.

(B) On each regulated battery which is a lead-acid battery, “Pb” or the words “LEAD”,

“RETURN”, and “RECYCLE” and if the regulated battery is sealed, the phrase “BATTERY MUST BE RECYCLED.”.

(3) On each rechargeable consumer product containing a regulated battery that is not easily removable, the phrase “CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.” or “CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.”, as applicable.

(4) On the packaging of each rechargeable consumer product, and the packaging of each regulated battery sold separately from such a product, unless the required label is clearly visible through the packaging, the phrase “CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.” or “CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.”, as applicable.

#### (c) Existing or alternative labeling

##### (1) Initial period

For a period of 2 years after May 13, 1996, regulated batteries, rechargeable consumer products containing regulated batteries, and rechargeable consumer product packages that are labeled in substantial compliance with subsection (b) of this section shall be deemed to comply with the labeling requirements of subsection (b) of this section.

##### (2) Certification

###### (A) In general

On application by persons subject to the labeling requirements of subsection (b) of this section or the labeling requirements promulgated by the Administrator under subsection (d) of this section, the Administrator shall certify that a different label meets the requirements of subsection (b) or (d) of this section, respectively, if the different label—

(i) conveys the same information as the label required under subsection (b) or (d) of this section, respectively; or

(ii) conforms with a recognized international standard that is consistent with the overall purposes of this subchapter.

###### (B) Constructive certification

Failure of the Administrator to object to an application under subparagraph (A) on the ground that a different label does not meet either of the conditions described in subparagraph (A)(i) or (ii) within 120 days after the date on which the application is made shall constitute certification for the purposes of this chapter.

#### (d) Rulemaking authority of Administrator

##### (1) In general

If the Administrator determines that other rechargeable batteries having electrode chemistries different from regulated batteries are toxic and may cause substantial harm to human health and the environment if discarded into the solid waste stream for land disposal or incineration, the Administrator may, with the advice and counsel of State reg-

ulatory authorities and manufacturers of rechargeable batteries and rechargeable consumer products, and after public comment—

(A) promulgate labeling requirements for the batteries with different electrode chemistries, rechargeable consumer products containing such batteries that are not easily removable batteries, and packaging for the batteries and products; and

(B) promulgate requirements for easy removability of regulated batteries from rechargeable consumer products designed to contain such batteries.

**(2) Substantial similarity**

The regulations promulgated under paragraph (1) shall be substantially similar to the requirements set forth in subsections (a) and (b) of this section.

**(e) Uniformity**

After the effective dates of a requirement set forth in subsection (a), (b), or (c) of this section or a regulation promulgated by the Administrator under subsection (d) of this section, no Federal agency, State, or political subdivision of a State may enforce any easy removability or environmental labeling requirement for a rechargeable battery or rechargeable consumer product that is not identical to the requirement or regulation.

**(f) Exemptions**

**(1) In general**

With respect to any rechargeable consumer product, any person may submit an application to the Administrator for an exemption from the requirements of subsection (a) of this section in accordance with the procedures under paragraph (2). The application shall include the following information:

(A) A statement of the specific basis for the request for the exemption.

(B) The name, business address, and telephone number of the applicant.

**(2) Granting of exemption**

Not later than 60 days after receipt of an application under paragraph (1), the Administrator shall approve or deny the application. On approval of the application the Administrator shall grant an exemption to the applicant. The exemption shall be issued for a period of time that the Administrator determines to be appropriate, except that the period shall not exceed 2 years. The Administrator shall grant an exemption on the basis of evidence supplied to the Administrator that the manufacturer has been unable to commence manufacturing the rechargeable consumer product in compliance with the requirements of this section and with an equivalent level of product performance without the product—

(A) posing a threat to human health, safety, or the environment; or

(B) violating requirements for approvals from governmental agencies or widely recognized private standard-setting organizations (including Underwriters Laboratories).

**(3) Renewal of exemption**

A person granted an exemption under paragraph (2) may apply for a renewal of the ex-

emption in accordance with the requirements and procedures described in paragraphs (1) and (2). The Administrator may grant a renewal of such an exemption for a period of not more than 2 years after the date of the granting of the renewal.

(Pub. L. 104-142, title I, §103, May 13, 1996, 110 Stat. 1332.)

**§ 14323. Requirements**

**(a) Batteries subject to certain regulations**

The collection, storage, or transportation of used rechargeable batteries, batteries described in section 14302(5)(C) of this title or in subchapter III of this chapter, and used rechargeable consumer products containing rechargeable batteries that are not easily removable rechargeable batteries, shall, notwithstanding any law of a State or political subdivision thereof governing such collection, storage, or transportation, be regulated under applicable provisions of the regulations promulgated by the Environmental Protection Agency at 60 Fed. Reg. 25492 (May 11, 1995), as effective on May 11, 1995, except as provided in paragraph (2) of subsection (b) of this section and except that—

(1) the requirements of 40 CFR 260.20, 260.40, and 260.41 and the equivalent requirements of an approved State program shall not apply, and

(2) this section shall not apply to any lead acid battery managed under 40 CFR 266 subpart G or the equivalent requirements of an approved State program.

**(b) Enforcement under Solid Waste Disposal Act**

(1) Any person who fails to comply with the requirements imposed by subsection (a) of this section may be subject to enforcement under applicable provisions of the Solid Waste Disposal Act [42 U.S.C. 6901 et seq.].

(2) States may implement and enforce the requirements of subsection (a) of this section if the Administrator finds that—

(A) the State has adopted requirements that are identical to those referred to in subsection (a) of this section governing the collection, storage, or transportation of batteries referred to in subsection (a) of this section; and

(B) the State provides for enforcement of such requirements.

Congress finds the following:

(1) The Federal Government provides financial support for the provision of and payment for health care services, as well as for advocacy activities to protect the rights of individuals.

(2) Assisted suicide, euthanasia, and mercy killing have been criminal offenses throughout the United States and, under current law, it would be unlawful to provide services in support of such illegal activities.

(3) Because of recent legal developments, it may become lawful in areas of the United States to furnish services in support of such activities.

(4) Congress is not providing Federal financial assistance in support of assisted suicide, euthanasia, and mercy killing and intends that Federal funds not be used to promote such activities.

**(b) Purpose**

It is the principal purpose of this chapter to continue current Federal policy by providing explicitly that Federal funds may not be used to pay for items and services (including assistance) the purpose of which is to cause (or assist in causing) the suicide, euthanasia, or mercy killing of any individual.

**CHAPTER 139—VOLUNTEER PROTECTION**

Sec.	
14501.	Findings and purpose.
14502.	Preemption and election of State nonapplicability.
14503.	Limitation on liability for volunteers.
14504.	Liability for noneconomic loss.
14505.	Definitions.

**§ 14501. Findings and purpose****(a) Findings**

The Congress finds and declares that—

(1) the willingness of volunteers to offer their services is deterred by the potential for liability actions against them;

(2) as a result, many nonprofit public and private organizations and governmental entities, including voluntary associations, social service agencies, educational institutions, and other civic programs, have been adversely affected by the withdrawal of volunteers from boards of directors and service in other capacities;

(3) the contribution of these programs to their communities is thereby diminished, resulting in fewer and higher cost programs than would be obtainable if volunteers were participating;

(4) because Federal funds are expended on useful and cost-effective social service programs, many of which are national in scope, depend heavily on volunteer participation, and represent some of the most successful public-private partnerships, protection of volunteerism through clarification and limitation of the personal liability risks assumed by the volunteer in connection with such participation is an appropriate subject for Federal legislation;

(5) services and goods provided by volunteers and nonprofit organizations would often otherwise be provided by private entities that operate in interstate commerce;

(6) due to high liability costs and unwarranted litigation costs, volunteers and nonprofit organizations face higher costs in purchasing insurance, through interstate insurance markets, to cover their activities; and

(7) clarifying and limiting the liability risk assumed by volunteers is an appropriate subject for Federal legislation because—

(A) of the national scope of the problems created by the legitimate fears of volunteers about frivolous, arbitrary, or capricious lawsuits;

(B) the citizens of the United States depend on, and the Federal Government expends funds on, and provides tax exemptions and other consideration to, numerous social programs that depend on the services of volunteers;

(C) it is in the interest of the Federal Government to encourage the continued operation of volunteer service organizations and contributions of volunteers because the Federal Government lacks the capacity to carry out all of the services provided by such organizations and volunteers; and

(D)(i) liability reform for volunteers, will promote the free flow of goods and services, lessen burdens on interstate commerce and uphold constitutionally protected due process rights; and

(ii) therefore, liability reform is an appropriate use of the powers contained in article 1, section 8, clause 3 of the United States Constitution, and the fourteenth amendment to the United States Constitution.

**(b) Purpose**

The purpose of this chapter is to promote the interests of social service program beneficiaries and taxpayers and to sustain the availability of programs, nonprofit organizations, and governmental entities that depend on volunteer contributions by reforming the laws to provide certain protections from liability abuses related to volunteers serving nonprofit organizations and governmental entities.

(Pub. L. 105-19, §2, June 18, 1997, 111 Stat. 218.)

## EFFECTIVE DATE

Pub. L. 105-19, §7, June 18, 1997, 111 Stat. 223, provided that:

“(a) IN GENERAL.—This Act [enacting this chapter] shall take effect 90 days after the date of enactment of this Act [June 18, 1997].

“(b) APPLICATION.—This Act applies to any claim for harm caused by an act or omission of a volunteer where that claim is filed on or after the effective date of this Act but only if the harm that is the subject of the claim or the conduct that caused such harm occurred after such effective date.”

## SHORT TITLE

Pub. L. 105-19, §1, June 18, 1997, 111 Stat. 218, provided that: “This Act [enacting this chapter] may be cited as the ‘Volunteer Protection Act of 1997.’”

**§ 14502. Preemption and election of State nonapplicability****(a) Preemption**

This chapter preempts the laws of any State to the extent that such laws are inconsistent with this chapter, except that this chapter shall not preempt any State law that provides additional protection from liability relating to volunteers or to any category of volunteers in the performance of services for a nonprofit organization or governmental entity.

**(b) Election of State regarding nonapplicability**

This chapter shall not apply to any civil action in a State court against a volunteer in

which all parties are citizens of the State if such State enacts a statute in accordance with State requirements for enacting legislation—

- (1) citing the authority of this subsection;
- (2) declaring the election of such State that this chapter shall not apply, as of a date certain, to such civil action in the State; and
- (3) containing no other provisions.

(Pub. L. 105–19, § 3, June 18, 1997, 111 Stat. 219.)

### § 14503. Limitation on liability for volunteers

#### (a) Liability protection for volunteers

Except as provided in subsections (b) and (d) of this section, no volunteer of a nonprofit organization or governmental entity shall be liable for harm caused by an act or omission of the volunteer on behalf of the organization or entity if—

- (1) the volunteer was acting within the scope of the volunteer's responsibilities in the nonprofit organization or governmental entity at the time of the act or omission;
- (2) if appropriate or required, the volunteer was properly licensed, certified, or authorized by the appropriate authorities for the activities or practice in the State in which the harm occurred, where the activities were or practice was undertaken within the scope of the volunteer's responsibilities in the nonprofit organization or governmental entity;
- (3) the harm was not caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed by the volunteer; and
- (4) the harm was not caused by the volunteer operating a motor vehicle, vessel, aircraft, or other vehicle for which the State requires the operator or the owner of the vehicle, craft, or vessel to—
  - (A) possess an operator's license; or
  - (B) maintain insurance.

#### (b) Concerning responsibility of volunteers to organizations and entities

Nothing in this section shall be construed to affect any civil action brought by any nonprofit organization or any governmental entity against any volunteer of such organization or entity.

#### (c) No effect on liability of organization or entity

Nothing in this section shall be construed to affect the liability of any nonprofit organization or governmental entity with respect to harm caused to any person.

#### (d) Exceptions to volunteer liability protection

If the laws of a State limit volunteer liability subject to one or more of the following conditions, such conditions shall not be construed as inconsistent with this section:

- (1) A State law that requires a nonprofit organization or governmental entity to adhere to risk management procedures, including mandatory training of volunteers.
- (2) A State law that makes the organization or entity liable for the acts or omissions of its volunteers to the same extent as an employer is liable for the acts or omissions of its employees.
- (3) A State law that makes a limitation of liability inapplicable if the civil action was

brought by an officer of a State or local government pursuant to State or local law.

(4) A State law that makes a limitation of liability applicable only if the nonprofit organization or governmental entity provides a financially secure source of recovery for individuals who suffer harm as a result of actions taken by a volunteer on behalf of the organization or entity. A financially secure source of recovery may be an insurance policy within specified limits, comparable coverage from a risk pooling mechanism, equivalent assets, or alternative arrangements that satisfy the State that the organization or entity will be able to pay for losses up to a specified amount. Separate standards for different types of liability exposure may be specified.

#### (e) Limitation on punitive damages based on actions of volunteers

##### (1) General rule

Punitive damages may not be awarded against a volunteer in an action brought for harm based on the action of a volunteer acting within the scope of the volunteer's responsibilities to a nonprofit organization or governmental entity unless the claimant establishes by clear and convincing evidence that the harm was proximately caused by an action of such volunteer which constitutes willful or criminal misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed.

##### (2) Construction

Paragraph (1) does not create a cause of action for punitive damages and does not preempt or supersede any Federal or State law to the extent that such law would further limit the award of punitive damages.

#### (f) Exceptions to limitations on liability

##### (1) In general

The limitations on the liability of a volunteer under this chapter shall not apply to any misconduct that—

- (A) constitutes a crime of violence (as that term is defined in section 16 of title 18) or act of international terrorism (as that term is defined in section 2331 of title 18) for which the defendant has been convicted in any court;
- (B) constitutes a hate crime (as that term is used in the Hate Crime Statistics Act (28 U.S.C. 534 note));
- (C) involves a sexual offense, as defined by applicable State law, for which the defendant has been convicted in any court;
- (D) involves misconduct for which the defendant has been found to have violated a Federal or State civil rights law; or
- (E) where the defendant was under the influence (as determined pursuant to applicable State law) of intoxicating alcohol or any drug at the time of the misconduct.

##### (2) Rule of construction

Nothing in this subsection shall be construed to effect subsection (a)(3) or (e) of this section.

**§ 14504. Liability for noneconomic loss**

**(a) General rule**

## SUBCHAPTER II—EXCHANGE OF CRIMINAL HISTORY RECORDS FOR NONCRIMINAL JUSTICE PURPOSES

### § 14611. Findings

Congress finds that—

(1) both the Federal Bureau of Investigation and State criminal history record repositories maintain fingerprint-based criminal history records;

(2) these criminal history records are shared and exchanged for criminal justice purposes through a Federal-State program known as the Interstate Identification Index System;

(3) although these records are also exchanged for legally authorized, noncriminal justice uses, such as governmental licensing and employment background checks, the purposes for and procedures by which they are exchanged vary widely from State to State;

(4) an interstate and Federal-State compact is necessary to facilitate authorized interstate criminal history record exchanges for non-criminal justice purposes on a uniform basis, while permitting each State to effectuate its own dissemination policy within its own borders; and

(5) such a compact will allow Federal and State records to be provided expeditiously to governmental and nongovernmental agencies that use such records in accordance with pertinent Federal and State law, while simultaneously enhancing the accuracy of the records and safeguarding the information contained therein from unauthorized disclosure or use.

**(b) Criminal justice agencies and other governmental or nongovernmental agencies**

The FBI, to the extent authorized by section 552a of title 5, United States Code (commonly known as the “Privacy Act of 1974”), and State criminal history record repositories shall provide criminal history records (excluding sealed records) to criminal justice agencies and other governmental or nongovernmental agencies for noncriminal justice purposes allowed by Federal statute, Federal Executive order, or a State statute that has been approved by the Attorney General, that authorizes national indices checks.

#### § 14901. Findings and purposes

##### (a) Findings

Congress recognizes—

(1) the international character of the Convention on Protection of Children and Co-operation in Respect of Intercountry Adoption (done at The Hague on May 29, 1993); and

(2) the need for uniform interpretation and implementation of the Convention in the United States and abroad,

and therefore finds that enactment of a Federal law governing adoptions and prospective adoptions subject to the Convention involving United States residents is essential.

##### (b) Purposes

The purposes of this chapter are—

(1) to provide for implementation by the United States of the Convention;

(2) to protect the rights of, and prevent abuses against, children, birth families, and adoptive parents involved in adoptions (or prospective adoptions) subject to the Convention, and to ensure that such adoptions are in the children’s best interests; and

(3) to improve the ability of the Federal Government to assist United States citizens seeking to adopt children from abroad and residents of other countries party to the Convention seeking to adopt children from the United States.

SUBCHAPTER I—PROGRAMS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES

PART A—GENERAL PROVISIONS

§ 15001. Findings, purposes, and policy

(a) Findings

Congress finds that—

- (1) disability is a natural part of the human experience that does not diminish the right of individuals with developmental disabilities to live independently, to exert control and choice over their own lives, and to fully participate in and contribute to their communities through full integration and inclusion in the economic, political, social, cultural, and educational mainstream of United States society;
- (2) in 1999, there were between 3,200,000 and 4,500,000 individuals with developmental dis-

abilities in the United States, and recent studies indicate that individuals with developmental disabilities comprise between 1.2 and 1.65 percent of the United States population;

(3) individuals whose disabilities occur during their developmental period frequently have severe disabilities that are likely to continue indefinitely;

(4) individuals with developmental disabilities often encounter discrimination in the provision of critical services, such as services in the areas of emphasis (as defined in section 15002 of this title);

(5) individuals with developmental disabilities are at greater risk than the general population of abuse, neglect, financial and sexual exploitation, and the violation of their legal and human rights;

(6) a substantial portion of individuals with developmental disabilities and their families do not have access to appropriate support and services, including access to assistive technology, from generic and specialized service systems, and remain unserved or underserved;

(7) individuals with developmental disabilities often require lifelong community services, individualized supports, and other forms of assistance, that are most effective when provided in a coordinated manner;

(8) there is a need to ensure that services, supports, and other assistance are provided in a culturally competent manner, that ensures that individuals from racial and ethnic minority backgrounds are fully included in all activities provided under this subchapter;

(9) family members, friends, and members of the community can play an important role in enhancing the lives of individuals with developmental disabilities, especially when the family members, friends, and community members are provided with the necessary community services, individualized supports, and other forms of assistance;

(10) current research indicates that 88 percent of individuals with developmental disabilities live with their families or in their own households;

(11) many service delivery systems and communities are not prepared to meet the impending needs of the 479,862 adults with developmental disabilities who are living at home with parents who are 60 years old or older and who serve as the primary caregivers of the adults;

(12) in almost every State, individuals with developmental disabilities are waiting for appropriate services in their communities, in the areas of emphasis;

(13) the public needs to be made more aware of the capabilities and competencies of individuals with developmental disabilities, particularly in cases in which the individuals are provided with necessary services, supports, and other assistance;

(14) as increasing numbers of individuals with developmental disabilities are living, learning, working, and participating in all aspects of community life, there is an increasing need for a well trained workforce that is able to provide the services, supports, and other forms of direct assistance required to enable the individuals to carry out those activities;

(15) there needs to be greater effort to recruit individuals from minority backgrounds into professions serving individuals with developmental disabilities and their families;

(16) the goals of the Nation properly include a goal of providing individuals with developmental disabilities with the information, skills, opportunities, and support to—

(A) make informed choices and decisions about their lives;

(B) live in homes and communities in which such individuals can exercise their full rights and responsibilities as citizens;

(C) pursue meaningful and productive lives;

(D) contribute to their families, communities, and States, and the Nation;

(E) have interdependent friendships and relationships with other persons;

(F) live free of abuse, neglect, financial and sexual exploitation, and violations of their legal and human rights; and

(G) achieve full integration and inclusion in society, in an individualized manner, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of each individual; and

(17) as the Nation, States, and communities maintain and expand community living options for individuals with developmental disabilities, there is a need to evaluate the access to those options by individuals with developmental disabilities and the effects of those options on individuals with developmental disabilities.

**(b) Purpose**

The purpose of this subchapter is to assure that individuals with developmental disabilities and their families participate in the design of and have access to needed community services, individualized supports, and other forms of assistance that promote self-determination, independence, productivity, and integration and inclusion in all facets of community life, through culturally competent programs authorized under this subchapter, including specifically—

(1) State Councils on Developmental Disabilities in each State to engage in advocacy, capacity building, and systemic change activities that—

(A) are consistent with the purpose described in this subsection and the policy described in subsection (c) of this section; and

(B) contribute to a coordinated, consumer- and family-centered, consumer- and family-directed, comprehensive system that includes needed community services, individualized supports, and other forms of assistance that promote self-determination for individuals with developmental disabilities and their families;

(2) protection and advocacy systems in each State to protect the legal and human rights of individuals with developmental disabilities;

(3) University Centers for Excellence in Developmental Disabilities Education, Research, and Service—

(A) to provide interdisciplinary pre-service preparation and continuing education of stu-

dents and fellows, which may include the preparation and continuing education of leadership, direct service, clinical, or other personnel to strengthen and increase the capacity of States and communities to achieve the purpose of this subchapter;

(B) to provide community services—

(i) that provide training and technical assistance for individuals with developmental disabilities, their families, professionals, paraprofessionals, policymakers, students, and other members of the community; and

(ii) that may provide services, supports, and assistance for the persons described in clause (i) through demonstration and model activities;

(C) to conduct research, which may include basic or applied research, evaluation, and the analysis of public policy in areas that affect or could affect, either positively or negatively, individuals with developmental disabilities and their families; and

(D) to disseminate information related to activities undertaken to address the purpose of this subchapter, especially dissemination of information that demonstrates that the network authorized under this part is a national and international resource that includes specific substantive areas of expertise that may be accessed and applied in diverse settings and circumstances; and

(4) funding for—

(A) national initiatives to collect necessary data on issues that are directly or indirectly relevant to the lives of individuals with developmental disabilities;

(B) technical assistance to entities who engage in or intend to engage in activities consistent with the purpose described in this subsection or the policy described in subsection (c) of this section; and

(C) other nationally significant activities.

### (c) Policy

It is the policy of the United States that all programs, projects, and activities receiving assistance under this subchapter shall be carried out in a manner consistent with the principles that—

(1) individuals with developmental disabilities, including those with the most severe developmental disabilities, are capable of self-determination, independence, productivity, and integration and inclusion in all facets of community life, but often require the provision of community services, individualized supports, and other forms of assistance;

(2) individuals with developmental disabilities and their families have competencies, capabilities, and personal goals that should be recognized, supported, and encouraged, and any assistance to such individuals should be provided in an individualized manner, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of such individuals;

(3) individuals with developmental disabilities and their families are the primary decisionmakers regarding the services and sup-

ports such individuals and their families receive, including regarding choosing where the individuals live from available options, and play decisionmaking roles in policies and programs that affect the lives of such individuals and their families;

(4) services, supports, and other assistance should be provided in a manner that demonstrates respect for individual dignity, personal preferences, and cultural differences;

(5) specific efforts must be made to ensure that individuals with developmental disabilities from racial and ethnic minority backgrounds and their families enjoy increased and meaningful opportunities to access and use community services, individualized supports, and other forms of assistance available to other individuals with developmental disabilities and their families;

(6) recruitment efforts in disciplines related to developmental disabilities relating to pre-service training, community training, practice, administration, and policymaking must focus on bringing larger numbers of racial and ethnic minorities into the disciplines in order to provide appropriate skills, knowledge, role models, and sufficient personnel to address the growing needs of an increasingly diverse population;

(7) with education and support, communities can be accessible to and responsive to the needs of individuals with developmental disabilities and their families and are enriched by full and active participation in community activities, and contributions, by individuals with developmental disabilities and their families;

(8) individuals with developmental disabilities have access to opportunities and the necessary support to be included in community life, have interdependent relationships, live in homes and communities, and make contributions to their families, communities, and States, and the Nation;

(9) efforts undertaken to maintain or expand community-based living options for individuals with disabilities should be monitored in order to determine and report to appropriate individuals and entities the extent of access by individuals with developmental disabilities to those options and the extent of compliance by entities providing those options with quality assurance standards;

(10) families of children with developmental disabilities need to have access to and use of safe and appropriate child care and before-school and after-school programs, in the most integrated settings, in order to enrich the participation of the children in community life;

(11) individuals with developmental disabilities need to have access to and use of public transportation, in order to be independent and directly contribute to and participate in all facets of community life; and

(12) individuals with developmental disabilities need to have access to and use of recreational, leisure, and social opportunities in the most integrated settings, in order to enrich their participation in community life.

## SUBCHAPTER II—FAMILY SUPPORT

**§ 15091. Findings, purposes, and policy****(a) Findings**

Congress makes the following findings:

(1) It is in the best interest of our Nation to preserve, strengthen, and maintain the family.

