In determining whether any person has exceeded such limits, the positions held and trading done by any persons directly or indirectly controlled by such person

shall be included with the positions held and trading done by such person; and further, such limits upon positions and trading shall apply to positions held by, and trading done by, two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading were done by, a single person. Nothing in this section shall be construed to prohibit the commission from fixing different trading or position limits for different commodities, markets, futures, or delivery months, or different trading limits for buying and selling operations, or different limits for the purposes of subparagraphs 2 (A) and (B) of this section, or from exempting transactions normally known to the trade as 'spreads' or 'straddles' or from fixing limits applying to such transactions or positions different from limits fixed for other transactions or positions."
