

“(e) Funds paid to any State during any fiscal year pursuant to this section shall be disbursed to selected schools in such State to assist such schools in the purchase of agricultural commodities and other foods. The selection of schools and the amounts of funds that each shall from time to time receive (within a maximum per lunch amount established by the Secretary for all the States) shall be determined by the State educational agency on the basis of the following factors: (1) The economic condition of the area from which such schools draw attendance; (2) the needs of pupils in such schools for free or reduced-price lunches; (3) the percentages of free and reduced-price lunches being served in such schools to their pupils; (4) the prevailing price of lunches in such schools as compared with the average prevailing price of lunches served in the State under this Act; and (5) the need of such schools for additional assistance as reflected by the financial position of the school lunch programs in such schools.

“(f) If in any State the State educational agency is not permitted by law to disburse funds paid to it under this Act to nonprofit private schools in the State, the Secretary shall withhold from the funds apportioned to such State under subsections (b) or (c) of this section an amount which bears the same ratio to such funds as the number of free and reduced-price lunches served in accordance with section 9 of this Act in the preceding fiscal year by all nonprofit private schools participating in the program under this Act in such State bears to the number of such free and reduced-price lunches served during such year by all schools participating in the program under this Act in such State. The Secretary shall disburse the funds so withheld directly to the nonprofit private schools within such State for the same purposes and subject to the same conditions as are applicable to a State educational agency disbursing funds under this section.

42 USC 1758.

“(g) In carrying out this section, the terms and conditions governing the operation of the school lunch program set forth in other sections of this Act, including those applicable to funds apportioned or paid pursuant to sections 4 or 5 but excluding the provisions of section 7 relating to matching, shall be applicable to the extent they are not inconsistent with the express requirements of this section.”