(2) Families of children with disabilities provide support, care, and training to their children that can save States millions of dollars. Without the efforts of family caregivers, many persons with disabilities would receive care through State-supported out-of-home placements.

(3) Most families of children with disabilities, especially families in unserved and underserved populations, do not have access to family-centered and family-directed services to support such families in their efforts to care for such children at home.

(4) Medical advances and improved health care have increased the life span of many people with disabilities, and the combination of the longer life spans and the aging of family caregivers places a continually increasing demand on the finite service delivery systems of the States.

(5) In 1996, 49 States provided family support initiatives in response to the needs of families of children with disabilities. Such initiatives included the provision of cash subsidies, respite care, and other forms of support. There is a need in each State, however, to strengthen, expand, and coordinate the activities of a system of family support services for families of children with disabilities that is easily accessible, avoids duplication, uses resources efficiently, and prevents gaps in services to families in all areas of the State.

(6) The goals of the Nation properly include the goal of providing to families of children with disabilities the family support services necessary—

(A) to support the family;

(B) to enable families of children with disabilities to nurture and enjoy their children at home;

(C) to enable families of children with disabilities to make informed choices and decisions regarding the nature of supports, resources, services, and other assistance made available to such families; and

(D) to support family caregivers of adults with disabilities.

#### **(b) Purposes**

The purposes of this subchapter are—

(1) to promote and strengthen the implementation of comprehensive State systems of family support services, for families with children with disabilities, that are family-centered and family-directed, and that provide families with the greatest possible decisionmaking authority and control regarding the nature and use of services and support;

(2) to promote leadership by families in planning, policy development, implementation, and evaluation of family support services for families of children with disabilities;

(3) to promote and develop interagency coordination and collaboration between agencies responsible for providing the services; and

(4) to increase the availability of, funding for, access to, and provision of family support services for families of children with disabilities.

#### **(c) Policy**

It is the policy of the United States that all programs, projects, and activities funded under this subchapter shall be family-centered and family-directed, and shall be provided in a manner consistent with the goal of providing families of children with disabilities with the support the families need to raise their children at home.

(Pub. L. 106-402, title II, §202, Oct. 30, 2000, 114 Stat. 1728.)

## SUBCHAPTER III—PROGRAM FOR DIRECT SUPPORT WORKERS WHO ASSIST INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES

### § 15111. Findings

Congress finds that—

(1) direct support workers, especially young adults, have played essential roles in providing the support needed by individuals with developmental disabilities and expanding community options for those individuals;

(A) the small population of individuals who are age 18 through 25, an age group that has been attracted to direct support work in the past;

(B) the rapid expansion of the service sector, which attracts individuals who previously would have elected to pursue employment as direct support workers;

(C) the failure of wages in the human services sector to keep pace with wages in other service sectors; and

(D) the lack of quality training and career advancement opportunities available to direct support workers; and

(3) individuals with developmental disabilities benefit from assistance from direct support workers who are well trained, and benefit from receiving services from professionals who have spent time as direct support workers.

(Pub. L. 106-402, title III, §301, Oct. 30, 2000, 114 Stat. 1734.)

(3) Nationwide, 51 law enforcement officers were killed in the line of duty in 2000, according to statistics released by the Federal Bureau of Investigation. This number is an increase of 9 from the 1999 total of 42.

#### SUBCHAPTER III—UNIFORM AND NON-DISCRIMINATORY ELECTION TECHNOLOGY AND ADMINISTRATION REQUIREMENTS

##### PART A—REQUIREMENTS

### § 15481. Voting systems standards

#### (a) Requirements

Each voting system used in an election for Federal office shall meet the following requirements:

##### (1) In general

(A) Except as provided in subparagraph (B), the voting system (including any lever voting system, optical scanning voting system, or direct recording electronic system) shall—

(i) permit the voter to verify (in a private and independent manner) the votes selected by the voter on the ballot before the ballot is cast and counted;

(ii) provide the voter with the opportunity (in a private and independent manner) to change the ballot or correct any error before the ballot is cast and counted (including the opportunity to correct the error through the issuance of a replacement ballot if the voter was otherwise unable to change the ballot or correct any error); and

(iii) if the voter selects votes for more than one candidate for a single office—

(I) notify the voter that the voter has selected more than one candidate for a single office on the ballot;

(II) notify the voter before the ballot is cast and counted of the effect of casting multiple votes for the office; and

(III) provide the voter with the opportunity to correct the ballot before the ballot is cast and counted.

(B) A State or jurisdiction that uses a paper ballot voting system, a punch card voting system, or a central count voting system (including mail-in absentee ballots and mail-in ballots), may meet the requirements of subparagraph (A)(iii) by—

(i) establishing a voter education program specific to that voting system that notifies each voter of the effect of casting multiple votes for an office; and

(ii) providing the voter with instructions on how to correct the ballot before it is cast and counted (including instructions on how to correct the error through the issuance of a replacement ballot if the voter was otherwise unable to change the ballot or correct any error).

(C) The voting system shall ensure that any notification required under this paragraph preserves the privacy of the voter and the confidentiality of the ballot.

**(2) Audit capacity**

**(A) In general**

The voting system shall produce a record with an audit capacity for such system.

**(B) Manual audit capacity**

(i) The voting system shall produce a permanent paper record with a manual audit capacity for such system.

(ii) The voting system shall provide the voter with an opportunity to change the ballot or correct any error before the permanent paper record is produced.

(iii) The paper record produced under subparagraph (A) shall be available as an official record for any recount conducted with respect to any election in which the system is used.

**(3) Accessibility for individuals with disabilities**

The voting system shall—

(A) be accessible for individuals with disabilities, including nonvisual accessibility for the blind and visually impaired, in a manner that provides the same opportunity for access and participation (including privacy and independence) as for other voters;

(B) satisfy the requirement of subparagraph (A) through the use of at least one direct recording electronic voting system or other voting system equipped for individuals with disabilities at each polling place; and

(C) if purchased with funds made available under subchapter II of this chapter on or after January 1, 2007, meet the voting system standards for disability access (as outlined in this paragraph).

**(4) Alternative language accessibility**

The voting system shall provide alternative language accessibility pursuant to the requirements of section 1973aa-1a of this title.

**(5) Error rates**

The error rate of the voting system in counting ballots (determined by taking into account

only those errors which are attributable to the voting system and not attributable to an act of the voter) shall comply with the error rate standards established under section 3.2.1 of the voting systems standards issued by the Federal Election Commission which are in effect on October 29, 2002.

**(6) Uniform definition of what constitutes a vote**

Each State shall adopt uniform and non-discriminatory standards that define what constitutes a vote and what will be counted as a vote for each category of voting system used in the State.

**(b) Voting system defined**

In this section, the term “voting system” means—

(1) the total combination of mechanical, electromechanical, or electronic equipment (including the software, firmware, and documentation required to program, control, and support the equipment) that is used—

(A) to define ballots;

(B) to cast and count votes;

(C) to report or display election results; and

(D) to maintain and produce any audit trail information; and

(2) the practices and associated documentation used—

(A) to identify system components and versions of such components;

(B) to test the system during its development and maintenance;

(C) to maintain records of system errors and defects;

(D) to determine specific system changes to be made to a system after the initial qualification of the system; and

(E) to make available any materials to the voter (such as notices, instructions, forms, or paper ballots).

**(c) Construction**

**(1) In general**

Nothing in this section shall be construed to prohibit a State or jurisdiction which used a particular type of voting system in the elections for Federal office held in November 2000 from using the same type of system after the effective date of this section, so long as the system meets or is modified to meet the requirements of this section.

**(2) Protection of paper ballot voting systems**

For purposes of subsection (a)(1)(A)(i) of this section, the term “verify” may not be defined in a manner that makes it impossible for a paper ballot voting system to meet the requirements of such subsection or to be modified to meet such requirements.

**(d) Effective date**

Each State and jurisdiction shall be required to comply with the requirements of this section on and after January 1, 2006.

(Pub. L. 107-252, title III, §301, Oct. 29, 2002, 116 Stat. 1704.)

**§ 15482. Provisional voting and voting information requirements**

**(a) Provisional voting requirements**

If an individual declares that such individual is a registered voter in the jurisdiction in which the individual desires to vote and that the individual is eligible to vote in an election for Federal office, but the name of the individual does not appear on the official list of eligible voters for the polling place or an election official asserts that the individual is not eligible to vote, such individual shall be permitted to cast a provisional ballot as follows:

(1) An election official at the polling place shall notify the individual that the individual may cast a provisional ballot in that election.

(2) The individual shall be permitted to cast a provisional ballot at that polling place upon the execution of a written affirmation by the individual before an election official at the polling place stating that the individual is—

- (A) a registered voter in the jurisdiction in which the individual desires to vote; and
- (B) eligible to vote in that election.

(3) An election official at the polling place shall transmit the ballot cast by the individual or the voter information contained in the written affirmation executed by the individual under paragraph (2) to an appropriate State or local election official for prompt verification under paragraph (4).

(4) If the appropriate State or local election official to whom the ballot or voter information is transmitted under paragraph (3) determines that the individual is eligible under State law to vote, the individual's provisional ballot shall be counted as a vote in that election in accordance with State law.

(5)(A) At the time that an individual casts a provisional ballot, the appropriate State or local election official shall give the individual written information that states that any individual who casts a provisional ballot will be able to ascertain under the system established under subparagraph (B) whether the vote was counted, and, if the vote was not counted, the reason that the vote was not counted.

(B) The appropriate State or local election official shall establish a free access system (such as a toll-free telephone number or an Internet website) that any individual who casts a provisional ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted.

States described in section 1973gg-2(b) of this title may meet the requirements of this subsection using voter registration procedures established under applicable State law. The appropriate State or local official shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by the free access system established under paragraph (5)(B). Access to information about an individual provisional ballot shall be restricted to the individual who cast the ballot.

**(b) Voting information requirements**

**(1) Public posting on election day**

The appropriate State or local election official shall cause voting information to be publicly posted at each polling place on the day of each election for Federal office.

**(2) Voting information defined**

In this section, the term “voting information” means—

(A) a sample version of the ballot that will be used for that election;

(B) information regarding the date of the election and the hours during which polling places will be open;

(C) instructions on how to vote, including how to cast a vote and how to cast a provisional ballot;

(D) instructions for mail-in registrants and first-time voters under section 15483(b) of this title;

(E) general information on voting rights under applicable Federal and State laws, including information on the right of an individual to cast a provisional ballot and instructions on how to contact the appropriate officials if these rights are alleged to have been violated; and

(F) general information on Federal and State laws regarding prohibitions on acts of fraud and misrepresentation.

**(c) Voters who vote after the polls close**

Any individual who votes in an election for Federal office as a result of a Federal or State court order or any other order extending the time established for closing the polls by a State law in effect 10 days before the date of that election may only vote in that election by casting a provisional ballot under subsection (a) of this section. Any such ballot cast under the preceding sentence shall be separated and held apart from other provisional ballots cast by those not affected by the order.

**(d) Effective date for provisional voting and voting information**

Each State and jurisdiction shall be required to comply with the requirements of this section on and after January 1, 2004.

(Pub. L. 107-252, title III, §302, Oct. 29, 2002, 116 Stat. 1706.)

**§ 15483. Computerized statewide voter registration list requirements and requirements for voters who register by mail**

**(a) Computerized statewide voter registration list requirements**

**(1) Implementation**

**(A) In general**

Except as provided in subparagraph (B), each State, acting through the chief State election official, shall implement, in a uniform and nondiscriminatory manner, a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the State level that contains the name and registration information of every legally registered voter in the State

and assigns a unique identifier to each legally registered voter in the State (in this subsection referred to as the “computerized list”), and includes the following:

(i) The computerized list shall serve as the single system for storing and managing the official list of registered voters throughout the State.

(ii) The computerized list contains the name and registration information of every legally registered voter in the State.

(iii) Under the computerized list, a unique identifier is assigned to each legally registered voter in the State.

(iv) The computerized list shall be coordinated with other agency databases within the State.

(v) Any election official in the State, including any local election official, may obtain immediate electronic access to the information contained in the computerized list.

(vi) All voter registration information obtained by any local election official in the State shall be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local official.

(vii) The chief State election official shall provide such support as may be required so that local election officials are able to enter information as described in clause (vi).

(viii) The computerized list shall serve as the official voter registration list for the conduct of all elections for Federal office in the State.

**(B) Exception**

The requirement under subparagraph (A) shall not apply to a State in which, under a State law in effect continuously on and after October 29, 2002, there is no voter registration requirement for individuals in the State with respect to elections for Federal office.

**(2) Computerized list maintenance**

**(A) In general**

The appropriate State or local election official shall perform list maintenance with respect to the computerized list on a regular basis as follows:

(i) If an individual is to be removed from the computerized list, such individual shall be removed in accordance with the provisions of the National Voter Registration Act of 1993 (42 U.S.C. 1973gg et seq.), including subsections (a)(4), (c)(2), (d), and (e) of section 8 of such Act (42 U.S.C. 1973gg-6).

(ii) For purposes of removing names of ineligible voters from the official list of eligible voters—

(I) under section 8(a)(3)(B) of such Act (42 U.S.C. 1973gg-6(a)(3)(B)), the State shall coordinate the computerized list with State agency records on felony status; and

(II) by reason of the death of the registrant under section 8(a)(4)(A) of such Act (42 U.S.C. 1973gg-6(a)(4)(A)), the

State shall coordinate the computerized list with State agency records on death.

(iii) Notwithstanding the preceding provisions of this subparagraph, if a State is described in section 4(b) of the National Voter Registration Act of 1993 (42 U.S.C. 1973gg-2(b)), that State shall remove the names of ineligible voters from the computerized list in accordance with State law.

**(B) Conduct**

The list maintenance performed under subparagraph (A) shall be conducted in a manner that ensures that—

(i) the name of each registered voter appears in the computerized list;

(ii) only voters who are not registered or who are not eligible to vote are removed from the computerized list; and

(iii) duplicate names are eliminated from the computerized list.

**(3) Technological security of computerized list**

The appropriate State or local official shall provide adequate technological security measures to prevent the unauthorized access to the computerized list established under this section.

**(4) Minimum standard for accuracy of State voter registration records**

The State election system shall include provisions to ensure that voter registration records in the State are accurate and are updated regularly, including the following:

(A) A system of file maintenance that makes a reasonable effort to remove registrants who are ineligible to vote from the official list of eligible voters. Under such system, consistent with the National Voter Registration Act of 1993 (42 U.S.C. 1973gg et seq.), registrants who have not responded to a notice and who have not voted in 2 consecutive general elections for Federal office shall be removed from the official list of eligible voters, except that no registrant may be removed solely by reason of a failure to vote.

(B) Safeguards to ensure that eligible voters are not removed in error from the official list of eligible voters.

**(5) Verification of voter registration information**

**(A) Requiring provision of certain information by applicants**

**(i) In general**

Except as provided in clause (ii), notwithstanding any other provision of law, an application for voter registration for an election for Federal office may not be accepted or processed by a State unless the application includes—

(II) in the case of any other applicant (other than an applicant to whom clause (ii) applies), the last 4 digits of the applicant’s social security number.

**(ii) Special rule for applicants without driver's license or social security number**

If an applicant for voter registration for an election for Federal office has not been issued a current and valid driver's license or a social security number, the State shall assign the applicant a number which will serve to identify the applicant for voter registration purposes. To the extent that the State has a computerized list in effect under this subsection and the list assigns unique identifying numbers to registrants, the number assigned under this clause shall be the unique identifying number assigned under the list.

**(iii) Determination of validity of numbers provided**

The State shall determine whether the information provided by an individual is sufficient to meet the requirements of this subparagraph, in accordance with State law.

**(B) Requirements for State officials**

**(i) Sharing information in databases**

The chief State election official and the official responsible for the State motor vehicle authority of a State shall enter into an agreement to match information in the database of the statewide voter registration system with information in the database of the motor vehicle authority to the extent required to enable each such official to verify the accuracy of the information provided on applications for voter registration.

In the case of a State which is permitted to use social security numbers, and provides for the use of social security numbers, on applications for voter registration, in accordance with section 7 of the Privacy Act of 1974 (5 U.S.C. 552a note), the provisions of this paragraph shall be optional.

**(b) Requirements for voters who register by mail**

**(1) In general**

Notwithstanding section 6(c) of the National Voter Registration Act of 1993 (42 U.S.C. 1973gg-4(c)) and subject to paragraph (3), a State shall, in a uniform and nondiscriminatory manner, require an individual to meet the requirements of paragraph (2) if—

(B)(i) the individual has not previously voted in an election for Federal office in the State; or

(ii) the individual has not previously voted in such an election in the jurisdiction and

the jurisdiction is located in a State that does not have a computerized list that complies with the requirements of subsection (a) of this section.

**(2) Requirements**

(i) in the case of an individual who votes in person—

(iii) The statement “If you checked ‘no’ in response to either of these questions, do not complete this form.”.

(iv) A statement informing the individual that if the form is submitted by mail and the individual is registering for the first time, the appropriate information required under this section must be submitted with the mail-in registration form in order to avoid the additional identification requirements upon voting for the first time.

##### (B) Incomplete forms

If an applicant for voter registration fails to answer the question included on the mail voter registration form pursuant to subparagraph (A)(i), the registrar shall notify the applicant of the failure and provide the applicant with an opportunity to complete the form in a timely manner to allow for the completion of the registration form prior to the next election for Federal office (subject to State law).

**CHAPTER 147—PRISON RAPE ELIMINATION**

Sec.	
15601.	Findings.
15602.	Purposes.
15603.	National prison rape statistics, data, and research.
15604.	Prison rape prevention and prosecution.
15605.	Grants to protect inmates and safeguard communities.
15606.	National Prison Rape Elimination Commission.
15607.	Adoption and effect of national standards.
15608.	Requirement that accreditation organizations adopt accreditation standards.
15609.	Definitions.

**§ 15601. Findings**

Congress makes the following findings:

(1) 2,100,146 persons were incarcerated in the United States at the end of 2001: 1,324,465 in Federal and State prisons and 631,240 in county and local jails. In 1999, there were more than 10,000,000 separate admissions to and discharges from prisons and jails.

(2) Insufficient research has been conducted and insufficient data reported on the extent of prison rape. However, experts have conservatively estimated that at least 13 percent of the inmates in the United States have been sexually assaulted in prison. Many inmates have suffered repeated assaults. Under this estimate, nearly 200,000 inmates now incarcerated have been or will be the victims of prison rape. The total number of inmates who have been sexually assaulted in the past 20 years likely exceeds 1,000,000.

(3) Inmates with mental illness are at increased risk of sexual victimization. America's jails and prisons house more mentally ill individuals than all of the Nation's psychiatric hospitals combined. As many as 16 percent of inmates in State prisons and jails, and 7 percent of Federal inmates, suffer from mental illness.

(4) Young first-time offenders are at increased risk of sexual victimization. Juveniles are 5 times more likely to be sexually assaulted in adult rather than juvenile facilities—often within the first 48 hours of incarceration.

(5) Most prison staff are not adequately trained or prepared to prevent, report, or treat inmate sexual assaults.

(6) Prison rape often goes unreported, and inmate victims often receive inadequate treatment for the severe physical and psychological effects of sexual assault—if they receive treatment at all.

(7) HIV and AIDS are major public health problems within America's correctional facilities. In 2000, 25,088 inmates in Federal and State prisons were known to be infected with HIV/AIDS. In 2000, HIV/AIDS accounted for more than 6 percent of all deaths in Federal and State prisons. Infection rates for other

sexually transmitted diseases, tuberculosis, and hepatitis B and C are also far greater for prisoners than for the American population as a whole. Prison rape undermines the public health by contributing to the spread of these diseases, and often giving a potential death sentence to its victims.

(8) Prison rape endangers the public safety by making brutalized inmates more likely to commit crimes when they are released—as 600,000 inmates are each year.

(9) The frequently interracial character of prison sexual assaults significantly exacerbates interracial tensions, both within prison and, upon release of perpetrators and victims from prison, in the community at large.

(10) Prison rape increases the level of homicides and other violence against inmates and staff, and the risk of insurrections and riots.

(11) Victims of prison rape suffer severe physical and psychological effects that hinder their ability to integrate into the community and maintain stable employment upon their release from prison. They are thus more likely to become homeless and/or require government assistance.

(12) Members of the public and government officials are largely unaware of the epidemic character of prison rape and the day-to-day horror experienced by victimized inmates.

(13) The high incidence of sexual assault within prisons involves actual and potential violations of the United States Constitution. In *Farmer v. Brennan*, 511 U.S. 825 (1994), the Supreme Court ruled that deliberate indifference to the substantial risk of sexual assault violates prisoners' rights under the Cruel and Unusual Punishments Clause of the Eighth Amendment. The Eighth Amendment rights of State and local prisoners are protected through the Due Process Clause of the Fourteenth Amendment. Pursuant to the power of Congress under Section Five of the Fourteenth Amendment, Congress may take action to enforce those rights in States where officials have demonstrated such indifference. States that do not take basic steps to abate prison rape by adopting standards that do not generate significant additional expenditures demonstrate such indifference. Therefore, such States are not entitled to the same level of Federal benefits as other States.

(14) The high incidence of prison rape undermines the effectiveness and efficiency of United States Government expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment and homelessness. The effectiveness and efficiency of these federally funded grant programs are compromised by the failure of State officials to adopt policies and procedures that reduce the incidence of prison rape in that the high incidence of prison rape—

(A) increases the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) increases the levels of violence, directed at inmates and at staff, within prisons;

(C) increases health care expenditures, both inside and outside of prison systems, and reduces the effectiveness of disease prevention programs by substantially increasing the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases;

(D) increases mental health care expenditures, both inside and outside of prison systems, by substantially increasing the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates;

(E) increases the risks of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape; and

(F) increases the level of interracial tensions and strife within prisons and, upon release of perpetrators and victims, in the community at large.

(15) The high incidence of prison rape has a significant effect on interstate commerce because it increases substantially—

(A) the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases, contributing to increased health and medical expenditures throughout the Nation;

(C) the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates, contributing to increased health and medical expenditures throughout the Nation; and

(D) the risk of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape.

#### SHORT TITLE

Pub. L. 108-79, § 1(a), Sept. 4, 2003, 117 Stat. 972, provided that: "This Act [enacting this chapter] may be cited as the 'Prison Rape Elimination Act of 2003'."

#### IMPLEMENTING THE PRISON RAPE ELIMINATION ACT

Memorandum of President of the United States, May 17, 2012, 77 F.R. 30873, provided:

Memorandum for the Heads of Executive Departments and Agencies

Sexual violence, against any victim, is an assault on human dignity and an affront to American values. The Prison Rape Elimination Act of 2003 (PREA) was enacted with bipartisan support and established a "zero-tolerance standard" for rape in prisons in the United States. 42 U.S.C. 15602(1).

My Administration, with leadership from the Department of Justice, has worked diligently to implement the principles set out in PREA. Today, the Attorney General finalized a rule adopting national standards to prevent, detect, and respond to prison rape. This rule expresses my Administration's conclusion that PREA applies to all Federal confinement facilities, including those operated by executive departments and agencies (agencies) other than the Department of Justice, whether administered by the Federal Government or by a private organization on behalf of the Federal Government.

Each agency is responsible for, and must be accountable for, the operations of its own confinement facilities, and each agency has extensive expertise regarding its own facilities, particularly those housing unique populations. Thus, each agency is best positioned to determine how to implement the Federal laws and rules that govern its own operations, the conduct of its own employees, and the safety of persons in its custody. To advance the goals of PREA, we must ensure that all agencies that operate confinement facilities adopt high standards to prevent, detect, and respond to sexual abuse. In addition to adopting such standards, the success of PREA in combating sexual abuse in confinement facilities will depend on effective agency and facility leadership and the development of an agency culture that prioritizes efforts to combat sexual abuse.

In order to implement PREA comprehensively across the Federal Government, I hereby direct all agencies with Federal confinement facilities that are not already subject to the Department of Justice's final rule to work with the Attorney General to propose, within 120 days of the date of this memorandum, any rules or procedures necessary to satisfy the requirements of PREA and to finalize any such rules or procedures within 240 days of their proposal.

This memorandum shall be implemented consistent with the requirements of Executive Order 13175 of November 6, 2000 (Consultation and Coordination With Indian Tribal Governments).

This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Director of the Office of Management and Budget is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

#### § 15602. Purposes

The purposes of this chapter are to—

- (1) establish a zero-tolerance standard for the incidence of prison rape in prisons in the United States;
- (2) make the prevention of prison rape a top priority in each prison system;

#### § 15603. National prison rape statistics, data, and research

##### (a) Annual comprehensive statistical review

###### (1) In general

The Bureau of Justice Statistics of the Department of Justice (in this section referred to as the “Bureau”) shall carry out, for each calendar year, a comprehensive statistical review and analysis of the incidence and effects of prison rape. The statistical review and analysis shall include, but not be limited to the identification of the common characteristics of—

- (A) both victims and perpetrators of prison rape; and
- (B) prisons and prison systems with a high incidence of prison rape.

###### (2) Considerations

In carrying out paragraph (1), the Bureau shall consider—

- (A) how rape should be defined for the purposes of the statistical review and analysis;
- (B) how the Bureau should collect information about staff-on-inmate sexual assault;
- (C) how the Bureau should collect information beyond inmate self-reports of prison rape;
- (D) how the Bureau should adjust the data in order to account for differences among prisons as required by subsection (c)(3);
- (E) the categorization of prisons as required by subsection (c)(4); and
- (F) whether a preliminary study of prison rape should be conducted to inform the methodology of the comprehensive statistical review.

###### (3) Solicitation of views

The Bureau of Justice Statistics shall solicit views from representatives of the following: State departments of correction; county and municipal jails; juvenile correctional facilities; former inmates; victim advocates; researchers; and other experts in the area of sexual assault.

###### (4) Sampling techniques

The review and analysis under paragraph (1) shall be based on a random sample, or other scientifically appropriate sample, of not less than 10 percent of all Federal, State, and county prisons, and a representative sample of municipal prisons. The selection shall include at least one prison from each State. The selection of facilities for sampling shall be made at the latest practicable date prior to conducting the surveys and shall not be disclosed to any facility or prison system official prior to the time period studied in the survey. Selection of a facility for sampling during any year shall not preclude its selection for sampling in any subsequent year.

###### (5) Surveys

In carrying out the review and analysis under paragraph (1), the Bureau shall, in addition to such other methods as the Bureau considers appropriate, use surveys and other statistical studies of current and former inmates from a sample of Federal, State, county, and

municipal prisons. The Bureau shall ensure the confidentiality of each survey participant, except as authorized in paragraph (7).

**(6) Participation in survey**

Federal, State, or local officials or facility administrators that receive a request from the Bureau under subsection (a)(4) or (5) will be required to participate in the national survey and provide access to any inmates under their legal custody.

**(7) Reporting on child abuse and neglect**

Nothing in section 3735 or 3789g of this title or any other provision of law, including paragraph (5), shall prevent the Bureau (including its agents), in carrying out the review and analysis under paragraph (1), from reporting to the designated public officials such information (and only such information) regarding child abuse or child neglect with respect to which the statutes or regulations of a State (or a political subdivision thereof) require prompt reporting.

**(b) Review Panel on Prison Rape**

**(1) Establishment**

To assist the Bureau in carrying out the review and analysis under subsection (a), there is established, within the Department of Justice, the Review Panel on Prison Rape (in this section referred to as the "Panel").

**(2) Membership**

**(A) Composition**

The Panel shall be composed of 3 members, each of whom shall be appointed by the Attorney General, in consultation with the Secretary of Health and Human Services.

**(B) Qualifications**

Members of the Panel shall be selected from among individuals with knowledge or expertise in matters to be studied by the Panel.

**(3) Public hearings**

**(A) In general**

The duty of the Panel shall be to carry out, for each calendar year, public hearings concerning the operation of the three prisons with the highest incidence of prison rape and the two prisons with the lowest incidence of prison rape in each category of facilities identified under subsection (c)(4). The Panel shall hold a separate hearing regarding the three Federal or State prisons with the highest incidence of prison rape. The purpose of these hearings shall be to collect evidence to aid in the identification of common characteristics of both victims and perpetrators of prison rape, and the identification of common characteristics of prisons and prison systems with a high incidence of prison rape, and the identification of common characteristics of prisons and prison systems that appear to have been successful in deterring prison rape.

**(B) Testimony at hearings**

**(i) Public officials**

In carrying out the hearings required under subparagraph (A), the Panel shall re-

quest the public testimony of Federal, State, and local officials (and organizations that represent such officials), including the warden or director of each prison, who bears responsibility for the prevention, detection, and punishment of prison rape at each entity, and the head of the prison system encompassing such prison.

**(ii) Victims**

The Panel may request the testimony of prison rape victims, organizations representing such victims, and other appropriate individuals and organizations.

**(C) Subpoenas**

**(i) Issuance**

The Panel may issue subpoenas for the attendance of witnesses and the production of written or other matter.

**(ii) Enforcement**

In the case of contumacy or refusal to obey a subpoena, the Attorney General may in a Federal court of appropriate jurisdiction obtain an appropriate order to enforce the subpoena.

**(c) Reports**

**(1) In general**

Not later than June 30 of each year, the Attorney General shall submit a report on the activities of the Bureau and the Review Panel, with respect to prison rape, for the preceding calendar year to—

(A) Congress; and

(B) the Secretary of Health and Human Services.

**(2) Contents**

The report required under paragraph (1) shall include—

(A) with respect to the effects of prison rape, statistical, sociological, and psychological data;

(B) with respect to the incidence of prison rape—

(i) statistical data aggregated at the Federal, State, prison system, and prison levels;

(ii) a listing of those institutions in the representative sample, separated into each category identified under subsection (c)(4) and ranked according to the incidence of prison rape in each institution; and

(iii) an identification of those institutions in the representative sample that appear to have been successful in deterring prison rape; and

(C) a listing of any prisons in the representative sample that did not cooperate with the survey conducted pursuant to this section.

**(3) Data adjustments**

In preparing the information specified in paragraph (2), the Attorney General shall use established statistical methods to adjust the data as necessary to account for differences among institutions in the representative sample, which are not related to the detection, prevention, reduction and punishment of pris-

on rape, or which are outside the control of the State, prison, or prison system, in order to provide an accurate comparison among prisons. Such differences may include the mission, security level, size, and jurisdiction under which the prison operates. For each such adjustment made, the Attorney General shall identify and explain such adjustment in the report.

**(4) Categorization of prisons**

The report shall divide the prisons surveyed into three categories. One category shall be composed of all Federal and State prisons. The other two categories shall be defined by the Attorney General in order to compare similar institutions.

**(d) Contracts and grants**

In carrying out its duties under this section, the Attorney General may—

- (1) provide grants for research through the National Institute of Justice; and
- (2) contract with or provide grants to any other entity the Attorney General deems appropriate.

**(e) Authorization of appropriations**

There are authorized to be appropriated \$15,000,000 for each of fiscal years 2004 through 2010 to carry out this section.

**§ 15605. Grants to protect inmates and safeguard communities**

**(a) Grants authorized**

From amounts made available for grants under this section, the Attorney General shall make grants to States to assist those States in ensuring that budgetary circumstances (such as reduced State and local spending on prisons) do not compromise efforts to protect inmates (particularly from prison rape) and to safeguard the communities to which inmates return. The purpose of grants under this section shall be to provide funds for personnel, training, technical assistance, data collection, and equipment to prevent and prosecute prisoner rape.

**(b) Use of grant amounts**

- (i) deployment of law enforcement resources (including probation and parole resources); and
- (ii) delivery of services (such as job training and substance abuse treatment) to those released inmates;

(D) promoting collaborative efforts, among officials of State and local governments and leaders of appropriate communities, to understand and address the effects on a community of the presence of a disproportionate number of released inmates in that community; or

(iii) explain the extent to which officials (including law enforcement officials) of State and local governments and victims of crime will be consulted regarding decisions whether, or how, to moderate the growth of the State's prison population.

**(e) Reports by grantee**

**(1) In general**

The Attorney General shall require each grantee to submit, not later than 90 days after the end of the period for which the grant was made under this section, a report on the activities carried out under the grant. The re-

port shall identify and describe those activities and shall contain an evaluation of the effect of those activities on—

(A) the number of incidents of prison rape, and the grantee's response to such incidents; and

**(2) Adoption of national standards**

For each fiscal year, any amount that a State would otherwise receive for prison purposes for that fiscal year under a grant program covered by this subsection shall be reduced by 5 percent, unless the chief executive of the State submits to the Attorney General—

(A) a certification that the State has adopted, and is in full compliance with, the national standards described in subsection (a); or

**CHAPTER 148—WINDSTORM IMPACT REDUCTION**

Sec.	
15701.	Findings.
15702.	Definitions.
15703.	National Windstorm Impact Reduction Program.
15704.	National Advisory Committee on Windstorm Impact Reduction.
15705.	Savings clause.
15706.	Authorization of appropriations.
15707.	Coordination.

**§ 15701. Findings**

The Congress finds the following:

(1) Hurricanes, tropical storms, tornadoes, and thunderstorms can cause significant loss of life, injury, destruction of property, and economic and social disruption. All States and regions are vulnerable to these hazards.

(2) The United States currently sustains several billion dollars in economic damages each year due to these windstorms. In recent decades, rapid development and population growth in high-risk areas has greatly increased overall vulnerability to windstorms.

(3) Improved windstorm impact reduction measures have the potential to reduce these losses through—

(A) cost-effective and affordable design and construction methods and practices;

(B) effective mitigation programs at the local, State, and national level;

(C) improved data collection and analysis and impact prediction methodologies;

(D) engineering research on improving new structures and retrofitting existing ones to

better withstand windstorms, atmospheric-related research to better understand the behavior and impact of windstorms on the built environment, and subsequent application of those research results; and

(E) public education and outreach.

(4) There is an appropriate role for the Federal Government in supporting windstorm impact reduction. An effective Federal program in windstorm impact reduction will require interagency coordination, and input from individuals, academia, the private sector, and other interested non-Federal entities.

(Pub. L. 108–360, title II, §202, Oct. 25, 2004, 118 Stat. 1675.)

FEDERAL LEADERSHIP ON ENERGY MANAGEMENT

Memorandum of President of the United States, Dec. 5, 2013, 78 F.R. 75209, provided:

Memorandum for the Heads of Executive Departments and Agencies

In order to create a clean energy economy that will increase our Nation’s prosperity, promote energy security, combat climate change, protect the interests of taxpayers, and safeguard the health of our environment, the Federal Government must lead by example. During my Administration, Federal agencies have reduced their annual greenhouse gas emissions by more than 15 percent (7.8 million metric tons)—the equivalent of removing 1.5 million cars from the road. Today I am establishing new goals for renewable energy as well as new energy-management practices.

Agencies are already well on their way towards meeting the aggressive sustainability goals set forth in Executive Order 13514 of October 5, 2009 (Federal Leadership in Environmental, Energy, and Economic Performance). This memorandum establishes a new target for Federal use of renewable energy that challenges agencies to more than double their renewable electricity consumption. In order to improve their ability to manage energy consumption, promote the reduction of greenhouse gas emissions, and achieve the sustainability goals set forth in Executive Order 13514, this memorandum also directs agencies to update their building-performance and energy-management practices, by encouraging the use of the consensus-based, industry-standard Green Button data access system (Green Button) and the Environmental Protection Agency’s (EPA) Energy Star Portfolio Manager.

To help agencies achieve my Administration’s climate change goals and increase development of new renewable energy sources, I hereby direct the following:

**SECTION 1. Renewable Energy Target.** (a) By fiscal year 2020, to the extent economically feasible and technically practicable, 20 percent of the total amount of electric energy consumed by each agency during any fiscal year shall be renewable energy.

(b) Agencies shall seek to achieve the renewable energy consumption target set forth in subsection (a) of this section by, where possible, taking the following actions, which are listed in order of priority:

- (i) installing agency-funded renewable energy on-site at Federal facilities and retain renewable energy certificates;
- (ii) contracting for energy that includes the installation of a renewable energy project on-site at a Federal facility or off-site from a Federal facility and the retention of renewable energy certificates for the term of the contract;
- (iii) purchasing electricity and corresponding renewable energy certificates; and
- (iv) purchasing renewable energy certificates.

(c) Agencies shall ensure that 100 percent of renewable energy certificates identified in subsection (b)(iii) and (b)(iv) of this section are produced by new renewable sources as defined in section 5(c) of this memorandum.

(d) Agencies shall consider opportunities, to the extent economically feasible and technically practical, to install or contract for energy installed on current or formerly contaminated lands, landfills, and mine sites.

**SEC. 2. Accounting for Renewable Energy.** (a) For the purposes of the renewable energy consumption target in section 1(a) of this memorandum, agency progress shall be determined by reference to the ownership of renewable energy certificates for electric energy consumed.

(b) The percentage of renewable energy counted towards the target in section 1 of this memorandum shall be doubled if the renewable energy conforms with section 203(c)(1) through (3) of the Energy Policy Act of 2005 (42 U.S.C. 15852(c)(1)–(3)).

(c) In order to achieve the target set forth in section 1(a) of this memorandum, each agency shall ensure that the percentage of the total amount of electric energy consumed by that agency that is renewable energy is:

- (i) not less than 10 percent in fiscal year 2015;
- (ii) not less than 15 percent in fiscal years 2016 and 2017;
- (iii) not less than 17.5 percent in fiscal years 2018 and 2019; and
- (iv) not less than 20 percent in fiscal year 2020 and each fiscal year thereafter.

(d) For the purposes of accounting for the generation of renewable energy not included in section 1(b) of this memorandum, such as thermal and hydrokinetic renewable energy and renewable energy generated on a Federal facility or Federal land, the renewable energy and its estimated contribution to meeting greenhouse gas emission reduction goals set forth in section 2(a)(ii) of Executive Order 13514 shall be reported in MWh and be measured against reported total electricity consumption.

(e) In preparing Strategic Sustainability Performance Plans required under section 8 of Executive Order 13514, agencies shall report on:

- (i) progress towards meeting the agency renewable energy targets established in section 1(a) of this memorandum; and
- (ii) the actions taken pursuant to sections 1(b) and 2(d) of this memorandum.

(f) Within 180 days of the date of this memorandum, the Department of Energy will issue an update to its *Renewable Energy Requirement Guidance for EPACK 2005 and Executive Order 13423* to address the new requirements created by this memorandum.

#### SEC. 3. *Building Performance and Energy Management.*

(a) To encourage continuous improvement and better manage building performance, enhance energy efficiency, and reduce energy waste in an open and transparent way, each agency shall:

- (i) install building energy meters and sub-meters as required by section 543(e) of the National Energy Conservation Policy Act (NECPA) (42 U.S.C. 8253(e)), and continue installation of additional building energy meters and sub-meters where cost-effective and appropriate;
- (ii) install water meters at agency buildings where cost-effective and appropriate;
- (iii) ensure that for any agency buildings metered for energy and water performance, the associated monthly performance data is entered into the EPA Energy Star Portfolio Manager to better manage energy performance and allow for benchmarking;
- (iv) publicly disclose annual benchmark energy performance data through the Department of Energy web-based tracking system established under section 543(f)(7)(B) of NECPA (42 U.S.C. 8253(f)(7)(B));
- (v) where feasible, incorporate Green Button into reporting, data analytics and automation, and processes, in consultation with local utilities; and
- (vi) consider participating in demand response programs where available.

(b) To facilitate agency management of energy usage information in Green Button:

- (i) within 120 days of the date of this memorandum, the General Services Administration (GSA), in coordination with the Department of Energy (DOE) and EPA, shall prepare and initiate a strategy to pilot Green Button at Federal facilities where feasible;
- (ii) within 180 days of initiation of the Green Button pilot strategy described in paragraph (i) of this subsection, DOE, through the Federal Energy Management Program (FEMP), in coordination with EPA, shall issue guidance on the use of the Green Button at Federal facilities; and

(iii) as soon as practicable, but no later than 1 year after the date of this memorandum, EPA shall update Energy Star Portfolio Manager to facilitate the inclusion of building energy usage data using Green Button and in conformance with the guidance prepared pursuant to paragraph (ii) of this subsection.

(c) To support agency metering and benchmarking, and to promote disclosure of agency building energy usage, within 180 days of the date of this memorandum, DOE, through FEMP, shall:

- (i) revise and update the Metering Best Practices of August 2011, which shall include definitions for the terms “cost effective” and “appropriate” and shall address leased space so that, where submetering allows, energy and water consumption data will be reported; and
- (ii) in coordination with EPA, revise and update the Building Energy Use Benchmarking Guidance of April 15, 2010, including necessary revisions to benchmark building performance data fields and disclosure policies.

SEC. 4. *Applicability of Renewable Energy Certificates to Federal Target.* Within 120 days of the date of this memorandum, DOE, through FEMP, and in coordination with the EPA, the Department of Defense, the Department of Veterans Affairs, GSA, and other agencies as appropriate, shall provide recommendations to the Chair of the Council on Environmental Quality on procurement, reporting, and accounting procedures related to agency use of renewable energy certificates in meeting the target in section 1(a) of this memorandum, including procedures and policies on:

- (a) appropriate certification and tracking of renewable energy certificates; and
- (b) sale and purchase of renewable energy certificates, including the exchange of project-related renewable energy certificates and interagency and interdepartmental purchase and transfer of renewable energy certificates.

(B) future royalty-in-kind businesses operation plans and objectives.

**(2) Reports on oil or gas royalties taken in-kind**

For each of fiscal years 2006 through 2015 in which the United States takes oil or gas royalties in-kind from production in any State or from the outer Continental Shelf, excluding royalties taken in-kind and sold to refineries under subsection (h), the Secretary shall submit to Congress a report that describes—

**(2) Accounting for deductions**

When the Secretary allows the lessee to deduct transportation or processing costs under subsection (c), the Secretary may not reduce

any payments to recipients of revenues derived from any other Federal oil and gas lease as a consequence of that deduction.

**(g) Consultation with States**

The Secretary—

(1) shall consult with a State before conducting a royalty in-kind program under this part within the State;

(2) may delegate management of any portion of the Federal royalty in-kind program to the State except as otherwise prohibited by Federal law; and

(3) shall consult annually with any State from which Federal oil or gas royalty is being taken in-kind to ensure, to the maximum extent practicable, that the royalty in-kind program provides revenues to the State greater than or equal to the revenues likely to have been received had royalties been taken in-value.

**(h) Small refineries**

**(1) Preference**

If the Secretary finds that sufficient supplies of crude oil are not available in the open market to refineries that do not have their own source of supply for crude oil, the Secretary may grant preference to those refineries in the sale of any royalty oil accruing or reserved to the United States under Federal oil and gas leases issued under any mineral leasing law, for processing or use in those refineries at private sale at not less than the market price.

### § 15903. Marginal property production incentives

#### (a) Definition of marginal property

Until such time as the Secretary issues regulations under subsection (e) that prescribe a different definition, in this section, the term “marginal property” means an onshore unit, communitization agreement, or lease not within a unit or communitization agreement, that produces on average the combined equivalent of less than 15 barrels of oil per well per day or 90,000,000 British thermal units of gas per well per day calculated based on the average over the 3 most recent production months, including only wells that produce on more than half of the days during those 3 production months.

#### (b) Conditions for reduction of royalty rate

Until such time as the Secretary issues regulations under subsection (e) that prescribe different standards or requirements, the Secretary shall reduce the royalty rate on—

(1) oil production from marginal properties as prescribed in subsection (c) if the spot price of West Texas Intermediate crude oil at Cushing, Oklahoma, is, on average, less than \$15 per barrel (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days; and

(2) gas production from marginal properties as prescribed in subsection (c) if the spot price of natural gas delivered at Henry Hub, Louisiana, is, on average, less than \$2.00 per million British thermal units (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days.

#### (c) Reduced royalty rate

##### (1) In general

When a marginal property meets the conditions specified in subsection (b), the royalty rate shall be the lesser of—

(A) 5 percent; or

(B) the applicable rate under any other statutory or regulatory royalty relief provision that applies to the affected production.

##### (2) Period of effectiveness

The reduced royalty rate under this subsection shall be effective beginning on the first day of the production month following the date on which the applicable condition specified in subsection (b) is met.

#### (d) Termination of reduced royalty rate

A royalty rate prescribed in subsection (c)(1) shall terminate—

(1) with respect to oil production from a marginal property, on the first day of the production month following the date on which—

(A) the spot price of West Texas Intermediate crude oil at Cushing, Oklahoma, on average, exceeds \$15 per barrel (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days; or

(B) the property no longer qualifies as a marginal property; and

(2) with respect to gas production from a marginal property, on the first day of the production month following the date on which—

(A) the spot price of natural gas delivered at Henry Hub, Louisiana, on average, exceeds \$2.00 per million British thermal units (adjusted in accordance with the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics) for 90 consecutive trading days; or

(B) the property no longer qualifies as a marginal property.

#### (e) Regulations prescribing different relief

##### (1) Discretionary regulations

The Secretary may by regulation prescribe different parameters, standards, and requirements for, and a different degree or extent of, royalty relief for marginal properties in lieu of those prescribed in subsections (a) through (d).

##### (2) Mandatory regulations

Unless a determination is made under paragraph (3), not later than 18 months after August 8, 2005, the Secretary shall by regulation—

(A) prescribe standards and requirements for, and the extent of royalty relief for, marginal properties for oil and gas leases on the outer Continental Shelf; and

(B) define what constitutes a marginal property on the outer Continental Shelf for purposes of this section.

##### (3) Report

To the extent the Secretary determines that it is not practicable to issue the regulations referred to in paragraph (2), the Secretary shall provide a report to Congress explaining such determination by not later than 18 months after August 8, 2005.

##### (4) Considerations

In issuing regulations under this subsection, the Secretary may consider—

(A) oil and gas prices and market trends;

(B) production costs;

(C) abandonment costs;

(D) Federal and State tax provisions and the effects of those provisions on production economics;

(E) other royalty relief programs;

(F) regional differences in average well-head prices;

- (G) national energy security issues; and
- (H) other relevant matters, as determined by the Secretary.

**(f) Savings provision**

Nothing in this section prevents a lessee from receiving royalty relief or a royalty reduction pursuant to any other law (including a regulation) that provides more relief than the amounts provided by this section.

(Pub. L. 109-58, title III, §343, Aug. 8, 2005, 119 Stat. 700.)

**(a) Royalty incentive regulations for ultra deep gas wells**

**(1) In general**

Not later than 180 days after August 8, 2005, in addition to any other regulations that may provide royalty incentives for natural gas produced from deep wells on oil and gas leases issued pursuant to the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), the Secretary shall issue regulations granting royalty relief suspension volumes of not less than 35 billion cubic feet with respect to the production of natural gas from ultra deep wells on leases issued in shallow waters less than 400 meters deep located in the Gulf of Mexico wholly west of 87 degrees, 30 minutes west longitude. Regulations issued under this subsection shall be retroactive to the date that the notice of proposed rulemaking is published in the Federal Register.

**(2) Suspension volumes**

The Secretary may grant suspension volumes of not less than 35 billion cubic feet in any case in which—

- (A) the ultra deep well is a sidetrack; or
- (B) the lease has previously produced from wells with a perforated interval the top of which is at least 15,000 feet true vertical depth below the datum at mean sea level.

**(3) Definitions**

The suspension volumes for deep wells within 200 to 400 meters of water depth shall be calculated using the same methodology used to calculate the suspension volumes for deep wells in the shallower waters of the Gulf of Mexico, and in no case shall the suspension volumes for deep wells within 200 to 400 meters of water depth be lower than those for deep wells in shallower waters. Regulations issued under this subsection shall be retroactive to the date that the notice of proposed rulemaking is published in the Federal Register.

- (C) production under the lease of natural gas from gas hydrate resources commences prior to January 1, 2018.

**(3) Amount of relief**

The Secretary shall conduct a rulemaking and grant royalty relief under this section as a suspension volume if the Secretary determines that such royalty relief would encourage production of natural gas from gas hydrate resources from an eligible lease. The maximum suspension volume shall be 30 billion cubic feet of natural gas per lease. Such relief shall be in addition to any other royalty relief under any other provision applicable to the lease that does not specifically grant a gas hydrate production incentive. Such royalty suspension volume shall be applied to any eligible production occurring on or after the date of publication of the advanced notice of proposed rulemaking.

**(4) Limitation**

The Secretary may place limitations on royalty relief granted under this section based on market price.

**(c) Application**

This section shall apply to any eligible lease issued before, on, or after August 8, 2005.

**(d) Rulemakings**

**(1) Requirement**

The Secretary shall publish the advanced notice of proposed rulemaking within 180 days after August 8, 2005, and complete the rulemaking implementing this section within 365 days after August 8, 2005.

**(2) Gas hydrate resources defined**

Such regulations shall define the term “gas hydrate resources” to include both the natural gas content of gas hydrates within the hydrate stability zone and free natural gas trapped by and beneath the hydrate stability zone.

**(e) Review**

Not later than 365 days after August 8, 2005, the Secretary, in consultation with the Secretary of Energy, shall carry out a review of, and submit to Congress a report on, further opportunities to enhance production of natural gas from gas hydrate resources on the outer Continental Shelf and on Federal lands in Alaska

through the provision of other production incentives or through technical or financial assistance.

(b)(2)(A), is act Aug. 7, 1953, ch. 345, 67 Stat. 462, as amended, which is classified generally to subchapter III (§1331 et seq.) of chapter 29 of Title 43, Public Lands. **§ 15910. Enhanced oil and natural gas production through carbon dioxide injection**

**(a) Production incentive**

**(1) Findings**

Congress finds the following:

(A) Approximately two-thirds of the original oil in place in the United States remains unproduced.

(B) Enhanced oil and natural gas production from the sequestering of carbon dioxide and other appropriate gases has the potential to increase oil and natural gas production.

(C) Capturing and productively using carbon dioxide would help reduce the carbon intensity of the economy.

**(2) Purpose**

The purpose of this section is—

(A) to promote the capturing, transportation, and injection of produced carbon dioxide, natural carbon dioxide, and other appropriate gases or other matter for sequestration into oil and gas fields; and

(B) to promote oil and natural gas production from the outer Continental Shelf and onshore Federal lands under lease by providing royalty incentives to use enhanced recovery techniques using injection of the substances referred to in subparagraph (A).

**(b) Suspension of royalties**

**(1) In general**

If the Secretary determines that reduction of the royalty under a Federal oil and gas lease that is an eligible lease is in the public interest and promotes the purposes of this section, the Secretary shall undertake a rulemaking to provide for such reduction for an eligible lease.

**(2) Rulemakings**

The Secretary shall publish the advanced notice of proposed rulemaking within 180 days after August 8, 2005, and complete the rulemaking implementing this section within 365 days after August 8, 2005.

**(3) Eligible leases**

A lease shall be an eligible lease for purposes of this section if—

(A) it is a lease for production of oil and gas from the outer Continental Shelf or Federal onshore lands;

(B) the injection of the substances referred to in subsection (a)(2)(A) will be used as an

enhanced recovery technique on such lease; and

(C) the Secretary determines that the lease contains oil or gas that would not likely be produced without the royalty reduction provided under this section.

**(4) Amount of relief**

The rulemaking shall provide for a suspension volume, which shall not exceed 5,000,000 barrels of oil equivalent for each eligible lease. Such suspension volume shall be applied to any production from an eligible lease occurring on or after the date of publication of any advanced notice of proposed rulemaking under this subsection.

**(5) Limitation**

The Secretary may place limitations on the royalty reduction granted under this section based on market price.

**(6) Application**

This section shall apply to any eligible lease issued before, on, or after August 8, 2005.

**(c) Demonstration program**

**(1) Establishment**

**(A) In general**

The Secretary of Energy shall establish a competitive grant program to provide grants to producers of oil and gas to carry out projects to inject carbon dioxide for the purpose of enhancing recovery of oil or natural gas while increasing the sequestration of carbon dioxide.

**(B) Projects**

The demonstration program shall provide for—

(i) not more than 10 projects in the Williston Basin in North Dakota and Montana; and

(ii) 1 project in the Cook Inlet Basin in Alaska.

**(2) Requirements**

**(A) In general**

The Secretary of Energy shall issue requirements relating to applications for grants under paragraph (1).

**(B) Rulemaking**

The issuance of requirements under subparagraph (A) shall not require a rulemaking.

**(C) Minimum requirements**

At a minimum, the Secretary shall require under subparagraph (A) that an application for a grant include—

(i) a description of the project proposed in the application;

(ii) an estimate of the production increase and the duration of the production increase from the project, as compared to conventional recovery techniques, including water flooding;

(iii) an estimate of the carbon dioxide sequestered by project, over the life of the project;

(iv) a plan to collect and disseminate data relating to each project to be funded by the grant;

(v) a description of the means by which the project will be sustainable without Federal assistance after the completion of the term of the grant;

(vi) a complete description of the costs of the project, including acquisition, construction, operation, and maintenance costs over the expected life of the project;

(vii) a description of which costs of the project will be supported by Federal assistance under this section; and

(viii) a description of any secondary or tertiary recovery efforts in the field and the efficacy of water flood recovery techniques used.

### (3) Partners

An applicant for a grant under paragraph (1) may carry out a project under a pilot program in partnership with 1 or more other public or private entities.

### (4) Selection criteria

In evaluating applications under this subsection, the Secretary of Energy shall—

(A) consider the previous experience with similar projects of each applicant; and

(B) give priority consideration to applications that—

(i) are most likely to maximize production of oil and gas in a cost-effective manner;

(ii) sequester significant quantities of carbon dioxide from anthropogenic sources;

(iii) demonstrate the greatest commitment on the part of the applicant to ensure funding for the proposed project and the greatest likelihood that the project will be maintained or expanded after Federal assistance under this section is completed; and

(iv) minimize any adverse environmental effects from the project.

### (5) Demonstration program requirements

#### (A) Maximum amount

The Secretary of Energy shall not provide more than \$3,000,000 in Federal assistance under this subsection to any applicant.

TRANSFORMING OUR NATION'S ELECTRIC GRID THROUGH IMPROVED SITING, PERMITTING, AND REVIEW

Memorandum of President of the United States, June 7, 2013, 78 F.R. 35539, provided:

Memorandum for the Heads of Executive Departments and Agencies

Our Nation's electric transmission grid is the backbone of our economy, a key factor in future economic growth, and a critical component of our energy security. Countries that harness the power of clean, renewable energy will be best positioned to thrive in the global economy while protecting the environment and increasing prosperity. In order to ensure the growth of America's clean energy economy and improve energy security, we must modernize and expand our electric transmission grid. Modernizing our grid will improve energy reliability and resiliency, allowing us to minimize power outages and manage cyber-security threats. By diversifying power sources and reducing congestion, a modernized grid will also create cost savings for consumers and spur economic growth.

Modernizing our Nation's electric transmission grid requires improvements in how transmission lines are sited, permitted, and reviewed. As part of our efforts to improve the performance of Federal siting, permitting, and review processes for infrastructure development, my Administration created a Rapid Response Team for Transmission (RRTT), a collaborative effort involving nine different executive departments and agencies (agencies), which is working to improve the efficiency and effectiveness of transmission siting, permitting, and review, increase interagency coordination and transparency, and increase the predictability of the siting, permitting, and review processes. In furtherance of Executive Order 13604 of March 22, 2012 (Improving Performance of Federal Permitting and Review of Infrastructure Projects), this memorandum builds upon the work of the RRTT to improve the Federal siting, permitting, and review processes for transmission projects. Because a single project may cross multiple governmental jurisdictions over hundreds of miles, robust collaboration among Federal, State, local, and tribal governments must be a critical component of this effort.

An important avenue to improve these processes is the designation of energy right-of-way corridors (energy corridors) on Federal lands. Section 368 of the Energy Policy Act of 2005 (the "Act") (42 U.S.C. 15926), requires the Secretaries of Agriculture, Commerce, Defense, Energy, and the Interior (Secretaries) to undertake a continued effort to identify and designate such energy corridors. Energy corridors include areas on

Federal lands that are most suitable for siting transmission projects because the chosen areas minimize regulatory conflicts and impacts on environmental and cultural resources, and also address concerns of local communities. Designated energy corridors provide an opportunity to co-locate projects and share environmental and cultural resource impact data to reduce overall impacts on environmental and cultural resources and reduce the need for land use plan amendments in support of the authorization of transmission rights-of-way. The designation of energy corridors can help expedite the siting, permitting, and review processes for projects within such corridors, as well as improve the predictability and transparency of these processes. Pursuant to the Act, in 2009, the Secretaries of the Interior and Agriculture each designated energy corridors for the 11 contiguous Western States, as defined in section 368 of the Act. Energy corridors have not yet been designated in States other than those identified as Western States. It is important that agencies build on their existing efforts in a coordinated manner.

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *Principles for Establishing Energy Corridors.*

(a) In carrying out the requirements of this memorandum regarding energy corridors, the Secretaries shall:

(i) collaborate with Member Agencies of the Steering Committee on Federal Infrastructure Permitting and Review Process Improvement (Steering Committee), established by Executive Order 13604, which shall provide prompt and adequate information to ensure that additional corridor designations and revisions are consistent with the statutory responsibilities and activities of the Member Agencies and enable timely actions by the Secretaries;

(ii) focus on facilitating renewable energy resources and improving grid resiliency and comply with the requirements in section 368 of the Act, by ensuring that energy corridors address the need for upgraded and new electric transmission and distribution facilities to improve reliability, relieve congestion, and enhance the capability of the national grid to deliver electricity;

(iii) use integrated project planning and consult with other Federal agencies, State, local, and tribal governments, non-governmental organizations, and the public early in the process of designating the energy corridors, so as to avoid resource conflicts to the extent practicable and make strategic decisions to balance policy priorities;

(iv) collaborate with State, local, and tribal governments to ensure, to the extent practicable, that energy corridors can connect effectively between Federal lands;

(v) minimize the proliferation of dispersed and duplicative rights-of-way crossing Federal lands while acting consistent with subsection (a)(ii) of this section;

(vi) design energy corridors to minimize impacts on environmental and cultural resources to the extent practicable, including impacts that may occur outside the boundaries of Federal lands, and minimize impacts on the Nation's aviation system and the mission of the Armed Forces; and

(vii) develop interagency mitigation plans, where appropriate, for environmental and cultural resources potentially impacted by projects sited in the energy corridors to provide project developers predictability on how to seek first to avoid, then attempt to minimize any negative effects from, and lastly to mitigate such impacts, where otherwise unavoidable. Mitigation plans shall:

(A) be developed at the landscape or watershed scale with interagency collaboration, be based on conservation and resource management plans and regional environmental and cultural resource analyses, and identify priority areas for compensatory mitigation where appropriate;

(B) be developed in consultation with other Federal agencies, State, local, and tribal governments, non-governmental organizations, and the public;

(C) include clear and measurable mitigation goals, apply adaptive management methods, and use performance measures to evaluate outcomes and ensure accountability and the long-term effectiveness of mitigation activities;

(D) include useful mechanisms, such as mitigation banks and in lieu fee programs, where appropriate for achieving statutory and regulatory goals; and

(E) be considered in the energy corridor designation process.

(b) The Secretary of Energy shall assess and synthesize current research related to the requirements set forth in subsection (a)(ii) of this section, such as transmission planning authority studies, congestion studies, and renewable energy assessments. Based on that analysis, the Secretary of Energy shall provide to the Steering Committee a Transmission Corridor Assessment Report (Report) that provides recommendations on how to best achieve the requirements set forth in subsection (a)(ii) of this section. Where research is available, the Report shall include an assessment of whether investment in co-locating with or upgrading existing transmission facilities, distributed generation, improved energy efficiency, or demand response may play a role in meeting these requirements. In preparing the Report, the Secretary of Energy shall consult with Federal, State, local, and tribal governments, affected industries, environmental and community representatives, transmission planning authorities, and other interested parties. The Report shall be provided in two parts. The first part, which shall provide recommendations with respect to the Western States, shall be provided by December 1, 2013, and the second part, which shall provide recommendations with respect to States other than the Western States, shall be provided by April 1, 2014.

**SEC. 2. Energy Corridors for the Western States.** (a) The Secretaries shall strongly encourage the use of designated energy corridors on Federal land in the Western States where the energy corridors are consistent with the requirements in this memorandum and other applicable requirements, unless it can be demonstrated that a project cannot be constructed within a designated corridor due to resource constraints on Federal lands. Additionally, the Secretaries, pursuant to section 368 of the Act, shall continue to evaluate designated energy corridors to determine the necessity for revisions, deletions, or additions to those energy corridors. Also, the Secretaries, coordinated by the Secretaries of the Interior and Agriculture, shall:

(i) by July 12, 2013, provide to the Steering Committee a plan for producing the Western corridor study and regional corridor assessments (as specified in subsection (a)(ii) and (a)(iii) of this section), which shall include descriptions of timelines and milestones, existing resources to be utilized, plans for collaborating with Member Agencies, and plans for consulting with other Federal agencies, State, local, and tribal governments, affected industries, environmental and community representatives, and other interested parties;

(ii) within 12 months of completion of the plan pursuant to subsection (a)(i) of this section, provide to the Steering Committee a Western corridor study, which shall assess the utility of the existing designated energy corridors;

(iii) provide to the Steering Committee regional corridor assessments, which shall examine the need for additions, deletions, and revisions to the existing energy corridors for the Western States by region. The regional corridor assessments shall evaluate energy corridors based on the requirements set forth in subsection (a) of section 1, the Report issued pursuant to subsection (b) of section 1, and the Western corridor study. The regional corridor assessments shall be completed promptly, depending on resource availability, with at least the first assessment completed within 12 months of completion of the plan pursuant to subsection (a)(i) of this section;

(iv) by November 12, 2014, provide to the Steering Committee and the Office of Management and Budget

(OMB) an implementation plan for achieving the requirements set forth in subsections (a)(v) and (a)(vi) of this section based on the regional corridor assessments. The implementation plan shall include timelines and milestones that prioritize coordinated agency actions and a detailed budget;

(v) promptly after the completion of the regional corridor assessments and prioritized based on the availability of resources, undertake coordinated land use planning and environmental and cultural resource review processes to consider additions, deletions, or revisions to the current Western energy corridors, consistent with the requirements set forth in subsection (a) of section 1, the Report required issued pursuant to subsection (b) of section 1, and the Western corridor study; and

(vi) as appropriate, after completing the required environmental and cultural resource analyses, promptly incorporate the designated Western corridor additions, deletions, or revisions and any mitigation plans developed pursuant to subsection (a)(vii) of section 1 into relevant agency land use and resource management plans or equivalent plans prioritized based on the availability of resources.

(b) The Member Agencies, where authorized, shall complete any required land use planning, internal policy, and interagency agreements to formalize the designation of energy corridors implemented pursuant to subsection (a)(vi) of this section. The Secretaries and Member Agencies shall also develop and implement a process for expediting applications for applicants whose projects are sited primarily within the designated energy corridors in the Western States, and who have committed to implement the necessary mitigation activities, including those required by the interagency mitigation plans required by subsection (a)(vii) of section 1.

**SEC. 3. Energy Corridors for the Non-Western States.** The Secretaries, in collaboration with the Member Agencies, shall continue to analyze where energy corridors on Federal land in States other than those identified as Western States may be necessary to address the recommendations in the Report issued pursuant to subsection (b) of section 1 and the requirements set forth in subsection (a) of section 1, and to expedite the siting, permitting, and review of electric transmission projects on Federal lands in those States. By September 1, 2014, the Secretaries shall provide the Steering Committee with updated recommendations regarding designating energy corridors in those States.

**SEC. 4. Improved Transmission Siting, Permitting, and Review Processes.** (a) Member Agencies shall develop an integrated, interagency pre-application process for significant onshore electric transmission projects requiring Federal approval. The process shall be designed to: promote predictability in the Federal siting, permitting, and review processes; encourage early engagement, coordination, and collaboration of Federal, State, local, and tribal governments, non-governmental organizations, and the public; increase the use of integrated project planning early in the siting, permitting, and review processes; facilitate early identification of issues that could diminish the likelihood that projects will ultimately be permitted; promote early planning for integrated and strategic mitigation plans; expedite siting, permitting, and review processes through a mutual understanding of the needs of all affected Federal agencies and State, local, and tribal governments; and improve environmental and cultural outcomes.

By September 30, 2013, Member Agencies shall provide to the Chief Performance Officer (CPO) and the Chair of the Council on Environmental Quality a plan, including timelines and milestones, for implementing this process.

(b) In implementing Executive Order 13604, Member Agencies shall:

(i) improve siting, permitting, and review processes for all electric transmission projects, both onshore and offshore, requiring Federal approval. Such improvements shall include: increasing efficiency and inter-

agency coordination; increasing accountability; ensuring an efficient decision-making process within each agency; to the extent possible, unifying and harmonizing processes among agencies; improving consistency and transparency within each agency and among all agencies; improving environmental and cultural outcomes; providing mechanisms for early and frequent public and local community outreach; and enabling innovative mechanisms for mitigation and mitigation at the landscape or watershed scale; and

(ii) facilitate coordination, integration, and harmonization of the siting, permitting, and review processes of Federal, State, local, and tribal governments for transmission projects to reduce the overall regulatory burden while improving environmental and cultural outcomes.

**SEC. 5. General Provisions.** (a) The Secretaries and the Member Agencies shall coordinate the activities required by this memorandum with the Steering Committee and shall report to the Steering Committee their progress on meeting the milestones identified pursuant to this memorandum, consistent with the plans developed pursuant to sections 2 and 4 of this memorandum. The CPO shall report on the implementation of this memorandum in the report to the President submitted pursuant to section 2(e) of Executive Order 13604.

(b) In carrying out their responsibilities under this memorandum, Member Agencies shall consult relevant independent agencies, including the Federal Energy Regulatory Commission.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This memorandum shall be implemented consistent with Executive Order 13175 of November 6, 2000 (Consultation and Coordination with Indian Tribal Governments) and my memorandum of November 5, 2009 (Tribal Consultation).

(e) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of OMB relating to budgetary, administrative, or legislative proposals.

(f) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(g) The Director of OMB is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

PART D—REFINERY REVITALIZATION

**§ 15951. Findings and definitions**

**(a) Findings**

Congress finds that—

(1) it serves the national interest to increase petroleum refining capacity for gasoline, heat-

ing oil, diesel fuel, jet fuel, kerosene, and petrochemical feedstocks wherever located within the United States, to bring more supply to the markets for the use of the American people;

(2) United States demand for refined petroleum products currently exceeds the country's petroleum refining capacity to produce such products;

(3) this excess demand has been met with increased imports;

(4) due to lack of capacity, refined petroleum product imports are expected to grow from 7.9 percent to 10.7 percent of total refined product by 2025;

(5) refiners are still subject to significant environmental and other regulations and face several new requirements under the Clean Air Act (42 U.S.C. 7401 et seq.) over the next decade; and

(6) better coordination of Federal and State regulatory reviews may help facilitate siting and construction of new refineries to meet the demand in the United States for refined products.

#### (b) Definitions

In this part:

##### (1) Administrator

The term "Administrator" means the Administrator of the Environmental Protection Agency.

##### (2) State

The term "State" means—

#### EX. ORD. NO. 13605. SUPPORTING SAFE AND RESPONSIBLE DEVELOPMENT OF UNCONVENTIONAL DOMESTIC NATURAL GAS RESOURCES

Ex. Ord. No. 13605, Apr. 13, 2012, 77 F.R. 23107, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to coordinate the efforts of Federal agencies responsible for overseeing the safe and responsible development of unconventional domestic natural gas resources and associated infrastructure and to help reduce our dependence on oil, it is hereby ordered as follows:

SECTION 1. *Policy.* In 2011, natural gas provided 25 percent of the energy consumed in the United States. Its

production creates jobs and provides economic benefits to the entire domestic production supply chain, as well as to chemical and other manufacturers, who benefit from lower feedstock and energy costs. By helping to power our transportation system, greater use of natural gas can also reduce our dependence on oil. And with appropriate safeguards, natural gas can provide a cleaner source of energy than other fossil fuels.

For these reasons, it is vital that we take full advantage of our natural gas resources, while giving American families and communities confidence that natural and cultural resources, air and water quality, and public health and safety will not be compromised.

While natural gas production is carried out by private firms, and States are the primary regulators of onshore oil and gas activities, the Federal Government has an important role to play by regulating oil and gas activities on public and Indian trust lands, encouraging greater use of natural gas in transportation, supporting research and development aimed at improving the safety of natural gas development and transportation activities, and setting sensible, cost-effective public health and environmental standards to implement Federal law and augment State safeguards.

Because efforts to promote safe, responsible, and efficient development of unconventional domestic natural gas resources are underway at a number of executive departments and agencies (agencies), close interagency coordination is important for effective implementation of these programs and activities. To formalize and promote ongoing interagency coordination, this order establishes a high-level, interagency working group that will facilitate coordinated Administration policy efforts to support safe and responsible unconventional domestic natural gas development.

SEC. 2. *Interagency Working Group to Support Safe and Responsible Development of Unconventional Domestic Natural Gas Resources.* There is established an Interagency Working Group to Support Safe and Responsible Development of Unconventional Domestic Natural Gas Resources (Working Group), to be chaired by the Director of the Domestic Policy Council, or a designated representative.

(a) *Membership.* In addition to the Chair, the Working Group shall include deputy-level representatives or equivalent officials, designated by the head of the respective agency or office, from:

- (i) the Department of Defense;
- (ii) the Department of the Interior;
- (iii) the Department of Agriculture;
- (iv) the Department of Commerce;
- (v) the Department of Health and Human Services;
- (vi) the Department of Transportation;
- (vii) the Department of Energy;
- (viii) the Department of Homeland Security;
- (ix) the Environmental Protection Agency;
- (x) the Council on Environmental Quality;
- (xi) the Office of Science and Technology Policy;
- (xii) the Office of Management and Budget;
- (xiii) the National Economic Council; and
- (xiv) such other agencies or offices as the Chair may invite to participate.

(b) *Functions.* Consistent with the authorities and responsibilities of participating agencies and offices, the Working Group shall support the safe and responsible production of domestic unconventional natural gas by performing the following functions:

- (i) coordinate agency policy activities, ensuring their efficient and effective operation and facilitating cooperation among agencies, as appropriate;
- (ii) coordinate among agencies the sharing of scientific, environmental, and related technical and economic information;
- (iii) engage in long-term planning and ensure coordination among the appropriate Federal entities with respect to such issues as research, natural resource assessment, and the development of infrastructure;
- (iv) promote interagency communication with stakeholders; and
- (v) consult with other agencies and offices as appropriate.

SEC. 3. *General Provisions.* (a) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(b) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

BARACK OBAMA.

Upon receiving a matched Internet identifier, the social networking website may make a request of the Attorney General for, and the Attorney General shall provide promptly, information related to the identity of the individual that has registered the matched Internet identifier. This information is limited to the name, sex, resident address, photograph, and physical description.

(6) the identity and address of, and contact information for, any contractor that will be used by the social networking website to use the system; and

(7) such other information or attestations as the Attorney General may require to ensure that the website will use the system—

Neither the Attorney General nor a social networking website approved to use the system may release to the public any list of the Internet identifiers of sex offenders contained in the system.

**(B) Additional limitations**

The Attorney General shall limit the release of information obtained through the use of the system established under subsection (a) by social networking websites approved to use such system.

**(C) Strict adherence to limitation**

The use of the system established under subsection (a) by a social networking website shall be conditioned on the website's agreement to observe the limitations required under this paragraph.

This subsection shall not be construed to limit the authority of the Attorney General under any other provision of law to conduct or to allow searches or checks against sex offender registration information.

**(4) Payment of fee**

A social networking website approved to use the system shall pay any fee established by the Attorney General for use of the system.

**(5) Limitation on liability**

**(A) In general**

A civil claim against a social networking website, including any director, officer, employee, parent, contractor, or agent of that social networking website, arising from the use by such website of the National Sex Offender Registry, may not be brought in any Federal or State court.

**(B) Intentional, reckless, or other misconduct**

### § 16985. Grants for Rape, Abuse & Incest National Network

#### (a) Findings

Congress finds as follows:

(1) More than 200,000 Americans each year are victims of sexual assault, according to the Department of Justice.

(2) In 2004, 1 American was sexually assaulted every 2.5 minutes.

(3) One of every 6 women, and 1 of every 133 men, in America has been the victim of a completed or attempted rape, according to the Department of Justice.

(4) The Federal Bureau of Investigation ranks rape second in the hierarchy of violent crimes for its Uniform Crime Reports, trailing only murder.

(5) The Federal Government, through the Victims of Crime Act [42 U.S.C. 10601 et seq.], Violence Against Women Act, and other laws, has long played a role in providing services to sexual assault victims and in seeking policies to increase the number of rapists brought to justice.

(6) Research suggests that sexual assault victims who receive counseling support are more likely to report their attack to the police and to participate in the prosecution of the offender.

(7) Due in part to the combined efforts of law enforcement officials at the local, State, and Federal level, as well as the efforts of the Rape, Abuse & Incest National Network (RAINN) and its affiliated rape crisis centers across the United States, sexual violence in America has fallen by more than half since 1994.

(8) RAINN, a 501(c)(3) nonprofit corporation headquartered in the District of Columbia, has since 1994 provided help to victims of sexual assault and educated the public about sexual assault prevention, prosecution, and recovery.

(9) RAINN established and continues to operate the National Sexual Assault Hotline, a free, confidential telephone hotline that provides help, 24 hours a day, to victims nationally.

(10) More than 1,100 local rape crisis centers in the 50 States and the District of Columbia partner with RAINN and are members of the National Sexual Assault Hotline network (which has helped more than 970,000 people since its inception in 1994).

(11) To better serve victims of sexual assault, 80 percent of whom are under age 30 and 44 percent of whom are under age 18, RAINN will soon launch the National Sexual Assault Online Hotline, the web's first secure hotline service offering live help 24 hours a day.

(12) Congress and the Department of Justice have given RAINN funding to conduct its crucial work.

(13) RAINN is a national model of public/private partnership, raising private sector funds to match congressional appropriations and receiving extensive private in-kind support, including advanced technology provided by the communications and technology industries to launch the National Sexual Assault Hotline and the National Sexual Assault Online Hotline.

(14) Worth magazine selected RAINN as one of "America's 100 Best Charities", in recognition of the organization's "efficiency and effectiveness."<sup>1</sup>

(15) In fiscal year 2005, RAINN spent more than 91 cents of every dollar received directly on program services.

(16) The demand for RAINN's services is growing dramatically, as evidenced by the fact that, in 2005, the National Sexual Assault Hotline helped 137,039 people, an all-time record.

(17) The programs sponsored by RAINN and its local affiliates have contributed to the increase in the percentage of victims who report their rape to law enforcement.

(18) According to a recent poll, 92 percent of American women said that fighting sexual and domestic violence should be a top public policy priority (a higher percentage than chose health care, child care, or any other issue).

(19) Authorizing Federal funds for RAINN's national programs would promote continued progress with this interstate problem and would make a significant difference in the prosecution of rapists and the overall incidence of sexual violence.

<sup>1</sup> See References in Text note below.

(2) any other record relating to child abuse or neglect, regardless of whether the report of abuse or neglect was substantiated, unsubstantiated, or determined to be unfounded.

**§ 17373. Convention on Supplementary Compensation for Nuclear Damage contingent cost allocation****(a) Findings and purpose****(1) Findings**

Congress finds that—

(A) section 2210 of this title (commonly known as the “Price-Anderson Act”)—

(i) provides a predictable legal framework necessary for nuclear projects; and

(ii) ensures prompt and equitable compensation in the event of a nuclear incident in the United States;

(B) the Price-Anderson Act, in effect, provides operators of nuclear powerplants with insurance for damage arising out of a nuclear incident and funds the insurance primarily through the assessment of a retrospective premium from each operator after the occurrence of a nuclear incident;

(C) the Convention on Supplementary Compensation for Nuclear Damage, done at Vienna on September 12, 1997, will establish a global system—

(i) to provide a predictable legal framework necessary for nuclear energy projects; and

(ii) to ensure prompt and equitable compensation in the event of a nuclear incident;

(D) the Convention benefits United States nuclear suppliers that face potentially unlimited liability for nuclear incidents that are not covered by the Price-Anderson Act by replacing a potentially open-ended liability with a predictable liability regime that, in effect, provides nuclear suppliers with insurance for damage arising out of such an incident;

(E) the Convention also benefits United States nuclear facility operators that may be publicly liable for a Price-Anderson incident by providing an additional early source of funds to compensate damage arising out of the Price-Anderson incident;

(F) the combined operation of the Convention, the Price-Anderson Act, and this section will augment the quantity of assured funds available for victims in a wider variety of nuclear incidents while reducing the potential liability of United States suppliers without increasing potential costs to United States operators;

(G) the cost of those benefits is the obligation of the United States to contribute to the supplementary compensation fund established by the Convention;

(H) any such contribution should be funded in a manner that does not—

(i) upset settled expectations based on the liability regime established under the Price-Anderson Act; or

(ii) shift to Federal taxpayers liability risks for nuclear incidents at foreign installations;

(I) with respect to a Price-Anderson incident, funds already available under the Price-Anderson Act should be used; and

(J) with respect to a nuclear incident outside the United States not covered by the Price-Anderson Act, a retrospective premium should be prorated among nuclear suppliers relieved from potential liability for which insurance is not available.

## (2) Purpose

The purpose of this section is to allocate the contingent costs associated with participation by the United States in the international nuclear liability compensation system established by the Convention on Supplementary Compensation for Nuclear Damage, done at Vienna on September 12, 1997—

(A) with respect to a Price-Anderson incident, by using funds made available under section 2210 of this title to cover the contingent costs in a manner that neither increases the burdens nor decreases the benefits under section 2210 of this title; and

(B) with respect to a covered incident outside the United States that is not a Price-Anderson incident, by allocating the contingent costs equitably, on the basis of risk, among the class of nuclear suppliers relieved by the Convention from the risk of potential liability resulting from any covered incident outside the United States.

### § 17501. Purposes; findings

#### (a) Purposes

The purposes of the Act are—

(1) to break the cycle of criminal recidivism, increase public safety, and help States, local units of government, and Indian Tribes, better address the growing population of criminal offenders who return to their communities and commit new crimes;

(2) to rebuild ties between offenders and their families, while the offenders are incarcerated and after reentry into the community, to promote stable families and communities;

(3) to encourage the development and support of, and to expand the availability of, evidence-based programs that enhance public safety and reduce recidivism, such as substance abuse treatment, alternatives to incarceration, and comprehensive reentry services;

(4) to protect the public and promote law-abiding conduct by providing necessary services to offenders, while the offenders are incarcerated and after reentry into the community, in a manner that does not confer luxuries or privileges upon such offenders;

(5) to assist offenders reentering the community from incarceration to establish a self-sustaining and law-abiding life by providing sufficient transitional services for as short of a period as practicable, not to exceed one year, unless a longer period is specifically determined to be necessary by a medical or other appropriate treatment professional; and

(6) to provide offenders in prisons, jails or juvenile facilities with educational, literacy, vocational, and job placement services to facilitate re-entry into the community.

#### (b) Findings

Congress finds the following:

(1) In 2002, over 7,000,000 people were incarcerated in Federal or State prisons or in local jails. Nearly 650,000 people are released from Federal and State incarceration into communities nationwide each year.

(2) There are over 3,200 jails throughout the United States, the vast majority of which are operated by county governments. Each year, these jails will release more than 10,000,000 people back into the community.

(3) Recent studies indicate that over ⅔ of released State prisoners are expected to be re-arrested for a felony or serious misdemeanor within 3 years after release.

(4) According to the Bureau of Justice Statistics, expenditures on corrections alone increased from \$9,000,000,000 in 1982, to \$59,600,000,000 in 2002. These figures do not include the cost of arrest and prosecution, nor do they take into account the cost to victims.

(5) The Serious and Violent Offender Reentry Initiative (SVORI) provided \$139,000,000 in funding for State governments to develop and implement education, job training, mental health treatment, and substance abuse treatment for serious and violent offenders. This

Act seeks to build upon the innovative and successful State reentry programs developed under the SVORI, which terminated after fiscal year 2005.

(6) Between 1991 and 1999, the number of children with a parent in a Federal or State correctional facility increased by more than 100 percent, from approximately 900,000 to approximately 2,000,000. According to the Bureau of Prisons, there is evidence to suggest that inmates who are connected to their children and families are more likely to avoid negative incidents and have reduced sentences.

(7) Released prisoners cite family support as the most important factor in helping them stay out of prison. Research suggests that families are an often underutilized resource in the reentry process.

(8) Approximately 100,000 juveniles (ages 17 years and under) leave juvenile correctional facilities, State prison, or Federal prison each year. Juveniles released from secure confinement still have their likely prime crime years ahead of them. Juveniles released from secure confinement have a recidivism rate ranging from 55 to 75 percent. The chances that young people will successfully transition into society improve with effective reentry and aftercare programs.

(9) Studies have shown that between 15 percent and 27 percent of prisoners expect to go to homeless shelters upon release from prison.

(10) Fifty-seven percent of Federal and 70 percent of State inmates used drugs regularly before going to prison, and the Bureau of Justice statistics report titled "Trends in State Parole, 1990-2000" estimates the use of drugs or alcohol around the time of the offense that resulted in the incarceration of the inmate at as high as 84 percent.

(11) Family-based treatment programs have proven results for serving the special populations of female offenders and substance abusers with children. An evaluation by the Substance Abuse and Mental Health Services Administration of family-based treatment for substance-abusing mothers and children found that 6 months after such treatment, 60 percent of the mothers remained alcohol and drug free, and drug-related offenses declined from 28 percent to 7 percent. Additionally, a 2003 evaluation of residential family-based treatment programs revealed that 60 percent of mothers remained clean and sober 6 months after treatment, criminal arrests declined by 43 percent, and 88 percent of the children treated in the program with their mothers remained stabilized.

(12) A Bureau of Justice Statistics analysis indicated that only 33 percent of Federal inmates and 36 percent of State inmates had participated in residential in-patient treatment programs for alcohol and drug abuse 12 months before their release. Further, over one-third of all jail inmates have some physical or mental disability and 25 percent of jail inmates have been treated at some time for a mental or emotional problem.

(13) State Substance Abuse Agency Directors, also known as Single State Authorities, manage the publicly funded substance abuse

prevention and treatment system of the Nation. Single State Authorities are responsible for planning and implementing statewide systems of care that provide clinically appropriate substance abuse services. Given the high rate of substance use disorders among offenders reentering our communities, successful reentry programs require close interaction and collaboration with each Single State Authority as the program is planned, implemented, and evaluated.

(14) According to the National Institute of Literacy, 70 percent of all prisoners function at the lowest literacy levels.

(15) Less than 32 percent of State prison inmates have a high school diploma or a higher level of education, compared to 82 percent of the general population.

(16) Approximately 38 percent of inmates who completed 11 years or less of school were not working before entry into prison.

(17) The percentage of State prisoners participating in educational programs decreased by more than 8 percent between 1991 and 1997, despite growing evidence of how educational programming while incarcerated reduces recidivism.

(18) The National Institute of Justice has found that 1 year after release, up to 60 percent of former inmates are not employed.

(19) Transitional jobs programs have proven to help people with criminal records to successfully return to the workplace and to the community, and therefore can reduce recidivism.

(F) collect information about a prisoner's family relationships, parental responsibilities, and contacts with children to help prisoners maintain important familial relationships and support systems during incarceration and after release from custody; and

(G) provide incentives for prisoner participation in skills development programs.

(2) Incentives for a prisoner who participates in reentry and skills development programs which may, at the discretion of the Director, include—

(A) the maximum allowable period in a community confinement facility; and

(1) to enhance case planning and implementation of reentry programs, policies, and guidelines;

(2) to improve such transition to the community, including placement of such individuals in community corrections facilities; and

**(A) Annual report required**

**(i) In general**

At the end of each fiscal year, the Director shall submit to the Committee on the Judiciary of the Senate and the Committee on the Judiciary of the House of Representatives a report containing statistics demonstrating the relative reduction in recidivism for inmates released by the Bureau of Prisons within that fiscal year and the 2 prior fiscal years, comparing inmates who participated in major inmate programs (including residential drug treatment, vocational training, and prison industries) with inmates who did not participate in such programs. Such statistics shall be compiled separately for each such fiscal year.

A business associate of a covered entity that accesses, maintains, retains, modifies, records, stores, destroys, or otherwise holds, uses, or discloses unsecured protected health information shall, following the discovery of a breach of such information, notify the covered entity of such breach. Such notice shall include the identification of each individual whose unsecured protected health information has been, or is reasonably believed by the business associate to have been, accessed, acquired, or disclosed during such breach.

For purposes of this section, a breach shall be treated as discovered by a covered entity or by a business associate as of the first day on which such breach is known to such entity or associate, respectively, (including any person, other than the individual committing the breach, that is an employee, officer, or other agent of such entity or associate, respectively) or should reasonably have been known to such entity or associate (or person) to have occurred.

#### (d) Timeliness of notification

##### (1) In general

Subject to subsection (g), all notifications required under this section shall be made without unreasonable delay and in no case later than 60 calendar days after the discovery

of a breach by the covered entity involved (or business associate involved in the case of a notification required under subsection (b)).

The notification may be provided in one or more mailings as information is available.

(B) In the case in which there is insufficient, or out-of-date contact information (including a phone number, email address, or any other form of appropriate communication) that precludes direct written (or, if specified by the individual under subparagraph (A), electronic) notification to the individual, a substitute form of notice shall be provided, including, in the case that there are 10 or more individuals for which there is insufficient or out-of-date contact information, a conspicuous posting for a period determined by the Secretary on the home page of the Web site of the covered entity involved or notice in major print or broadcast media, including major media in geographic areas where the individuals affected by the breach likely reside. Such a notice in media or web posting will include a toll-free phone number where an individual can learn whether or not the individual's unsecured protected health information is possibly included in the breach.

(C) In any case deemed by the covered entity involved to require urgency because of possible imminent misuse of unsecured protected health information, the covered entity, in addition to notice provided under subparagraph (A), may provide information to individuals by telephone or other means, as appropriate.

##### (2) Media notice

Notice shall be provided to prominent media outlets serving a State or jurisdiction, following the discovery of a breach described in subsection (a), if the unsecured protected health information of more than 500 residents of such State or jurisdiction is, or is reasonably believed to have been, accessed, acquired, or disclosed during such breach.

**(b) Disclosures required to be limited to the limited data set or the minimum necessary**

**(1) In general**

**(A) In general**

Subject to subparagraph (B), a covered entity shall be treated as being in compliance with section 164.502(b)(1) of title 45, Code of Federal Regulations, with respect to the use, disclosure, or request of protected health information described in such section, only if the covered entity limits such protected health information, to the extent practicable, to the limited data set (as defined in section 164.514(e)(2) of such title) or, if needed by such entity, to the minimum necessary to accomplish the intended purpose of such use, disclosure, or request, respectively.

**(3) Process**

In response to an<sup>3</sup> request from an individual for an accounting, a covered entity shall elect to provide either an—

(A) accounting, as specified under paragraph (1), for disclosures of protected health information that are made by such covered entity and by a business associate acting on behalf of the covered entity; or

(B) accounting, as specified under paragraph (1), for disclosures that are made by such covered entity and provide a list of all business associates acting on behalf of the covered entity, including contact information for such associates (such as mailing address, phone, and email address).

A business associate included on a list under subparagraph (B) shall provide an accounting of disclosures (as required under paragraph (1) for a covered entity) made by the business associate upon a request made by an individual directly to the business associate for such an accounting.

(ii) subparagraph (B) be later than 2013.

**(d) Prohibition on sale of electronic health records or protected health information**

**(1) In general**

Except as provided in paragraph (2), a covered entity or business associate shall not directly or indirectly receive remuneration in exchange for any protected health information of an individual unless the covered entity obtained from the individual, in accordance with section 164.508 of title 45, Code of Federal Regulations, a valid authorization that includes,

(C) The purpose of the exchange is for the treatment of the individual, subject to any regulation that the Secretary may promulgate to prevent protected health information from inappropriate access, use, or disclosure.

(D) The purpose of the exchange is the health care operation specifically described in subparagraph (iv) of paragraph (6) of the definition of healthcare operations in section 164.501 of title 45, Code of Federal Regulations.

(E) The purpose of the exchange is for remuneration that is provided by a covered entity to a business associate for activities involving the exchange of protected health information that the business associate undertakes on behalf of and at the specific request of the covered entity pursuant to a business associate agreement.

(F) The purpose of the exchange is to provide an individual with a copy of the individual's protected health information pursuant to section 164.524 of title 45, Code of Federal Regulations.

(G) The purpose of the exchange is otherwise determined by the Secretary in regulations to be similarly necessary and appropriate as the exceptions provided in subparagraphs (A) through (F).

**(3) Regulations**

Not later than 18 months after February 17, 2009, the Secretary shall promulgate regulations to carry out this subsection. In promulgating such regulations, the Secretary—

(A) shall evaluate the impact of restricting the exception described in paragraph (2)(A) to require that the price charged for the purposes described in such paragraph reflects the costs of the preparation and transmittal of the data for such purpose, on research or public health activities, including those conducted by or for the use of the Food and Drug Administration; and

(B) may further restrict the exception described in paragraph (2)(A) to require that the price charged for the purposes described in such paragraph reflects the costs of the preparation and transmittal of the data for such purpose, if the Secretary finds that such further restriction will not impede such research or public health activities.

**(4) Effective date**

Paragraph (1) shall apply to exchanges occurring on or after the date that is 6 months after the date of the promulgation of final regulations implementing this subsection.

**(e) Access to certain information in electronic format**

(1) the individual shall have a right to obtain from such covered entity a copy of such information in an electronic format and, if the individual chooses, to direct the covered entity to transmit such copy directly to an entity or person designated by the individual, provided that any such choice is clear, conspicuous, and specific; and

(2) notwithstanding paragraph (c)(4) of such section, any fee that the covered entity may impose for providing such individual with a copy of such information (or a summary or explanation of such information) if such copy (or summary or explanation) is in an electronic form shall not be greater than the entity's labor costs in responding to the request for the copy (or summary or explanation).

Not later than 90 days after March 23, 2010, the Secretary shall establish a temporary high risk health insurance pool program to provide health insurance coverage for eligible individuals during the period beginning on the date on which such program is established and ending on January 1, 2014.

**(b) Administration**

**(1) In general**

The Secretary may carry out the program under this section directly or through contracts to eligible entities.

**(2) Eligible entities**

To be eligible for a contract under paragraph (1), an entity shall—

- (A) be a State or nonprofit private entity;  
(B) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require; and  
(C) agree to utilize contract funding to establish and administer a qualified high risk pool for eligible individuals.

**(3) Maintenance of effort**

To be eligible to enter into a contract with the Secretary under this subsection, a State shall agree not to reduce the annual amount the State expended for the operation of one or more State high risk pools during the year preceding the year in which such contract is entered into.

**(c) Qualified high risk pool**

**(1) In general**

Amounts made available under this section shall be used to establish a qualified high risk pool that meets the requirements of paragraph (2).

**(2) Requirements**

A qualified high risk pool meets the requirements of this paragraph if such pool—

- (A) provides to all eligible individuals health insurance coverage that does not im-

pose any preexisting condition exclusion with respect to such coverage;

(B) provides health insurance coverage—

(i) in which the issuer's share of the total allowed costs of benefits provided under such coverage is not less than 65 percent of such costs; and

(ii) that has an out of pocket limit not greater than the applicable amount described in section 223(c)(2) of title 26 for the year involved, except that the Secretary may modify such limit if necessary to ensure the pool meets the actuarial value limit under clause (i);

(C) ensures that with respect to the premium rate charged for health insurance coverage offered to eligible individuals through the high risk pool, such rate shall—

(i) except as provided in clause (ii), vary only as provided for under section 300gg of this title (as amended by this Act and notwithstanding the date on which such amendments take effect);

(2) has not been covered under creditable coverage (as defined in section 300gg(c)(1) of this title as in effect on March 23, 2010) during the 6-month period prior to the date on which such individual is applying for coverage through the high risk pool; and

(3) has a pre-existing condition, as determined in a manner consistent with guidance issued by the Secretary.

**(e) Protection against dumping risk by insurers**

**(1) In general**

The Secretary shall establish criteria for determining whether health insurance issuers and employment-based health plans have discouraged an individual from remaining enrolled in prior coverage based on that individual's health status.

**(2) Sanctions**

An issuer or employment-based health plan shall be responsible for reimbursing the program under this section for the medical expenses incurred by the program for an individual who, based on criteria established by the Secretary, the Secretary finds was encouraged by the issuer to disenroll from health benefits coverage prior to enrolling in coverage through the program. The criteria shall include at least the following circumstances:

- (A) In the case of prior coverage obtained through an employer, the provision by the employer, group health plan, or the issuer of

money or other financial consideration for disenrolling from the coverage.

(B) In the case of prior coverage obtained directly from an issuer or under an employment-based health plan—

(i) the provision by the issuer or plan of money or other financial consideration for disenrolling from the coverage; or

(ii) in the case of an individual whose premium for the prior coverage exceeded the premium required by the program (adjusted based on the age factors applied to the prior coverage)—

(I) the prior coverage is a policy that is no longer being actively marketed (as defined by the Secretary) by the issuer; or

(II) the prior coverage is a policy for which duration of coverage form<sup>1</sup> issue or health status are factors that can be considered in determining premiums at renewal.

### (3) Construction

Nothing in this subsection shall be construed as constituting exclusive remedies for violations of criteria established under paragraph (1) or as preventing States from applying or enforcing such paragraph or other provisions under law with respect to health insurance issuers.

### (f) Oversight

The Secretary shall establish—

(1) an appeals process to enable individuals to appeal a determination under this section; and

(2) procedures to protect against waste, fraud, and abuse.

### (g) Funding; termination of authority

#### (1) In general

There is appropriated to the Secretary, out of any moneys in the Treasury not otherwise appropriated, \$5,000,000,000 to pay claims against (and the administrative costs of) the high risk pool under this section that are in excess of the amount of premiums collected from eligible individuals enrolled in the high risk pool. Such funds shall be available without fiscal year limitation.

#### (2) Insufficient funds

If the Secretary estimates for any fiscal year that the aggregate amounts available for the payment of the expenses of the high risk pool will be less than the actual amount of such expenses, the Secretary shall make such adjustments as are necessary to eliminate such deficit.

### (3) Termination of authority

#### (A) In general

Except as provided in subparagraph (B), coverage of eligible individuals under a high risk pool in a State shall terminate on January 1, 2014.

#### (B) Transition to Exchange

The Secretary shall develop procedures to provide for the transition of eligible individ-

uals enrolled in health insurance coverage offered through a high risk pool established under this section into qualified health plans offered through an Exchange. Such procedures shall ensure that there is no lapse in coverage with respect to the individual and may extend coverage after the termination of the risk pool involved, if the Secretary determines necessary to avoid such a lapse.

### (4) Limitations

The Secretary has the authority to stop taking applications for participation in the program under this section to comply with the funding limitation provided for in paragraph (1).

### (5) Relation to State laws

## § 18002. Reinsurance for early retirees

### (a) Administration

#### (1) In general

Not later than 90 days after March 23, 2010, the Secretary shall establish a temporary reinsurance program to provide reimbursement to participating employment-based plans for a portion of the cost of providing health insurance coverage to early retirees (and to the eligible spouses, surviving spouses, and dependents of such retirees) during the period beginning on the date on which such program is established and ending on January 1, 2014.

#### (2) Reference

In this section:

##### (A) Health benefits

The term ‘‘health benefits’’ means medical, surgical, hospital, prescription drug, and such other benefits as shall be determined by the Secretary, whether self-funded, or delivered through the purchase of insurance or otherwise.

##### (B) Employment-based plan

The term ‘‘employment-based plan’’ means a group benefits plan providing health benefits that—

<sup>1</sup> So in original. Probably should be ‘‘from’’.

(i) is—

(I) maintained by one or more current or former employers (including without limitation any State or local government or political subdivision thereof or any agency or instrumentality of any of the foregoing), employee organization, a voluntary employees' beneficiary association, or a committee or board of individuals appointed to administer such plan; or

(II) a multiemployer plan (as defined in section 1002(37) of title 29); and

(ii) provides health benefits to early retirees.

**(C) Early retirees**

The term "early retirees" means individuals who are age 55 and older but are not eligible for coverage under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], and who are not active employees of an employer maintaining, or currently contributing to, the employment-based plan or of any employer that has made substantial contributions to fund such plan.

**(b) Participation**

**(1) Employment-based plan eligibility**

A participating employment-based plan is an employment-based plan that—

(A) meets the requirements of paragraph (2) with respect to health benefits provided under the plan; and

(B) submits to the Secretary an application for participation in the program, at such time, in such manner, and containing such information as the Secretary shall require.

**(2) Employment-based health benefits**

An employment-based plan meets the requirements of this paragraph if the plan—

(A) implements programs and procedures to generate cost-savings with respect to participants with chronic and high-cost conditions;

(B) provides documentation of the actual cost of medical claims involved; and

(C) is certified by the Secretary.

**(c) Payments**

**(1) Submission of claims**

**(A) In general**

A participating employment-based plan shall submit claims for reimbursement to the Secretary which shall contain documentation of the actual costs of the items and services for which each claim is being submitted.

**(B) Basis for claims**

Claims submitted under subparagraph (A) shall be based on the actual amount expended by the participating employment-based plan involved within the plan year for the health benefits provided to an early retiree or the spouse, surviving spouse, or dependent of such retiree. In determining the amount of a claim for purposes of this subsection, the participating employment-based

plan shall take into account any negotiated price concessions (such as discounts, direct or indirect subsidies, rebates, and direct or indirect remunerations) obtained by such plan with respect to such health benefit. For purposes of determining the amount of any such claim, the costs paid by the early retiree or the retiree's spouse, surviving spouse, or dependent in the form of deductibles, co-payments, or co-insurance shall be included in the amounts paid by the participating employment-based plan.

**(2) Program payments**

If the Secretary determines that a participating employment-based plan has submitted a valid claim under paragraph (1), the Secretary shall reimburse such plan for 80 percent of that portion of the costs attributable to such claim that exceed \$15,000, subject to the limits contained in paragraph (3).

**(3) Limit**

To be eligible for reimbursement under the program, a claim submitted by a participating employment-based plan shall not be less than \$15,000 nor greater than \$90,000. Such amounts shall be adjusted each fiscal year based on the percentage increase in the Medical Care Component of the Consumer Price Index for all urban consumers (rounded to the nearest multiple of \$1,000) for the year involved.

**(4) Use of payments**

Amounts paid to a participating employment-based plan under this subsection shall be used to lower costs for the plan. Such payments may be used to reduce premium costs for an entity described in subsection (a)(2)(B)(i) or to reduce premium contributions, co-payments, deductibles, co-insurance, or other out-of-pocket costs for plan participants. Such payments shall not be used as general revenues for an entity described in subsection (a)(2)(B)(i). The Secretary shall develop a mechanism to monitor the appropriate use of such payments by such entities.

**(5) Payments not treated as income**

Payments received under this subsection shall not be included in determining the gross income of an entity described in subsection (a)(2)(B)(i) that is maintaining or currently contributing to a participating employment-based plan.

**(6) Appeals**

The Secretary shall establish—

(A) an appeals process to permit participating employment-based plans to appeal a determination of the Secretary with respect to claims submitted under this section; and

(B) procedures to protect against fraud, waste, and abuse under the program.

**(d) Audits**

The Secretary shall conduct annual audits of claims data submitted by participating employment-based plans under this section to ensure that such plans are in compliance with the requirements of this section.

**(e) Funding**

There is appropriated to the Secretary, out of any moneys in the Treasury not otherwise ap-

propriated, \$5,000,000,000 to carry out the program under this section. Such funds shall be available without fiscal year limitation.

**(f) Limitation**

The Secretary has the authority to stop taking applications for participation in the program based on the availability of funding under subsection (e).

(E) provide that a qualified health plan shall not be treated as providing coverage for the essential health benefits described in paragraph (1) unless the plan provides that—

(i) coverage for emergency department services will be provided without imposing any requirement under the plan for prior authorization of services or any limitation on coverage where the provider of services does not have a contractual relationship with the plan for the providing of services that is more restrictive than the requirements or limitations that apply to emergency department services received from providers who do have such a contractual relationship with the plan; and

(ii) if such services are provided out-of-network, the cost-sharing requirement (expressed as a copayment amount or coinsurance rate) is the same requirement that would apply if such services were provided in-network;

(F) provide that if a plan described in section 18031(b)(2)(B)(ii)<sup>3</sup> of this title (relating to stand-alone dental benefits plans) is offered through an Exchange, another health plan offered through such Exchange shall not fail to be treated as a qualified health plan solely because the plan does not offer coverage of benefits offered through the stand-alone plan that are otherwise required under paragraph (1)(J); and<sup>4</sup>

(G) periodically review the essential health benefits under paragraph (1), and provide a report to Congress and the public that contains—

(i) an assessment of whether enrollees are facing any difficulty accessing needed services for reasons of coverage or cost;

(ii) an assessment of whether the essential health benefits needs to be modified or updated to account for changes in medical evidence or scientific advancement;

(iii) information on how the essential health benefits will be modified to address any such gaps in access or changes in the evidence base;

(iv) an assessment of the potential of additional or expanded benefits to increase costs and the interactions between the addition or expansion of benefits and reductions in existing benefits to meet actuarial limitations described in paragraph (2); and

(H) periodically update the essential health benefits under paragraph (1) to ad-

dress any gaps in access to coverage or changes in the evidence base the Secretary identifies in the review conducted under subparagraph (G).

Nothing in this title<sup>1</sup> shall be construed to prohibit a health plan from providing benefits in excess of the essential health benefits described in this subsection.

**(c) Requirements relating to cost-sharing**

**(1) Annual limitation on cost-sharing**

**(A) 2014**

The cost-sharing incurred under a health plan with respect to self-only coverage or coverage other than self-only coverage for a plan year beginning in 2014 shall not exceed the dollar amounts in effect under section 223(c)(2)(A)(ii) of title 26 for self-only and family coverage, respectively, for taxable years beginning in 2014.

**(B) 2015 and later**

In the case of any plan year beginning in a calendar year after 2014, the limitation under this paragraph shall—

(i) in the case of self-only coverage, be equal to the dollar amount under subparagraph (A) for self-only coverage for plan years beginning in 2014, increased by an amount equal to the product of that amount and the premium adjustment percentage under paragraph (4) for the calendar year; and

(ii) in the case of other coverage, twice the amount in effect under clause (i).

If the amount of any increase under clause (i) is not a multiple of \$50, such increase shall be rounded to the next lowest multiple of \$50.

**(2) Annual limitation on deductibles for employer-sponsored plans**

**(A) In general**

In the case of a health plan offered in the small group market, the deductible under the plan shall not exceed—

(i) \$2,000 in the case of a plan covering a single individual; and

(ii) \$4,000 in the case of any other plan.

The amounts under clauses (i) and (ii) may be increased by the maximum amount of reimbursement which is reasonably available to a participant under a flexible spending arrangement described in section 106(c)(2) of title 26 (determined without regard to any salary reduction arrangement).

**(B) Indexing of limits**

In the case of any plan year beginning in a calendar year after 2014—

(i) the dollar amount under subparagraph (A)(i) shall be increased by an amount equal to the product of that amount and the premium adjustment percentage under paragraph (4) for the calendar year; and

(ii) the dollar amount under subparagraph (A)(ii) shall be increased to an amount equal to twice the amount in ef-

<sup>4</sup>So in original. The word "and" probably should not appear.

fect under subparagraph (A)(i) for plan years beginning in the calendar year, determined after application of clause (i).

If the amount of any increase under clause (i) is not a multiple of \$50, such increase shall be rounded to the next lowest multiple of \$50.

**(C) Actuarial value**

The limitation under this paragraph shall be applied in such a manner so as to not affect the actuarial value of any health plan, including a plan in the bronze level.

**(D) Coordination with preventive limits**

Nothing in this paragraph shall be construed to allow a plan to have a deductible under the plan apply to benefits described in section 2713 of the Public Health Service Act [42 U.S.C. 300gg-13].

**(3) Cost-sharing**

In this title—<sup>1</sup>

**(A) In general**

The term “cost-sharing” includes—

(i) deductibles, coinsurance, copayments, or similar charges; and

(ii) any other expenditure required of an insured individual which is a qualified medical expense (within the meaning of section 223(d)(2) of title 26) with respect to essential health benefits covered under the plan.

**(B) Exceptions**

Such term does not include premiums, balance billing amounts for non-network providers, or spending for non-covered services.

**(4) Premium adjustment percentage**

For purposes of paragraphs (1)(B)(i) and (2)(B)(i), the premium adjustment percentage for any calendar year is the percentage (if any) by which the average per capita premium for health insurance coverage in the United States for the preceding calendar year (as estimated by the Secretary no later than October 1 of such preceding calendar year) exceeds such average per capita premium for 2013 (as determined by the Secretary).

**(d) Levels of coverage**

**(1) Levels of coverage defined**

The levels of coverage described in this subsection are as follows:

**(A) Bronze level**

A plan in the bronze level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to 60 percent of the full actuarial value of the benefits provided under the plan.

**(B) Silver level**

A plan in the silver level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to 70 percent of the full actuarial value of the benefits provided under the plan.

**(2) Actuarial value**

**(A) In general**

Under regulations issued by the Secretary, the level of coverage of a plan shall be determined on the basis that the essential health benefits described in subsection (b) shall be provided to a standard population (and without regard to the population the plan may actually provide benefits to).

**(B) Employer contributions**

The Secretary shall issue regulations under which employer contributions to a health savings account (within the meaning of section 223 of title 26) may be taken into account in determining the level of coverage for a plan of the employer.

**(C) Application**

In determining under this title,<sup>1</sup> the Public Health Service Act [42 U.S.C. 201 et seq.], or title 26 the percentage of the total allowed costs of benefits provided under a group health plan or health insurance coverage that are provided by such plan or coverage, the rules contained in the regulations under this paragraph shall apply.

**(3) Allowable variance**

The Secretary shall develop guidelines to provide for a de minimis variation in the actuarial valuations used in determining the level of coverage of a plan to account for differences in actuarial estimates.

**(4) Plan reference**

In this title,<sup>1</sup> any reference to a bronze, silver, gold, or platinum plan shall be treated as a reference to a qualified health plan providing a bronze, silver, gold, or platinum level of coverage, as the case may be.

**(e) Catastrophic plan**

**(1) In general**

A health plan not providing a bronze, silver, gold, or platinum level of coverage shall be treated as meeting the requirements of subsection (d) with respect to any plan year if—

(A) the only individuals who are eligible to enroll in the plan are individuals described in paragraph (2); and

(B) the plan provides—

(i) except as provided in clause (ii), the essential health benefits determined under subsection (b), except that the plan provides no benefits for any plan year until the individual has incurred cost-sharing expenses in an amount equal to the annual limitation in effect under subsection (c)(1) for the plan year (except as provided for in section 2713);<sup>1</sup> and

(ii) coverage for at least three primary care visits.

**(2) Individuals eligible for enrollment**

An individual is described in this paragraph for any plan year if the individual—

(A) has not attained the age of 30 before the beginning of the plan year; or

(B) has a certification in effect for any plan year under this title<sup>1</sup> that the individual is exempt from the requirement under section 5000A of title 26 by reason of—

(i) section 5000A(e)(1) of such title (relating to individuals without affordable coverage); or

(ii) section 5000A(e)(5) of such title (relating to individuals with hardships).

**(3) Restriction to individual market**

If a health insurance issuer offers a health plan described in this subsection, the issuer may only offer the plan in the individual market.

**(f) Child-only plans**

If a qualified health plan is offered through the Exchange in any level of coverage specified under subsection (d), the issuer shall also offer that plan through the Exchange in that level as a plan in which the only enrollees are individuals who, as of the beginning of a plan year, have not attained the age of 21, and such plan shall be treated as a qualified health plan.

**(g) Payments to Federally-qualified health centers**

If any item or service covered by a qualified health plan is provided by a Federally-qualified health center (as defined in section 1396d(7)(2)(B) of this title) to an enrollee of the plan, the offeror of the plan shall pay to the center for the item or service an amount that is not less than the amount of payment that would have been paid to the center under section 1396a(bb) of this title) for such item or service.

EX. ORD. NO. 13535. ENSURING ENFORCEMENT AND IMPLEMENTATION OF ABORTION RESTRICTIONS IN THE PATIENT PROTECTION AND AFFORDABLE CARE ACT

Ex. Ord. No. 13535, Mar. 24, 2010, 75 F.R. 15599, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the “Patient Protection and Affordable Care Act” (Public Law 111-148), I hereby order as follows:

SECTION. 1. *Policy.* Following the recent enactment of the Patient Protection and Affordable Care Act (the “Act”), it is necessary to establish an adequate enforcement mechanism to ensure that Federal funds are not used for abortion services (except in cases of rape or incest, or when the life of the woman would be endangered), consistent with a longstanding Federal statutory restriction that is commonly known as the Hyde Amendment. The purpose of this order is to establish a comprehensive, Government-wide set of policies and procedures to achieve this goal and to make certain that all relevant actors—Federal officials, State officials (including insurance regulators) and health care providers—are aware of their responsibilities, new and old.

The Act maintains current Hyde Amendment restrictions governing abortion policy and extends those res-

trictions to the newly created health insurance exchanges. Under the Act, longstanding Federal laws to protect conscience (such as the Church Amendment, 42 U.S.C. 300a-7, and the Weldon Amendment, section 508(d)(1) of Public Law 111-8) remain intact and new protections prohibit discrimination against health care facilities and health care providers because of an unwillingness to provide, pay for, provide coverage of, or refer for abortions.

Numerous executive agencies have a role in ensuring that these restrictions are enforced, including the Department of Health and Human Services (HHS), the Office of Management and Budget (OMB), and the Office of Personnel Management.

SEC. 2. *Strict Compliance with Prohibitions on Abortion Funding in Health Insurance Exchanges.* The Act specifically prohibits the use of tax credits and cost-sharing reduction payments to pay for abortion services (except in cases of rape or incest, or when the life of the woman would be endangered) in the health insurance exchanges that will be operational in 2014. The Act also imposes strict payment and accounting requirements to ensure that Federal funds are not used for abortion services in exchange plans (except in cases of rape or incest, or when the life of the woman would be endangered) and requires State health insurance commissioners to ensure that exchange plan funds are segregated by insurance companies in accordance with generally accepted accounting principles, OMB funds management circulars, and accounting guidance provided by the Government Accountability Office.

I hereby direct the Director of the OMB and the Secretary of HHS to develop, within 180 days of the date of this order, a model set of segregation guidelines for State health insurance commissioners to use when determining whether exchange plans are complying with the Act’s segregation requirements, established in section 1303 of the Act, for enrollees receiving Federal financial assistance. The guidelines shall also offer technical information that States should follow to conduct independent regular audits of insurance companies that participate in the health insurance exchanges. In developing these model guidelines, the Director of the OMB and the Secretary of HHS shall consult with executive agencies and offices that have relevant expertise in accounting principles, including, but not limited to, the Department of the Treasury, and with the Government Accountability Office. Upon completion of those model guidelines, the Secretary of HHS should promptly initiate a rulemaking to issue regulations, which will have the force of law, to interpret the Act’s segregation requirements, and shall provide guidance to State health insurance commissioners on how to comply with the model guidelines.

SEC. 3. *Community Health Center Program.* The Act establishes a new Community Health Center (CHC) Fund within HHS, which provides additional Federal funds for the community health center program. Existing law prohibits these centers from using Federal funds to provide abortion services (except in cases of rape or incest, or when the life of the woman would be endangered), as a result of both the Hyde Amendment and longstanding regulations containing the Hyde language. Under the Act, the Hyde language shall apply to the authorization and appropriations of funds for Community Health Centers under section 10503 and all other relevant provisions. I hereby direct the Secretary of HHS to ensure that program administrators and recipients of Federal funds are aware of and comply with the limitations on abortion services imposed on CHCs by existing law. Such actions should include, but are not limited to, updating Grant Policy Statements that accompany CHC grants and issuing new interpretive rules.

SEC. 4. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect: (i) authority granted by law or Presidential directive to an agency, or the head thereof; or (ii) functions of the Director of the OMB relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees or agents, or any other person.

BARACK OBAMA.

## PART D—STATE FLEXIBILITY TO ESTABLISH ALTERNATIVE PROGRAMS

**§ 18051. State flexibility to establish basic health programs for low-income individuals not eligible for medicaid****(a) Establishment of program****(1) In general**

The Secretary shall establish a basic health program meeting the requirements of this section under which a State may enter into contracts to offer 1 or more standard health plans providing at least the essential health benefits described in section 18022(b) of this title to eligible individuals in lieu of offering such individuals coverage through an Exchange.

**(2) Certifications as to benefit coverage and costs**

Such program shall provide that a State may not establish a basic health program under this section unless the State establishes to the satisfaction of the Secretary, and the Secretary certifies, that—

(A) in the case of an eligible individual enrolled in a standard health plan offered through the program, the State provides—

(i) that the amount of the monthly premium an eligible individual is required to pay for coverage under the standard health plan for the individual and the individual's dependents does not exceed the amount of the monthly premium that the eligible individual would have been required to pay (in the rating area in which the individual resides) if the individual had enrolled in the applicable second lowest cost silver plan (as defined in section 36B(b)(3)(B) of title 26) offered to the individual through an Exchange; and

(ii) that the cost-sharing an eligible individual is required to pay under the standard health plan does not exceed—

(I) the cost-sharing required under a platinum plan in the case of an eligible individual with household income not in excess of 150 percent of the poverty line for the size of the family involved; and

(II) the cost-sharing required under a gold plan in the case of an eligible individual not described in subclause (I); and

(B) the benefits provided under the standard health plans offered through the program cover at least the essential health benefits described in section 18022(b) of this title.

For purposes of subparagraph (A)(i), the amount of the monthly premium an individual is required to pay under either the standard health plan or the applicable second lowest cost silver plan shall be determined after reduction for any premium tax credits and cost-sharing reductions allowable with respect to either plan.

**(b) Standard health plan**

In this section, the term “standard health plan” means a health benefits plan that the State contracts with under this section—

(1) under which the only individuals eligible to enroll are eligible individuals;

(2) that provides at least the essential health benefits described in section 18022(b) of this title; and

(3) in the case of a plan that provides health insurance coverage offered by a health insurance issuer, that has a medical loss ratio of at least 85 percent.

**(c) Contracting process**

**(1) In general**

A State basic health program shall establish a competitive process for entering into contracts with standard health plans under subsection (a), including negotiation of premiums and cost-sharing and negotiation of benefits in addition to the essential health benefits described in section 18022(b) of this title.

**(2) Specific items to be considered**

A State shall, as part of its competitive process under paragraph (1), include at least the following:

**(A) Innovation**

Negotiation with offerors of a standard health plan for the inclusion of innovative features in the plan, including—

(i) care coordination and care management for enrollees, especially for those with chronic health conditions;

(ii) incentives for use of preventive services; and

(iii) the establishment of relationships between providers and patients that maximize patient involvement in health care decision-making, including providing incentives for appropriate utilization under the plan.

**(B) Health and resource differences**

Consideration of, and the making of suitable allowances for, differences in health care needs of enrollees and differences in local availability of, and access to, health care providers. Nothing in this subparagraph shall be construed as allowing discrimination on the basis of pre-existing conditions or other health status-related factors.

**(C) Managed care**

Contracting with managed care systems, or with systems that offer as many of the attributes of managed care as are feasible in the local health care market.

**(D) Performance measures**

Establishing specific performance measures and standards for issuers of standard health plans that focus on quality of care and improved health outcomes, requiring such plans to report to the State with respect to the measures and standards, and making the performance and quality information available to enrollees in a useful form.

**(3) Enhanced availability**

**(A) Multiple plans**

A State shall, to the maximum extent feasible, seek to make multiple standard health plans available to eligible individuals within a State to ensure individuals have a choice of such plans.

**(B) Regional compacts**

A State may negotiate a regional compact with other States to include coverage of eligible individuals in all such States in agreements with issuers of standard health plans.

**(4) Coordination with other State programs**

A State shall seek to coordinate the administration of, and provision of benefits under, its program under this section with the State Medicaid program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.], the State child health plan under title XXI of such Act [42 U.S.C. 1397aa et seq.], and other State-administered health programs to maximize the efficiency of such programs and to improve the continuity of care.

**(d) Transfer of funds to States**

**(1) In general**

If the Secretary determines that a State electing the application of this section meets

<sup>1</sup> So in original. Probably should be “health”.

the requirements of the program established under subsection (a), the Secretary shall transfer to the State for each fiscal year for which 1 or more standard health plans are operating within the State the amount determined under paragraph (3).

**(2) Use of funds**

A State shall establish a trust for the deposit of the amounts received under paragraph (1) and amounts in the trust fund shall only be used to reduce the premiums and cost-sharing of, or to provide additional benefits for, eligible individuals enrolled in standard health plans within the State. Amounts in the trust fund, and expenditures of such amounts, shall not be included in determining the amount of any non-Federal funds for purposes of meeting any matching or expenditure requirement of any federally-funded program.

**(3) Amount of payment**

**(A) Secretarial determination**

**(i) In general**

The amount determined under this paragraph for any fiscal year is the amount the Secretary determines is equal to 95 percent of the premium tax credits under section 36B of title 26, and the cost-sharing reductions under section 18071 of this title, that would have been provided for the fiscal year to eligible individuals enrolled in standard health plans in the State if such eligible individuals were allowed to enroll in qualified health plans through an Exchange established under this subchapter.

**(ii) Specific requirements**

The Secretary shall make the determination under clause (i) on a per enrollee basis and shall take into account all relevant factors necessary to determine the value of the premium tax credits and cost-sharing reductions that would have been provided to eligible individuals described in clause (i), including the age and income of the enrollee, whether the enrollment is for self-only or family coverage, geographic differences in average spending for health care across rating areas, the health status of the enrollee for purposes of determining risk adjustment payments and reinsurance payments that would have been made if the enrollee had enrolled in a qualified health plan through an Exchange, and whether any reconciliation of the credit or cost-sharing reductions would have occurred if the enrollee had been so enrolled. This determination shall take into consideration the experience of other States with respect to participation in an Exchange and such credits and reductions provided to residents of the other States, with a special focus on enrollees with income below 200 percent of poverty.

**(iii) Certification**

The Chief Actuary of the Centers for Medicare & Medicaid Services, in consultation with the Office of Tax Analysis of the Department of the Treasury, shall certify whether the methodology used to make de-

terminations under this subparagraph, and such determinations, meet the requirements of clause (ii). Such certifications shall be based on sufficient data from the State and from comparable States about their experience with programs created by this Act.

**(B) Corrections**

The Secretary shall adjust the payment for any fiscal year to reflect any error in the determinations under subparagraph (A) for any preceding fiscal year.

**(4) Application of special rules**

The provisions of section 18023 of this title shall apply to a State basic health program, and to standard health plans offered through such program, in the same manner as such rules apply to qualified health plans.

**(e) Eligible individual**

**(1) In general**

(A) who a<sup>2</sup> resident of the State who is not eligible to enroll in the State’s medicaid program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for benefits that at a minimum consist of the essential health benefits described in section 18022(b) of this title;

(B) whose household income exceeds 133 percent but does not exceed 200 percent of the poverty line for the size of the family involved, or, in the case of an alien lawfully present in the United States, whose income is not greater than 133 percent of the poverty line for the size of the family involved but who is not eligible for the Medicaid program under title XIX of the Social Security Act by reason of such alien status;

(D) who has not attained age 65 as of the beginning of the plan year.

Such term shall not include any individual who is not a qualified individual under section 18032 of this title who is eligible to be covered by a qualified health plan offered through an Exchange.

**(2) Eligible individuals may not use Exchange**

An eligible individual shall not be treated as a qualified individual under section 18032 of this title eligible for enrollment in a qualified health plan offered through an Exchange established under section 18031 of this title.

**§ 18054. Multi-State plans**

**(a) Oversight by the Office of Personnel Management**

**(1) In general**

The Director of the Office of Personnel Management (referred to in this section as the “Director”) shall enter into contracts with health insurance issuers (which may include a group of health insurance issuers affiliated either by common ownership and control or by the common use of a nationally licensed service mark), without regard to section 6101 of title 41 or other statutes requiring competitive bidding, to offer at least 2 multi-State qualified health plans through each Exchange in each State. Such plans shall provide individual, or in the case of small employers, group coverage.

**(2) Terms**

Each contract entered into under paragraph (1) shall be for a uniform term of at least 1 year, but may be made automatically renewable from term to term in the absence of notice of termination by either party. contract is entered into with a non-profit entity.

**(4) Administration**

The Director shall implement this subsection in a manner similar to the manner in which the Director implements the contracting provisions with respect to carriers under the Federal employees health benefit program<sup>1</sup> under chapter 89 of title 5, including (through negotiating with each multi-state<sup>2</sup> plan)—

- (A) a medical loss ratio;
- (B) a profit margin;
- (C) the premiums to be charged; and
- (D) such other terms and conditions of coverage as are in the interests of enrollees in such plans.

**(5) Authority to protect consumers**

The Director may prohibit the offering of any multi-State health plan that does not meet the terms and conditions defined by the Director with respect to the elements described in subparagraphs (A) through (D) of paragraph (4).

**(6) Assured availability of varied coverage**

In entering into contracts under this subsection, the Director shall ensure that with respect to multi-State qualified health plans offered in an Exchange, there is at least one such plan that does not provide coverage of services described in section 18023(b)(1)(B)(i) of this title.

**(7) Withdrawal**

Approval of a contract under this subsection may be withdrawn by the Director only after notice and opportunity for hearing to the issuer concerned without regard to subchapter II of chapter 5 and chapter 7 of title 5.

**(b) Eligibility**

A health insurance issuer shall be eligible to enter into a contract under subsection (a)(1) if such issuer—

- (1) agrees to offer a multi-State qualified health plan that meets the requirements of subsection (c) in each Exchange in each State;
- (2) is licensed in each State and is subject to all requirements of State law not inconsistent with this section, including the standards and requirements that a State imposes that do not prevent the application of a requirement of part A of title XXVII of the Public Health Service Act [42 U.S.C. 300gg et seq.] or a requirement of this title;<sup>3</sup>
- (3) otherwise complies with the minimum standards prescribed for carriers offering health benefits plans under section 8902(e) of title 5 to the extent that such standards do not conflict with a provision of this title;<sup>3</sup> and
- (4) meets such other requirements as determined appropriate by the Director, in consultation with the Secretary.

<sup>1</sup> So in original. The words "employees health benefit program" probably should be capitalized.

<sup>2</sup> So in original. Probably should be "multi-State".

<sup>3</sup> See References in Text note below.

**(c) Requirements for multi-State qualified health plan**

**(1) In general**

A multi-State qualified health plan meets the requirements of this subsection if, in the determination of the Director—

(A) the plan offers a benefits package that is uniform in each State and consists of the essential benefits described in section 18022 of this title;

(B) the plan meets all requirements of this title<sup>3</sup> with respect to a qualified health plan, including requirements relating to the offering of the bronze, silver, and gold levels of coverage and catastrophic coverage in each State Exchange;

(C) except as provided in paragraph (5), the issuer provides for determinations of premiums for coverage under the plan on the basis of the rating requirements of part A of title XXVII of the Public Health Service Act; and

(D) the issuer offers the plan in all geographic regions, and in all States that have adopted adjusted community rating before March 23, 2010.

**(2) States may offer additional benefits**

Nothing in paragraph (1)(A) shall preclude a State from requiring that benefits in addition to the essential health benefits required under such paragraph be provided to enrollees of a multi-State qualified health plan offered in such State.

**(3) Credits**

**(A) In general**

An individual enrolled in a multi-State qualified health plan under this section shall be eligible for credits under section 36B of title 26 and cost sharing assistance under section 18071 of this title in the same manner as an individual who is enrolled in a qualified health plan.

**(B) No additional Federal cost**

A requirement by a State under paragraph (2) that benefits in addition to the essential health benefits required under paragraph (1)(A) be provided to enrollees of a multi-State qualified health plan shall not affect the amount of a premium tax credit provided under section 36B of title 26 with respect to such plan.

**(4) State must assume cost**

A State shall make payments—

(A) to an individual enrolled in a multi-State qualified health plan offered in such State; or

(B) on behalf of an individual described in subparagraph (A) directly to the multi-State qualified health plan in which such individual is enrolled;

to defray the cost of any additional benefits described in paragraph (2).

**(5) Application of certain State rating requirements**

With respect to a multi-State qualified health plan that is offered in a State with age

rating requirements that are lower than 3:1, the State may require that Exchanges operating in such State only permit the offering of such multi-State qualified health plans if such plans comply with the State's more protective age rating requirements.

**(d) Plans deemed to be certified**

A multi-State qualified health plan that is offered under a contract under subsection (a) shall be deemed to be certified by an Exchange for purposes of section 18031(d)(4)(A) of this title.

**(e) Phase-in**

Notwithstanding paragraphs (1) and (2) of subsection (b), the Director shall enter into a contract with a health insurance issuer for the offering of a multi-State qualified health plan under subsection (a) if—

- (2) with respect to the second such year, such issuer offers the plan in at least 70 percent of the States;
- (3) with respect to the third such year, such issuer offers the plan in at least 85 percent of the States; and
- (4) with respect to each subsequent year, such issuer offers the plan in all States.

**(f) Applicability**

The requirements under chapter 89 of title 5 applicable to health benefits plans under such chapter shall apply to multi-State qualified health plans provided for under this section to the extent that such requirements do not conflict with a provision of this title.<sup>3</sup>

**(g) Continued support for FEHBP**

Nothing in this section shall be construed to permit the Director to allocate fewer financial or personnel resources to the functions of the Office of Personnel Management related to the administration of the Federal Employees Health Benefit Program under chapter 89 of title 5.

**(2) Separate risk pool**

Enrollees in multi-State qualified health plans under this section shall be treated as a separate risk pool apart from enrollees in the Federal Employees Health Benefit Program under chapter 89 of title 5.

**(3) Authority to establish separate entities**

The Director may establish such separate units or offices within the Office of Personnel Management as the Director determines to be appropriate to ensure that the administration of multi-State qualified health plans under this section does not interfere with the effective administration of the Federal Employees Health Benefit Program under chapter 89 of title 5.

**(4) Effective oversight**

The Director may appoint such additional personnel as may be necessary to enable the Director to carry out activities under this section.

**(5) Assurance of separate program**

In carrying out this section, the Director shall ensure that the program under this sec-

tion is separate from the Federal Employees Health Benefit Program under chapter 89 of title 5. Premiums paid for coverage under a multi-State qualified health plan under this section shall not be considered to be Federal funds for any purposes.

**(6) FEHBP plans not required to participate**

Nothing in this section shall require that a carrier offering coverage under the Federal Employees Health Benefit Program under chapter 89 of title 5 also offer a multi-State qualified health plan under this section.

**(h) Advisory board**

The Director shall establish an advisory board to provide recommendations on the activities described in this section. A significant percentage of the members of such board shall be comprised of enrollees in a multi-State qualified health plan, or representatives of such enrollees.

PART E—REINSURANCE AND RISK ADJUSTMENT

**§ 18061. Transitional reinsurance program for individual market in each State**

**(a) In general**

Each State shall, not later than January 1, 2014—

- (1) include in the Federal standards or State law or regulation the State adopts and has in effect under section 18041(b) of this title the provisions described in subsection (b); and
- (2) establish (or enter into a contract with) 1 or more applicable reinsurance entities to carry out the reinsurance program under this section.

**(b) Model regulation**

**(1) In general**

In establishing the Federal standards under section 18041(a) of this title, the Secretary, in consultation with the National Association of Insurance Commissioners (the “NAIC”), shall

include provisions that enable States to establish and maintain a program under which—

(A) health insurance issuers, and third party administrators on behalf of group health plans, are required to make payments to an applicable reinsurance entity for any plan year beginning in the 3-year period beginning January 1, 2014 (as specified in paragraph (3));<sup>1</sup> and

(B) the applicable reinsurance entity collects payments under subparagraph (A) and uses amounts so collected to make reinsurance payments to health insurance issuers described in subparagraph (A) that cover high risk individuals in the individual market (excluding grandfathered health plans) for any plan year beginning in such 3-year period.

**(2) High-risk individual; payment amounts**

The Secretary shall include the following in the provisions under paragraph (1):

**(A) Determination of high-risk individuals**

The method by which individuals will be identified as high risk individuals for purposes of the reinsurance program established under this section. Such method shall provide for identification of individuals as high-risk individuals on the basis of—

(i) a list of at least 50 but not more than 100 medical conditions that are identified as high-risk conditions and that may be based on the identification of diagnostic and procedure codes that are indicative of individuals with pre-existing, high-risk conditions; or

(ii) any other comparable objective method of identification recommended by the American Academy of Actuaries.

**(B) Payment amount**

The formula for determining the amount of payments that will be paid to health insurance issuers described in paragraph (1)(B) that insure high-risk individuals. Such formula shall provide for the equitable allocation of available funds through reconciliation and may be designed—

(i) to provide a schedule of payments that specifies the amount that will be paid for each of the conditions identified under subparagraph (A); or

(ii) to use any other comparable method for determining payment amounts that is recommended by the American Academy of Actuaries and that encourages the use of care coordination and care management programs for high risk conditions.

**(3) Determination of required contributions**

**(A) In general**

The Secretary shall include in the provisions under paragraph (1) the method for determining the amount each health insurance issuer and group health plan described in paragraph (1)(A) contributing to the reinsurance program under this section is required to contribute under such paragraph for each

plan year beginning in the 36-month period beginning January 1, 2014. The contribution amount for any plan year may be based on the percentage of revenue of each issuer and the total costs of providing benefits to enrollees in self-insured plans or on a specified amount per enrollee and may be required to be paid in advance or periodically throughout the plan year.

**(B) Specific requirements**

The method under this paragraph shall be designed so that—

(i) the contribution amount for each issuer proportionally reflects each issuer's fully insured commercial book of business for all major medical products and the total value of all fees charged by the issuer and the costs of coverage administered by the issuer as a third party administrator;

(ii) the contribution amount can include an additional amount to fund the administrative expenses of the applicable reinsurance entity;

(iii) the aggregate contribution amounts for all States shall, based on the best estimates of the NAIC and without regard to amounts described in clause (ii), equal \$10,000,000,000 for plan years beginning in 2014, \$6,000,000,000 for plan years beginning<sup>2</sup> 2015, and \$4,000,000,000 for plan years beginning in 2016; and

(iv) in addition to the aggregate contribution amounts under clause (iii), each issuer's contribution amount for any calendar year under clause (iii) reflects its proportionate share of an additional \$2,000,000,000 for 2014, an additional \$2,000,000,000 for 2015, and an additional \$1,000,000,000 for 2016.

Nothing in this subparagraph shall be construed to preclude a State from collecting additional amounts from issuers on a voluntary basis.

**(4) Expenditure of funds**

The provisions under paragraph (1) shall provide that—

(A) the contribution amounts collected for any calendar year may be allocated and used in any of the three calendar years for which amounts are collected based on the reinsurance needs of a particular period or to reflect experience in a prior period; and

(B) amounts remaining unexpended as of December, 2016, may be used to make payments under any reinsurance program of a State in the individual market in effect in the 2-year period beginning on January 1, 2017.

Notwithstanding the preceding sentence, any contribution amounts described in paragraph (3)(B)(iv) shall be deposited into the general fund of the Treasury of the United States and may not be used for the program established under this section.

**(c) Applicable reinsurance entity**

For purposes of this section—

<sup>1</sup> So in original. A second closing parenthesis probably should precede the semicolon.

<sup>2</sup> So in original. Probably should be followed by "in".

**(1) In general**

The term “applicable reinsurance entity” means a not-for-profit organization—

(A) the purpose of which is to help stabilize premiums for coverage in the individual market in a State during the first 3 years of operation of an Exchange for such markets within the State when the risk of adverse selection related to new rating rules and market changes is greatest; and

(B) the duties of which shall be to carry out the reinsurance program under this section by coordinating the funding and operation of the risk-spreading mechanisms designed to implement the reinsurance program.

**(2) State discretion**

A State may have more than 1 applicable reinsurance entity to carry out the reinsurance program under this section within the State and 2 or more States may enter into agreements to provide for an applicable reinsurance entity to carry out such program in all such States.

**(3) Entities are tax-exempt**

An applicable reinsurance entity established under this section shall be exempt from taxation under chapter 1 of title 26. The preceding sentence shall not apply to the tax imposed by section 511 such<sup>3</sup> title (relating to tax on unrelated business taxable income of an exempt organization).

**(d) Coordination with State high-risk pools**

The State shall eliminate or modify any State high-risk pool to the extent necessary to carry out the reinsurance program established under this section. The State may coordinate the State high-risk pool with such program to the extent not inconsistent with the provisions of this section.

**(b) Payment methodology****(1) Payments out**

The Secretary shall provide under the program established under subsection (a) that if—

(B) a participating plan’s allowable costs for any plan year are more than 108 percent of the target amount, the Secretary shall pay to the plan an amount equal to the sum of 2.5 percent of the target amount plus 80 percent of allowable costs in excess of 108 percent of the target amount.

**(2) Payments in**

The Secretary shall provide under the program established under subsection (a) that if—

(A) a participating plan’s allowable costs for any plan year are less than 97 percent but not less than 92 percent of the target amount, the plan shall pay to the Secretary an amount equal to 50 percent of the excess of 97 percent of the target amount over the allowable costs; and

### § 18063. Risk adjustment

#### (a) In general

##### (1) Low actuarial risk plans

Using the criteria and methods developed under subsection (b), each State shall assess a charge on health plans and health insurance issuers (with respect to health insurance coverage) described in subsection (c) if the actuarial risk of the enrollees of such plans or coverage for a year is less than the average actuarial risk of all enrollees in all plans or coverage in such State for such year that are not self-insured group health plans (which are subject to the provisions of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.]).

##### (2) High actuarial risk plans

Using the criteria and methods developed under subsection (b), each State shall provide a payment to health plans and health insurance issuers (with respect to health insurance coverage) described in subsection (c) if the actuarial risk of the enrollees of such plans or coverage for a year is greater than the average actuarial risk of all enrollees in all plans and coverage in such State for such year that are not self-insured group health plans (which are subject to the provisions of the Employee Retirement Income Security Act of 1974).

#### (b) Criteria and methods

The Secretary, in consultation with States, shall establish criteria and methods to be used in carrying out the risk adjustment activities under this section. The Secretary may utilize criteria and methods similar to the criteria and methods utilized under part C or D of title XVIII of the Social Security Act [42 U.S.C. 1395w-21 et seq., 1395w-101 et seq.]. Such criteria and methods shall be included in the standards and requirements the Secretary prescribes under section 18041 of this title.

### SUBCHAPTER IV—AFFORDABLE COVERAGE CHOICES FOR ALL AMERICANS

#### PART A—PREMIUM TAX CREDITS AND COST-SHARING REDUCTIONS

### § 18071. Reduced cost-sharing for individuals enrolling in qualified health plans

#### (a) In general

In the case of an eligible insured enrolled in a qualified health plan—

(1) the Secretary shall notify the issuer of the plan of such eligibility; and

(2) the issuer shall reduce the cost-sharing under the plan at the level and in the manner specified in subsection (c).

#### (b) Eligible insured

In this section, the term “eligible insured” means an individual—

(1) who enrolls in a qualified health plan in the silver level of coverage in the individual market offered through an Exchange; and

(2) whose household income exceeds 100 percent but does not exceed 400 percent of the poverty line for a family of the size involved.

In the case of an individual described in section 36B(c)(1)(B) of title 26, the individual shall be treated as having household income equal to 100 percent for purposes of applying this section.

#### (c) Determination of reduction in cost-sharing

##### (1) Reduction in out-of-pocket limit

###### (A) In general

The reduction in cost-sharing under this subsection shall first be achieved by reducing the applicable out-of-pocket<sup>1</sup> limit under section 18022(c)(1) of this title in the case of—

(i) an eligible insured whose household income is more than 100 percent but not more than 200 percent of the poverty line for a family of the size involved, by two-thirds;

(ii) an eligible insured whose household income is more than 200 percent but not more than 300 percent of the poverty line for a family of the size involved, by one-half; and

(iii) an eligible insured whose household income is more than 300 percent but not more than 400 percent of the poverty line for a family of the size involved, by one-third.

##### (B) Coordination with actuarial value limits

###### (i) In general

The Secretary shall ensure the reduction under this paragraph shall not result in an increase in the plan's share of the total allowed costs of benefits provided under the plan above—

(I) 94 percent in the case of an eligible insured described in paragraph (2)(A);

<sup>1</sup> So in original. Probably should be “out-of-pocket”.

(II) 87 percent in the case of an eligible insured described in paragraph (2)(B);

(III) 73 percent in the case of an eligible insured whose household income is more than 200 percent but not more than 250 percent of the poverty line for a family of the size involved; and

(IV) 70 percent in the case of an eligible insured whose household income is more than 250 percent but not more than 400 percent of the poverty line for a family of the size involved.

**(ii) Adjustment**

The Secretary shall adjust the out-of-pocket<sup>1</sup> limits under paragraph (1) if necessary to ensure that such limits do not cause the respective actuarial values to exceed the levels specified in clause (i).

**(2) Additional reduction for lower income insureds**

The Secretary shall establish procedures under which the issuer of a qualified health plan to which this section applies shall further reduce cost-sharing under the plan in a manner sufficient to—

(A) in the case of an eligible insured whose household income is not less than 100 percent but not more than 150 percent of the poverty line for a family of the size involved, increase the plan's share of the total allowed costs of benefits provided under the plan to 94 percent of such costs;

(B) in the case of an eligible insured whose household income is more than 150 percent but not more than 200 percent of the poverty line for a family of the size involved, increase the plan's share of the total allowed costs of benefits provided under the plan to 87 percent of such costs; and

(C) in the case of an eligible insured whose household income is more than 200 percent but not more than 250 percent of the poverty line for a family of the size involved, increase the plan's share of the total allowed costs of benefits provided under the plan to 73 percent of such costs.

**(3) Methods for reducing cost-sharing**

**(A) In general**

**§ 18083. Streamlining of procedures for enrollment through an Exchange and State Medicaid, CHIP, and health subsidy programs**

**(a) In general**

The Secretary shall establish a system meeting the requirements of this section under which residents of each State may apply for enrollment in, receive a determination of eligibility for participation in, and continue participation in, applicable State health subsidy programs. Such system shall ensure that if an individual applying to an Exchange is found through screening to be eligible for medical assistance under the State Medicaid plan under title XIX<sup>1</sup> [42 U.S.C. 1396 et seq.], or eligible for enrollment under a State children's health insurance program (CHIP) under title XXI of such Act [42

U.S.C. 1397aa et seq.], the individual is enrolled for assistance under such plan or program.

**(b) Requirements relating to forms and notice**

**(1) Requirements relating to forms**

**(A) In general**

The Secretary shall develop and provide to each State a single, streamlined form that—

- (i) may be used to apply for all applicable State health subsidy programs within the State;
- (ii) may be filed online, in person, by mail, or by telephone;
- (iii) may be filed with an Exchange or with State officials operating one of the other applicable State health subsidy programs; and
- (iv) is structured to maximize an applicant's ability to complete the form satisfactorily, taking into account the characteristics of individuals who qualify for applicable State health subsidy programs.

**(B) State authority to establish form**

A State may develop and use its own single, streamlined form as an alternative to the form developed under subparagraph (A) if the alternative form is consistent with standards promulgated by the Secretary under this section.

**(C) Supplemental eligibility forms**

The Secretary may allow a State to use a supplemental or alternative form in the case of individuals who apply for eligibility that is not determined on the basis of the household income (as defined in section 36B of title 26).

**(2) Notice**

The Secretary shall provide that an applicant filing a form under paragraph (1) shall receive notice of eligibility for an applicable State health subsidy program without any need to provide additional information or paperwork unless such information or paperwork is specifically required by law when information provided on the form is inconsistent with data used for the electronic verification under paragraph (3) or is otherwise insufficient to determine eligibility.

**(c) Requirements relating to eligibility based on data exchanges**

**(1) Development of secure interfaces**

Each State shall develop for all applicable State health subsidy programs a secure, electronic interface allowing an exchange of data (including information contained in the application forms described in subsection (b)) that allows a determination of eligibility for all such programs based on a single application. Such interface shall be compatible with the method established for data verification under section 18081(c)(4) of this title.

**(2) Data matching program**

Each applicable State health subsidy program shall participate in a data matching arrangement for determining eligibility for participation in the program under paragraph (3) that—

<sup>1</sup> So in original. Probably should be followed by "of the Social Security Act".

(A) provides access to data described in paragraph (3);

(B) applies only to individuals who—

(i) receive assistance from an applicable State health subsidy program; or

(ii) apply for such assistance—

(I) by filing a form described in subsection (b); or

(II) by requesting a determination of eligibility and authorizing disclosure of the information described in paragraph (3) to applicable State health coverage subsidy programs for purposes of determining and establishing eligibility; and

(C) consistent<sup>2</sup> with standards promulgated by the Secretary, including the privacy and data security safeguards described in section 1942 of the Social Security Act [42 U.S.C. 1396w-2] or that are otherwise applicable to such programs.

### (3) Determination of eligibility

#### (A) In general

Each applicable State health subsidy program shall, to the maximum extent practicable—

(i) establish, verify, and update eligibility for participation in the program using the data matching arrangement under paragraph (2); and

(ii) determine such eligibility on the basis of reliable, third party data, including information described in sections 1137, 453(i), and 1942(a) of the Social Security Act [42 U.S.C. 1320b-7, 653(i), 1396w-2(a)], obtained through such arrangement.

#### (B) Exception

This paragraph shall not apply in circumstances with respect to which the Secretary determines that the administrative and other costs of use of the data matching arrangement under paragraph (2) outweigh its expected gains in accuracy, efficiency, and program participation.

#### (4) Secretarial standards

The Secretary shall, after consultation with persons in possession of the data to be matched and representatives of applicable State health subsidy programs, promulgate standards governing the timing, contents, and procedures for data matching described in this subsection. Such standards shall take into account administrative and other costs and the value of data matching to the establishment, verification, and updating of eligibility for applicable State health subsidy programs.

### (d) Administrative authority

#### (1) Agreements

Subject to section 18081 of this title and section 6103(l)(21) of title 26 and any other requirement providing safeguards of privacy and data integrity, the Secretary may establish model agreements, and enter into agreements, for the sharing of data under this section.

#### (2) Authority of exchange to contract out

(B) change any requirement under title XIX<sup>1</sup> that eligibility for participation in a State's medicaid program must be determined by a public agency.

### (e) Applicable State health subsidy program

In this section, the term "applicable State health subsidy program" means—

SUBCHAPTER V—SHARED RESPONSIBILITY FOR HEALTH CARE

PART A—INDIVIDUAL RESPONSIBILITY

**§ 18091. Requirement to maintain minimum essential coverage; findings**

Congress makes the following findings:

**(1) In general**

The individual responsibility requirement provided for in this section (in this section referred to as the “requirement”) is commercial and economic in nature, and substantially affects interstate commerce, as a result of the effects described in paragraph (2).

**(2) Effects on the national economy and interstate commerce**

The effects described in this paragraph are the following:

(A) The requirement regulates activity that is commercial and economic in nature: economic and financial decisions about how and when health care is paid for, and when health insurance is purchased. In the absence of the requirement, some individuals would make an economic and financial decision to forego health insurance coverage and attempt to self-insure, which increases financial risks to households and medical providers.

(B) Health insurance and health care services are a significant part of the national economy. National health spending is projected to increase from \$2,500,000,000,000, or 17.6 percent of the economy, in 2009 to \$4,700,000,000,000 in 2019. Private health insurance spending is projected to be \$854,000,000,000 in 2009, and pays for medical supplies, drugs, and equipment that are shipped in interstate commerce. Since most health insurance is sold by national or regional health insurance companies, health insurance is sold in interstate commerce and claims payments flow through interstate commerce.

(C) The requirement, together with the other provisions of this Act, will add millions of new consumers to the health insurance market, increasing the supply of, and demand for, health care services, and will increase the number and share of Americans who are insured.

(D) The requirement achieves near-universal coverage by building upon and strengthening the private employer-based health insurance system, which covers 176,000,000 Americans nationwide. In Massachusetts, a similar requirement has strengthened private employer-based coverage: despite the economic downturn, the number of workers offered employer-based coverage has actually increased.

(E) The economy loses up to \$207,000,000,000 a year because of the poorer health and shorter lifespan of the uninsured. By significantly reducing the number of the uninsured, the requirement, together with the other provisions of this Act, will significantly reduce this economic cost.

(F) The cost of providing uncompensated care to the uninsured was \$43,000,000,000 in 2008. To pay for this cost, health care providers pass on the cost to private insurers, which pass on the cost to families. This cost-shifting increases family premiums by on average over \$1,000 a year. By significantly reducing the number of the uninsured, the requirement, together with the other provisions of this Act, will lower health insurance premiums.

(G) 62 percent of all personal bankruptcies are caused in part by medical expenses. By significantly increasing health insurance coverage, the requirement, together with the other provisions of this Act, will improve financial security for families.

(H) Under the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1001 et seq.), the Public Health Service Act (42 U.S.C. 201 et seq.), and this Act, the Federal Government has a significant role in regulating health insurance. The requirement is an essential part of this larger regulation of economic activity, and the absence of the requirement would undercut Federal regulation of the health insurance market.

(I) Under sections 2704 and 2705 of the Public Health Service Act [42 U.S.C. 300gg-3, 300gg-4] (as added by section 1201 of this Act), if there were no requirement, many individuals would wait to purchase health insurance until they needed care. By significantly increasing health insurance coverage, the requirement, together with the other provisions of this Act, will minimize this adverse selection and broaden the health insurance risk pool to include healthy individuals, which will lower health insurance premiums. The requirement is essential to creating effective health insurance markets in which improved health insurance products that are guaranteed issue and do not exclude coverage of pre-existing conditions can be sold.

(J) Administrative costs for private health insurance, which were \$90,000,000,000 in 2006, are 26 to 30 percent of premiums in the current individual and small group markets. By significantly increasing health insurance coverage and the size of purchasing pools, which will increase economies of scale, the requirement, together with the other provisions of this Act, will significantly reduce administrative costs and lower health insurance premiums. The requirement is essential to creating effective health insurance markets that do not require underwriting and eliminate its associated administrative costs.

**(3) Supreme Court ruling**

In *United States v. South-Eastern Underwriters Association* (322 U.S. 533 (1944)), the

Supreme Court of the United States ruled that insurance is interstate commerce subject to Federal regulation.

### § 18301. Findings

Congress makes the following findings:

(1) The United States human space flight program has, since the first Mercury flight on May 5, 1961, been a source of pride and inspiration for the Nation.

(2) The establishment of and commitment to human exploration goals is essential for providing the necessary long term focus and programmatic consistency and robustness of the United States civilian space program.

(3) The National Aeronautics and Space Administration is and should remain a multi-

mission agency with a balanced and robust set of core missions in science, aeronautics, and human space flight and exploration.

(4) In the 50 years since the establishment of NASA, the arena of space has evolved substantially. As the uses and users of space continue to expand, the issues and operations in the regions closest to Earth have become increasingly complex, with a growing number of overlaps between civil, commercial and national security activities. These developments present opportunities and challenges to the space activities of NASA and the United States.

(5) The extraordinary challenges of achieving access to space both motivated and accelerated the development of technologies and industrial capabilities that have had widespread applications which have contributed to the technological excellence of the United States. It is essential to tie space activity to human challenges ranging from enhancing the influence, relationships, security, economic development, and commerce of the United States to improving the overall human condition.

(6) It is essential to the economic well-being of the United States that the aerospace industrial capacity, highly skilled workforce, and embedded expertise remain engaged in demanding, challenging, and exciting efforts that ensure United States leadership in space exploration and related activities.

(7) Crewmembers provide the essential component to ensure the return on investment from and the growth and safe operation of the ISS. The Russian Soyuz vehicle has allowed continued human presence on the ISS for United States crewmembers with its ability to serve as both a routine and backup capability for crew delivery, rescue, and return. With the impending retirement of the Space Shuttle, the United States will find itself with no national crew delivery and return system. Without any other system, the United States and all the ISS partners will have no redundant system for human access to and from the ISS. It is therefore essential that a United States capability be developed as soon as possible.

(8) Existing and emerging United States commercial launch capabilities and emerging launch capabilities offer the potential for providing crew support assets. New capabilities for human crew access to the ISS should be developed in a manner that ensures ISS mission assurance and safety. Commercial services offer the potential to broaden the availability and access to space at lower costs.

(9) While commercial transportation systems have the promise to contribute valuable services, it is in the United States national interest to maintain a government operated space transportation system for crew and cargo delivery to space.

(10) Congress restates its commitment, expressed in the National Aeronautics and Space Administration Authorization Act of 2005<sup>1</sup> (Public Law 109-155) and the National Aeronautics and Space Administration Authorization Act of 2008<sup>1</sup> (Public Law 110-422), to the

<sup>1</sup> See References in Text note below.

development of commercially developed launch and delivery systems to the ISS for crew and cargo missions. Congress reaffirms that NASA shall make use of United States commercially provided ISS crew transfer and crew rescue services to the maximum extent practicable.

(11) It is critical to identify an appropriate combination of NASA and related United States Government programs, while providing a framework that allows partnering, leveraging and stimulation of the existing and emerging commercial and international efforts in both near Earth space and the regions beyond.

(12) The designation of the United States segment of the ISS as a National Laboratory, as provided by the National Aeronautics and Space Administration Authorization Act of 2005<sup>1</sup> and the National Aeronautics and Space Administration Authorization Act of 2008,<sup>1</sup> provides an opportunity for multiple United States Government agencies, university-based researchers, research organizations, and others to utilize the unique environment of microgravity for fundamental scientific research and potential economic development.

(13) For some potential replacement elements necessary for ISS sustainability, the Space Shuttle may represent the only vehicle, existing or planned, capable of carrying those elements to the ISS in the near term. Additional or alternative transportation capabilities must be identified as contingency delivery options, and accompanied by an independent analysis of projected availability of such capabilities.

(14) The United States must develop, as rapidly as possible, replacement vehicles capable of providing both human and cargo launch capability to low-Earth orbit and to destinations beyond low-Earth orbit.

(15) There is a need for national space and export control policies that protect the national security of the United States while also enabling the United States and its aerospace industry to undertake cooperative programs in science and human space flight in an effective and efficient manner and to compete effectively in the global market place.

It is the policy of the United States that reliance upon and use of non-United States human space flight capabilities shall be undertaken only as a contingency in circumstances where no United States-owned and operated human space flight capability is available, operational, and certified for flight by appropriate Federal agencies.

**(b) United States human space flight capabilities**

Congress reaffirms the policy stated in section 70501(a) of title 51, that the United States shall maintain an uninterrupted capability for human space flight and operations in low-Earth orbit, and beyond, as an essential instrument of national security and of the capacity to ensure continued United States participation and leadership in the exploration and utilization of space.

(Pub. L. 111-267, title II, §201, Oct. 11, 2010, 124 Stat. 2811.)

CODIFICATION

In subsec. (b), “section 70501(a) of title 51” substituted for “section 501(a) of the National Aeronautics and Space Administration Authorization Act of 2005 (42 U.S.C. 16761(a))” on authority of Pub. L. 111-314, §5(e), Dec. 18, 2010, 124 Stat. 3443, which Act enacted Title 51, National and Commercial Space Programs.

**§ 18312. Goals and objectives**

**(a) Long term goal**

The long term goal of the human space flight and exploration efforts of NASA shall be to expand permanent human presence beyond low-Earth orbit and to do so, where practical, in a manner involving international partners.

**(b) Key objectives**

The key objectives of the United States for human expansion into space shall be—

(1) to sustain the capability for long-duration presence in low-Earth orbit, initially through continuation of the ISS and full utilization of the United States segment of the ISS as a National Laboratory, and through assisting and enabling an expanded commercial presence in, and access to, low-Earth orbit, as elements of a low-Earth orbit infrastructure;

(2) to determine if humans can live in an extended manner in space with decreasing reliance on Earth, starting with utilization of low-Earth orbit infrastructure, to identify potential roles that space resources such as energy and materials may play, to meet national and global needs and challenges, such as potential cataclysmic threats, and to explore the viability of and lay the foundation for sustainable economic activities in space;

(3) to maximize the role that human exploration of space can play in advancing overall knowledge of the universe, supporting United States national and economic security and the United States global competitive posture, and

inspiring young people in their educational pursuits; and

(4) to build upon the cooperative and mutually beneficial framework established by the ISS partnership agreements and experience in developing and undertaking programs and meeting objectives designed to realize the goal of human space flight set forth in subsection (a).

(Pub. L. 111-267, title II, §202, Oct. 11, 2010, 124 Stat. 2812.)

**§ 18313. Assurance of core capabilities**

**(a) Sense of Congress**

It is the sense of Congress that—

(1) the ISS, technology developments, the current Space Shuttle program, and follow-on transportation systems authorized by this chapter form the foundation of initial capabilities for missions beyond low-Earth orbit to a variety of lunar and Lagrangian orbital locations; and

(2) these initial missions and related capabilities should be utilized to provide operational experience, technology development, and the placement and assured use of in-space infrastructure and in-space servicing of existing and future assets.

**(b) Space Shuttle capability assurance**

**(1) Development of follow-on space transportation systems**

The Administrator shall proceed with the development of follow-on space transportation systems in a manner that ensures that the national capability to restart and fly Space Shuttle missions can be initiated if required by the Congress, in an Act enacted after October 11, 2010, or by a Presidential determination transmitted to the Congress, before the last Space Shuttle mission authorized by this chapter is completed.

**(2) Required actions**

In carrying out the requirement in paragraph (1), the Administrator shall authorize refurbishment of the manufactured external tank of the Space Shuttle, designated as ET-94, and take all actions necessary to enable its readiness for use in the Space Launch System development as a critical skills and capability retention effort or for test purposes, while preserving the ability to use this tank if needed for an ISS contingency if deemed necessary under paragraph (1).

**(c) Sense of Congress regarding human space flight capability assurance**

It is the sense of Congress that the Administrator shall proceed with the utilization of the ISS, technology development, and follow-on transportation systems (including the Space Launch System, multi-purpose crew vehicle, and commercial crew and cargo transportation capabilities) under subchapters II and III of this chapter in a manner that ensures—

(1) that these capabilities remain inherently complementary and interrelated;

(2) a balance of the development, sustainment, and use of each of these capabilities, which are of critical importance to the viabil-

ity and sustainability of the U.S. space program; and

(3) that resources required to support the timely and sustainable development of these capabilities authorized in either subchapter II or subchapter III of this chapter are not derived from a reduction in resources for the capabilities authorized in the other subchapter.

**(d) Limitation**

Nothing in subsection (c) shall apply to or affect any capability authorized by any other subchapter of this chapter<sup>1</sup>

(Pub. L. 111-267, title II, §203, Oct. 11, 2010, 124 Stat. 2812; Pub. L. 112-273, §2, Jan. 14, 2013, 126 Stat. 2454.)

SUBCHAPTER II—EXPANSION OF HUMAN SPACE FLIGHT BEYOND THE INTERNATIONAL SPACE STATION AND LOW-EARTH ORBIT

**§ 18321. Human space flight beyond low-Earth orbit**

**(a) Findings**

Congress makes the following findings:

(1) The extension of the human presence from low-Earth orbit to other regions of space beyond low-Earth orbit will enable missions to the surface of the Moon and missions to deep space destinations such as near-Earth asteroids and Mars.

(2) The regions of cis-lunar space are accessible to other national and commercial launch capabilities, and such access raises a host of national security concerns and economic implications that international human space endeavors can help to address.

(3) The ability to support human missions in regions beyond low-Earth orbit and on the surface of the Moon can also drive developments in emerging areas of space infrastructure and technology.

(4) Developments in space infrastructure and technology can stimulate and enable increased space applications, such as in-space servicing, propellant resupply and transfer, and in situ resource utilization, and open opportunities for additional users of space, whether national, commercial, or international.

(5) A long term objective for human exploration of space should be the eventual international exploration of Mars.

(6) Future international missions beyond low-Earth orbit should be designed to incor-

porate capability development and availability, affordability, and international contributions.

(7) Human space flight and future exploration beyond low-Earth orbit should be based around a pay-as-you-go approach. Requirements in new launch and crew systems authorized in this chapter should be scaled to the minimum necessary to meet the core national mission capability needed to conduct cis-lunar missions. These initial missions, along with the development of new technologies and in-space capabilities can form the foundation for missions to other destinations. These initial missions also should provide operational experience prior to the further human expansion into space.

**(b) Report on international collaboration**

**(1) Report required**

Not later than 120 days after October 11, 2010, the Administrator shall submit to the appropriate committees of Congress a report on the following assets and capabilities:

(A) Any effort by NASA to expand and ensure effective international collaboration on the ISS.

(B) The efforts of NASA, including its approach and progress, in defining near-term, cis-lunar space human missions.

**(2) NASA contributions**

In preparing the report required by paragraph (1), the Administrator shall assume that NASA will contribute to the efforts described in that paragraph the following:

(A) A Space Launch System.

(B) A multi-purpose crew vehicle.

(C) Such other technology elements the Administrator may consider appropriate, and which the Administrator shall specifically identify in the report.

This mechanism should include the development of a strategic implementation plan that is updated at least every 3 years, and includes a process for external independent advisory input. This plan should include a description of the responsibilities of the various Agency roles in Earth observations, recommended cost-sharing and procurement arrangements between Agencies and other entities, including international arrangements, and a plan for ensuring the provision of sustained, long term space-based climate observations. The Director shall provide a report to Congress within 90 days after October 11, 2010, on the implementation plan for this mechanism.

**§ 18382. Suborbital research activities**

**(a) In general**

The report of the National Academy of Sciences, Revitalizing NASA's Suborbital Program: Advancing Science, Driving Innovation and Developing Workforce, found that suborbital science missions were absolutely critical to building an aerospace workforce capable of meeting the needs of current and future human and robotic space exploration.

**(b) Management**

The Administrator shall designate an officer or employee of the Science Mission Directorate to act as the responsible official for all Suborbital Research in the Science Mission Directorate. The designee shall be responsible for the development of short- and long term strategic plans for maintaining, renewing and extending suborbital facilities and capabilities, monitoring progress towards goals in the plans, and be responsible for integration of suborbital activities and workforce development within the agency, thereby ensuring the long term recognition of their combined value to the directorate, to NASA, and to the Nation.

**(c) Establishment of Suborbital Research Program**

The Administrator shall establish a Suborbital Research Program within the Science Mission Directorate that shall include the use of sounding rockets, aircraft, high altitude balloons, suborbital reusable launch vehicles, and commercial launch vehicles to advance science and train the next generation of scientists and engineers in systems engineering and systems integration which are vital to maintaining critical skills in the aerospace workforce. The program shall integrate existing suborbital research programs with orbital missions at the discretion of the designated officer or employee and shall emphasize the participation of undergraduate and graduate students and post-doctoral researchers when formulating announcements of opportunity.

**(d) Report**

The Administrator shall report to the appropriate committees of Congress on the number and type of suborbital missions conducted in each fiscal year and the number of undergraduate and graduate students participating in the missions. The report shall be made annually for each fiscal year under this section.

**(e) Authorization**

(Pub. L. 111-267, title VIII, § 802, Oct. 11, 2010, 124 Stat. 2832.)

**§ 18383. In-space servicing**

The Administrator shall continue to take all necessary steps to ensure that provisions are made for in-space or human servicing and repair of all future observatory-class scientific spacecraft intended to be deployed in Earth-orbit or at a Lagrangian point to the extent practicable and appropriate. The Administrator should ensure that agency investments and future capabilities for space technology, robotics, and human space flight take the ability to service and repair these spacecraft into account, where appropriate, and incorporate such capabilities into design and operational plans.

(Pub. L. 111-267, title VIII, § 804, Oct. 11, 2010, 124 Stat. 2833.)

**§ 18384. Decadal results**

(Pub. L. 111-267, title VIII, § 805, Oct. 11, 2010, 124 Stat. 2833.)

**§ 18385. On-going restoration of radioisotope thermoelectric generator material production**

**(a) Findings**

The Congress finds the following:

(1) The United States has led the world in the scientific exploration of space for nearly 50 years.

(2) Missions such as Viking, Voyager, Cassini, and New Horizons have greatly expanded knowledge of our solar system and planetary characteristics and evolution.

(3) Radioisotope power systems are the only available power sources for deep space missions making it possible to travel to such distant destinations as Mars, Jupiter, Saturn, Pluto, and beyond and maintain operational control and systems viability for extended mission durations.

(4) Current radioisotope power systems supplies and production will not fully support NASA missions planned even in the next decade and, without a new domestic production capability, the United States will no longer have the means to explore the majority of the solar system by the end of this decade.

(5) Continuing to rely on Russia or other foreign sources for radioisotope power system fuel production is not a secure option.

(6) Reestablishing domestic production will require a long lead-time. Thus, meeting future space exploration mission needs requires that a restart project begin at the earliest opportunity.

**(b) In general**

The Administrator shall, in coordination with the Secretary of Energy, pursue a joint approach beginning in fiscal year 2011 towards restarting and sustaining the domestic production of radioisotope thermoelectric generator mate-

rial for deep space and other science and exploration missions. Funds authorized by this chapter for NASA shall be made available under a reimbursable agreement with the Department of Energy for the purpose of reestablishing facilities to produce fuel required for radioisotope thermoelectric generators to enable future missions.

**(c) Report**

Within 120 days after October 11, 2010, the Administrator and the Secretary of Energy shall submit a joint report to the appropriate committees of Congress on coordinated agreements, planned implementation, and anticipated schedule, production quantities, and mission applications under this section.

(Pub. L. 111-267, title VIII, § 806, Oct. 11, 2010, 124 Stat. 2833.)

**§ 18386. Collaboration with ESMD and SOMD on robotic missions**

The Administrator shall ensure that the Exploration Systems Mission Directorate and the Space Operations Mission Directorate coordinate with the Science Mission Directorate on an overall approach and plan for interagency and international collaboration on robotic missions that are NASA or internationally developed, including lunar, Lagrangian, near-Earth orbit, and Mars spacecraft, such as the International Lunar Network. Within 90 days after October 11, 2010, the Administrator shall provide a plan to the appropriate committees of Congress for implementation of the collaborative approach required by this section. The Administrator may not cancel or initiate any Exploration Systems Mission Directorate or Science Mission Directorate robotic project before the plan is submitted to the appropriate committees of Congress.

(Pub. L. 111-267, title VIII, § 807, Oct. 11, 2010, 124 Stat. 2834.)

**§ 18387. Near-Earth object survey and policy with respect to threats posed**

**(a) Policy reaffirmation**

Congress reaffirms the policy set forth in section 20102(g) of title 51 relating to surveying near-Earth asteroids and comets.

**(b) Implementation**

The Director of the OSTP shall implement, before September 30, 2012, a policy for notifying Federal agencies and relevant emergency response institutions of an impending near-Earth object threat if near-term public safety is at risk, and assign a Federal agency or agencies to be responsible for protecting the United States and working with the international community on such threats.

(1) Space weather events pose a significant threat to modern technological systems.

(2) The effects of severe space weather events on the electric power grid, telecommunications and entertainment satellites, airline communications during polar routes, and space-based position, navigation and timing systems could have significant societal, economic, national security, and health impacts.

(3) Earth and Space Observing satellites, such as the Advanced Composition Explorer, Geostationary Operational Environmental Satellites, Polar Operational Environmental Satellites, and Defense Meteorological Satellites, provide crucial data necessary to predict space weather events.

**(b) Action required**

The Director of OSTP shall—

(1) improve the Nation's ability to prepare, avoid, mitigate, respond to, and recover from potentially devastating impacts of space weather events;

(2) coordinate the operational activities of the National Space Weather Program Council members, including the NOAA Space Weather Prediction Center and the U.S. Air Force Weather Agency; and

**§ 18403. Goal for Agency space technology**

It is critical that NASA maintain an Agency space technology base that helps align mission directorate investments and supports long term needs to complement mission-directorate funded research and support, where appropriate, multiple users, building upon its Innovative Partnerships Program and other partnering approaches.

(Pub. L. 111–267, title IX, § 904, Oct. 11, 2010, 124 Stat. 2836.)

**§ 18404. National space technology policy****(a) In general**

The President or the President's designee, in consultation with appropriate Federal agencies, shall develop a national policy to guide the space technology development programs of the United States through 2020. The policy shall include national goals for technology development and shall describe the role and responsibilities of each Federal agency that will carry out the policy. In developing the policy, the President or the President's designee shall utilize external studies that have been conducted on the state of United States technology development and have suggested policies to ensure continued competitiveness.

**(b) Content**

(1) At a minimum, the national space technology development policy shall describe for NASA—

(A) the priority areas of research for technology investment;

(B) the basis on which and the process by which priorities for ensuing fiscal years will be selected;

(C) the facilities and personnel needed to carry out the technology development program; and

(D) the budget assumptions on which the policy is based, which for fiscal years 2011, 2012, and 2013 shall be the authorized level for NASA's technology program authorized by this chapter.

(2) The policy shall be based on the premise that the Federal Government has an established interest in conducting research and development programs that help preserve the role of the United States as a global leader in space technologies and their application.

(3) CONSIDERATIONS.—In developing the national space technology development policy, the President or the President's designee shall consider, and include a discussion in the report required by subsection (c), of the following issues:

**§ 18405. Commercial Reusable Suborbital Research Program**

**(a) In general**

The report of the National Academy of Sciences, Revitalizing NASA's Suborbital Program: Advancing Science, Driving Innovation and Developing Workforce, found that suborbital science missions were absolutely critical to building an aerospace workforce capable of

meeting the needs of current and future human and robotic space exploration.

**(b) Management**

The Administrator shall designate an officer or employee of the Space Technology Program to act as the responsible official for the Commercial Reusable Suborbital Research Program in the Space Technology Program. The Commercial Reusable Suborbital Research Program may fund engineering and integration demonstrations, proofs of concept, or educational experiments for commercial reusable vehicle flights. The program shall endeavor to work with NASA's Mission Directorates to help achieve NASA's research, technology, and education goals.

**(d) Report**

The Administrator shall submit a report annually to the appropriate committees of Congress describing progress in carrying out the Commercial Reusable Suborbital Research program, including the number and type of suborbital missions planned in each fiscal year.

SUBCHAPTER IX—EDUCATION

**§ 18421. Study of potential commercial orbital platform program impact on science, technology, engineering, and mathematics**

A fundamental and unique capability of NASA is in stimulating science, technology, engineering, and mathematics education in the United States. In ensuring maximum use of that capability, the Administrator shall carry out a study to—

(1) identify the benefits of and lessons learned from ongoing and previous NASA orbital student programs including, at a minimum, the Get Away Special (GAS) and Earth Knowledge Acquired by Middle School Students (EarthKAM) programs, on science, technology, engineering, and mathematics education;

(2) assess the potential impacts on science, technology, engineering, and mathematics education of a program that would facilitate the development of scientific and educational payloads involving United States students and educators and the flights of those payloads on

commercially available orbital platforms, when available and operational, with the goal of providing frequent and regular payload launches;

(3) identify NASA expertise, such as NASA science, engineering, payload development, and payload operations, that could be made available to facilitate a science, technology, engineering, and mathematics program using commercial orbital platforms; and

(4) identify the issues that would need to be addressed before NASA could properly assess the merits and feasibility of the program described in paragraph (2).

(Pub. L. 111-267, title X, §1003, Oct. 11, 2010, 124 Stat. 2838; Pub. L. 111-358, title II, §205(a), Jan. 4, 2011, 124 Stat. 3995.)

#### AMENDMENTS

2011—Pub. L. 111-358 amended section generally. Prior to amendment, text read as follows: “A fundamental and unique capability of NASA is in stimulating science, technology, engineering, and mathematics education in the United States. In ensuring maximum use of that capability, NASA shall—

“(1) establish a program to annually sponsor scientific and educational payloads developed with United States student and educator involvement to be flown on commercially available orbital platforms, when available and operational, with the goal of launching at least 50 such payloads (with at least one from each of the 50 States) to orbit on at least one mission per year;

“(2) contract with providers of commercial orbital platform services for their use by the STEM-Commercial Orbital Platform program, preceded by the issuance of a request for proposal, not later than 90 days after October 11, 2010, to enter into at least one funded, competitively-awarded contract for commercial orbital platform services and make awards within 180 days after such date; and

“(3) engage with United States students and educators and make available NASA’s science, engineering, payload development, and payload operations expertise to student teams selected to participate in the STEM-Commercial Orbital Platform program.”

#### EFFECTIVE DATE OF 2011 AMENDMENT

#### SUBCHAPTER X—RE-SCOPING AND REVITALIZING INSTITUTIONAL CAPABILITIES

### § 18431. Workforce stabilization and critical skills preservation

Prior to receipt by the Congress of the study, recommendations, and implementation strategy developed pursuant to section 1103,<sup>1</sup> none of the funds authorized for use under this Act may be used to transfer the functions, missions, or activities, and associated civil service and contractor positions, from any NASA facility without authorization by the Congress to implement the proposed strategy. The Administrator shall preserve the critical skills and competencies in place at NASA centers prior to October 11, 2010, in order to facilitate timely implementation of the requirements of this chapter and to minimize disruption to the workforce. The Adminis-

trator may not implement any reduction-in-force or other involuntary separations of permanent, non-Senior-Executive-Service, civil servant employees before September 30, 2013, except for cause on charges of misconduct, delinquency, or inefficiency.

#### SUBCHAPTER XI—OTHER MATTERS

### § 18441. National and international orbital debris mitigation

#### (a) Findings

Congress makes the following findings:

(1) A national and international effort is needed to develop a coordinated approach towards the prevention, negation, and removal of orbital debris.

(2) The guidelines issued by the Inter-Agency Space Debris Coordination Committee provide a consensus understanding of 10 national space agencies (including NASA) plus the European Space Agency on the necessity of mitigating the creation of space debris and measures for doing so. NASA’s participation on the Committee should be robust, and NASA should urge other space-relevant Federal agencies (including the Departments of State, Defense, and Commerce) to work to ensure that their counterpart agencies in foreign governments are aware of these national commitments and the importance in which the United States holds them.

(3) Key components of such an approach should include—

(A) a process for debris prevention through agreements regarding spacecraft design, operations, and end-of-life disposition plans to minimize orbiting vehicles or elements which are nonfunctional;

(B) the development of a robust Space Situational Awareness network that can identify potential collisions and provide sufficient trajectory and orbital data to enable avoidance maneuvers;

(C) the interagency development of an overall strategy for review by the President, with recommendations for proposed international collaborative efforts to address this challenge.

#### (b) International discussion

##### (1) In general

The Administrator shall, in consultation with such other departments and agencies of the Federal Government as the Administrator

<sup>1</sup> See References in Text note below.

considers appropriate, continue and strengthen discussions with the representatives of other space-faring countries, within the Inter-Agency Space Debris Coordination Committee and elsewhere, to deal with this orbital debris mitigation.

**(2) Interagency effort**

For purposes of carrying out this subsection, the Director of OSTP, in coordination with the Director of the National Security Council and using the President's Council of Advisors on Science and Technology coordinating mechanism, shall develop an overall strategy for review by the President, with recommendations for proposed international collaborative efforts to address this challenge.

**§ 18442. Reports on program and cost assessment and control assessment**

**(a) Findings**

Congress makes the following findings:

(1) The adherence of NASA to program cost and schedule targets and discipline across NASA programs remains a concern.

(2) The James Webb Space Telescope has exceeded its cost estimate.

(3) In 2007 the Government Accountability Office issued a report on NASA's high risk acquisition performance.

(4) In response, NASA prepared a corrective action plan two years ago.

**(b) Reports**

**(1) Reports required**

Not later than 90 days after October 11, 2010, and not later than April 30 of each year thereafter, the Administrator shall submit to the appropriate committees of Congress a report on the implementation during the preceding year for the corrective action plan referred to in subsection (a)(4).

**(2) Elements**

Each report under this subsection shall set forth, for the year covered by such report, the following:

(A) A description of each NASA program that has exceeded its cost baseline by 15 percent or more or is more than 2 years behind its projected development schedule.

(B) For each program specified under subparagraph (A), a plan for such decrease in scope or requirements, or other measures, to be undertaken to control cost and schedule, including any cost monitoring or corrective actions undertaken pursuant to the National Aeronautics and Space Administration Authorization Act of 2005 (Public Law 109-155),<sup>1</sup> and the amendments made by that Act.
